Annex 5 Local area profiles

The aim of local area profiles is to build up a picture of the locality, and in particular the elements of it that could be impacted by gambling premises.

The Council publishes Area profiles – ward profiles on its website at http://www.towerhamlets.gov.uk/lgs/901-950/916_borough_profile/area_profiles.aspx

As part of its Gambling Policy the Council is building separate local area profiles for the purpose of its gambling Policy. The profile will therefore include reference to:

- schools, sixth form colleges, youth centres etc, with reference to the potential risk of under-age gambling ;
- hostels or support services for vulnerable people, such as those with addiction issues or who are homeless, given the greater risk of problem gambling among these groups ;
- religious buildings ;
- any known information about issues with problem gambling ;

	<ul style="list-style-type: none"> • the surrounding night time economy, and possible interaction with gambling premises ; • patterns of crime or anti-social behaviour in the area, and specifically linked to gambling premises ; • the socio-economic makeup of the area ; • the density of different types of gambling premises in certain locations ; • specific types of gambling premises in the local area. <p>These Local Area Profiles will build on the area profiles and will be posted on the Council's website in the Licensing Section under the Gambling heading.</p>
