Agenda Item 2.

DECLARATIONS OF INTERESTS - NOTE FROM THE MONITORING OFFICER

This note is for guidance only. For further details please consult the Members' Code of Conduct at Part 5.1 of the Council's Constitution.

Please note that the question of whether a Member has an interest in any matter, and whether or not that interest is a Disclosable Pecuniary Interest, is for that Member to decide. Advice is available from officers as listed below but they cannot make the decision for the Member. If in doubt as to the nature of an interest it is advisable to seek advice **prior** to attending a meeting.

Interests and Disclosable Pecuniary Interests (DPIs)

You have an interest in any business of the authority where that business relates to or is likely to affect any of the persons, bodies or matters listed in section 4.1 (a) of the Code of Conduct; and might reasonably be regarded as affecting the well-being or financial position of yourself, a member of your family or a person with whom you have a close association, to a greater extent than the majority of other council tax payers, ratepayers or inhabitants of the ward affected.

You must notify the Monitoring Officer in writing of any such interest, for inclusion in the Register of Members' Interests which is available for public inspection and on the Council's Website.

Once you have recorded an interest in the Register, you are not then required to declare that interest at each meeting where the business is discussed, unless the interest is a Disclosable Pecuniary Interest (DPI).

A DPI is defined in Regulations as a pecuniary interest of any of the descriptions listed at **Appendix A** overleaf. Please note that a Member's DPIs include his/her own relevant interests and also those of his/her spouse or civil partner; or a person with whom the Member is living as husband and wife; or a person with whom the Member is living as if they were civil partners; if the Member is aware that that other person has the interest.

Effect of a Disclosable Pecuniary Interest on participation at meetings

Where you have a DPI in any business of the Council you must, unless you have obtained a dispensation from the authority's Monitoring Officer following consideration by the Dispensations Sub-Committee of the Standards Advisory Committee:-

- not seek to improperly influence a decision about that business; and
- not exercise executive functions in relation to that business.

If you are present at a meeting where that business is discussed, you must:-

- Disclose to the meeting the existence and nature of the interest at the start of the meeting or when the interest becomes apparent, if later; and
- Leave the room (including any public viewing area) for the duration of consideration and decision on the item and not seek to influence the debate or decision

When declaring a DPI, Members should specify the nature of the interest and the agenda item to which the interest relates. This procedure is designed to assist the public's understanding of the meeting and to enable a full record to be made in the minutes of the meeting.

Where you have a DPI in any business of the authority which is not included in the Member's register of interests and you attend a meeting of the authority at which the business is considered, in addition to disclosing the interest to that meeting, you must also within 28 days notify the Monitoring Officer of the interest for inclusion in the Register.

4. CONSIDERATION OF PUBLIC SUBMISSIONS

The Clerk informed the Sub Committee that no public written representations had been received that related to items to be discussed at the meeting.

5. EXERCISE OF DISCRETIONS / INDIVIDUAL MAYORAL DECISION

The Mayor advised that an Individual Mayoral Decision was taken after the publication of the agenda for this meeting. He reported that he had agreed to provide funding to the organisers of the Shuffle Festival in the form of a loan.

The decision was taken in the same context decisions of this kind made by Commissioners that an expedited decision is necessary.

The organisers had subsequently declined to accept the support; however the option presently remained should they wish to re-engage with officers.

6. REPORTS FOR CONSIDERATION

6.1 Event Fund - Annual Report 2016-17

The Festival and Events Officer presented the report which reported applications and events funded from the Event Fund during 2016/17 and also reported quarter four data in this period. The grants made were approved by the Divisional Director Sports, Leisure, Culture & Youth under delegated powers. During the latter part of the year on line applications had been introduced and it had been observed that applications had reduced. It was thought that this might be due to the appearance of the web form.

The Chair of Grants Scrutiny Sub-Committee provided comments on behalf of its Sub-Committee members. They supported the aims of the fund and by way of scrutiny had examined the delivery of one event. They found that the event had not been well promoted in the community, there being evidence of its promotion only at Area and Tower Hamlets Homes offices and came to a view that better/wider publicity would have attracted engagement from a greater proportion of the target audience. The Festival and Events Officer noted the views expressed. She advised that there was a framework of council locations through which organisers were required to publicise their events. However it was agreed that options to achieve a broader reach into the community would need to be looked into.

Members of Grants Determination Sub-Committee considered the report and indicated that while they broadly supported the operation of the fund, there were some matters to address around effective advertising to the local community and the reduction in applications upon moving to on-line applications. The Mayor asked that work to address the communications issues highlighted be taken forward.

RESOLVED

1. That the annual report of Event Fund grant applications submitted for Quarter 4 and the year as a whole from April 1st 2016 to March 31st 2017, and awards approved by the Divisional Director, Sports, Leisure, Culture & Youth be noted.
2. That work to address communications issues identified by Grants Scrutiny Sub Committee be taken forward.

6.2 Extension of Mainstream Grants and Corporate Grants Policy

The Service Manager, Community Cohesion, Engagement & Commissioning and Voluntary and Community Sector (VCS) Strategy Manager presented the report which asked the Sub-Committee to extend the current Main Stream Grants programme on a case by case basis for projects that were performing satisfactorily while a new programme was developed through a process of co-production.

Members noted that a representative from Tower Hamlets CVS was in attendance and she indicated that it supported the proposed approach to the preparations for the successor Main Stream Funding programme as this gave time for engagement with groups and projects

At the Chair's invitation the comments of GSSC were received stating that the proposals were supported. GSSC, nearer the time, also wished to receive further information about outputs as the programme development progressed.

Members of the Sub-Committee also considered the proposals and endorsed them noting that bidding for the new programme would begin in the summer of 2018 and the programme launched on 1st April 2019.

RESOLVED

1. That the current three year MSG be extended by seven months to 31 March 2019 for those projects which receive grants and which are also performing satisfactorily, and
2. That the proposed arrangements to develop a new corporate grants policy through a process of co-production be noted.

6.3 Historic Buildings Grant - St. Mary's Church, Bow

The Place Shaping Team Leader presented the report which concerned a contribution of £20,000 funding from the Historic Buildings Grant to St Mary and Holy Trinity Church (Bow Church) - 'the church'. It was noted that

1. in December 2016 Commissioners had informally agreed that a letter be sent to the Rector of the church stating the Council's intentions to offer a grant in principle subject to the submission of all necessary documents including three tenders.
2. the remainder of the monies for repair works would be provided by Heritage Lottery Fund, the Grocer's Company, the National Churches Fund, the Heritage of London Trust and the church's own funds.

At the Chair's invitation the comments of GSSC were received stating that the proposals were supported.

Members of the Sub-Committee considered the report and noted the church was in a poor state of repair but had historical and community value and that there had been practical issues around highways which had delayed the works. Members also wished the Council's contribution to the works to be clearly conveyed by means of appropriate advertising.

RESOLVED

1. That the grant funding of £20,000 to the church as a contribution to vital repair works to the exterior of the tower be approved.
2. That the issue of a formal offer of grant to the church be approved.
3. That the Council's contribution to the works be clearly publicised.

6.4 Ageing Well Small Grants - 2017/18

The Acting Divisional Director, Integrated Commissioning and Service Manager, Strategic Commissioning presented the report which concerned the provision of grants to small projects to address isolation and loneliness amongst older people in the community. The report asked the Sub-Committee to:

- approve the reassignment of the previous 'Small Grants for Pensioner's Groups' fund, (following a review), as the Ageing Well Small Grants fund (following the approval of the Ageing Well Strategy by Cabinet in May 2017)
- note that the value of the fund in 2017/18 is £25,000 excluding £3,435 which was recommended for outstanding 2015/16 and 2016/17 awards.
- approve the process for inviting applications and monitoring

- approve an increase of grant payable from a maximum of £500 to a maximum of £600 and
- to delegate the responsibility for approving future awards from this fund to the Divisional Director Integrated Commissioning.

At the Chair's invitation the comments of GSSC were submitted. These stated that while the proposals were supported, there were concerns around inadequate communications and whether the methods of publicity proposed for the new grant could inadvertently exclude some sectors of the community.

Members of the Sub-Committee also considered the report and while they endorsed the aims of the project, Members:

- echoed the concerns of GSSC and asked officers to ensure that methods of communication were broad, diverse and effective in reaching the intended recipients.
- were concerned that recipients of this grant should reflect the demographics of the community

Following discussion, the Sub Committee agreed the following revised recommendations:

RESOLVED

1. That the reassignment of the previous 'Small Grants for Pensioner's Groups' fund as the Ageing Well Small Grants fund be approved.
2. That it be noted that the value of the fund in 2017/18 is £25,000 less £3,435 recommended to be retained for outstanding awards under previous years' Small Grants for Pensioners scheme.
3. That it be approved that awards of eleven outstanding grants, totalling £3,435, from the 2015/16 and 2016/17 under Small Grants scheme be made from the newly formed fund.
4. That the process for inviting applications for the Ageing Well Small Grants fund 2017/18 be approved.
5. That the process for awarding the grant funding and subsequent monitoring arrangements be approved.
6. That responsibility for approving future awards from this fund be delegated to the Divisional Director Integrated Commissioning.
7. That an increase of grant payable from a maximum of £500 to a maximum of £600 be approved.

6.5 MSG Theme 5 Closure Report

The Corporate Director for Resources presented the report which informed the Sub-Committee:

- of the closure of the stream of funding under Theme 5 of the MSG programme and an assessment of outcomes.
- that future funding in this theme was intended to be commissioned via co-production on an interim basis until the conclusion of the extended MSG programme.

Members noted the achievements and the lessons learned from projects delivered under this Theme.

At the Chair's invitation the comments of GSSC were received stating that the achievements and feedback were supported however Members considered that:

- it was necessary to ensure that training and empowerment was continued
- success messages needed to be neutrally worded to avoid political bias or misinterpretation
- it was necessary to clarify if the programme/project was intended to support the immediate or wider community.

Members of the Sub Committee indicated that they had no comments they wished to make on this report.

RESOLVED

1. That the achievements of the MSG Theme 5 programme be noted.
2. That the above from GSSC as set out in the preceding paragraph be noted.

6.6 ESF Community Employment Programme - Organisations Based in Council Buildings

The Corporate Director for Resources presented the report which informed the Sub-Committee of proposals to ensure that the principle established by Commissioners: that organisations in receipt of funding and which operated from Council owned buildings must have an appropriate property agreement in place, is applied to recipients of this grant and hence apply the same principles across all areas of grant funded activity.

At the Chair's invitation the comments of GSSC were received stating that Members accepted the recommendation, however the legal comments of the report referenced disposals which did not appear to be relevant. Members were informed that legal officers would review these legal comments.

Members of the Sub-Committee indicated that they had no comments that they wished to make on the report.

RESOLVED

That it be agreed that organisations funded through the ESF Community Employment Programme and are based in or using a Council building must have an appropriate property agreement in place before payments can be released to them, as is the case with all new grant programmes going forward.

7. FORWARD PLAN

RESOLVED

That the forward plan be noted.

Ocean Regeneration Trust grant funding 2017/2018

EXECUTIVE SUMMARY

This report updates the Grants Determination Sub-Committee on the need for ongoing socio-economic improvements and investment into the Ocean Estate through agreed funding structures administered by the Ocean Regeneration Trust (ORT). The ORT has been set up in accordance with New Deal for Communities (NDC) succession and legacy requirements as a vehicle for ongoing local regeneration. Since the “Ocean NDC Succession Strategy, 2010 and Beyond” was agreed by Cabinet in November 2009 there have been a number of changed circumstances which make fulfilling the Council’s obligations impracticable. This report explains those circumstances and the decisions required to fulfil the spirit of the submissions made to get funding for the scheme.

RECOMMENDATIONS:

The Sub-Committee is recommended to:

1. Authorise the Corporate Director, Place to make a payment to ORT of £80,000 in the financial year 2017/2018.

1. REASONS FOR THE DECISIONS

- 1.1 The Trust was granted funding of £80k p.a. for 3 years which finished in March 2017. The funding ceased as it was intended at the time of writing the original report that the rental income from the north side shops would have commenced. However, this did not happen and it is now estimated that the funding will start from the second quarter 2018. The request for the interim payment will give assurance to ORT that they can continue with their

activities and in particular their partnership with City Gateway for the current financial year.

2. ALTERNATIVE OPTIONS

- 2.1 The Council could delay paying ORT until funding comes through from the retail units on the north side of Ben Jonson Rd. This delay would pose a risk to the partnership between ORT and City Gateway. This project delivers women only services and runs courses in ESoL, leadership, ICT and child care for local women on the Ocean and the wider area. They also offer volunteering opportunities and engage with organisations in Canary Wharf who support the women learners through opportunities such as a literacy lunch.
- 2.2 The Council could seek to reduce the amount of the grant offer. However, this option would impact negatively on the delivery of the women's services. £80k has been a recognised sum that can support the current delivery.

3. DETAILS OF REPORT

- 3.1 Detailed information on the ORT has previously been submitted to grants panels for approval. To recap:
- 3.2 In summary the ORT has received funding as follows:

- £300k for the first 3 years from legacy NDC funding covering years 2010 – 2013. This was set aside from the NDC programme to set up the legacy organisation.

Thereafter funding was derived from rental income from the retail units on the south side of Ben Jonson Rd at £80k pa. Years 2013 – 2015 the funding was reduced to £50k in order for the Council to fund the running of the Harford St community centre. However, a Commissioners report of December 2015 advised that ORT should receive the full amount of £80k, the amount previously identified for the Trust to receive.

- £50k for years 2013/2014 and 2014/2015
 - £80k for years 2015/2016 and 2016/2017
- 3.3 Since November 2011 ORT has established links in the community. The Trust has an annual community grant fund of £40k to which organisations can apply for up to £5,000 for single projects or £10,000 for projects delivered in partnership with other organisations in the area. An example of local organisations that received grants were Stepney City farm, Half Moon

Theatre, local football clubs, chiropody clinic and garden clubs for older people. Their main partnership is with City Gateway, which is based on the first floor of the Multicentre and works closely with the Trust on a programme of specialist women's services. This has embedded the Trust further into the identity of the centre. Delivery has been in the form of:

- Services primarily aimed at the most disadvantaged women and families in Ocean Estate and the surrounding area;
- Engage, mentor and train the most excluded individuals;
- Bring together different groups and cultures, and work against conflict and division;
- ESOL, literacy, numeracy, and apprenticeship sessions every week
- Innovative community development programmes – Advice Champions, Health Café and Advice Cafe
- Employment development workshops, including CV writing and Apprenticeships

3.4. In addition the Trust works with Tower Project who runs the Ocean View café on the ground floor of the Centre. Tower Project work with people with learning and physical disabilities; they take clients on for a period of 6 to 9 months and deliver barista style and other café skills training. To date the café has provided training opportunities in hospitality and catering to over 30 young people and adults with learning disabilities from LBTH. These opportunities have ranged from short sessions in barista training to six month volunteering programmes; of these people 8 people have been employed in paid positions of at least 6 month at the café.

3.5 ***Ocean Regeneration Trust Delivery 2017-2022***

3.5.1 In May 2016 the Ocean and Limehouse Community Review was completed on the Ocean and Limehouse Fields estate, to examine how services were delivered locally. The review identified the need for greater community capacity and involvement, address gaps in services, better integration of services and stronger governance.

3.5.2 These included -

- Persistent low employment levels, particularly for women and some ethnic minorities;
- High levels of child poverty and the impact of welfare benefit changes on an already deprived community;
- Local people priced out by spiralling housing prices and the danger of a polarised community;
- Low levels of health and life expectancy;
- Growth and development impacting on local infrastructure and services;
- The need to be vigilant and tackle the potential for radicalisation and extremism; and

- A further programme of austerity and public sector cuts arising from the Spending Review and a consequent Medium Term Financial Strategy savings target of £59 million over the next three years to 2020.

The review recommended that ORT be the lead body in delivering the actions that have arisen. The ORT will develop a detailed action plan based on the above issues, which will be monitored by LBTH. See Appendix 1 with outline details of the actions. The Community Review was endorsed by the then Cabinet Member for Strategic Housing, the Cabinet Member for Housing, Faith Communities and Welfare Reform and Cabinet Member for the Environment.

3.6 ***Grant Outputs***

The £80k grant will contribute to the all-inclusive rent of £41,943. The remaining £38,057 will be invested in supporting City Gateway's delivery of classes (staff costs and supplies) until end of academic year 2018.

3.7 ***Monitoring***

The Housing Regeneration team will monitor the services delivered through quarterly meetings to monitor spend and outputs. This will be reported back to the Grants Determination Sub-Group Register.

4. **COMMENTS OF THE CHIEF FINANCE OFFICER**

- 4.1 This report seeks the approval of the Grants Determination Sub-Committee to allocate funding of £80,000 to the Ocean Regeneration Trust (ORT) for the 2017-18 financial year pending longer term grant arrangements being put in place for future years.
- 4.2 The ORT was created in May 2008 to own assets and receive income generated from the Ocean estate regeneration scheme to use for the benefit of the local community. This included the income for the new retail units on the north side of Ben Jonson Road.
- 4.3 The ORT occupies Council premises at Harford Street under the terms of a licence that was approved by the Commissioners on 29th April 2015. The Trust pays a market rent for the property from its own resources which are in part dependent upon this Council grant funding.
- 4.4 Under agreements previously entered into as part of the Ocean NDC succession plan, the Trust will receive funding from the Council in the form of the rental income generated from the retail units on the north side of Ben Jonson Road. These units have been developed by Bellway as part of the Ocean Estate regeneration scheme, and Bellway (as freeholder) has granted a long lease for the units to the Council which in turn will lease the units itself to retailers. Delays in letting the units, together with the various rent free periods that will apply, mean that income is not likely to be generated until 2018-19. It is therefore proposed that the existing grant arrangements are extended for another year, funded from the income received from the

existing retail units on the south side of Ben Jonson Road. These receipts remain earmarked for the ORT until the new lease arrangements for the shops on the north side of the road come into effect.

- 4.5 In accordance with Council policies, the onward transfer of these receipts should be treated as a grant payment and as such requires approval as part of the agreed grant awarding processes.

5. LEGAL COMMENTS

- 5.1 Whilst there is no strict legal definition of grant, a grant is in the nature of a gift and is based in trust law. However, grants are often given for a purpose so it is sometimes unclear whether a grant has been made or the arrangement is a contract for services.
- 5.2 There will be many grants which are made by the Council for the purpose of discharging one of its statutory duties. However, as a grant is in the nature of a gift, it is considered there must be some element of discretion on the part of the Council as grantor as to whom a grant is made to and whether this is made. If the Council is under a legal duty to provide a payment to a specific individual or organisation, and cannot lawfully elect not to make such a payment, then that should not amount to a grant.
- 5.3 In this case, the Council is not under a legal duty to make the payment and the payment is therefore discretionary and a grant.
- 5.4 There is a need to ensure that the Council has the power to make the grants in question. In that regard, the proposed grants are supported by the Council's general power of competence. Section 1 of the Localism Act 2011 gives the Council a general power of competence to do anything that individuals generally may do, subject to specified restrictions and limitations imposed by other statutes.
- 5.5 When considering whether to approve the grant, consideration should be given to the arrangements in place to ensure that the power that is exercised is consistent with its best value arrangements. The Council is obliged as a best value authority under section 3 of the Local Government Act 1999 to "make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness" (the Best Value Duty). Paragraph 7 below considers this in further detail.
- 5.6 When implementing the scheme, the Council must ensure that no part of the funds issued represents a profit element to any of the recipients. The inclusion of profit or the opportunity of making a profit from the grant or third parties indicates that the grant is really procurement activity and would otherwise be subject to the Council's Procurement Procedures and other appropriate domestic and European law. This would mean therefore, that the Council would have failed to abide by the appropriate internal procedures and external law applicable to such purchases.

- 5.7 When making grants decisions, the Council must have due regard to the need to eliminate unlawful conduct under the Equality Act 2010, the need to advance equality of opportunity and the need to foster good relations between persons who share a protected characteristic and those who do not (the public sector equality duty). A proportionate level of equality analysis is required to discharge the duty and information relevant to this is contained in the One Tower Hamlets Considerations section of the report.

6. ONE TOWER HAMLETS CONSIDERATIONS

- 6.1 The funding request for the ORT contributes to the Council's equality of opportunity aim. The proposed services enhance local residents' chances to broaden their role in society and the workplace.
- 6.2 Activities by the Trust will help promote good relations within the community as local people see the Trust for the benefit of residents and groups, particularly those who are more vulnerable in the community.
- 6.3 The ORT proposals aim to target all residents an equal opportunity to access the services that will potentially be provided.

7 BEST VALUE (BV) IMPLICATIONS

- 7.1 The economic value of the ORT can be measured in the work to date e.g. community grants and the relationships they have built up within the Ocean community. To replace the Trust with another body in order to continue the socio-economic work started four years ago would need time and investment to restart the programme.
- 7.2 The ORT can deliver programmes efficiently through its partnership with City Gateway delivering programmes to support women in the community. In addition the Trust actively looks for community partnerships when assessing their small grant applications.
- 7.3 The Council is committed to the effectiveness of a local organisation such as ORT to deliver the ongoing socio-economic programme for the community with a focus that the council could not deliver on.

8. SUSTAINABLE ACTION FOR A GREENER ENVIRONMENT

- 8.1 None

9. RISK MANAGEMENT IMPLICATIONS

- 9.1 The ORT has been involved with community life on the Ocean for a number of years through the small grants programme, involvement with local organisations and through its development of the partnership with City

Gateway. If the Council grant was not awarded it could be perceived as the local authority not willing to support the local community and risk reputational damage to the council.

10. CRIME AND DISORDER REDUCTION IMPLICATIONS

- 10.1 The Trust has a remit to engage with wider projects and organisations in the community. They actively link with the local Safer Neighbourhood teams and the Anti Social Behaviour (ASB) team within Tower Hamlets Homes to look at support for their efforts to reduce ASB in the community.

11. SAFEGUARDING IMPLICATIONS

- 11.1 The Trust will support organisations who work with the most vulnerable in the community. It will actively promote engagement with excluded individuals and community development within the area.

Background (presented in previous reports)

- 3.1 The ORT was set up in 2009 as a legacy vehicle to the Ocean NDC. They have begun to deliver on their purpose in line with the cabinet decision of 2007. The ORT has since been registered as a Charity, has a functioning board, and is developing projects in line with the Council's agreed NDC Succession Strategy. It has become a key stakeholder in the community.
- 3.2 There have been a number of cabinet reports and strategies agreeing the funding streams of ORT from 2007 onwards. This report is required because whilst the broad vision of the NDC Succession Strategy has remained constant, there are some details that have changed due to unforeseen circumstances.
- 3.3 This report seeks to outline those changes, which are recommended as they fulfil the agreed funding obligations outlined in the Cabinet reports and the Succession Strategy.
- 3.4 Cabinet decision in 2009 agreed to the disposal of the Ben Jonson Road shops to the ORT. The £1.5m NDC grant was to be used to fund the sale of the shops. However, this proposal did not come to fruition and the £1.5m was used to purchase the 25 year lease on the Harford St Multi Centre from East Thames Group. This arrangement was agreed by Government Office for London and as a result the council would instead passport the rental income from the shops to the ORT. The final sum agreed to go to ORT was £80,000.

4. ORT FUNDING STRUCTURES 2011 – PRESENT

4.1 New Deal for Communities

At its inception as part of the Ocean NDC legacy, a set up fund of £300,000 was agreed with the DCLG to be transferred to ORT. The funding split of £100,000 was transferred each year from 2011/12, 2012/13 and 2013/14. This enabled salary costs, office set up, stationery etc and some small project costs for local organisations.

4.2 Ground Rents

The ORT receives the ground rents from the private homes for sale. The provision of ground rents was part of the council's mechanism to fund the ongoing community and legacy funding strategy for the Ocean. The annual sum collected once the private homes for sale are complete is £105,000 plus RPI p.a. This has been collected each year, proportionately, as the new homes were complete.

4.3 Retail Rental Income

The rental income to date derives from the south side of Ben Jonson Road. The south side income which started in 2011 has been proportionately transferred for the last three years. The sum of £80,000 was identified to support the Trust as income from the south side retail units. This is a temporary solution pending a permanent arrangement of rental income from the north side of Ben Jonson Rd once these units are complete and leased.

MSG Project Performance Report – Period 7 (April to June 2017)

Key Decision?	Yes
Community Plan Theme	All

EXECUTIVE SUMMARY

The Main Stream Grant (MSG) 2015/18 Programme was approved by the Commissioners on 29 July 2015 and runs from 1 September 2015 through to 31 August 2018. The programme was recently extended to 31st March 2019.

The Programme is made up of five (5) broad Themes covering a range of activities and services. Projects within one of these themes, Community Engagement Cohesion and Resilience, concluded at the end of March 2017. The activities and services are being delivered by a portfolio of projects each of which has targeted outcomes to achieve during the course of the programme period.

Projects are classified as Green, Amber or Red within the Council's agreed performance management framework. This report covers Red and Amber rated projects only. Red or Amber performance ratings may be as a consequence of premises issues, debtor issues, performance issues, failure to submit the quarterly monitoring returns or a combination of these factors.

Project performance for this period (April to June 2017) presently shows there are 8 Red rated projects and 2 Amber rated projects.

This report details those issues and provides recommendations for the Committee to consider

RECOMMENDATIONS

The Grants Determination Sub Committee are recommended to:

Consider the recommendations relating to the releasing of MSG payments to the 12 organisations as set out in sections 3.8 to 3.16 of the report.

1. REASONS FOR THE DECISIONS

- 1.1 Regular performance updates ensure that the MSG Themes and individual projects are on track to achieve the targeted outcomes.
- 1.2 Any issues that raise concerns can be addressed and appropriate remedial actions agreed. Where necessary, this could include the reduction, withdrawal or reallocation of funds to ensure that the overall Programme is making the most effective use of resources and maximising the potential achievement of agreed aims and objectives.
- 1.3 To consider the funding for MSG recipients in line with the July 2015 Commissioners' decision regarding MSG recipients in Council buildings having appropriate property agreements in place.

2. ALTERNATIVE OPTIONS

- 2.1 Information relating to various aspects of project and monitoring activity is contained within the report to provide Grants Determination (Cabinet) Sub Committee with an overall understanding of how projects and organisations have performed against the key elements of their Grant Agreements.
- 2.2 Grants Determination (Cabinet) Sub Committee could request further information or alter the recommendations.

This theme is entitled prevention, health and wellbeing and is intended to achieve a range of targeted outcomes with a primary focus on what were traditionally referred to as adult services.

This theme is made up of 35 live projects, of which 3 are rated Red and 0 are rated Amber.

The Red rated projects all have premises related issues. Online monitoring returns have also not been submitted by any of the three organisations.

The Red rated projects are:

- **Bethnal Green Weightlifting Club** – Bethnal Green Weightlifting Club have ongoing premises issues and the online monitoring return was not submitted on time.

Theme four consists of 3 projects. No projects within this theme have been rated Red or Amber for this reporting period.

One of the projects covers a key “strategic partner” role to the Council and is undertaken by Tower Hamlets Council for Voluntary Services. The other two consortium projects provide organisational development and capacity building support to local voluntary and community sector organisations.

3.7 **Theme 5 Summary – Community Engagement, Cohesion and Resilience**

This theme focused on community engagement, cohesion and resilience. Projects worked closely with local residents to facilitate the building of a stronger, more cohesive, supportive and stronger community.

The theme was made up of 10 projects which concluded at the end of March 2017. A closure report detailing the outcomes of this theme was considered by the Grants Determination (Cabinet) Sub-Committee at their meeting on the 12th September 2017.

Premises Issues

Monitoring of Mainstream Grants recipients identified the following organisations based in council buildings did not have an appropriate property agreement in place. Background and the current status are detailed for each of these organisations.

3.8 Our Base

Our Base has demonstrated their willingness to enter into an appropriate property agreement with the council in respect of the premises at London Metropolitan University and have signed and returned their Heads of Terms on 7th June 2017. The Council is currently undertaking due-diligence checks and is in the process of devising a lease plan. Our Base have also been requested to submit a copy of their premises agreement in respect of Royal Mint Place.

Recommendation 1 – Our Base

That the committee note the progress being made with Our Base in respect of premises and a premises update be provided in the next MSG quarterly monitoring report (July to September 2017).

3.9 Pollyanna Training Theatre (Wapping TRA/Raine Street)

Premises issues relating to the building are not yet resolved. These issues prevent a premises agreement from being entered into by the Pollyanna Training Theatre.

There are project performance issues which have been discussed with Pollyanna. A significant variation request has been submitted for consideration; this requires some further work and will be considered as part of the next quarterly performance report.

Pollyanna are being supported by the council and the Tower Hamlets Council for Voluntary Services.

Recommendation 2 – Pollyanna Training Theatre

That a premises update be provided in the next MSG quarterly monitoring report (July to September 2017) in respect of the Pollyanna Training Theatre together with the finalised significant variation request.

3.10 Children Education Group (Harkness House)

Draft lease sent to the Children Education Group in June 2017 together with repair items. No response has been received from the organisation. The CEG have now been performance rated as Red for a full 12 months due to premises issues. Project delivery has ceased as a consequence of grants suspension.

Recommendation 3 – Children’s Education Group

In acknowledgement that the CEG have been Red rated for performance for a period of 12 months due to the premises issues which remain unresolved, mindful too that CEG projects delivery have ceased as a consequence of grant funding being suspended, CEG are to be removed from the MSG programme.

3.11 Tower Hamlets Youth Sports Foundation (use of various Schools)

Further to the concerns raised by the organisation in completing the Premises hire booking agreements, as they work from around 30 different venues across the borough, further time was given to the organisation to gather the agreements. The council is in the process of undertaking monitoring visits with THYSF who are currently Red rated for performance; it is intended that the premises issue will be addressed as part of the wider performance monitoring work currently being undertaken with them.

Recommendation 4 – Tower Hamlets Youth Sports Foundation

That a premises update be provided in the next MSG quarterly monitoring report (July to September 2017) in respect of the Tower Hamlets Youth Sports Foundation.

3.12 Family Action

The old license for 2014-2017 was completed on the 7th June 2017; this included £15,300 in rent. A new lease is currently being completed with the organisation showing a clear willingness to enter into an appropriate agreement. The new agreement has yet to be completed.

Recommendation 5 - Family Action

That in acknowledgement of Family Action completing their old license, including payment of rent and considering their willingness to enter into an appropriate property agreement, MSG payments be released for this period subject to satisfactory performance.

3.13 Wadajir

Although the organisation returned their premises hire booking agreement, further analysis has identified that the Trustees are not permitted to share the premises.

It is proposed to leave Wadajir in the Teviot Community Hall at present although this will not be a permanent solution. Approval has now been received to send out Heads of Terms for a lease to the Teviot Community Hall. The Third Sector Team is liaising with the Teviot Community Hall regarding the community benefit rent reduction process.

Recommendation 6 – Wadajir

That whilst negotiations take place between the Trustees of the Teviot Community Hall and the Council, MSG payments to Wadajir continue subject to satisfactory performance.

3.14 Community Building Review – extended scope

The Grants Determination (Cabinet) sub-committee agreed at their meeting on the 10th July 2017 that the process and criteria for reduced rent, agreed by Cabinet on 1 November 2016, be extended to apply to all council buildings and reviewed to ensure they are appropriate in the context of the wider review of council support to the VCS.

A number of MSG organisations with premises related issues are in scope for this review, these are detailed below:

- Bethnal Green Weightlifting Club (229 Bethnal Green Road)
- Black Women's Health and Family Support (82 Russia Lane)
- Age UK East London (82 Russia Lane)
- Tower Hamlets Community Transport

Recommendation 7 - That payment continue to be paid to Bethnal Green Weightlifting Club, Black Women's Health and Family Support, Age UK and Tower hamlets Community Transport whilst the review is concluded, subject to satisfactory performance.

3.15 Significant Variation Request – Cubbitt Town Bangladeshi Cultural Association

Cubbitt Town Bangladeshi Cultural Association previously submitted a significant variation request and further information was sought prior to a decision being made. The variation request was made due to the group experiencing an issue with meeting their target numbers of students enrolled onto the project (this is a community language project). The association have asked for consideration to reduce the number of take up participants for the project. The current target is 38 participants and the group would like to reduce this to 28.

The variation request was considered at Grants Spotlight Panel on 15th September 2017. The Panel comprises LBTH Third Sector Team and Tower Hamlets Council for Voluntary Service

The variation request was reviewed to ensure that if accepted the reduction would still offer value for money and advice was also sought from CLC Community Languages who advised as follows:

- Cubitt Town BCA has been successfully providing after-school Bengali language classes on Thursday and Friday, two hours each day for 36 weeks p.a.
- Cubitt Town BCA managed to achieve reasonable attendance throughout the year and have participated regularly in exams set by Community Languages Service.
- They have also participated in annual International Language Day (ILD) programmes held last year and before. The ILD has not taken place this year as yet.
- They have taken a couple of educational trips in the year and are set to go to another trip before the expiry of the academic term.
- They have also arranged an annual parental conference day which usually takes place before the end of the academic year.
- It would still be worthwhile to support this group as they still have a reasonable number of students attending the after-school language classes including extra-curricular activities.

A cost benefit analysis of the proposal demonstrates that with the reduced participants, the project still compares favourably against other groups and will continue to provide value for money in comparison to other projects of this nature.

In light of the above, the Grants Spotlight Panel Review Panel agreed to recommend that this variation request be approved.

Recommendation 8

That the significant variation request to reduce the number of participants received from Cubbitt Town Bangladeshi Cultural Association is approved.

3.16 Significant Variation Request – Half Moon Professional Theatre Venue for Young People in Tower Hamlets

The Half Moon Professional Theatre Venue for Young People in Tower Hamlets Project is progressing very well against its outputs. The variation request received from the group proposes re-scheduling of the measurement of outputs *Number of users beginning to report improved personal outcomes from attending* to the final periods of remaining project years (July-September 2017 and July-August 2018). This is considered to be a practical one as full progress on improvements in personal outcomes can be measured most effectively at the end of the academic year when full benefit of the project has been experienced by beneficiaries. No reduction in outputs/outcomes is being proposed, this is simply realigning the periods in which outcomes are measured.

The proposed variation request was considered by the Grant Spotlight Review Panel meeting on 15th September 2017. The Panel comprises LBTH Third Sector Team and Tower Hamlets Council for Voluntary Service. The Grants Spotlight Panel Review Panel agreed to recommend this variation be approved.

Recommendation 9

That the significant variation request to realign the periods to measure user outcomes, received from Half Moon Professional Theatre Venue for Young People in Tower Hamlets is approved.

4. COMMENTS OF THE CHIEF FINANCE OFFICER

- 4.1 This report provides an update on the Councils MSG programme, budgeted at approximately £3.049m per annum or £9.148m, over the three year period 2015/18.
- 4.2 There are sufficient resources within directorate budgets to fund the agreed programme over the 3 year period.
- 4.3 The report highlights a number of instances where approved grant awards will not be made, the awards are largely declined as the organisations have not met key project milestones.

5. LEGAL COMMENTS

- 5.1. The Council has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency

and effectiveness. This is referred to as the Council's best value duty. Best Value considerations have also been addressed in paragraph 7 of the report.

- 5.2. Applying this duty to grants, the Council must operate a fair and open application procedure to process a request to obtain funding. Requests for grant funding should ordinarily be measured against a predetermined set of criteria and the criteria themselves must be fair and transparent. The grant agreement should include a clear monitoring process against defined parameters in order for the Council to demonstrate either: that delivery is in line with the application and, therefore, the grant achieved its purpose; or provide clear delineation where outcomes were not achieved and the reasons for such failure are apparent. Monitoring should therefore include measuring performance against the expected outcomes.
- 5.3. This report provides the Sub-Committee with a performance update advising as to the MSG Themes and whether individual projects are on track to deliver the agreed outputs and outcomes.
- 5.4. The report sets out 9 recommendations and all are appropriate in line with agreed procedures.

6. ONE TOWER HAMLETS CONSIDERATIONS

- 6.1. The contribution of VCS Organisations helping to deliver One Tower Hamlets objectives and priorities are explicitly recognised and articulated within the Council's agreed Voluntary and Community Sector Strategy.
- 6.2. VCS Organisations play a key role in delivering services that address inequality, improve cohesion and increase community leadership. These services are real examples of 'One Tower Hamlets' in practice.
- 6.3. The opportunities offered through the MSG Programme will play a key role in delivering the aims of One Tower Hamlets.

7. BEST VALUE (BV) IMPLICATIONS

- 7.1. The level of awards to organisations was determined by the quality of their individual applications as well as the overall demand for the funds available within each Theme.
- 7.2. Additionally, the application appraisal process took into consideration the proposed levels of outputs and outcomes to be delivered as well as the organisation's track record and the bid's overall value for money rating.
- 7.5. There will be ongoing performance management of the approved portfolio of projects to ensure that interventions meet the required standards; that the evidencing of project achievements and expenditure are accurately recorded and reported.

- 7.6 Monitoring and reporting arrangements are in place to ensure that payments to organisations are in line with performance. The agreed Payment By Results process will ensure that grants will not be paid to organisations that either significantly or consistently under-perform, or those that are not able to properly evidence the work/outcomes for which funding has been approved.

8. SUSTAINABLE ACTION FOR A GREENER ENVIRONMENT

- 8.1 The MSG 2015/18 Programme has a broad focus including developing new skills for local people and organisations that are disadvantaged and perhaps facing multiple barriers to achieving a sustainable future.
- 8.2 All programme beneficiaries be they individuals or local organisations will be encouraged to consider taking appropriate steps to minimise negative impact on the environment when taking up the opportunities offered within the programme and on an ongoing basis.

9. RISK MANAGEMENT IMPLICATIONS

- 9.1 A number of different risks arise from any funding of external organisations. The key risks are:
- The funding may not be fully utilised i.e. allocations remain unspent and outcomes are not maximised
 - The funding may be used for purposes that have not been agreed e.g. in the case of fraud
 - The organisation may not in the event have the capacity to achieve the contracted outputs/outcomes
- 9.2 The monitoring being undertaken has identified a small number of projects that have been rated either Red or Amber within the Council's RAG performance rating process. In these circumstances either formal project improvement plans or other appropriate arrangements have been put in place to minimise the risk of further/significant underperformance.
- 9.3 As part of the ongoing programme management arrangements, support, advice and guidance will be made available projects to ensure that all performance and other risks are minimised.

10. CRIME AND DISORDER REDUCTION IMPLICATIONS

- 10.1 The activities, services and outcomes that are being targeted through the MSG Programme support the objectives of reducing crime and disorder; this is particularly true of the projects delivering under the Community Engagement Cohesion and Resilience Theme.
- 10.2 Throughout the programme as a whole however, those people involved in, or at risk of involvement in the criminal justice system will be targeted for support.

11. SAFEGUARDING IMPLICATIONS

- 11.1 As part of the initial application process organisations were required to provide details of their safeguarding policy if appropriate. The Grant Agreement that funded organisations have entered into includes requirements in relation to safeguarding.
- 11.2 Organisations providing services to children or vulnerable adults and employing staff or volunteers in a position whose duties include caring for, training, supervising or being responsible in some way for them, are required to fully comply with all necessary safeguarding requirements.

The service delivered through 24 drop-in advice sessions, 36 telephone advice sessions, 121 booked appointments, and advised by email 8 clients. The Wednesday and Friday drop-in sessions were delivered by a mix of volunteers and generalist advisers, with triage and supervision being provided by experienced advisers. 20 volunteer law students have engaged with the project this quarter, reducing the pressure on the service and client waiting time, as well as seeing clients at drop-in sessions, they have completed ESA and PIP forms, benefits checks, and other casework by appointment. A number of our student volunteers also deliver ESA and PIP appeals, writing submissions and in some cases attending Tribunal hearings with clients.</p> <p>Long delays in Universal Credit is causing some very intractable issues including clients who have been without income for months and required many phone calls and emails on their behalf in order to deal with their problems. These clients have also needed Crisis and Support Grant applications, food vouchers, and small donations from our Hardship Fund in order to meet their immediate needs. The roll out of Universal Credit has worsened the situation for many clients as information from the DWP about the benefit rules and systems is often contradictory and many clients are struggling to cope with the online process and need to be signposted to the DWP for help to make their claims. Limehouse Project Limited	LAP 3 & 4 Advice Service	We work alongside local communities in Shadwell, St Dunstan's, Stepney Green and St Katharine's and Wapping to offer high quality information and advice services on welfare rights, debt and money and housing issues.	<p>During the quarter 502 clients have been assisted (500 target), presenting 762 cases (688 targets) the quarter which is 688, 68% of the cases were related to Welfare benefits, 14% to money and Debt, 6.8% were for Housing, 1% for family related enquiries, 1% was Immigration enquiries, 2% Consumer related enquiries, 2% Employment and 5.2% other enquiries. Many of these are complex issues including welfare benefit, housing, money and debts; priority debts, e.g. rent arrears, council Tax arrears and Housing benefits and Council Tax Reduction over payment and shortfall as well as Tax Credit over payments, family matters, consumer issues and basic immigration advice, requiring complex work casework to challenge decisions made by various bodies.</p> <p>The project continues to support clients the Universal Credit - this has made a great impact on people as its proving difficult to access benefits, with significant delays in payment of benefits. Limehouse Project Limited	Advice Consortium LAP 7	We work alongside local communities in Limehouse, Lansbury, Poplar and East India to offer high quality information and advice services on welfare rights, debt, money and housing issues.	<p>During the quarter 481 clients have been assisted in this quarter from our target of 500, presenting 710 cases in welfare benefits, money & debt, housing, employment and other general areas like consumer, basic Immigration, etc. Of these nearly half 49% have been casework and just over half 51% has been generalist help. 70% of all matters are still continue to be welfare benefits related issues. We attribute this to the tax year-end and LBTH residents needing to complete their Annual Reviews etc. The project reported that increased numbers of clients that need to apply for Universal Credit Claims, this has been both as a result of new claims, change of circumstances, family breakdowns, end of legacy benefits by default failures on claimant side etc. Casework in this area has mainly centred on challenging decisions, chasing up outcomes of disputes, ongoing assistance in claims, etc. In particular UC referrals to the Job Centre have risen; which has not truly reflected the number of clients needing on going help with claims. 11.5% of enquiries have been Money & Debt related, these include generalist assistance and casework. Advisors have advised and assisted in Housing Benefit, Council Tax arrears, Rent arrears negotiations, etc. Changes to welfare reform have resulted in many clients with extreme changes in their financial circumstances, especially for those clients who are self-employed. The organisation has now reviewed the information and further monitoring of the project took place to confirm that the project is meeting its targets.

East London Advanced Technology Training	Equal Voices	The project aims to engage newly-arrived migrant women to be empowered, engaging with equal participation on local issues that are important and meaningful to them. Equal Voices provides participatory citizenship sessions, skills-sharing and community organising that supports effective communication between cultural groups. The project aims to create more equal voices in local community life by empowering women in Tower Hamlets to recognise their role and skills in contributing to their communities.	The project progressed and developed well. Expected outputs were exceeded. 30 women in total took part against a target of 20. All participants reported an increase in confidence and trust in their communities. The women developed their knowledge of their responsibilities and rights. Beneficiaries took part in raising awareness and some funds for the refugee crisis in Syrian. Students said they felt that talking to others about issues like the refugee crisis gave them a voice to express their opinions and inspire others. 26 women participated in community volunteering against a target of 20 and all 26 reported greater social networks and networking skills as a result of being involved. Participants who attended the community organising training reported they felt that they had learnt a lot about how changes can be made and how to develop the way they communicate with others. 28 out of the 30 participants agreed they had gained a greater understanding of people from diverse backgrounds. Through feedback and discussions with the participants, it was reported that the project has had a very positive impact on the lives of the women, their families and social networks. This project brought women from very different backgrounds together and these women have formed relationships and networks with each other beyond the life of the project.	01/09/2015 - 31/03/2017	15,073.00	15,073.00	15,073.00	15,073.00	0.00	n/a	Project closed 31 March 2017 as planned.
London Gypsy and Traveller Unit	We are Tower Hamlets Residents too!	We are Tower Hamlets Residents too! Is a project supporting the representation and strengthening the voice of Gypsies and Travellers in Tower Hamlets. It aims to increase understanding of Gypsy and Traveller culture, breakdown barriers and celebrate the Traveller community as part of the rich diversity in Tower Hamlets.	This Quarter residents and families got involved in pivotal meetings at a National and City wide level, making an active contribution to policy and events regarding their community's needs and issues. Residents from Old Willow Close have become part of a National Campaign tackling prejudice due to launch on the 8 May. They wrote their own speeches and spoke at the organisations event at City Hall inviting policy makers to support the campaign. They contributed to and attended the London Gypsy and Traveller Forum where some gave testimonies. Within the borough the resident groups called upon a meeting with the Mayor John Biggs to request investigation into the results of the Gypsy and Traveller Accommodation Needs assessment. Preparation meetings took place on site and it was decided that two residents who hadn't spoken before in meetings would present the information and suggestions. There was a fire on site and residents met to request additional hoses were installed on site, letters were written and more confidence was presented at how they went about organising themselves. Three male residents were involved with the evidence given at an oral hearing at the Home Office to support the early review and reform of the Scrap Metal Act.	01/09/2015 - 31/03/2017	15,020.00	15,020.00	15,020.00	15,020.00	0.00	n/a	Project closed 31 March 2017 as planned.

The event took place on 7th March 2017, 11am-2:30pm, coinciding with the International Women's Day celebration. The event was themed around women in public life and during the day various public figures and community leaders spoke about their experiences and encouraged the women to get involved in politics and public life. TV presenter Sayeeda Begum talked about her route into TV presentation and being a local well known community activist/leader. The event attracted over 83. Somali Parents and Children's Play Association	Somali Women Engagement Forum	This project aims to develop Somali women as leaders who can speak for the interests of their community and promotes community cohesion to help build strong and resilient community. Activities include weekly sessions, coffee / discussion events with women from other communities volunteering and supporting the women with community engagement.	This project has provided services for Somali Women that were needs-led and focused on empowerment and independence. Services were provided in Somali within a sensitive framework that enabled participants to engage who would have otherwise been excluded. By attending the services provided by this group it can be demonstrated the women developed confidence, achieved greater independence and higher self-esteem. They are less marginalised and isolated and feel more able to express themselves. Workers and volunteers regularly provided time to ensure women had the bespoke support they individually needed. This quarter as well as engaging in weekly sessions participants have been supported to take an active part in 2 events. Both events were about empowering women to educate and engage their life in ways that are more enriching and fulfilling.	01/09/2015 - 31/03/2017	16,000.00	15,582.51	15,582.51	15,582.51	0.00	n/a	Project closed 31 March 2017 as planned. £417.49 spend cannot be evidenced.

Tower Hamlets Youth Sport Foundation - Hub Club Programme

"Decision at 9 May 2017 Grants Determination (Cabinet) Sub-Committee:

- a) given the spread of premises used by Tower Hamlets Youth Sports Foundation across the borough, MSG payment continues to be paid whilst the organisation gathers appropriate premises agreements from the various venues from which they deliver.
- b) it be noted that a further update will be provided at the June Grants Determination (Cabinet) Sub-Committee meeting.

THYSF Foundation Manager has reported that the service's survival has had some detrimental effects on their ability to deliver the MSG funded programmes. The management and administration of the programmes has become strained. THYSF feel they now are in a position to receive the Monitoring Visits relating to the Hub Club and Stepping Stones Programmes, but the Monitoring Visit will still be difficult given that they have a continued freeze on recruitment that is affecting their ability to coordinate the monitoring of the project.

THYSF are proposing for an initial meeting with LBTH Senior Management before arranging the monitoring visits.

THYSF CEO has reported that the service's survival has had some detrimental effects on their ability to deliver the MSG funded programmes. The management and administration of the programmes has become strained. THYSF feel they are in a position to receive the Monitoring Visits relating to the Hub Club and Stepping Stones Programmes, but the Active Families Monitoring Visit will still be difficult given that they have a continued freeze on recruitment that is affecting their ability to coordinate the monitoring of the project.

THYSF are proposing for an initial meeting with LBTH Senior Management before arranging the monitoring visits. Period 7 monitoring return has not been submitted.

Support to Council funded organisations

Project, which is a partnership between THVCS and Volunteer Centre Tower Hamlets, provides training, advice and support to organisations funded by the London Borough of Tower Hamlets in order to develop their systems and improve their financial and project management. Project has been successful overall in delivering its output targets during its lifetime, assisting LBTH grant-funded organisations to be ready to deliver their Council-funded projects. It has provided in-depth support to organisations on a number of areas such as premises, plus management and reporting for LBTH Main Stream Grant. Support has also been provided on: fundraising, governance, staff recruitment, volunteering, charity registration, sustainability, pensions, service user involvement, health and safety and social media. Project has delivered support through training, resources, information provision and one-to-one development work.

Supporting VCS organisations based in Tower Hamlets

Project, which is a partnership between THCVS, Volunteering Centre Tower Hamlets and Tower Hamlets Community Transport, assists voluntary sector organisations in the borough, through advice and training, to develop and maintain effective systems, plan effectively, raise funds, manage projects and staff and achieve quality assurance accreditations. Project has been successful overall in delivering its output targets and supporting the development of a strong voluntary sector in the borough. It has provided advice to organisations on a range of areas, particularly in relation to governance, start-ups and premises. The project has also delivered a range of training course dealing with volunteering and voluntary sector management, including, in Period 7, courses on volunteers and the law and investment in volunteers. The project has also delivered Minibus Driver Awareness Scheme accredited training in driving and first aid and delivered minibus journeys to support local voluntary sector activity.

Strategic Partner Project

Project provides and supports representation, networking and partnership among voluntary sector organisations and between the statutory, business and voluntary sectors in the borough. The project has undertaken much work in relation to voluntary sector premises in the borough, liaising with and influencing LBTH policy on community buildings. The project has worked in partnership with LBTH in Period 7 on the shortlisting and interview process for the community cohesion tender. It has also helped Tower Hamlets Public Health to promote their coproduced community work.

Innovation Fund – organisations funded in phases 1 & 2	

Originating Officer(s)	Steve Hill – Head of Benefits Services Mohammed Ahad – Community Programmes Officer

Key Decision?	Yes
Community Plan Theme	One Tower Hamlets

1. EXECUTIVE SUMMARY

- 1.1 This report seeks to give the Grants Determination Sub-committee an update of pledges made through the Council’s Innovation Fund. The Innovation Fund is being used as match funding for voluntary and community sector organisations that are crowdfunding through the Council’s ‘*Our Tower Hamlets*’ crowdfunding portal (via Spacehive).
- 1.2 Organisations crowdfunding through portals such as Spacehive must raise their funding target before an agreed deadline. As a result of this, decisions on whether to pledge to an organisation must be timely. The Sub-Committee therefore agreed at its 9th May meeting that decision making would be delegated to an officer panel chaired by the Corporate Director for Resources. In addition, it was agreed that update reports would be presented to the Sub-Committee on a quarterly basis.

2. RECOMMENDATIONS

- 2.1 The Grants Determination Sub-Committee is recommended to:
 - i. Note this report, in particular pledges made to organisations as detailed in 5.5

3. REASONS FOR THE DECISIONS

- 3.1 No decisions are required, this is a noting report.

4. ALTERNATIVE OPTIONS

- 4.1 Committee could choose not to receive an update report but this would mean information regarding the use of the Innovation Fund would not be considered by the Committee and is therefore not recommended.

5. DETAILS OF REPORT

- 5.1 An action within the Council's Voluntary and Community Sector (VCS) Strategy (2016-19) was to identify potential external funding sources to expand and diversify the resource base of local VCS organisations. With a reduction in public sector funding a method to diversify income has been to encourage organisations to crowdfund. The Council has entered into an agreement with the crowdfunding portal Spacehive to pilot support to local VCS organisations who are crowdfunding for projects.
- 5.2 The Council is keen to encourage and support innovation in the sector and acknowledged that this would require some funding to enable the sector to pilot new initiatives and approaches to service delivery and support. The creation of an Innovation Fund was expected to support the sector "test and learn" new ways of working, new initiatives and new delivery models that if successful could be scaled up and commissioned more formally. As a result Commissioners, at their Decision Making Meeting on the 12th April 2016, agreed to the creation of an Innovation Fund with an allocation of £120,000. At their meeting on the 9th May 2017, the Grants Determination Sub-Committee agreed that the Innovation Fund could be used as match-funding for organisations crowdfunding through Spacehive.
- 5.3 Organisations crowdfunding through portals such as must raise their funding target before the agreed deadline, failure to do so results in the organisation not receiving any of the funds raised with all payments being returned to their source. With this, it is paramount that any decision on match funding through the Innovation Fund must take place at the earliest opportunity possible in order to ensure that organisations are not at risk of losing out on the amounts they have raised.
- 5.4 With the need to make decisions in a timely and responsive manner, it was agreed at the 9th May 2017 meeting that decision making would be delegated to an Officer panel chaired by the Corporate Director, Resources. Decisions would be made in strict accordance to the eligibility criteria and demonstration that the project is consistent with local priorities as detailed in the Community and Strategic Plans and the Voluntary and Community Sector Strategy. To increase transparency in the process it was recommended that an external grant funder would be involved in the process. In addition, update reports would be presented to the Grants Determination Sub-Committee on a quarterly basis detailing organisations that have been funded.
- 5.5 The Innovation Panel Assessment Panel has convened twice to consider recommendations on applications. The table below shows the pledges that have been made to the following organisations:

Organisations that LBTH have pledged to and have met their crowdfunding target

No.	Organisation	Phase	Total Crowdfunding target	Agreed pitch amount	Crowdfunding target met?	Reason for recommendation
1.	Public Projects LTD (Project name: Pop-up compost)	1	£4,526.00	£1,142.25	Yes	A good project which is consistent with the key Council priority around recycling. The project has good support from the local community which is evident with the high number of smaller donations. In addition to this they have done well to promote through social media. The project has received pledges from other organisations including East End Homes and Veolia.

Organisations that LBTH have pledged to that have met 15% of their crowdfunding target but are still crowdfunding

2.	Factory East Community Project (Project Name: Boxing for the Community in London)	2	£9,132	£2,283	Still crowdfunding	A good application which details the need for additional equipment for the gym. The organisation delivers a number of projects around boxing in the community with a large take up (2000 people used the service in 2016). The project is also consistent with a number of key Council priorities including reducing isolation, tackling ASB, promoting cohesion and a healthier community.
3.	Rejuvenate UK CIC (Project Name: East London Makerspace)	2	£60,656	£10,000	Still crowdfunding	A very good application with a lot of support in terms of comments and likes. The organisation is active on social media and has organised open days to promote the project. The application is also the only Tower Hamlets based organisation to receive a crowdfunding pledge through the GLA in 2017. Recycling is a key Council priority in both the community and strategic plans. The organisation seems to have a very innovative project here around both recycling and reusing.

4.	Transform UK (Project Name: Transform Shoreditch: Café and Arts Space)	2	£151,177	£10,000	Still crowdfunding	Very strong application from the organisation. This is a large scale project which has also secured a pledge from Esmee Fairbairn and Veolia. The project has widespread support from the community with 140 pledges although these are fairly high (excluding In-Kind £91 per pledge). The Spacehive page also has a number of comments and responses from the organisation. The responses to the two questions are good. It is evident that there is a need for good quality spaces in the borough for young people and this has the opportunity to be one of them.
	TOTAL			£23,425.25		

6. COMMENTS OF THE CHIEF FINANCE OFFICER

- 6.1 Under the framework set out between para 5.1 to 5.4, voluntary and community sector organisations are supported in their efforts to embrace crowdfunding through the appropriate portal.
- 6.2 The DCLG Commissioners agreed a provision of £120k to support the Innovation Fund during April 2016 to provide such community support.
- 6.3 This funding was set aside and is available to support new Innovation Fund schemes.
- 6.4 The organisations identified under para 5.5 generate a potential total liability of £23.4k which equates to less than twenty percent of the total Innovation Fund and therefore well within the overall provision.
- 6.5 The funding provided is one-off and officers will be required to ensure that expenditure remain within the existing Innovation envelope by means of closely monitoring budgets and payment activity.

7. LEGAL COMMENTS

- 7.1 The Council has power to make the grants under section 1 of the Localism Act 2011 which gives the Council the general power of competence. This means that the Council has the power to do anything which an ordinary human being could do, unless statute specifically restricts the Council for acting in the way it wishes. It appears that there is no specific legislation prohibiting the making of grants of this nature.
- 7.2 However, the Council must satisfy itself that the giving of any such grant would not constitute State Aid for the purposes of European Law. At £10,000 each as a maximum, the grants themselves are likely to fall below the de minimis block exemption that applies to State Aid and it is also unlikely that an organisation resident in another member state would be interested in providing activities in the UK of a type similar to that which a grantee would carry out.
- 7.3 However, the Council needs to maintain a record and have cognisance of the cumulative effect of the grants both in terms of the total given out generally and as regards the identities of the particular recipients of the grant.
- 7.4 It is notable that the Council may only give a grant where the grantee has no other pecuniary interest in the scheme. For example, that the grantee does not make a profit. In the event that a pecuniary interest is present it is likely that the particular scheme would be considered Procurement Activity rather than a grant and should be treated as a procurement exercise under a separate regime and in accordance with the Council's Constitution.
- 7.5 It is significant that the Council has cognisance of the identities of other organisations who have provided grant funding as part of the Crowd. This is particularly important given the fact that the body of the report details an application procedure which runs alongside the collection of the crowd fund i.e. it was not obvious at the time of the application from where the other funds are coming. The Council needs to ensure that the Council is only bound into

ventures with organisations that in the ordinary course of events are of a type with which the Council should deal.

- 7.6 The Council needs to continue to ensure that the application procedure is fair open and transparent and each application is assessed in accordance with the published criteria of the fund. This is because the Council funds are held under a fiduciary duty for members of the public generally. Therefore, within the constraints of the rules of the fund, the money should be open to all to make an application. Also, as time goes by and as more funding is granted the Council needs to show that it has a consistent approach to the approval of grants and demonstrate rationality.
- 7.7 The Council has a duty to achieve Best Value in respect of its expenditures. This is by virtue of Section 3 of the Local Government Act 1999. The Council must satisfy itself that the giving of any grant represents Best Value. This means that it will have to ensure that any grant is made under terms that enable monitoring to demonstrate that the money achieves the appropriate outcomes for which it was given.
- 7.8 The Council and in particular the fund panel need to continue to be particularly aware as to how each scheme may affect person with a protected characteristic for the purposes of the Equality Act 2010. A review should be undertaken of the grants given on a regular basis to ensure that funds are distributed appropriately and in a manner consistent with the Council's Equality Duty under section 149 of the Act. In particular the Council should ensure that it has taken appropriate measures to understand the impact any decision might have in respect of such persons when considering the Council's involvement in respect of a particular application

8. ONE TOWER HAMLETS CONSIDERATIONS

- 8.1 The contribution of voluntary and community sector organisations to delivering One Tower Hamlets objectives and priorities are explicitly recognised in the Council's Voluntary and Community Sector strategy. Organisations play a key role in delivering services that address inequality, improve cohesion and increase community leadership: the deliveries of these services are real examples of 'One Tower Hamlets' in practice.
- 8.2 The opportunities offered through the Innovation Fund and the Spacehive initiative will play a key role in delivering the aims of One Tower Hamlets.

9. BEST VALUE (BV) IMPLICATIONS

- 9.1 The proposed matched funded arrangements will maximise use of available innovation funding, delivery and outcomes for the community. Matched funding arrangements will encourage engagement from the local community.
- 9.2 Eligibility criteria requires projects to demonstrate and deliver proposals that meet the Council's priorities detailed in the Community and Strategic Plans and Voluntary and Community Sector Strategy.
- 9.3 Applicants applying for higher level awards will need to demonstrate a high quality offer and good value for money, with sufficient matched funding from other sources.

9.4 The proposal delvers on the VCS Strategy objective to identify potential external funding sources to expand and diversify the resource base of local voluntary and community sector organisations.

10. SUSTAINABLE ACTION FOR A GREENER ENVIRONMENT

10.1 There are no immediate sustainable or environmental issues arising from this report.

11. RISK MANAGEMENT IMPLICATIONS

11.1 A number of different risks arise from any funding of external organisations. The key risks are:

- The funding may not be fully utilised i.e. allocations remain unspent and outcomes are not maximised
- The funding may be used for purposes that have not been agreed e.g. in the case of fraud
- The organisation may not in the event have the capacity to achieve the contracted outputs/outcomes

11.2 As part of the Programme Management arrangements, support will be provided to ensure that all risks are minimised.

12. CRIME AND DISORDER REDUCTION IMPLICATIONS

12.1 The Innovation Fund may cover a broad spectrum of activities some of which are key drivers in contributing to the reduction in crime and disorder; these include:

- Improving community cohesion
- Getting people into employment
- Providing timely advice and advocacy
- Supporting 'at risk' individuals

13. SAFEGUARDING IMPLICATIONS

13.1 As part of the application process organisations will be required to provide details of their safeguarding policy if appropriate. The Grant Agreement that funded organisations enter into commits them to complying with a number of requirements in relation to safeguarding.

13.2 If the organisation provides services to persons under 18 or to vulnerable adults and employs staff or volunteers in a position whose duties include caring for, training, supervising or being responsible in some way for children or vulnerable adults or who have access to records or information about any of these types of individuals, the organisation must ensure that all such staff and volunteers receive an Enhanced Check For Regulated Activity for the purposes of the Protection of Freedoms Act 2012 (Disclosure and Barring Service Transfer of Functions) Order 2012 before such staff and volunteers commence relevant activities.

Reasons for Urgency

Please note this report must be considered at this meeting as costs have already been incurred and an agreement is required urgently regarding Council contribution towards these costs.

Executive Summary

LBTH currently commissions a number of treatment interventions for individuals who misuse drugs / alcohol. The primary service providing such interventions is Reset drug / alcohol treatment service currently contracted to East London Foundation Trust (ELFT). The cost of this service is met via the Public Health Grant. An important element of the treatment of drug / alcohol addictions is pharmacological therapy. A number of different drugs are used though many will be familiar with Methadone and Buprenorphine used to substitute illicit Opiates (mainly Heroin). In Tower Hamlets, these drugs are prescribed by Reset treatment service (ELFT) practitioners and by GPs.

The costs associated with prescribing these drugs have been shared over time with both LBTH and Tower Hamlets Clinical Commissioning Group funding this resource. Due to the recommissioning undertaken across the drug / alcohol treatment system and to ensure transparency, a grants agreement is required to reimburse THCCG a proportion of these prescribing costs on an annual basis.

Recommendations:

The Mayor in Cabinet is recommended to:

1. Approve an annual grant to THCCG to the value of £210k to fund drug costs associated with substance misuse treatment interventions for the

duration of the current Reset contract with ELFT (due to end on 30th October 2018 or 30th October 2019 if the option to extend is exercised).

2. Delegate authority to Corporate Director Health, Adults and Community to approve risk share agreement between THCCG and LBTH.
Note that payment of the grant will be made in arrears at the end of the year in which expenditure was incurred. The first payment will therefore be for the contract year 31st October 2016 to 30th October 2017.

1 REASONS FOR THE DECISIONS

- 1.1 To facilitate service delivery as per the service specification for Reset drug / alcohol treatment service and to ensure appropriate clinical governance.
- 1.2 To ensure a transparent transfer of funds to Tower Hamlets Clinical Commissioning Group (THCCG) to reimburse drug costs incurred by the Reset service.

2 ALTERNATIVE OPTIONS

- 2.1 LBTH to transfer liability for prescribing costs to Reset drug / alcohol treatment service. This would require a contract variation agreeable to both parties and would limit control over prescribing costs within the service. Such an arrangement would require discussions with THCCG in relation to whether an agreed funding contribution would be forthcoming. In the event that the contract was let to a non-NHS provider in the future, such an arrangement would need to be reconsidered.
- 2.2 No contribution to be made. This would jeopardise the significant sum currently resourced by THCCG and result in a funding gap.

3 DETAILS OF REPORT

- 3.1 LBTH currently commissions a number of treatment interventions for individuals who misuse drugs / alcohol. The primary service providing such interventions is Reset drug / alcohol treatment service currently contracted to East London Foundation Trust (ELFT) from 31st October 2016 to 30th October 2018 (30th October 2019 if the option to extend by one year is exercised). The cost of this service is met via the Public Health Grant.
- 3.2 An important element of the treatment of drug / alcohol addictions is pharmacological therapy. A number of different drugs are used though many will be familiar with Methadone and Buprenorphine used to substitute illicit Opiates (mainly Heroin). In Tower Hamlets, these drugs are prescribed by Reset treatment service (ELFT) practitioners and by GPs.

- 3.3 Prior to the transition of Public Health (and the Public Health Grant) into the Local Authority, the majority of funds for substance misuse treatment interventions were held by Tower Hamlets PCT. Upon the transition of Public Health in 2013, funding associated with public health initiatives (including substance misuse) were amalgamated and allocated to LBTH via the Public Health Grant. Whilst this included all funding associated with treatment service contracts, it did not include funding associated with prescribing costs and other non-discreet services such as diagnostic testing.
- 3.4 At the point of transition in 2013, substance misuse services were structured and contracted very differently to the current treatment system which was implemented in October 2016. Prescriptions for the drugs concerned were written by GPs with a special interest in substance misuse (GPwSIs) who worked in treatment services, ELFT practitioners working in the Specialist Addictions Unit (SAU) and General Practitioners within their own surgeries. GPwSIs and GPs used THPCT / THCCG prescription forms to prescribe and therefore these costs were picked up by THPCT / THCCG. ELFT practitioners prescribed on ELFT prescriptions and the costs of these drugs were included in the contractual value for the SAU service. Hence in 2013, the PHG allocated to LBTH included provision for SAU prescribing costs but not for the costs incurred for prescriptions written by GPs and GPwSIs. However, up until the point of implementing new services in October 2016, funding arrangements remained the same with THCCG paying for GP / GPwSI costs and LBTH funding the SAU service (including prescribing costs).
- 3.5 When treatment services were recommissioned in October 2016, the GPwSI function and the SAU contract was terminated. All prescribing is now undertaken by Reset drug / alcohol treatment service (ELFT) and GPs within their own practices. In 2015, an agreement was reached with THCCG that they would continue to fund all prescribing costs with the exception of the cost previously included within the SAU contractual value.
- 3.6 As drug costs were explicitly excluded from the contract value for Reset, it has been agreed that ELFT (or any future providers of the service) will prescribe on THCCG prescription forms. This means that THCCG will be billed for all prescribing costs associated with the service and reimbursement is required from LBTH to cover the costs that would have previously been incurred by the SAU service. Previous prescribing data (Appendix 1) has been analysed for the SAU service which shows that there was an average cost of £190k, with a minimum annual cost of £179k and a maximum annual cost of £208k.
- 3.7 After much deliberation within LBTH and with THCCG colleagues, LBTH legal services have recommended that this annual payment is made as a grant and thus requires approval by the grants sub-committee.
- 3.8 LBTH officers are currently working with THCCG to develop a Memorandum of Understanding to outline the operating framework for this arrangement. The agreement will include matters relating to:

- Risk share relating to any potential budget overspend.
- Agreed contribution in the event of a shared underspend.
- Clinical governance
- Development and co-ordination of a substance misuse prescribing sub-committee
- Agreed prescribing guidelines
- Drug inventory
- Budget management controls
- Performance management of ELFT in relation to prescribing spend
- Agreed procedures / responsibilities for approving prescribers, ordering prescription forms etc.

This document requires more discussion between both organisations and it is requested that delegated authority be given to the Corporate Director, Health, Adults and Community to sign off this agreement.

4. COMMENTS OF THE CHIEF FINANCE OFFICER

- 4.1 The report recommends grant awards of £210k per annum for the period October 2016-October 2019 to the THCCG to fund drug costs associated with substance misuse treatment interventions. The reasons for this are detailed within the body of the report above and the cost of this award will be funded through the Public Health Grant.

5. LEGAL COMMENTS

- 5.1 The arrangement described in this report is a grant. Under the law there is no set definition of a grant. However, there are certain circumstances described where a grant ceases to be a grant and therefore, generally, a grant arrangement remains provided that these circumstances are not present in the arrangement.
- 5.2 A grant is based in the law of trusts and is essentially a gift. However, as in this report the gift is being given with a particular purpose in mind and the grant should only be used for that purpose. Should the grant recipient use the grant in contravention of the conditions the grantor may feel aggrieved and wish to seek recourse and therefore, grants for a purpose are often mistaken for legally binding contracts.
- 5.3 One of the significant circumstances that cause a grant to cease being a grant is if the recipient has a pecuniary interest in the grant arrangement. For example, the ability to make profit. Under the Public Contracts Regulations 2015 the example of gaining a pecuniary interest is used to determine when a grant ceases to be a grant and becomes commercial contract activity that requires tendering.
- 5.4 In this specific example, the grant is being made for the purpose of reimbursing the CCG for costs it has incurred for the purchase of the pharmacological therapy items. However, the CCG is not making a profit from the transaction, nor is it operating as some form of resale to the Council

(albeit with the products used by the service users). On a practical basis the Council is merely making a contribution towards the cost of the service in line with its statutory obligations under the National Health Service Act 2006. It is therefore right that the arrangement be regarded as a grant rather than a contractual purchase which would attract the need to submit the process to a competitive exercise.

- 5.5 From the information provided it appears that the payments to the CCG are capable of being supported under the Council's powers, specifically section 1 of the Localism Act 2011 which provides the general power of competence. In summary, this power enables the Council to do anything that any ordinary human being may do, unless statute specially restricts the Council from acting in the way it wishes. Therefore, in the absence of specific legislation to the contrary it would appear to be within the Council's power to issue the grant payments to the CCG, subject to oversight of the Commissioners.
- 5.6 The Council has a duty under Section 3 of the Local Government Act 1999 to ensure that it makes arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness. The CCG's overall contribution to the arrangements and the MoU that is intended to be incorporated should assist the Council in substantiating best value in the circumstances.
- 5.7 When considering making grants, the Council must have due regard to the need to eliminate unlawful conduct under the Equality Act 2010, the need to advance equality of opportunity and the need to foster good relations between persons who share a protected characteristic and those who do not (the public sector equality duty - PSED). Officers should continuously consider, at every stage, if there may be any impacts in respect of the Council's PSED. This includes, where appropriate, completing an equality impact assessment which should be proportionate to the function in question and its potential impacts.

6. ONE TOWER HAMLETS CONSIDERATIONS

- 6.1 Substance misuse services are subject to annual needs assessments and service equity audits. There are no impacts on equality as a result of this funding arrangement.

7. BEST VALUE (BV) IMPLICATIONS

- 7.1 The exclusion of prescribing costs from the service specification ensures an additional control measure on the cost of the treatment service and safeguards investment in frontline staff.
- 7.2 The contribution of THCCG is well received and alternative arrangements would be challenging to resource.

8. SUSTAINABLE ACTION FOR A GREENER ENVIRONMENT

8.1 No impacts

9. RISK MANAGEMENT IMPLICATIONS

9.1 The risks within this proposal are primarily related to the variable budget. Whilst the prescribing budget in recent years has been relatively stable, the impact of the new service model cannot accurately be estimated.

9.2 Whilst the new service is anticipated to be more effective in facilitating service users to complete treatment earlier and hence incur lower prescribing costs, it is also expected to increase the total cohort in treatment.

9.3 There is also the risk of new pharmacological technologies being developed for the treatment of addiction which could be expensive. There are no known developments anticipated currently. Any future risk would be managed via discussion within the prescribing sub-committee as to the merits and affordability of such drugs in the first instance. This would be followed by agreed addition to the approved formulary of prescribable drugs if possible, with or without prescribing restrictions. If an increased budget was required to meet costs, this would be discussed with both organisations to determine whether resource was available prior to authorising prescribing of the relevant medications.

10. CRIME AND DISORDER REDUCTION IMPLICATIONS

10.1 The use of Opiate Substitution Therapy and successful engagement in drug treatment has demonstrated effectiveness in reducing crime and is an essential element of the National Drug Strategy as well as Tower Hamlets Substance Misuse Strategy.

11. SAFEGUARDING IMPLICATIONS

11.1 Successful treatment of drug / alcohol misuse has many benefits for affected families, safeguarding both vulnerable adults and children of drug / alcohol users. Much of this treatment relies upon effective pharmacological therapies alongside psychosocial interventions.

1. EXECUTIVE SUMMARY

- 1.1 This report seeks a decision with regards to the consideration of a grant to a Voluntary and Community Organisations in relation to the Council’s Emergency Funding Scheme.
- 1.2 The report also seeks approval from the Sub-Committee on delegating decision making in respect of Emergency Funding and in line with the agreed criteria, to the Corporate Director, Resources, after consultation with the Executive Mayor.

2. RECOMMENDATIONS

- 2.1 The Grants Determination (Cabinet) Sub-Committee is recommended to:
 - i. Approve the officer recommendation not to award emergency funding based on the analysis set out in paragraph 5.2 of this report.
 - ii. That decision making for future applications relating to the Emergency Funding Programme be delegated to the Corporate Director, Resources, after consultation with the Executive Mayor, as detailed in 5.4 of this report.

3. REASONS FOR THE DECISIONS

- 3.1 The decision is required in order to enable officers to advise the organisation making the application and where appropriate, to prepare Grant Offer Letters and enter into contractual arrangements with the organisation.
- 3.2 A decision is required with regards to delegating future decision making related to emergency funding applications so a coherent system can be put in place where the Corporate Director, Resources can make decisions after consultation with the Executive mayor.

4. ALTERNATIVE OPTIONS

- 4.1 The Grants Determination Sub-Committee may wish to:
- i. Vary the recommended level of grant funding;
 - ii. Agree alternative arrangements for supporting some of the activities recommended for funding;
 - iii. Continue with the current arrangements of decisions being made by the Grants Determination Sub-Committee, although this is likely to delay rectifying an emergency an organisation is facing; or
 - iv. Where, due to urgency, to seek approval of the Grants Scrutiny Sub-Committee, to ask the Mayor to make an Individual Mayoral decision.

5. DETAILS OF REPORT

- 5.1 Historically, the Council had emergency funding arrangements in place enabling local voluntary and community organisations to apply for what was often referred to as life-and-limb support. The current Emergency Funding Scheme is that approved by the Commissioners at their meeting on the 27th September 2016.
- 5.2 The table below details the grant application that has been received in the Phase 10 period (September 2017) showing a requested total of £13,500 against the current available budget of £82,394.

No.	Organisation	Amount requested	Recommended Award	Reason for Recommendation
1	Ashaadibi Education & Cultural Centre	£13,500	£0.00	Does not meet eligibility requirements – not currently receiving LBTH funding. The criteria states that an organisation must <i>'already (be) in receipt of Council funding which may be at risk as a result of the Emergency'</i> .
	TOTAL	£13,500	£0.00	

- 5.3 The application was assessed to establish the extent to which it meets the agreed Emergency Funding criterion. The completed eligibility checklist is attached in Appendix 2.
- 5.4 As this Grants Funding programme deals with applications from organisations that require emergency funding there is a need to make decisions in a timely and responsive manner. It will be challenging for organisations to wait until the next available Grants Determination Sub-Committee for a decision. It is therefore recommended that decision making is delegated to the Corporate Director, Resources after consultation with the Executive Mayor. Decisions will be made in strict accordance to the eligibility criteria and demonstration that the project is consistent with local priorities as detailed in the Community and Strategic Plans and Voluntary and Community Sector Strategy. Any decisions for funding as well as those not successful will be presented to the following Grants Determination Sub-Committee.

6. COMMENTS OF THE CHIEF FINANCE OFFICER

- 6.1 There are no direct financial implications arising from this report as the amount recommended will be taken from the existing budget allocations.

7. LEGAL COMMENTS

- 7.1 The Council has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness. This is referred to as the Council's best value duty. Best Value considerations have also been addressed in section 9 of the report.
- 7.2 Applying this duty to grants, the Council must operate a fair and open application procedure to process a request to obtain funding. Requests for grant funding should ordinarily be measured against a predetermined set of criteria and the criteria themselves must be fair and transparent. The grant agreement should include a clear monitoring process against defined parameters in order for the Council to demonstrate either: that delivery is in line with the application and, therefore, the grant achieved its purpose; or provide clear delineation where outcomes were not achieved and the reasons for such failure are apparent. Monitoring should therefore include measuring performance against the expected outcomes.
- 7.3 This report advises the Grants Determination Sub-Committee of an application for grants from a Voluntary and Community Organisation for the Council's Emergency Funding. This grant is discretionary and the application has been assessed on their individual merit against the agreed emergency funding criteria, approved at the Commissioners Decision Making Meeting on 27th September 2016. In this case, the recommendation is to refuse the application for the reasons as set out in the table at paragraph 5.2 of the report on the basis that it does not meet the eligibility criteria and which is a valid ground for refusal.
- 7.4 Under the Mayor's Executive Scheme of Delegation, the Mayor has delegated decisions in relation to grants to the Grants Determination Sub-Committee. This was in compliance with the Council's Best Value Action Plan in response

to the Secretary of State's Directions. The Mayor can further delegate certain functions in respect of grants to officers but any delegation must be considered having regard to the Council's Best Value obligations as well as the need for transparency of decision making.

7.5 Of course, paragraph 6.3 of Rule 3 of the Executive Procedure Rules provides that the delegation to the Grants Determination Sub-Committee is subject to the Mayor's prerogative to make decisions on all matters relating to all his statutory powers. Rather than delegate to officers, the Mayor can make the decision on urgent emergency funding by way of an Individual Mayoral Decision.

7.6 Whether it is delegated to officers or the Mayor takes an individual decision, the matter must be reported to the next available Grants Determination Sub-Committee for their noting. This report must address why the matter was so urgent that it could not wait until the Grants Determination Sub-Committee for determination.

8. ONE TOWER HAMLETS CONSIDERATIONS

8.1 The Council's support of the voluntary and community sector through grants contributes to the delivery of One Tower Hamlets priorities and objectives.

9. BEST VALUE (BV) IMPLICATIONS

9.1 Grants are considered through the Emergency Fund Programme to ensure organisations are not at risk of increased costs in future when an emergency isn't remedied and to safeguard any existing Council projects the organisation may be delivering.

10. SUSTAINABLE ACTION FOR A GREENER ENVIRONMENT

10.1 There are no immediate sustainable or environmental issues arising from this report.

11. RISK MANAGEMENT IMPLICATIONS

11.1 A number of different risks arise from any funding of external organisations. The key risks are:

- The funding may not be fully utilised i.e. allocations remain unspent and outcomes are not maximised
- The funding may be used for purposes that have not been agreed e.g. in the case of fraud
- The organisation may not in the event have the capacity to achieve the contracted outputs/outcomes

11.2 As part of the Programme Management arrangements, support will be provided to ensure that all risks are minimised.

12. CRIME AND DISORDER REDUCTION IMPLICATIONS

12.1 There are no immediate Crime and Disorder reduction implications.

13. SAFEGUARDING IMPLICATIONS

13.1 There are no safeguarding risks or benefits from the proposals detailed in the report.
