Subject: re; Angel convenience store 23 Roman Road E2 OHT

The above premises have applied to vary their licensing hours, I have spoken to your office several times concerning the closing times. Angel Convenience Store is open late around 2 -230 now and is causing numerous problems the residents are so fed up and frustrated most of the problems are explained in the letter you have received from [REDACTED] dated 15th. June 2018 which she wrote to you on their behalf after a few of the residents had a meeting with her. The residents are not happy with their name being passed to the applicants as these are concerns of reprisals as myself and my next door neighbour was approached by the owner of the premises next door [REDACTED] when we attended your hearing a while ago therefore some folk feel quite threatened by this. But we feel the panel must start to take some responsibility for the residents' well-being as we have so many problems to contend with this just add to it we are continuously kept awake the noise from the cars pulling up to buy alcohol is unbearable. We also have people drunk constantly going to the toilet in the alleyway and also outside the flats, as we already have drug users in the street area. I will try to attend the hearing but if I cannot attend could these issues be taken into consideration just imagine if you had to live with all this going on it's just not fair.

Yours sincerely

Veronica Paul
