<b>Committee:</b> General Purposes Committee	<b>Date:</b> 10 December 2014	<b>Classification:</b> Unrestricted * *	<b>Report No:</b>
<b>Report of:</b> Corporate Director Communities Localities and Culture		<b>Title:</b> Application for registration as town or village green – Wapping Green	
<b>Originating officer(s)</b>  Philip Devonald Interim Head of Legal Operations		<b>Wards Affected:</b>  Wapping & Shadwell	

## 1. **SUMMARY**

- 1.1 The purpose of this report is to determine a second application to register the land known as Wapping Green as a “Town or Village Green” under the Commons Act 2006. The Council is the Registration Authority for the purposes of the Commons Registration Act 1965 and is responsible for compiling and maintaining the Registers of Common Land and Town or Village Green and for any amendments to the Registers.
- 1.2 The procedure for registration is laid down in The Commons Registration (England) Regulations 2008.
- 1.3 Under Section 15 of the Commons Act 2006 a person may apply to the Commons Registration Authority (the Council) to register land as a town or village green where a significant number of inhabitants of any locality or neighbourhood within a locality, have indulged as of right in lawful sports and pastimes on the land for a period of at least 20 years and they continue to do so at the time of the application.
- 1.4 The application must be determined on legal issues and evidence. The Council’ function as registration authority is to consider the evidence for and against the application. If the application satisfies the legal requirements, then the Council should accept the application, however if the legal requirements are not fully met then the Council must reject the application.
- 1.5 If the application is accepted, the Council is under a duty to advertise the accepted application in the local newspaper and then allow a period of 6 weeks to allow for any objections to be lodged. If objections are received, the

applicants will be permitted to consider them and make responses. Once the 6 week period has elapsed, the Land will be registered on the Register of Town & Village Greens as a local land charge. If the application is rejected, the applicant must be informed of the reason(s) of the rejection. There is no formal right of appeal but the applicant can seek a Judicial Review if he or she believes the decision made to be wrong in law or procedurally improper.

1.6 No procedure has been laid down by the Commons Registration Act 1965 or the Regulations as to how the applications should be determined which is left entirely to the registration authority.

1.7 In the Local Authorities (Functions and Responsibilities) (England) Regulations 2000 (as amended) the power to register a town or village green is specified as a non-executive function. The Council has not delegated the function to a committee or to an officer. Under paragraph 3.3.6 of Part 3 of the Council's Constitution the terms of reference of the General Purposes Committee are set out and include:

- (v) Any other functions which under the Local Authorities (Functions and Responsibilities) (England) Regulations 2000 may not be the responsibility of the Executive and which are not delegated elsewhere under this constitution.

In consequence it is for the General Purposes Committee to determine any application for registration of land as Town or Village Green.

## 2. **RECOMMENDATIONS**

### 2.1 **The Test Section 15 of the Common Act 2006**

***Have (1) a significant number (2) of the inhabitants of a locality or neighbourhood (3) indulged in lawful sports and pastimes (4) as of right (5) on the land (6) for a period of at least 20 years (7) and they continue to do so at the time of the application.***

***NB: The applicant must satisfy all 7 elements of the test.***

#### **Relevant Factors**

***Members should therefore apply the above test and should feature on two particular issues which are central to a determination:-***

- 1) *The quality of the claimed use; and*
- 2) *Whether the claimed use has been “as of right”*

### **Irrelevant Factors**

- *The motive for the application*
- *The planning merits*
- *Local opinion*
- *Political philosophical or moral views*

2.2 The General Purpose Committee is recommended to:-

Refuse the application on the ground that the inhabitants of the locality, or neighbourhood have not indulged in lawful sports and pastimes on the land for a period of 20 years “as of right”.

## **3. BACKGROUND**

- 3.1 On 19 March 2012 the Turk’s Head Charity made an application under Section 15 of the Commons Act 2006 to register land as a Town or Village Green. The land is known as Wapping Green and is situated adjacent to Wapping Lane, Watts Street and Meetinghouse Alley, Wapping.
- 3.2 The applicants sought to protect this existing area of open space which is maintained by the Council from development pressures upon land in the area.
- 3.3 The application did not contain sufficient appropriate information to fulfil the criteria of Section 15 of the Commons Act 2006 to justify formal consideration by this Committee and it was rejected at a preliminary stage.
- 3.4 On 30 April 2013 The Turk’s Head Charity submitted a further application to register the land. The application is Appendix 1 to this report and it is this application which the Committee is asked to determine. The 105 witness statements submitted are not appended but will be available for inspection at the meeting and the seven 12”x8” photographs will be displayed at the meeting.

## **4. CONSIDERATIONS OF THE APPLICATION**

- 4.1 The application consists of the standard Form 44 application form and 10 exhibits including one supporting statement, map of the locality, map of the application site, schedule of broad uses of the land, schedule of clubs and organisations believed to have used the land, statements of support, 105 witness statements, plans and seven photographs.

4.2 The application form states that the application is based on section.15 (2) of the Commons Act 2006. The basis of the application is that the land has been used by the local inhabitants for a period of 20 or more years as of right from 1984 to April 2013, and continues to be used for lawful sports and pastimes. The application then asserts that a significant number of the inhabitants (including clubs and organisations) who live within the 'locality' both past and present have used the village green for a range of sports and pastimes which are set out in greater detail in the supporting statement of evidence as:

- Cricket, Football, Tug of War, Rounders, running, family games, kite flying, playing tag, kicking a ball informally, charity events, army exercises, birthday parties, jubilee parties, carol singing, recycling fair, toddlers learning to walk, workers resting during lunch breaks, walking, wildlife watching, general relaxation and exercise, live music and dancing, dog walking

4.3 The applicants have also mentioned some specified uses being:

- as an open space for enjoying sports, children playing games, picnics and relaxing.
- Since 2010 the applicants Turk's Head Charity have used the land for its annual Wapping Shindig
- an exercise ground by the Army stationed at Tobacco Dock during the London Olympic period.
- Council's uses of the land for recycling events and fun run days.
- holding of outdoor events that would not otherwise take place, e.g. the Summer Shindig, carol singing at Christmas and the Spring recycling fair.
- Use of the land by the elderly as a place to sit down and to rest as it is close to shops and to their homes which do not have gardens or balconies.

4.4 The application cites the various clubs/organisations which use the Land for sports and pastimes:

- St Peter's London's Docks school
- St Patrick's school
- Turk Head's charity for Wapping Shindig
- Turner's Old Star for jubilee parties
- British Army
- The London Borough of Tower Hamlets
- History of Wapping Trust
- Community Solutions for Spring Recycling fair

4.5 The application then refers to the issue of locality citing Lord Hoffman in Oxfordshire County Council v Oxford City Council where he stated that both the

owner of the land and the user should work in partnership to ensure that each are not entitled to interfere with the others' rights or uses. The application states that the context of that case can be applied in this case where the Council can allow on occasions certain clubs and others whether payment by a fee or otherwise to use the land for formal sports which can take place side by side with but not interfering with the others rights.

- 4.6 The above mentioned case ruled that several different localities could be regarded as 'the locality' for the purposes of section 15(2). In this case, the locality is referred to as Wapping and Shadwell.
- 4.7 The supporting statement in the application form then states that it is not a requirement that all of the users of the land are inhabitants of the locality and that all that is required is to demonstrate that by illustration citing the finding of the High Court in R V Staffordshire County Council ex parte McAlpine Homes there being a sufficient numbers to signify that the land was in general use by the local inhabitants. The applicants believe that this has been achieved with the number of representations made in the application. They state that not only sufficient evidence has been submitted but that the evidence is such quality as to demonstrate clearly that this land and its use should be registered as a village green.
- 4.8 The supporting statement in the application then refers to the fact that the inhabitants of the locality (this case being Wapping and Shadwell) using the land for 20 years from October 1992 until October 2012 for lawful sports and pastimes "as of right" without let or hinderance, except to the extent as set out in their statement of support and that on no occasion have the Council challenged the applicants' or any other inhabitant of the locality to the use of the land except to the extent that on some limited occasions part of the land has been used for formal sports in particular the use of playing pitches for football matches by local clubs. They also add that the act of spectating these matches would also be considered a pastime. The supporting statement goes on to state that the exclusive use on occasions of the land by clubs and organisations contributed to the general use of the land as a village green
- 4.9 Para 2 refers to a significant number of inhabitants of the locality both past and present who have used the land for a range of sports and pastimes (listed out in a schedule within Appendix F). Para 2 then goes to state that a number of clubs and organisations from the locality have used the land for formal and informal sports and leisure activities whom live in the locality. Exhibit E lists these clubs and organisations which are believed to have used the land during the 20 year period and Exhibit I (i) and (ii) shows letters supporting the application from the History of Wapping Trust and the Parish of St Peter's London Docks. Exhibit I (ii) apparently quotes former Councillor Emma Jones as supporting the application but this not signed by her (so should not be taken into consideration at this point).

- 4.10 Exhibit G and H contain a list of individuals and their witness statements supporting the application and describing their use of the land. I feel that the application falls short on the relatively low number of people that have supported this application and the number of the witness who have used the land for less than the qualifying period.
- 4.11 Exhibit I provides two letters of support for the application to register the land as a village green by both History of Wapping Trust and the Parish of St Peter's London Docks (referred to earlier). There is a quote by former Councillor Emma Jones but this is not endorsed by her so does not add any weight to the application.

## **5. WAPPING GREEN**

- 5.1 The land is on the corner of Wapping Lane and Watts Street and adjacent to Meetinghouse Alley. It is within the localities of both Wapping and Shadwell wards. It is an area of open green space which is surrounded by residential buildings. The Council is the freehold owner of the land the majority of which was transferred to the Council from the Greater London Council in 1983 for housing and ancillary purposes.

## **6. APPLICABLE LEGISLATION**

- 6.1 Town and village greens are defined in the Commons Registration Act 1965 (as amended by the Countryside and Rights of Way Act 2000), as land:
- which has been allocated by or under any Act for the exercise or recreation of the inhabitants of any locality
  - or on which the inhabitants of any locality have customary right to indulge in lawful sports and pastimes
  - or if it is land on which for not fewer than twenty years a significant number of the inhabitants of any locality, or of any neighbourhood within a locality, have indulged in lawful sports and pastimes as of right
- 6.2 Section 15(1) of the Commons Act 2006 states that any person may apply to the commons registration authority to register land to which this part applies as a town or village green in a case where subsection (2), (3) or (4) applies.
- 6.3 Section 15(2) applies where the land has been used as of right for lawful sports and pastimes for 20 years or more before the application was made and this continues after the date of the application.
- 6.4 The Council has the authority to deal with the application to register the land as village green as a non – executive function as Schedule 1 B Licensing and Registration functions, Item 37 gives the power to the Council to register Common land or town or village green.

6.5 The application has to prove that the land satisfies the four part test:

- 1) the land has been used by a significant number of inhabitants of any locality or neighbourhood,
- 2) for “Lawful Sports and Pastimes”,
- 3) “As of Right”
- 4) for not less than twenty years.

If any one of the four criteria is not met, then the application will fail.

- 1) “Significant number of Inhabitants in any locality or neighbourhood”

In R (Alfred McAlphine Homes Limited) v Staffordshire County Council 2002, Sullivan J held that “significant number of inhabitants” does not need to be a considerable or substantial number. It was a matter of impression for the decision maker on the evidence and what mattered was that the number of people using the land in question had to be sufficient to indicate that their use of the land signifies that is a general use by the local community for an informal recreational use, rather than occasional use by individuals as trespassers. The applicant will be required to show that the recreational use of the land is predominately, but not exclusively used by the people who live in the locality or neighbourhood. The evidence supporting this application, in particular, the number of witness statements made by local residents regarding their recreational use of the land satisfies this criterion.

- 2) “Lawful Sports and Pastimes”

The activities do not need to be formally organised or have some form of communal element. In the case of R v Oxfordshire County Council ex parte Sunningwell Parish Council 1999 it was held that there must be an established pattern of recreational use rather than something trivial or sporadic. The applicant will have to show that the activities relied upon are a sport or pastime rather than referring to using the land as a means of access which will not qualify. The activities listed in support of this application satisfies this criterion.

- 3) “for not less than twenty years”

Using the context of the immediate local area to the Land, there are a significant number of witness statements contained in the application to show that the land has been used by a significant number of local inhabitants for over 20 years.

#### 4) "As of Right"

The definition of "as of right" as found in s.22(1)(A) of the Commons Registration Act 1965 and was discussed in the case of R v Oxfordshire County Council, ex parte Sunningwell Parish Council 2000. To satisfy the criterion of "as of right" the applicant will need to demonstrate that the recreational use of the land has been without force (i.e. unrestricted access to the land), secrecy (i.e. openly) and without permission (i.e. no consent either expressly or implied has been given by the owner).

- 6.6 The land is open grassland which does not have any fencing or other physical boundary to restrict access. The recreational activities referred to in the application are all done openly and not in secret.
- 6.7 However the issue of "without permission" needs to be looked at more carefully. Use cannot be claimed as of right if it is apparent that the uses claimed by the applicants have not simply been tolerated but encouraged.
- 6.8 The Council holds the land on trust for housing and ancillary purposes being recreational use and enjoyment by the general public. The Council has provided benches to encourage use of the land by the public. The Council has general bye-laws which cover the use of land provided to the public.
- 6.9 Looking at the status of the land as ancillary to the surrounding housing land which is subject to the Council's bye-laws coupled with the fact that the Council as owner of the land has given permission and encouraged use of the land by providing seating and maintaining the land for public use in addition to erecting signboards welcoming visitors to enjoy their visit (as shown in one of the photographs in Exhibit J) , it would appear that permission has been given by the Council to use the land for recreational use and that use is "by right" rather than "as of right." User "by right" means that users already have a statutory or other public legal right to use the land for those purposes.
- 6.10 The recent Supreme Court decision of R v North Yorkshire County Council & other respondents reported on 21 May 2014 looked at whether public use was "as of right". In that case the Council asserted that the land subject to the application was acquired and is always held for public recreational land pursuant to section 12(1) of the Housing Act 1985 so that members of the public have a statutory right to use the land for recreational purposes and that the relevant period of 20 years had not even started to run and could not do so until the Council ceased using the land under section.12(1)n of the Housing Act 1985. The judgement found that as members of the public had a statutory right to use the land for recreational purposes, therefore they use the land "by right" instead of "as of right."

- 6.11 The Council as landowner invited public use by laying it out and acquiesced to use over the years, considered to be “by right.” “As of right” only occurs where the landowner has not given permission directly or by implication.
- 6.12 As such, whereas the other criteria have been met, the criterion of “as of right” has not been satisfied as the users of the land use the same “by right”, as opposed to “as of right.” It is therefore recommended that this application should be rejected as not all of the criteria required to enable the Council to register the land as a town or village green has been met.

## **7. LEGAL COMMENTS**

- 7.1 The Council is the Registration Authority for the purposes of the Common Act 2006, which governs the registration of town and village greens.
- 7.2 Land may be registered as a village green if a significant number of inhabitants of a locality or neighbourhood have indulged as of right in lawful sports and pastimes on the land for a period of at least 20 years.
- 7.3 This is a quasi-judicial decision for the Members of the Committee based on the evidence of law as set out in this report.

## **8 COMMENTS OF THE CHIEF FINANCIAL OFFICER**

- 8.1 There are no financial implications associated with this report.

## **9. ONE TOWER HAMLETS CONSIDERATIONS**

- 9.1 This is a quasi-judicial decision which must be made fairly and objectively. The process in coming to a decision will seek to “ensure that all residents have equal opportunity to participate in the democratic process of the Council” as set out in the Council’s aims and values.

## **10. SUSTAINABLE ACTION FOR A GREENER ENVIRONMENT**

- 10.1 The area of land which is the subject of this application is an important area of green space within this community.

## **11. RISK MANAGEMENT IMPLICATIONS**

11.1 Local residents or other interested parties may seek to challenge any decision in this case. Accordingly, Members must ensure that their deliberations are fair and impartial and the decision is in accordance with the evidence and the law.

**12. CRIME AND DISORDER REDUCTION IMPLICATIONS**

12.1 There are no Crime and Disorder Reduction implications arising from the recommendations in the report.

**13. EFFICIENCY STATEMENT**

13.1 There are no specific Efficiency implications arising from the recommendations in the report.

**6. Locality or neighbourhood within a locality in respect of which the application is made**

Please show the locality or neighbourhood within the locality to which the claimed green relates, either by writing the administrative area or geographical area by name below, or by attaching a map on which the area is clearly marked:

Wapping and Shadwell

Tick here if map attached:

**Note 7**

Applicants should provide a summary of the case for registration here and enclose a separate full statement and all other evidence including any witness statements in support of the application.

This information is not needed if a landowner is applying to register the land as a green under section 15(8).

**7. Justification for application to register the land as a town or village green**

This land has been used by the inhabitants of the locality as described and set out in Section 6 above for a period of 20 or more years from 1984 until April 2013 and continues to do so for lawful sports and pastimes, which are set out in greater detail within the accompanying statement (Appendix A) and supporting evidence, as of right, and in the belief that the land was and is a village green for the purposes of prescription obtained at Common Law and of the relevant Act and regulations.

A significant number of the inhabitants both past and present have used the village green for a range of sports and pastimes which are set out in brief within the Schedule attached to this application. Further a number of clubs and organisations have also used the village green for informal sports and leisure activities, many of whose members also live within the locality set out in section 6 above. The applicants and others will and do aver that they have used the land as a village green as of right without let or hindrance, except to the extent set out in the statement of support. In relation to locality, reference should be made to the comments of Lord Hoffman in *Oxfordshire County Council v Oxford City Council*, where he stated that locality should be viewed as localities.

(contd)

Section 7 continued.

As such the applicants believe that all relevant criteria required to be demonstrated for the land to be entered in the register of village green has been met.

**Note 8**

Please use a separate sheet if necessary.

Where relevant include reference to title numbers in the register of title held by the Land Registry.

If no one has been identified in this section you should write "none"

This information is not needed if a landowner is applying to register the land as a green under section 15(8).

**Note 9**

List all such declarations that accompany the application. If none is required, write "none".

This information is not needed if an application is being made to register the land as a green under section 15(1).

**Note 10**

List all supporting documents and maps accompanying the application. If none, write "none"

Please use a separate sheet if necessary.

**SUPPORTING STATEMENT ON BEHALF OF APPLICANTS**

The following statement is submitted in support of the application to enter into the Register of Village Greens the land known as Wapping Green E1W

1. The land has been used by the inhabitants of the locality as described and set out in Section 6 of Form 44 which accompanies the application for a period of 20 years starting from the October 1992 until and including October 2012 for lawful sports and pastimes, as set out below and contained within other supporting evidence submitted with the application, as of right, and in the believe that the land was and is a village green for the purposes of prescription at Common Law and of the Commons Act 2006 and The Commons (Registration of Town or Village Greens) (Interim Arrangements) (England) Regulations 2007.
2. A significant number of the inhabitants of the locality both past and present have used the village green for a range of sports and pastimes which are set out in brief within the Schedule attached at Appendix F (*but is not exclusively limited to the uses therein set out*) to the application. Further more a number of local clubs and organisations have also used the village green for formal and informal sports and leisure activities many of the members of whom also live within the locality.
3. It is the case of the Applicants then they are not required to demonstrate every use on every occasion, or that such use is exclusively by inhabitants of the locality, therefore the evidence submitted with the application is such that it is intended to be viewed solely as examples of the use and extent of that use. Such evidence can and will be submitted by the Applicants if such information is requested by the Authority, and/or through an oral presentation of evidence at a local inquiry before an inspector appointed by the Authority.
4. The Applicants and others will and do aver that they have used the land as a village green as of right without let or hindrance, except to the extent set out in the accompanying statement of support. As a fact it is the case of the Applicants that on no occasion has the owners or controllers of the land challenged their use of the land, or the use of the land by any other inhabitant of the locality, except to the extent that on some limited occasions part of the site has been used for formal sports in particular the use of the playing pitches for football matches by local clubs. However, in as far as those occasions are concerned it is the case of the Applicants that whilst generally every sod of turf could not be stepped upon there was no general restriction on their use of the village green as a whole, indeed quite the contrary as many inhabitants would participate in those formal games in the capacity as spectators, which for the purposes of the Act and Regulations is a lawful pastime
5. (i.e the watching of sporting events)
6. Therefore rather than being restrictive the exclusive use of parts of the land on occasions by clubs and others contributed generally to the use of the land as a village green, by enabling a greater number of the inhabitants to participate in lawful pastimes, that would potentially not have used the land for that purpose without such formal activities taking place.
7. It is the applicants case that it is not a restriction if on occasions a land owner uses the land for a purpose that the owner of that land is lawfully entitle to use it. This is clearly set out by Lord Hoffman in *Oxfordshire County Council v Oxford City Council* in the context of the requirement of owner and user to work in partnership each not being entitled to interfere with the others rights and/or uses. It is set out in the context of a farmer cutting hay, which the user should not kick, or destroy. In

respects of the application land and its uses then that scenario can be applied within the context of the owner the council to allow on occasions certain clubs and others whether by the payment of a fee or otherwise to use the land for formal sports, both uses as with the farmer cutting his hay, can take place side by side with neither interfering with the others rights and obligations.

8. In relation to the locality then reference should be made to the comments of Lord Hoffman in *Oxfordshire County Council v Oxford City Council* where he stated that locality should be viewed as localities, and therefore where the catchment zone of the locality appears to refer to more than one defined locality then it should and does intend to be a reference to localities. In the previous application the Applicants were wrongly advised to restrict the locality to a very limited neighbourhood, whereas in fact the true locality of the village green stretches to the extent set out in the present application and therefore nothing should be implied from the previous application that the locality is more restrictive than that is now being submitted.
9. It is not a requirement to demonstrate that all of the users of the land are inhabitants of the locality, all that is required is to demonstrate that by illustration that in the terms of the finding of the High Court in *R v Staffordshire County Council ex parte McAlpine Homes [2002] 2 PLR 1, QDB*, that is in the context of there being sufficient numbers to signify that the land was in general use by the inhabitants of the locality. This is sufficiently done within the level of representations submitted, with as is pointed out above is only illustrative of the wider use. Indeed if it was a requirement to prove a greater usage than the system would become over stretched by the sheer volume of representations that would be required to be submitted. Therefore for the purposes of the Act and Regulations it is submitted that not only sufficient evidence has been submitted, but that evidence is such a quality as to demonstrate clearly that this land and its use should be entered into the register of village greens.
10. East Lindsey District Council has on two occasions undertaken work on the site, and whilst this has caused some limited areas of the land not to be available during those construction periods by the inhabitants, at the end of such works both areas have returned to use by the inhabitants. In the event that the Registration Authority are of the view that those parts of the site have not met the tests for registration then the Applicants will apply to amend the application to exclude those two small areas of the site from the application land. This statement then should be read as an intention to make such an application if it is deemed to be necessary to apply for such an amendment.
11. The Applicants rely in chief on the evidence contained within the attachments to the application, the witness statements of the applicants and other letters of support, which does not require further expansion within this statement other than to set out the general thrust of the case being forwarded.
12. The application land has been used by the inhabitants for recreational and leisure purposes going back to the 1970s, this use has included formal and informal sports, the walking of dogs, other walking activities, for play of younger members of the community, as a picnic area by families as well as for kite flying, blackberry picking (in season) watching of wildlife, as sports spectators and various other uses. These uses continue to this day, with natural fluctuations based upon seasonal usage.
13. As such the Applicants believe that all relevant criteria required to be demonstrated in order for the land to be entered in the register of village green has been met.

**This is Exhibit D: Schedule of broad use of Village Green**

**Wapping Green has been used by local residents, local businesses and schools since it became an open space in 1975. Prior to that, there were a number of buildings on the site, but it has since been maintained as an open space. The tree on the Watts Street side of the Green attests that it has been there for many decades.**

**St Peter's and St Patrick's schools both used the Green until the schools relocated. Over the past 38 years it has been used by local pubs, families and local residents as an open space for enjoying watching sports, children playing a myriad of games, picnics and relaxing. It is integral to Wapping and gives it its sense of being a village.**

**Since 2010, the Turk's Head Charity has used the Green for its annual Wapping Shindig, which is a local festival that involves as many local residents and businesses as possible. Local residents have taken a Food and Hygiene course to be able to sell fresh food on the day.**

**During last year's Olympics, when the Army was stationed at Tobacco Dock, the Green was used as an exercise ground for soldiers on security duty.**

**An annual recycling event has been held there, as have fun days run by the London Borough of Tower Hamlets.**

**The Wapping Free School, which is to open in September following the completion of refurbishment works to its new building on Commercial Road is using Wapping Green as the measuring tool for school children to be within the catchment area for the school.**

**The Green offers a place to hold outdoor events that if it were not there would not be able to take place. Seasonal events such as the Summer Shindig, Carol Singing at Christmas and the Spring recycling fair are part of the annual calendar in Wapping.**

**It offers a unique place to be able to sit and not be within the confines of a park as it has no fences. It offers older people a place to rest and which is close to the shops and to their homes – most of which are flats without gardens or balconies.**

Charity No. 290087

Secretary: [REDACTED]

The History of Wapping Trust wishes to support the proposal to designate Wapping Green as a Village Green.

The major part of this land has been an open space since at least 1870, when it formed the grounds attached to St Gabriel's House, which was built for church workers attached to St Peter's London Docks.

Before World War II there were four trees - three plane trees and a lime tree, of which only one plane tree now remains. The area was grass with flower beds at the sides, enclosed by rocks.

During the Blitz of the 1940 one of the trees was uprooted by a bomb, which killed many people in a nearby shelter, and two more trees were cut down. After the great raid of December 1940, when the fire crews ran short of water, a static water tank was built on part of the ground and the rest became overgrown. The tank was demolished after the war but the base remained and cars were parked on it.

St Gabriel's House was demolished in 1975 and the area became a Village Green and has been used for many local activities since.

The History of Wapping Trust believes that, in view of its history and its present value to the community, it should remain as an open space and serve as a Village Green.

**Proposed Village Green in Wapping**

The Parochial Church Council of the Parish Church of St. Peter London Docks (The Church of England, Diocese of London), happily supports the proposal that the open area known at this time as 'Wapping Green' should be formally designated as a Village Green.

This open area, in a densely populated part of inner London is a valuable community and neighborhood resource and is used and enjoyed by a cross section of the diverse population of this area.

The Green constitutes valuable community open space and is, in the view of the Church an essential element in the long-term life/leisure balance of this area.

To give the formal designation of a 'Village Green' would ensure the long-term survival of this open space as a place of community self recognition and identity.

The Church Council endorses this proposal.

**Statement of Support for registering Wapping Green as a Village Green**

'As a Councillor for the Wapping Ward I fully support the campaign to get Wapping Green registered as a Village Green. As evidenced by the local residents, Wapping Green has been used for many different pastimes and I believe that this much loved open space deserves the highest protection possible - making it a Village Green would do just that.'

Make the following statement in support of the application to register the land known Wapping Green as a Village Green.

I have used Wapping Green as a Village Green for more than 26 years including the period set out in the application.

I am an inhabitant of the locality

I have been a resident in excess of the 20 year statutory period.

I walk my dog on a daily basis on Wapping Green

I have in the past times taken part in sporting activities.

My family when they were younger all used Wapping Green for informal and formal sports.

To my express knowledge Wapping Green has been used as a "Green Open Space" for at least 20 years and is one of the last green areas in Wapping as such it is extensively used by a significant number of local residents on a regular and semi-regular basis, for a range of sports and pastimes and other leisure activities, including the following activities:

Organised sport, football, cricket

Picnics

rounders and other similar games

family games

kite flying

Army and Air Force exercises

birthday parties

playing tag and other similar activities

toddlers learning to walk

kicking a ball informally

workers at lunch times getting fresh air, eating lunch and informal ball games

charity 'It's a Knockout' contests between local businesses

walking

wildlife watching

general relaxation and exercise

1. At no time have I or any member of my family, nor do I know of any other person that has been challenged, or prevented from using the land, nor have I been given permission to use the land, but do so in the believe that I have a right to use the land as a village green.
2. For all of the above reasons I ask that the registration authority enter into the register of village greens the land set out in this application.

I believe that the contents of this statement are to the best of my knowledge and believe a true statement of the facts therein set out.

Make the following statement in support of the application to register the land known Wapping Green as a Village Green.

I have used Wapping Green as a Village Green for more than 24 years including the period set out in the application.

I am an inhabitant of the locality

I have been a resident in excess of the 20 year statutory period.

I walk my dog on a daily basis on Wapping Green

I have in the past times taken part in sporting activities.

My family when they were younger all used Wapping Green for informal and formal sports.

To my express knowledge Wapping Green has been used as a "Green Open Space" for at least 20 years and is one of the last green areas in Wapping as such it is extensively used by a significant number of local residents on a regular and semi-regular basis, for a range of sports and pastimes and other leisure activities, including the following activities:

- organised sport, football, cricket
- picnics

- rounders and other similar games
- family games
- kite flying
- Army and Air Force exercises
- birthday parties
- playing tag and other similar activities
- toddlers learning to walk
- kicking a ball informally
- workers at lunch times getting fresh air, eating lunch and informal ball games
- charity 'It's a Knockout' contests between local businesses
- walking
- wildlife watching
- general relaxation and exercise

1. At no time have I or any member of my family, nor do I know of any other person that has been challenged, or prevented from using the land, nor have I been given permission to use the land, but do so in the believe that I have a right to use the land as a village green.
2. For all of the above reasons I ask that the registration authority enter into the register of village greens the land set out in this application.

I believe that the contents of this statement are to the best of my knowledge and believe a true statement of the facts therein set out.

Make the following statement in support of the application to register the land known Wapping Green as a Village Green.

I have used Wapping Green as a Village Green for more than .....<sup>9</sup>... years including the period set out in the application.

I am an inhabitant of the locality, ~~and have been in excess of the statutory period.~~

I walk my dog on a daily basis on Wapping Green

I have in the past times taken part in sporting activities.

My family when they were younger all used Wapping Green for informal and formal sports.

To my express knowledge Wapping Green has been used as a "Green Open Space" for at least 20 years and is one of the last green areas in Wapping as such it is extensively used by a significant number of local residents on a regular and semi-regular basis, for a range of sports and pastimes and other leisure activities, including the following activities:

organised sport, football, cricket

picnics

rounders and other similar games

- family games
- kite flying
- Army and Air Force exercises
- birthday parties
- playing tag and other similar activities
- toddlers learning to walk
- kicking a ball informally
- workers at lunch times getting fresh air, eating lunch and informal ball games
- charity 'It's a Knockout' contests between local businesses

I have in the past times taken part in sporting activities.

My family when they were younger all used Wapping Green for informal and formal sports.

To my express knowledge Wapping Green has been used as a "Green Open Space" for at least 20 years and is one of the last green areas in Wapping as such it is extensively used by a significant number of local residents on a regular and semi-regular basis, for a range of sports and pastimes and other leisure activities, including the following activities:

organised sport, football, cricket

picnics
