

Committee: Health Scrutiny Panel	Date: 20/04/2016	Classification Unrestricted	Report No. 3	Agenda Item No. 3.3
Report of: Transforming Services Together (Tower Hamlets, Newham and Waltham Forest CCGs) Originating Officer: Don Neame, Director of Communications, NEL CSU & Transforming Services Together		Title: Transforming Services Together		

1. SUMMARY

- 1.1. Transforming Services Together (TST), a partnership programme of work between Tower Hamlets, Waltham Forest and Newham CCGs and Barts Health Trust has published its Strategy and Investment Case. A period of public engagement began on 29 February and will run to 22 May 2016. Given the potential impact, Tower Hamlets CCG, patient representatives, the London Borough of Tower Hamlets and others (e.g. clinicians) have been involved. The Strategy and Investment Case recommends investing in care closer to home, new models of care at our hospitals, more modern facilities and developing new ways of working.
- 1.2. The TST Strategy and Investment Case has been developed by over 1,000 clinicians, managers, staff and public and patients. It has been approved by the three CCG governing bodies and Barts Health board. It is a response to the agreed Case for Change published in December 2014.

2. RECOMMENDATIONS

The Health Scrutiny Panel is recommended to:

- Note the publication of the strategy and engagement plan
 - Provide initial views; and
 - Take part in the engagement period both by making a formal response to the engagement and encouraging others to make their views known.
-
