Dear Tim,

RE: DAAT Response to Applicant's offer for drug and alcohol services located at Skylines

I am writing to inform you the Drug and Alcohol Action Team (DAAT) has received an offer from the developer (26th February) that specifies the applicant's proposal to assist and rehouse existing drug and alcohol service currently residing at Skylines Village.

Within this offer, the applicant has agreed to:

- Confirm that community support services (or replacement services) can remain on the site until the start of the site redevelopment;
- Assist in relocating the services (or replacement services) by paying for move costs and any uplift in rent over and above existing levels during the build period;
- Reserve replacement floor space within the community element of the new Skylines development and pay relocation costs for the services (or replacement services) to return back into the development;
- Identify alternative and suitable accommodation for the Community Alcohol Team and pay for move costs and rental uplifts during the interim period (which may include existing properties from the applicant's portfolio for use for the interim period);
- Provide each service two years rent free in the new scheme
- Ensure rent pay levels (within new development) remain equivalent to rent currently paid at Skylines (+CPI), which is secured for 20 years (with appropriate break clauses included);
- Agree to transfer the arrangement to any new provider commissioned by the DAAT;
- Provide an additional discrete space within the community facility (at no cost) to enable external providers (including Alcoholics and Narcotics Anonymous and Al-Anon UK) to deliver services

Please note the DAAT welcome and agree the proposal and consider it to be equitable in ensuring continuity of service deliver, whilst also supporting future service delivery aspirations (identified at this time).

Yours sincerely,

Ali Akhtar
DAAT Business Manager

Reference number:	PA/12/3318
Location:	The Robin Hood Gardens Estate together with land south of Poplar High Street and Naval Row, Woolmore School and land north of Woolmore Street bounded by Cotton Street, East India Dock Road and Bullivant Street
Proposal:	Submission of reserved matters relating to access, appearance, landscaping, layout and scale of replacement school following outline planning permission dated 30th March 2012, reference PA/12/00001.

1.0 FURTHER CLARIFICATIONS

- 1.1 The committee report stated that 6 car parking spaces were to be provided; this should read as 5 spaces (3 no. standard spaces and 2 no. disabled spaces).

2.0 FURTHER REPRESENTATIONS

- 2.1 Since the time of publishing the committee report, a further letter of objection was received from Twentieth Century Society. The objections are discussed below:
- 2.2 The organisation maintain their objection to the demolition of this historic school building as it is felt that it is a positive contributor to the local townscape.

(OFFICER COMMENT: Woolmore School is not listed, nor is it is not located within a Conservation Area. The Council has however sought to carefully consider the value of the existing building in heritage terms as part of the development process.)

- 2.3 Despite the replacement fenestration, it is considered that the main neo-Georgian part of this building makes a positive contribution to the townscape. It is argued that it is the only example of neo-Georgian architecture in this part of Tower Hamlets – particularly relevant as the associated former Woolmore Street Infants School (1914) which has been derelict for some time, is also due to be demolished.

(OFFICER COMMENT: The applicant submitted a 'Justification for Demolition' document as part of the submission which includes an assessment of the efforts made to retain the existing structure. Officers consider that the justification is acceptable in demonstrating that it has not proved logistically viable to retain the building.)

In summary officers are of the view that given that the building is not a heritage asset, the loss of the building has been very carefully considered and justified.

- 2.4 The organisation are disappointed that the applicant has rejected options to retain the primary school building, and they are not convinced that more imaginative solutions to preserve it have been explored.

(OFFICER COMMENT: Officers are satisfied that the design team has explored all the possible options to maintain the building. This is further support by the fact that the site is not listed or in a conservation area. The new build option was chosen by the School, Governors and LBTH (Department for Children, Schools and Families). Furthermore the design has progressed with full engagement and support from the School community and local community.)
