

## DEVELOPMENT COMMITTEE

Report of the Corporate Director of Place

Classification: Unrestricted

---

### 1. INTRODUCTION

- 1.1 In this part of the agenda are reports on planning applications for determination by the Committee. Although the reports are ordered by application number, the Chair may reorder the agenda on the night. If you wish to be present for a particular application you need to be at the meeting from the beginning.
- 1.2 The following information and advice applies to all those reports.

### 2. FURTHER INFORMATION

- 2.1 Members are informed that all letters of representation and petitions received in relation to the items on this part of the agenda can be made available for inspection at the meeting.
- 2.2 Members are informed that any further letters of representation, petitions or other matters received since the publication of this part of the agenda, concerning items on it, will be reported to the Committee in an Addendum Update Report.

### 2.3 ADVICE OF CORPORATE DIRECTOR, GOVERNANCE

- 3.1 This is general advice to the Committee which will be supplemented by specific advice at the meeting as appropriate. The Committee is required to determine planning applications in accordance with the Development Plan and other material planning considerations. Virtually all planning decisions involve some kind of balancing exercise and the law sets out how this balancing exercise is to be undertaken. After conducting the balancing exercise, the Committee is able to make a decision within the spectrum allowed by the law. The decision as to whether to grant or refuse planning permission is governed by section 70(2) of the Town and Country Planning Act 1990 (TCPA 1990). This section requires the Committee to have regard to:
- the provisions of the Development Plan, so far as material to the application;
  - any local finance considerations, so far as material to the application; and
  - to any other material considerations.

- 3.2 What does it mean that Members must have regard to the Development Plan? Section 38(6) of the Planning and Compulsory Purchase Act 2004 explains that having regard to the Development Plan means deciding in accordance with the Development Plan, unless material considerations indicate otherwise. If the Development Plan is up to date and contains material policies (policies relevant to the application) and there are no other material considerations, the application should be determined in accordance with the Development Plan.

#### **The Local Development Plan and Other Material Considerations**

- 3.3 The relevant Development Plan policies against which the Committee is required to consider each planning application are to be found in:
- The London Plan 2016;

- The Tower Hamlets Core Strategy Development Plan Document 2025 adopted in 2010; and
- The Managing Development Document adopted in 2013.

- 3.4 The Planning Officer's report for each application directs Members to those parts of the Development Plan which are material to each planning application, and to other material considerations. National Policy as set out in the National Planning Policy Framework 2019 (NPPF) and the Government's online Planning Practice Guidance (PPG) are both material considerations.
- 3.5 One such consideration is emerging planning policy such as the Council's Local Plan<sup>1</sup> and the Mayor of London's New London Plan<sup>2</sup>. The degree of weight which may be attached to emerging policies (unless material considerations indicate otherwise) depends on the stage of preparation of the emerging Development Plan, the extent to which there are unresolved objections to the relevant policies, and the degree of consistency of the relevant policies in the draft plan to the policies in the framework. As emerging planning policy progresses through formal stages prior to adoption, it accrues weight for the purposes of determining planning applications (NPPF, paragraph 48).
- 3.6 Having reached an advanced stage in the preparation process, the Local Plan now carries more weight as a material consideration in the determination of planning applications. However, the policies will not carry full weight until the Local Plan has been formally adopted. The New London Plan is at a less advanced stage of the adoption process.
- 3.7 The purpose of a Planning Officer's report is not to decide the issue for the Committee, but to inform Members of the considerations relevant to their decision making and to give advice on and recommend what decision Members may wish to take. Part of a Planning Officer's expert function in reporting to the Committee is to make an assessment of how much information to include in the report. Applicants and objectors may also want to direct Members to other provisions of the Development Plan (or other material considerations) which they believe to be material to the application.
- 3.8 The purpose of Planning Officer's report is to summarise and analyse those representations, to report them fairly and accurately and to advise Members what weight (in their professional opinion) to give those representations.
- 3.9 Ultimately it is for Members to decide whether the application is in accordance with the Development Plan and if there are any other material considerations which need to be considered.

### **Local Finance Considerations**

- 3.10 Section 70(2) of the TCPA 1990 provides that a local planning authority shall have regard to a local finance consideration as far as it is material in dealing with the application. Section 70(4) of the TCPA 1990 defines a local finance consideration and both New Homes Bonus payments (NHB) and Community Infrastructure Levy (CIL) fall within this definition.

---

<sup>1</sup>The Tower Hamlets Local Plan 2031: Managing Growth and Sharing the Benefits' was submitted to the Secretary of state for Housing, Communities and Local Government to undergo an examination in public on 28 February 2018. As part of the examination process, the planning inspector held a series of hearing sessions from 6 September to 11 October 2018 to discuss the soundness of the Local Plan. The planning inspector has put forward a series of modifications as part of the examination process in order to make it sound and legally compliant. These modifications are out to consultation for a 6 week period from 25 March 2019.

<sup>2</sup> The draft New London Plan was published for public consultation in December 2017, The examination in public commenced on 15 January 2019 and is scheduled until mid to late May 2019.

- 3.11 Although NHB and CIL both qualify as *“local finance considerations*, the key question is whether they are "material" to the specific planning application under consideration.
- 3.12 The prevailing view is that in some cases CIL and NHB can lawfully be taken into account as a material consideration where there is a direct connection between the intended use of the CIL or NHB and the proposed development. However to be a 'material consideration', it must relate to the planning merits of the development in question.
- 3.13 Accordingly, NHB or CIL money will be 'material' to the planning application, when reinvested in the local areas in which the developments generating the money are to be located, or when used for specific projects or infrastructure items which are likely to affect the operation or impact on the development. Specific legal advice will be given during the consideration of each application as required.

### **Listed Buildings and Conservation Areas**

- 3.14 Under Section 16 of the Planning (Listed Buildings and Conservation Areas) Act 1990, in considering whether to grant listed building consent for any works, the local planning authority must have special regard to the desirability of preserving the building or its setting or any features of special architectural or historic interest which it possesses.
- 3.15 Under Section 66 of the Planning (Listed Buildings and Conservation Areas) Act 1990, in considering whether to grant planning permission for development which affects a listed buildings or its setting, the local planning authority must have special regard to the desirability of preserving the building or its setting or any features of architectural or historic interest it possesses.
- 3.16 Under Section 72 of the Planning (Listed Buildings and Conservation Areas) Act 1990, in considering whether to grant planning permission for development in a conservation area, the local planning authority must pay special attention to the desirability of preserving or enhancing the character or appearance of the conservation area.

### **Trees and Natural Environment**

- 3.17 Under Section 197 of the TCPA 1990, in considering whether to grant planning permission for any development, the local planning authority must ensure, whenever it is appropriate, that adequate provision is made, by the imposition of conditions, for the preservation or planting of trees.
- 3.18 Under Section 40 of the Natural Environment and Rural Communities Act 2006 (Duty to conserve biodiversity), the local authority *“must, in exercising its functions, have regard, so far as is consistent with the proper exercise of those functions, to the purpose of conserving biodiversity”*.

### **Crime and Disorder**

- 3.19 Under Section 17 of the Crime and Disorder Act (1998) (Duty to consider crime and disorder implications), the local authority has a *“duty .....to exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent, crime and disorder in its area (including anti-social and other behaviour adversely affecting the local environment)...”*

### **Transport Strategy**

- 3.20 Section 144 of the Greater London Authority Act 1999, requires local planning authorities to have regard to the London Mayor’s Transport strategy.

## **Equalities and Human Rights**

- 3.21 Section 149 of the Equality Act 2010 (Public Sector Equality Duty) (**Equality Act**) provides that in exercising its functions (which includes the functions exercised by the Council as Local Planning Authority), that the Council as a public authority shall amongst other duties have due regard to the need to-
- (a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited under the Equality Act;
  - (b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
  - (c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it.
- 3.22 The protected characteristics set out in Section 4 of the Equality Act are: age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. The Equality Act acknowledges that compliance with the duties set out may involve treating some persons more favourably than others, but that this does not permit conduct that would otherwise be prohibited under the Equality Act.
- 3.23 The Human Rights Act 1998, sets out the basic rights of every person together with the limitations placed on these rights in the public interest. Section 6 of the Human Rights Act 1998 prohibits authorities (including the Council as local planning authority) from acting in a way which is incompatible with the European Convention on Human Rights. Members need to satisfy themselves that the potential adverse amenity impacts are acceptable and that any potential interference with Article 8 rights will be legitimate and justified. Both public and private interests are to be taken into account in the exercise of the Council's planning authority's powers and duties. Any interference with a Convention right must be necessary and proportionate. Members having regard to the Human Rights Act 1998, to take into account any interference with private property rights protected by the European Convention on Human Rights and ensure that the interference is proportionate and in the public interest.

## **Environmental Impact Assessment**

- 3.24 The process of Environmental Impact Assessment is governed by the Town and Country Planning (Environmental Impact Assessment) Regulations 2017 (2017 Regulations). Subject to certain transitional arrangements set out in regulation 76 of the 2017 Regulations, the 2017 regulations revoke the Town and Country Planning (Environmental Impact Assessment) Regulations 2011 (2011 Regulations).
- 3.25 The aim of Environmental Impact Assessment is to protect the environment by ensuring that a local planning authority when deciding whether to grant planning permission for a project, which is likely to have significant effects on the environment, does so in the full knowledge of the likely significant effects, and takes this into account in the decision making process. The 2017 Regulations set out a procedure for identifying those projects which should be subject to an Environmental Impact Assessment, and for assessing, consulting and coming to a decision on those projects which are likely to have significant environmental effects.
- 3.26 The Environmental Statement, together with any other information which is relevant to the decision, and any comments and representations made on it, must be taken into account by the local planning authority in deciding whether or not to grant consent for the development.

## **Third Party Representations**

- 3.27 Under section 71(2)(a) of the TCPA 1990 and article 33(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015, the Committee is required, to

take into account any representations made within specified time limits. The Planning Officer report directs Members to those representations and provides a summary. In some cases, those who have made representations will have the opportunity to address the Committee at the meeting.

### **Daylight, Sunlight and Overshadowing**

- 3.28 Amenity impacts resulting from loss of daylight and sunlight or an increase in overshadowing are a common material planning consideration. Guidance on assessment of daylight and sunlight is provided by the 'Site Layout Planning for Daylight and Sunlight' 2011 by BRE (the BRE Guide). The BRE Guide is purely advisory and an appropriate degree of flexibility needs to be applied when using the BRE Guide. The BRE Guide does not form part of the Development Plan and compliance is not a statutory requirement.
- 3.29 There are two methods of assessment of impact on daylighting: the vertical sky component (VSC) and no sky line (NSL). The BRE Guide specifies that both the amount of daylight (VSC) and its distribution (NSL) are important. According to the BRE Guide, reductions in daylighting would be noticeable to occupiers when, as a result of development:
- a) The VSC measured at the centre of an existing main window is less than 27%, and less than 0.8 times its former value; or
  - b) The area of the working plane in a room which can receive direct skylight is reduced to less than 0.8 times its former value.
- 3.30 The BRE Guide states that sunlight availability would be adversely affected if the centre of a window receives less than 25% of annual probable sunlight hours or less than 5% of probably sunlight hours between 21 September and 21 March and receives less than 0.8 times its former sunlight hours during either period and has a reduction in sunlight over the whole year of over 4%.
- 3.31 For overshadowing, the BRE Guide recommends that at least 50% of the area of each amenity space should receive at least two hours of sunlight on 21st March with ratio of 0.8 times the former value being noticeably adverse.
- 3.32 Specific legal advice will be given in relation to each application as required.

### **General comments**

- 3.33 Members are reminded that other areas of legislation cover aspects of building and construction and therefore do not need to be considered as part of determining a planning application. Specific legal advice will be given should any of that legislation be raised in discussion.
- 3.34 The Committee has several choices when considering each planning application:
- To grant planning permission unconditionally;
  - To grant planning permission with conditions;
  - To refuse planning permission; or
  - To defer the decision for more information (including a site visit).

## **4. PUBLIC SPEAKING**

- 4.1 The Council's constitution allows for public speaking on these items in accordance with the rules set out in the constitution and the Committee's procedures. These are set out at the Agenda Item: Recommendations and Procedure for Hearing Objections and Meeting Guidance.

## **5. RECOMMENDATION**

5.1 The Committee to take any decisions recommended in the attached reports.
