Hi Abu

RE: CEG Mainstream Grants

I am writing to you regarding Tower Hamlets mainstream grants and the rent agreement supposed to be happening on September 2015. However we continued the projects until 3<sup>rd</sup> of November 2016. Unfortunately the rent agreement did not continue and still we are waiting for the grant to be released.

Further to our last meeting with Mayor John Biggs and other Council relevant officers on 20th June 2016 where a decision had been made that the rent agreement will take place and the grants will be released, despite providing a budget how much rent we can rise toward the rent, since then we never heard anything from anyone about our approved grants or rent agreement.

As you know we were not paid since September 2015, now a full year, and we continued the projects, pay staffs and expenditures with reserve funds. This is radically depleting, and we do not have any more reserve funds to continue Lunch Club and Berner Football Academy.

Ultimately, this means that as we are not receiving any funds, we have suspended Harkness Luncheon Club and Berner Football Academy from 3<sup>rd</sup> of November 2016. We will resume the project soon as we received our approved grants.

Moreover the Berner Football Academy staffs are happily to continue with their project despite not having their salary since the project started and they are hoping to get paid soon as we received the mainstream funding, we have provided four quarter report and now the council owes our organisation £6045.00 for Berner Football Academy.

Similarly we have provided four quarter reports for the Harkness Luncheon Club and now the council owes our organisation £11040.00

The total funding shall be pay by the council to Children Education Group which are £17085.00, weather the council make rent agreement or not, however we are seeking this funding now

Furthermore as we providing continues reports we were never worn by the council to discontinue the projects until we receive any funding, therefore we continued the project and paid salary to staffs and usual expenditures
