Subject: OBJECTION: Old Spitalfields Market Ltd (OSM) licence application

Importance: High

Dear Madame or Sir

I am writing to you with reference to the above matter due for objections by 05.01.2018

My husband, 2 year-old baby and I reside at [REDACTED]. Based on the ground floor we have a porch looking at Lamb street and Spitalfields Market. We have been living at this property for nearly 15 years. We have witnessed the area rising from a fairly quiet place to a social circus. Our apartment complex is effected by the intimidating effects of the increasing number of tourists, office building workers, traffic and deliver persons. Our porch is situated at the busiest corner, where people tend to congregate and often take a seat at our concrete fence or at the square a few steps across.

The impact of an extended licence for OSM would have a detrimental impact to our standard of living, health & safety, our peace of mind, comfort and home life in general. In addition to the existing unpleasant situation, this would be blown into stratospheric propositions for us:

The atmosphere of this neighbourhood is dominated by people parked everywhere. What concerns me especially - in addition to all the nuisance and 'unpleasantries' - is the impact our safety. An increased number of drug dealers/ dealings and people smoking marihuana remain largely unnoticed. They just go under in the pool of strangers/ pushbikes/ mopeds/ cars. The police just haven't enough manpower to tackle these. I wish I had a folder for all the hundreds of times where drunkards impacted our lives, keeping us awake at night and disturbing our daytime (e.g. baby waking from naps, litter in/ around/ on top of the porch and just general sound volume of motors/ sounds and people.)

Can you imagine what would happen if OSM were permitted to remain open for longer AND serve alcohol for longer?

I trust this email provides enough colour to the reasons of my objection.

Feel free to ring me should you wish to go into more detail.

Kind regards
Klara Bisztray

Dear Sirs

Re: Objection to OSM Licence Application

I am writing to object to the application of OSM Licence due to the following reasons:

- (1) Extending the business hours to 9:30pm and beyond will definitely increase alcohol related antisocial behaviour in the area including Lamb Street and Folgate Street in the evenings. To prevent crime and disorder OSM Licence should not be granted because resources of the police are already stretched and too much for the police to handle.
- (2) There have been instances when people who were drunk vomited and urinated in the area which is a hazard to health and safety.
- (3) To protect children under 18 who are living in the area and returning home from social activities after school.
- (4) To prevent public nuisance, i.e. noise from the customers and music. Also there will be increase in deliveries and refuse collection and antisocial behaviour.

Thank you for your kind attention.

Regards
Mrs K Poon

Appendix 63

5th January 2018

Dear committee,

I would like to strongly object to Old Spitalfields Market applying for any type of extension to their current licencing.

Extending their licence will allow for more drinking, longer drinking hours, entertainment noise & more people. In short:

- increased anti-social behaviour (people, deliveries etc)
- dangers to children (see below regarding discarded drink)
- health & safety (see below regarding discarded bottles)

Our property overlooks the north terrace and pedestrian area of 'Spitalfields Markets/Lamb Street'.

There are already crowds of people in the area 7 days a week, sometimes causing considerable noise and anti-social behaviour- chanting, singing, yelling & dare I say laughing loudly – you may not call laughing anti-social – come & listen occasionally at 10.30/11pm and see how laughing changes once the laughers are drunk!

Any licence extension will also require additional deliveries of goods/services/drinks. We endure deliveries from refrigerated vehicles through to approx. 10.30pm every evening already. Additional noise for more deliveries is totally unacceptable.

On a regular basis we exit our front door to find empty or half empty beer bottles, wine bottles and drinking glasses. There are now 3 children under 5, with another on the way in our block. This is not only dangerous and difficult to explain to a 5 year-old that some adults are allowed by the council (by default) to drink on the streets, use our front door as a stopping off point and dump their rubbish for us to trip over or accidentally kick off the step.

Finally, I would like to ask 'What is the purpose of the saturation policy?' This is the question you posed when considering Spitalfields/Brick Lane zone. Here is the answer you have on your website:

https://www.towerhamlets.gov.uk/ignl/council_and_democracy/consultations/past_consultations/saturation_zone_policy/saturation_policy_faqs.aspx

What is the purpose of the saturation zone policy?

Saturation zones were introduced through the Licensing Act in 2003, as a response to crime and disorder and nuisance problems arising from the cumulative effect of having a number of licensed premises operating in close proximity to each other in a small area. A saturation zone is only introduced where there is evidence to show that it is 'appropriate and necessary' to introduce a policy to control the growth of licensed premises.

As a committee you must have seen sense at the time to introduce this zone as clearly there must have been issues in the area. As far as I can tell a majority of additional licences have been issued since the zone was confirmed???

This is the time to show some courage and say NO.

NO to another HUGE licence that may well bring another 50 or so low paid, minimum wage jobs to the area; but will also blight the lives of 250+ families who live here. Say YES to these families - they spend money here, pay council tax here, attend church and mosques here, donate to local causes here, shop in the few local businesses that are still surviving and for the most part enjoy living in this area.

Say NO to the danger of more broken glass, vomit, noise and crowds that will come and 'do their worst' and depart the area. They have no respect for this area. As residents of 18 years we do have respect.

Kind Regards

Lesley & Steve Cousins

03.01.18

Dear Licensing Department

Re Old Spitalfields Market Reference Number 105261

I am writing to object to the application for a premises license by OSM Ltd to sell alcohol from 11am to 9pm Monday to Saturday, and from 12pm to 9pm Sunday and permission to hold 91 days of events per year on the following grounds:

1. Noise and nuisance

There are 36 residential flats around three sides of the market which OSM fail to mention in their application. These flats house some families with young children, not only that but a number of them have outside terraces facing the market on which they should be entitled to enjoy some precious peace and quiet which would be totally impossible with the proposed scheme.

Attached are 2 photos of the current situation outside in Lamb Street, a narrow residential street, which is already full of vehicles, a cycle lane, rubbish trucks and delivery vehicles going down the ramp at the end underneath the Allan and Overy building plus swarms of Deliveroo bikes waiting for customers on the kerb side, Lamb street is full to saturation as it is without any more deliveries and rubbish removal vehicles that up to 91 events a year would be sure to bring.

I attach a further photo of three displaced residents parking bays taken up with an event truck in Lamb Street. There would undoubtedly be more of this going on with the 91 days of entertainments in the market per year

2. Protection of children

The new stalls -where it is proposed to extend the hours of selling alcohol -are a free for all for underage drinkers. There is no bouncer at the eight entrance gates of the market as in a bar/club to tell underage drinkers apart from other customers and so underage drinking would undoubtedly happen inside the market. Young people do not know when to stop drinking and often become sick.

To sum up, the right to the quiet peace and enjoyment of their homes and outdoor living spaces of the residents of the 36 flats above Spitalfields Market and numerous other residents living in the immediate nearby streets would be severely impacted if this application were to be approved. I hope that the Licensing Department will therefore refuse this application.

Yours faithfully

Lucinda de Jasay

Corinne Holland

From: Lilian [REDACTED]
Sent: 05 January 2018 16:05
To: Licensing
Subject: OSM Licence Application - OBJECTION

Sir,

I am writing to object to the OSM licence application to change/extend the hours for alcohol sale and 'cover' licence to hold events at Spitalsfield Market.

Although on paper they are reducing the area they are requesting for the permit, the reality is that they have already restructured part of the open space and introduced many more food stalls/kitchens in the market which has seen an increase in the food smells, rubbish and littering in the area. There are now 'permanent' wooden structures in place for the market stalls, which has contributed to the 'reduction' in the area they are seeking approval for.

I would like to object to the licence application as the granting of it will go against the prevention of public nuisance licensing objective:

- With the hours 11am - 9pm Monday to Sunday, this is likely to increase the amount of anti-social behaviour experienced in the area and severely impact the residents in the area. With 30 minutes to allow drinks to be finished, this will take it to 9.30 at the earliest before customers will start leaving. This is far too late as people will be encouraged to arrive later potentially drinking elsewhere and the risk of antisocial behaviour caused by being under the influence of alcohol increased significantly.
- The increased number of 'longer' events is looking like an average of nearly 2 per week - with events not due to end until 9pm, there will be significant increases in noise levels until late at night, which will also have a huge impact on residents.

Without the extended/changed hours, the area around the market is already suffering from the rubbish generated and the noisy crowds attending events spilling into the surrounding streets, Elder Gardens and the pavements as well as using the stairs leading up to flat doors as seating...at times making it difficult and uncomfortable for residents to return home. With the extended and later hours, this will be made worse and there will be more attendees under the influence of alcohol consumption and anti-social behaviour resulting from this will be inevitable.

With the extension, the prevention of crime and disorder and health and safety objectives could also be threatened in this confined area for the same reasons listed above.

I hope that you will be taking the above into consideration when making the decision on the application

Yours faithfully,
Lilian Kan

Sender: Laura Parkes, [REDACTED]

Reference: 105261 Old Spitalfields Market

I am writing with regard to the application by 'Old Spitalfields Market' (OSM) to change their premises licence for the open part of the market where there are semi-permanent wooden stalls and wide entrances that cannot be closed. I understand the current licensed hours are Mon- Fri 09.00 to 19.00 and that OSM is asking for permission to extend the hours to 21.00 each evening, Monday-Sunday, and all day on Saturday and Sunday.

I would like to register my objection to this application for the following reason-

The residents of Folgate Street/Elder Gardens already tolerate an extreme level of noise pollution and antisocial behaviour originating from Spitalfields market and the surrounding area in the evenings, which appears to be caused by alcohol consumption. Granting the application will only make this problem worse and will inevitably impact adversely on the residents' quality of life.

Regards,

Laura Parkes

Subject: Application reference no 105261

Licensing committee
licensing@towerhamlets.gov.uk

Re: Application reference no 105261 to extend the licensing hours at Old Spitalfields Market.

I object to the application for an extension of the existing full-on licence from 7.00pm to 9.00pm.

The prevention of crime and disorder.

The floor area available for drinking would accommodate a very large number of drinkers. This would make it by far the largest licensed venue in Tower Hamlets, with the prospect of large numbers of drinkers exiting onto the street at the end of an evening.

The eight wide public entrances to the Market would make the control and supervision of customers virtually impossible and the potential for disorder is obvious.

Public health and safety.

There is a serious risk to public health and safety posed by inadequate sanitary accommodation. Seven female toilets, two male toilets and four urinals are hopelessly inadequate for the potential number of drinkers.

The problems of urination in the local streets can only make matters worse.

Protection of children.

The market has traditionally been open to children, families and people of all faiths including those for whom alcohol is prohibited. The emphasis on alcohol and drinking that this application seeks to facilitate will, legally and morally, exclude children, families and much of the local community from the market.

There are no proposals within the application to control the entrances, secure them or supervise them, or for the licensee to monitor and guarantee that access is not provided, and drinks are not sold, to customers under the legal age or in an unsuitable condition.

The prevention of public nuisance.

The area is already frequently disturbed, often late into the evening, by events in the market and there is no form of effective acoustic insulation against the escape of such noise. The eight open entrances to the market make the control of noise impossible. There is no indication in this application of any attempt to insulate against the escape of noise.

My flat directly overlooks the market place and I cannot see how I will not be greatly disturbed by the extended trading hours and additional events licences.

The Brick Lane area has been designated a Cumulative Impact Zone (CIZ) because there are already over 200 licensed premises within the small area and cumulatively they were causing excessive problems of crime, disorder, anti-social behaviour and nuisance to residents and businesses.

Old Spitalfields Market is within the CIZ and therefore "applicants for new premises licences that are likely to add to the existing cumulative impact will normally be refused unless the applicant can demonstrate in their operating schedule that there will be no negative cumulative impact on one or more of the licensing objectives."

This application is entirely contrary to current licensing policy in the area, the building is wholly unsuitable and such a venue would cause great harm, disorder and disturbance to residents and businesses. I believe that an extension to 9.00pm can only be designed to appeal to drinkers and revellers and I cannot accept the applicants' argument that this extension is intended to support the retail functions.

For all these reasons I respectfully request that the application is refused.

Please redact my details from documents which may be viewable on the internet. Many thanks.

Yours faithfully

(Mrs) Lyn Williams

Corinne Holland

From: Martin Hughes [REDACTED]
Sent: 04 January 2018 10:47
To: Licensing
Subject: Objection - Licensing Extension Old Spitalfields Market - Number 105261

Dear sirs,

I am writing to object to the recent application by Old Spitalfields Market (OSM) to extend their licence.

The area seems to have become a halfway point for thousands of weekend visitors that arrive via the East End line at Shoreditch High Street or in from Essex via Liverpool Street.

I and my family have lived in the area for the past 20+ years and have seen a year on year deterioration of the area in terms of noise and anti social behaviour in our area.

The plans put forward by OSM would greatly exacerbate the problems we already face with public order.

I would strongly object to the application on the following groundsL

1. The prevention of crime and disorder.
2. Public health and safety.
3. The protection of children.
4. The prevention of public nuisance
5. Cumulative Impact Zone (CIZ)

1. OSM is a huge space. An extension to alcohol licensing will exacerbate an existing problem with drinkers vomiting, urinating and in extreme cases defecating in the streets. We regularly have to check under our cars for bottles and glasses and regularly have to clear urine, sick and poo from outside our home.
2. OSM currently has no 'door personnel' at the exits to this building. How do they plan to keep the public outside the building safe from street drinking?
3. OSM is an open space that is frequented by families. Currently, local children are able to enter the premises and buy food and other goods without parental supervision. The granting of this licence would endanger children who enter OSM and are forced to mix with adults consuming alcohol and not necessarily acting appropriately. How will children be stopped from entering these licensed premises if there is no 'door security'?
4. Intoxicated people frequently leave licensed premises and create anti-social behaviour problems of noise, littering and urination/vomiting. The local residents of Spitalfields already suffer from loud drunk patrons yelling and screaming in the streets. They leave litter (glasses, cans and bottles) on our window ledges and door steps. Occasionally they urinate or vomit in the streets near our homes and cars. This is disgusting. Residents should not have to put up with this type of disruptive, anti-social behaviour. Extending the alcohol licence at OSM would contribute to this public nuisance. Once patrons have left licensed premises, the problem is left with local residents.
5. The Brick Lane area has been designated a Cumulative Impact Zone (CIZ) because there are already over 200 licensed premises within the small area and cumulatively they were causing excessive problems of crime, disorder, anti-social behaviour and nuisance to residents and businesses.

Old Spitalfields Market is within the CIZ and therefore "applicants for new premises licences that are likely to add to the existing cumulative impact will normally be refused unless the applicant can demonstrate in their operating schedule that there will be no negative cumulative impact on one or more of the licensing objectives."

We implore you to refuse this application..

Yours faithfully

Sent: 22 December 2017 12:12
To: licensing@towerhamlets.gov.uk
Subject: Licensing Act 2003 Old Spitalfields Market Brushfield Street London E1 6AA Reference: 105261

Dear Sirs,

Reference No: 105261 - Old Spitalfields Market

As a Spitalfields resident I wish to oppose this Application strongly. My reasons follow.

1. Old Spitalfields Market sits not just within a Cumulative Impact Zone (CIZ) but also next to a residential area. Some flats are actually within the Market. To convert it into a gigantic pub and some form of 'indoor' arena is more than anti-social; it completely reverses the CIZ policy upon which we all rely and will make life intolerable for the residents. The hole that would be punched into the CIZ would be so big that it would idle to pretend it had any effect. Time Out was refused a license (unanimously) for far less space but for the same sort of reasons that this Application should be refused as well.

2. The extension of drinking hours, the huge amount of extra drinking area, the addition of evenings and weekends and the the 91 days of events (two per week) would, without doubt, aggravate our existing problems of anti-social behaviour until well into the night and over the weekends. Only last night people sitting on the Northern Terrace of The Grocer (corner of Lamb Street) were partying and shouting louder and louder even after 10.00 pm, well beyond the 'curfew' hour. Were the proposed license to be granted, sleep, a restful environment and a quiet weekend would become things of the past.

3. Old Spitalfields Market is an echo chamber. No amount of so-called sound prevention will stop the racket from (for example) sports events like football emerging from it. The noise will be horrible in a residential area.

4. We already have many people who come out of the various drinking establishments being noisy, shouting, urinating and vomiting. Increasing the availability of drinking space and times to the proposed extent (and in a CIZ) will surely impact negatively on the lawful environment we all desire. Children - as well as adults - will be exposed to the most unattractive features of anti-social behaviour - public nuisances of the worst kind including criminal activity.

5. Lamb Street by the Mulberry Gate Entance/Exit is already clogged by delivery vans, food couriers, loud cleaning and refuse vehicles and the like. The added burden on it in consequence of this proposal will make life unbearable for anyone living in the vicinity.

6. For these reasons I ask you to refuse the requested license.

7. To summarise those reasons shortly, they are -

- a. The extinction of the CIZ
- b. The promotion of anti social behaviour and crime
- c. The use of Lamb Street as a conduit for thousands of people as well as the associated traffic, and
- d. The gravely damaging effect on the quality of life of the surrounding residents.

Yours truly,

Michael Kay

Appendix 70

To the Licensing Committee
licensing@towerhamlets.gov.uk

4 January 2018

**Re: Application to extend the licencing hours at Old Spitalfields Market.
Application reference: 105261**

I am writing to lodge an objection to the extension of the existing full-on licence from 7.00pm to 9.00pm.

As a resident of Spitalfields for the last twenty-three years, I believe this part of Tower Hamlets remains a lively and invigorating place to live and work. Over recent years the area has become a hub of the evening economy which is challenging to manage effectively, already causing disruption to local residents and businesses.

The proposed extension of the licence substantially increases the number of people drinking locally to as many as 2,600 I understand. This would make the Market the biggest licenced venue in the borough. As a result the potential for the unfortunate consequences that come with large numbers of people would substantially increase:

- The threats to public health and safety
Already local streets are crowded, with a great deal of litter and street furniture often damaged, this is only likely to become worse with this additional amount of people in the local area, particularly after drinking alcohol.
- A rise in public nuisance
Evident from the existing number of visitors using pubs and bars in the area, it is inevitable that people's behaviour frequently becomes more anti-social – loud, aggressive and being sick on the street. Such a large increase in numbers will worsen the situation.
- The likelihood that families with children and older residents will be even more wary of using the Market area in the evenings
Any public space should be open for the use of all of us. Unsurprisingly however in the evening the streets around the Market are already busy with young people drinking alcohol. This does often make them places where local families with children and older people feel unwelcome and nervous. The substantial increase in numbers is therefore likely to make the Market 'no go' for anyone but revellers.

One of the reasons I enjoy living in Tower Hamlets is the Council's longstanding commitment to creating a borough that welcomes diversity and shapes its services and policies to support this. This proposal does the opposite, focusing on one demographic in an area that already has many pubs, bars and restaurants to cater for its needs. At the same time the needs of local residents would be downgraded by this larger influx of visitors, upsetting the balance that currently exists.

Spitalfields Market catering to people of all genders, ages, races and needs is an essential feature of our neighbourhood, a demonstration of 'One Tower Hamlets'. I hope you will refuse this application to ensure this remains the case.

Yours faithfully

Michael Keating

To: Licensing
Subject: Old Spitalfields Market Premises Licence Application - Objection to application by Resident

Dear Sirs

I am writing in relation to the above referenced change of licence application which seeks to extend the hours for regulated entertainment and sale of alcohol in the open space of Old Spitalfields Market.

I am the owner/occupier of a [REDACTED] flat in Beaumont House, 25 Spital Square. My flat backs directly onto Elder Gardens, and I can hear happy sounds from the markets from my property. I only purchased and moved into the property in June 2017.

I understand Old Spitalfields Market falls within the Tower Hamlets Brick Lane Cumulative Impact Zone (CIZ). The proposed change of premises licence application would appear to disregard the CIZ as it seeks to increase the licence to allow the sale of alcohol seven days a week!

As a result, I am writing now to **strongly object** to the proposed changes to the existing premises licences made by OSM Limited.

Quiet enjoyment of Elder Gardens was one of the primary reason I purchased my flat in June this year. I believe the change of licence will negatively impact the current "family-friendly" environment of the market (particularly on the weekends).

Spital Square is also a busy thoroughfare for pedestrians moving to/from the Markets – as my property is located at street level, I am particularly concerned about any change to licensing hours which would increase alcohol-related antisocial behaviour.

Please accept this email as my formal objection to the application by OSM Limited.

If you wish to contact me, please email me ([REDACTED]) or contact me at the address stated below.

Finally, please ensure my personal details are redacted from the comments section available online for this application.

Thank you for your consideration.

Corinne Holland

From: Olwen Evans [REDACTED]
Sent: 02 January 2018 22:13
To: Licensing
Subject: Old Spitalfields Market 105261

Dear Sirs

I live at [REDACTED]
[REDACTED]

I wish to object to the application by Old Spitalfields Market Ltd for a licence to sell alcohol until 9.00pm in the market 7 days a week , and the application to hold 91 days of events .

I have noted that in recent months the Market has installed permanent looking food stalls and kitchens in the market. This is squeezing out the traditional use of the market and turning it into a giant food court.

The addition of a licence to sell alcohol from 11am to 9.00 pm will result in this area being a huge bar , in an area which is in a cumulative impact zone . It is apparent that food and drink are what the market owners are now concentrating on .

There are already too many licensed premises in the area bringing with them all the anti social problems already experienced by residents in the area.

The market is a large open plan area , it will become a magnet for people wanting a cheap meal and alcohol perhaps prior to moving on to somewhere with later drinking hours. Due to its open plan design and a large number of different outlets it will be difficult to properly police behaviour in the market .

There are limited toilet facilities, not suitable for large numbers of people consuming alcohol.

To turn the market from à daytime craft / clothes / antique market to an all day and into the night food and alcohol venue will have a totally negative effect on the residential areas surrounding the market.

The events currently held involving alcohol, such as the cocktail week are a nightmare for residents involving extremely drunk anti social behaviour from some of the participants. To inflict this on residents throughout the year is unacceptable.

Please remove my personal details from any extract of this letter viewable on the internet .

Yours faithfully

Olwen Evans

To: Licensing
Subject: OSM licensing application

To whom it may concern,

My name is Paola Andrea Brand and I live at [REDACTED] with my husband and son. I'm writing this email to put across my concerns and objection to the new license that OSM is applying for. In the past years since Androuet the shop below us have been running their business we have been living in a complete nightmare. Starting with their anti social behaviour when they've decided to have their shop open beyond their agreed hours. This has produced loud music, shouting, dancing and jumping in their shop. In various occasions I've reported this to the police and the environmental noise department in which they have issued letters to them regarding this matter. In consequence of this, the shouting also extended to outside in the street. This anti social behaviour has affected our peaceful sleep and the peace that we as residents have. The frustration of having to live with this is incomprehensible unless you are the one living through this. In two occasions when walking out of our door we have walked into vomit right by door, it's absolutely disgusting. As you can see why we the residents of 10 Lamb Street or objecting to this application. This ordeal that we are living with is only 1 shop can you imagine what it would be like if the market had this license? More antisocial behaviour due to drunk people, loud music, shouting and screaming it would be a complete chaos. Not mentioning that if this goes ahead and things get out of control who are we going to report it to? The police? From experience the police are already stretched out enough and I can reassure you that they would not be wasting their time or resources in this, as a police officer told us not long ago that it was up to Spitafield Security and management to deal with antisocial behaviour that we have endured. We are full time working residents who have the right to live peacefully and the last thing we want is for our quality of life to be spoilt by nuisance behaviour.

Please put yourself in our position and ask yourself would you like to live somewhere with loud music, people drinking, laughing, shouting, screaming every SINGLE DAY of the week, 7 days a week from 9am-9.30 and beyond whilst people leave the area? Not including the 91 days a year(almost 2 per week on average) for longer events that could go on beyond 9.30pm? Anyone in their right mindset wouldn't want this. Well neither do we! Please take this letter into consideration when making your decision and please think of the residents. Thank you for your time.

Your sincerely

Paola Brand

TOWER HAMLET
 Licencing Section
 John Onslow House
 1 Ewart Place
 London E3 5EQ

Tuesday 19th December 2017

I OBJECT to the application made by OSM: Ref. CLC/EHTS/LIC/105261

91 days of events (plus Temporary Event Notice extending hours to 11pm). Extending drinking to 9 pm for 7pm days a week with events running will generate noise in a confined area and the outcome to our livelihood is unpredictable. The Old Spitalfields Market is a mix used building and what OSM request will unbalanced it one side only with too much drinking & entertainment.

I live with my 2 young daughters and OSM request fundamental changes to their Licence which will affect every aspect of our lives. My children need to do their homework and get good night sleep during the school week. As weekends are my only days off and the children as well, it is not admissible that they and I should have to suffer from late night drinking and music noises.
 Having noise pollution coming from the market on weekends in the evening would be a stressful intrusion into our lives?

Our flat is old, in poor condition with no insulation in our walls and the windows are single glazed. All the noises go through and this poses a real stress when music is played with amplifiers and large crowd are gathered. These noises can't be controlled as the crowd can be louder than the music and we can't escape them when inside our flat.

We can hear so much noises with our windows closed so how unbearable will it be when we have our windows open in the summer or rest on our balcony?

OSM/Tribeca want to turn Spitalfields Market into a fine shopping, dining destination but the licence they request mean the opposite. How hosting concerts, promotion and sport events with the type of crowd it attracts is a fine experience?

We are in a CIZ zone and what OSM proposes goes against limiting or decreasing antisocial behaviour. On the contrary it adds to everything negative a high concentration people under one roof and alcohol consumption create.

Around the Market there are drug users, prostitution and drunken people who scream and laugh out loud. More visitors in the evening would increase all types of noises and bad behaviour and make it worse for the residents.

How is OSM going to make the market secure and keep it clean with so many people? The pavement is always very dirty and sometime there are really some awful things we have to see when walking.

I thank you for giving us the possibility to oppose such selfish proposals. I appreciate we all need to make a living but not at the cost of others which is exactly what will happen to us if this application is accepted.

Best regards.

Ms P Vargas Jimenez

re Old Spitalfields Market Application for a Licence No 105261

Dear Sir or Madam,

I write to object to the above Application on the following grounds,
I refer to the application itself.

A) General-all four licensing objectives:

The applicant argues that grant of this application will reduce the licensed space within the market by 58,448 square feet to "only" 42,087 sq. ft. While this is technically correct, it is a false argument when you consider the following:

The present licence allows the applicant to sell alcohol Monday to Friday, effectively during working hours, when only extremely moderate (if any) drinking of alcohol takes place. This new licence would allow the applicant to permanently sell alcohol to the public during the very times when most sales of alcohol take place in the Spitalfields area, i.e. between 6.30 and 9pm Monday to Friday, and at weekends. These are the times when most of the excessive drinking takes place, drinking that leads to the problems that persuaded your council to enact the Cumulative Impact Zone.

The applicant, therefore, is seeking to create **a new outlet the size of 14 pubs** to serve alcohol in the Cumulative Impact Zone Monday to Friday 7-9pm at the times when most of the drinking takes place, and all day at weekends when hordes of younger (and messier) drinkers descend on the area. It is hard to imagine the size of such a "pub", but what is actually being proposed (42,087 sq ft) **is the size of a football pitch with bars running up to the halfway line on quiet days and running the full length of the pitch on busy days.**

This is specifically designed to bring in hundreds of new drinkers to the area; precisely what the CIZ is designed to stop. The applicant argues that there will be a significant reduction in the overall licensed area as a result of its application. The problem is that there will be a **massive increase in licensed activity** as the result of its application succeeding. Again, precisely what the CIZ is designed to stop.

The applicant claims to be "giving up" three licences in what appears to be an attempt to trade off with the Committee. This "offer" is misleading, to say the least. Two of these premises no longer trade as licensed premises, and certainly in the case of the largest of the two, 109 Commercial Street (formerly Smiths), it no longer has A3/4 planning permission. I strongly suspect that this is the case with the smaller 105c Commercial Street too. The applicant seeks to persuade you that the removal of these licences "removes permitted licensable activities in an area of 65,878 square feet and removes the opportunity for sale of alcohol until 11pm each evening and 1am on Saturday to a standard 9pm in the market each day of the week."

This is cleverly worded, and you could easily be misled into thinking that there was licensed activity already allowed in the market until 11pm and until 1am on Saturdays. In fact, the licensed activity to 11pm was confined within the buildings (105c and 109) and the 1pm licence on Saturdays related only to the basement of 109 Commercial Street.

The third licence in this “deal” is the present market licence, being “offered” on a new for old basis.

B) The prevention of crime and disorder.

I comment on conditions:

4) The dispense areas shall not exceed more than 5% of the total area licensed, and 10% of the licensed area during Special Events. 5% of 42,087 is 2,104 sq. ft. which, if a bar is, say 10 feet from back to front, gives you 70 yards or 64 meters of bar. Double that to 4,208 sq. ft. for “Special Events”, and one sees that there is a vast amount of alcohol sales planned for this new licence.

It is naïve to suggest that this will not encourage disorder. Couple the size of this venue with an influx of football supporters, to meet before a match or to watch a match in this huge arena, and the potential for crimes of violence is obvious. Consider the noise generated by hundreds of people coming for a music event, and remember, people live above the market, their windows open directly onto it.

3) Security staff are only effective within the premises. The numbers this will generate will affect the entire locality. We have enough problems with alcohol related crime as it is. This will considerably worsen matters.

7) Food being available does not mean that it is compulsory to have food if you wish to drink. This is therefore a misleading and irrelevant condition.

re Additional conditions for Special Events.

Noise limiters do not work, and it is impossible to fit noise limiters onto crowds of people. People live above the market.

OSM may claim that some new revolutionary noise-suppressing material is being used to eliminate noise. There is no such magic bullet, and we do not think we should be guinea pigs in their pointless experiment. Breakout noise cannot be eliminated, nor can the noise of hundreds of inebriated punters dispersing.

C) Public safety.

Others will comment on this.

D) The prevention of public nuisance.

The potential for causing public nuisance in a venue this size is obvious, and unavoidable. The committee has already refused a licence to Time Out Markets, an operation less than half the size of this, for reasons that it was in the CIZ, and was simply too big. There is no good reason to give a huge open space such as this a licence to permanently sell alcohol from massive bars to thousands of people in what is a residential area.

Deliveries to the bars will be noisy, cause massive disturbance, and will have to be constant to service an outlet of this size. Deliveries vehicles already clog up the local streets.

If this application is allowed, and consumption of alcohol ceases nightly in Old Spitalfields Market at 9.30pm we are looking at the local streets filling up at 10pm with hundreds, possibly thousands of people in at least some state of inebriation, looking for toilets and or more drink. The area is already overcrowded, and is already saturated with people urinating and vomiting in public. Violence seems to be on the increase too, unsurprisingly.

It would be inconsistent treatment of the CIZ to grant this licence.

Please redact my details from any document viewable on the internet.

Yours sincerely

Peter Dunne

LICENSING

**OBJECTION TO THE EXTENSION OF THE LICENSING HOURS AT OLD
SPITALFIELDS MARKET APPLICATION REF 105261 Pat Jones [REDACTED]**

I object in the strongest terms to the extension of the existing licence from 7pm to 9pm application on the following grounds:-

PREVENTION OF CRIME AND DISORDER

We already suffer daily from urination/faeces/vomit/broken glass/rubbish/excessive noise/public sex, and abuse sometimes bordering on the physical, all generated from people using and leaving the nearby bars and restaurants. Those visiting the nearby bars and restaurants leave noisily, continue to party as they leave the area and regardless of toilet provision use our streets as an outdoor cesspit. We suffer daily abuse from them and i personally am now too frightened to approach anyone doing this and i fear for my 16 year old daughter's safety. To now use the old market for longer evening hours of drinking and eating with huge numbers of extra visitors in the evening just to this venue will obviously lead to a large increase in crime, disorder, public safety and public nuisance which the operator will not be able to control outside the premises as they can exercise no control when customers have left the premises, and the residential neighbours are left to suffer. The "party" type atmosphere generated by the shack style of the bar and eating areas will lead to antisocial behaviour on the streets when the visitors leave and then cause mayhem in the surrounding residential area. There is no way this extension supports or indeed should support the retail units – it is simply a way to generate more income from alcohol with utter disregard for the neighbourhood

By way of illustration I attach photos taken in the space of only a 3 minute walk along wilkes street and puma court one evening recently – i could do the same every night and the result would be the same or worse but it is simply too depressing. The photos show the urine on the door and doorstep of no 25 wilkes street sprayed there in my full view by a smartly dressed young man with whom i remonstrated but who then launched a tirade of vicious abuse against me, and a person who has just urinated against the door of 16 wilkes street, again smartly dressed – just the sort of people the operator of the Old Spitalfields market is hoping to attract to its bars. There are a further 4 photos showing areas of urine the same night in puma court and a pool of vomit. This is our daily life in this area because of the bars and restaurants - what will it be like with extended hours in this huge area of cheap eating and drinking right on our doorstep? It is in a densely populated residential area and a large number of residential flats within the market itself with well documented problems with excessive antisocial behaviour emanating solely from bar and restaurant use. The target customer base here will be young tourists/visitors to the area wanting to drink, or have snack type meals in their shack like areas which are cheaper than in a sit down restaurant and who have no concern for the surrounding neighbourhood. The negative cumulative effect of these proposals is too horrific to think about . The residents simply cannot tolerate any more of this

constant abuse of our neighbourhood from the restaurant and bar trade. The photos referred to will be sent with the hard copy of this objection by special delivery – please place them all on your portal of objections

PROTECTION OF CHILDREN

The market is one of the last places locally where children and teenagers can go in relative safety. The later drinking hours will basically establish an alcohol fuelled party atmosphere and the market will no longer be safe for children to walk through, go for a coffee etc in the evening, meet their friends; the surrounding areas will become less safe particularly for young girls as the people using the bars will then roam the streets in search of further entertainment.

PUBLIC NUISANCE

The entrances from the market onto the streets cannot be sealed off whilst the market is open and there is nothing to stop people taking drink onto the streets.

The idea of a large number of drinkers leaving at 9pm and then searching for further venues is frightening not only for the residents but also for other nearby pubs that have later licences. They too will have to deal with drinkers, a large number of whom will already have had too much to drink, and like the residents will have to mop up the problems after this operator has taken its money and shunted the problems onto the rest of the community.

The noise generated from the bar and restaurant areas, from the sheer weight of the number of visitors, will be impossible to acoustically seal from the residential homes which abut on the premises.

PUBLIC HEALTH AND SAFETY

There is minimal WC provision in the market which will exacerbate the rivers of urine we have to wade through on the streets

The area is already becoming scary because of all the bars and alcohol – the market was one place i thought was the last bastion of semi-civilisation in the area and now it will simply be a huge bar – the consequences for the safety of the market itself and the surrounding streets cannot be over-estimated

This area is in the Cumulative Impact Zone because there are hundreds of licensed premises in a small area. No new licences can be given unless there is no negative cumulative impact on any one of the licensing objectives. Every one of the licensing objectives would be severely compromised by the extension of these hours

I urge your authority to refuse the application outright – no conditions can prevent the huge adverse effect on the residential amenity to the many adjoining residential units or the increase in crime, disorder and nuisance that this proposal will cause not only to the nearby residential and commercial units within the market itself and outside – because the operator is powerless to control it outside the premises but also to those who use the market for its traditional purpose as a market and not as an alcohol-centric bar area.

Dear Madam

Licensing Act - Ref: CLC/EHTS/LIC/105261
Old Spitalfields Market, E1 6AA

I wish to raise an objection to the above application for a premises license at the above address for which the application states it is for: plays; films; indoor sport; live music; recorded music; dance and similar entertainment from 9.00 to 21.00 hours Monday to Sunday including the sale of alcohol from 11.00-21.00 Monday to Sunday.

1. The prevention of crime and disorder: there are already an extremely large number of people in the area of an evening and during the day. With the possibility of 91 days of special events and with a license to sell alcohol during the above hours there is likely to be increased instances of crime and disorder with drunken behaviour and opportunist pick pocketing etc. the market is a convenient place to walk through on the way to Brick Lane, Shoreditch, etc and with the possibility of drinking opportunities at bars within the open space of the market these are likely to become rowdy and disordered, particularly with special events. This may not be what the current owners of the market have in mind but once the license is in place and events happen on a regular basis it may grow out of all proportion.
2. Health and Safety: it would be to the detriment of the health of residents with the escalation of the number of people and noise from events in the open space in the market being unable to use the rooms in our flats facing into the market. History has shown that this is often the case when events take place in the open space. Along side this is the increase in waste products - bottles, food waste etc all likely to add to health and safety issues around its disposal. Increased traffic to the area not just of people attending but of deliveries is likely to increase the risk of accidents.
3. Protection of children: there is unlikely to be any proper supervision in being able to deter under age drinking such as the safeguards that there would be in a pub to monitor this sort of thing. Under age children could wander around and procure drinks without being challenged. The noise from the events is also likely to interfere with children of residents being able to get to sleep and being woken up by loud noises.
4. Prevention of public Nuisance: points 1-3 already cover some of this, and in addition having events where the sale of alcohol is part and parcel of the event it is bound to increase the noise and quite likely drunken behaviour of some of the people attending the event. Obviously people go out to enjoy themselves and with loud music and entertainment people shout more and drink more and cause a disturbance. This can be controlled in a confined space such as a bar or a pub but in an open space where the amount of people in the thousands of square feet that the market contains, this is much harder to manage. As residents all of us have been affected by the noise of loud music and people shouting at events in the past, and with the extended

license application this is most likely going to become a regular disturbance. Special events also increase the all other related activity such as deliveries, the amount of bottles being disposed of which make a tremendous noise.

Yours faithfully

Pamela Mossman.

OBJECTION TO LICENCE – PREVENTION OF PUBLIC NUISANCE

Dear Sirs,

I am writing to object strongly to this proposal. Granting such a licence to such a huge and unpoliceable internal space is a recipe for a disastrous increase in the public disorder already experienced by residents in the area. I frequently see vomit in the street and witness public urination regularly in the streets around the market.

Putting the application in over the Christmas period demonstrates a cynicism on the part of the applicant as does the use of an extension to a historic licence which was more about quenching the thirst of hard working fruit and vegetable traders than it was about allowing tourists and office workers to tank up on alcohol before dispersing to many of the other licensed premises in the area. One in particular on Bishop's Square is already a fountain of noise into the early hours of the morning. An OMS licence would only make the situation worse.

I am a resident of Artillery Passage to the South of the market and cannot see the benefit of this licence to the neighbourhood. It will generate more late night noise, more interrupted sleep for locals, more antisocial behaviour, and is a ploy to make money while making the community miserable.

The proximity of such a vast drinking hall near the transport hub of Liverpool Street station would make the proposed enterprise a magnet for drinkers in such a way as to render ridiculous any promises that the licence applicant makes to control the behaviour of the people the space would attract for the events that they propose.

The lay out is the size of a small public square and is a through route for elderly and young residents alike. Navigating through boozy crowds of the pavements is already an issue locally, this would only make it worse.

Their toilet provision is laughable and shows that the applicants completely misunderstand the effects of their own scheme.

Please reject this application.

Yours

To: Licensing
Subject: Ref no 105261

Dear licensing team,

I am a resident of the borough living at no [REDACTED] but would request my personal details be redacted from any documents viewable on the internet.

I understand an application for Old Spitalfields Market in its entirety has been submitted under application no 105261

I wish to object to the application on the following grounds

1 the granting of a licence for such an extensive area (I understand 45000 sqft) is likely to cause problems relating to keeping the peace and public disorder due to drunkenness

2 there is a large component of families that currently use the market and the easy and general availability of alcohol will make it very difficult to make spitalfields a family friendly and safe place for children

3 the ability to prevent nuisance will be curtailed due to the large nature of the premises

4 we understand that old spitalfields market might , in the first instance,wish to have a general licence within the market so that individual stall holders do not need to apply individually, however since at the end it will be stall holders who will be selling the alcohol I feel it should be they applying for limited licences in their area of trade so that they are responsible for keeping their area orderly

Granting this licence will generally alter the nature of the market since there is a possibility for exploitation of the permit once the licence is obtained that might ruin the character of the market completely.

Yours faithfully

Richard Burger

To whom it may concern,

I have been a resident of Folgate Street since 2012 and have constantly enjoyed the cultural hub that is Old Spitalfields markets with its tasteful array of shops and varied market stalls each and every day.

Currently, it is a very family orientated, sophisticated location that can be enjoyed by everyone due to lack of excessive or late night drinking locations.

It has come to my attention that OSM which to licence a area of 42,087 square feet of the market for a 'super pub' and event space.

This should be **refused** on the grounds of:

1. The prevention of crime and disorder
2. heath & safety
3. protection of children including underage drinkers
4. prevention of public nuisance (such as noise & anti-social behaviour)

Liverpool street and surrounding bars are already a hub for football fans travelling to and from games and can be left in a serious state of disrepute along with the fact that many residents have to put up with high levels of anti-social behaviour as it is. If this license was to pass, this disruptive behaviour would acutely increase and the market would loose its cultural strengths it currently promotes.

Please accept this note as support to **refusethe OSM licensing request for Old Spitalfields Market.**

Kind regards
Rebecca La Manna

Premises License application Ref: 105261

I would like to register my concerns about the application by OSM Ltd for a new premises license for the open market space (known as Horner Square) within Spitalfields Market.

I have lived in the Horner Buildings for many years and so am very familiar with the space, its limitations and its idiosyncrasies.

Having carefully read the application my specific worries are that:

- The requested extra two hours being added to the current limit of 7pm will lead to more noise disturbance penetrating our homes to 9pm (or longer if drinking up time is included) in the evening. This will not just apply to weekdays evenings as at present but Saturdays and Sundays too. The acoustic qualities of the interior market are unpredictable and sounds of loud voices, especially when alcohol has been consumed to excess, as well as music from the 'regulated entertainment' have been a very real problem in the past.
- My fear is that instances of antisocial behaviour associated with inebriated visitors to the market that already occur can only be exacerbated with the increase in hours applied for by OSM.
- There will be more examples of disorderly behavior and brawls associated with drunken customers leaving the venue and so contributing to a rise in crime levels right on our door steps.

Everyone should have the right to a peaceful enjoyment of life at home and it seems to me that issues relating to public nuisance and disorder & crime that these longer hours of drinking and various forms of entertainment being applied for will bring about threaten this very fundamental right.

Yours Sincerely,
Rose Sheldon

Subject: Re OSM premises license application.

Dear sirs,

I have written before on the matter of increased public nuisance caused by the never ending swimming pool of alcohol which people seem intent on pouring over Spitalfields.

I have previously told you that the noise of drunken louts shouting and screaming at three o'clock in the morning is so bad that it has caused us to spend four thousand pounds to have hand made wooden, design compliant, triple glazing windows installed on the Folgate Street side of our flat. Please come over and inspect if you don't believe me.

Walking past pools of vomit and urine stained walls is hardly what I imagined that I would have the misfortune to encounter on a morning.

And now there is this cynical commercially driven application by OSM that will not only further exacerbate the extreme public nuisance that is already taking place, while simultaneously and seemingly callously pouring fuel on the fire of potential criminal activity and further knivings.

Your Sincerely

Stephen Brown

To: Licensing
Subject: Licencing Application 105261 Old Spitalfields Market / Tribeca - OBJECTION

To Whom It May Concern

As a resident of Wilkes Street, I wish to lodge my objection to the Licensing Application detailed below.

Licensing Application 105261 – Old Spitalfields Market/Tribeca

Tribeca Holdings, the multi-billion pound luxury property investment company which owns properties all over London and the US have applied for changes to their licensing conditions at Old Spitalfields Market.

If approved these licensing changes would:

- Radically alter the nature of Old Spitalfields Market and change it from a daylong retail space into one of the largest semi-open air drinking venues in London operating all day every day until 9pm and with 91 days extended hours allowed.
- Cause immense noise and distress to residents of the Old Spitalfields Market flats which surround the site and make their lives a misery.
- Create a flood up to 3,000 drinkers per night, leaving OSM after 9pm, exiting into the community in search of licensed premises in which to continue drinking, thus putting intolerable strain on local pubs and restaurants as well as residents.
- Exponentially increase the nightly alcohol driven misbehaviour (street urination, vomiting, noise, fights etc) that plagues the streets of our residential neighbourhood.
- Contribute to crime and disorder in the area. The applicants state that they will provide additional security forces to police the drinkers. However, in practice this will mean that troublemakers & drunkards within OSM are ejected into the residential streets surrounding the market.
- Completely undercut the aims and objectives of the Brick Lane CIZ which was introduced to protect both residents and businesses from the negative effects of over 200 licensed premises in one small area.
- Radically increase the value of Tribeca's Old Spitalfields market asset by allowing them to run lucrative alcohol linked venues, events and promotions at this sensitive east end site.

I urge the committee to reject this opportunistic, inappropriate and completely profit-driven application in its entirety.

Please do not hesitate to contact me should you wish to discuss further my objections to this application.

Yours sincerely

Sarah Griffiths

TOWER HAMLET
Licencing Section
John Onslow House
1 Ewart Place
London E3 5EQ

Wednesday 20th December 2017

**I would like to oppose the application for the new Licence OSM has submitted.
Ref. CLC/EHTS/LIC/105261**

Transforming the space inside the market to host venues is contradictory to its original purpose and building specifications. It is a building with homes and retails so it has to remain a fair balance for everyone.

There are no way to stop the noise and sounds from travelling everywhere in our homes and that is very often stressful and irritating.

Half of my windows face Commercial Street which is one of the noisiest one in London and where there are 2 pubs within dozens of meters apart. One of these pubs – the Ten Bells I understand is owned by Tribeca, the same company that operates OSM, it appears that they just want more & more hours and space to sell alcohol.

The other half of my windows in my home face the inside of the market. When there are music and sport events the noise just enter our home. We do hear everything from people talking & laughing. Our flat is made of old bricks and our windows are terrible with no double glazing. It is a terrible nuisance.

In the evening and at night many people scream, swear, sing and shout all the time because they are drunk. We were told that we were in a CIZ zone and that it would mean less places to buy and drink alcohol so what OSM is requesting is the contrary of what the Council want to see happening. The more people who come to Spitalfields to have fun, drink and get entertainments the more antisocial behaviour will occur.

The Licence OSM requests will add another level of disturbance to our home and our lives. Applying for late opening every night of the week including Saturday and Sundays with all possible kind of entertainments until 9pm would mean that we will have to live with noises from both side of our home from morning to late at night. We will be trapped like in a sandwich with no room where we can escape from the noise.

I have 2 children who have to study hard and they should be able to get good sleeps during school nights and be able to enjoy normal activities in their homes on weekends without being disturb by noise pollution. The same goes for me, my weekends should be free of disturbance.

What OSM wants is simply very prejudicial to us and all the other families living in The Old Spitalfields Market. I hope you will see that our lives might for ever be changed if you allow evening entertainment on such a scale to happen.

Regards.

Ms Sandra Vargas Ibarra

Subject: Application for a premises licence for Open Market Space - Old Spitalfields Market

Application for a premises licence: Open Market Space - Old Spitalfields Market Ref No: 105261

I am writing to OPPOSE to the above application.

I have lived at:

[REDACTED]
[REDACTED]
[REDACTED]

Since 1998

And now am at

[REDACTED] since March 2017.

During that time, much has changed in the Spitalfields area. Change can have positive repercussions to local residents and businesses, and this has been the case on many issues. The area is now a very popular tourist area over weekends, as well as a meeting and eating destination for those working in the City.

I have seen a huge increase of bars, restaurants and pubs in the areas around Old Spitalfields Market, and also within the Market itself. This increase, although highly desirable perhaps to those visiting the area, has had an often extremely detrimental effect on those of us who live in the vicinity.

The anti-social behaviour, noise and litter, people shouting and screaming into the early hours, others urinating and vomiting into basements and gardens as they make their way to use the public transport hub at Liverpool Station.

Now, I hear that the Management Team at Old Spitalfields Market have drawn up a plan to turn the Open Market Space into a huge SuperPub! I have read through the new Application for a premises licence for this Space and am horrified to see that not only do they want to increase drinking hours to 21 hrs (9pm) 7 days a week (even weekends, which is not the case at the moment) with another 30 mins tagged on to clear drinkers away, but they want to use this space for very large Special Events 91 days a year - almost 2 a week!!!!

This would be absolutely untenable for all of us living on the St George Estate. One of the main Exit Gates leads into Lamb St, where we have so much disturbance as it is, due to deliveries, road cleaning, glass bottle evacuation, Food Delivery Couriers picking up from the Market Restaurants late into the night and very early in the mornings. The addition of so many people drawn towards Super Sports Events, Drinking Events (Such as Cocktail Week - already an annual Event) Live Music Events and a combination of all these in a Space where noise echoes out into the surrounding streets is madness, causing more anti-social behaviour, and more crime and disorder in general.

Any proposed large weekend Events fuelled by Alcohol, in what is an already ongoing CIZ zone will make our lives and that of all local residents living within the Market and in the surrounding streets unbearable, and turn what is now a relatively safe family environment into one where we shall feel under threat and uncomfortable.

It is for the above reasons that I vehemently OBJECT to this licensing application. I cannot see anything positive coming from this SuperPub/Super Events Plan!

I would also please ask that my personal details are redacted from any documents viewable on the internet.

Sincerely,

Susan Kay

To whom it may concern:

I writing to protest about Old Spitalfields Market Ltd's proposal for a licence which would permit 91 events per year, increased hours of entertainment and permission to sell alcohol at these events.

My address is [REDACTED], and so I live close enough to be personally affected by the granting of such a license . This area already suffers from a plethora of anti-social activities including rowdy behaviour into the early hours caused by drunkenness, people urinating and vomiting in the streets, as well as pavements overflowing with litter and (an inevitable consequence) with rats. Frankly, Tower Hamlets Council and the Metropolitan Police appear incapable of dealing with the current level of chaos in the streets around Spitalfields Market, and so one can only shudder to imagine the consequences if this irresponsible proposal were to be agreed.

Subject: Objection to proposed extension to hours for regulated entertainment and sale of alcohol in the open space of Old Spitalfields Market

Dear Sir or Madam,

I am most concerned about and wish to object to the proposed extension of hours for entertainment and the sale of alcohol in the open space of Spitalfields Market near my flat.

The extension of hours will erode the quality of life of all residents in the area, not only from noise (not only from the entertainment itself, but also from spectators and drinkers). The consumption of alcohol (particularly without food) leads to people behaving in a more uninhibited fashion, making more noise when dispersing and unfortunately showing a general disregard to those living in an area, including extra mess and litter. The limited public toilet facilities in the market area are likely to exacerbate the problems further.

Yours faithfully,

Sheila Parrington

Sophie Stebbins

Tower Hamlets
Licencing Section
John Onslow House
1 Ewart Place
London E3 5EQ

Thursday 21st December 2017

This is a letter to object to the License application by OSM no. 105261.

1/ When asked to give a general description of the premises on the application OSM stated that it is a covered space surrounded by retail outlets and other licensed premises.

In the guidance note (paragraph no. 1) a description of the area is requested along with any other information which could be relevant to the licensing objectives.

There are 32 flats above the market housing many residents including 17 children and several elderly people.

This important fact is extremely relevant and should have been mentioned in the OSM application.

2/ The Market has always been a **mixed-used premises** and therefore an appropriate harmony is important for the respect of everyone living and working under its roof. OSM's proposal would unbalance to great extent the equilibrium that has existed for years. The market has been run as a daily shopping experience with shops and restaurants generally open during normal working hours. What OSM proposes will result in a fundamental change to our daily living above and around the market.

3/ OSM states in their application that they have been in close contact with local residents groups prior to submitting the application and that their comments have been taken into account where possible in considering and drafting this application. This is not true.

We were invited to a meeting held by OSM/TRIBECA. Most of the meeting was dedicated to explaining the aesthetic changes that will occur to the inside of the market. When questions were raised about the application for a new License it was certainly not discussed in any detail or explained as clearly as it is in the application that was submitted. This makes a mockery of the word consultation and of the residents of the market.

4/ Public Nuisance:

- Considerable increase of public nuisance generated by the escalation of noise from various sources all around the market (traffic, deliveries, leisure activities, density of development, vast transport network) and inside the market on event nights. Augmenting noise from leisure activities during the days, weekends and evenings as OSM proposes would be a serious detriment to our personal environment within our homes.
- 91 days of events running to 9.30pm with possible 21 Temporary Event Notice extending the hours to 11pm would be a social assault beyond any rational thinking.

- My child is studying for his GCSEs and it is exasperating to try studying when all you can hear is music and crowd noise in the background. He goes to bed at 8.30pm and wakes up very early to travel to his school. He has the right to decent sleep during the school week and rest on weekends without disruptions.

Anti-social behaviour:

- OSM states that their operation will not be adding to the cumulative impact of the area (CIZ) and that surrendering 3 existing licenses will help in that regards. This is misleading and conflicts with their general views of what they want the market to become.

Wanting to operate 7 days (Monday to Sunday) instead of 5 (Monday to Friday) and serving alcohol at later hours (from 7 to 9 pm) during the day will not contribute to less clients drinking but in effect swell the number of drinkers in the market and the Spitalfields/Brick Lane area.

CIZ has been put in place in our neighbourhood to prevent the number of licensed premises because alcohol related antisocial behaviour has escalated over the years.

- A license for the open space will allow OSM to organize, and to rent to other organizations, areas of the market for promotions of many sorts. This will attract hundreds even thousands of people whose main purpose will be to have a good time with food and alcohol.
- Public Toilets: There is an insufficient amount of public toilets in the market which will limit access to visitors during large events and lead to people urinating on our doors.
- Buzzing door bells has been reported by residents and has been on the increase as has the shouting, screaming and fighting throughout the nights. It is extremely disruptive to our lives and to our sleep when this occurs during the night.
- Stepping out in the morning and finding on our front door vomit, urine stains and empty glasses is a direct consequence to the increase of intoxicated people visiting Spitalfields.

The prevention of crime and disorder:

- Constant issues with drunkenness and drug users who meet on streets around the Market. The security guards walking around the Allen Overy site (The new Market) advise that they are required to remove drug users on an average of 6 to 12 times per night.
- Increase of threats of violence against not only the residents but against security staff every day and night while trying to carry out their duties.
- The latest statistics shows that there is 1/3 less police officers in our area. How can proper security be implemented in case of a major issue?
- How can OSM manage security and control unruly behaviour from people who are drunk or under the influence of drugs during events in an area of over 100,535 sqft? With eight entry gates to the market how can they accurately control the number of people coming into events?
- OSM states that at all times while the license is in operation security staff will be on duty. What measures will be put in place to ensure there is enough security? Additional security required subject to written risk assessment - how can risk be realistically assessed and by whom?

- OSM has not provided us with any details of how for example they would assess hazards for a sport event?

Health and safety:

OSM plans to "introduce physical noise control measures to ensure no noise nuisance to Residents". I question how this can possibly happen?
How can crowd noises like cheers, scream, intoxicated people and live concerts be controlled?

It is not possible to minimize the effects of unwanted sounds when it comes to the listed Horner Building which is a Victorian building. To stop noise penetration mass and suitable acoustic absorptive material is the rule. There are none present in the 32 flats.

There are no materials dense enough that create an acceptable sound barrier. The walls vibrate, our poorly single glazed windows are in such disrepair that the current draft allows any sounds to enter our homes. Noises in the evening leads to disruption and anxiety.

Effect of noise is being monitored in OSM office which happens to be the best built for the extra thickness of its walls. Similar monitors should be in place in all the flats which have different specifications. If OSM was to decide what is acceptable nuisance noise based on that only monitoring, it would not reflect the truth.

OSM/Tribeca assures us that The Old Spitalfields Market will become a destination for fine shopping, eating and socialising. The residents are being told not to worry and that the big food chain restaurants around the perimeter will be replaced with fashion retail units while the inside of the market area is being transformed into a large food/drink & entertainment area where the aim is to increase the business return during as many hours in the day as possible.

This is a conflicting story.

With the exception of Temporary Event Notice (which have led to many complaints from residents) OSM license has allowed activities to coincide with "normal" opening hours and this has provided a good balance.

What has been an acceptable "buzz" could be replaced by noise pollution and an annoyance which will create stress and frustration.

Thank you for considering the impact on our well-being and family life by simply imagining hundreds of people eating, drinking and being offered entertainment on so many nights a year right below our homes.

Yours sincerely,

Sophie Stebbins

Subject: Old Spitalfields Market Premises Licence Application

Ref: 105261

To whom it may concern,

I am writing to object to the licence application which Old Spitalfields Market have applied for. As a local resident, I would like to object on the grounds of prevention of public nuisance. The area in question is large and echoey and has the potential to cater for a very large number of people. Already in this area we are disturbed through the evening and woken throughout the night by drunken people making a lot of noise, as they spill out onto the streets. Granting this application is only likely to make this much worse.

The market is already in the Tower Hamlets Brick Lane CIZ. As the purpose of this CIZ is to reduce problems associated with large-scale consumption of alcohol, it would seem ridiculous to grant a licence such as this within the CIZ. The market already has the possibility of obtaining a Time Limited Premises Licence, or giving a Temporary Event Notice.

Subject: Proposal To Extend Licensing at OSM

To Whom It May Concern

I am writing to object to the proposal to extend the Licensing Hours at Old Spitalfields Market. (OSM)

I am resident at [REDACTED]

The reasons for my objections are the

1. the potential increase in crime and disorder
2. prevention of public nuisance (such as noise, antisocial behaviour)

This area is already blighted by the numerous drinking establishments. I regularly witness me urinating in Fleur De Lys St, Jerome St and my own St..Calvin..Especially against my building.

There are many people who appear to be taking drugs who congregate at the entrance to the BT Building on Jerome St.

Adding more opportunities to drink at OSM will further add to anti-social behaviour that is bad enough in this area.

Please add my lister to the list of objections

Kind regards,

Susan Young

Dear Licensing Department

Re Old Spitalfields Market Reference Number 105261

I am writing to object to the application for a premises license by OSM Ltd to sell alcohol from 11am to 9pm Monday to Saturday, and from 12pm to 9pm Sunday and permission to hold 91 days of events per year on the following grounds:

1. Noise and nuisance, public safety.

Having grown up and lived the best part of my life in Spitalfields, I have seen over the last 23 years, the exponential saturation of the area with visitors. Where my brother and I were able to freely run around, playing badminton and football in our youth, such things would now be impossible. The area is almost always full to capacity, something that the proposed new licencing would also exacerbate. With high concentrations of people the risk of accidents, as well as crime increases, something that is further increased with the introduction of alcohol into the mix. Many residents of the market have young children, or are elderly, neither these members of the community, nor anyone should be forced, where they live, to contend with barrages of people, the drunken and disorderly, or crime, when it can be avoided.

I work as a freelance production assistant and runner; the demands of this job often mean I work hours that require me to be up extremely early in the morning. As such, it is important that I am able to sleep in the evenings. Even with the current licencing arrangements for OSM, I am regularly kept awake by a) bright lights shining from glass panels in the roof of the market into my room, b) the sounds generated by maintenance or other works being carried out within the market. These disturbances are, needless to say, always outside the stipulated licensed hours during which the market is permitted to function. Should the licensing hours be extended I can only imagine that such disturbances would also extend later into the night. The sound of glass being put into bins, for instance, and the closing down of a bar for the night are examples of extremely disruptive noise nuisances that would unavoidably have to be made AFTER 9pm. Furthermore while the selling of alcohol might be prohibited after 9pm, I hardly imagine that at the given hour all punters would leave the market, as people, particularly when drunk, have a tendency to linger, many probably still having

drinks to finish. Even for those who don't have to be at work early, residents do have the right to enjoy being at peace in their homes, and not constantly disturbed, within their homes by what would be effectively a huge pub right on their doorsteps.

Whilst the development of OSM into what it is today has required compromise and concessions by the residents over the years, the time has come at which many of us are fed up of being treated as a secondary concern by those who wish to profit off the area. An increase in the considerable disruptions we already deal with day to day need not be tolerated. Thus I hope the Licensing Department will refuse this application, and help preserve what was once a community that existed happily alongside the market, rather than allowing the market to overwhelm it.

Yours faithfully,

Theodora de Jasay

From: Tony Birrell [REDACTED]
Sent: 28 December 2017 14:57
To: Licensing
Subject: LICENSING OBJECTION: Old Spitalfields Market - Reference number 105261

To whom it may concern,

I have been a resident of Folgate Street since 2011 and have constantly enjoyed the cultural hub that is Old Spitalfields markets with its tasteful array of shops and varied market stalls each and every day. Currently, it is a very family orientated, sophisticated location that can be enjoyed by everyone due to lack of excessive or late night drinking locations.

It has come to my attention that OSM which to licence a area of 42,087 square feet of the market for a 'super pub' and event space.

This should be **refused** on the grounds of:

1. The prevention of crime and disorder
2. heath & safety
3. protection of children including underage drinkers
4. prevention of public nuisance (such as noise & anti-social behaviour)

Liverpool street and surrounding bars are already a hub for football fans travelling to and from games and can be left in a serious state of disrepute along with the fact that many residents have to put up with high levels of anti-social behaviour as it is. If this license was to pass, this disruptive behaviour would acutely increase and the market would loose its cultural strengths it currently promotes.

Please accept this note as support to **refuse the OSM licensing request for Old Spitalfields Market.**

Kind regards
Tony Birrell

4 January, 2018

Dear Sir/Madam

Re: Old Spitalfields Market E1 6AA. License application.

Your ref: CLC/EHTS/LIC/105261

My family lives in a Leasehold flat in the Horner Buildings, which are actually part of the Market for which a license is being sought.

I wish to object to the grant of the license applied for. I have contacted my Ward Councillor and we would like to submit a request to have the opportunity of making representations in person. My residential amenity as a market resident is particularly vulnerable to the nuisance that an operation licensed in the manner applied for would undoubtedly cause, even if managed as well as can be expected. Unforseeable risks are also considerable.

I understand the objection needs to be made by January 5th: this letter is a brief summary statement of my main grounds for objection, which are detailed in the attachment. Please acknowledge and advise me, copying my ward councillor, Cllr. Gulam Robbani, for information.

Yours faithfully

[REDACTED]

Tony de Jasay

There are 36 flats above the market. The licensing application fails to mention this fact. I live in one of them. For us, the particularly relevant grounds for objecting to the grant of this License Application are: that **it will add to the public nuisance already caused by OSM's licensed operations.**

The windows of my living space open onto a small terrace, which in turn backs against the Market roof, which has a ventilation grille running the full length. See photo.

Various kitchens including Poppies Fish and Chips and Bleekers Burgers, fry food directly under that area. Following persistent complaints, Bleekers installed an extractor (see arrow). The fan from that exceeded permissible noise levels. After further complaints the noise levels have been reduced. The ventilation grille to the market has also been partly covered over with perspex which reduces noise levels. This is not sufficient to mitigate disturbance to the quiet enjoyment of our terraces. During the day, particularly in Summer, smells can be offensively strong. During crowd events, such as cocktail week, and live music events, the terraces are unuseable. But even inside the flat, with the windows closed, music can be very intrusive (see noise report 261116 appended).

On several occasions OSM management has shown disregard for residential amenity. On 24 March 2016 the living room was blasted out by the noise of a rock band in the DM shop below starting up, unannounced! Both I and my neighbour ran down. We were informed that this was part of an OSM co-ordinated promotion event. But when the Market manager was called, he said 'it should never have happened'. Then began a period of meetings and

correspondence. But complaints needed to be made almost immediately again, to LBTH environmental protection on 28 March and to the Manager on 8 April. Then, on 9 Sep we were given 5 hours notice that a DJ event would take place downstairs (see note).

It's an unequal struggle. There are no real incentives for the Manager to avoid causing public nuisance, where they believe may attract additional customers. Two examples of highly offensive noisy promotions by OSM retail units are attached. Blaring loudspeakers and megaphones were used as a form of publicity, which created a sufficient nuisance for the Police to intervene. These incidents have not been repeated: but they re-inforced the disturbing impression that 'Marketing' policy for Spitalfields Market accepts creating a nuisance as a valid means of attracting the attention of potential customers.

The only way for Market Residents to feel confident that they are really entitled to some peace and respect, is for a strong and unquestioned regulatory framework to protect their rights against businesses willing to accept public nuisance as a side effect of their operations. The proposed license, with the further option to hold events beyond the 9pm official cut-off, would reduce that protection to a bare minimum level, incompatible with residential as well as commercial use of the Market.

No further relaxation of the existing license should be granted. The intended retail business of the Market does not need one, and it would destroy the balance intended when the Market was re-developed.

261116 17:00 approx

Returned home around 1700, was annoyed to hear thump thump of techno? music despite windows baeing closed, ascertained that it was coming from a PA system in the market and took Db readings from terrace and through open window. Music stopped around 1800.

Db readings 68-70. See < DecibelData 261116 csv >

Noise nuisance Note 090916 14:40

Rob? From DM downstairs came to let me know that they would be having a loud DJ event downstairs 'till 8pm, as part of the 'Night Market'. OSM had told him to let us know! He 'hadn't realised how disruptive events might be for the immediate neighbours'. But he didn't try and defend that degree of ignorance as reasonable.

I explained that 14:30 on the afternoon of the event was not sufficient notice. If he were the one to have made arrangements to have people around at his own residence, he would understand the position. He also accepted that 'only' an hour after closing time, 'only' a DJ set etc. etc. were not really excuses acceptable by someone whose amenity was significantly affected.

Dear Toby

I enclose a note relating to amplified 'street' advertising by Market leaseholders. I'm not sure whether Gourmet Burger is one of OSM's leaseholders or tenants; please re-direct me if they aren't. But there was an even more shocking incident recently (010916) with your tenant Doc Martens promoting a new range of footwear by blasting out Lamb Street from loudspeakers mounted on the back of a Land Rover. I did not then wish to trouble my neighbours downstairs, or you, so I reported that to the Advertising Standards Authority instead.

This is an insensitive, anti-social use of amplified sound to seek attention and press for competitive advantage by foul means. It is incompatible with the general planning condition agreed to by Spitalfields Market to safeguard the amenity of the area generally from excessive noise and disturbance.

Please would you clarify your policy to notify your leaseholders and tenants of those obligations and monitor their compliance. I look forward to your response.

Yours sincerely

Anthony de Jasay

27/09/2016

cc Noise Team LBTH

Gourmet Burger Kitchen: Noisily offensive advertising 270916, 13:45-14:45

Three megaphone announcers were creating a disturbance on the corner of Brushfield Street and Bishopsgate. My wife and I were having a coffee on the terrace of the stall nearby. After a while, I went to investigate what the noise was about, and found that the megaphones were labelled 'Vote Rump' and the announcers wore Gourmet Burger hoodies and were handing out Gourmet Burger promotions.

My wife also spoke to them and requested that they move on. When they failed to, she reported the nuisance to Bishopsgate Police. Three police officers then dispersed the offending announcers.

Noise incident 010916 15:00

Two Landrovers pulled up in the car club bays on Lamb St, outside Spitalfields Market. One was equipped with two large external loudspeakers. The 'music' was very loud indeed, accompanying a rapper delivering some incomprehensible message. A crew of smirking men dressed in paramilitary fashions fussed around, photographing themselves and the vehicles. They moved on fairly quickly, having no doubt achieved their objective of disrupting the peace and drawing attention.

Follow Up Flag: Follow up
Flag Status: Completed

Dear Sir / Madam

I'd like to object to the recent application by Old Spitalfields Market (OSM) to expand their licensing hours later on weekdays and into the weekends.

The current market management have shown that they have no real interest in being custodians of a market, but instead are slowly turning it into a very large eating and drinking venue. Restaurants have expanded into the internal space, and now more catering units have been permanently constructed within the open flexible use market area, seriously impairing its function, and pushing out market traders. This is likely to not have been granted permission, and would have received vigorous object from residents, if it had been a stated intention at the time of the building's refurbishment. But because it is happening by stealth, it is currently being allowed to happen.

The latest plans would make this even worse. Running events throughout the year into the evening, or allowing licensed drinking at weekends, and on this scale, will cause the site to be a magnet for the large groups, like those that currently meet around Liverpool street before football matches, or with large groups coming into the area via trains before continuing to the nightlife of brick lane and shoreditch. This causes a focusing of anti social behaviour and problem drinking. It is much better to have a multitude of smaller licensed venues, each with their own character, as is currently the case.

It is not unnoticed by local residents that the recent plans by TimeOut to have a "mega venue" that features multiple bars and food vendors was turned down, on valid reasoning that it would not be suitable mix with the existing night life of the area, or its capacity for these large additional numbers of drinkers, and would cause problems. OSM have brazenly adopted this strategy in their own space, with multiple bars and food vendors already opening up, and without the residents having any chance to object until now.

Please turn down this application to prevent the crime and disorder that will inevitably follow from adding large groups of drinkers into the area, and the public nuisance and ASB that would fall to the surrounding area, that has already required additional measures around Brick Lane. Local residential areas are already having to deal with a large amount of alcohol and nightlife related ASB, and this would undoubtedly make it drastically worse.

Thanks you for your consideration, and can I please ask you to redact my personal details from any documents available on the internet regarding this matter.

Yours sincerely,

Tim Elliott

Subject: License application 105261

Dear Sir

I am writing with reference to the application of OSM Number 105261

As a local resident I have to say that I am very concerned about this application.

I live in Spitalfields ([REDACTED]) along with my two daughters (both under 18) who travel back and forth to School by passing OSM every day. They do this early in the morning and at various times in the evening.

Both early in the morning and later in the evening this causes them and me concern and inconvenience on a daily basis.

In the evenings my daughter's encounter drunken people on the short trip by OSM most evenings and they can be both directly threatening and indirectly 'scary' to these young people. Clients are frequently spilling out of OSM onto the surrounding streets and are often either drunken or suggestive or relieving themselves, or throwing up. Or combinations of all four of these.

This is quite different from the more enclosed establishments in the neighbourhood where clients tend to respect the 'inside' versus 'outside' nature of an establishment with doors that define the drinking area (inside) with the smoking area 'outside' and tend therefore to behave much better than the OSM attendees. Although is also reflective of other areas of drinking like, for example, beside Liverpool Station.

Some of the behaviour is also reflective of the fact that the toilets in OSM are hard to find, obviously inadequate (the evidence being on the street every evening) and frequently guarded with a passcode making them harder to access. These are inadequate to the current situation, let alone any extension and probably need to be increased significantly before the status quo can be made safe.

In the early morning my daughters have to content with sick on the pathways around OSM every day and this is both repellent and off putting as it reinforces the idea that OSM's clients are particularly unpleasant and uncaring of the community in which they are guests. This is literally every day and there is probably no day in which this is not the case.

This is the current situation and this is far from perfect.

Extending the hours in any way would clearly make these problems worse and not better and therefore I object strongly to this application on the grounds of it being highly detrimental to the ability to be, or feel safe in our own neighbourhood, to reside in a clean environment and to be able to safely go about our day to day business. The fact that this effects so many young people, who might otherwise see the market as a 'haven' and pleasant location is a particular and specific issue.

What is also interesting for me is that I work outside Borough Market for many years, which also has a range of drinking establishments. This is, in contrast, a well-run environment where despite some issues, in the main behaviour is appropriate and clients manage to enjoy themselves in a very different way from that at OSM.

I believe that this is because the market has a purpose and is not set up solely as a place for entertainment and drinking, and that this is not its main focus. It is this that ensures that behaviour is modified.

OSM management have already clearly proved themselves already incapable of giving OSM such a purpose and therefore are inappropriate applicants for additional licence privileges, and therefore I object most strongly to their application to extend their ability to continue to detriment the environment and safety of our residents.

Kind regards

Tom Holmes

Subject: OSM Licensing Application

Dear Sir or Madam,

I would like to voice my concerns over the proposed licensing application by OSM.

I have been a resident above the market for about 24 years now, and during that time the peace that we have been able to enjoy in our home has been steadily eroded. When we first arrived we could literally hear a pin drop inside the flat on a normal evening, but now, with the market open 7 days a week and with the events taking place and licensing hours being steadily extended, those days are long gone. I feel that it is particularly important that as we cannot expect to enjoy peaceful weekends because of the market activities, it is even more important for us that controls are in place that protect the residents from drunken, noisy and antisocial behaviour on every night of the week.

I am concerned about the noise levels within the market during special events as well as the behaviour of individuals who are inebriated, which is likely to increase as the volume of people drinking in the area increases. I find that the doorbell is being rung late into the evenings and in the early hours of the morning on an increasingly regular basis. This means that nowadays we are quite often being denied a peaceful night's sleep as people who have had a little too much to drink seem to enjoy this as a sport.

I am concerned that by increasing the licensing hours of the market and increasing number of people who come to the market specifically to enjoy drinking alcohol, the residents are likely to experience a greater number of incidents involving antisocial behaviour which is likely to erode our ability to enjoy a peaceful and relaxing home.

I would like to request that my personal details are redacted from documents that are viewable on the internet.

Yours sincerely,

Tessa Howes

Dear Sir/Madam,

I am writing to register my strong objection to the above noted licence application.

Our residential area is already saturated with licenced premises and blighted by all the accompanying antisocial behaviour.

In the street I live in and the surrounding streets I all too often encounter

- pavements blocked outside pubs
- public urination, vomiting and worse
- drug taking and dealing
- drinking on my and other doorsteps
- verbal abuse
- and all the inevitable noise and litter

I have not personally experienced physical abuse/assault but I know others that have. The police response of "what do you expect if you live here?" is not very reassuring that any of these problems are taken seriously.

Also, I thought that this area had already been designated as a Cumulative Impact Zone to stop the behaviour that I experience(?) I have to say I have noticed very little improvement since this was "implemented" and the granting of this new licence, or any others, can only make the situation intolerable.

Kind regards,

TWP Keen

Corinne Holland

From: Tim and Wendy Parkes <[REDACTED]>
Sent: 04 January 2018 10:00
To: Licensing
Subject: Old Spitalfields Market - Reference Number 105261

Dear Sirs,

My address is [REDACTED].

I understand that Old Spitalfields Market (OSM) is applying for a licence to sell alcohol from 9am to 9pm Mondays to Saturdays and from 12pm to 9pm on Sundays. OSM also wants permission to hold 91 days of 'events' during the year, which I understand could give them permission to open bars 24 hours a day over most weekends of the year.

I have lived and/or worked close to Spitalfields Market since the early 1990s. Although I consider the existing development of the market to have been a considerable success in helping to regenerate an area which was in great need of investment, its success should not become a reason to tip the balance further against the interests of residents and the Spitalfields community more generally. I therefore wish to register with you my objection to the OSM application(s), referred to above. The factors which I consider point to a refusal of the application include:

1. the prevention of anti-social behaviour (including disorder) associated with the consumption of alcohol; such behaviour, including aggressive shouting and arguing in the streets and surroundings of the area, is already excessive in the evenings, and tends to be focussed around the existing bars and pubs. Allowing the application will undoubtedly cause a significant risk of further public nuisance.
2. the dangers to health and personal safety which will result from a substantial increase in the sale of alcohol: I have seen young people around the market clearly so drunk they are incapable. The apparent lack of toilet facilities also encourages men to urinate in passageways and against walls close to the market. I cannot see that increasing the likelihood of that can be consistent with a concern for public health and safety.
3. although I cannot speak from personal experience of crime in the area associated with alcohol consumption, I believe that there must be a risk that this will increase, if the application is granted,
4. if the application is permitted, it seems to me that it will inevitably increase the opportunities for under-age drinking of alcohol.

There is a balance to be struck in my view between the interests of the local community and the vendors of alcohol and organisers of events where alcohol can be consumed. Allowing this application will help destroy that balance.

Please ensure that my full name and address are not included in any documents viewable on the internet.

Yours faithfully,

Timothy Charles Parkes

Corinne Holland

From: [REDACTED]
Sent: 05 January 2018 14:53
To: Corinne Holland; Licensing
Subject: Fwd: Ref No: 105261 (Licensing Act 2003) / OLD SPITALFIELDS MARKET

Hello Corinne and thanks for your mail

I trust the below addresses your points to the extent of this being admitted as a submission against the proposal.

On the **prevention of public nuisance**, there is nothing I've seen that gives me confidence that the proposed changes makes it clear how the following will be adequately addressed

- I.e., how the surge in people will be addressed.
- How routinely drunks will be handled to avoid them spilling into the neighbourhood (seems unavoidable !)
- How routinely will numbers be constrained
- How routinely will the noise be managed to ensure it's not disturbing the reasonable peace of residents.
- How can a huge increase in numbers (running into tens of thousands over the course of a year I suspect; sorry don't have the application in front of me) not translate into the above points becoming relevant for consideration?
- The circa 90 live events planned, where i understand alcohol will be sold through the day and night, can only lead to substantially more of the issues of the nature of what I've stated above. It stands to reason with the upsurge in numbers ,and prolonged timings. Even if it's not this number, but far less, how would anyone be comfortable with such events literally on their doorstep?

In terms of **the prevention of crime and disorder**, probably once a month now I hear an altercation on a Fri/Saturday evening involving drunk revellers / people outside of my flat on Lamb St, around Commercial St / Lamb St - not to say the many times when I'm not there i suspect. Having a greater footfall in the area and especially around the market, can only exaggerate this. Sorry I don't have the numbers, but the Council must have of reported incidents, when typically the police – due to a lack of numbers - can take some time to arrive, by which time the incident has typically cleared in my experience. It must be self-evident that – a general absence of police on the streets – can only mean more of these sort of incidents.

I'm not referring to an issue with the here and now. What we currently have is a reasonable compromise and well done to all parties and the Council for that.

I'm talking about a significant increase in numbers that can only lead to problems. This is self-evident from the surge in numbers expected in the area and the fact that the market is on the doorstep of hundreds, if not thousands, of local residents. I don't think this is an unreasonable assertion to make

Many thanks

V Narang

(Also, can you please remove my work email from my first mail? As a local to the area of many years, I'm writing this from myself, as a private citizen)

From: Corinne Holland [mailto: [REDACTED]] **On Behalf Of** Licensing

Subject: RE: Ref No: 105261 (Licensing Act 2003) / OLD SPITALFIELDS MARKET

Dear Vipin

Thank you for your email, the contents of which are noted.

Unfortunately I cannot accept this as a valid representation at this point, as it does not contain enough information. In order for us to consider your representation, you must make it clear how granting this application will have an impact to one or more of the following licensing objectives:

- the prevention of crime and disorder
- the prevention of public nuisance
- public safety
- the protection of children from harm

You need to **expand** on how you are currently detrimentally affected by this premises and how the granting of the license variation will exacerbate that.

I look forward to hearing from you. Please respond by **midnight tonight**, otherwise I will have to consider your representation as being invalid and it will be discounted from the final report for consideration by the Licensing Sub Committee.

Regards,

Corinne Holland - Licensing Officer

To: Licensing
Cc: [REDACTED]
Subject: Ref No: 105261 (Licensing Act 2003) / OLD SPITALFIELDS MARKET
Importance: High

Having seen the plans afoot for the market, I must say in the stronger terms I'm am `100% against allowing the extension of licensing

We seem to (mostly) to have a civilised arrangement at the moment that respects the needs of business to function, whilst at the same time being cognisant that locals live here and are entitled to quiet enjoyment

The proposal would have a profoundly damaging effect to the area in terms of

- the sheer volume of people who would be enticed into the area and the knock on effect in terms of noise, pollution
- and the number of people around later at night, the worse of wear with alcohol
- the number of 'events' proposed is excessive and again, not in keeping with the area
- alcohol being sold from 11-9 (Mon-Sun) is not conducive to a peaceful and enjoyable environment to live. As neither is shows / music / recorded music / other being possible from 9am onwards, as is proposed under the proposal.

I can't believe the following has been adequate considered or addressed

- the prevention of crime and disorder
- health & safety
- prevention of public nuisance
- protection of children

Even if these points have (notionally been addressed), for the reasons set out, please **do not** proceed with this application under any circumstances.

Many Thanks

Vipan Narang

Subject: Re: Application to extend the licencing hours at Old Spitalfields Market. Application reference: 105261

Dear Sir

I wish to OBJECT strongly to the application for the extension of licensing hours in Old spitalfields Market.

Increased licensing hours will undoubtedly increase antisocial behaviour and other undesirable effects that increased alcohol consumption leads to.

I have lived here for my whole life, and have had to put up with an increasing amount of antisocial behaviour (pissing into my kitchen, loud and disorderly behaviour in the street late into the early hours of the morning, drug taking and dealing) and Spitalfields has become increasingly unpleasant to live in.

I understood that we lived in a saturation zone and that OSM is within this zone. But that reason alone you should be REFUSING this application.

I do not object to Spitalfields being a lively and vibrant place, that is what makes it interesting. You will agree that this is different to a place which is filled with drunk and disorderly people who only come into the area to drink and take no responsibility for their behaviour.

As our councillors and officers, I would urge you to work with the people who live and work here, please look after their interests rather than the interests of big businesses who have no interest in the area except to make a lot of money and give nothing of value in return.

Yours faithfully

William Fuest

Dear Madam/Sir,

Old Spitalfields Market 105261

I write with regard to the application by Old Spitalfields Market (OSM) for a licence to extend the hours during which OSM are permitted to sell alcohol. I understand they wish to extend the present licence which is limited to 11am to 7pm, Monday to Friday, to sell alcohol on Saturdays and on Sunday afternoon. I believe that they also have a proposal to hold 91 days of 'events' per year, using temporary licences to operate bars selling alcohol.

We are a family of four (sometimes extended to 6), sharing accommodation on Folgate Street. We have a second flat in Bishop's Court, rented to a couple with a small child.

Below are examples of incidents of anti-social behaviour that have affected us directly in the past year:

On the Folgate Street side we put up with revellers shouting their way along the street in order to catch the late train home from Liverpool Street after a night of drinking. At our basement entry point to the underground carpark in Elder Gardens, directly opposite Spitalfields Market, I have witnessed drug taking and these areas are sometimes used for sleeping and sex, which is evident from the detritus left behind in the

morning. The bin store on Lamb Street, adjacent to our tenant's kitchen caught fire one night after a person started smoking after sleeping and defecating inside the space. A small baby was asleep in the adjacent flat. In the same building at Bishop's Court, a person broke in and defecated on a private upstairs landing. The public garden, Elder Gardens, used by small children and babies during the day, is frequently used as a public urinal, even during these daylight hours. On several occasions during the day we have observed small groups of people who appear to be selling drugs by appointment by smartphone.

If you walk along Brick Lane in the mornings, even after the street has been cleaned, there is a strong smell of vomit and urine along the road and the drains are full. I would hesitate to walk my dog along there, let alone children. Any extension of licensing hours would bring this problem to Spitalfields Market, especially at weekends, when supervising staff and local workers are not present.

I am concerned that anti-social behaviour is a direct result of excessive drinking and party drugs. We should all be trying to limit the sale of alcohol and any extension of licensing hours will contribute greatly to the problems we already face. I would strongly recommend that any proposed extension of licensing hours or granting of new licences is refused. The problems we face can only increase with more drinkers in the vicinity, especially over the weekend.

Many thanks for taking the time to read my concerns.

Yours faithfully,

Wendy Parkes

P.S. Please do not put any of my personal details, e.g. name or address, on to any documents which will be published on the internet. Thank you.

Subject: Old Spitalfields Market Licensing - 105261

REFERENCE: CLC/EHTS/LIC/105261

Hi,

I have been resident at [REDACTED] for more than 6 years. I have received a letter from Tower Hamlets council about a potential license for entertainments and sale of alcohol at old spitalfields market.

I am writing you to express my concerns about that license, living just next to the market.

Living nearby areas such as Shoreditch, Bricklane or Liverpool Street we have plenty of opportunities to experience first hand the impact of alcohol selling venues on neighbourhoods: drunk people shouting at late hours, urinating on neighbours doors, vomiting on the streets, fighting in the streets... fortunately the area around the Old Spitalfields Market (OSM) has managed to stay a safe harbour in the middle of all these areas. A family friendly place with a lovely market, restaurants offering an enjoyable dining experience, a good mix of traditional artisanal shops and bigger names stores. I have lived around the market for about 10 years and right next to it for 6. This is the essence of what OSM is: a family friendly, enjoyable and relaxed area. This is what attracts to this place so many locals and tourists. Because of its charms and the fact it's not yet another drinking venue.

This license is threatening the very essence of this market.

I understand this area is very attractive for people wanting to generate revenues by selling alcohol given it is right in the middle of so many similar areas but it is the responsibility of our council to defend the authenticity and essence of emblematic areas of our neighbourhood.

Besides, I would like to raise concerns around safety of children in the area: because of the reasons I mentioned above the area has attracted many families with children (I am one of them) because it is a quiet and family friendly area in an area with plenty of restaurants and shops and at walking distance to the city. The fact there is a very well renowned nursery (Bright Horizons Spitalfields) facing the OSM is a good sign of that. Now do parents want their children to step onto urine or vomit when they drop them to the nursery? Do we want our children to be woken up at night by drunken people shouting in the streets?

For all the reasons mentioned above I would like the tower hamlets council to seriously consider granting a drinking license to the OSM area.

Regards,
Yannick Le Thanh

To: Licensing
Subject: OSM licence application reference 105261

To Whom it may concern,

I am broadly supportive of this application for the following reasons:

- 1) The key reason is that the application significantly reduces the square footage of 'bar area' available to OSM presently, in keeping with CIZ.
- 2) OSM are visibly pursuing a retail led strategy for the market, we have already seen Smiths & The Square Pie replaced with a retail outlets.
- 3) Stewardship of the market has improved noticeably in the last year, in our experience, living directly in the market, noise has reduced and the responsiveness of the day to day management is much better.
- 4) Event count is down and the most notably the infamous Cocktail Week passed, for us, without incident.
- 5) The Food offering has improved.
- 6) The infrastructure has improved and the appearance of the market looks much better.

All of these indicate the market is becoming a retail destination rather than a drinking destination, we have endured many false dawns over the last twenty years and this seems the most positive outlook for the market.

We have certain reservations/comments:

1) Prevention of crime and disorder.

This would be enhanced with more OSM staff on the market floor, this proposal may bring that.

2) Health and safety.

No comments

3) Protection of children.

We have kids but have no problem here.

4) Prevention of public nuisance (eg noise from music etc, increased deliveries and refuse collection, antisocial behaviour).

- a) I would like to see some thought given to the proposed hours on Sunday, maybe finishing at 6,
- b) More important is stewardship/closing of some of the market gates. Most of the issues we have actually have come from those we come into the market after 9.
- c) Finally I would like the offer from OSM to have an external company set their noise levels to be extended to include some input from residents. It should be noted that the OSM offer does represent a step forward and is a new condition.

Please redact my personal details from public exhibit

Kind regards

Adam Stanhope

Old Spitalfields Market Application for a Licence No 105261

Dear Sir or Madam,

I am local resident, active local campaigner and a committee member of the Spitalfields Community Group writing in my own capacity. I have been familiar with the market since playing football there as a child.

People locally have campaigned for many years to bring about the CIZ and we continue to campaign to ensure it is implemented properly, this campaign must continue to reduce Anti-Social Behaviour in the area.

I understand that this application from the owners of the Old Spitalfields Market proposes to reduce the number of licenced premises in the market and reduce the number of events that can be held in the market.

A true reduction in the number of licenced premises and licenced hours should be welcomed in this instance as an important step forward and as an example to others in the CIZ area.

The closure of Smiths Bar by the applicants and now the proposed surrender of the Licence for that premises demonstrates the applicants are serious about reducing anti-social behaviour.

If the applicant has demonstrated to the council's satisfaction that there is a real and proper reduction in the CIZ and that there are strong and effective measures for control of noise and any nuisance to residents, then I am happy to support the application.

I write to support to the above Application,

Yours sincerely

Tarik

To: Clare Eames
Cc: Licensing
Subject: Licensing Act 2003 - Old Spitalfields Market, Brushfield Street London E1 6AA - Our ref: TSS/LIC/105261

Dear Clare,

As part of the consultation process, I have received a copy of your Client's application for a premises licence under the Licensing Act 2003.

Trading Standards is one of the "responsible authorities" and as such we can make representations to the licensing authority in relation to their application.

Should we make representations it must be about the likely effect of granting the application on the promotion of the licensing objectives. One of the licensing objectives concerns the '*the protection of children from harm*' including preventing the sale and supply of alcohol to children. Trading Standards has responsibility for enforcing legislation in relation to this.

I have therefore considered section M of your Client's application in which they describe the additional steps that they will take to promote the Licensing objectives. Their comments that relate to the 'protection of children from harm' are stated as follows:

24. A Challenge 21 Proof of Age Scheme shall be operated at the premises where the only acceptable forms of identification are recognised photographed identification cards.

25. Training shall be provided to all staff relating to the sale of alcohol and other relevant licensing matters.

26. Records detailing the initial training and refresher briefing provided shall be kept on the premises and be made available upon a request by a police officer or an authorised officer of the Council.

I wish to advise you that you that although your client’s policy meets an acceptable standard, many premises have adopted ‘Challenge 25’ so that they have a robust procedure in place to prevent underage sales.

I am of the opinion that as the application includes an extension of hours for the supply of alcohol then there is an increased risk that underage persons may be attracted to the market.

I would therefore if your client would consider adopting a ‘Challenge 25’ policy instead of the proposed ‘Challenge 21’ policy. Please find further details of ‘Challenge 25’ attached.

Please let me know if your client is willing to adopt this policy and if so are they willing for the ‘Challenge 25’ policy to be made a voluntary condition of their licence. The condition would be as follows:

A Challenge 25 proof of age scheme shall be operated at the premises where the only acceptable forms of identification are recognised photographic identification cards, such as a driving licence, passport or proof of age card with the PASS Hologram.

We are able to provide your client with support materials to assist in the adoption ‘Challenge 25’ – please refer to the attached leaflet for further details.

Should you have any query please do not hesitate in contacting me. I look forward to hearing from you.

Best regards,

Kevin Maple

Appendix 108

Noise while the premise is in use

General Advice

If they conclude this is a problem Members should consider whether it is possible to carry out suitable and proportionate noise control measures so that noise leakage is prevented. In addition Members may consider that only certain activities are suitable.

The hours of operation also need to be considered (see below).

If Members believe that there is a substantial problem of noise while the premises are in use and it cannot be proportionately address by licensing conditions they should refuse the application.

Licensing Policy

The policy recognises that noise nuisance can be an issue, especially if a premises is open late at night. (**See Sections 10.1 of the Licensing Policy**). While all applications will be considered on their merits, consideration will be given to imposing stricter conditions in respect of noise control where premises are situated close to local residents. (**See Section 15.10**).

The Licensing Authority expects the applicant to have addressed all nuisance issues relating to the premises in their operating schedule and to have sought appropriate advice from the Council's Environmental Health Officers. (**See Section 10.2 of the Licensing Policy**).

The Licensing Authority will consider attaching conditions to prevent nuisance and these may include Conditions drawn from the Model Poll of Conditions relating to Crime and Disorder. (**See Appendix 3 Annex D of the Licensing Policy**). In particular Members may wish to consider (this list is not exhaustive):

- hours of opening (this needs to be balanced against potential disorder caused by artificially early closing times)
- Whether certain parts should close earlier than the rest (for example a "beer garden", or restricted in their use)
- Whether or not certain activities should have to close at an early hour, for example live music
- Conditions controlling noise or vibration (for example, noise limiters, keeping doors and windows closed).
- Prominent clear and legible notices at all exits requesting the public to respect the needs of local residents and leave the premises and area quietly
- Conditions controlling the use of explosives, pyrotechnics and fireworks
- Conditions controlling the placing of refuse
- Conditions controlling noxious smells
- Conditions controlling lighting (this needs to be balanced against potential crime prevention benefits)

Police Powers

Part 8 of the Licensing Act 2003 enables a senior police officer to close down a premises for up to 24 hrs where public nuisance is being caused by noise coming from the premises and the closure of the premises is necessary to prevent that nuisance.

Guidance Issued under Section 182 of the Licensing Act 2003

The Licensing Policy has adopted the recommended Pool of Conditions as permitted (Annex D).

The prevention of public nuisance could include low-level nuisance, perhaps affecting a few people living locally as well as major disturbance affecting the whole community (2.15).

Licence conditions should not duplicate other legislation (1.16).

Necessary and appropriate conditions should normally focus on the most sensitive periods (2.19) and may address disturbance as customers enter or leave the premises but it is essential that conditions are focused on measures within the direct control of the licence holder.

Other Legislation

The Environmental Protection Act 1990, Part 111 gives Environmental Health Officers the power to deal with statutory nuisances.

The Anti-social Behaviour Act 2003, Sections 40 and 41 give Environmental Health Officers the power of closure up to 24 hours in certain circumstances.

Appendix 109

Access and Egress Problems

Such as:

Disturbance from patrons arriving/leaving the premises on foot

Disturbance from patrons arriving/leaving the premises by car

Lack of adequate car parking facilities

Close proximity to residential properties

Comment

The above have been grouped together as egress problems. Of course the particular facts will be different for each alleged problem.

Egress only is referred to-if necessary access can be added or substituted in.

General Advice

In considering concerns relating to disturbance from egress, Members need to be satisfied that the premises under consideration has been identified as the source of the actual or potential disturbance. If they are satisfied that this is a problem, then proportionate conditions should be considered.

The hours of operation also need to be considered.

If Members believe that there is a substantial problem concerning egress and it cannot be proportionately addressed by licensing conditions, they should refuse the application.

Licensing Policy

The policy recognises that noise nuisance can be an issue, especially if a premises is open late at night. (**See Section 10 of the Licensing Policy**).

The Licensing Authority expects the applicant to have addressed all nuisance issues relating to the premises in their operating schedule and to have sought appropriate advice from the Council's Environmental Health Officers. (**See Section 10.2 of the Licensing Policy**).

The policy also recognises that staggered closing can help prevent problems at closure time (**See Section 15.1**).

However, while all applications will be considered on their merits, consideration will be given to imposing stricter conditions in respect of noise control where premises are situated close to local residents. (**See Section 15.5**)

The Council has adopted a set of framework hours (**See 15.8 of the licensing policy**). This relates to potential disturbance caused by late night trading.

The Licensing Authority will consider attaching conditions to prevent nuisance and these may include Conditions drawn from the Model Pool of Conditions relating to the prevention of Public Nuisance. (**See Annex G of the Licensing Policy**). In particular Members may wish to consider (this list is not exhaustive):

- hours of opening (this needs to be balanced against potential disorder caused by artificially early closing times)
- Whether certain parts should close earlier than the rest (for example a “beer garden”, or restricted in their use)
- Whether or not certain activities should have to close at an early hour, for example live music
- Conditions controlling noise or vibration (for example, noise limiters, keeping doors and windows closed).
- Prominent clear and legible notices at all exits requesting the public to respect the needs of local residents and leave the premises and area quietly

Guidance Issued under Section 182 of the Licensing Act 2003

The prevention of public nuisance could include low-level nuisance, perhaps affecting a few people living locally as well as major disturbance affecting the whole community. (2.15).

Licence conditions should not duplicate other legislation (1.16).

Any conditions should be tailored to the type, nature and characteristics of the specific premises. Licensing authorities should be aware of the need to avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are very expensive to purchase and install and are likely to be a considerable burden for smaller venues. (2.19)

Measures can include ensuring the safe departure of customers, these can include:

- Providing information on the premises of local taxi companies who can provide safe transportation home; and
- Ensuring adequate lighting outside the premises, particularly on paths leading to and from the premises and in car parks

Necessary and appropriate conditions should normally focus on the most sensitive periods (2.19) and may address disturbance as customers enter or leave the premises but it is essential that conditions are focused on measures within the direct control of the licence holder.

Appendix 110

Anti-Social Behaviour on the Premises

Licensing Policy

The Licensing Authority expects the applicant to have addressed all crime and disorder issues relating to the premises in their operating schedule and to have sought appropriate advice. (**See Section 6 of the Licensing Policy**)

The Licensing Authority will consider attaching conditions to deter crime and disorder and these may include conditions drawn from the Model Poll of Conditions relating to Crime and Disorder. (**See Appendix 3 of the Licensing Policy**). In particular Members may wish to consider (this list is not exhaustive):

- Methods of management communication
- Use of registered Door Supervisors
- Bottle Bans
- Plastic containers
- CCTV
- Restrictions on open containers for “off sales”
- Restrictions on drinking areas
- Capacity
- Proof of Age scheme
- Crime prevention notices
- Drinks promotions-aimed at stopping irresponsible promotions
- Signage
- Seating plans
- Capacity

If Members believe that there is a substantial problem of anti-social behaviour and it cannot be proportionately addressed by licensing conditions they should refuse the application.

Police Powers

The Licensing Act 2003, Part 8 gives a senior police officer the power to close a premises for up to 24 hours where the officer believes there is, or is likely to be disorder on or in the vicinity and closure is necessary in the interests of public safety.

Guidance Issued under Section 182 of the Licensing Act 2003

The pool of conditions, adopted by the Council is recommended (Annexe D).

The key role of the Police and SIA is acknowledged (2.1-2.2).

Conditions attached to licences cannot seek to manage the behaviour of customers once they are beyond the direct management of the licence holder

and their staff or agents, but can directly impact on the behaviour of customers in the immediate vicinity of the premises as they seek entry or leave (1.16).

Conditions are best targeted on deterrence and preventing crime and disorder (2.3) communication, CCTV, police liaison, no glasses, capacity limits are all relevant (2.3 - 2.6).

The Guidance recognises working with Home Office Immigration Enforcement in the prevention of immigration crime. Licence conditions that are considered appropriate for the prevention of illegal working in licensed premises might include requiring a premises licence holder to undertake right to work checks on all staff employed at the licensed premises or requiring that a copy of any document checked as part of a right to work check are retained at the licensed premises.

Guidance Issued under Section 182 of the Licensing Act 2003

Conditions can be imposed for large capacity “vertical consumption” premises (10.23 – 10.24).

Guidance Issued by the Office of Fair Trading

This relates to attempts to control minimum prices.

Other Legislation

- The Council has a duty under Section 17 of the Crime and Disorder Act 1998 to do all it reasonably can to prevent crime and disorder

Appendix 111

Anti-Social Behaviour from Patrons Leaving the Premises

General Advice

Members need to bear in mind that once patrons have left a premises they are no longer under direct control. Members will need to be satisfied that there is a link between the way the premises is operating and the behaviour that is complained of. An example of this would be that irresponsible drinking is being encouraged. Before deciding that any particular licensing conditions are proportionate, Members will also need to be satisfied that other legislation is not a more effective route. For example, if the problem is drinking in the street it may be that the Council should designate the area as a place where alcohol cannot be consumed in public.

Members may also wish to consider whether the hours of opening relate to any problems of anti-social behaviour.

If Members believe that there is a substantial problem of anti-social behaviour and it cannot be proportionately addressed by licensing conditions they should refuse the application.

Licensing Policy

The policy recognises that other legislation or measures may be more appropriate but also states that licensing laws are “a key aspect of such control and will always be part of an overall approach to the management of the evening and night time economy” (**see Section 4.15 and 4.16 of the Licensing Policy**).

The Licensing Authority expects the applicant to have addressed all crime and disorder issues relating to the premises in their operating schedule and to have sought appropriate advice. (**See Sections 6.2 of the Licensing Policy**)

The Licensing Authority will consider attaching conditions to deter crime and disorder and these may include Conditions drawn from the Model Poll of Conditions relating to Crime and Disorder. (**See Appendix 3 of the Licensing Policy**). In particular Members may wish to consider (this list is not exhaustive):

- Bottle Bans
- Plastic containers
- CCTV (outside the premises)
- Restrictions on open containers for “off sales”
- Proof of Age scheme
- Crime prevention notices
- Drinks promotions-aimed at stopping irresponsible promotions
- Signage

Cumulative Impact

There is a process by which the Licensing Authority can determine that an area is saturated following representations. However, the process for this involves wide consultation and cannot come from representations about a particular application. (**See Section 8 of the Licensing Policy**).

Police Powers

The Licensing Act 2003, Part 8 gives a senior police officer the power to close a premises for up to 24 hours where the officer believes there is, or is likely to be disorder on or in the vicinity and closure is necessary in the interests of public.

Guidance Issued under Section 182 of the Licensing Act 2003

The key role of the Police is acknowledged (2.1).

Conditions attached to licences cannot seek to manage the behaviour of customers once they are beyond the direct management of the licence holder, but can relate to the immediate vicinity of the premises as they seek entry or leave (1.16).

Conditions are best targeted on deterrence and preventing crime and disorder (2.3) CCTV inside & out, communication, police liaison, no glasses are all relevant

There is also guidance issued around public nuisance (2.15 – 2.21).

The pool of conditions, adopted by the Council is recommended (see Appendix 3 of the Licensing Policy). Licence conditions should not duplicate other legislation (1.16).

Necessary and appropriate conditions should normally focus on the most sensitive periods and may address disturbance as customers enter or leave the premises but it is essential that conditions are focused on measures within the direct control of the licence holder (2.18/2.21).

Licensing law is not the primary mechanism for the general control of nuisance and anti-social behaviour by individuals once they are away from the licensed premises and, therefore, beyond the direct control of the individual, club or business holding the licence, certificate or authorisation concerned (14.13).

Other Legislation

Crime and Disorder Act 1998

The Council has a duty under Section 17 of the Crime and Disorder Act 1998 to do all it reasonably can to prevent crime and disorder.

The Act also introduced a wide range of measures designed to address anti-social behaviour committed by adults and young people. These include:

- Anti-Social Behaviour Orders
- Child Curfew Schemes
- Truancy
- Parenting Orders
- Reparation Orders
- Tackling Racism

Appendix 112

Planning

An application for a Premises Licence can be made in respect of a premises even where the premises does not have relevant Planning Permission. That application has to be considered and Members can only refuse the application where the application itself does not promote one of more of the Licensing Objectives. Members cannot refuse just because there is no planning permission. Where a Premises Licence is granted and which exceeds what is allowed by the Planning Permission and that Premises then operates in breach of planning then the operator would be liable to enforcement by Planning.

Appendix 113

Licensing Policy Relating to Hours of Trading

All applications have to be considered on their own merits.

The Council has however adopted a set of framework hours as follows:

- Monday to Thursday, from 06:00 hrs to 23:30 hrs
- Friday and Saturday, from 06:00 hrs to 00:00 hrs (midnight)
- Sunday, from 06:00 hrs to 22:30 hrs

(see 15.8 of the Licensing Policy)

In considering the applicability of frame work hours to any particular application regard should be had to the following

- Location
- Proposed hours of regulated activities, and the proposed hours the premises are open to the public
- The adequacy of the applicant's proposals to deal with issues of crime and disorder and public nuisance
- Previous history
- Access to public transport
- Proximity to other licensed premises, and their hours

(See 15.9 of the licensing policy)

Subject to any representations to the contrary in individual cases the following premises are not generally considered to contribute to late night anti-social behaviour and will therefore generally have greater freedom

- Theatres
- Cinemas
- Premises with club premises certificates

Appendix 114

Licensing Policy

8 Special Cumulative Impact Policy for the Brick Lane Area

- 8.1 As with many other London Borough's the majority of late night licensed premises are concentrated within one area of the Borough. Following guidance issued under the Licensing Act 2003 a cumulative impact policy was adopted on 18th September 2013 by the Council.
- 8.2 After consultation the Council recognises that because of the number and density of licensed premises selling alcohol, on and off the premises and the provision of late night refreshment (sale of hot food after 11pm) within the Brick Lane Area as defined in Figure One, there might be exceptional problems of nuisance, disturbance and/or disorder outside or away from those licensed premises as a result of their combined effect.
- 8.3 The Licensing Authority is now of the view that the number, type and density of premises selling alcohol for consumption on and off the premises and/or the provision of late night refreshment in the area highlighted in Figure One is having a cumulative impact on the licensing objectives and has therefore declared a cumulative impact zone.
- 8.4 The effect of this Special Cumulative Impact Policy is to create a rebuttable presumption for applications in respect of the sale or supply of alcohol on or off the premises and/or late Night Refreshment for new Premises Licences, Club Premises Certificates or Provisional Statements and applications for variations of existing Premises Licences, Club Premises Certificates (where the modifications are relevant to the issue of cumulative impact for example increases in hours or capacity). Where the premises are situated in the cumulative impact zone and a representation is received, the licence will be refused. To rebut this presumption the applicant would be expected to show through the operating schedule and where appropriate with supporting evidence that the operation of the premises will not add to the cumulative impact already being experienced. This policy does not act as an absolute prohibition on granting/varying new licences in the Cumulative Impact Zone.
- 8.5 The Special Cumulative Impact policy will not be used to revoke an existing licence or certificate and will not be applicable during the review of existing licences.

Figure One

The Cumulative Impact Zone in the Brick Lane area

The Cumulative Impact Zone is detailed in the map below. The map shows all of the premises (dots) currently licensed under the Licensing Act 2003 in the Brick Lane Area. The Cumulative Impact Zone is defined by the dark line.

Cumulative Impact Zone
