# Agenda Item 2.

## **DECLARATIONS OF INTERESTS - NOTE FROM THE MONITORING OFFICER**

This note is for guidance only. For further details please consult the Members' Code of Conduct at Part 5.1 of the Council's Constitution.

Please note that the question of whether a Member has an interest in any matter, and whether or not that interest is a Disclosable Pecuniary Interest, is for that Member to decide. Advice is available from officers as listed below but they cannot make the decision for the Member. If in doubt as to the nature of an interest it is advisable to seek advice **prior** to attending a meeting.

### **Interests and Disclosable Pecuniary Interests (DPIs)**

You have an interest in any business of the authority where that business relates to or is likely to affect any of the persons, bodies or matters listed in section 4.1 (a) of the Code of Conduct; and might reasonably be regarded as affecting the well-being or financial position of yourself, a member of your family or a person with whom you have a close association, to a greater extent than the majority of other council tax payers, ratepayers or inhabitants of the ward affected.

You must notify the Monitoring Officer in writing of any such interest, for inclusion in the Register of Members' Interests which is available for public inspection and on the Council's Website.

Once you have recorded an interest in the Register, you are not then required to declare that interest at each meeting where the business is discussed, unless the interest is a Disclosable Pecuniary Interest (DPI).

A DPI is defined in Regulations as a pecuniary interest of any of the descriptions listed at **Appendix A** overleaf. Please note that a Member's DPIs include his/her own relevant interests and also those of his/her spouse or civil partner; or a person with whom the Member is living as husband and wife; or a person with whom the Member is living as if they were civil partners; if the Member is aware that that other person has the interest.

### **Effect of a Disclosable Pecuniary Interest on participation at meetings**

Where you have a DPI in any business of the Council you must, unless you have obtained a dispensation from the authority's Monitoring Officer following consideration by the Dispensations Sub-Committee of the Standards Advisory Committee:-

- not seek to improperly influence a decision about that business; and
- not exercise executive functions in relation to that business.

If you are present at a meeting where that business is discussed, you must:-

- Disclose to the meeting the existence and nature of the interest at the start of the meeting or when the interest becomes apparent, if later; and
- Leave the room (including any public viewing area) for the duration of consideration and decision on the item and not seek to influence the debate or decision

When declaring a DPI, Members should specify the nature of the interest and the agenda item to which the interest relates. This procedure is designed to assist the public's understanding of the meeting and to enable a full record to be made in the minutes of the meeting.

Where you have a DPI in any business of the authority which is not included in the Member's register of interests and you attend a meeting of the authority at which the business is considered, in addition to disclosing the interest to that meeting, you must also within 28 days notify the Monitoring Officer of the interest for inclusion in the Register.

**Further advice**

For further advice please contact:-

**1. APOLOGIES FOR ABSENCE**

No apologies for absence were received.

## **2. DECLARATIONS OF INTERESTS**

Councillor Asma Begum declared interests in agenda items 7.6, MSG Extension Report and 7.7, MSG Quarterly Monitoring Update 2018-19 and Rent in respect of the recommendations regarding the Tower Hamlets Youth Sports Foundation. This was on the basis that:

- Her spouse was formerly a trustee of the THYSF. However he had stood down from the Board
- Her daughter attended an afterschool provision supplied by THYSF.

Councillor Begum did not participate in the discussion or decisions relating to these items.

Councillor Marc Francis, Chair of the Grants Scrutiny Sub – Committee also declared that he had a disclosable non – pecuniary interest in the following agenda items as his partner Councillor Rachel Blake was the Deputy Mayor and Cabinet Member for Regeneration and Air Quality:

- 7.1, Tower Hamlets Affordable Housing Grant Programme - Burdett Road (Mulberry House).
- 7.2, TH Affordable Housing Grant - continuous market engagement (George Green Almshouses)
- 7.4, SME Energy Reduction Grants Programme.
- 7.5, Historic Buildings Grant - Oxford House.

Councillor Francis advised that due to this interest, he did not participate in the discussion on these items at the Grants Scrutiny Sub – Committee meeting on Monday 4th June 2018 but he would report their comments to the Grants Determination Sub-Committee in respect of these items.

The Mayor declared a personal interest in item 7.5 Historic Buildings Grant - Oxford House, in that he had been involved at the initiation of the project to preserve historic buildings.

## **3. UNRESTRICTED MINUTES**

The minutes of the meeting held on 13<sup>th</sup> March 2018 were agreed and approved as a correct record.

## **4. CONSIDERATION OF PUBLIC SUBMISSIONS**

There were no public submissions relating to the agenda items to be considered at the meeting.

## **5. EXERCISE OF MAYORAL DISCRETIONS**

The Sub Committee noted that, since the last meeting, the Mayor had taken no urgent decisions in the form of an Individual Mayoral Decision that related to grants.

## **6. GRANTS DETERMINATION SUB-COMMITTEE TERMS OF REFERENCE, QUORUM, MEMBERSHIP AND DATES OF MEETINGS**

The Sub- Committee considered the report setting out its Terms of Reference, Quorum, Membership and Dates of meetings for the Municipal Year 2018/19

### **RESOLVED**

1. That the Terms of Reference, Quorum, Membership and Dates of meetings for the Municipal Year 2018/19 as set out in Appendices 1, 2 and 3 be noted.

## **7. REPORTS FOR CONSIDERATION**

*General Feedback from Grants Scrutiny Sub Committee (GSSC).*

A written summary of the comments of GSSC was tabled at the meeting.

### **7.1 Tower Hamlets Affordable Housing Grant Programme - Burdett Road (Mulberry House)**

The Sub-Committee considered the report which proposed to allocate Right to Buy receipt grant funding to Mulberry Housing Society to part finance the acquisition of 42 properties in Burdett Road. The grant request would contribute 30% of the scheme costs associated with the rented element.

The Sub-Committee were reminded that on 7<sup>th</sup> February 2018, the Mayor in Cabinet agreed to establish two housing delivery vehicles to expand the range of options open to the Council to deliver new housing supply across tenures. They also approved £9M of retained Right to Buy receipts for Mulberry Housing Society to purchase affordable housing.

The Sub - Committee also noted the terms of the proposed grant and that Officers considered that the proposal would provide good value for money.

The Mayor enquired and the Chair of the GSSC reported that the Sub-Committee asked questions about the management of the properties on completion of the scheme and the freehold interest. The GSSC were satisfied with the responses provided in respect of these issues and endorsed the recommendations. The Mayor then invited GDSC Members to comment on the report and they indicated that they supported the proposals.

**RESOLVED**

1. That the Corporate Director Place be authorised to award Right To Buy receipt grant funding of £2.3m to Mulberry Housing Society; in addition, allow 10% uplift to the agreed amounts to take account of potential increases in acquisition costs.
2. That the Corporate Director Place be authorised to enter into a grant agreement and make decisions relating to any associated matter to give effect to the delegation referred to in resolution 1 above.
3. To note the Equalities Impact Assessment / specific equalities considerations as set out in Paragraph 4

**7.2 TH Affordable Housing Grant - continuous market engagement (George Green Almshouses)**

Tracey St Hill, (Principal RSL Partnerships Officer) presented the report seeking the allocation of grant funding to the George Green Almshouses for the provision of additional affordable housing from right to buy receipts.

The Sub - Committee were reminded that in December 2015, the Commissioners agreed that £7.06 million of retained Right to Buy Grants Receipts could be used for the establishment of a Local Affordable Grants Programme for the provision of affordable housing. The Mayor in Cabinet had since ratified grant funding for this scheme. The application from George Green Almshouses sought grant funding to provide two properties from Poplar Harca. They had since identified two properties.

The Chair invited the Chair of GSSC to comment on the report and he reported that the GSSC endorsed the recommendations. The Mayor then invited GDSC Members to comment on the report and they indicated that they supported the proposals.

**RESOLVED**

1. That the Corporate Director Place be authorised to award Right to Buy grant funding for the amount listed in 1.7 of the report to George Green's Almshouses, together with a 10% uplift to take account of potential increases in build or acquisition costs.
2. That the Corporate Director Place be authorised to enter into a grant agreement and make decisions relating to any associated matter to give effect to the delegation referred to in resolution 1 above.

### **7.3 Event Fund Report Quarters 2 - 3, 2017-18**

Alison Denning (Festival & Events Officer) presented the report which provided an overview of Event Fund applications for events taking place within quarters 2 -3 (between July 1st and December 31st 2017), and the Jo Cox / Big Lunch Great Get Together events. It covered the number of applications received, assessment process, the amount and nature of the applications funded, project descriptions and monitoring information amongst other matters.

The Mayor invited the Chair of GSSC to comment on the report. He indicated that the GSSC sought clarity on the geographical spread of events, the equality data, the applications declined and were satisfied with the responses received. The GSSC endorsed the report. The Mayor then invited GDSC Members to comment on the report. Members expressed comments about the geographical coverage of the programme, particularly in Blackwall and Cubitt Town.

#### **RESOLVED**

1. That the contents of the report be noted

### **7.4 SME Energy Reduction Grants Programme**

Abdul J Khan, (Sustainable Development Manager) presented the report, seeking the allocation of grant funding to SME's from S106 Funds from the Carbon Fund for energy reduction projects in the borough.

He outlined the decision making background and the key features of the programme.

The Mayor invited the Chair of GSSC to comment on the report and he reported that the GSSC sought clarity on the funding priorities and the checks on projects. The Chair also indicated that Councillor Andrew Wood objected to the proposal to award grants to businesses. However, the GSSC endorsed the recommendations. The Mayor also asked about the selection process and it was noted that each application would be assessed according to the criteria to ensure that those that would deliver the greatest benefit would secure funding.

The Mayor then invited GDSC Members to comment on the report and they indicated that they supported the proposals.

#### **RESOLVED**

1. That the grant funding of £220,000 be approved to deliver the SME Energy Reduction Programme

2. That the Corporate Director Place be authorised to enter into grant agreements and make any associated decisions in order to distribute the funding

### **7.5 Historic Buildings Grant - Oxford House**

Owen Whalley, (Divisional Director - Planning and Building Control), presented the item. The report proposed the award of an LBTH Historic buildings grant to Oxford House, Derbyshire Road for vital repair works to the Grade 11 listed building. The grant would contribute to match funding for a larger Heritage Lottery Fund Grant.

The Mayor invited the Chair of GSSC to comment on the report and he indicated the GSSC sought and obtained reassurances about the maintenance of the building and endorsed the recommendations. The Mayor then invited GDSC Members to comment on the report and they indicated that they supported the proposals.

#### **RESOLVED**

1. That the Corporate Director Place be authorised to issue a formal offer of grant to Oxford House in Bethnal Green to a maximum value of £95,902.00 for repair works to the roof and high level windows.
2. That the Corporate Director Place be authorised to enter into the grant agreement and any such other agreements required to effect the grant and the use of the grant as detailed in paragraph 1 of the report.

### **7.6 MSG Extension Report**

The report was urgent due to the extension considerations for Mainstream Grants and the decisions required in relation to the extension.

David Freeman (Voluntary and Community Sector (VCS) Strategy Manager presented the report, circulated in a supplementary agenda, proposing a further extension of the current MSG programme to 30<sup>th</sup> September 2019 to allow further time for co-production with the VCS of the Community Commissioning funding programme which will succeed MSG.

The Mayor invited the Chair of GSSC to comment on the report and he indicated that whilst mindful that the MSG had been extended on one previous occasion and the opportunity costs of the decision, they considered it justifiable to grant this extension and endorsed the proposal.

The Sub – Committee agreed that recommendation 3 in the report (regarding the recommendations for individual projects not to be extended) be considered as part of the discussion on item 7.7,MSG Quarterly Monitoring Update 2018-19 and Rent.

**RESOLVED**

1. That it be agreed that the current MSG programme be extended by six months to 30 September 2019 for those projects which receive grants and which are also performing satisfactorily.
2. Agree the recommendations for the extension of individual MSG funded projects to 30<sup>th</sup> September 2019, as detailed in Appendix 1. *(109 projects)*
3. That the consideration of the recommendations for individual projects not to be extended (as set out in Appendix 2) be considered as part of the discussion on item 7.7. MSG Quarterly Monitoring Update 2018-19 and Rent.
4. That the Corporate Director, Resources be delegated the negotiation and signing of Grant Offer extension letters setting out the detailed targets and conditions for the extension period.
5. That it be agreed that a condition of the extension will be for projects to maintain satisfactory performance up to the end of the current three year MSG programme, which is 31 August 2018.

**7.7 MSG Quarterly Monitoring Update 2018-19 and Rent**

The report was urgent due to the extension considerations for Mainstream Grants and the decisions required in relation to the decision.

Zena Cooke, (Corporate Director, Resources) presented the report, circulated in a supplementary agenda. The report covered the red ,amber and green projects, within the Council's agreed MSG framework.

The Sub – Committee noted the issues in respect of the Tower Hamlets Youth Sports Foundation projects which had been rated as red projects. The Council had offered support to the THYSF over a period of 15 months to address the issues around outstanding monitoring returns and premises issues. The information required remained outstanding. The proposals complied with the criteria for the releasing of payments

The Mayor invited the Chair of GSSC to comment on the report. The Chair reported that they sought more information relating to the Tevoit British Bangladeshi Association regarding safeguarding issues. They considered that such information should be included in future monitoring reports if pertinent. Furthermore, whilst mindful of the support offered by the Council to THYSF, they urged that the GSSC should not suspend the grant payments at this stage but encourage officers to continue to offer support to the organisation. The GSSC endorsed all other recommendations in the report.

In view of the above, the Sub – Committee agreed that the consideration of the recommendation not to extend individual projects (as set out in Appendix 2 of the agenda item 7.6 MSG Extension report) be deferred for a further review of the impact on projects and if necessary be taken by the Mayor as an Individual Mayor Decision, should the timescales require this.

## **RESOLVED**

1. That the Grants Determination Sub-Committee agrees the following decisions in respect of releasing of MSG payments to the projects as set out in section 3.3, 3.5, 3.8, , 3.10 and 3.11 of the report

Teviot British Bangladeshi Association. Payment be suspended to the Teviot British Bangladeshi Association pending the satisfactory clarification of operational arrangements, submission and agreement of an action plan to manage missed targets. Payment be released conditional on receipt of all information, together with confirmation of satisfactory performance. The Corporate Director, Resources after consultation with the Executive Mayor, be given delegated authority to release payments subject to these conditions being met.

Community of Refugees from Vietnam - East London that payment be suspended until a satisfactory monitoring visit is undertaken to confirm performance. In the event that the visit confirms satisfactory performance, payment be released.

Wadajir Somali Community Centre. In accordance with MSG procedures for amber related projects, Wadajir Somali Community Centre receive two thirds grant payment due pending a satisfactory monitoring visit to verify that service delivery has resumed in full. Once it is confirmed that satisfactory performance has resumed and performance is back to Green in accordance with the RAG performance rating, grant payments can be released accordingly.

Tower Hamlets Youth Sports Foundation - That in light of significant performance and outstanding premises issues across all three THYSF projects, payments be suspended in light of THYSF Red performance rating and that Grants Determination Sub Committee note the support offered to THYSF in resolving these issues and agree that:

For outstanding periods where there are premises issues only, individual payments be released upon satisfactory resolution via delegated authority by the Corporate Director, Resources.

For premises and performance issues combined, payments be released via delegated authority, conditional on receipt of all premises information required, together with confirmation of satisfactory performance for each payment period, by the Corporate Director, Resources after consultation with the Executive Mayor.

That the consideration of recommendation 3 in agenda item 7.6 be deferred for a further consideration of the implications on projects and if necessary the Mayor take the decision as an Individual Mayoral Decision should the timescales require this.

Bethnal Green Weightlifting Club. That payment to the Bethnal Green Weightlifting Club be suspended to the organisation until the Significant Variation request is agreed.

Pollyanna Training Theatre. That in recognition of Pollyanna Training Theatre's willingness to enter into a property agreement with the Council, payment be released to the organisation subject to satisfactory performance.

Family Action. That in acknowledgement of Family Action completing their old license, including payment of rent and considering their willingness to enter into an appropriate property agreement, MSG payments be released for this period subject to satisfactory performance.

2. That the organisations listed in table 1 below are granted a rent subsidy for up to the mentioned amounts. This would be from the completion of their new lease arrangements with the Council to the end of their MSG funding (30th September 2019)

Organisation	Current rent	Proposed rent	Subsidy 1 <sup>st</sup> July 18 to 30 <sup>th</sup> Sept 19
Age UK East London	0	£32,000	£40,000
Bethnal Green Weightlifting Club	0	£26,500	£32,500
Black Women's Health and Family Support	0	£34,000	£42,500
Legal Advice Centre (University House)	0	£24,000	£30,000
Our Base Ltd	0	£6,000	£7,500
Stifford Centre	£7,500	£24,450	£63,563
Tower Hamlets Community Transport	£600	£60,000	£75,000

That given Osmani's Significant Variation request has no adverse impact on achieving agreed project objectives and outcomes; the Significant Variation request is agreed.

That the significant variation for the Bethnal Green Weightlifting Club be agreed and amendments be made to the organisations offer letter.

Grants Determination (Cabinet) Sub-Committee

<b>Cabinet Decision – Grants Determination Sub-Committee</b>  1 <sup>st</sup> August 2018	
<b>Report of:</b> Denise Radley, Director, Health, Adults and Community	<b>Classification:</b> Unrestricted
<b>Island Medical Centre: Approval of the Allocation of S106 totalling £985,839</b>	

<b>Originating Officer(s)</b>	Matthew Phelan, Healthy Environment’s Programme Lead, Public Health
<b>Wards affected</b>	Blackwall and Cubitt
<b>Key Decision?</b>	Yes
<b>Community Plan Theme</b>	A healthy and supportive community

**Executive Summary:**

This report relates to the release of up to £985,839 of section 106 resources to NHS Tower Hamlets Clinical Commissioning Group (CCG) to deliver increased capacity, access and service provision in Island Medical Centre.

Population growth in Tower Hamlets will increase demand for primary care services. Primary care has been tasked with helping to reduce the funding gap across the NHS by providing more personalised, accessible community based services that will reduce avoidable pressures on hospital resources. An investment in primary care premises is necessary in order to respond to this requirement and to allow an increase in consultations with primary healthcare professionals.

Within the context of increasing financial challenges it is becoming ever more difficult for health services to fund new facilities and alternative funding sources are being pursued to cross-subsidise. The NHS in Tower Hamlets has a successful record in delivering health infrastructure initiatives aided by S106 contributions in partnership with the Council and a capital investment to improve primary care facilities and increase access to primary care is therefore appropriate through this route.

**Recommendations:**

The Grants Determination Sub-Committee is recommended to:

1. Approve the grant funding of £985,839 to NHS Tower Hamlets CCG to deliver increased capacity, access and service provision in primary care and maintain continuity of local GP services.

## **1. REASONS FOR THE DECISIONS**

- 1.1 Tower Hamlets is one of the most deprived boroughs in the country and the population is expected to reach nearly 315,000 by 2020<sup>1</sup>. Both NHS Tower Hamlets Commissioning Strategic Plan 2012 - 2015 and the Tower Hamlets 2016 - 2020 Health and Wellbeing Strategy highlight the development of health premises and the refurbishment of facilities as key to supporting both the integration and localisation of services linked with local area partnerships. The Commissioning Strategic plan describes the course of action to improve health outcomes for the local population and has a commitment to improve the quality of life for everyone in the borough by working in partnership with key stakeholders including the London Borough of Tower Hamlets.
- 1.2 Rapid population growth, stimulated by new residential development, is driving increased demand for healthcare provision in the affected localities. The proposed new health facilities and expansion will help build the extra clinical capacity that will be required to meet the increased demand for primary care.
- 1.3 Given the difficulties in obtaining new premises and the space and financial constraints on primary care services, the capital investment will enable GP Practices to increase their appointments and clinical capacity.
- 1.4 The project will allow a greater level of service to be offered to patients. The Island Medical Centre proposal will deliver a refurbished, modern and expanded fully equipped modern health facility with 4 additional clinical rooms in the South East Locality, with capacity for an additional 5,472 registered patients which will also provide up to 28k new patient appointments.
- 1.5 Finances will be spent in accordance with the s106 obligations and will deliver projects identified and agreed with the contributors in compliance with the s106 agreements.

## **2. ALTERNATIVE OPTIONS**

- 2.1 Do nothing, this would not achieve the objective to increase capacity, access and service provision in primary healthcare and additionally lead to the impact of development across the Borough upon health services to be unmitigated.
- 2.2 Tower Hamlets has one of the lowest healthy life expectancies for both men and women in the country and health inequalities particularly for BME people are a significant challenge for our communities. Additional infrastructure for GP services will provide additional resource for the council's Public Health service (through commissioning) and local health partners to tackle these health inequalities and improve outcomes for local residents, see section 6 for further information.

---

<sup>1</sup> GLA Population Project, 2014 round , Short Term Trend

2.3 The Blackwall and Cubitt Town region is particularly in need of additional health infrastructure, and extending healthcare provision in this ward will particularly affect several groups who are often disadvantaged with regards to access to healthcare. According to the 2011 census, 50% of the people living in this ward are BME, the proportion of socially rented households is almost double the London average and 8.5% of the population are classed as long term unemployed. Health inequalities research over the past decade has strongly indicated that low income and ethnic minority households are significantly more likely to experience poorer health outcomes. The Island Medical Centre expansion will therefore be occurring in a location of appropriate need.

### **3. ISLAND MEDICAL CENTRE**

3.1 The project will involve the health centre extending into another part of the building which is not currently in health usage in order to create more clinical space as well as remodelling the existing health space to increase the number of clinical rooms. The works proposed will provide an additional 4 GP consulting rooms and also the modernisation of the back office part of the surgery which will be relocated into the part of the building which is not currently in health usage.

3.2 Island Medical Centre was not included in the initial programme of Maximising Health Infrastructure (MHI) works to increase capacity in the health estate in Tower Hamlets, however, an opportunity has since then presented itself to expand the practice by leasing additional floor space. The project is therefore additional to that initial programme. The Harford and Whitechapel schemes in that programme have not proceeded beyond feasibility study and surveys due to it not being possible to obtain the necessary approvals, and hence the funds being requested here are being transferred from the original Maximising Health Infrastructure programme rather than being additional to it.

3.3 The Island Medical GP practice has a registered list of 7,629 patients. The extra clinical capacity provided by the proposed works will enable the practice to expand its patient list by a further 5,472 over the next five years to 2022/23. The remodelled and extended facility will allow patients to access a wider range of community and specialist health services that will be provided from the site.

3.4 The remodelling of the currently unused section of the health premises will add an additional 61m<sup>2</sup> of gross internal area (GIA) to the floor space of the health centre, enabling growth of the facility to a total of 347m<sup>2</sup>. The clerk's office, practice manager's office, kitchen/staff area, staff WC, coms room and administration room will be housed in what is currently an annex which is to be leased, in addition to the current health centre floor area, from the landlord by NHS Property Services. This will allow the staff areas in the current health centre to be remodelled to provide the additional and improved clinical spaces

3.5 The s106 contributions funding is set out below.

<b>Table 1</b>			
<b>Financial Resources</b>			
<b>Description</b>	<b>Amount £</b>	<b>Funding Source</b>	<b>Funding (Capital/ Revenue)</b>

6	Publicity and comms	150,758	January 2019
<b>Total</b>		<b>985,839</b>	

3.7 The funding will only be released to TH CCG once confirmation is received that the works have been satisfactorily completed. The oversight for the delivery of this project and general monitoring of healthcare capacity will be undertaken by the Tower Hamlets Together Capital and Estates group, which has representatives from the Council, TH CCG, Barts Health and the East London Foundation Trust. Public Health proposes to sponsor this programme of works.

#### **4. COMMENTS OF THE CHIEF FINANCE OFFICER**

4.1 The allocation of Section 106 resources of £985,839 towards the funding of the remodelling of the Island Medical Centre in Roserton Street was approved by the Mayor in Cabinet on 25<sup>th</sup> July 2018, and a corresponding capital estimate was adopted.

4.2 Payments of Section 106 or CIL resources to external bodies can potentially be determined to be grants which require the approval of the Grants

Determination Sub-Committee in accordance with the Council's decision making framework. This applies in the case of the Island Medical Practice project which requires funds to be transferred to the NHS Tower Hamlets Clinical Commissioning Group.

- 4.3 Commitments to fund schemes can only be made following the receipt of the relevant developer contributions. The proposed project will utilise elements of Section 106 resources that have been secured and received in relation to healthcare provision from two developments within the vicinity; PA/06/02068 - the former London Arena and PA/12/03247 - Island Point, 443-451 Westferry Road.
- 4.4 Funding will only be released once satisfactory completion of the works is confirmed (see paragraph 3.7). The project budget contains a contingency item of £123,700 which will only be utilised if officers are fully satisfied with the evidence provided to support the claim. Any unused contingency sum will be available for reallocation to other projects.

## **5. LEGAL COMMENTS**

- 5.1. The Council has the legal power to make this grant. This is because the grant involves the provision of "services or facilities for the prevention, diagnosis or treatment of illness". This is one of the steps it must take for the improvement of the health of the people in its area if also the Council thinks it is reasonable to do so under the law. The Council also has the power to do anything which is designed to discharge one of its functions.
- 5.2. The content of this report shows that the Council can reasonably come to the conclusion that the provision of the grant will improve the health of the people in the Borough and therefore the legal provisions are satisfied.
- 5.3. The grant does not allow for the CCG to make any profit from it. The grant is merely reimbursing the CCG for some of the costs of the works. Therefore, the grant does not constitute procurement activity and therefore is not a Public Works Contract for the purposes of European Procurement Law
- 5.4. The payment of the grant is conditional upon the works being properly completed. This should ensure that the money is only spent on this specific purpose. However, this must also be supported by an appropriate agreement which details both the expected outcomes and the Council's monitoring processes. This will allow the Council to demonstrate that it is continuing to comply with its Best Value legal duty
- 5.5. The payment of the grant in itself does not attract any particular equality issues. However, the Council should ensure that the intended works have

been properly assessed and where appropriate consultation has been carried out in order that the Council properly understands the impact of the works on any persons with a protected characteristic for the purposes of the Equality Act 2010.

## **6. ONE TOWER HAMLETS CONSIDERATIONS**

- 6.1 The expanded and refurbished building increase capacity and access to provide more clinical appointments to all service users in the local population. These enhancements will benefit service users, in particular those who are more reliant upon health services including families with children, older people and those with complex health issues (including the disabled).
- 6.2 The project will not adversely affect people with protected characteristics.
- 6.3 An Equalities Analysis has been completed on the proposal and can be found in the background documents.

## **7. BEST VALUE (BV) IMPLICATIONS**

- 7.1 The delivery of this project ensures the Council meets its s106 obligations and spends funds in accordance with the agreement.
- 7.2 The project directly supports the HWB strategy to improve and develop local services; it also supports the Tower Hamlets' Commissioning Strategic Plan 2012 – 2015.
- 7.3 Additionally, through investing in primary care services, preventative steps are being taken to reduce demand upon hospital services which can often be more costly, thus supporting best value.

## **8. SUSTAINABLE ACTION FOR A GREENER ENVIRONMENT**

- 8.1 There are no implications.

## **9. RISK MANAGEMENT IMPLICATIONS**

- 9.1 There is a risk that if the project is not approved, the benefits identified for the project relating to increased and improved access to local services, improved patient experience, increased GP registrations in the area will not be realised.
- 9.2 In addition if this is not approved then as it is proposing the delivery of works in accordance with S106 requirements then there is a risk of non-fulfilment of S106 requirements, particularly those which are time sensitive.

## **10. CRIME AND DISORDER REDUCTION IMPLICATIONS**

10.1 There are no crime or disorder implications.

## **11. SAFEGUARDING IMPLICATIONS**

11.1 There are no safeguarding implications

## EQUALITY ANALYSIS QUALITY ASSURANCE CHECKLIST

<b>Name of 'proposal' and how has it been implemented</b> (proposal can be a policy, service, function, strategy, project, procedure, restructure/savings proposal)	<b>Maximising Health Infrastructure – Island Medical Centre</b> Proposals to remodel and extend the existing Island Medical Centre at Roserton Street E14 3PG in order to increase its ability to serve the health needs of the expanding local population
<b>Directorate / Service</b>	<b>Public Health</b>
<b>Lead Officer</b>	<b>Matthew Phelan</b>
<b>Signed Off By (inc date)</b>	<b>Abigail Knight</b>
<b>Summary – to be completed at the end of completing the QA (using Appendix A)</b>	<b>Example</b>  Proceed with implementation  According to the 2011 census, 50% of the people living in this ward are BME, the proportion of socially rented households is almost double the London average and 8.5% of the population are classed as long term unemployed.  Health inequalities research over the past decade has strongly indicated that low income and ethnic minority households are significantly more likely to experience poorer health outcomes. The Island Medical Centre expansion will therefore be occurring in a location of appropriate need.  The remodeled and extended areas at Island Medical Centre

will be fully compliant with the requirements and philosophy of the 2010 Equality Act and the Disability Equality Duty contained within the Disability Discrimination Act. All referenced standards and planning guidance within these documents will be adhered to.

I would therefore suggest that this project meet the criteria of the Public Equality Duty contained within the Equality Act 2010

Stage	Checklist Area / Question	Yes / No / Unsure	Comment (If the answer is no/unsure, please ask the question to the SPP Service Manager or nominated equality lead to clarify)
1	Overview of Proposal		
a	Are the outcomes of the proposals clear?	Yes	<p>This project will involve the major construction works associated with remodelling, extending, and suitably fitting out, the ground floor and single storey Island Medical Centre. The development will provide four additional clinical rooms at the Island Medical Centre site . The proposed development is intended to contribute to delivery of additional clinical capacity that will be required to meet the primary healthcare needs of the population of the Blackwall and Cubitt Town ward.</p> <p>The Island Medical GP practice has a registered list of 7,629 patients . The extra clinical capacity provided by the proposed works will enable the practice to expand its patient list by a further 5,472 over the next five years to 2022/23. The remodelled and extended facility will allow patients to access a wider range of community and specialist health services that will be provided from the site.</p>

b	Is it clear who will be or is likely to be affected by what is being proposed (inc service users and staff)? Is there information about the equality profile of those affected?	Yes	<p>There are clear needs to further develop healthcare services for the growing population of the east of the borough. It is an area of high healthcare need and the significantly growing population of the Isle of Dogs requires additional GP consulting space. This project will:</p> <ul style="list-style-type: none"> <li>• Provide an additional four modern treatment rooms that will be fully integrated within a remodelled Island Medical Health Centre.</li> <li>• Create extra clinical capacity that will enable the practice to expand its patient list by a further 5,472 over the next five years to 2022/23.</li> <li>• The new build extension will provide 28,800 new patient appointment slots in the South-East Locality, based on a utilisation rate of 60%.</li> <li>• Enable an expansion of the primary care workforce in the South-East Locality, equivalent to 1 GP per 1,800 new patients.</li> </ul>
<b>2</b>	<b>Monitoring / Collecting Evidence / Data and Consultation</b>		
a	Is there reliable qualitative and quantitative data to support claims made about impacts?	Yes	NHS Tower Hamlets Clinical Commissioning Group has developed a model with clinicians to enable projection of future demand for primary care services. The modelling exercise, which takes account of population growth and planned shifts in outpatient activity from hospital to primary care, has identified a requirement for the provision of 27 additional clinical rooms in primary care to meet demand within the South-East Locality by 2021/22.
	Is there sufficient evidence of local/regional/national research that can inform the analysis?	Yes	See above.
b	Has a reasonable attempt been made to ensure relevant knowledge and expertise (people, teams and partners) have been involved in the analysis?	Yes	<p>Significant local engagement has taken place on maximising healthcare infrastructure:</p> <p>The Improving Health and Well Being Strategy, first</p>

			<p>developed in 2006 and refreshed in 2010 and 2012, sets out an ambitious programme to improve and develop local services and underpins the borough's vision to improve the quality of life for everyone who grows up, lives and works in Tower Hamlets.</p> <p>Furthermore, the NHS Tower Hamlets CCG Estates Strategy identifies a requirement to development new facilities in the South-East Locality to meet future demand for primary care services.</p>
c	Is there clear evidence of consultation with stakeholders and users from groups affected by the proposal?	Yes	<p>The Island Medical Centre Project Board is in the process of developing a communications strategy that will aim to:</p> <ul style="list-style-type: none"> <li>• provide clear, consistent information to stakeholders at key stages of the project</li> <li>• issue and publish the key messages to patients, residents and key stakeholders</li> <li>• ensure that the parties delivering the project are aware of their communications responsibilities</li> <li>• raise awareness of the project via the local media</li> <li>• ensure patients and key stakeholders of the Island Medical Centre practice are fully informed in a timely manner about the programme of the works and the arrangements during the works to minimise the unavoidable disruption to normal services</li> </ul>
<b>3</b>	<b>Assessing Impact and Analysis</b>		
a	Are there clear links between the sources of evidence (information, data etc) and the interpretation of impact amongst the nine protected characteristics?	Yes	<p>A review of evidence was undertaken and twenty healthcare projects were identified in the current Infrastructure Delivery Plan (2016) to help meet the need for primary healthcare facilities in the borough.</p> <p>This project is supplementary to the Wood Wharf development identified in the Infrastructure Delivery Framework Evidence Base. It provides 4 of the 16 additional</p>

			treatment / consulting rooms identified as required to meet population growth needs more immediately than the Wood Wharf development would enable
b	Is there a clear understanding of the way in which proposals applied in the same way can have unequal impact on different groups?	Yes	See above.
<b>4</b>	<b>Mitigation and Improvement Action Plan</b>		
a	Is there an agreed action plan?	Yes	See the attached PID.
b	Have alternative options been explored	No	<p>Blackwall and Cubitt Ward is in need of additional health infrastructure, and extending healthcare provision in this ward will particularly affect several groups who are often disadvantaged with regards to access to healthcare.</p> <p>It is an area of high healthcare need and the significantly growing population of the Isle of Dogs requires additional GP consulting space.</p> <p>The potential risk of insufficient primary care capacity being available to meet demand for primary care services in the South East Locality of Tower Hamlets, will result in reduced access, longer waiting times, and an increase in the volume of avoidable attendances at accident and emergency. Therefore the risk of missing the opportunity to support this PID would far out way the impact to the local resident's wellbeing.</p>
<b>5</b>	<b>Quality Assurance and Monitoring</b>		
a	Are there arrangements in place to review or audit the implementation of the proposal?	Yes	The Project will be managed by NHS Tower Hamlets Clinical Commissioning Group who have established robust programme management arrangements to ensure consistent design and completion of S106 healthcare infrastructure schemes within the required programme and budget parameters.

			<p>The Project Board will manage project delivery against programme milestones and the benefits realised against project objectives and the benefits sought. Project evaluation will be an integral part of the overall project management, contract management and commissioning processes.</p> <p>Public Health who sponsor this project are members of the programme board that oversee the NHS Health Infrastructure Programme.</p>
b	Is it clear how the progress will be monitored to track impact across the protected characteristics??	Yes	<p>The remodeled and extended areas at Island Medical Centre will be fully compliant with the requirements and philosophy of the 2010 Equality Act and the Disability Equality Duty contained within the Disability Discrimination Act. All referenced standards and planning guidance within these documents will be adhered to.</p> <p>However, if services users experience is impacted, monitoring will take place through the NHS complaints procedure.</p>
<b>6</b>	<b>Reporting Outcomes and Action Plan</b>		
a	Does the executive summary contain sufficient information on the key findings arising from the assessment?	Yes

### Executive Summary

This report relates to the release of £34,000 of section 106 resources to LBTH Public Health to deliver community engagement, co-design and delivery of a mixed-use, accessible, community garden on the St Leonards Priory Park site in the Bromley North.

The site is the location of a cemetery has local historical significance. The land is owned by the London Diocese, which has a long-standing agreement with the local authority for maintenance. However, no long term plan or process for maintaining the site has resulted in an overgrown, inaccessible and underutilised green space in an area where healthy, green space is scarce.

Tower Hamlets' Health and Wellbeing Strategy 2017-20 recognises the importance of healthy physical environments on the health and wellbeing of the local community, and names air quality, the safety of our local parks and access to green space, and access to places for social activity, as key elements within Priority 2: Creating a Healthy Place.

The project consists of two phases: a community engagement phase, which is currently underway and is due to be completed in March, and the delivery phase, due to take place across Autumn and Winter 2018/19.

## **Recommendations:**

The Grants Determination Sub-Committee is recommended to:

1. Approve the grant funding of £34,000 to Public Health to complete the community engagement phase of the project and deliver co-designed improvements to the site to improve the look and feel, improve accessibility and safe use, increase biodiversity/counteract air pollution through wild planting, and provide needed outdoor green space for the local community.

## **1. REASONS FOR THE DECISIONS**

- 1.1 Bromley North is one of the most deprived wards in the UK, which has well known impacts on health. In addition, the LBTH Air Quality Action Plan 2017-22 notes that “Nitrogen Dioxide levels are high across the borough with 40% of our residents living in areas of exceedance of the annual NO2 objective and 48 of our schools (37 primary and 11 secondary) being located in areas of unacceptable NO2 levels.” Given this site represents one of few green areas in the ward, and noting the capacity of large trees and well-planted gardens to counteract air pollution as well as provide social spaces that reduce social isolation and mental ill health, the proposal to regenerate the site into a useable space represents a benefit to the local community.
- 1.2 Attempts have been made in the past, by a partnership between the Council, Poplar Harca and Trees for Cities, to make improvements to the site. In 2012, this consisted of laying pathways to create walkways around the gravestones; installing stone and wooden benches, and installing interpretation panels explaining the history of the site. Evidence suggests that the lack of a sustainable maintenance and management plan is the reason the site fell back into neglect and had become overgrown again since. This time, community engagement has been prioritised in the budget and in the project plan, to generate community buy in and explore potential local partnerships that can maintain the site (ie a Friends of St Leonards group). The current engagement requires evaluation to assess how far this is possible.
- 1.3 The site as it is currently represent a health and safety hazard for local children, people with mobility issues, the elderly, and the general public. The fencing along the eastern side, which runs alongside the A12, is at risk of falling down; there are broken gravestones and open vaults, which represent trip hazards, scattered in some areas of the site and are hidden by overgrown weeds, nettles and cow parsley; and the overgrown areas at the back mean it is used at times for drug use and sex work. In addition, the large London Planes, of which there are 6, require trimming back and there are two visible dead branches that could fall onto pathways. Even without major changes to

the appearance of the site, the above require resolving as a priority for the health and safety of local people.

- 1.4 The London Diocese, who have been engaged as part of the project, have agreed to cover the costs of closing the two open vaults on site.
- 1.5 The project will ultimately allow for the regeneration of a historical cemetery site that dates back to the 13<sup>th</sup> century.

## **2. ALTERNATIVE OPTIONS**

- 2.1 Do nothing. The Councils is currently committed to 4 rough cuts of the site per year, which is not enough to maintain the vegetation at a level that makes the site accessible and the hazards/health and safety risks will remain and worsen over time.
- 2.2 Leave oversight to the Diocese. As the landowner, an argument could be made that the Diocese takes formal control of the maintenance of the land. The current maintenance agreement between the Diocese and the local Council, however, has not been strong enough to ensure the site is properly looked after, and there appears to be a lack of willingness to take on maintenance responsibilities.
- 2.3 Commission a landscape designer or urban designer to produce a design based on community input, balanced with site constraints and limited maintenance costs.

## **3. DETAILS OF THE REPORT**

- 3.1 Marner Family and Community Space is identified in the Pocket Parks Programme 2018 PID, which has been recently approved by the Infrastructure Delivery Steering Group. This PID is led by LBTH Parks and Open Spaces, and each of the 4 projects named in the programme are being led by different officers. Marner Family and Community Space is being led by Public Health.
- 3.2 In January 2018, the project was handed to the current lead officer with the project plan already drafted and the commissioning partners identified. In March this year, Women's Environmental Network and Friends of Tower Hamlets Cemetery Park were commissioned to deliver the first phase of the project, which is a three month community engagement process with activities on and off site, to gather insight and views from local community residents and stakeholders, and provide feasibility assessments.
- 3.3 This phase will be rounded off in late July, when a co-design process will begin. Following co-design workshops, a plan will be set in place for delivering works on site, guided by the community responses and the feasibility work undertaken. Following a design process we expect works to begin on site in

October 2018, to be completed by April 2019, pending seasonal weather and optimal times for planting/pruning and installation of larger infrastructure.

- 3.4 Feasibility assessments will include technical feasibility (air quality testing, soil testing), as well as assessing achievability and sustainability of the changes we propose to make. The decision was made to address this as local community buy-in was identified as a key potential barrier to long-term sustainability of the site after previous attempts to revitalise the site have not delivered any local partnership or formal management structure to maintain it. These are due at the end of July.
- 3.5 The s106 contributions funding the project are outlined in the attached PID and are set out below:

<b>Financial Profiling</b>						
<b>Description</b>	<b>2018</b>	<b>2019</b>				<b>Total</b>
	<b>Q4</b>	<b>Q1</b>	<b>Q2</b>	<b>Q3</b>	<b>Q4</b>

#### **4. EQUALITIES IMPLICATIONS**

- 4.1 An EqIA has been undertaken as part of analysis for the Pocket Parks Programme. This can be found in the attached documents.

#### **5. OTHER STATUTORY IMPLICATIONS**

- 5.1 This section of the report is used to highlight further specific statutory implications that are either not covered in the main body of the report or are

required to be highlighted to ensure decision makers give them proper consideration. Examples of other implications may be:

- Best Value Implications,
- Consultations,
- Environmental (including air quality),
- Risk Management,
- Crime Reduction,
- Safeguarding.

5.2 None

## **6. COMMENTS OF THE CHIEF FINANCE OFFICER**

- 6.1 A project to develop four Pocket Parks within the borough was approved under authority delegated to the Infrastructure Delivery Steering Group in accordance with the terms of the Council's Infrastructure Delivery Framework. Section 106 resources totalling £150,000 were allocated to the initiative.
- 6.2 Commitments to fund schemes are only made following the receipt of the relevant developer contributions. The specific planning contributions associated with the Section 106 funding of the Pocket Parks project are detailed in section 2 of the Project Initiation Document that is included as an appendix to this report.
- 6.3 Although the project and funding has been agreed, the works associated with one element - the Marner Family and Community Space pocket park - will take place on land owned by the London Diocese which will therefore benefit from the improvement works undertaken. As such, the allocation of £34,000 to these works also requires the approval of the Grants Determination Sub-Committee.

## **7. COMMENTS OF LEGAL SERVICES**

- 7.1 The Council has the power to award £34,000.00 to the London Diocese (Grant) for the purposes of maintaining St Leonards Priory Park (Site). The Localism Act 2011 provides the Council with a general power of competence in relation to actions for its benefit, its area or persons resident or present in its area.
- 7.2 The content of this report demonstrates that the Council, by virtue of making the Grant, will enable improvements to the Site with regard to its aesthetics, accessibility, use, and biodiversity considerations. Therefore, the Grant's purpose will benefit persons and the area. This in turn should assist the Council with its Health and Wellbeing Strategy 2017-2020.

- 7.3 The Grant does not appear to allow for the London Diocese to make any profit from it. Rather, the Grant's purpose is to cover the costs of maintaining the Site in its various forms. In light of this, the Grant is unlikely to constitute procurement activity for the purposes of European procurement law.
- 7.4 The payment of the Grant should be conditional upon the works to the Site being properly completed. This should ensure that the funds are only spent on the Grant's specific purpose. However, this must also be supported by an appropriate agreement which details both the expected outcomes and the Council's monitoring processes. As such, it would allow the Council to demonstrate that it is continuing to comply with its best value statutory duty.
- 7.5 The payment of the Grant should not constitute or infringe rules in relation to State Aid given the amount of Grant being awarded.
- 7.6 The payment of the Grant in itself does not attract any particular equality issues. It is noted that an equality impact assessment has been undertaken for the purposes of Equality Act 2010.

## 1.0 Purpose of the Project Initiation Document

- 1.1 This Project Initiation Document (PID) document sets out proposals to deliver 4 projects associated with Pocket Parks Programme of work. The Pocket Parks Programme aims to deliver a package of projects which will:
- Improve existing small green spaces
  - Transform discussed or neglected areas of land into pocket parks for community use. The programme focusses on a number of sites which will be developed and delivered over the course of a year.
- 1.2 In April 2018, Public Health presented a Change Note on the Marner Family and Community Space Project. It was recommended that due to delays with delivery of the entire Pocket Parks Programme that projects leads provide a refresh PID outlining explanatory detail on the proposed projects, their outcomes, forecasting and deliverables to date..
- 1.3 A pocket park (also known as a parkette, mini-park, vest-pocket park or vesty park) is a small park accessible to the general public. Pocket parks are frequently created on a single vacant building lot or on small, irregular pieces of land. They also may be created as a component of the public space requirement of large building projects. Pocket parks can be urban, suburban or rural, and can be on public or private land. Pocket Parks provide greenery, a place to sit outdoors, and sometimes a children's playground.
- 1.4 In highly urbanized areas, pocket parks are the only option for creating new public spaces without large-scale redevelopment. In inner-city areas, pocket parks are often part of urban regeneration plans and provide areas where wildlife such as birds can establish a foothold.

## 2.0 Section 106/CIL Context

### Background

- 2.1 Section 106 (S106) of the Town and Country Planning Act 1990 allows a Local Planning Authority (LPA) to enter into a legally-binding agreement or planning obligation with a developer over a related issue. Planning Obligations/S106 agreements are legal agreements negotiated between a LPA and a developer, with the intention of making acceptable development which would otherwise be unacceptable in planning terms.
- 2.2 CIL is a £ per square metre charge on most new developments. In April 2015, the

council adopted its own CIL Charging Schedule. CIL must be spent on the provision, improvement, replacement, operation or maintenance of infrastructure, where a specific project or type of project is set out in the [Council's Regulation 123 List](#).

2.3 On the 5<sup>th</sup> January 2016, the Mayor in Cabinet agreed the implementation of a new Infrastructure Delivery Framework which will help ensure the process concerning the approval and funding of infrastructure using CIL/S106 will be appropriately informed and transparent.

S106

2.4 The Section 106 (S106) of the Town and Country Planning Act 1990 allows a LPA to enter into a legally-binding agreement or planning obligation with a developer over a related issue. Planning Obligations/S106 agreements are legal agreements negotiated, between a LPA and a developer, with the intention of making acceptable development which would otherwise be unacceptable in planning terms.

2.5 This S106 PID is part of the Tower Hamlets Council S106 Delivery Portfolio and is aligned with the agreed Heads of Terms (HoT) for the Deed creating Planning Obligations and undertakings for the development.

2.6 The contributions outlined below will now be used to progress the project.

## CIL

2.11 This PID does not seek approval for the expenditure of CIL funding

### **3.0 Equalities Analysis**

3.1 When making decisions, the Council must have due regard to the need to eliminate unlawful conduct under the Equality Act 2010, the need to advance equality of opportunity and the need to foster good relations between persons who share a protected characteristic and those who do not (the public sector equality duty). A proportionate level of equality analysis is required to discharge the duty.

3.2 An Equity Analysis Quality Assurance Checklist has been completed for this PID Project which confirms the equal benefit created through the introduction of the Pocket Parks programme. The project will positively enhance the health and wellbeing of all users of the open space. There is no evidence that the project will

have any adverse effects on people who share Protected Characteristics.

- 3.4 The Pocket Park Programme will be fully compliant with the requirements and philosophy of the 2010 Equality Act and the Disability Equality Duty contained within the Disability Discrimination Act. All referenced standards and planning guidance within these documents will be adhered to.

#### 4.0 Legal Comments

*[LBTH Legal Services to provide commentary – the Business Assurance Team will send these to Legal Services in accordance with the relevant timescales.]*

- 4.1 XXXX

#### 5.0 Overview of the Project

- 5.1 This is a refreshed PID following the ‘Pocket Parks PID’ 2016. There have been significant delays to the programme due to lack of ownership, therefore new project leads have been identified, outcomes have been reviewed to support project deliverables.

Parks and open spaces are a scarce resource in Tower Hamlets with many parts of the borough significantly below national access standards. The Pocket Parks programme provides a creative means of bringing neglected, poorly used spaces back into vibrant use. In addition as a Mayoral priority it also meets the desires of residents to be engaged and involved in improving local small spaces in partnership with the Council. This is an innovative approach to both sustaining and managing open spaces. The programme comprises of 5 projects across the borough.

#### Business Case

- 6.1 Whilst Tower Hamlets has limited parks and open spaces, it is committed to working with partners to identify and make available green spaces on their land for residents to access and enjoy. The overall aim of the Pocket Parks Programme is therefore in keeping with this ambition to deliver improvements to small green spaces by transforming underutilised or neglected areas of land into viable pocket parks for community use. Such provision increases use of pocket parks and increase health and wellbeing of residents. The additional use of an app also adds a new and dynamic way of encouraging and motivating people to make use of outdoor gyms and pocket parks.

- 6.2 The Pocket Parks programme will improve the outlook of the borough and transform under used green spaces into attractive areas that people choose to use. The A12 Green Mile will be managed by Transport for London, with the remaining ones managed by a combination of the Council, Poplar HARCA and Tower Hamlets Homes with residents and community organisations taking an active role. Both Poplar HARCA and Tower Hamlets Homes has experience in maintaining green spaces as part of their property portfolio.
- 6.3 By empowering local residents, community organisations or other strategic partners to take responsibility for identified open space, the financial burden on the Council is greatly reduced. In the long term there are also significant benefits to be gained from this approach with residents more engaged and involved. This is in addition to gains from increased health and wellbeing from accessing and making use of outdoor spaces and gyms.

## **7.0 Approach**

- 7.1 The Pocket Park Programme compliments the Councils existing provision by working with parks. It also links in with key Councils Open Space Strategy, which is to ensure the borough's parks and open spaces improve the quality of life for those living and working in the borough. Tower Hamlets Parks and open spaces are important elements of all the borough's community plan themes: living safely; living well; creating and sharing prosperity; learning achievement, leisure and excellent public services.
- 7.2 Under the key priority of the Community Plan of creating a better place for learning, achievement and leisure, the Strategic Plan states that the Council wants to improve the provision and quality of public open space. This is underpinned by the Council's Open Space Strategy.
- 7.3 This programme of work commenced in July 2016 however, there have been significant delays to delivery therefore Project leads decided to review propose outcomes in line with current strategic direction.

### Grants Process

- 7.4 This PID will also need to go through the Grants Funding Process, as this project Proposes work on non-Council owned land, in the case of Marner, this land os owned by the diocese. The PID will therefore be reviewed by the Grants Scrutiny Sub-Committee (GSSC) prior to being reviewed by the Mayor and relevant councillors at Grants Determination Sub-Committee (GDSC).

## Project Objectives

7.5 The following objectives have been set by for the project:

- Increase access to open spaces
- Encourage healthy living
- Promote sustainable food growing
- Promote green skills and sustainable approaches to design, management and maintenance.
- Improve local landscape
- Improve air quality
- Reduce Pollution
- Improve Community cohesion

## Project Drivers

7.6 The Improving Health and Well Being Strategy, first developed in 2006 and refreshed in 2010 and 2012, sets out an ambitious programme to improve and develop local services and underpins the borough's vision to improve the quality of life for everyone who grows up, lives and works in Tower Hamlets.

7.7 Under the key priority of the Community Plan of creating a better place for learning, achievement and leisure, the Strategic Plan states that the Council wants to improve the provision and quality of public open space. This is underpinned by the Council's Open Space Strategy.

7.8 Furthermore the projects also address the All London Green Grid policy, as set out by the Mayor of London. The policy aims to achieve the following:

- Increase access to open spaces
- Encourage healthy living
- Promote sustainable food growing
- Promote green skills and sustainable approaches to design, management and maintenance.

7.9 In addition, the A12 Green Mile project links in with a number of strategies developed by TFL, Central Government and LBTH. Furthermore, the Local Development Framework: Core Strategy from LBTH also identifies several improvements which will come about by improving parts of the A12 which is also supported by TFLs' A12 strategy. All of these strategies aim to secure the following benefits:-

- Improve local landscape
- Improve air quality
- Reduce pollution

- Improve community cohesion

7.10 This project will:

- Create an outdoor gym, with equipment options and design chosen by the local community.
- Create an outdoor green/social space for mixed community use, in partnership through local community consultation
- Pilot initiatives to test effectiveness and impact noise attenuation, reduction in air pollution, retro-fitted drainage and environmental enhancement.
- Transform underused green space into a welcoming, safe open space for children and adults.

## **8 Approach to Delivery and On-going Maintenance/Operation**

8.1 The Council will apply effective public procurement, prioritising good design outcomes to maximise the social, environmental and economic benefits of the development.

## **9 Infrastructure Planning Evidence Base Context**

9.1 The Infrastructure Delivery Framework: Evidence Base identifies the Boroughs infrastructure needs and informs the allocation of CIL & S106 funding. The IDF: Evidence Base was last reported to the Infrastructure Delivery Board on 7th November 2017 and identified 'A12 Improvements' and 'Open Space Improvements', such as 'Pockets Parks' as 'desirable' infrastructure.

8.2 The IDF Evidence Base is currently being reviewed, with inputs from service areas, prior to being reported to MAB for final approval. The proposed and revised iteration of the evidence base adds a more detailed description than was previously included.

## Individual Projects:

### Project 1: A12 Green Mile

The A12 Green Mile is an initiative stretching between the Bow Flyover and the entrance to the Blackwall Tunnel. This location was the subject of TfL's '**A12 Corridor Study**' (Final Report, March 2015) aimed at tackling environmental issues. It set out options for bold interventions to improve accessibility, (particularly by walking and cycling), overcome severance, mitigate noise and air quality issues, and support the planned regeneration of the area.

The **A12 Green Mile Report** by LBTH and Poplar HARCA formed an appendix to this study and specifically identified short-term options for 'greening' the A12 before the more permanent interventions can be realised. Its objective is to design, install and test the effectiveness and impact of a range of initiatives around, noise attenuation, reduction in air pollution, retro-fitted sustainable drainage techniques, and environmental enhancements.

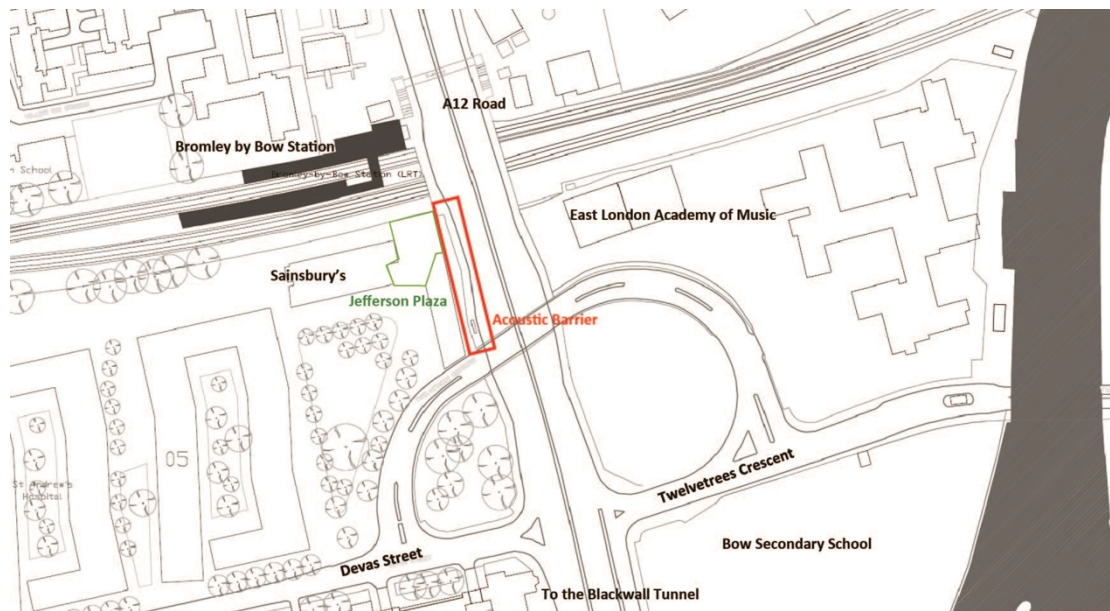

The Pocket Park is one such project, and which complements the **A12 Acoustic Barrier** (which is now fully funded as part of the Green Mile). The Pocket Park is located adjacent to the A12, just to the south of the Bromley by Bow Station, opposite the Sainsbury's Local Food Store and the currently vacant community building. The footpath is wider at this location (5 metres) and is adjacent to a small public space at Jefferson Plaza (see Figure 1 below).

Currently the space is 'windswept', noisy, and lacks definition. As a result is inhospitable and underused, even although it has adjacent ground floor uses that could make it a convenient and safe space for pedestrians to dwell and traverse.

The purpose of the Pocket Park is to enhance and exploit the benefits of a newly introduced Acoustic Barrier along this section of the A12 and to show what can be achieved in these complicated spaces. The Pocket Park in this location will show how it is possible to bring back into use previously lost areas of the public realm because of hostile environments.

The Pocket Park Project will allow a specific design to be tested in these environments, with the use of planting to soften the harshness of the sites appearance and to further reduce noise, the possible introduction of 'white noise' as a distraction, and enhanced lighting to improve safety and security.

### **Figure 1: Location of A12 Green Mile Pocket Park**

To support this, the project will also be part of a wider initiative that will include the University of East London (engaged as part of the A12 Green Mile Acoustic Barrier) to test and monitor noise levels and air pollution levels with a before and after comparison. The results will be published as a report by (UEL). Part of this survey will include perception testing with sample groups of residents to inform the visual and environmental perceived quality of the final installation. The Pocket Park will form an important part of this testing.

#### A12 Green Mile – Project Deliverables

This A12 Green Mile project comprises a small-scale project that can be delivered in the short-term. Phase 1 will introduce a series of initiatives aimed at designing, implementing, testing and monitoring innovative solutions around noise attenuation, air pollution reduction, retro-fitted sustainable drainage and environmental enhancement. Some of the materials used will be new in this context and will be introduced in innovative ways achieving striking design solutions.

The Pocket Park will enhance and extend the proposed acoustic barrier to promote greening programmes, such as trees and greens walls to further reduce noise pollution and promote air quality.

## **Project 2: Ropewalk Gardens**

The idea for an outdoor gym emerged from a request and subsequent petition from the patient participation group at Whitechapel Health Centre.

It was proposed that an outdoor gym, with equipment options and design chosen by the local community would be put into Ropewalk Gardens as an outdoor space which can be easily accessed by the patients from Whitechapel Health Centre and City Wellbeing Practice.

This provision will benefit local people in the Whitechapel area and it reflects the Whitechapel Vision and its ambition to transform the public realm and create a better environment. This project aims to include detailed consultation and involvement with the Whitechapel Patient Participation Group, as well as an activation programme and a launch event.

In February 2017 funding for an urban gyms programme was approved under Mayoral Priority 1.4 'More people living healthily and independently for longer' – to extend the number of outdoor gyms in parks within Tower Hamlets and improve the facilities of those which already operate for residents and visitors to use. It was recognised that cost and lack of access are two important barriers to people participating in regular physical activity. 'The provision of outdoor gyms by the Council, are a simple and innovative way to improve health outcomes whilst maximising access to facilities for all sections of the community'.

In order to secure value for money and in compliance with procurement requirements, the Pocket Parks Outdoor Gym at Ropewalk Gardens project has been planned and tendered alongside the other outdoor gyms funded through the Mayor's Fund.

In December 2017, a package of outdoor gyms was tendered, and The Great Outdoor Gym Company was appointed. In early February 2018, a lively consultation event took place with the Whitechapel Patient Participation Group, and in early March the gym was installed as the first of the full gym programme.

A mini activation programme is scheduled to start in early summer, with a more extensive activation programme, to be funded through the Mayor's Fund Gym project, to start during the school holiday period and to run for three years. A launch event and fun day is scheduled for July 30th from 11am to 4pm.

The new outdoor gym was passed to the Green Team for RPII inspections to be undertaken weekly, monthly and annually. All repairs for a seven year period are covered

by the extended warranty from the Great Outdoor Gym Company. At the end of that time, responsibility for repairs will pass to the Green Team.

Project deliverables for this project are: community engagement and co-design; provision of an outdoor gym; activation programme of classes and activities to encourage residents to use the gym; a summer fun day and gym launch.

### Project 3: Marner Family and Community Space

This project will be designed in consultation with families and residents with the aim to create an outdoor green/social space for mixed community use, focused primarily on air quality. The garden proposes to encourage greenery, biodiversity, and specialist planting of greenery that absorbs air pollutants, and varieties whose leaves change colour when effected by pollutants. The aim is that this will serve as an educative garden on issues of air pollution as well as itself contribute to cleaning the local air of road pollutants.

The project deliverables include: feasibility studies, community engagement and co-design; outdoor green space for mixed use; community garden, with plants and trees for educating on and treating air quality; paths, teaching areas eg large feasting table, and picnic areas. The land is owned by the local diocese, and a formal structure for long term maintenance of the site is expected to led by a community-led 'Friends of St Leonards' group that is formalised throughout the engagement process. We expect this will comprise the local church, members of Bromley by Bow Centre, local school representatives, pupils and parents, and local residents.

The land at Marner is owned by the diocese and although we have permission to work on and access this site, we propose to go through the Grants process to ratify this with the Grants committee.

## **Project 4: Chicksand**

The project aims to transform the underused green space between Kingwood and Bloomfield House on the Chicksand East Estate into a welcoming, safe open space for children and adults, including, seating, quiet spaces, natural planting areas and community growing garden that will encourage residents to use, care and value their green space.

The design of the green spaces will be developed in conjunction with the Chicksand residents over the June to August 2018 period, the diagrams below are indicative. It is envisaged that the programme will last over three years, with the tenants taking responsibility for management of the spaces at the end of that period.

The deliverables of the project are as follows, to work with residents and officers to develop the Estate Design Plan, develop proposals that will improve the external open space on the Chicksand East Estate that will make the area feel safer, more attractive and encourage residents to want to use the outside areas surrounding their homes, to be more neighbourly and active , create a framework for investment associated with the wider regeneration of the Whitechapel Vision area, maintain resident engagement and initiate work and training opportunities for residents at the implementation stage and pilot a process of guiding change that can be implemented on other estates within the Whitechapel Vision area.

The Chicksand Estate Landscape Improvements is being funded by two interrelated PIDs, this Pocket Parks Programme (£48,000) and the Whitechapel Public Realm Improvements Projects £227,000, totalling up to £275,000, including any potential contingency. The Whitechapel Public Realm PID is supported by Section 106, PA/13/00218.

The overall landscape budget is £198,180 plus estimated Capital delivery Team fees (£19,818) totalling £218,000, including an estimated £16,000 capital from the Pocket Parks PID

## Related Projects

- 9.4 Recognising the importance of green space and improved health and wellbeing, the 'Healthy lifestyles PID' was approved in 2015 to make environmental improvements to promote the health outcomes of our residents. To further develop the concept of 'Outdoor Gyms' the Mayor's fund is also funding an outdoor gyms programme of work.
- 9.5 Ongoing maintenance of each project will be delivered by:

<b>Ongoing Maintenance</b>	
<b>Description</b>	
Project 1: Green Mile	Transport for London (agreement and funding to support ongoing maintenance has been reached)
Project 2: Ropewalk Gardens	The gym is subject to a 7 year warranty from the Great Outdoor Gym Company. Weekly, Monthly and Annual Inspections are being carried out by the Green Team, and all repairs are referred to TGOGC. After the 7 year period, responsibility for maintenance will be passed to the Green Team.
Project 3: Marnier Family and Community Space	A 'Friends of...' group or formalised arrangement with existing community group to manage day-to-day operations of the green space. Ongoing agreement with LBTH Parks for x4/year rough cut o shrubs and brambles.
Project 4: Chicksand	It is expected that tenants will provide the ongoing maintenance.

## **10 Opportunity Cost of Delivering the Project**

- 10.1 These environmental improvements will in particular make it easier for children and families to be more physically active. Green space also has positive impact on mental wellbeing. Increasing and improving the provision of green space to overcome the deficiency of open space is seen as one of the major challenges to encouraging healthier lifestyles, thus reducing the demand on NHS services.

### **10.0 Local Employment and Enterprise Opportunities**

- 10.1 Procurement imperative for maximising local benefits as agreed by Members will be integrated into the tendering documentation in consultation with the procurement team.

10.2 We recognise that providing local employment initiatives is an integral part of delivering upcoming projects, however, where term contractors are in place, we are limited in making changes.

## 11 Financial Programming and Timeline

### Project Budget

11.1 Table 2 below sets out the details of the project's budget and funding sources.

<b>Financial Resources</b>			
<b>Description</b>	<b>Amount</b>	<b>Funding Source</b>	<b>Funding (Capital/ Revenue)</b>
Project 1: Green Mile	£30k	S106	Capital
Project 2: Ropewalk Gardens	£38k	S106	Capital
Project 3: Marnier Family and Community Space	£34k	S106	Capital
Project 4: Chicksand	£48k	S106	Capital
<b>Total</b>	<b>£150,000.00</b>		

Projected costs are estimates on the basis of the current market conditions and are benchmarked against similar projects recently delivered and currently in development e.g. Outdoor Gym Programme.

## 12 Project Team

12.1 The Project will be managed by project managers for individual elements of the project, with overall responsibility for reporting of Pockets Park PID by Open Spaces team.:

- Project Sponsor: Judith St John, Director of Culture, Learning and Leisure
- Alice Bigelow, Parks and Open Spaces (Ropewalk)
- Melanie Sirinathsingh, Healthy environment's project manager (Marnier)
- Abdul Khan, Service Manager - Energy and Sustainability (A12)
- David Black, Poplar Harca Project Manager (A12)
- Brenda Scotland, Public Health Programme Manager (Chicksand)

- David Franks, Regeneration Specialist Project Officer (Chicksand)
- Alison Dickens, Interim Parks Manager (Ropewalk)
- Fokrul Hoque, Tower Hamlets Homes

### 13 Project Reporting Arrangements

13.1 Direct progress reporting will be dealt with via individual project work streams through the designated project manager highlighted in section 16. In addition, progress reporting will be provided to the Council through via Open Space team who will act as project sponsor.

### 14 Quality Statement

14.1 The project will conform to Council internal controls for assessment and reporting as designated within the established control frameworks. Procurement guidelines will be followed to ensure best value and high quality provision for the Pocket Parks work programme.

### 15 Key Risks

15.1 The key risks to this project are set out in the Table 6 below:

<b>Risk No.</b>	<b>Risk</b>	<b>Triggers</b>	<b>Consequences</b>	<b>Controls</b>	<b>Likelihood</b>	<b>Impact</b>	<b>Total</b>
1	Further delays to project delivery	Lack of delivery against proposed 2016 PID	Delays to work programme delivery.	Review Pocket Park PID to repurpose and identify relevant project leads to ensure prompt delivery	2	2	4
2	Potential cost exceeds budget	Increase scope project deliverables	Overspend/ phase implementation	Regular finance meetings with contractors to manage costs	2	3	6
3	Works not	Alteration to	Lose time	Tightly defined	2	4	8

**Table 6**

Risk No.	Risk	Triggers	Consequences	Controls	Likelihood	Impact	Total
	delivered on time	scope of work, unidentified additional works	Additional funding may be required	plan and agreed delivery programme			
4	Work not of satisfactory quality		Additional cost in rectifying	Consult with residents on each project prior to implementation	1	2	2
5	Unforeseen site conditions	Results of site survey, feasibility studies	Increase costs Delay in delivery	Use of design information already available	1	2	2

## 16 Key Project Stakeholders

16.1 The principal stakeholders are shown in Table 6 below and will be engaged from the earliest stages of the project and through to project closure. The key stakeholders will be engaged as required, after delivery is completed.

## 17 Stakeholder Communications

17.1 The key messages of the projects are:

- Reconfirming the aims of the projects as appropriate
- Communicating successes
- Providing stakeholder comments and review of outputs delivered
- Reporting progress against project milestones delivery and spend
- Every effort made by Project Manager to ensure opportunities for communications are highlighted and to liaise with Tower Hamlets Council's S106 Officers

Page 77

Stage	Checklist Area / Question	Yes / No / Unsure	Comment (If the answer is no/unsure, please ask the question to the SPP Service Manager or nominated equality lead to clarify)
<b>1</b>	<b>Overview of Proposal</b>		
a	Are the outcomes of the proposals clear?	Yes	Parks and open spaces are a scarce resource in Tower Hamlets with many parts of the borough significantly below national access standards. The Pocket Parks programme provides a creative means of bringing neglected, poorly used

			<p>spaces back into vibrant use. In addition as a Mayoral priority it also meets the desires of residents to be engaged and involved in improving local small spaces in partnership with the Council. This is an innovative approach to both sustaining and managing open spaces.</p> <p>The PID has 4 elements:  A12 - The Pocket complements the A12 Acoustic Barrier, with a proposal to increase greening, improve air quality and reduce noise pollution.  Ropewalk Gardens - It was proposed that an outdoor gym, with equipment options and design chosen by the local community would be put into Ropewalk Gardens as an outdoor space which can be easily accessed by the patients from Whitechapel Health Centre and City Wellbeing Practice.  Marnar - This project will be designed in consultation with families and residents with the aim to create an outdoor green/social space for mixed community use, focused primarily on air quality.  Chicksand - The project aims to transform the underused green space between Kingwood and Bloomfield House on the Chicksand East Estate into a welcoming, safe open space for children and adults, including, seating, quiet spaces, natural planting areas and community growing garden that will encourage residents to use, care and value their green space.</p>
b	Is it clear who will be or is likely to be affected by what is being proposed (inc service users and staff)? Is there information about the equality profile of those affected?	Yes	<p>There are clear needs to further develop open space across the Borough, due to low levels of green space that we currently have - 1.04ha of open space per 1,000 residents, which is half the England average.</p> <p>These environmental improvements will in particular make it easier for children and families to be more physically active. Green space also has positive impact on mental wellbeing. Increasing and improving the provision of green space to</p>

			overcome the deficiency of open space is seen as one of the major challenges to encouraging healthier lifestyles.
<b>2</b>	<b>Monitoring / Collecting Evidence / Data and Consultation</b>		
a	Is there reliable qualitative and quantitative data to support claims made about impacts?	Yes	Identified as a priority in the JSNA and supported through numerous strategies such as Green Grid, HWB Strategy and Open Space strategy.
	Is there sufficient evidence of local/regional/national research that can inform the analysis?	Yes	See above.
b	Has a reasonable attempt been made to ensure relevant knowledge and expertise (people, teams and partners) have been involved in the analysis?	Yes	The analysis has involved partnership working across the Council and boroughwide stakeholders.  Delivery will also be in partnership with the community to co design infrastructure to support ownership and sustainability.
c	Is there clear evidence of consultation with stakeholders and users from groups affected by the proposal?	Yes	Yes. Significant effort is going to be undertaken to support consultation with families and residents to support design.  The co-design approach is supported by the communities strategy.
<b>3</b>	<b>Assessing Impact and Analysis</b>		
a	Are there clear links between the sources of evidence (information, data etc) and the interpretation of impact amongst the nine protected characteristics?	Yes	
b	Is there a clear understanding of the way in which proposals applied in the same way can have unequal impact on different groups?	Yes	
<b>4</b>	<b>Mitigation and Improvement Action Plan</b>		
a	Is there an agreed action plan?	Yes	Each project has a clear delivery plan. See the attached PID.
b	Have alternative options been explored	No	The Mayor has a priority to develop 10 new pocket, this PID is in direct response to this Mayoral priority.
<b>5</b>	<b>Quality Assurance and Monitoring</b>		
a	Are there arrangements in place to review or audit the implementation of the proposal?	Yes	The Project Board will manage project delivery against programme milestones and the benefits realised against

			<p>project objectives and the benefits sought. Project evaluation will be an integral part of the overall project management, contract management and commissioning processes.</p> <p>Elements of the programme will also be subject to evaluation.</p>
b	Is it clear how the progress will be monitored to track impact across the protected characteristics??	Yes	I believe that all projects associated with this PID will be fully compliant with the requirements and philosophy of the 2010 Equality Act and the Disability Equality Duty contained within the Disability Discrimination Act. All referenced standards and planning guidance within these documents will be adhered to.
<b>6</b>	<b>Reporting Outcomes and Action Plan</b>		
a	Does the executive summary contain sufficient information on the key findings arising from the assessment?	Yes

## **EXECUTIVE SUMMARY**

The Mainstream Grant (MSG) 2015/18 Programme was approved by the Commissioners on 29 July 2015 was initially expected to be delivered from 1<sup>st</sup> September 2015 through to 31<sup>st</sup> August 2018. At the 12<sup>th</sup> September 2017 Grants Determination Sub-Committee the programme was extended to 31<sup>st</sup> March 2019. A further extension to the programme, to the 30<sup>th</sup> September 2019, was agreed by the Grants Determination Sub-Committee at its meeting on the 6<sup>th</sup> June 2018.

The activities and services are being delivered by a portfolio of projects each of which has targeted outcomes to achieve during the course of the programme period. Projects are classified as Red, Amber or Green within the Council’s agreed performance management framework. This report covers Red and Amber rated projects only. Red or Amber performance ratings may be as a consequence of premises issues, debtor issues, performance issues, failure to submit the quarterly monitoring returns or a combination of these factors.

There are currently 112 live projects at present. Project performance for this period (Jan to March 2018) presently shows there are 5 Red rated projects and 1 Amber rated project. These projects are:

- Tower Hamlets Youth Sports Foundation (three projects rated Red for premises related issues)
- Teviot British Bangladeshi Association (rated Red for underperformance)
- Bethnal Green Weightlifting Club (rated Red for underperformance)
- Shadwell Basin Outdoor Activity Centre (rated Amber for not submitting monitoring return but notifying us in advance)

This report details these issues and provides recommendations for the Sub-Committee to consider

## **RECOMMENDATIONS**

The Grants Determination Sub Committee are recommended to:

- i) Consider and agree the 5 recommendations relating to the releasing of MSG payments to the projects as set out in section 3.3, 3.5, 3.9 and 3.11 of the report

### **1. REASONS FOR THE DECISIONS**

- 1.1 Regular performance updates ensure that the MSG themes and individual projects are on track to achieve the targeted outcomes.
- 1.2 Any issues that raise concerns can be addressed and appropriate remedial actions agreed. Where necessary, this could include the reduction, withdrawal or reallocation of funds to ensure that the overall Programme is making the most effective use of resources and maximising the potential achievement of agreed aims and objectives.

### **2. ALTERNATIVE OPTIONS**

- 2.1 Information relating to various aspects of project and monitoring activity is contained within the report to provide Grants Determination Sub Committee with an overall understanding of how projects and organisations have performed against the key elements of their Grant Agreements.
- 2.2 Grants Determination Sub Committee could request further information or alter the recommendations.

### **3. DETAILS OF REPORT**

#### **Introduction**

- 3.1 The MSG Programme currently has 112 live projects.
- 3.2 Performance ratings for the live projects throughout the January to March 2018 period have in some cases, been affected by the premises related issues and by monitoring returns not being submitted. The deadline for returns to be received was 16<sup>th</sup> April 2018, ten working days after the quarter end.

It is proposed that the Mainstream Grants Spotlight Review Panel will meet on the 27<sup>th</sup> July 2018 to review Red and Amber projects. An update on this will be presented to the Grants Determination Sub-Committee at its meeting on the 1<sup>st</sup> August 2018.

### 3.3 Theme 1 Summary - Children and young people

The work of the theme focuses primarily on delivering activities and services aimed at children and young people.

There are 55 live projects within this theme of which 3 are rated Red and 1 is rated Amber.

The Red rated projects are:

- **Tower Hamlets Youth Sports Foundation – Hub Club Programme –**  
Update provided in section 3.8 of this report.
- **Tower Hamlets Youth Sports Foundation – Stepping Stones Programme**  
Update provided in section 3.8 of this report.
- **Teviot British Bangladeshi Association – Opportunity**

The organisation has failed to submit monitoring returns for periods 9 and 10 of the MSG programme which has led to a Red performance rating. The project has ceased activity. Monitoring officers have met with the organisation, most recently on the 5<sup>th</sup> July 2018 to explore ways to resolve some of the issues that exist with a view to exploring whether provision can be resumed. Late monitoring returns are due to difficulties obtaining information to complete financial and output monitoring. The organisations committee members have changed and systems it has taken a while to be put in place to enable current members' to access required information. An action plan is now in place to support the organisation in submitting the outstanding monitoring information and they have been made aware that this must happen by the 31<sup>th</sup> August 2018 in order to ensure they secure the MSG extension.

#### **Recommendation 1 – Teviot British Bangladeshi Association**

**That payment continues to be suspended to the Teviot British Bangladeshi Association pending the submission of satisfactory monitoring information and details of how they will manage missed targets. Payment be released conditional on receipt of all information, together with confirmation of satisfactory performance. If the required information is not submitted by the 31<sup>st</sup> August 2018, the Teviot British Bangladeshi Association be removed from the MSG extension programme.**

- **Shadwell Basin Outdoor Activity Centre - Girls Can Adventure - Shadwell Basin Outdoor Activity Centre**

The project has been rated amber as no monitoring return was submitted for period 10; however monitoring officers were notified before the deadline for returns that there would be a delay in submission. The project is on target to

achieving its outcomes and outputs; this was evidenced during a monitoring visit on the 20<sup>th</sup> November 2017.

## **Recommendation 2 - Shadwell Basin Outdoor Activity Centre**

**That in accordance with MSG procedures for amber related projects; the Shadwell Basin Outdoor Activity Centre receives two thirds grant payment. Once the period 10 monitoring return is submitted and subject to satisfactory performance the organisation be rated Green and in accordance with the RAG performance rating, the remainder of grant payments be released accordingly.**

### **3.4 Theme 2 Summary – Routeways to employment & Welfare Advice Services**

The theme is split into two distinct areas of focus; the first being employability skills training which is formally referred to as Routeways to Employment. The other area focuses on delivering a range of social welfare advice services.

There are 20 projects, all of which are RAG rated Green for performance.

### **3.5 Theme 3 Summary – Health and Wellbeing**

This theme is entitled prevention, health and wellbeing and is intended to achieve a range of targeted outcomes with a primary focus on what were traditionally referred to as adult services.

This theme is made up of 34 live projects, of which 2 are rated Red and 0 are rated Amber.

The Red rated projects are:

- **Tower Hamlets Youth Sports Foundation – *Active Families***

Update provided in section 3.8 of this report.

- **Bethnal Green Weightlifting Club (BGWC) – *Bethnal Green Weightlifting Club***

The project has been RAG rated Red because of underperformance against output targets and unclear definitions of output actuals reported. A Significant Variation Request (SVR) was submitted by the organisation and was agreed at the Grants Determination Sub-Committee meeting on 6<sup>th</sup> June 2018.

The period 9 and 10 returns have not been submitted as target outputs and definitions needed to be revised to reflect actual delivery. A meeting took place between grant officers and the organisation on the 26<sup>th</sup> June 2018 to confirm details of the SVR so the organisation can submit the outstanding returns. These will then be verified, and payments released upon satisfactory performance against the revised outputs/outcomes.

### **Recommendation 3 - Bethnal Green Weightlifting Club (BGWC)**

**That payment continues to be suspended to the Bethnal Green Weightlifting Club pending the submission of satisfactory monitoring information. Once received and evaluated, payment be released conditional on receipt of all information, together with confirmation of satisfactory performance.**

#### **3.6 Theme 4 Summary – Third Sector Organisational Development**

Theme four consists of 3 projects. All projects within this theme have been RAG rated Green for performance for this reporting period.

One of the projects covers a key “strategic partner” role to the Council and is undertaken by Tower Hamlets Council for Voluntary Services. The other two consortium projects provide organisational development and capacity building support to local voluntary and community sector organisations.

#### **3.7 Theme 5 Summary – Community Engagement, Cohesion and Resilience**

This theme focused on community engagement, cohesion and resilience. Projects worked closely with local residents to facilitate the building of a stronger, more cohesive, supportive and stronger community.

The theme was made up of 10 projects which concluded at the end of March 2017. A closure report detailing the outcomes of this theme was considered by the Grants Determination (Cabinet) Sub-Committee at their meeting on the 12<sup>th</sup> September 2017.

#### **3.8 Tower Hamlets Youth Sports Foundation (*Active Families, Hub Club Programme and Stepping Stones Programme*)**

After meeting with THYSF on 11<sup>th</sup> May at which the council offered immediate support to assist THYSF in submitting the outstanding monitoring returns and premises agreements to enable the three projects to be RAG rated, THYSF finally provided information during the week of 2<sup>nd</sup> July 2018.

The production of monitoring returns enabled performance to be evaluated for the outstanding quarterly monitoring periods. The production of premises agreements enabled officers to review the agreements that were in place. Additionally a monitoring visit was undertaken on 12<sup>th</sup> July at which three Officers worked with THYSF to ensure conditions of grant were being met.

The organisation has some premises related issues which are detailed in 3.10 of this report, advice was sought from the council’s Asset Management Team on the premises agreements and it has been decided that payments be made to the organisation in arrears reflecting the fact that the premises agreements provide no security of tenure.

In accordance with the decision made at Grants Determination Sub Committee on 6th June and in light of the progress made, payments in arrears to THYSF will be released via delegated authority of the Corporate Director Resources after consultation with the Executive Mayor.

### **Premises Issues**

3.9 At the GDSC meeting on the 6<sup>th</sup> June 2018, subject to completion of an appropriate property agreement, it was agreed that the following organisations would receive a rent subsidy to cover the cost of rent up to the end of the MSG programme (30<sup>th</sup> September 2019). The Council are in the process of writing to these organisations confirming the rent subsidy and next steps. Whilst this takes place, together with lease negotiations, it is recommended that MSG payments to these organisations continue subject to satisfactory performance:

- Age UK East London
- Bethnal Green Weightlifting Club
- Black Women's Health and Family Support
- Legal Advice Centre
- Stifford Centre
- Our Base
- Tower Hamlets Community Transport

### **Recommendation 4 – organisations receiving rent subsidy**

**That in light of the GDSC decision to award rent subsidies to the above organisations and whilst the Council engages with these organisation in terms of next steps and lease negotiations, that MSG payments continue to be paid subject to satisfactory performance.**

3.10 Tower Hamlets Youth Sports Foundation (use of various Schools)

The organisation has been supplied with the Council's approved booking form to complete, however THYSF have produced a lighter touch version of this. In March 2018 the organisation was again supplied with the Council's approved booking form and was notified that this must be used for all future bookings. The organisation submitted completed booking forms in March and again in July 2018 but on both occasions have used their own light touch version. Having sought advice from the Council's Asset Management Team on the agreements, a decision has been taken that as the agreement provides no security of tenure the organisation should only be paid in arrears until premises related issues have been fully resolved. Officers will continue to work with THYSF and try to persuade them to use the council's approved form which if correctly completed, may evidence security of tenure.

In the meantime as there are on-going unresolved issues pertaining to premises for each of the three projects, the organisation will be RED rated and grant payments will made in arrears.

### 3.11 Family Action

The old license for 2014-2017 was completed on the 7<sup>th</sup> June 2017; this included £15,300 in rent which has now been paid by the organisation. The organisation have shown a clear willingness to enter into an appropriate property agreement with the Council, however the Council is currently exploring the most appropriate agreement.

#### **Recommendation 5 - Family Action**

**That in acknowledgement of Family Action's willingness to enter into an appropriate property agreement, MSG payments be released for this period subject to satisfactory performance.**

### **4. COMMENTS OF THE CHIEF FINANCE OFFICER**

- 4.1 This report provides an update on the Council's MSG programme, budgeted at approximately £3.049m per annum.
- 4.2 There are sufficient resources within directorate budgets to fund the agreed programme over 3 years and the extension period.
- 4.3 The report highlights a number of instances where approved grant awards will not be made, as the organisations are yet to achieve relevant agreed project milestones and on that basis payments are therefore withheld.

### **5. LEGAL COMMENTS**

- 5.1 The decisions of the Commissioners relating to the Mainstream Grants were made at a time when the Council's grant function was being carried out by the Commissioners. Therefore, the Council executive should still consider itself to be bound by those decisions.
- 5.2 A number of recommendations have been made in respect of certain projects highlighted within section 3. The recommendations relating to each project may be actioned given that the grant application and terms enables the Council to pay, refuse, discontinue or suspend payment (with or without conditions) as appropriate relative to each individual project.
- 5.3 The key requirement for the Council is to act reasonably and consistently with the advertised grant process and terms. In addition, the Council is bound by its Best Value duty to ensure that the grant funds are being used in accordance with the grant terms. Therefore, where monitoring concludes that organisations are not performing in a manner consistent with those terms, the Council is entitled to take a variety of actions.

### **6. ONE TOWER HAMLETS CONSIDERATIONS**

- 6.1. The contribution of VCS organisations helping to deliver One Tower Hamlets objectives and priorities are explicitly recognised and articulated within the Council's agreed Voluntary and Community Sector Strategy.

6.2 VCS Organisations play a key role in delivering services that address inequality, improve cohesion and increase community leadership. These services are real examples of 'One Tower Hamlets' in practice.

6.3 The opportunities offered through the MSG Programme will play a key role in delivering the aims of One Tower Hamlets.

## **7. BEST VALUE (BV) IMPLICATIONS**

7.1 The level of awards to organisations was determined by the quality of their individual applications as well as the overall demand for the funds available within each Theme.

7.2 Additionally, the application appraisal process took into consideration the proposed levels of outputs and outcomes to be delivered as well as the organisation's track record and the bid's overall value for money rating.

7.3 There will be ongoing performance management of the approved portfolio of projects to ensure that interventions meet the required standards; that the evidencing of project achievements and expenditure are accurately recorded and reported.

7.4 Monitoring and reporting arrangements are in place to ensure that payments to organisations are in line with performance. The agreed Payment By Results process will ensure that grants will not be paid to organisations that either significantly or consistently under-perform, or those that are not able to properly evidence the work/outcomes for which funding has been approved.

7.5 Agreement of the proposed rent subsidies will assist the Council in achieving the Best Value action plan in relation to the regularisation of lease arrangements with VCS organisations which occupy our premises.

## **8. SUSTAINABLE ACTION FOR A GREENER ENVIRONMENT**

8.1 The MSG 2015/18 Programme has a broad focus including developing new skills for local people and organisations that are disadvantaged and perhaps facing multiple barriers to achieving a sustainable future.

8.2 All programme beneficiaries be they individuals or local organisations will be encouraged to consider taking appropriate steps to minimise negative impact on the environment when taking up the opportunities offered within the programme and on an ongoing basis.

## **9. RISK MANAGEMENT IMPLICATIONS**

9.1 A number of different risks arise from any funding of external organisations. The key risks are:

- The funding may not be fully utilised i.e. allocations remain unspent and outcomes are not maximised
- The funding may be used for purposes that have not been agreed e.g. in the case of fraud

- The organisation may not in the event have the capacity to achieve the contracted outputs/outcomes

9.2 The monitoring being undertaken has identified a small number of projects that have been rated either Red or Amber within the Council's RAG performance rating process. In these circumstances either formal project improvement plans or other appropriate arrangements have been put in place to minimise the risk of further/significant underperformance.

9.3 As part of the ongoing programme management arrangements, support, advice and guidance will be made available projects to ensure that all performance and other risks are minimised.

## **10. CRIME AND DISORDER REDUCTION IMPLICATIONS**

10.1 The activities, services and outcomes that are being targeted through the MSG Programme support the objectives of reducing crime and disorder; this is particularly true of the projects delivering under the Community Engagement Cohesion and Resilience Theme.

10.2 Throughout the programme as a whole however, those people involved in, or at risk of involvement in the criminal justice system will be targeted for support.

## **11. SAFEGUARDING IMPLICATIONS**

11.1 As part of the initial application process organisations were required to provide details of their safeguarding policy if appropriate. The Grant Agreement that funded organisations have entered into includes requirements in relation to safeguarding.

11.2 Organisations providing services to children or vulnerable adults and employing staff or volunteers in a position whose duties include caring for, training, supervising or being responsible in some way for them, are required to fully comply with all necessary safeguarding requirements.

Cubitt Town Bangladeshi Cultural Association	Cubitt Town Bangladeshi Cultural Association	After-school Bengali language classes on Thursday and Friday, two hours each day for 36 weeks a year. The project consists of mother tongue classes, participation in related activities, educational trips and cultural events. All classes take place at St. Luke's Primary School between 5pm and 7pm.	This quarter 22 sessions were held. 27 children participated this quarter. At the beginning of the new academic year children were assessed with written and verbal tasks and were placed in ability groups. The children's progress was monitored through teachers' on going observations of task outcomes and student participation. Their assessment grades were also tracked. From this teachers gave tailored verbal and written feedback to each student. Mid quarter, before the half term holiday, the students were given the opportunity to give their feedback on the content taught. This feedback was used to structure and plan the lessons for the rest of the quarter.	01/09/2015 - 31/08/2018	6,666.00	6,296.00	6,296.00	6,296.00	0.00	GREEN	Monitoring reports continue to demonstrate satisfactory performance ratings against the outputs in the offer letter. Chinese Association of Tower Hamlets	Chinese After School Homework Club	The Chinese After School Homework Club provides bilingual support, homework assistance, and cultural awareness for children ages 5 to 17. It is aimed primarily, but not exclusively, at pupils attending the Saturday's Chinese School. We operate every Saturdays between 12:30 and 3:30 pm during school terms.	<p>There were 10 Homework Club sessions held and 190 attendances during this quarter benefitting 26 registered users this academic year. 19 of the students live in Tower Hamlets (9 girls and 10 boys between the ages of 4 to 17).</p> <p>All of the students sat their first term internal exam on 13th January 2018; teachers had given out revision guide and materials to the students prior to the exam. The homework club tutor also set some questions/tasks according to the revision guide for the students to practice during the sessions and provided with individual feedback on the outcomes. The homework club tutor identified what extra support the students required to set individual learning plans. This enables the students to practice more on the key areas and achieve better results. The tutor also spoke to individual parents about the support they can give to their child when revising at home.</p> <p>After the exam, the homework club tutor asked her students to bring their exam paper and academic achievement report to the homework club so that she can look into the support they need the most for the new term, as well as reviewing the targets set at the beginning of the academic year. At each session, the tutor and students continue to complete a log sheet in the portfolio on the homework completed and the tutor will give a grade on the behaviour for learning.</p> <p>There are a laptop and dictionaries in the School which</p>	01/09/2015 - 31/08/2018	12,015.00	11,347.00	11,347.00	11,347.00	0.00	GREEN	<p>Monitoring demonstrates the project is on track to exceed expected outputs and outcomes in offer letter.</p> <p>The last monitoring visit, 26 September 2017, evidenced achievements and confirmed ongoing conditions continue to be met.</p>
Community of Refugees from Vietnam - East London	Home-School Liaison Project	The Home-School Liaison Project provides active links between Vietnamese children, families and schools to raise attainment and improve the quality of life for vulnerable Vietnamese children and young people especially those with special needs or disability.	<p>This quarter the project delivered 10 sessions of the homework club at the Aberfeldy Community Centre, providing academic support to complete homework with a particular focus on maths. There are currently there are 21 active students (12 girls and 9 boys). During this period the homework club tutor worked with the children to set a target grade for their Maths. The minimum target is 6's (Equivalent= B). In response to parents asking about the new GCSE grades we held a parents meeting on Saturday 17 February 2018 at Aberfeldy Community Centre from 2p.m – 4 p.m. They used the AQA examination board information to explain how the new grading system works. 11 parents attended the meeting.</p> <p>The project has a particular focus on children with special needs. They currently have two children with learning difficulties who attend the homework club. When children enrol, their parents fill in a registration form that includes information on health related conditions. For any children with special needs, they request their Special Needs Action Plan from their school and follow this to support them.</p>	01/09/2015 - 31/08/2018	12,600.00	11,900.00	11,900.00	11,900.00	0.00	GREEN	<p>Monitoring information provided shows what has taken place in the last quarter. Graduate Forum - Careers London	Top Tutors	The Top Tutors Project aims to alleviate the cycle of poverty in low income families by offering Numeracy & Literacy intervention through tuition for children aged 7-16 from BAME low income families. Programme will ensure children raise their aspirations and motivate them for further education.	<p>The Project Manager reports that for 2017/18, the organisation has recruited 23 beneficiaries through outreach, marketing and referrals. Graduate Forum held an Induction Session with learners and their parents to determine the current level and emerging skills gaps in Maths and English and an Individual Action Plan mapping out the structure of the intervention programme. In this quarter the project has also introduced Science tutoring for KS4 students at the request of both students and parents. This academic year sees the introduction of the tougher linear GCSE Science exams.</p> <p>The project delivered Development of soft skills: such as confidence building, instilling the right attitude for further education and working as part of a team. This soft skills training was delivered to 3 KS3 and 4 KS4 beneficiaries in this quarter, the training on Financial Education followed a structured process throughout and runs for 1 hour each.</p> <p>During this first quarter the project also held informal parents meetings with 8 beneficiaries to review the progress students were making and to discuss any concerns parents may have in relation to the delivery of the project. A social media app, WhatsApp is being used to give parents weekly updates on the homework set for students by their respective numeracy, literacy and Science tutors. Information concerning changes to the KS2, KS3 and GCSE curriculum for Maths, English and Science is also communicated to parents.</p>	01/09/2015 - 31/08/2018	15,000.00	13,750.00	13,750.00	13,750.00	0.00	GREEN	<p>The project is on target to achieve the agreed outputs and outcomes. Bangladesh Youth Movement.	'Challenge For Youth' BME & Bangladeshi Girls Development Programme.	"Challenge for Youth" BME & Bangladeshi Girls' Development Programme will operate from BYM's dedicated Youth Centre and via outreach providing myriad activities which enable girls to address social, educational, employment and health issues via constructive leisure activities, health workshops and training programmes on a gender specific basis.	<p>The Project Manager reports that the project is progressing is well and is continues to deliver educational and training project/activities for young girls in accordance with the grant agreement and indeed achieving outcomes. At the end the quarter, young people played team-building games and participated in an Easter egg hunt game and with each Easter egg found there was a fact on why Easter is celebrated to educate young people.</p> <p>Young people took part in planning next quarter April – June programme activities and in evaluating this quarter. Girls gave feedback that they have enjoyed the healthy lifestyle sessions and that the fitness sessions have improved their confidence, health and wellbeing. With spring and summer on its way, young people requested for few outdoor trips and activities or a weekend residential to try new activities and test their strengths and weaknesses in a more challenging environment</p> <p>Staff have also been working with a group of young people in developing their employment CV. The group of young people is now more confident to preparing for an interview and able to independently progress with taking the next step in searching for jobs.</p>	01/09/2015 - 31/08/2018	39,000.00	35,750.00	35,750.00	35,750.00	0.00	GREEN	<p>The project is on target to achieve the agreed outputs and outcomes.</p> <p>Last monitoring visit - 30 January 2018</p>
City Gateway	Back on Track: Engagement and Progression	This project will reach out to the most vulnerable, disengaged and hard to reach young people aged 13 to 19 (up to 25 with SEN), reduce their risks and engage them in positive activities that motivate them to the point that they want to take on training/education or work.	<p>As at June 2016 the project had supported 73 young people. It had been successful in running a young leaders / volunteer programme, which saw significant change in the young people, in terms of: maturity, confidence, attendance and time-keeping. This was particularly evident with the underrepresented group of white males and girls.</p> <p>City Gateway has delivered street detached work and enrichment sessions in local secondary schools. This developed further awareness and encouraged more young people into this provision. Case studies highlight the work carried out with some of whom now act as role-models for other young people and make a positive impact on their lives in turn.</p>	01/09/2015 - 31/08/2018	45,000.00	11,250.00	11,250.00	11,250.00	0.00	n/a	Project has now closed.

ELT Baptist Church	Young Women's Project	After-School Club for young women aged 13-19 on Friday afternoons (3.15-5.30pm) with a wide range of activities:- arts, crafts, sports, dance, drama, cooking, and workshops. Day trips during school holidays such as rock climbing, AirHop, theatre and Southend. Summer project/residential. Lunch-time arts & crafts clubs in 2 local secondary schools.	<p>The Project Manager reported that 11 young women completed recorded outcomes through a Printing (Art &amp; Design) Project.</p> <p>In March 4 young women completed an AQA in Polystyrene Printing which has now been sent off to the A Team for verification with AQA. They should receive their Certificates in April. This will complete the annual target of 10 certified outcomes.</p> <p>One of the highlights this term was the Half-Term trip to the Horniman Museum, where the girls got to visit the Butterfly house &amp; Aquarium. They were very excited to be amongst real-life butterflies and enthusiastic about learning more about them through a quiz. This was followed with a meal at Pizza Express, which allowed the girls to share their concerns about education, personal interests and family issues whilst seeking advice and support from us.</p> <p>This quarter After-School Girls Club was attended by at least 15 girls, 8 of which attended over 5 times. It was particularly encouraging to have another girl from St Paul's Way School join the club and to have girls from different ethnicities e.g. Iraq and Pakistan, attend the club too.</p> <p>Some of the older girls made efforts to attend club at least once but because they were preparing for exams or involved in extracurricular activities e.g. Cadets Training, Duke of Edinburgh, they didn't come as regularly. Working collaboratively with other providers, we aim to increase participation, reduce isolation, raise attainment, improve health wellbeing and promote citizenship through a wide range of weekly activities including sport, street dance & scouting; plus daily diversionary activities throughout school holidays.	<p>The Project Manager reports that the YOU project continues to go well with regular activities. Saturday Street Dance classes every week, a successful February half term project and weekly Explorer Scouts all continue to flourish but without bringing in too many new young people.</p> <p>The big change this quarter, and an attempt to rectify the lack of new young people, IHCC has invested in employing the YOU project dance session leader, for an extra day each week (7 hrs) to develop new opportunities with the YOU project. Although still in the planning stages, IHCC hopes that will bear fruit in the near future with a number of new programme ideas coming to life. Of the 35 beneficiaries attending this quarter, only 4 were new. This takes IHCC YOU project up to its total of 162 new beneficiaries so far.</p>	01/09/2015 - 31/08/2018	45,000.00	42,500.00	42,500.00	42,500.00	0.00	GREEN	<p>The project is on target to achieve the agreed outputs and outcomes.</p> <p>Last monitoring visit - 26 April 2018</p>

Osmani Trust	Aasha Peer Project	The Aasha Programme has a track record spanning over 15 years in dealing with disaffected young people who are involved in gangs, violent crimes and ASB. Aasha's Peer Programme engages these young people to become ambassadors to their peers, changes attitude, promotes understanding, reduces crime and ultimately empowers young people.	<p>The Project Manager reports that Aasha has been working closely with a group of young people from Globe Town and Bethnal Green area who are aged between 13 and 15. They have engaged in several workshops around personal identity, personal safety, community and citizenship. The workshop became part of the ASDAN award and the group has decided that their first community project will be spring community BBQ.</p> <p>The Project Manager reports that whilst working with the young people from the Globe Town area on the peer work model, Aasha staff team has been working hard to understand the recent injection in stabbing incidents within the Globe Town and Bethnal Green area as well as be part of the mediation process. Osmani has identified a pattern in majority of the reported cases and many other incidents that have gone unnoticed. A High percentage of those cases are related to drug dealing and how young people perceive "respect" which is being translated into a false sense of "power" on the streets and status. In particular with the Globe Town area where there has been a spate of young people going into prison which has caused a power struggle between young people in the area as they await their opportunity to fill the void.</p>	01/09/2015 - 31/08/2018	45,000.00	41,250.00	41,250.00	41,250.00	0.00	GREEN	<p>The project is on target to achieve the agreed outputs and outcomes.</p> <p>Last monitoring visit - 15 November 2017 Last monitoring visit - 29 June 2018</p>

Shadwell Basin Outdoor Activity Centre	Girls Can Adventure - Shadwell Basin Outdoor Activity Centre	'Girls Can Adventure' is a 'long term athletic development' programme open to all girls from the age of 9 up to 18 years old. It uses the vehicle of outdoor and adventure activities to allow young girls to achieve their potential through both gaining technical abilities in adventure sports and exploring and developing themselves in the fields of leadership, teamwork, problem solving and decision making. All this whilst creating a healthy lifestyle and living, with a chance at training for employment skills.	<p>The Project Manager reports that the project has generally been going well. The girl's project participated in two notable events in this quarter; the annual Shadwell Youth Challenge and the Annual Awards evening.</p> <p>The Youth Challenge was a friendly but still quite competitive atmosphere on the day, with participants competing in speed climbing, kayak sprint, kayak distance and kayak slalom events in boys and girls classes for those under 12, 15 and 18 of age. The pizza lunch in between events was a highlight for many.</p> <p>On the Annual Awards evening young people attended to receive Youth Challenge trophies and Jack Petchey Awards and to see the slideshows, Duke of Edinburgh presentations and films of this year's activities. The evening was attended by 115 people in total and many of the girls were there. Two groups from the Girls Can Adventure programme also did presentations on their D of E expedition and project, which was great for the other youth members to see.</p>	01/04/2016 - 31/08/2018	15,000.00	13,750.00	12,500.00	12,500.00	-1,250.00	AMBER	<p>The project has been rated amber, as not monitoring report has been received for this period. Supervised IT facilities are also available to support students' learning.	<p>The Project Manager reports that Wadajir has continued to deliver youth drop-in sessions during term time on Sundays. They enable participants to explore their thoughts and interests in a safe space. The majority of the young people that attend the sessions have parents or relatives that also use services and without this relationship many of them would not allow their children to attend sessions. Wadajir is thus in a strong position to identify vulnerable young people in the community.</p> <p>A wide range of activities are available to participants from educational talks to gang violence workshops depending on the age and demographic of the group, all of which aims to improve motivation, confidence and self-esteem. We have provided training which gives those attending new skills and experiences which are transferable to other situations.</p> <p>The Project Manager further adds that Wadajir has focused on providing a service for young people in particular young boys as the project feels they are in need of guidance and support as we have seen a number of tragedies resulting in deaths in London over recent months. In this regard Wadajir has found a new teacher/youth worker who has experience with working with young people and has been a great addition to the centre. The project has done very well. They have met almost all their targets and in particular surpassed their target in getting people to complete their accredited training and non-accredited training and making referrals to other organisations thereby strengthening their networking and partnership skills. To date, they have got 63 people to complete their accredited training, 45 people to complete their non-accredited training and have made 130 referrals to other organisations. They have also secured 4 people into jobs that are sustained for at least 13 weeks. Additionally, they have helped secure 16 opportunities for freelance work.	01/09/2015 - 31/08/2018	104,169.00	98,381.83	98,381.83	98,381.83	0.00	GREEN	The project is on track and likely to achieve agreed outcomes. Limehouse Project Limited	Enhancing Vocational Access (EVA)	EVA offers economically inactive/unemployed women an integrated incremental programme of personal development, employability and vocational training to improve their life chances. EVA targets women who seek work opportunities compatible with their experience, interests and family commitments such as Health & Social Care, childcare or self-employment based on domestic skills.	Over the last two years we have successfully completed the delivery of 8 groups of childcare level 2 qualifications, as well as the 20 cohorts of our 12-week capacity building professional development training. Over the last 6 months we have been running 5 new groups of level 2 qualification predominantly in teaching assistants (TA) due to demand along with the professional development training.  This year we have successfully engaged a total of 283 beneficiaries, many who have either completed our professional development course and/or gone on to level 2 qualification or gained other relevant accredited training in school, health or care backgrounds. We have records of 25 beneficiaries engaged in new volunteering placement and expect more over the coming quarter, and seen 14 beneficiaries move into sustainable employment in their desired sectors.  With the ongoing TA accreditation being delivered we are expecting to see approx. 30+ beneficiaries gained qualification and with the right support and partnership, additional employment outcomes and sustainment	01/09/2015 - 31/08/2018	138,849.00	131,135.00	131,135.00	131,135.00	0.00	GREEN	The project is on track to meet outcomes and outputs.

Mind In Tower Hamlets	Upskill	Upskill is a new service which aims to support people with mental health issues to get closer to the labour market. Developing social enterprise models of employment, we will offer direct work place experience, training and placements in related business areas which will support our clients to access work.	Upskill have made a lot of connections and have networked across the borough and as a result the project is well known throughout. They have helped 74 residents with mental health needs find work or volunteer placements and 25 people into jobs that are sustained for at least 13 weeks.	01/09/2015 - 31/08/2018	207,504.00	195,976.00	195,976.00	195,976.00	0.00	GREEN	The project is on track and likely to achieve agreed outcomes. Newark Youth London	Women into Work	Our project aims to increase employability skills of all women in Tower Hamlets, specifically targeting BAME women and supporting them to move closer to the job market and into work through assessment, one to one support, supported work placements/volunteering, improving essential basic skills, training, enterprise and back to work seminars.	This project works with BAME women that are furthest away from the labour market and have been on benefits for a number of years. Despite the difficulty in getting this group engaged and motivated to find work, they have helped 112 residents complete their accredited training and 15 people into jobs.	01/09/2015 - 31/08/2018	58,431.00	55,184.83	55,184.83	55,184.83	0.00	GREEN	The project is on track and likely to achieve agreed outcomes. Osmani Trust	Education & Employment	The Education & Employment Project was established in 2006. Our aim is to develop the capacity, knowledge and skills of young people, especially those facing barriers, marginalised, so that they are able to access and benefit from training and developmental opportunities with the view to improving their quality of life.	The project reported some under performance during the Quarter, however the cumulatively the project is on target to achieve agreed outputs and outcomes for residents. The grant agreement states that at least 50% of participants will attain accredited training; of this the projects achieved 96% to date (forecast target for non-accredited training 101 participants attain non-accredited training, actual 97). Similarly the target for accredited training is at least 50% of participants will attain accredited training, the project achieved 88% of this (forecast target for accredited training is 52, actual 46). The grant agreement also stipulates that at least 60% of participants will successfully complete work placement, apprenticeship and volunteering opportunities, since that start the project achieved 65% of the target. Therefore, despite some underperformance the project is on target to achieving the intended outcomes for residents. Going forward, the project requested and was approved to vary the grant for the remaining period including the extension till Sept 2019.	01/09/2015 - 31/08/2018	90,291.00	85,274.00	85,274.00	85,274.00	0.00	GREEN	The project is on track to meet outcomes and outputs.
The Prince's Trust	Bridging The Gap	Led by The Prince's Trust, the 'Bridging the Gap' programme is an innovative, high impact course designed for marginalised young people living Tower Hamlets. Through targeted outreach we will engage those young people furthest from the job market and provide them with 1-1 support, development opportunities and employment skills.	In Quarter 4 we have engaged 14 new young Tower Hamlets residents and overall there were 17 beneficiaries of the project. Start to date 70 young people have been engaged in the project, meeting the overall target. The Prince's Trust and Streets of Growth have been providing ongoing support including employability sessions and Fairbridge Follow On courses called 'Jiggys, Confidence and Identity' and 'Fake it till you make it' designed to develop self-confidence. Since the start 70 participants received initial assessed on the out of a target of 66, 65 successfully completed non-accredited training (target 66), 43 participants successfully completed accredited training (target 34), 8 participants were supported into work experience (target 6) and 8 participants supported into work with vast majority remaining in post over the target 13 weeks period. Clients were successfully support and awarded £6,154 in oncome increase and backdated award totalling 6,966.20. To meet demand 17 volunteers have engaged with the project, delivering advice under, 32 benefits tribunals were scheduled in this quarter, 7 were adjourned or postponed for various reasons, 22 were successful, 2 were unsuccessful (win rate of 92%) and 1 outcome is unknown. Volunteers or caseworkers accompanied clients to 13 of the hearings. Main issues were benefits problems - failing Work Capability Assessments, PIP refusals, and increasingly we are seeing clients with problems arising from Universal Credit claims. The project reported that very few clients come to open door sessions with straightforward issues that can quickly be resolved in one face-to-face visit. The vast majority of clients have serious, complex issues with their benefits and the time taken to resolve these issues has escalated due to the lack of information about Universal Credit awards, confusion about who deals with what, excessive and unexplained delays in payment and vulnerable clients being subjected to repeat sanctions. We have taken the lead in Tower Hamlets in raising these issues with the DWP at the highest levels and with local MPs, but the situation is not improving. Many of these clients are virtually destitute.	01/09/2015 - 31/08/2018	150,000.00	141,667.00	141,667.00	141,667.00	0.00	GREEN	Project progressing well and achieving agreed outputs, actual expenditure is broadly in line with forecast budget. Limehouse Project Limited	LAP 3 & 4 Advice Service	We work alongside local communities in Shadwell, St Dunstan's, Stepney Green and St Katharine's and Wapping to offer high quality information and advice services on welfare rights, debt and money and housing issues.	<p>Quarter 4 2017-18: We have 668 enquiries/cases against our set targets 687. There has been a slight shortfall due to A/L and bank holidays closure but we have made up for it from last quarter where we achieved over 720 outputs. We have assisted 460 clients. 65% (estimated) enquiries were Welfare benefit related, 13.5% money and debt, 6.5% housing, 3.5% consumer related matters, 1% family, 1.5% was immigration related, 1% education, 3% employment related matters and 4% was other enquiries. Clients were assisted with welfare benefit related matters such as claiming benefits or making enquiries as well as helping with housing and debt matter including priority rents arrears, council tax arrears and benefit OP. We also assisted clients with immigration, making housing applications and accessing information, consumer related enquiries and basic immigration advice. Advice sessions involved challenging decisions made by various bodies like the DWP and HMRC involving complex casework.</p> <p>This quarter we continued to support clients who have moved over to Universal Credit, helping them access emergency grants and food banks as accessing UC payments continued to be difficult, sometimes leaving clients with no payments for 8 weeks. We have advised approximately 507 clients, in various issues ranging primarily from Welfare Benefits, Money &amp; Debt, Housing, Employment, etc. 59% of all enquiries dealt with in Lap 7 were Welfare Benefit issues. We have assisted clients in maximising incomes through benefit claims, challenging decisions through reconsiderations and appeals and generally through extensive advisor input in checking claims, rectifying claimant errors, etc. to keep benefit payments intact. We have found this quarter, a gradual increase in the number of Universal Credit related enquiries in relation to negative ESA related issues. We have had some success in revising decisions on disability and health-related benefits at the MR stage and prior to appeals reaching a Tribunal hearing having decisions changed at DWP. A result of the various delays, negative decisions and reduced unpredictable UC payments; has been a rise in Crisis and Support Grants. Clients have fortunately been assisted with Local Authority funds in minimising the severe negative impact of no income at all. 12% of all enquiries were assistance and casework in Money &amp; Debt. We have assisted clients with managing their debts and setting up payments to continue to be able to sustain their household's incomes. We offer Open Session training in Weightlifting and Powerlifting and special classes for the over 55s, 14-18 Year Olds and Female Beginners.	Based on feedback from previous sessions, we are now rebuilding the women-only intro courses and plan to relaunch those in Q4. Open session continues strongly, albeit with a small impact from the holiday season. The additional coaching for beginners to Olympic Weightlifting has been a continuing success and we are considering how best to capitalise on it.	01/09/2015 - 31/08/2018	56,880.00	53,720.00	28,440.00	28,440.00	-25,280.00	RED	The project has been RAG rated Red because of underperformance against output targets and unclear definitions of output actuals reported. A Significant Variation Request (SVR) was submitted by the organisation 27/02/18 and agreed at the Grants Determination (Cabinet) Sub-Committee meeting on 06/06/18.  The comments in the Key achievements section are from the Jul-Sep 17 period. The Oct-Dec 17 and Jan-Mar 18 returns have not been submitted as target outputs and definitions needed to be revised to reflect actual delivery on the ground. Grant Officer has scheduled a meeting with BGWC to confirm the details of the SVR after which BGWC can submit the outstanding returns. These will then be verified, and payments released upon satisfactory performance against the revised outputs/outcomes.
Black Women's Health and Family Support	BWHAFS Lifelong Learning programme: Textile & Designs Project, ESOL Classes, and ICT Drop-in Project	BWHAFS weekly Textile & Designs project, ESOL Classes, and ICT Drop-in Project during term-time is open to women seeking basic English language and digital skills for improved communication, access to services and wellbeing. Magic Me	Intergenerational Arts Programme	Magic Me will run a programme of intergenerational arts projects bringing together older people 55+ and young people 9-16. Working with specialist creative artists, in weekly sessions, younger and older participants will learn new skills, share existing experience, exchange ideas and create performances, exhibitions etc for public audiences.	This quarter we completed delivery of two 10 week projects with primary schools: Passing Notes; involving Y4 pupils from Osmani Primary School and older residents from John Sinclair Court. The group produced sound and collage portraits of the older people in the group. These were exhibited at Whitechapel Ideas Store from 9th - 13th March and also presented to an audience of invited guests, pupils from the school and the general public. For 'Outside In' artists worked with Y4 pupils from Clara Grant Primary School and local people over 55. Sessions took place weekly at the Linc Centre. Participants worked with a storyteller and visual artist to share experiences of being at home in their local community. Together they produced a comic book and poster featuring original artwork and poetry written by the group. At the end of the project the group presented their work to KS2 pupils at the school, and an audience of parents and invited guests. As part of both projects, artists ran additional workshops with the rest of the Y4 cohort in each school - with pupils contributing work towards the final outcomes and increasing reach and impact of the projects	01/09/2015 - 31/08/2018	46,440.00	43,860.00	43,860.00	43,860.00	0.00	GREEN	The project is on track in delivering the outcomes and outputs as agreed in the Grant Offer Letter. Green Candle Dance Company	Dance for Health at Oxford House	Dance for Health at Oxford House is for older people aged 55+, and delivers two, thirty week workshops a year from 10.30 - 12.30. The Tuesday sessions are aimed at more active older people, whilst the Friday sessions are specifically aimed at participants with mild - moderate dementia and their carers.	This quarter we have delivered 13 Senior dancers sessions, 9 Remember to Dance group sessions and 1 taster session at the Stepney Jewish Community Centre on 28/03/18. The Tuesday Senior Dancers participated in an intergenerational dance project with students from two local primary schools. The project culminated in a sharing at Columbia Primary School on 6/3/18 in front of peers, staff and students. The feedback was very positive with the students from William Davis creating a thank you card. Comments from the children included: 'I like the shelter building as it made me appreciate what I have today'. Feedback was gathered from seniors who reported they were either 'very happy' or 'happy' with the project and that the sessions 'provides a good workout, great company, a wonderful stress reliever and I hugely enjoy rehearsing and working towards a performance piece and being a part of the creative process.' The feedback obtained from the Remember to Dance sessions, revealed of the 16 people that completed the questionnaire 14 said they were 'Very Happy' and 2 'Happy' with the project.	01/10/2015 - 31/08/2018	83,125.00	80,050.00	80,050.00	80,050.00	0.00	GREEN	The project is on track in delivering the outcomes and outputs as agreed in the Grant Offer Letter. **Theme 1 Children, Young People and Families**

**MSG Programme Period 10 (Jan-Mar 2018) Performance Report**

**Theme 1 – Children, Young People & Families:** This theme focuses on seeking the following key outcomes:

- Improved levels of participation, educational attainment and progression for children and young people.
- Children and young people are protected from harm and families are supported to provide a safe environment.
- Harmful relationships among peer/gender groups are reduced.
- Improved physical (such as reduced levels of obesity) and emotional health and wellbeing in children and young people.
- Reduced levels of substance misuse and sexual abuse, violent crime (including domestic violence) and anti-social behaviour.

**Geographical Breakdown**

The table below shows the number of beneficiaries supported during the period January to March 2018 by Ward Cluster:

There are 10 projects in this category; 8 of which are classed as ‘Green’ and are on course to meet the agreed expenditure targets, service outputs and outcomes as indicated in monitoring reports received.

1 project classed as Red:

**Teviot British Bangladeshi Association – Opportunity**

The organisation has failed to submit monitoring returns for periods 9 and 10 of the MSG programme which has led to a Red rating. Monitoring officers have met with the organisation, most recently on the 5th July 2018 to explore ways to resolve some of the issues that exist. Late monitoring was due to difficulties obtaining information to complete financial and output monitoring.

**Youth Services Project Portfolio – Children’s Services**

No. of live projects – Jan-Mar 2018	No. of projects classed as <b>GREEN</b>	No. of projects classed as <b>AMBER</b>	No. of projects classed as <b>RED</b>
16	15	1	0

There are 16 projects in this category; 15 of which are classed as ‘Green’ and are on course to meet the agreed expenditure targets, service outputs and outcomes as indicated in monitoring reports received.

1 project is classed as Amber:

**Shadwell Basin Outdoor Activity Centre - Girls Can Adventure**

The project has been rated amber, as not monitoring report has been received for this period. However, it was flagged by the project that there would be an issue this period in submitting a return.

Nevertheless, the project is on target to achieving its outcomes and outputs.

Due to the level of award this project requires annual monitoring visits.

**Sports Project Portfolio – Children’s Services**

No. of live projects – Jan-Mar 2018	No. of projects classed as <b>GREEN</b>	No. of projects classed as <b>AMBER</b>	No. of projects classed as <b>RED</b>

At the time of writing Period 7 and 8 monitoring return has been submitted. The project has met the quarterly targets and this was verified at the monitoring visit. No premises hire booking forms (outreach sites) for this project has been received yet.

Period 9 (Oct-Dec 17) monitoring return has not been received yet. Officers are continue to support the group to resolve all issues.

**Bethnal Green Weightlifting Club – Bethnal Green Weightlifting Club**

The project has been RAG rated Red because of underperformance against output targets and unclear definitions of output actuals reported. A Significant Variation Request (SVR) was submitted by the

organisation 27/02/18 and agreed at the Grants Determination (Cabinet) Sub-Committee meeting on 06/06/18.

The Oct-Dec 17 and Jan-Mar 18 returns have not been submitted as target outputs and definitions needed to be revised to reflect actual delivery on the ground. Grant Officer has scheduled a meeting with BGWC to confirm the details of the SVR after which BGWC can submit the outstanding returns. These will then be verified, and payments released upon satisfactory performance against the revised outputs/outcomes.

**Theme 4 Third Sector Organisational Development**

**MSG Programme Period 10 (January - March 2018) Performance Report**

**Theme 4 – Third Sector Organisational Development:** This theme focuses on seeking key outcomes including:

- Increased number of local VCS organisations with Quality Assurance accreditations
- Increased levels of external grant funding secured by local VCS organisations
- Increase in the number of organisation able to effectively manage grant funded activities and better demonstrate the impact of their work
- Improved sustainability of specialist resources that are used by a wide range of third sector organisations to deliver their work

Theme 4 is focused on supporting organisations rather than individual beneficiaries. Organisations from across the borough are currently being supported by the Theme 4 projects.

- In relation to support for LBTH Funded Organisations training/support sessions have been provided covering a range of activities including those outlined below.
  - governance
  - fundraising
  - premises
  - LBTH on-line monitoring system
  - recruitment of project staff
  - volunteering
- In relation to Supporting VCS organisations based in Tower Hamlets training/support sessions have been provided covering a range of activities including those outlined below.

### Support to Council funded organisations

Project, which is a partnership between THVCS and Volunteer Centre Tower Hamlets, provides training, advice and support to organisations funded by the London Borough of Tower Hamlets in order to develop their systems and improve their financial and project management. Project has been successful overall in delivering its output targets during its lifetime, assisting LBTH grant-funded organisations to be ready to deliver their Council-funded projects. It has provided in-depth support to organisations on a number of areas such as premises, plus management and reporting for LBTH Main Stream Grant. Support has also been provided on: fundraising, governance, staff recruitment, volunteering, charity registration, sustainability, pensions, service user involvement, health and safety and social media. Project has delivered support through training, resources, information provision and one-to-one development work. A key focal point for the project in Period 10 was delivering training on General Data Protection Regulation and LBTH's new commissioning and procurement process.

Project's achievement rate against its combined cumulative output profile at the end of Period 10 was 146%.

### Supporting VCS organisations based in Tower Hamlets

Project, which is a partnership between THCVS, Volunteering Centre Tower Hamlets and Tower Hamlets Community Transport, assists voluntary sector organisations in the borough, through advice and training, to develop and maintain effective systems, plan effectively, raise funds, manage projects and staff and achieve quality assurance accreditations. Project has been successful overall in delivering its output targets and supporting the development of a strong voluntary sector in the borough. It has provided advice to organisations on a range of areas, particularly in relation to governance, start-ups, premises, advice on external funding, trustee development and development of good practice and procedures on volunteering. The project has also delivered Minibus Driver Awareness Scheme accredited training in driving and first aid and delivered minibus journeys to support local voluntary sector activity. As with the Support to

Council funded organisations project, a key focal point for the Supporting VCS organisations based in Tower Hamlets project in Period 10 was delivering training on General Data Protection Regulation and LBTH's new commissioning and procurement process.

Project's achievement rate against its combined cumulative output profile at the end of Period 10 was 144%.

### **Strategic Partner Project**

Project provides and supports representation, networking and partnerships among voluntary sector organisations and between the statutory, business and voluntary sectors in the borough. The project has undertaken much work in relation to voluntary sector premises in the borough, liaising with and influencing LBTH policy on community buildings. In Period 10 the project has worked with LBTH on the re-development of a Council Compact, the creation of a new LBTH new grant policy and the future implementation of the Community Commissioning programme.

Project's achievement rate against its combined cumulative output profile at the end of Period 10 was 117%.

<p><b>GRANTS DETERMINATION SUB-COMMITTEE</b></p> <p><b>01 August 2018</b></p>	 <p><b>TOWER HAMLETS</b></p>
<p><b>Report of:</b> Corporate Director, Place</p>	<p><b>Classification:</b> Unrestricted</p>
<p><b>PLACE Ltd Modular Temporary Accommodation GLA Sub-Grant Agreement</b></p>	

## Executive Summary

In March 2018, the Mayor in Cabinet approved Tower Hamlets as the Lead Borough of the Pan-London Accommodation Collaborative Enterprise (PLACE) programme, and approved the incorporation of PLACE Ltd to deliver modular temporary accommodation on meanwhile sites.

The GLA has awarded £11M to the programme; as lead borough Tower Hamlets is the Grant Recipient. The Mayor acknowledged the requirement for further discussions to approve a Sub-Grant Agreement to allow PLACE Ltd to draw on the GLA Grant.

## Recommendations:

The Grants Determination Sub Committee is recommended to:

1. Authorise the award of grant funding of £11 million to PLACE Ltd through a Sub-Grant Agreement; drawing on the £11 million grant from the GLA awarded to Tower Hamlets, Lead Borough of the Pan-London Modular Temporary Accommodation on meanwhile sites programme.
2. Authorise the Corporate Director Place to enter into a grant agreement and make decisions relating to any associated matter to paragraph 1 above.

## 1. REASONS FOR THE DECISIONS

- 1.1 On 20<sup>th</sup> March 2018, Cabinet agreed to establish a Company Limited by Guarantee (CLG), in order to expand the range of options for temporary accommodation for families, both in borough and across London. Delegated Authority was given to the Corporate Director (Place).
- 1.2 The CLG is called Pan-London Accommodation Collaborative Enterprise Limited (PLACE Ltd) and was incorporated on 29<sup>th</sup> May 2018.

- 1.3 The Cabinet noted the award of £11 million from the GLA Innovation Fund to deliver modular temporary accommodation on meanwhile sites through pan-London collaboration between London boroughs.
- 1.4 The Cabinet also noted that further decisions will be required at a later date to pass on GLA grant funding from the Council to the new Company. This Cabinet report covers these further decisions.
- 1.5 The decisions recommended are required to enable PLACE Ltd to draw on the GLA Grant funding. This is required to conduct the collaborative procurement of goods and services, and progress in to delivery of the programme.
- 1.6 Terms of the grant to PLACE Ltd will be covered by a sub-grant agreement that will be a contract between the parties to ensure compliance.

## **2. ALTERNATIVE OPTIONS**

- 2.1 There is the option not to award the Sub-Grant Agreement and withdraw from the Innovation Fund grant agreement with the GLA. This would result in a lost opportunity to lead and deliver better quality temporary accommodation both locally and across London as well as achieve General Fund budget savings by providing a cheaper alternative to B&B and nightly paid accommodation.

## **3. DETAILS OF THE REPORT**

- 3.1 PLACE Ltd is progressing in to delivery, undertaking a schedule of Procurements. A Sub-Grant Agreement is required to ensure PLACE Ltd can draw on the GLA Grant Agreement.
- 3.2 A company bank account and accounting system are being established that will facilitate reporting.
- 3.3 PLACE Ltd will appoint auditors to ensure compliance with the relevant finance regulations and relevant Tower Hamlets finance policies.
- 3.4 Please see Appendix A for the 20<sup>th</sup> March 2018 Cabinet Report detailing the programme in greater depth.
- 3.5 Please see exempt Appendix B for the Financial Viability Modelling undertaken to assess the feasibility of the programme with the GLA grant funding. This appendix is exempt due to commercial confidentiality.
- 3.6 Please see exempt Appendix C for the draft GLA Grant Agreement with Tower Hamlets as the lead borough for the Pan-London modular temporary

accommodation on meanwhile sites programme. This appendix is exempt due to commercial confidentiality.

#### **4. EQUALITIES IMPLICATIONS**

- 4.1 The proposed collaborative procurement and ownership company will provide cheaper and better quality temporary accommodation for homeless families, thus promoting improve life chances and outcomes for a group of people over-represented in terms of protected equality categories compared with the general population.
- 4.2 Modular homes will be specifically designed to comply with Planning requirements in relation to accessibility for people with physical disabilities.

#### **5. OTHER STATUTORY IMPLICATIONS**

- 5.1 This section of the report is used to highlight further specific statutory implications that are either not covered in the main body of the report or are required to be highlighted to ensure decision makers give them proper consideration. Examples of other implications may be:

- Best Value Implications,
- Consultations,
- Environmental (including air quality),
- Risk Management,
- Crime Reduction,
- Safeguarding.

#### **5.2 BEST VALUE (BV) IMPLICATIONS**

This programme is intended to deliver cheaper and better quality temporary accommodation both locally and across London, achieving General Fund budget savings by providing a cheaper alternative to B&B and nightly paid accommodation.

The Tower Hamlets savings achieved will be monitored and reported to Members as part of the overall Homelessness budget position.

#### **5.3 SUSTAINABLE ACTION FOR A GREENER ENVIRONMENT**

Making use of meanwhile sites pending regeneration or permanent redevelopment demonstrates an enhancement of the local environment in terms of amenity and place-making.

Landscaping and external space treatment will be integral to the Planning process for these sites.

Relocation and reuse of modular homes demonstrates more efficient use of scarce resources.

Factory production can reduce and eliminate construction waste.

#### **5.4 RISK MANAGEMENT IMPLICATIONS**

The Council will take on a liability to repay GLA Innovation Fund grant if grant conditions are not met and outputs are not achieved. The Sub-Grant Agreement needs to be a robust agreement to minimise risk for the Council. The sub-grant agreement will be drawn up by Tower Hamlets Solicitors.

The risks in relation to procurement, construction and ownership of the modular homes will be held by the company, not falling to the Council itself.

PLACE Ltd Directors will be filed on Companies House and will agree to the Articles of Association, the Governance Agreement and the General Notice of Interest.

#### **5.5 CRIME AND DISORDER REDUCTION IMPLICATIONS**

There are no specific implications.

#### **5.6 SAFEGUARDING IMPLICATIONS**

There are no specific implications.

### **6. COMMENTS OF THE CHIEF FINANCE OFFICER**

- 6.1 The Council is one of a group of London local authorities that has secured capital financing of £11 million from the GLA's Innovation Fund and a revenue allocation of £20,000 from London Council's Capital Ambition programme to develop modular temporary accommodation.
- 6.2 The Mayor in Cabinet on 20<sup>th</sup> March 2018 agreed that the Council would become a founding member of a company limited by guarantee – PLACE Ltd - that will procure and own modular temporary accommodation part funded through the Innovation Fund grant allocation. The GLA and London Councils require one authority to be paid the grant, so approval was also given for the Council to act as the accountable body in order to receive the grant funding and pass it to the company. In addition it was agreed that the Interim Divisional Director of Housing and Regeneration would be appointed as the company director.
- 6.3 This report seeks the approval of the Grants Determination Sub-Committee to enter into a grant agreement with the GLA in relation to the Innovation Fund

Grant and to authorise the award of grant funding of £11 million to PLACE Ltd through a Sub-Grant Agreement. The proposed grant agreement between the GLA and the Council is included as Appendix C.

- 6.4 A financial viability overview of providing modular temporary accommodation via a special purpose vehicle has been undertaken (see the exempt Appendix B) however detailed thorough specific appraisals will be undertaken before schemes progress. PLACE Ltd will establish an independent mechanism for financing the works, with claims for grant contributions being submitted to the GLA via the Council on the completion of appropriate project milestones. In order to mitigate risk, the Council will only pass funding to PLACE once it has been received from the GLA. Any surpluses that are generated by the company will be reinvested in the programme.
- 6.5 As the accountable body, the Council will be liable to repay GLA Innovation Funding if the grant conditions are not met or outputs are not achieved (see paragraph 5.4). It is therefore essential that the Sub-Grant Agreement and any other legal documentation protects the Council's assets and minimises its exposure to risk.

## **7. COMMENTS OF LEGAL SERVICES**

- 7.1 The grant funds have been given to the Council GLA only for the purposes of funding PLACE Limited as this was in the grant application proposal and is reflected in the grant terms. The grant terms are in draft format but should not be expected to change substantially in this regard. Therefore, the funds must be used for this purpose or returned to the GLA.
- 7.2 Any further financial commitment by the Council to PLACE either in a supportive way or by the purchase of accommodation from it would be subject to a separate approval process and therefore, the risk relating to this transaction should be considered to be low.
- 7.3 There are no equalities impacts in respect of the grant of funds.

### Executive Summary

A working group of boroughs from across London, chaired by Tower Hamlets, is proposing a collaborative approach to acquiring modular temporary accommodation, manufactured in a factory, installed on “meanwhile” sites and moved to other sites as they become available, with the homes let by boroughs to homeless families as a cheaper and better quality alternative to Bed & Breakfast or other nightly paid temporary accommodation. The GLA are proposing to grant fund this scheme from their Innovation Fund. London Councils are supporting the programme from the Capital Ambition programme.

This report asks the Mayor to approve the establishment of a not-for-profit Company Limited by Guarantee which will act as the procurement and ownership vehicle for the scheme. Boroughs will become members of the company in order to participate in and benefit from the programme. Legal advice confirms that this approach will comply with public procurement regulations and financial modelling demonstrates commercial viability, based on current assumptions and the availability of grant.

### Recommendations:

The Mayor in Cabinet is recommended to:

1. Note the award of £11 million from the GLA Innovation Fund to deliver modular temporary accommodation through a pan-London collaboration between London boroughs.
2. Note the award of £20,000 from the Capital Ambition programme (hosted by London Councils) as “seed-funding” for the further development of the pan-London temporary accommodation proposals.

3. Approve the establishment of a Company Limited by Guarantee to procure and own modular temporary accommodation for the benefit of London boroughs who become members of the company, with LB Tower Hamlets as a founding member.
4. Appoint Mark Baigent, Interim Divisional Director of Housing & Regeneration as the Council's initial Company Director.
5. Delegate to the Corporate Director (Place) in consultation with the Corporate Director (Governance) and the Corporate Director (Resources) to approve the specific legal documentation for establishing the company.
6. Note that further decisions will be required at a later date to pass on GLA grant funding from the Council to the new Company and, if relevant, for the Council to provide debt finance to the Company.

## **1. REASONS FOR THE DECISIONS**

- 1.1 The decisions recommended are required to establish the company that boroughs will then become members of as they decide individually to participate in the collaborative procurement and ownership approach.

## **2. ALTERNATIVE OPTIONS**

- 2.1 There is the option not to establish the company and withdraw from the Innovation Fund grant agreement with the GLA. This would result in a lost opportunity to lead and deliver better quality temporary accommodation both locally and across London as well as achieve General Fund budget savings by providing a cheaper alternative to B&B and nightly paid accommodation.
- 2.2 There is also the option of stepping back from a leadership role and inviting another borough to take on the role of establishing the company on behalf of the collaborative group. At present, London Councils and the collaborative group are encouraging Tower Hamlets to take on this leadership role.

## **3. DETAILS OF REPORT**

- 3.1 The Interim Divisional Director of Housing & Regeneration is chair of the London Councils Temporary Accommodation Supply group. During 2017 the group began investigating the possibility of setting up a collaborative approach to procuring and owning demountable modular temporary accommodation to be used by boroughs across London on "meanwhile" sites (such as future estate regeneration sites, transport sites, etc.). Currently around sixteen boroughs are attending the group, with potential sites identified in several boroughs, including Tower Hamlets.

- 3.2 In Spring 2017 the group collectively submitted a bid for £11 million to the GLA's Innovation Fund which was welcomed and taken through to the next stage. Heads of Terms and a Grant Contract are currently being drawn up. Detailed delivery arrangements now need to be established, including one borough acting as grant recipient. The group have asked LB Tower Hamlets to consider receiving the grant for this programme.
- 3.3 The group also bid for and secured £20,000 from the Capital Ambition programme (hosted by London Councils) as "seed-funding" for the further development of the pan-London temporary accommodation proposals. These funds will also be received by LB Tower Hamlets as lead borough.
- 3.4 The group explored a range of options for funding, owning and providing a centralised supply of modular homes to be used by London Boroughs. London Councils procured legal advice, attached as Appendix A. This advice recommends setting up a not-for-profit Company Limited by Guarantee to procure and own the modular homes, with boroughs making use of the homes being members of the company. Any surpluses would be reinvested in scaling up the programme. The group have asked LB Tower Hamlets to consider leading the establishment of the new collaborative company.
- 3.5 The company would be funded by a combination of GLA grant (made available to the company via a member borough) and debt finance (either made available to the company by member boroughs or by securing debt from the private finance market).
- 3.6 London Councils procured financial consultancy support to model the viability of providing modular temporary accommodation via the proposed special purpose vehicle. This analysis is attached as exempt Appendix B. This is exempt due to commercial confidentiality.
- 3.7 The financial modelling was based on soft market testing in relation to production, installation and relocation costs. As well as assuming general costs of management and maintenance, the modelling also took into account the income variations between locations across London, assuming rents are fixed at Local Housing Allowance levels (which vary between Broad Rental Market Areas). Thus smaller sites are more viable in Inner London, whilst larger sites are needed to ensure viability in Outer London, given scaling of costs by site size.
- 3.8 The analysis clearly demonstrates that the proposed approach can be made viable on a pan-London basis, based on the assumptions made and assuming sound decision-making by the company in relation to the size and location of meanwhile sites to be used.
- 3.9 The timescale for programme delivery assumes the new company is established in April 2018, with additional borough members formally joining the company during the early Summer 2018.
- 3.10 Therefore, the Mayor is asked to approve that Tower Hamlets establishes the company, appointing Mark Baigent, Interim Divisional Director of Housing & Regeneration, as the initial Company Director. The Mayor is also asked to delegate to the Corporate Director (Place) in consultation with the Corporate Director (Governance) and the Corporate Director (Resources) to approve the specific legal documentation for establishing the company.

- 3.11 If the Mayor approves these recommendations, then further decisions will be required at a later date to pass on GLA grant funding from the Council to the new company and, if relevant, for the Council to provide debt finance to the company.

#### **4. COMMENTS OF THE CHIEF FINANCE OFFICER**

- 4.1 This report seeks the approval of the Mayor in Cabinet to the Council becoming a founding member of a company limited by guarantee that will procure and own modular temporary accommodation. It also seeks approval for the Council to act as the accountable body in relation to grant funding and for the Interim Divisional Director of Housing and Regeneration to be appointed as the company director
- 4.2 Local authorities across London are experiencing an acute housing crisis and currently Tower Hamlets has over 2,000 families in temporary accommodation. The net cost of these units of temporary accommodation to this authority varies depending on the type of accommodation, with bed and breakfast accommodation costing £9,000 per annum, nightly lets costing £6,500 and private licensed accommodation costing £3,500 per annum. It is intended that modular housing will provide better quality, less costly temporary accommodation than the existing options.
- 4.3 A financial viability overview of providing modular temporary accommodation via a special purpose vehicle has been undertaken (see the exempt Appendix B) however detailed borough specific appraisals will be undertaken before specific schemes progress. Any surpluses generated by the company will be reinvested in the programme.
- 4.4 The working group of councils has secured capital financing of £11 million from the GLA's Innovation Fund and a revenue allocation of £20,000 from London Council's Capital Ambition programme to deliver modular temporary accommodation. The GLA and London Councils require one authority to receive the grants and it is proposed that the Council acts as the accountable body, receiving the funding and passing it to the company. If this is approved, formal decisions will be required in future to authorise the allocation of grant funding from the Council to the new company.
- 4.5 Although the Council will be the accountable body for the grants, it is essential that the legal agreements protect the Council's assets and minimise its exposure to risk.

#### **5. LEGAL COMMENTS**

- 5.1 The acquisition of modular accommodation is a public supply contract for the purposes of the Public Contracts Regulations 2015 (PCR) and would ordinarily be subject to a competitive tendering exercise. In order for the scheme to be successful the Council must be able to purchase the accommodation as and when required from the specially set up company

without subjecting the purchase to competition. Otherwise, this substantially would reduce the utility and financial viability of the whole scheme.

- 5.2 Regulation 12 of the PCR exempts competition where the Council makes a purchase from a separate company over which the Council exerts a level of control similar to that of one of its own departments. Regulation 12 also allows a group of local authorities to purchase from that separate company where together they exert the level of control over that company that each one would do over one of their own departments.
- 5.3 This means that each local authority will be able to purchase modular accommodation from the specially set up company if:
  - 5.3.1 each local authority is represented on the board of directors and has the ability to have significant input on the overall strategic direction of the specially set up company
  - 5.3.2 at least 80% of the specially set up company is for the benefit of the controlling local authorities and
  - 5.3.3 there is no significant private investment in the company
- 5.4 The requirements stated in paragraph 5.3 should be stated in the new company's articles of association.
- 5.5 It therefore follows that in the event a new local authority wishes to utilise the new company as a provider provision needs to be made within the articles allowing a new local authority to gain a controlling interest along with the existing local authorities to ensure that the Company continues to satisfy the requirements of Regulation 12.
- 5.6 Initially agreement should be reached between the participant local authorities as to their combined approach to the setting up of the new company and this form part of a written agreement.
- 5.7 The new company will itself be a contracting authority for the purposes of the PCR and therefore, it will have to perform a competitive tender before engaging with suppliers who will ultimately provide supplies and services to the participant local authorities.
- 5.8 Notwithstanding the fact that the new company is compliant with Regulation 12, for the purposes of procurement it should be made clear in all adverts relating to the new company's tenders that the new company is purchasing on behalf of other local authorities. This should include a list of prospective users of the company's supplies as well as existing ones.
- 5.9 The Council still has an obligation to ensure that it complies with its Best Value duty under section 3 of the Local Government Act 1999. However, this will be simply demonstrated provided that the new company's tenders are evaluated on a "most economically advantageous" basis using a final score which represents a blend of quality and price.

- 5.10 Whilst the new company will be controlled by the participant authorities it is still a separate trading legal entity for the purposes of UK law. Therefore, all supplies should be governed by a proper supply contract and all other constitutional processes of the Council followed prior to committing to a supply
- 5.11 It is unlikely that the setting up of the company will have any significant equalities impact (either for the purposes of the Equality Act 2010 or in any wider context) although it is good practice to ensure that an Equalities Assessment has been completed. However, there is likely to be a significant equalities impact in respect of the actual provision of the accommodation in individual circumstances and the Council should ensure that it takes all appropriate measures (including where necessary consultation) to properly understand the impact the provision of an individual item of accommodation would have on persons who have a protected characteristic at the appropriate time.

## **6. ONE TOWER HAMLETS CONSIDERATIONS**

- 6.1 The proposed collaborative procurement and ownership company will provide cheaper and better quality temporary accommodation for homeless families, thus promoting improve life chances and outcomes for a group of people over-represented in terms of protected equality categories compared with the general population. Modular homes would be specifically designed to comply with Planning requirements in relation to accessibility for people with physical disabilities.

## **7. BEST VALUE (BV) IMPLICATIONS**

- 7.1 This programme is intended to deliver cheaper and better quality temporary accommodation both locally and across London, achieving General Fund budget savings by providing a cheaper alternative to B&B and nightly paid accommodation. The savings achieved will be monitored and reported to Members as part of the overall Homelessness budget position.

## **8. SUSTAINABLE ACTION FOR A GREENER ENVIRONMENT**

- 8.1 Making use of meanwhile sites pending regeneration or permanent redevelopment demonstrates an enhancement of the local environment in terms of amenity and place-making. Landscaping and external space treatment will be integral to the Planning process for these sites. Relocation and reuse of modular homes demonstrates more efficient use of scarce resources. Factory production can reduce and eliminate construction waste.

## **9. RISK MANAGEMENT IMPLICATIONS**

- 9.1 The Council will take on a liability to repay GLA Innovation Fund grant if grant conditions are not met and outputs are not achieved. The Council will need to ensure a robust agreement with the proposed company when grant is passed

on. The risks in relation to procurement, construction and ownership of the modular homes will be held by the company, not falling to the Council itself.

**10. CRIME AND DISORDER REDUCTION IMPLICATIONS**

10.1 There are no specific implications.

**11. SAFEGUARDING IMPLICATIONS**
