Agenda item no	Reference no	Location	Proposal / Title
5.1	PA/23/00513	5 th Floor, 34 Westferry Circus, London, E14 8RR	Alterations to include the addition on new bi-folding glass doors to the 3 rd floor to provide an internal terrace, minor alterations to the glass façade, including the addition of bi-folding doors to the 4 th floor and proposed roof extension with creation of an external terrace space with outdoor seating to existing restaurant and new plant.

1. CLARIFICATIONS

- 2.1 Para 1.1 should read as follows ‘ The application site is a five-storey building located within the mixed-use development known as Canary Riverside which comprises a hotel, offices, restaurants, serviced apartments, and residential buildings. The application site is located adjacent to the River Thames, which is to the west of the site. The building is accessible by a public walkway which runs parallel to the river.
- 2.2 With regard to the restaurant use of the third and fourth floors of the building, it should be noted that they have been left vacant for 8 years, as opposed to the shorter time frames erroneously referred to in paras 1.2 and 4.4.
- 2.3 The initial Site Notice was publicised on 14 April 2023.
- 2.4 Para’s 7.55 to 7.56 refer to the proposals impacts towards Air Quality. The comments extend to concerns relating to smell and odour also. Environmental Health Officers have been consulted, and do not consider the proposals to present harm as a result of the site’s separation distance from neighbouring residential buildings. Furthermore, the application of conditions relating to plant and plant machinery, will ensure that any future introduction of plant and/or plant machinery, will not result in undue harm.

2. RECOMMENDATION

- 2.1 Officers recommendation is to GRANT planning permission, subject to the conditions outlined in the original report.
