London Borough of Tower Hamlets

Council

Wednesday, 16 March 2022

7.00 p.m.

6. **MAYOR'S REPORT**

7 - 16

The Council's Constitution provides for the Elected Mayor to give a report at each Ordinary Council Meeting.

A maximum of six minutes is allowed for the Elected Mayor's report, following which the Speaker of the Council will invite the leaders of the opposition groups to respond for up to two minutes each should they so wish. Following those contributions, the Mayor may reply for up to two minutes.

Mayor's Report to Council

16th March 2022

John Biggs, Mayor of Tower Hamlets

Key Events/Announcements

Budget: The Budget was passed on 2nd March at Full Council, and I am proud of the work we have done on this important piece of work.

The increase in energy bills, the rise in food prices and the upcoming hike of National Insurance contributions has already hit residents hard through the Cost of Living Crisis, and this is only set to get worse due to the uncertain economic picture caused by the terrible events in Ukraine. Our proposals to include no new cuts to council services this year and freezing the council's portion of Council Tax demonstrate to residents that Tower Hamlets Council is doing all it can to support them and protect the services they rely on in these extraordinary times.

The Budget invests in a cleaner, safer and fairer borough and works to build on the strong record of the Council during the course of this administration – something we will be talking about more in an administration motion this evening.

The Budget proposals have been published and you can see them via the link below:

<https://democracy.towerhamlets.gov.uk/ieListDocuments.aspx?CId=720&MId=12321&Ver=4>

Ukraine: I know you are shocked as I am to see the awful events in Ukraine, and the horrors of war. The Ukrainian people continue to show incredible courage, dignity and resilience in the face of Putin's invasion. We have seen many reports of individual and collective acts of bravery in defence of the nation's freedom and democracy, as well as heart-breaking reports about those who have been murdered because of Putin's actions.

The East End is an area defined by migration and diversity, and we live in a very connected world. Our values and interests do not end at the end of our street or the edge of our local community. I was proud to co-sign an open letter to the Ukrainian Ambassador to the UK, along with leaders of the opposition here in Tower Hamlets, outlining support for and solidarity with Ukraine.

I will be providing an update on the Council's approach as and when this fast moving situation develops, but in the meantime please see a list of organisations below you can donate to aid the people of Ukraine:

- The Red Cross has set up the [Ukraine Crisis Appeal, which is requesting donations to respond to humanitarian needs](#) through food, water, first aid, medicines, warm clothes and shelter.
- Unicef has set up a [specific fund to protect children in Ukraine](#)
- The UN refugee agency [helps refugees fleeing situations of war and has a specific collection for Ukraine](#)

- Care International is [running an emergency appeal to provide emergency food and water](#)
- The Ukrainian Embassy has set up [a special fund to support Ukraine](#)

Whitechapel Signs: I am delighted to announce that Bengali language signage has been installed at Whitechapel Station to acknowledge the importance and contribution of the Bangladeshi community to east London. Tower Hamlets Council has funded dual language signs in English and Bengali outside and throughout the station, costing £30,000.

Whitechapel is one of London's most famous places and we are now creating a new history with developments including the Elizabeth Line and renovating the former Royal London Hospital building.

Following our successful year of celebrations to mark 50 years since of Bangladeshi independence, it is fantastic that the signs have been installed in time for Bangladesh Independence Day on Saturday 26 March.

Mayor's Academies Programme: I am delighted that the Council has successfully secured £250,000 of funding on behalf of the four borough LIFT initiative to deliver a Digital Hub as part of the Mayor's Academies Programme, which aims to support Londoners hardest hit by the pandemic.

Once established, the LIFT Digital Hub will work with employers to understand emerging skill needs and recruitment challenges in the digital sector. The hub will then coordinate an offer of effective training across local providers to equip local people with the skills they need to access good jobs in the sector.

There will also be an improvement on the access to employment and training opportunities for people from groups underrepresented in the sector, including Black, Asian and Minority Ethnic background, women and young people aged 16-25.

The Mayor's High Street Clean-Up: Tower Hamlets' busiest high streets are getting a deep clean this February and March as part of my Covid Recovery Fund.

The £3 million fund aimed at kickstarting the economic, health and social recovery from Covid-19 in the borough, has set aside over £250,000 for a focussed approach to addressing the pandemic build-up of litter, fly-tipping, graffiti and grime in our high streets and town centres.

This is a great initiative and I would welcome any volunteers. More information can be found via the below link:

https://www.towerhamlets.gov.uk/News_events/2022/February-2022/The-Mayor's-High-Street-Clean-Up-is-coming.aspx

Waste and Recycling Update: Tackling our waste problem is crucial to responding to the climate emergency and the problem of plastic pollution. A new project to support residents across Tower Hamlets living in tower blocks to recycle more of their waste is being rolled out after a six-month pilot. The council has secured £2.1m in funding to help ensure that residents can benefit from improved recycling facilities.

Over the next three years, the council will be providing new and improved infrastructure to estates across the borough, such as upgrading and providing additional communal recycling bins, clear and visible signage around bins, and providing information about proper ways to recycle.

Children's Services: At our last Cabinet meeting, we agreed a new investment in children's services to ensure those most vulnerable in our society are protected and to unlock the opportunity in our young minds in the borough.

The following proposals were agreed:

- £650k to improve special educational needs and disabilities (SEND) services
- £500k to strengthen Early Years services for children born during the pandemic
- £450k to provide activities through the Bounce Back programme
- £690k in Speech and Language Therapy for children under the age of five
- £460k to boost youth services

Individual Mayoral Decisions taken since last meeting

None.

Engagements and Meetings

19th January 2022 – 16th March 2022

19 January 2022

- Mayor's Housing Portfolio Meeting
- Mayor's Assets/Property Portfolio Meeting
- Regeneration Portfolio Meeting
- Mayor's Community Safety Portfolio Meeting
- Mayor's Political Cabinet
