

Refresh of the Joint Health and Wellbeing Strategy

1. Introduction

1.1 The Health and Wellbeing Strategy 2013-16 and its associated delivery plans are due a refresh. This paper, discussed at the last meeting of the Health and Wellbeing Board Strategy sub-group outlines the broad process and timeline for refreshing the strategy.

2. Context

2.1 The Health and Wellbeing Strategy remains a statutory plan under the Health and Social Care Act. Moreover there have been recent legislative and policy changes such as the Care Act, Better Care Fund and Children and Families Act, are contributing to changes in the delivery of health and social care. The newly elected Conservative government has pledged to create an integrated health and social care service, 7 day a week GP services and a greater priority on Mental Health; all of which will have an impact on Tower Hamlets.

2.2 Locally, the Community Plan is in the process of being refreshed as well as the Children and Families Plan; this provides an opportunity to align the Health and Wellbeing Strategy with these key documents.

3. Approach

3.1 The Health and Wellbeing Strategy will be built on a firm evidence base; with the JSNA at the centre of this. Data from the Community Plan/MTFP consultation will also be utilised. Healthwatch will be engaged with the process to input resident views and feedback. There are plans for a healthy lifestyle survey later on this year, with the results feeding into the development of the Health and Wellbeing Strategy baseline.

3.2 The development of the Health and Wellbeing Strategy will start with evidence collation and one to one discussions and forward looking workshops with key stakeholder organisations and HWB members. These workshops will be overseen by the HWBS sub-group, facilitated by the Corporate Strategy and Equality team, the LGA and the King's Fund.

3.3 There will be a need for constant dialogue with both the Board, stakeholders and Council committees. It is suggested that the Health and Wellbeing Strategy subgroup should act as the project board for the refreshing of the Health and Wellbeing Strategy

3.4 Communication will play a significant role during this exercise as stakeholders will need to be made aware of the process, their required engagement and any actions that may arise.

4. Timeline

Activity	Leads	Dates
<p>Workshop 1 scenario planning</p> <p>Focus:</p> <ul style="list-style-type: none"> • Future health and social care landscape in Tower Hamlets; • Is Tower Hamlets well equipped to meet future health needs? 	<p>Facilitated by the King's Fund with support from LBTH's Corporate Strategy and Equality team (CSE) and Public Health</p> <p>Attendees: Lead officers from the HWB member organisations.</p>	<p>July</p>

<p>Review of delivery plans by the Health and Wellbeing Strategy</p>	CSE	June

subgroup		
Approval of the delivery plans by HWB and organisation's internal processes	CSE	June – August

5. Health and Wellbeing Strategy Sub-Group

The HWBS subgroup reviewed and agreed this timeline and agreed that the subgroup act as the project board for the refreshing of the Health and Wellbeing Strategy and meets six weekly in order to monitor progress.
