**Extract from Licensing application explaining the purpose and effect of the application.**

The Open Market Space has the benefit of an existing premises licence, number PL17354. The existing premises licence permits licensable activities from Monday to Friday, 9am to 7pm.

Old Spitalfields Market has been in operation for over 350 years. The current owners, Tribeca Holdings, have a long lease of the Premises and the freehold owner is the City of London Corporation. Tribeca have operated the premises since July 2015. During the current ownership there has been extensive investment in the market and upgrading of the facilities including expenditure of approximately £5 million in relation to the Open Market Space. There are 57 retailers around the market with a mix of local and international brands.

In addition the vision of the Owners, which is in mid process is to focus more on the retail offer and the market operations to which the provision of high quality food and drinks will compliment the overall market and retail offer.

The purpose for seeking the new Premises Licence is to update the licenced area and to provide a new and robust operating schedule that delivers detailed conditions which are clear, appropriate and enforceable.

If a satisfactory Premises Licence is granted for the Open Market Space, it is proposed by the Premise Licence Holder that they will surrender the following Premises Licences:-

1. The existing Premises Licence number for PL17354 for the Open Market Space
2. The existing Premises Licence for Smith's, 109 Commercial Street, Premises Licence number PL26048 held by OSM Limited. This Premises Licence covers a four storey licenced premises with 6,373 square feet of licensed area with 122 hours permitted a week for the sale of alcohol in the basement and 116 hours a week on the ground, mezzanine and first floor.
3. The existing Premises Licence for Square Pie, 105c Commercial Street, Premises Licence number PL26009 held by OSM Limited. This Premises Licence covers a ground floor area and an external area totalling 1,057 square feet with 70 permitted hours a week for the sale of alcohol.

This application for a new Premises Licence seeks to licence an area of 42,087 square feet (which is reduced from the existing Premises Licence square foot trading area of 100,535) and seeks to add an additional 20 trading hours per week for the sale of alcohol. In addition, a condition is proposed to further limit the area that can be used for the dispense of alcohol to 5% increasing to 10% on special events. There is no similar restriction on the current licence.

We have considered the impact of the new premises licence application and in particular note that the premises fall within LBTH CIZ area. Steps have been taken to ensure that the application and proposed operation will continue to promote the licensing objectives without adding to the cumulative impact of the area. In addition, please see the paragraph above relating to the surrender of the 3 Premise Licences.

In particular, the Applicant has been in close contact and undertaken pre consultation with the Licensing Authority, LBTH EHO and Police Licensing Officer, and local residents and amenity groups prior to submission of the application. Their comments have been taken into account in considering and drafting this application.

The applicant believes the hours sought, coupled with the existing and additional measures proposed in the operating schedule in consultation with the Police Licensing Officer, means that the grant of this licence will not add to the cumulative impact of the area or have a detrimental impact on the Licensing Objectives.

Additionally, the premises already operates under existing permission to trade to 19:00 hours and has operated with a significant number of Temporary Event Notices to later hours without any issues or significance and which have not had a negative impact on the Licensing Objectives or added to the cumulative impact of the area.

The Premises Licence Holder has in place an extensive licensing risk assessments along with procedures in place at a local level to ensure the premises operates to the highest standard and promotes the Licensing Objectives at all times.

These include policies regarding social responsibility and underage sales which promote responsible drinking and discourage drunkenness as well as procedures to prevent crime and disorder and public nuisance.

In the event that this new premises licence is granted as applied for or in an acceptable form, the intention will be to surrender 3 licences – the existing premises licence number PL17354 and in addition the licence for Smiths PL26048 and Square Pie PL26009.

In short, when compared with the existing licence (Premises Licence number PL17354) this application seeks an additional two hours for licensable activities each evening until 9pm (closing 30 minutes thereafter) and the ability to provide licensable activities on Saturdays and Sundays from 9am, with the sale of alcohol commencing at 11am to 9pm (closing 30 minutes thereafter).

In addition the overall licensed area is to be reduced under the existing Open Market Space licence from 100,535 square feet to 42,087 square feet.

Further an additional 7,430 square feet will be removed from the permitted licensable activity by reason of the surrender of the license for Smiths and Square Pie.

The surrender of the 3 licences, removes permitted licensable activities in an area of 65,878 square feet and removes the opportunity for the sale of alcohol until 11pm each evening to 1am on Saturday to a standard 9pm in the Market each day of the week.

# **OLD SPITALFIELDS MARKET**

## **STATEMENT OF COMMUNITY ENGAGEMENT**

### **Overview of market management**

The market is owned by OSM Ltd and managed by Old Spitalfields Market Ltd. The market freehold is owned by the City of London, who have granted a long lease to OSM Ltd.

The market management team consists of 10 people operating 7 days a week. Members of the management team are on site at the market from 8am to 9pm every day and security are employed 24/7 by OSM Ltd.

Toby Brown is the manager of Old Spitalfields Market Ltd. He has been responsible for the day to day management of the market since January 2015.

In addition to Old Spitalfields Market Ltd there is a facilities management department of OSM Ltd which is responsible for the refuse, maintenance and recycling for the entire building. This includes responsibility for external maintenance, drainage, roofing etc for the resident's accommodation within the market.

### **General engagement with local community**

The management team hosts monthly meetings with local residents associations. These meetings have been taking place since Tribeca's ownership. These meetings take place at the 65 Brushfield Street office. Any local residents or community groups who are interested in attending, are welcome.

These meetings are shared with the management of Bishops Square and are an opportunity for the businesses and residents to share any news and ideas in respect of management of the market spaces. This will include discussing any upcoming events, logistic matters such as deliveries and maintenance and also any security issues. It is also an opportunity for residents to provide observations or express concerns which the businesses will always try to accommodate.

Since the management of the market changed hands to Old Spitalfields Market Ltd in 2015, residents are given at least one months' prior notice to any special events via the monthly meetings and by email. On occasion however events are planned at shorter notice and residents are informed as soon as possible.

There is always a line of communication open between the residents and the market management. Telephone numbers and email addresses for the market manager, Toby, are available to residents as well as contact details of other managers and the concierge who is responsible for the 24 hour security. In the event that a resident needs to contact a member of the management team, these contact details can be obtained from the heads of the residents associations.

In addition to the monthly residents associations meetings there is also a local synergy meeting held on the same days which was started approximately 6-8 months ago.

The local synergy meetings are attended by representatives of Old Spitalfields Market, the Truman Brewery, London Borough of Tower Hamlets, representatives of Bishop Square, representative from the residents associations and occasionally other authorities such as the police.

These meetings consist of a high level discussion between the attendees regarding areas such as policing, cleanliness and general management. This is a further opportunity for people to express any concerns and ideas and for the larger businesses in the area to provide some assistance and advice to the local authority.

### **Preparations for Premises Licence application and post-submission meetings**

When the Brooks family took full ownership of the market in July 2015, there was a recognition that the Premises Licence and special events required further investigation resulting in improvements to the operation, in particular, relating to special events which have been undertaken since that date.

Throughout the course of 2015, Old Spitalfields Market Ltd set about improving the management of events and working with residents to reduce the impact on them. The business also opened discussions with Tower Hamlets in respect of amending the Premises Licence.

In early 2016, the market's management team opened discussions with the local residents in respect of proposed amendments to the Premises Licence. The first meeting and presentation of the businesses' intentions was on 16<sup>th</sup> May 2016.

At the end of August 2017 10 central kitchens were installed at the market as an initial step of their investment and regeneration of the space.

Around September 2017 there was a further meeting with the residents at which the management team discussed the proposed licensing application.

On 6<sup>th</sup> November 2017 two separate open meetings were held with residents to discuss the Premises Licence application. One meeting was with the Spitalfields Market Residents Association and the second meeting was with the Spitalfields Community Group, the St George's Residents Association, SPIRE and the Spitalfields Society.

Since submission of the application, there has been a residents meeting on the 3<sup>rd</sup> January for the Spitalfields Market Residents Association and a further meeting held later in January with the Spitalfields Community Group. A further meeting with Spitalfields Market Residents Association was held on 24<sup>th</sup> January. A meeting with the chair of the Spitalfields Community Group took place on Monday 29<sup>th</sup> January and on 30<sup>th</sup> January representatives from Spitalfields Society were also met. The business has attempted to arrange a further meeting with St George's Residents Association and Old Spitalfields Market Ltd has made clear at every stage that they are available and ready to discuss the matter should anyone wish to do so.

### **Other community contributions from Old Spitalfields Market**

Old Spitalfields Market Ltd is a member of the Spitalfields Neighbourhood Planning Forum and Toby Brown is a committee member. OSM Ltd has also provided £5,000 of funding to the forum.

The market also has a relationship with Spitalfields Christchurch Primary School. The business provides funding to the school and work experience in the form of weekly stalls for Mothers of the pupils to sell food.

Toby Brown is also the Secretary of the Spitalfields Market Community Trust and the market also regularly hosts charity stalls.

**Correspondence sent to Interested Parties dated 30<sup>th</sup> January 2018**

Dear Residents,

Firstly, thank you for taking the time to comment on the Old Spitalfields Market application and for the contribution from those residents who have taken further time to meet with myself and Aidan to discuss your concerns both before and after submission of the application.

As you know, my role is the day-to-day management of the Market which I have been responsible for since the Brooks family took over full ownership of the market in July 2015. During 2017 the central market has undergone significant investment and regeneration as is visible from the new central kitchens and the new market stalls. Old Spitalfields Market is and will remain a retail and market led destination. Food and beverage is a part of the markets retail offer to customers, market visitors and the local community, however this is as a service and remains ancillary to the overall retail use of the market.

In response to all of the many letters that have been received to the application, and in light of the valid concerns that have been raised by residents and, additionally, in light of the meetings and conversations that I, and Aidan Brooks have had with members of the community, we do fully understand your concerns. We would however, like to reassure you that our application will have a positive impact on the local area by clarifying some points in the application and proposing some additional restrictive conditions to the Licence.

Proposed New Conditions:-

1. A new condition to be added to the premises licence that would read as follows:  
*"Save for 26 special events per annum, areas where alcohol is consumed shall not exceed 10% of the total area licensed under this premises licence and the perimeter of that area at the premises will be clearly delineated".*
2. The removal of indoor sports from the premises licence application.
3. The reduction of special event days to 52 days per year with no more than 6 on a Saturday and 6 on a Sunday in any one calendar year.  
*The above condition to be inserted under additional conditions for special events to replace condition 11 that currently reads "There will be no more than 91 days of special events in any calendar year".*
4. The hours for licensable activities will be reduced to 6pm on a Sunday with the closing of the units selling alcohol within the licensed area at 6.30pm.
5. Save for special events, there shall be no draft beer permitted save for dispense from two market stalls.
6. The Premises Licence Holder shall not apply for Temporary Event Notices later than 9.30pm Monday to Saturday or 6.30pm on Sundays.
7. In the event that the premises licence application is granted as applied for (subject to the amended conditions 1-6 above), a further 2 conditions would be added to the premises licence as follows:
  - 1) This premises licence shall not come in to effect until the following licences have been surrendered:

- Licence number PL17354 – Open Market Space, 16 Horner Square, London E1 6EW
- Licence number PL26084 – Smiths at 109 Commercial Street, London E1 6BG
- Licence number PL26009 – Square Pie at 105c Commercial Street, London E1 6BG

- 2) This Premises Licence shall not come in to effect until an application is made and granted to remove off sales from the Premises Licence for Taberna do Mercado, licence number PL17360.

The most significant of these changes is the reduction in the consumption area from 100% of the licenced area to 10% of the licenced area. The attached Retail Vision Brochure includes plans which illustrate the reduction, as it shows the extent of the licensed areas permitted in July 2015 when the Brooks family took full ownership, as compared to the licenced areas permitted if our application for a new Premises Licence is successfully granted. The pink shaded areas show where alcohol can be consumed within the central market area. The orange areas show the extent of licences in the perimeter units and external seating areas.

There will be a significant reduction in licensed area and areas where alcohol can be consumed. This is by way of a combination of a reduction in the perimeter food and beverage units and also, a significant reduction in the consumption area compared to the existing Premises Licence.

To further demonstrate the important, but ancillary nature of the alcohol aspect of the business, we have further modified our application and I would ask you to consider the attached document, which you will see details the Operating Schedule which was submitted with the application, an amendment agreed with Trading Standards and then the seven additional modifications to the application (as above), which we are confident will address the concerns of the community. I also have amended condition 15 relating to de-rigging which should have referred to the Central Market Hall.

Also, in response to direct feedback we have received, the requirement in condition 21 to set the noise limiter will now be set in conjunction with Tower Hamlets Environmental Health Officer and we will ask the Tower Hamlets Environmental Health Officer to work with the residents who live within the market, so as to ensure any levels set are appropriate.

As you may be aware, once conditions have been imposed on a Premises Licence, they will attach to the licence in perpetuity, unless an application is made to change them. Any future application would have to go through a full consultation process and therefore, the extensive restrictive conditions we have offered will outlast any changes in ownership. Importantly, the application, if granted in the terms sought, will result in three Premises Licences being surrendered. Once those licences are surrendered, they are incapable of resurrection.

I am available to speak to you at any time prior to the hearing on the 6<sup>th</sup> February.

Kind regards

Toby Brown
