

Overview & Scrutiny Committee

**Monday, 29 January 2024 at 6.30 p.m.
Council Chamber - Town Hall, Whitechapel**

Supplemental Agenda

3. UNRESTRICTED MINUTES (PAGES 3 - 12)

To confirm as a correct record of the proceedings the unrestricted minutes of the meetings of the Overview and Scrutiny Committee held on 11 and 20 December 2024.

5. Cost of Living (PAGES 13 - 30)

Consider impact of cost of living in the borough and provision in place to support residents. The spotlight will consider different elements highlighted by members and residents, focus on the uptake of support packages, and invite residents to share their experiences.

7. VERBAL UPDATES FROM SCRUTINY LEADS (PAGES 31 - 32)

To hear updates from the Overview and Scrutiny Leads on their work across the Council.

1. APOLOGIES FOR ABSENCE

Councillor Musthak Ahmed gave apologies, Councillor Bodrul Choudhury chaired the meeting in the absence.

The Mayor and Chief Executive also gave their apologies for the meeting.

2. DECLARATIONS OF DISCLOSABLE PECUNIARY INTEREST AND OTHER INTERESTS

No declarations of disclosable pecuniary interest were received at the meeting.

3. UNRESTRICTED MINUTES

Minutes of the previous committee meeting will be presented at a future committee meeting.

4. UNRESTRICTED REPORTS FOR CONSIDERATION

4.1 Strategic Performance & Delivery Reporting Q2 2023-24

Cllr Saied Ahmed presented the report on the council's strategic performance & delivery in Q2 2023-24 with Denise Radley, Simon Baxter and Doug Plumber.

The committee made the following comments and questions:

- Can we have an update on the recycling rate since the Mayor has declared a Waste Emergency? We have not seen an improvement since the emergency was declared. Under Covid-19, the recycling rate was not this low and the council managed to get through the pandemic. Officers have confirmed that the industrial action taken has affected the recycling rate and waste in general. The waste emergency will see an impact on over 13 different services. The council has taken steps to recover from this, along with presenting a plan to the GLA, which will be presented in 2024.
- The low percentage of recycling rate, quarter on quarter is very concerning. This was well before the industrial action. Officers confirmed that the recycling rate is low and there is no quick fix for that. There are big concerns on recycling rates in the high-rise buildings particularly.
- Members stated that officers were unable to explain what action has been taken under the Waste Emergency so far. The Mayor and the cabinet should be present to explain this plan.
- Missed collections of waste needs to be addressed and reported correctly within the data.
- Why was the measure on street cleansing not been submitted as a performance indicator? Officers confirmed that they will follow up in the street cleansing indicators.
- The council is spending a lot of time on estate cleaning, which is being impacted by poor collection rates.
- Can officers detail what are is the state of play around refuse collection vehicles? Officers detailed the on the road vehicles and ones in reserves. Officers will follow up in writing.

- Why did the council revise attendance performance indicators? Officers confirmed a written answer will be provided.
- Can officers explain the performance about care admissions? Officers detailed the care admissions for care homes and residential, which has been corrected in the reporting and will be shown in future reporting.

RESOLVED

The committee noted the report.

4.2 Budget Monitoring 2023/24 Quarter 2

Cllr Saied Ahmed presented the report on the council's budget monitoring for 2023/24 Quarter 2, with Ahsan Khan.

The committee made the following comments and questions:

- What are the council plans for reducing agency staff? Cllr Saied Ahmed agreed that the spending on agency staff was high, and it is being reviewed on an ongoing basis.
- What are the impacts on closing business to the council on business rates and council tax? Officers will provide a written response on this.
- There are pressures on the council budget on rehoming and supporting residents who find themselves homeless, how much is spent on housing residents in expensive hotel based temporary accommodation? Officers will respond in writing on this issue.
- Staff within housing services have raised concerns with how the service has run, leading to costly overspends.
- What actions have been taken to ensure the council remains in a good financial position, with the external local and national pressures? Officers highlighted the internal boards that the council has to review spending. The boards have helped see where spending is growing, and intervention can be applied.

RESOLVED

The committee noted the report.

5. SCRUTINY SPOTLIGHT

5.1 Update on draft Violence Against Women and Girls (VAWG) Needs Assessment

Cllr Abu Chowdhury gave a presentation on the draft Violence Against Women and Girls (VAWG) Needs Assessment with Simon Smity and Angela Burns.

The committee made the following comments and questions:

- How do we engage with those who did not take up training? What communications can the council take up to reach those who do not think the training is for them? Officers highlighted the work that has been done engaging with schools and local businesses, but also how important the work around prevention is.
- What are the Mayor's own targets for VAWG, as it feels like the council is scaling back in this area? Officers stated that this is the biggest year for VAWG funding and shows the council is taking violence in the community very seriously.
- When the council runs campaigns, like the 16 days of activism campaign for VAWG, it is important to ensure that information is captured and recorded appropriately.
- Some of the language needs to be reconsidered, like the wording around male allies and empowering men, where this needs to be women centred.
- Housing is an area that needs to be urgently reviewed as a safeguarding area for the work of VAWG. Officers detailed the emergency accommodation for vulnerable women across the borough, stating how the council is considered good in this area. The council is working towards gaining best practice accreditation in this area.
- The strategy needs to consider what advice is given out to residents to ensure it is compliant with the law but also empathic of those who are in a vulnerable situation.
- The strategy should seek to engage with all members to gain a picture of what is going on with residents across the borough.

RESOLVED

The committee noted the presentation

6. PRE-DECISION SCRUTINY OF UNRESTRICTED CABINET PAPERS

The Committee agreed Pre-Decision Scrutiny of Unrestricted Cabinet Papers to be submitted to Cabinet.

7. FORTHCOMING DECISIONS

RESOLVED:

Members noted the forward plan.

8. OVERVIEW & SCRUTINY COMMITTEE QUERY AND ACTION LOG

RESOLVED:

Members noted the action log.

9. VERBAL UPDATES FROM SCRUTINY LEADS

RESOLVED:

Members noted the Update

10. UNRESTRICTED REPORTS 'CALLED IN'

Nil items.

11. REQUESTS TO SUBMIT PETITIONS

Afazul Hoque	(Head of Corporate Strategy & Communities)
Filuck Miah	(Senior Strategy and Policy Officer)
Joel West	(Democratic Services Team Leader (Committees))

1. APOLOGIES FOR ABSENCE

Councillor Musthak Ahmed gave apologies with Councillor Bodrul Choudhury acting as chair. Councillor Shafi Ahmed attended as a substitute.

2. DECLARATIONS OF DISCLOSABLE PECUNIARY INTEREST AND OTHER INTERESTS

No declarations of disclosable pecuniary interest were received at the meeting.

3. UNRESTRICTED REPORTS 'CALLED IN'

3.1 Major Events Policy for Events in Victoria Park

Cllrs Asma Begum, Sabina Akhtar and James King presented the reasons for call-in on behalf of the Call-in members and proposed alternative course of action as set out in the report.

The committee made the following comments and questions:

- Why should the park not be used for commercial activity and help support the local economy? Call in members stated that Victoria Park is a gift to the East End of London and should be treated like that. While it is important to bring income for the council, but the number of events that could happen here, would not allow locals to enjoy the park for what it is, a park. The income generated from this scheme does not even cover the cost of the Mayor's office.
- Will the events have a big impact on local residents, as similar events happen in Finsbury Park? Call in members stated that the large number of events in the park will not allow locals to be able to use the park. Comparing usage during Covid-19 Pandemic shows what happens when local residents are unable to use the park for organised sport events, community groups and personal activity. This park is for working class residents to make use of in a very built-up borough.
- Many children use Victoria Park for exercise, parties, and other social activity, what impact will that have on local children? If an event happens on a Friday night, and if waste management is not strict, children may not have access on a Saturday morning. Call in members highlighted that children's groups within the community have not been consulted about this decision and neither have local members. It will have an affect on children who cannot access the park during the increased events. Many local housing estates use the park as a life line during the summer holidays.
- Can call in members discuss further the concerns about increased attendance numbers for events that fall under large, rather than major events? Call in members stated that over 5,000 attendees was classed as a major event, but now it has been raised to over 20,000. This means large events of people will no longer have the infrastructure of that comes with it. This feels very ill thought out and the decision does not take this into account.
- What work is needed to be done to ensure the balance between income generation and access to the park before the decision was taken? The call-in members highlighted how this decision does not consider what the large events will have on the waste management and other costs.

- Residents will be able to attend these events and benefit from them across the year. What engagement have you had with them over this decision? Call-in members stated that over the last few years they have been events which has had a detrimental impact on the local community. The amount of people leaving the park after large events can be very disruptive. The decision does not include community events which everyone can take part in.

Cllr Iqbal Hossain, Cabinet Member for Culture and Recreation and Raj Mistry, Corporate Director of Communities, set out the context of the Cabinet Decision and reviewed the key elements of the decision.

The committee made the following comments and questions:

- What consideration has been considered for vulnerable groups over the impact of this decision? Can the enhanced multi-agency approach be detailed further? Officers stated that as these are time limited contracts, so no group will be disproportionately targeted. When applications come in, they are assessed on what their potential impact will be, and there is an multi-agency approach on assessing these impacts. Agencies like traffic, police and other services are brought together for assessment, it will be a continuous process.
- Please confirm which days the proposed events will take place, how many days either side of the events will be needed and how many days the park will be closed to residents? Officers confirmed there will be 12 days the park will be in use for events, but until the events are confirmed it is unknown which days these are. In the past, not all these days have been used but the income has been generated from all these days. Around 30 per cent of the park is closed during these events. Major events can take many days to set up and clear down.
- Why did the Mayor and Chief Executive not consult with residents over this decision? Did the Lead Member engage with stakeholders like Sport England, Heritage England, or local park groups? If the Mayor is a listening mayor, then why did he not consult with anyone? Cllr Iqbal Hossain stated that there was no requirement to consult with any group. Previously event organisers had their applications scrutinised by different agencies.
- Would the Lead Member agree with this decision if it was in a park within his ward?
- Will the extra income generated by the events in the park cover the cost of the Mayor's Office?
- What conversations has the lead member had to ensure he is happy with the safety and the impact this will have on residents? Cllr Iqbal Hossain stated he is confident that this decision was taken with the interest of the borough.
- Will any income from these events be used to improve the park? Cllr Iqbal Hossain stated event organisers have to ensure they use the space, keep it safe and be sustainable.

After hearing from the Call-in Members, Lead Member and officers, the Committee considered the reasons for the Call-in and discussed if the committee should take further action.

Members of the committee wished that the lead member in attendance had answered all the questions put before him.

DECISION

The Committee RESOLVED that no further action would be taken on the call in.

The meeting ended at 19:35

Agenda Item 7

<p>Overview and Scrutiny Committee</p> <p>29 November 2024</p>	 <p>TOWER HAMLETS</p>
	<p>Classification: Unrestricted</p>
<p>Scrutiny Lead Update</p>	

Cllr Abdul Malik, Scrutiny Lead for Community Safety

- Planning with officers for a scrutiny challenge session in March on the support mechanisms provided to traders in Markets. Site visits to markets in our borough will take place in February and I encourage other members to attend and join in the evidence-gathering.
