### **4. ITEMS FOR CONSIDERATION**

#### **4.1 Application for a New Premises Licence for (Barber and Parlour) Soho Works Redchurch Street 64-66 Redchurch Street London E2 7DP**

At the request of the Chair, Ms Lavine Miller-Johnson, Licensing Officer, introduced the report which detailed the application for a new premises licence for Soho Works Redchurch Street, 64-66 Redchurch Street London E2 7DP. It was noted that objections had been received on behalf of Environmental Health and local residents.

Ms Lana Tricker, Legal Representative on behalf of the Applicant, stated that the application had been amended to reduce the terminal hour for late night refreshments, sale of alcohol and regulated entertainment from 2am to midnight, seven days a week.

Ms Tricker explained that the premises would operate as a workspace for businesses in the creative industry, including a cinema in the basement area; however, the premises would primarily be for office use. Licensable activities would be ancillary to the office use and all facilities would be restricted to Members and not open to the public.

It was noted that the premises was already licenced. Therefore, there would be no increase in deliveries or collections at the premises. Ms Tricker confirmed that if the application for a new premises licence was granted, the existing licence would be surrendered.

Mr Tricker explained the membership process and confirmed that the premises offered hotdesking and meeting rooms for members. Any events held at the premises would be for members and their business partners or associates only and any licensable activities would be ancillary to the use of the premises as office space. Ms Tricker then highlighted the factors why the Applicant believed the granting of the licence would not add to the issues experienced in the cumulative impact zone:

- There was already a licence in place and this would be surrendered if granted.
- Not a bar, club or a late-night venue.
- Not an alcohol led premises.
- Not open to members of the public, not advertised and would be for members only.
- No off sales.
- Smoking limited to 10 people at any one time.
- No drinks allowed outside the premise.
- The terminal hour had been reduced to midnight.
- Limited range of alcohol would be served.

- Adequate toilet facilities would be available within the venue.
- There would be no cooking on the premises and no kitchen waste except for pre-packaged food waste.

Ms Nicola Cadzow, Environmental Health Officer, referred to her representation on page 110 of the agenda and stated that she welcomed the reduction in licensable hours; however, she did not support the application as there was a substantial risk of public nuisance in the area and a strong likelihood of disturbance to residential premises at the noise sensitive hours sought.

Members then heard from Sam Alis, Perla Ranalli, Tony Roche and Benjamin Cadou, local residents, who shared similar concerns regarding public nuisance issues including noise nuisance at night making it difficult for residents and young children to sleep, litter and waste blocking walkways and building entrances. The objectors were concerned that people leaving late at night in would be in high spirits and cause noise disturbance. The objectors were also concerned at the risk of potential anti-social behaviour if the licence was granted.

In response to questions the following was noted:

- The Applicant was happy to remove live music from the application as it was not a live music event space.
- The Applicant also agreed to amend the sale of alcohol start time to 9am.
- There would be a staggered dispersal policy so that everyone would not be leaving at the same time.
- All staff would be trained on closing down the workspace at night.
- The reason for new application was because the business plans and style of operation had changed.
- The Applicant confirmed that it had a contract with a new waste company and no primary food would be cooked at the premises; waste would be limited to the packaging of prepacked food.
- There would be few deliveries – one delivery slot per week.
- It was agreed that windows and doors would be kept shut after 9pm.
- Direct contact details of the manager would be given to residents in a case there was a disturbance.
- A designated smoking area would be allocated.
- The venue was not a bar or club, and alcohol would be ancillary to office or cinema use.
- The hours applied for had been reduced to help alleviate concerns of residents.

### **The Licensing Objectives**

In considering the application, Members were required to consider the same in accordance with the Licensing Act 2003 (as amended), the Licensing

Objectives, the Home Office Guidance and the Council's Statement of Licensing Policy and in particular to have regard to the promotion of the four licencing objectives:

1. The Prevention of Crime and Disorder;
2. Public Safety;
3. The Prevention of Public Nuisance; and
4. The Protection of Children from Harm.

### **Consideration**

Each application must be considered on its own merits. The Chair confirmed that the Sub-Committee had carefully considered all of the evidence before them and the oral representations from the Applicant, the Applicant's Legal Representative and the Objectors present at the meeting.

The Sub-Committee noted that the premises is in a cumulative impact zone (CIZ). The cumulative impact policy creates a rebuttable presumption that where relevant representations are received by one or more of the responsible authorities and/or other persons objecting to the application, the application will be refused.

The Sub-Committee noted that, under the Council's Statement of Licensing Policy, the Applicant can rebut the above presumption if it can demonstrate exceptional circumstances and that the granting of the application would not negatively add to the cumulative issues already experienced within the CIZ.

The Sub-Committee noted the representations from Environmental Health regarding the risk of noise nuisance from the premises. It also noted residents' concerns about the existing levels of noise nuisance and anti-social behaviour, and the risk of increased noise nuisance and disturbance if the premises licence was granted.

The Sub Committee welcomed the efforts made by the Applicant in offering some robust conditions and also accepting and agreeing to conditions proposed by the Responsible Authorities and the Sub-Committee. The Sub-Committee was satisfied that a reduction in hours and the imposition of robust conditions would adequately address concerns regarding public nuisance and anti-social behaviour.

The Sub-Committee was therefore satisfied that the CIZ presumption had been rebutted as the Appellant had demonstrated that the granting of the licence would not negatively add to the cumulative issues already experienced in the area. The Sub-Committee was satisfied that there were exceptional circumstances to justify a grant of the licence as the premises was not alcohol led and would operate within the framework hours. The Sub-Committee also noted that the licence would be subject to the surrender of the existing premises licence which authorised the provision of similar licensable activities.

The Sub-Committee was satisfied that the licensing objectives would be promoted and the conditions imposed would adequately mitigate the risk of public nuisance and anti-social behaviour.

Accordingly, the Sub-Committee unanimously

### **RESOLVED**

#### **4.2 Application for a Variation of a Premises Licence for (Dirty Bones) 1 Club Row, London E1 6JX**

Mr Thomas O'Maoileion, Legal Representative on behalf of the Applicant, stated that the variation application related to another premises licence which was not included in the agenda pack. It transpired that there may have been an error during the application process which needed to be rectified before this application could be considered.

Therefore, a request was made on behalf of the Applicant for an adjournment to consider whether the application could be progressed or if a fresh application was required. The Sub-Committee granted the adjournment as it was in the interests of justice for the application to be clarified and appropriately considered.
