

## Key lines of Enquiry – Overview and Scrutiny Committee – 22 March 2018

### Agenda Item 6

#### Environment Scrutiny Spotlight Session

No.	Key lines of Enquiry
1.	Fire Safety Scrutiny Review discussed emergency access issues. How does the Council consider emergency vehicle access when determining parking requirements? Are emergency services consulted?
2.	With the increasing population in the borough, how are current and future parking needs assessed?
3.	Previous Overview and Scrutiny Committee meetings have discussed the impact of car free developments, particularly around increased parking in the areas after 6pm. Are any reviews planned to evaluate the impact of car free developments?
4.	What is the take up of car clubs? How will the Council support competitive rates to encourage take up?
5.	Electric Vehicle Charging points- how have the location of these been decided? What resident consultation was involved?
