1.0 CLARIFICATIONS AND CORRECTIONS

- 1.1 After paragraph 5.4, an additional paragraph should be inserted to read as follows:

5.5 As both the emerging Local Plan and London Plan move closer to adoption the policies contained within both of these documents could be given more weight within any future appeal.

- 1.2 Paragraph 6.2 to be amended to include a second reason for refusal in addition to that already proposed which would read as follows:

2. In the absence of a legal agreement to secure agreed and policy compliant financial and non-financial contributions including for affordable housing, employment, skills, training and enterprise, carbon offsetting and transport matters the development fails to mitigate its impact on local services, amenities and infrastructure. The above would be contrary to the requirements of Policies SP02 and SP13 of the LBTH Core Strategy, Policies 8.2 of the London Plan (2016) and Planning Obligations SPD (2016).

2.0 ADDITIONAL REPRESENTATION

- 2.1 Since the publication of the committee deferral report, the Council has received an additional 2 updated objection letters from members of the public whose objections had previously been reported to committee. The contents of both of these letters do not raise any further material planning considerations beyond those previously raised and considered.

3.0 RECOMMENDATION
