

Theme 5 Community Engagement, Cohesion and Resilience

MSG Programme Period 5 (Oct-Dec 2016) Performance Report

Theme 5 – Community Engagement, Cohesion and Resilience:

This theme focuses on seeking key outcomes including:

- Identifiable increase in numbers of local residents taking on key leadership and representational roles within the community
- Increase in number of people who feel they are getting on better with others in their communities, as identified from annual community surveys
- Increased opportunities for communities to work together on local improvement projects, cultural celebration and exchange

Nine out of the ten funded projects in October to December 16 are classified as 'Green' and all report they are meeting expected outputs. Where appropriate projects have demonstrated activities aimed an inclusion of participants from different communities, targeting those that are not accessing their project. Many have shown continuous improvement in the quality of projects resulting in improved outcomes for participants.

1 project is classed as Amber:

Somali Parents and Children's Play Association - Somali Women Engagement Forum

We are now in the final quarter of this project that provides activities for Women from the Somali community. A delivery audit is planned and if the project fails to demonstrate all expected activities have been delivered by the end of the March it will result in reduction of the grant payment. To do this part of final payment will be held until the April monitoring report.

Following the Mainstream Grant Spotlight Review panel the project performance should remain AMBER for this period. This was confirmed at the 14 February 2017 Grants Determination (Cabinet) Sub-Committee.
