**4. ITEMS FOR CONSIDERATION**

**4.1 Application for a New Premise Licence for Focaccia Mia (Ida's Kitchen), Arch 271, Poyser Street, London, E2 9RF**

This application was resolved prior to the meeting and subsequently all objections had been withdrawn.

**4.2 Application for a Variation of a premises licence for (Captain Kidd), 108 Wapping High Street, London E1W 2NA**

This is an application by Samuel Smith (Southern), the holder of a premises licence in respect of Captain Kidd, 108 Wapping High Street, London E1W 2NA.

The existing licence authorises the sale by retail of alcohol (on and off-sales) as follows: -

Monday to Saturday, from 11:00 hrs. to 23:00 hrs.

Sunday from 11:00 hrs to 22:30 hrs.

The application sought to extend the terminal hour to midnight on Friday and Saturday and to 23:00 hours on Sunday.

Non-standard timings for New Year's Eve into New Year's Day were also sought.

Representations were received against the application from three local residents. The representations were concerned with the impact of the additional hours on residents in relation to public nuisance, particularly in terms of noise disturbance.

Ms. Taylor, legal representative for the applicant presented the business as a traditional family public house. It was not offering things offered by other public houses, such as karaoke and sports events. The extended hours were sought following the impact of the pandemic, since more potential patrons now work from home, and it was hoped that the additional hours sought would garner more trade. There would therefore be no disturbance from music or televisions being played at the premises.

Ms. Taylor referred to the lack of representations from the police or Environmental Health, who the statutory guidance says Committees should expect to be the main sources of advice in respect of crime and disorder and public nuisance. In addition, she drew attention to the lack of complaints about the operation of the premises to the licensing authority or to other authorities. The applicant confirmed the maximum capacity, and that the conditions offered aimed to mitigate the likely impact of later footfall from any additional hours granted, particularly conditions 7 to 11 inclusive in the supplementary agenda.

Mr. McLaughlin addressed the Sub-Committee. He informed the Sub-Committee that he appreciated that he lived next door to a pub and had no issue with that. He also stated that he frequented the pub on occasion. His concern was that there would be additional impact arising from the extension, if granted. There was no effective dispersal at present. He accepted that it could possibly work, if done properly, but it did not seem to at present. That gave rise to noise nuisance, as the street was quite narrow, and noise tended to reverberate off the buildings. The lack of dispersal gave rise to other issues such as public urination. Given that dispersal can take time, one of his predominant concerns was that the proposed closing time at midnight on Friday and Saturday meant people might still be hanging around in the area much closer to 01:00 hours.

Mr. McLaughlin admitted that he was not particularly concerned about the additional thirty minutes on a Sunday and that he did not consider it to be likely to adversely affect the area.

This application engages the licensing objective of the prevention of public nuisance. The Sub-Committee listened to the parties' submissions. The written representations of those who did not attend were also read and considered,

There did not appear to be any real concern over the non-standard timings for New Year's Eve. The real issue seemed to be the extension on Friday and Saturdays, particularly given that Mr. McLaughlin himself was not overly concerned with the extra half-hour on a Sunday. The Sub-Committee accepted, as Mr. McLaughlin said, that when people drink, they often get louder, which would impact on the quality of life of nearby residents, particularly in the later hours.

The Sub-Committee noted comment by Mr. McLaughlin that although the additional half hour sought on Sundays was not as much of an issue with residents, the additional hour sought on Fridays and Saturdays presented an extra hour in which residents would likely suffer more noise disturbance, public urination and other anti-social behaviour by patrons leaving much later than the current terminal hour on Fridays and Saturdays. The Sub-Committee welcomed the additional conditions suggested by the applicant to mitigate the impact of the extension, if granted.

Whilst no responsible authorities, particularly Environmental Health or the police had made any representations, that in itself was not considered by the Sub-Committee not to be determinative of matters. It could not be considered to be tacit support; at its highest, it was of neutral significance.

The Secretary of State's guidance given under S182 of the Licensing Act 2003 says at paragraph 10.14 that "Where there are objections to an application to extend hours during which the licensable activities are to be carried on and the licensing authority determines that this would undermine the licensing objectives, it may reject the application or grant it with appropriate conditions and/or different hours from those requested."

Paragraph 16.6 of the London Borough of Tower Hamlets' Statement of Licensing Policy says, "The Licensing Authority considers that the possibility of disturbance to residents late at night and in the early hours of the morning, and the effect that any such disturbance may have, is a proper matter for it to consider when addressing the hours during which licensable activities may be undertaken."

The Sub-Committee accepted that a full additional hour on Fridays and Saturdays would likely lead to public nuisance at a later hour arising from issues such as patrons dispersing.

The Sub-Committee was concerned to reflect a balanced approach with regard to the legitimate aims of the business, and the legitimate concerns of residents. Members were satisfied on the balance of probabilities that

residents had genuine concerns about the likely impact of the additional hour sought on Fridays and Saturdays. The Sub-Committee took into account the likely mitigation of conditions offered, but felt on the balance of the evidence that additional mitigation was needed to uphold the licensing objective of preventing public nuisance. The conditions alone did not entirely mitigate the potential impact.

The Sub-Committee therefore considered that a combination of the conditions offered by the applicant plus a reduction in the hours sought presented an appropriate and proportionate way of mitigating the impact on the public nuisance licensing objective,

**Therefore, the Sub-Committee decided to grant the application in part and allow the sale by retail of alcohol as follows: -**

Friday and Saturday, from 11:00 hrs. to 23:30 hrs.

Sunday from 11:00 hrs to 23:00 hrs.

and with the non-standard timings sought

with the following conditions: -
