Subject: re; Angel convenience store 23 Roman Road E2 OHT

The above premises have applied to vary their licensing hours, I have spoken to your office several times concerning the closing times. Angel Convenience Store is open late around 2 -230 now and is causing numerous problems the residents are so fed up and frustrated most of the problems are explained in the letter you have received from [REDACTED] dated 15th. June 2018 which she wrote to you on their behalf after a few of the residents had a meeting with her. The residents are not happy with their name being passed to the applicants as these are concerns of reprisals as myself and my next door neighbour was approached by the owner of the premises next door [REDACTED] when we attended your hearing a while ago therefore some folk feel quite threatened by this. But we feel the panel must start to take some responsibility for the residents well being as we have so many problems to contend with this just add to it we are continuously kept awake the noise from the cars pulling up to buy alcohol is unbearable. We also have people drunk constantly going to the toilet in the alley walk way and also outside the flats, as we already have drug users in the street area. I will try to attend the hearing but if I cannot attend could these issues be taken into consideration just imagine if you had to live with all this going on its just not fair.

Yours sincerely

Veronica Paul

Subject: re Angel convenience store

hopefully you just received my email may I please just add that one of my neighbour's has told me the police have been involved there is a sale of drugs going on. This could be why there are so many people shopping there that time of night it's just a massive problem for us we know it's a public nuisance and it seems there possible criminal activities.

May I also say when myself and a couple neighbours came to the last sub-committee we all agreed we felt that no one was listening it was just a formality to say we had been invited and they were going to do what ever they wanted our concerns were dismissed totally and we our now wondering why Tower Hamlets are not dealing with our concerns they do have a duty for our well being [REDACTED] during our meeting agreed they do.

May I have your comments there comments on this

Veronica Paul
