The Council meeting may also consider reports requiring its approval. Full details of the agenda items are set out in this agenda pack. There are no Petitions, Members' Questions or Motions on Notice at the AGM

Watching the meeting via the webcast

You may watch the Council meeting live or at a later date on the Council's Webcasting portal <https://towerhamlets.public-i.tv/core/portal/home>.

Attendance at the meeting

Whilst the meeting is open to the public, restrictions are in place in terms of public seating. This is due to the need to meet social distancing requirements relating to the Covid-19 pandemic. The level of press and public seating will be extremely limited. Should you wish to attend, you must contact the Democratic Services Officer listed on the front of the agenda to reserve a place. **No one will be admitted who has not registered in advance.**

If the fire alarm rings please follow the instructions of the Facilities Staff who will direct you to the exits.

Election of the Speaker of the Council

The first item of business at the AGM is to seek nominations and elect a Speaker of the Council for the year ahead. Following a short ceremony, the newly elected speaker, will address the meeting. The Speaker's role in relation to Full Council is to Chair the meetings, controlling proceedings (including the order of speakers), and to ensure that the business is carried out properly.

Order of business

The Speaker may agree to change the order of business at the meeting. In addition, the Speaker may adjourn the meeting for a period of time or agree an extension to the time limit for the meeting (by up to half hour beyond the three-hour limit).

Voting and Decision

The items requiring a decision will normally be determined by a simple majority vote or by the Speaker gaining the ascent of the meeting. Where necessary, the Speaker may conduct a roll call vote, recording whether each Member wishes to vote in favour, against or wishes to abstain. If there are an equal number of votes for and against an item of business, the Speaker will have a second or casting vote.

Copies of Council Meeting documents and tabled papers.

Any additional documents (including list of nominations for committee places) **will normally be published on the Council meeting website either shortly before or during the meeting.** www.towerhamlets.gov.uk/committee Council documents are also available on 'Mod.Gov' iPad, Android and Windows tablet apps downloadable for free from their respective app stores.

**Speaker of the Council, Councillor Mohammed Ahabab Hossain
in the Chair**

The Speaker of the Council addressed the meeting.

The Speaker recognised that this had been a very difficult year for the community. Everyone had been personally affected by the pandemic. In recognition of this, he had held a special virtual interfaith gathering on 25th February, with a range of faith leaders and elected representatives. This was

for the purposes of giving prayers and messages of comfort and support to the community. He was pleased to report that it had been very well received.

He looked forward to a number of future events to celebrate the 50th Anniversary of the Independence of Bangladesh. This was a very special occasion which is celebrated around the world and highlighted the importance of learning to live with and respect one another. In particular, he invited Members to join him at a Speaker's event on 26th March to read out messages from the community. He looked forward to sharing this.

With reference to Mother's Day and International Women's Day, he paid tribute to all mothers and the achievements of women.

He also expressed concern about the number of women affected by violence, following the recent events.

At the invitation of the Speaker, the Council observed a minute's silence to remember Sarah Everard and all those women who have been the victims of violence. The Council also paused to remember those who gave their lives for the Independence of Bangladesh.

Councillor Kahar Chowdhury declared a Non - Disclosable Pecuniary Interest (Non DPI) in Agenda item, 12.1 Motion regarding Care Full Pay. This was on the basis of his wife's employment in the care sector. He advised that she did not benefit from the proposals. He did not vote on the motion.

Councillor Krysten Perry declared a Non - DPI in agenda item 7, Administration Motion debate – regarding Climate Change. This was on the basis that she was Chair of the Council's Pensions Committee.

3. MINUTES**RESOLVED:**

1. That the unrestricted minutes of the Meeting of the Council held on Wednesday 20th January 2021 and the Meeting of the Budget Council meeting held on 4th March 2021 be confirmed as a correct record and the Speaker be authorised to sign them accordingly.

4. TO RECEIVE ANNOUNCEMENTS (IF ANY) FROM THE SPEAKER OF THE COUNCIL OR THE CHIEF EXECUTIVE

The Speaker was pleased to announce the set up of a Freedom of the Borough Panel to consider nominations from the community for the award. Full Council would ultimately have the final vote on the nominations to decide the winner(s). The Speaker also expressed an intention to coordinate this award with honouring other activities, for example those who had done so much during the pandemic.

The Chief Executive, Will Tuckley provided an update in relation to the following issues:

- Violence Against Women. He advised of the plans to light up the Bromley Public Hall in orange this evening to recognise the UN's Elimination of Violence against Women campaign and following the death of Sarah Everard.
- The Covid/Vaccines programme. Over 57,000 residents had received their first dose of the vaccine. The Council were working hard with the NHS to reach the 100% target for the most vulnerable residents. He also reported that, next Tuesday, there would be a National Day of Reflection and a national minutes silence at 12 noon. Bromley Public Hall would also be lit up as a mark of respect.
- Staffing issues. Following a successful recruitment process, he was pleased to welcome to the Council, Stephen Nayakatawa as Director of Education. Neville Murton and Asmat Hussain had left the Council. Work was underway to recruit to the new post of Corporate Director, Resources and Governance and Section 151 Officer.
- Success at Awards. He was pleased to report that the Council's Asthma and Wheeze project has been shortlisted for an award by the Health Services Journal.
- Elections. The council continued to make good process in preparing for the various elections on 6th May 2021 – (for the London Mayor, the local GLA Member and the referendums on the Council's Governance arrangements and the Isle of Dogs Neighbourhood Plan). The count for these elections would be held on Saturday 8th May at the Excel Centre.
- Census 2021. It was very important that residents were encouraged to complete their survey.

5. TO RECEIVE PETITIONS**6. MAYOR'S REPORT**

The Mayor presented his report to the Council. Following which:

- Councillor Peter Golds, Leader of the Conservative Group, responded briefly to the Mayor's report.

7. ADMINISTRATION MOTION DEBATE- REGARDING CLIMATE CHANGE

Councillor Asma Islam **moved** and Mayor John Biggs **seconded** the motion as printed in the agenda.

Councillor Rabina Khan **moved** and Councillor Andrew Wood **seconded** the following amendment to the motion as set out in the supplementary agenda:

To be added to the existing text:

The Council Notes:

- Friends of the Earth claims that the environment movement is “still overwhelmingly white and middle-class. It further states that we need a “diverse range of voices to solve global problems and achieve social justice.”
- In January 2020 in Davos, Switzerland, Ugandan climate activist, Vanessa Nakate, posed for a photo with Greta Thunberg and three other white climate campaigners. However, when Vanessa subsequently “struggled to find photos” that included her, she discovered that the Associated Press news agency had cropped her out of the image with Greta and that none of her comments from the press conference were included.
- Theo Cullen-Mouze, an Irish climate activist was appalled that Africa is “deliberately removed from the picture. He said: “Africa has contributed the least [carbon emissions] but will suffer the most from climate breakdown.”
- The Archdeacon of Croydon, the Venerable Dr Rosemarie Mallet, is a leading figure within the Church of England on climate change. Her aim is to give a voice to those who are keen to bring about change, but fear the repercussions of doing so. During Extinction Rebellion protests for example, people from BAME backgrounds fear being targeted by the police in a less favourable way than white protesters.
- When Lucy Craig, a 73-year-old white activist was asked whether she thought that being a middle-class, well off white woman helped her within the protest, she said: “Absolutely. Everything is fuelled by white privilege.”

The Council Believes:

- Despite the fact that BAME people have been involved in climate activism for decades, their views and efforts seem to be excluded from

debates. International climate lawyer, Farhana Yamin, for example, was a lead proponent of the net zero emissions by 2050 goal in the Paris Agreements. She was tired of the promises made by the carbon emission trading system. “I wanted to think bolder and bigger – no more mucking around with carbon budgets. These gases are toxic. We shouldn’t create trading systems for toxic pollutants.”

- Although people from BAME backgrounds have been invisible in the climate debate and protests, they are disproportionately affected by air pollution, not least because areas of London with the highest levels of pollution are occupied by a large BAME population. Most people will recall the tragic case of Ella Kissi-Debrah, the 9-year-old whose mother believes that her daughter’s fatal asthma attack was linked to illegal levels of pollution.
- In August 2020, Anjali Raman-Middleton set up the pollution advocacy group Choked Up with three other students. Anjali had attended the same primary school as Ella.

The Council Resolves:

- The council proposes a programme called Tower Hamlets Diversity in Climate Change Engagement to deliver effective engagement with all communities, particularly the hard-to-reach communities and people from Black, Asian, Minority and diverse communities, people with access and mobility requirements.
- To engage with organisations such as Climate Reframe, which amplifies diverse voices in the UK Environmental Movement, and Choked Up.
- The programme also works with faith communities to look at how faith and climate change can work together. During Ramadan, for example, families and communities come together to celebrate and help each other. Muslims deliver food packages to the needy and recognise the importance of never wasting food, which in turn benefits the environment.
- That the council actively seeks climate change campaigners from Black, Asian, Ethnic Minority, Diverse and disabled backgrounds to speak at climate change events and become involved in the third sector, thereby empowering other marginalised communities to participate and make a valuable contribution to tackling climate change.

Councillor Andrew Wood **moved** and Councillor Peter Golds **seconded** the following amendment to the motion as set out in the supplementary agenda

Amendments showed underlined:

This Council notes:

1. In March 2019, Tower Hamlets became one of the first councils in the country to declare a climate emergency, more than three years after the Paris Agreement was signed;
2. That the Oxford English dictionary defines emergency as a “situation requiring immediate action”
3. The Council has committed to becoming a net zero carbon Council by 2025 and a net zero carbon borough by 2050;

4. The Council is implementing its Net Zero Carbon Action Plan which sets out the aim to do all we can to reach zero carbon by 2025, including actions around the new Town Hall, procurement, the electrification of the council's vehicle fleet, amongst other actions. The Net Zero Carbon 2025 action plan sets out our commitment to tackling the climate emergency:
<https://democracy.towerhamlets.gov.uk/mgConvert2PDF.aspx?ID=165906>
5. The council is delivering against its climate emergency ambitions through a number of actions and decisions including:
 1. Switching to a renewable energy supplier – in October 2019 LBTH transferred to a 100% renewable electricity tariff more than ten years after it was possible to do so.
 2. The Pensions Committee have actively engaged with the climate change agenda and are looking at revising their investment strategy towards a greener portfolio
 3. Commenced a Sustainable Workplace programme to instil sustainable behaviours for council employees including: promoting resource efficiency (reducing energy use; moving to paperless working); reduction in single use plastics including elimination of plastic cups from buildings; and introduction of food waste collection to council offices to reduce waste being sent to landfill and incineration.
 4. Tower Hamlets has one of the worse records in the country for dealing with litter and punishing fly tipping.
 5. Adoption of Tower Hamlets Transport Strategy which sets out our vision and priorities for travel in Tower Hamlets from 2020 – 2041 through sustainable means of transport
 6. Which will include enforcement of parking restrictions on double yellow lines as opposed to the recent situation in Blackwall where a resident parked a vehicle so regularly on double yellow lines, without penalties that it could be seen on Google Maps. Ensuring that parking fines are collected, rather than the situation where one person alone ran up unpaid fines of over £30,000 for a single vehicle and when the council describes no residences as car free, this means that rather than the current situation whereby the developments and surrounding streets are clogged with residents ignoring the car free status because of the lack of enforcement by estate management and the Council.
 7. Commenced the Liveable Streets programme which aims to improve the look and feel of public spaces in neighbourhoods across the borough and make it easier, safer, and more convenient to get around by foot, bike and public transport and it seems delay the arrival of ambulances through blocking roads rather than providing lockable access.
 8. Continuing to deliver our tree planting programme to deliver over 1,000 street trees. This programme will increase carbon capture
 9. That the Council continue to agree to the cutting down of mature trees well in advance of construction work taking

- place including on sites it owns despite being areas of low air quality.
10. Agreeing to the removal of two mature trees on what is becoming the densest road in the UK for a temporary sales office;
 11. Our programme of installation of electrical vehicle charging points across the borough, with 159 new points to be installed between February and April 2021 but none installed in 2019 and 2020 after the emergency was declared except for some test sites. That there are over 30,000 parking bays on Tower Hamlets streets.
 12. That there are no electric vehicle charging points in any Council building
 13. That the Council still only operates two all-electric vehicles, neither of them road worthy as can only be used in a park and the other at the transport depot. That it only has a couple of hybrid vehicles.
 14. That the Council spent £10 million on a fleet of new diesel refuse vehicles a year ago while our neighbours in the City of London now have an all-electric refuse fleet.
 15. That the Council after it declared a climate emergency installed new diesel storage tanks at its transport depot.
 16. That an increasing number of local petrol stations are being lost which has the short term impact of creating more traffic as drivers have to drive further to refill.
 17. That the new Local Plan 2031 only requires new developments to have 40% electric vehicle charging in their parking bays, most new development going through planning now won't complete until close to 2030.
 18. Tower Hamlets Councils record in recent years of locating new schools and permitting new housing right next to major roads..
 19. Adopted Local Plan policies that require all new developments to achieve net-zero carbon status.
 20. Only one Council building has a solar panel or other form of renewable energy.
 21. That solar panels are extremely rare in Tower Hamlets and even rarer are wind turbines.
 22. Commenced a review of Council Assets for Zero Carbon retrofit feasibility and successfully bid for the public sector decarbonisation fund to tackle our highest emitting buildings
 23. Completed initial feasibility for decarbonisation of Barkantine district heating network
 24. Undertaking a review of design standards for new council development to ensure that requirements align to the climate emergency declaration and deliver net-zero carbon objectives
 25. Developed a draft Supplementary Planning Document (SPD) for waste and recycling developments, currently out for consultation, which aims to revise planning policies to encourage and enforce waste reduction and recycling
 26. That the recycling rate in Tower Hamlets has been falling for years from 28% in 2016/17 to 19.9% in Q2 2020/21.
 27. Commenced a review of Tower Hamlets Homes properties

for Bio-solar retrofit

- o Other retrofit initiatives as set out in the housing capital programme, and the Net Zero Carbon Plan
- o Continued delivery of carbon reduction projects: grants programme for schools to deliver carbon reduction measures; grants programme for SME's for energy efficiency measures; residential heating efficiency project
- o Undertaking a review of new civic centre proposals to ensure design is as energy efficient as possible and the operating environment and systems are low carbon which we should have already done.
- o Continuing to roll out the phased programme of LED street lighting upgrades to replace all lamp columns in the borough and missing the opportunity in the early phases to equip them with EV chargers in the base when located next to parking bays.
- o That Brent Council has more EV chargers in its Town Hall car park than Tower Hamlets Council has in the whole of the Borough.
- o Focus on delivering the proposal to roll out flats recycling package, as recommended by the Resource London project "making recycling work for people in flats".

This Council also notes:

1. The Climate Engagement Event organised for 17th March to raise awareness and demonstrate progress made by the Council and its partners since the Climate Emergency Declaration as we realised two years were up and we had not done very much yet.

This Council believes:

1. We continue to face a climate emergency and need to take immediate action at a local, national and international level;
2. ~~That since the declaration of a Climate Emergency in Tower Hamlets, the Council has made significant progress but must continue to focus on this as a priority issue for the borough~~ That since the declaration of a Climate Emergency in Tower Hamlets, the council has made little progress except in publicity and must therefore focus on actual delivery;
3. The Council must continue to lead by example but given it accounts for a relatively small amount of the borough's carbon, it is vital that we use our community leadership role to encourage and work alongside residents, businesses and partners to make changes in order to address the crisis;
4. Tower Hamlets is known for its diversity and we will use positive approaches to engage BAME residents with the climate emergency agenda.

This Council resolves:

1. To deliver its Net Zero Carbon Action Plan;
2. To continue to work with local residents, businesses and council partners to achieve our net zero commitment, including developing an

- action plan to meet our target;
3. To review our recycling targets and revise our waste strategy;
 4. To make pink recycling bags easy to access;
 5. To set up a new waste and recycling board representative of the Borough and not just the administration to enable us to work with our partners and residents which will work towards mitigating issues and help us work towards the aims of our waste strategy;
 6. To adopt a targeted campaign strategy to decrease contamination and encourage recycling amongst residents and businesses.
 7. To stop cutting down its own trees or permitting others to do so until there is no other choice, to look instead at pruning trees rather than cutting them down as a compromise and with the knowledge that replacements are being grown in nurseries elsewhere in the country

Following debate, the amendment moved by Councillor Rabina Khan was put to a vote and was **defeated**.

The amendment moved by Councillor Peter Golds was put to a vote and was **defeated**.

The substantive motion was put to a vote and was **agreed**.

 - Commenced a review of Council Assets for Zero Carbon retrofit feasibility and successfully bid for the public sector decarbonisation fund to tackle our highest emitting buildings
 - Completed initial feasibility for decarbonisation of Barkantine district heating network
 - Undertaking a review of design standards for new council development to ensure that requirements align to the climate emergency declaration and deliver net-zero carbon objectives
 - Developed a draft Supplementary Planning Document (SPD) for waste and recycling developments, currently out for consultation, which aims to revise planning policies to encourage and enforce waste reduction and recycling
 - Commenced a review of Tower Hamlets Homes properties for Bio-solar retrofit
 - Other retrofit initiatives as set out in the housing capital programme, and the Net Zero Carbon Plan
 - Continued delivery of carbon reduction projects: grants programme for schools to deliver carbon reduction measures; grants programme for SME's for energy efficiency measures; residential heating efficiency project
 - Undertaking a review of new civic centre proposals to ensure design is as energy efficient as possible and the operating environment and systems are low carbon
 - Continuing to roll out the phased programme of LED street lighting upgrades to replace all lamp columns in the borough
 - Focus on delivering the proposal to roll out flats recycling package, as recommended by the Resource London project “making recycling work for people in flats”.

This Council also notes:

1. The Climate Engagement Event organised for 17th March to raise awareness and demonstrate progress made by the Council and its partners since the Climate Emergency Declaration.

This Council believes:

1. We continue to face a climate emergency and need to take immediate action at a local, national and international level;
2. That since the declaration of a Climate Emergency in Tower Hamlets, the Council has made significant progress but must continue to focus on this as a priority issue for the borough;
3. The Council must continue to lead by example but given it accounts for a relatively small amount of the borough's carbon, it is vital that we use our community leadership role to encourage and work alongside residents, businesses and partners to make changes in order to address the crisis;
4. Tower Hamlets is known for its diversity and we will use positive approaches to engage BAME residents with the climate emergency agenda.

This Council resolves:

1. To deliver its Net Zero Carbon Action Plan;
2. To continue to work with local residents, businesses and council partners to achieve our net zero commitment, including developing an action plan to meet our target;
3. To review our recycling targets and revise our waste strategy;
4. To set up a new waste and recycling board to enable us to work with our partners and residents which will work towards mitigating issues and help us work towards the aims of our waste strategy;
5. To adopt a targeted campaign strategy to decrease contamination and encourage recycling amongst residents and businesses.

8. OPPOSITION MOTION DEBATE REGARDING THE IMPACT OF CONSTRUCTION ON THE ISLE OF DOGS AND SOUTH POPLAR

Councillor Andrew Wood **moved** and Councillor Peter Golds **seconded** the motion as printed in the agenda.

Councillor Eve McQuillan **moved** and Councillor Danny Hassell **seconded** the following amendment to the motion, as set out in the supplementary agenda.

Added text underlined
Deleted text scored out

That the scale of development in the London Borough of Tower Hamlets is the highest in the country, which is why we receive the most New Homes Bonus of any local authority and that the Councils Local Plan 2031 allocates 57% of all new homes in the Borough to the Isle of Dogs and South Poplar area which already contains three of the ten densest small places in the country.

~~This scale of development seriously impacts on the health and quality of life of existing residents as well as visitors to the area. It also disrupts local roads and transport.~~ needs to be managed carefully to mitigate the impact on residents and businesses but also to ensure that we continue to provide the much-needed new council and affordable homes across the borough.

We note the positive work that the Council does to minimise the impact of construction, to support residents, and to promote and enforce good standards, and we note the ongoing reviews – including a review of the Construction Code of Practice – and the establishment of the Development Coordination Pilot which means we can take an holistic approach to addressing recurring issues.

The Council recently launched the Development Coordination Pilot, with a team formed in February 2021, to complement the wide range of compliance activity the Council already undertakes. The team are currently engaging all stakeholders, including service areas, developers, residents, members and more.

We recognise the challenges involved in accommodating the significant levels of construction activity and the establishment of this team demonstrates the Council's desire to address those challenges.

Two residents have died in construction related injuries while living next to or walking past a construction site, namely in Bow and Burdett Road, Limehouse.

There have also been dangerous incidents in the Isle of Dogs and South Poplar caused by construction. During construction of the Calders Wharf development a crane accidentally hit the residential property located on Douglas Path. This year, a bollard being lifted by a crane fell onto Marsh Wall. A metal pole fell from a site next to a dockside path in Crossharbour in February. During the demolition of Robin Hood Gardens concrete fell onto a pavement by the site. Although there were no injuries resulting from these latter incidents they did cause concern to residents.

The impact of construction noise also affects peoples mental health and air quality is affected by construction dust and particles.

This Council believes that we should promote and focus on good industry standards and champion those who meet those standards.

The Council also notes the move of economic activity from offices to homes in the area as working from home becomes more common.

We believe as a Council that we should discourage the unnecessary destruction of trees and green cover adjacent to and within sites, and work to ensure the maintenance of street furniture and bollards, and to protect pavements and accessible walking routes.

This Council therefore welcomes the commencement of an eighteen-month pilot project to explore opportunities to address the cumulative impacts of construction predominantly focussed on the Isle of Dogs and South Poplar.

We note that a review of the Construction Code of Practice is currently underway, and the Council will also be reviewing:

- The potential for setting up an off-site waiting area for construction vehicles;
- The Council's approach to Considerate Constructors Scheme and other similar initiatives;
- Considerations for setting and reviewing hours of construction;
- Management of trees near construction sites;
- Opportunities to monitor and mitigate construction impacts including air quality, dust, noise and vibrations;
- Public safety and accessibility around construction sites including the use of bollards;
- Provision and access for emergency vehicles around construction sites;

The Council has also put in place a planning obligation requiring developers to contribute funds to Council coordination of construction impacts in the future. The pilot will also therefore set out the longer-term plans for this funding to ensure resilient and on-going solutions are put in place.

This Council therefore resolves to note the following actions that the Council takes: ~~recommends that the following issues be addressed as part of that project;~~

- We are reviewing the Construction Code of Practice.
- That we are committed to greater transparency and easier access to information on construction sites and regulatory requirements and conditions, including Construction Management Plans.
- That we take careful consideration of the impact of construction in close proximity to residential areas, whilst noting that very few sites in Tower Hamlets are not in close proximity to residential areas.
- That within the powers available to us, we, the GLA, and good constructors, work to coordinate road and lane closures to reduce their impact on others, and where multiple sites and events are involved, and including the safe access for emergency vehicles to residential areas due to development.
- That we encourage and promote compliance with Considerate Construction Schemes, ensuring that there is publicity on site and via websites and other information to enable residents to know who to contact in case of problems.
- ~~To update the Construction Code of Practise which we think may now be over 14 years old, it refers to Council buildings that no longer exist.~~
- ~~The Council learn to say no to construction companies that ask for an extension of working hours. To address the culture that seems to prioritise the needs of construction companies over that of residents health.~~
- A key priority for the Development Coordination Pilot is to review the way we engage and share information with residents about construction timelines, road closures, hours of construction (including any extensions), key contacts and construction management plans, and it is important that we review how we publicise information.
- ~~That where it says no or modifies what the construction companies have asked for, that it publicises that in order to regain the confidence of residents in its willingness to stand up for them.~~
- ~~That it makes it easier to find information about construction, construction management plans, permission to grant extended hours and road works and road or lane closures.~~

- ~~• That it considers requests for out of hours street works in the same way as it does for work on construction sites.~~
- That Construction Management Plans become live easy to find documents that guide everybody (including other Council departments) in the progress of construction and what is being done to mitigate the negative impacts.
- ~~• That the Council demonstrates how it complies with the;~~
 - ~~• Noise Policy Statement for England~~
 - ~~• Section 79 of Environmental Protection Act 1990~~
 - ~~• Section 60(4)(d) Control of Pollution Act 1974~~
- That the Council will work closely with residents and community groups to understand the impact on communities and use local people's expertise on how best to coordinate work.
- That the Council complies with the Noise Policy Statement for England through the use of planning conditions seeking to mitigate noise impacts.
- That in accordance with Section 79 of the Environmental Protection Act 1990, the Council provides a noise nuisance investigation service from Monday to Friday (9am-5pm) and Thursday to Sunday evening (8pm-3.30am). The Environmental Protection Team record and investigate all noise nuisance complaints and take relevant action when statutory nuisance is witnessed including the issuing of noise abatement notices where appropriate. On many occasions noise nuisance is abated through dialogue, informing, educating and warnings.
- That to comply with Section 60(4)(d) Control of Pollution Act 1974, the Environmental Protection Team serve s60 notices on construction sites restricting the hours of operation and the noise and vibration limits a site can make. They also consider s61 applications for consent and issue consents limiting hours of operation together with noise and vibration limits whilst at the same time making it clear to contractors that best practical means to minimise noise are adhered to. If continuous non-compliance is witnessed legal action is taken. The Team also carry out surveillance visits at the weekends.
- ~~• That careful consideration will need to be given to applications which are made in relation to sites in close proximity to residential areas where the request for changing hours is likely to have a significant impact on health (to quote the government guidance on extending working hours during COVID)~~
- ~~• That were work results in closed roads or lanes that it be better coordinated with other closures or events.~~

- ~~That it installs its own live online air quality sensors and noise monitoring sensors close to construction sites which enable the monitoring of a range of pollutants. That the results be made available online in real time.~~
- ~~That like one central London Borough it only allows noisy works five days of the week where close to homes or at least gives residents an extra hour of rest on Saturday mornings.~~
- ~~To ensure the safe access for emergency vehicles to residential areas due to development.~~
- ~~That it discourages the chopping down of trees on or next to sites unless absolutely necessary and even then only at the last moment.~~
- ~~To replace bollards in some areas like Marsh Wall which are being continuously knocked over and damaged, they are clearly not strong enough to protect pedestrians on pavements.~~
- ~~That the council requiring developers to sign up to the Considerate Construction Scheme, and ensuring that there is publicity on site and via websites and other information to enable residents to know who to contact in case of problems.~~
- ~~Establish an offsite waiting area for construction vehicles, as happened on the London 2012 Olympic site, rather have them wait next to people's homes to be called onto site.~~

11. TO RECEIVE WRITTEN QUESTIONS FROM MEMBERS OF THE COUNCIL

The following questions and in each case supplementary questions were put (except where indicated) and were responded to by the Mayor or relevant Executive Member.

11.1 Question from Councillor Gabriela Salva Macallan:

Recently the major US health insurance group Centene Corporation took over GP services provided by AT medics, affecting half a million patients, in what has been described as privatisation of the NHS by stealth. Can the Mayor or Cabinet Member provide an update on the impact in Tower Hamlets, and how this privatisation might impact our outstanding public health services which have worked so hard to keep our communities safe during the pandemic?

Response of Councillor Rachel Blake, Deputy Mayor and Cabinet Member for Adults, Health and Wellbeing:

We consider that this is a really important issue. At the heart of it, lies the question of how we govern the NHS and it's accountability. We consider that this issue requires much more careful public scrutiny. Local residents should gain assurances from the Government about patient care. Above all, we believe that the NHS should remain in public hands and we are deeply concerned that this is further evidence of privatisation by stealth.

No supplementary question was asked.

11.2 Question from Councillor Peter Golds

Will the Mayor provide an update and likely timetable regarding the rebuild of George Green's Secondary School?

Response of Councillor Mufeedah Bustin, Cabinet Member for Planning and Social Inclusion - Lead on Social Inclusion:

I am pleased to confirm that we have secured funding for the following three new schools in the Borough. These are London Dock, Westferry School and the rebuild of the George Green's Secondary School. Following the initial feasibility study, a design consultant was about to be appointed, with the aim of completing the rebuild of the school by August 2024, with an option of an accelerated or a phased programme, where possible, to open in September 2023. The Council have committed in total £51.4 million to the school's rebuild, which was a fantastic investment of infrastructure money on the Isle of Dogs.

Supplementary question from Councillor Peter Golds:

I am pleased that the work covered the three schools including the Westferry School development. Can you confirm whether the Council had exchanged leases for that school?

Councillor Mufeedah Bustin's response to supplementary question:

I will find out and provide a written response to you.

11.3 Question from Councillor Sufia Alam

Can the Mayor or Cabinet Member tell us how we are supporting young people into work?

Response of Councillor Motin Uz-Zaman, Cabinet Member for Work and Economic Growth:

It is noted that the economic impact of the pandemic has had a huge impact on young people and families. The Council were working hard to make sure, that as the economy recovers, that we support young people into work. This was a top priority of the Mayor, myself and the Cabinet.

I can provide you with an example of this. In September 2020, the Work Path scheme, began the co-location of the Job Centre Plus to deliver Youth Hub Services, including Kick Start. So far, we have secured 576 Kick – Start placements for 16-24 year olds, on Universal Credit, with recruitment beginning last week. We hope to secure more placements and we have received tremendous support from businesses who would like to take part and will continue to do so.

No supplementary question was asked.

11.4 Question from Councillor Andrew Wood:

How much of the £4.8 billion that the government gave to the Mayor of London in grants to build new affordable homes between 2016 and 2023 as

well as the £4 billion allocated 2021 to 2026 has been allocated to Tower Hamlets Council as well as housing association projects in Tower Hamlets?

Response of Councillor Danny Hassell, Cabinet Member for Housing:

The Council had a strong record in delivering new homes and a commitment to delivering 2000 new Council homes in the Borough.

£12.1 million of funding had been made available to the Council as part of the Building Homes for London Programme. A further £55million per unit had been made available, with an allocation of £11million to the Council, and other Local Authorities working on the Place scheme. This was a partnership initiative to deliver innovative modular homes. The GLA allocated this funding to registered providers across the whole development programme and not by Local Authority area. This is positive, but in recent years, there had been a steep decline in funding. Despite this, we have continued to honour our commitments. In the previous round of GLA funding, we have chosen to prioritise the use of right to buy receipts, so they are not lost. We are actively looking at our bid for the coming round.

No supplementary question was asked.

11.5 Question from Councillor Leema Qureshi:

Can the lead member tell us how we will prioritise tackling the climate emergency as we go through the recovery phase of the world pandemic?

Response of Councillor Asma Islam, Cabinet Member for Environment and Public Realm - Lead on Environment:

During the pandemic, the Council had continued to carry out a number of initiatives including:

- Our Residential Boiler Replacement Programme, which replaced 96 boilers, reducing carbon emissions by 70 tons.
- Providing 87 grants to SMEs, totalling £403,000 to help reduce carbon emissions, to reduce emissions by 198 tons.
- Grants to 26 schools, a total of £618,000, to reduce carbon emissions by 348 tons.
- Securing £721,000 of external funding, as part of the public sector decarbonisation scheme, for works to four Council buildings.
- Joining the GLA Solar Together Project to bring households together to support solar panel installations.
- Use of the Carbon Fund to deliver community led renewable energy projects.

These measures not only help reduce carbon emissions, they also help to support a range of new jobs and encourages the skills we need for a low carbon future.

As we emerge from the pandemic, creating new job opportunities is vital.

No supplementary question was asked.

11.6 Question from Councillor Shad Chowdhury

What support will the council provide small businesses in Spitalfields after Covid, for the Covid recovery?

Response of Councillor Motin Uz-Zaman, Cabinet Member for Work and Economic Growth:

Our vibrant local business sector will be a cornerstone of the recovery plans. The Council had worked tirelessly to help local small businesses including those in Spitalfields. The Council had distributed over £200million in grant support, including rent relief, to businesses and market traders. This work has also involved exploring ways of helping tenants in our properties.

The Mayor has also made funding available to help local businesses undertake necessary adaptations and training.

No supplementary question was asked.

11.7 Question from Councillor Bex White:

What is the Council doing to minimise plastic waste in the Borough, and how is it working in partnership with other local organisations to do this?

Response of Councillor Asma Islam, Cabinet Member for Environment and Public Realm - Lead on Environment:

As highlighted during the previous debate, I can confirm that this remains a key priority for us. We engage in a number of activities with partners with the aim of promoting sustainable living practices.

For example we have:

- Participated in the reusable shopping bag campaign and have carried out workshops regarding single use plastics items.
- Carried out a reusable cup pilot with high street teams.
- Worked to encourage businesses to take part in the National Refill Campaign.
- Put in place measures to phase out single use plastic at the Town Hall and other Council buildings. Staff have been encouraged to use reusable water bottles and lunch containers.

It is noted that a lot of initiatives have had to be put on pause at the moment, However, work would recommence when the restrictions were eased.

No supplementary question was asked.

11.8 Question from Councillor Tarik Khan:

What role will sports play in the Covid recovery for young people, and will there be any funding allocated for this?

Response of Councillor Sabina Akhtar, Cabinet Member for Culture, Arts and Brexit:

Sports services and activities had been affected by the pandemic and the regulations. However, with the lifting of restrictions, outdoor sports will be permitted from 29th March. In light of this, we look forward to providing outdoor and adventure based activities for schools and young people. We are also keen to ensure the continued provision of the Duke of Edinburgh programme on line, with options for limited direct delivery, subject to the guidance.

In addition, the Mayor has recently announced a £3 million Covid Recovery Plan. We are currently looking at what sort of projects this could support. This could include funding for sports and activities for families and young people. I would be grateful to hear your views on this.

Supplementary question from Councillor Tarik Khan

Will the Lead Member commit to a meeting to discuss the delivery of a sports recovery programme for young people?

Councillor Sabina Akhtar's response to supplementary question:

Yes - as well our plans for the Summer Activity programme.

No supplementary question was asked.

11.9 Question from Councillor Amina Ali:

What are we doing to support foodbanks in the borough, which have provided such an important lifeline during the pandemic?

Response of Councillor, Mufedah Bustin, Cabinet Member for Planning and Social Inclusion - Lead on Social Inclusion:

Yes, the Council remains committed to reducing food poverty. In June the Council set up a food hub to support Voluntary and Community Sector organisations, covering existing food banks and those who had set up food support in response to the pandemic. Our Hub had received a lot of donations, from food redistribution charities and corporate and local organisations. In addition to this, the Council had been purchasing additional food and items through the Covid Winter Grant, which we deliver through our partners on a weekly basis. From June 2020 to February 2021, the Council had sorted and delivered 400 tons of food to support approximately 20,000 residents per week. We have also supported organisations to raise funds through our Space Hive page. We have also put grant providers and

companies offering one off donations of food in direct contact with appropriate organisations.

I wish to thank the Council's Tackling Poverty Team and VCS organisations for their hard work during this year. We need a Government that ensures our residents are protected by an adequate safety net and not the kindness of strangers.

No supplementary question was asked.

11.10 Question from Councillor Ehtasham Haque:

Can the residents of the Isle of Dogs have absolute assurances that the historical Cubitt Town Library will not be closed and will always be protected as a community asset and continue to serve the residents of the Isle of Dogs?

Response of Councillor Sabina Akhtar, Cabinet Member for Culture, Arts and Brexit:

Thank you for all your input on this issue. Members will be aware of the scale of the financial challenges facing the Council and the need to make significant savings and to prioritise such measures as the Council Tax Reduction Scheme. We are mindful of the strong public feedback about the future of libraries and Ideas Stores. The Cabinet had agreed to retain a 5 day opening schedule at the Cubitt Town and Bethnal Green Libraries and the Watney Market Idea Store. Our commitment is to protect Cubitt Town Library until such a time that an alternative library or Idea Store opened in the Crossharbour development site. I believe this is the right outcome and it shows that we listen to feedback. I note that the Conservative and Liberal Democrat Councillors had campaigned on this, but it was the Coalition Government that kick started the austerity measures and caused libraries to close.

Supplementary question from Councillor Ehtasham Haque

What action does the Council intend to take to prevent the Library from facing cuts, given the strong reaction from the public and the need to preserve it as a public asset?

Councillor Sabina Akhtar's response to supplementary question:

The Council were looking at ways of working with community organisations to ensure the continued provision of a community use and a Library. We remain committed to continue to work with the community.

11.12 Question from Councillor David Edgar:

The government has launched an independent review of children's social care. Will the council be making a response to the review?

Response of Councillor Asma Begum Deputy Mayor and Cabinet Member for Children, Youth Services and Education:

Yes, I can confirm that we do intend to submit a response. This is with a view to ensuring that the response focuses on how the National Framework could help us with meeting the needs of children and young people in Tower Hamlets. We believe in every chance for every child and are committed to improving the care and quality of life of children in the Borough

Supplementary question from Councillor David Edgar

Can you ensure that this issue is discussed at the Children in Care Council and the Corporate Parenting Board?

Councillor Asma Begum's response to supplementary question:

Yes we will ensure that.

11.13 Question from Councillor Kyrsten Perry

Will the council continue to lobby national government to fully resolve the fire cladding issue which currently leaves many residents in limbo?

Response of Councillor, Eve McQuillan, Cabinet Member for Planning and Social Inclusion - Lead on Planning:

The Mayor and the Council have raised the concerns of residents regarding fire safety issues and cladding with the Minister of Housing, Communities and Local Government and the Greater London Authority. We meet regularly and will continue to do so.

The Mayor and Officers have met with the residents and landlords from various housing blocks and raised the issues with the Government Department and the relevant Minister. We have also backed the national 'End Our Cladding Scandal Campaign' and remain committed to lobbying on this issue. This issue continues to be a key concern for us, as the Borough with the largest number of buildings affected. Leaseholders have been left with an uncertain future and with unsaleable or un-mortgageable homes. The Government's funding announcements do not go far enough and saddle residents with debts.

We are very concerned that the Government had still not implemented the Grenfell Enquiry recommendations, over three years after the tragic fire.

No supplementary question was asked

Question 11.11 was not put due to the absence of the questioner. Questions 11.14 -11.19 were not put due to lack of time. A written response would be provided to these questions. (Note the written responses are included in Appendix A to these minutes)

12. TO CONSIDER MOTIONS SUBMITTED BY MEMBERS OF THE COUNCIL**Procedure Motion**

Councillor Kevin Brady **moved** and Councillor Ehtasham Haque, **seconded**, a procedural motion “that under Procedure Rule 9.3, the Members Questions conclude and the remaining motions, 12.1-12.3 be put to a vote without discussion due to lack of time”. The procedural motion was **agreed**.

12.1 Motion regarding Care Full Pay

Councillor Rachel Blake **moved** and Councillor Val Whitehead **seconded** the motion as printed in the agenda

The motion was **agreed**

RESOLVED:

This Council notes

This council notes:

1. The GMB union has launched its Care Full Pay campaign calling for full occupational sick pay for residential social care staff with the aim of persuading care providers and Government that full sick pay is one of the most effective forms of infection prevention in care homes. The main objectives being
 - a. Full occupational sick pay for those working in residential social care.
 - b. Covid-19 full sick pay as a step to full sick pay.
 - c. Promote full sick pay as an infection control measure
2. The UK has one of the lowest levels of Statutory Sick Pay (SSP) in Europe. Over time, the value of the payment has been eroded, and it now equates to around a fifth of median earnings. The April 2020 SSP rate is £95.85 per week.
3. According to the 2020 Vivaldi study, 77 per cent of care home workers received SSP-only (and a further 7 per cent did not receive any sick pay coverage).
4. The Government set up the Adult Social Care Infection Control Fund with the primary purpose of this fund to support adult social care providers to reduce the rate of COVID-19 transmission in and between care and support wider workforce resilience.
5. The Adult Social Care Infection Control Fund was initially set up with £600 million in funding and was paid out in two tranches. The first has been paid to local authorities on 22 May 2020. The second tranche paid in July 2020.

6. The Government have now agreed to extend the Adult Social Care Infection Control Fund for social care until March 2021, with an additional £546 million for infection control in care in September 2020.
7. Dealing with our post Covid-19 future we will need more rigid infection control measures in our care system.
8. That social care workers provide a vital service in Tower Hamlets and across the country, and are greatly valued.

This council understands that:

1. A strong body of emerging evidence links inadequate sickness pay to higher infection rates, and a reluctance to return to work including:
 - a. The initial findings of the Vivaldi study include tentative evidence that 'in care homes where staff receive sick pay, there are lower levels of infection in residents.'
 - b. A recent survey of furloughed and non-furloughed workers found that 'workers without employer-provided sick pay have a significantly lower willingness to pay to return to work,' and also that 'workers without additional sick pay are significantly more likely to continue to work even with mild coronavirus symptoms.'
 - c. In Spain, a reduction in the generosity of sick pay arrangements was associated with 'huge increases in both the proportion of relapses and working accidents rates.'
2. A GMB survey of nearly 1000 social care workers found that:
 - a. 77 per cent of care workers said they would be inclined to return to work before they were ready if they were on SSP.
 - b. 80 per cent of respondents said they would be forced to borrow off family or friends to make ends meet if they were put on SSP.

This council resolves to:

1. Express its public support for GMB union's Care Full Pay campaign.
2. To call on the government to fund local authorities sufficiently so that they can commission care home providers and domiciliary care agencies to pay full occupational sick pay to the social care workforce
3. To recommend to providers receiving allocated funds from the Adult Social Care Infection Control Fund to pay full occupational sick pay as a priority, noting that guidance does give other uses for the ICF that minimise staff movement and reduce the risk of transmission.
4. To report how the Adult Social Care Infection Control Fund granted to the council in May and July 2020 was spent by care providers, to inform future ICF.
5. To call on the government to ensure guidance for all future Adult Social Care Infection Control Fund strongly stipulate full sick pay as a priority.

12.2 Motion regarding Martyn's Law and the Protection of our residents and visitors'

Councillor Peter Golds **moved** and Councillor Andrew Wood **seconded** the motion as printed in the agenda

Councillor Sirajul Islam **moved** and Mayor John Biggs **seconded** the following amendment to the motion, as set out in the supplementary agenda:

This council notes:

That there have been a number of attacks in London identified as terrorism, these have involved the lethal use of knives and the use of vehicles to knock down, kill and maim vulnerable pedestrians in well visited areas of the city and in a location in the vicinity of a Mosque. Tower Hamlets is a borough with many tourist attractions and places of worship, many located on streets which have large numbers of pedestrians in the past and are likely to have again once travel resumes.

A feature of concern has been crowded places which includes shopping centres, sports stadia, bars, pubs and clubs and residential areas which are easily accessible to the public and attractive to terrorists. Concerns have grown with regard to public security inside venues where people congregate as well as measures to protect our streets. The Shoreditch Triangle which includes, Bishopsgate, Spitalfields and parts of Bethnal Green is already a visitor hotspot with a large night-time economy and is intersected by busy roads. We now also have the prospect of a major Embassy moving to Tower Hamlets.

Since 2018, the local authority has employed a Protective Security Manager – one of few councils to do so – to develop our protective security response and work closely with the police and other partners on mitigating identified areas of risk. The Protective Security Manager has a close working relationship with the Metropolitan Police Counter Terrorism Security Advisors and is a standing member of the Metropolitan Police monthly Security Review Meeting. The CONTEST Board oversees the protective security work for the local authority.

The Metropolitan Police Counter Terrorism Security Advisors have their own 'priority location assessments' which is part of their normal business and which the local authority may not necessarily be part of. The CTSA's also provide routine protective security advice to businesses as part of their normal business.

The Council also invests significantly in public space CCTV, which plays an important role in security and policing, and the Council is also upgrading the existing infrastructure through a £3m capital investment programme.

The government on the 26th February 2021 set out its proposals on a new Protect Duty; a legal requirement for public places to ensure preparedness for and protection from terrorist attacks. It would require those in scope to consider terrorist threats, and consider and implement appropriate and proportionate protective security and organisational preparedness measures.

The Home Office's proposed Protect Duty, which is currently out for consultation, delivers on a manifesto commitment to improve the safety and security of public venues and spaces, drawing on lessons learned from previous terrorist incidents. Tower Hamlets Council will be responding to the consultation.

These changes follow a campaign run by the mother of Martyn Hett who was among 22 people killed in the 2017 Manchester Arena bombing. The changes will be to consider airport-style security checks to be mandatory at major sporting and entertainment venues. No such law currently exists so security remains the decision of individual operators.

That the proposed new law would require venue operators to consider the risk of a terrorist attack and take "proportionate and reasonable measures to prepare for and protect the public from such an attack", according to the Home Office. This could include increased physical security, training, incident response plans and exercises for staff on what to do during an attack

There is an existing Capital Project for the development of protective security measures around identified key locations on the borough including the East London Mosque, Brick Lane and Columbia Road Market. All work in these locations goes through a rigorous technical assessment process with relevant experts in the protective security field including our Protective Security Manager. In addition the Liveable Streets project is improving local infrastructure at Brick Lane, Columbia Road and Whitechapel to reduce vehicle access in these areas which complements the protective security work. Both the CTSA's and the Protective Security Manager are providing advice and support to Liveable Streets and Planning as appropriate.

All faith centres on the borough have previously been invited to bid for additional funding from the Home Office 'Places of Worship' fund for any specific protective security work they wished to undertake, and the Mayor has also lobbied the Home Office to provide more funding. During 2019, 13 locations applied, with 4 locations accepting funding. Other institutions were either not successful or withdrew their applications for various reasons. In 2020 only one institution applied and were successful.

That the City of London continues to invest in security measures which include manned checkpoints, rising street bollards, restricted roads and crash-proof barricades. These precautions follow a warning by MI5 that the "eastern cluster" of towers planned around Bishopsgate is "highly sensitive to the threat of a hostile, vehicle-borne" attack and will replace the previous ring of steel installed to ward off IRA attacks.

That in addition the City of London is seeking S106 funds from developers in order to help fund this work.

That within Tower Hamlets only the Canary Wharf estate and the Tower of London has a similar level of physical protection.

That elsewhere in London concrete or other barriers have been erected to protect pedestrians from vehicle attacks.

The Council further notes;

That in February 1996 the IRA bombed Marsh Wall which killed two and injured and maimed many more, some who died of their wounds years later. This location was deliberately chosen as a less defended target than Canary Wharf estate to the immediate north but one with the same level of publicity value.

That like the City of London Tower Hamlets has emerging clusters of tall towers in Aldgate, Blackwall, Marsh Wall and the areas to the north of Canary Wharf.

The Chinese Embassy planning application.

That some areas containing high value targets have no public CCTV cameras.

This Council believes that;

The borough needs to continue to review our security measures and have appropriate security measures in place to protect and deter potential attacks.

The Council resolves ~~calls on the Mayor to;~~

Forward a copy of this motion to the Protective Security Manager and the BCU Commander to ensure that these matters are raised with the relevant security professionals and to ensure that ~~initiate a full security and safety is continually reviewed of the Borough which will be submitted to Cabinet, Overview and Scrutiny and the full council for consideration and final recommendations, and;~~

1. Continue to ~~c~~Consult with the Security Services on the potential threats to Tower Hamlets given its strategic location and national assets
2. ~~Consider adding to~~ Explore the role of future S106 agreements additional funding for additional security measures over and above those funded through CIL
3. Note the ongoing work of the Protective Security Manager and others in ~~Identifying~~ in advance likely targets and considering what steps would be required to mitigate the impact of any future attack using vehicles or other methods as the new Protect Duty requires us to do.
4. Publicise such preparation where appropriate, in order to reassure residents and deter potential attackers
5. Implement existing capital projects for the development of protective security measures including areas ~~security measures in the areas adjoining Canary Wharf and other possible targets such as the Whitechapel Road, Brick Lane, Columbia Road Flower Market and mosques including the East London Mosque.~~

The motion as amended was **agreed**

12.3 Motion regarding the proposed new Chinese Embassy in Tower Hamlets and a proposal to investigate naming of roads or new buildings – Tiananmen Square, Uyghur Court, Hong Kong Road and Tibet Hill and establish that any collaboration between the Chinese Embassy and local schools reflects the borough’s heritage of standing up for each other.

Councillor Rabina Khan **moved** the motion as printed in the agenda subject to the addition of ‘Tibet Hill’ as a potential road name choice.

Councillor Asma Islam **moved** and Councillor Mayor John Biggs **seconded** the following amendment to the motion, as set out in the supplementary agenda.

Changes underlined:

This Council notes:

1. The purchase of the Royal Mint site in Tower Hamlets for the new People’s Republic of China London embassy building.

2. The number of residents living in Tower Hamlets from the People's Republic of China including Hong Kong residents. In addition, the number of businesses from there that are active and investing in Tower Hamlets. There is also a Tibetan community in the borough and Tibet has also been subjected to human rights' violations by the CCP.
3. The long history dating back to before the 1880's of the Chinese community in Tower Hamlets and that many people from the region are now citizens of the United Kingdom.
4. The historic ties between China, Hong Kong and Tower Hamlets due to the trade between these two countries, whether tea shipped into the docks or from the trading desks of the Hong Kong & Shanghai Banking Corporation (now HSBC) whose global headquarters are in Tower Hamlets.
5. Discussions on the potential to raise the Tibetan Flag and rename roads near the Royal Mint site as Tiananmen Square, Uyghur Court and Hong Kong Road.'
6. We are very proud of the fact that Tower Hamlets is such an open and tolerant borough where we truly value our diversity and understand the strength that it brings, and where we also understand and appreciate the need to be good partners and to foster good relationships.
7. We remain deeply concerned about China's human rights' record on a number of issues, in particular the appalling treatment of the largely Muslim Uyghurs, and the situations in Hong Kong and Tibet.
8. The BBC coverage of the allegations of systematic rape of Uyghur women in China.
9. That the Chinese Embassy in the UK has written to a [number of local schools](#) as part of its consultation to explore opportunities for future collaboration.

This Council further notes:

1. That Mayor Biggs wrote to the Chinese Ambassador on behalf of the Council to express deep concerns about China's human rights record.
2. Cllr Peter Golds has written to English Heritage regarding the heritage of the Royal Mint Street site; the plague pits at the Royal Mint Street site (New Chinese Embassy plans plagued by Black Death burial pits (<https://bit.ly/3r9nB3h>)).
3. That the Tibetan Community in Tower Hamlets wrote to the Mayor, Cllrs Khan, Wood and Golds requesting to raise the Tibetan Flag on 10th March 2021.
4. 10th March is Tibet's National Uprising Day, and the Tibetan flag is currently raised annually by Waltham Forest, Northampton, Woolwich and others.
5. Cllrs Khan, Wood and Golds responded that they welcomed raising the Tibetan Flag on 10th March 2021.
6. Mayor Biggs met with a representative of the Chinese Embassy last year to convey the council's concerns about China's actions and passed the request to raise the Tibetan flag to the Council's Chief Executive who has responsibility for such matters.
7. The Council's Chief Executive rejected the call for the Tibetan flag to be raised, citing protocols, even though other councils are raising the flag,

as mentioned above.

This Council Resolves:

1. That Tower Hamlets Council investigates whether roads or possibly new buildings near the location of the proposed Chinese Embassy could be renamed appropriately as acts of solidarity with historic symbols or place names of Chinese significance; for example: Tiananmen Square, Uyghur Court, Hong Kong Road and/or "Xiaobo Road" (in memory of Xiaobo Liu) – noting also the Council's review of the borough's public realm which included a resident consultation to identify monuments, plaques, buildings, roads which celebrated legacies which are not in keeping with the borough's values of diversity – and to investigate what other actions the council could take to show solidarity.
2. That there is no financial cost associated with naming roads and buildings to residents, businesses and schools or any other stakeholder.
3. Welcomes the relocation of the Chinese Embassy and its staff moving to Tower Hamlets. But that as new neighbours and friends we must continue to make clear where our own standards and principles apply, and we will not refrain from expressing the views of the Council, on behalf of our community, or asserting our support for the freedom and diversity of our borough.
4. That we in Tower Hamlets welcome residents of Hong Kong who wish to take advantage of their now increased ability to move to the United Kingdom (even if more could be done). The Borough has a long and proud history of being the first home in the UK for many people fleeing persecution in their original countries. And that those earlier arrivals are now British citizens.
5. To establish what kind of collaboration the Chinese Embassy in the UK is seeking with local schools and whether it will reflect the Borough's Strategic Plan, which states clearly: "We have a proud history of standing up for each other as one community and celebrating our differences." <https://democracy.towerhamlets.gov.uk/mgConvert2PDF.aspx?ID=130890>

Councillor Rabina Khan indicated that she accepted the amendment subject to the inclusion of the additional road name 'Tibet Hill' she had set out' under the 'Council resolves, point 1.

The motion as amended was **agreed**.

2. That there is no financial cost associated with naming roads and buildings to residents, businesses and schools or any other stakeholder.
3. Welcomes the relocation of the Chinese Embassy and its staff moving to Tower Hamlets. But that as new neighbours and friends we must continue to make clear where our own standards and principles apply, and we will not refrain from expressing the views of the Council, on behalf of our community, or asserting our support for the freedom and diversity of our borough.
4. That we in Tower Hamlets welcome residents of Hong Kong who wish to take advantage of their now increased ability to move to the United Kingdom (even if more could be done). The Borough has a long and proud history of being the first home in the UK for many people fleeing persecution in their original countries. And that those earlier arrivals are now British citizens.

13. URGENT MOTIONS

13.1 Urgent Motion regarding aftermath of Sarah Everard protests

Under Council Procedure Rule 11.2, Councillor Asma Begum **moved** and Councillor Rachel Blake **seconded** the motion as published in the supplementary agenda.

Following debate, the motion was **agreed** unanimously.

RESOLVED:

This Council notes:

1. The murder of Sarah Everard has launched a wave of anger and protest across the country. Reports from the vigil held at Clapham Common show police officers using excessive force against protestors
2. Blessing Olusogun's death remains unexplained
3. Nicole Smallman and Bibaa Henry were killed after meeting friends in a park. Police officers were detained at the time on suspicion of

- misconduct in public office on the grounds that they took and shared unofficial and inappropriate photographs of the women at the crime scene
4. Deaf and Disabled women, women from Black Asian Minority Ethnic backgrounds and LGBTQ women are even more likely to experience harassment, discrimination and abuse. Women from diverse backgrounds experience abuse differently and male power is used against them differently.
 5. Women living in poverty are particularly vulnerable to experiencing violence and face disproportionate challenges in accessing the necessary support to make them safe. Lack of access to secure housing, precarious employment, difficulty accessing social security and poverty work to keep women in abusive situations.
 6. There are on average 12 honour killings every year in the UK
 7. Whilst serious physical assaults by strangers are rare, street harassment and violence against women and girls is endemic in the UK:
 - 80% of women of all ages have been sexually harassed in public
 - 97% of young women have been sexually harassed
 - One in two women are sexually harassed in the workplace
 - One in three women experience domestic violence in their lifetime
 - One in five women will be raped in their lifetime
 - 2 women a week are killed by a current or former partner, and 3 women take their own lives following domestic abuse
 8. Women who report rape have a 3% chance of it ever being heard in court. Most women who survive domestic violence do not receive justice from the criminal justice system.
 9. In Nottingham, police have trialled treating misogyny as a hate crime.
 10. Tower Hamlets Council has an established a Champions programme to tackle Violence Against Women and Girls
 11. Tower Hamlets has a No Place for Hate campaign to send a clear and consistent message that hate will not be tolerated in our borough
 12. Tower Hamlets has invested in Independent Domestic Violence Advocates

This Council believes:

1. Male violence against women and girls is part of a broader culture of misogyny in society.
2. Perpetrators of serious violence usually have a history of inflicting abuse and harassment against other women and girls. Tackling violence against women and girls means dismantling this culture.
3. It also means tackling other forms of discrimination and the economic system that further enables abuse against women and girls.
4. That a justice system that allows one of the most heinous crimes to be effectively decriminalised is not fit for purpose. Sustained cuts to all elements of the justice system, as well as institutional misogyny mean that crimes against women and girls that are reported are not effectively investigated. The decision to fail to resource this work is a political choice.

This Council resolves to:

1. Stand in solidarity with protestors against violence against women and girls
2. Call for an urgent and thorough investigation into the operational policing of the vigil which took place on 13 March 2021 and for swift action to be taken
3. Call on the Home Secretary to thoroughly investigate the leadership of the policing of the vigil which took place on 13 March 2021
4. Call for this investigation to be held sensitively in public
5. Call for investment in the whole justice system
6. Call for the CPS not to insist that victims phones are confiscated, particularly when this isn't necessary, and making this a condition for the crime to be investigated
7. Call on the Government to ratify the Istanbul Convention on preventing and combatting VAWG
8. Call on the Government to ratify the International Labour Organisation's No.190, recognising the right of everyone to work free from gender based violence and harassment
9. Work with women across Tower Hamlets, organising listening and peer engagement events, to submit evidence to the investigation into the policing at the weekend
10. Call on the Tower Hamlets Borough Command Unit to prioritise investigating crimes against women and girls and ask them to ensure that people aren't penalised when they report a crime
11. Deliver culturally competent services which fully serve our diverse population
12. Support the design of a feminist city through our planning and design processes
13. Work with the Tower Hamlets Borough Command Unit on improving women's safety
14. Educate men through campaigns and bringing in male "allies"
15. Utilise all our resources to publicise all missing women and girls
16. Strengthen ward panels to have agenda items on hate crime incidents and domestic violence.
17. Continue the Violence Against Women and Girls Champions Programme
18. Work with schools and families to tackle toxic masculinity culture
19. Join local, London and national networks working to end Violence Against Women and Girls
20. Campaign for misogyny to legally recognised as a hate crime.

The meeting ended at 10.15 p.m.

Responses to Questions not asked at the Council Meeting on 17th March 2021

11.11 Question from Councillor Dipa Das

What support has the council given to help businesses recover from the impact of Covid -19?

Response from Councillor Motin Uz-Zaman, Cabinet Member for Work and Economic Growth

Thank you Cllr Das. As I said in my response to Cllr Chowdhury, the council can be proud of the work we have done to support local businesses during the pandemic and help their recovery.

In addition to the wide range of support measures discussed at the council meeting, there are numerous projects which illustrate how we are supporting businesses to emerge successfully from the pandemic. To give just one example I would highlight the 'Wick Together' project which provides new funding to stimulate the creative sector at Hackney Wick & Fish Island by commissioning projects for freelance creatives who have lost work because of the pandemic.

Alongside this the council also launched the White Post Lane Makers Market, giving local makers, designers and artists the opportunity to showcase their products. It is initiatives like this which we want to see across the borough and we would welcome your input as we continue to develop new proposals to support local businesses.

11.14 Question from Councillor Marc Francis

Will the Lead Member for Planning & Social Inclusion set out the enforcement action that has been taken against the developer of 329 Morville Street for its persistent breaches of the hours of operation on that site?

Response from Cabinet Member for Planning and Social Inclusion (job share) Cllr Eve McQuillan:

The Council currently has an open planning enforcement investigation concerning the allegations of working taking place outside of the permitted hours for this site.

The investigation began in March 2020, although due to the national restrictions on movement visits were not made to the site. Letters were still sent to the developers informing the investigation being carried out.

Towards the end of 2020 concerns were raised alleging Sunday working at the site. A local resident was contacted about these allegations, although at that time the working outside of the permitted hours appeared to have ceased which the resident agreed was most likely due to the external structure having been completed. The local resident in question was given contact details for the enforcement team should the breach reoccur. To date no further reports have been made to the team.

Noise pollution has a negative impact on resident's health and quality of life and the council will continue to take such allegations seriously.

11.15 Question from Councillor Victoria Obaze

What is the council doing to keep our streets clean during the pandemic?

**Response from Cabinet Member for Environment and Public Realm (job share)
Cllr Asma Islam:**

There is no doubt that keeping our streets clean has been more challenging during the pandemic. Not only are far more people rightly staying local, sickness and self-isolation has also affected our waste service crews.

Our first priority has been to ensure staff are kept safe and have the tools available to prevent potential spread of coronavirus. This means gloves, hand sanitisers and protective wear but also a testing centre specifically set up at the depot.

Despite the challenges we have continued to deliver an effective service including:

85 barrow sweepers working on any given day

Mechanical brooms are also deployed throughout the day

Daily cleaning of our markets

Targeted clearing of fly tipping hotspots including issuing 162 Fixed Penalty Notices for fly tipping since October.

11.16 Question from Councillor Ayas Miah

How much Covid grant have we received so far from government, can the lead member provide a breakdown of how we have spent it, and is there any further discretionary grant available for charities or non-rateable businesses?

Response from Cabinet Member for Resources and the Voluntary Sector, Cllr Candida Ronald:

The council has received around £62m from government in direct grants and reimbursements. These vary from un-ringfenced grant to reimbursements of lost income. In addition to this funding we have received and allocated over £200m in grants and business rate relief for businesses through statutory and discretionary schemes throughout the pandemic. We have also given rent free periods and other support to eligible charities and community organisations.

The Council has not been notified to date of any further discretionary grant specifically available for charities or non-rateable businesses.

11.17 Question from Councillor Shah Ameen

As the Liveable Streets scheme has been suspended in Whitechapel, will funding still be made available for cleaner streets, as that is needed?

Response from Mayor John Biggs:

Liveable Streets funding is for improving access to active travel and public transport, public realm and road safety.

However, there will be no Whitechapel Liveable Streets programme taking place until at least 2023. We think it makes sense for any changes to the roads in our ward to follow after the other big changes that are taking place locally. A number of large new housing developments, the opening of the new Town Hall and planned Whitechapel Road improvements will all affect Whitechapel significantly. We want to look at the impact these changes have before doing any more work to improve our streets. There may however be some smaller individual road works, for example

associated with public realm works in Whitechapel Road, to address individual traffic issues in specific streets and possible improvements to pedestrian access in the Ford Square and Cavell Street areas, together with ongoing school street proposals. There is also a proposal to improve the street scene in Cannon Street Road, on the boundary between Shadwell and Whitechapel Wards. Any such changes will be subject to local consultation.

Funding allocated for Whitechapel Liveable Streets project will be carried forward.

We are committed to ensuring that all the streets in the borough are kept clean and safe. We welcome suggestions from residents, businesses and councillors on areas which they think need attention and we will look to take appropriate actions based on need.

11.18 Question from Councillor Rabina Khan

Following the full council motion Regarding Fire Safety & The Security of The Housing Sector in Tower Hamlets when will there be an online cladding portal on the council website to provide information, updates on funding and remediation progress on what the council is doing for residents and leaseholders affected by the cladding crisis. This is not the generic fire safety information page on the council website but one specifically to address the Cladding Crisis.

Response from Cabinet Member for Planning and Social Inclusion (job share) Cllr Eve McQuillan:

While the information that the council holds on individual blocks is sensitive information and not for public consumption to ensure the safety of residents I can assure you that council officers regularly engage with resident groups and developers on individual buildings to ensure they are aware of their situation and what interim measures are in place as per the advice of the London Fire Brigade who undertake regular checks.

We regularly review our webpage content in relation to fire safety and have recently uploaded FAQs in relation to EWS1 alongside other cladding and fire safety advice.

We continue to regularly press Government for greater support for residents affected by the cladding crisis and the Mayor has spoken directly with the Minister responsible on multiple occasions in recent months to make this case.

11.19 Question from Councillor Puru Miah

Can the mayor confirm that the relevant Covid 19 risk assessment have been carried out for all front line council staff who have interaction with members of the public?

Response from Mayor John Biggs:

Thank you for your question. We greatly value our council staff who have all been there to support our community during the pandemic.

All services that have been open during the pandemic have been required to complete a risk assessment which has been reviewed by Corporate Health and Safety and Public Health as well as the cross-council Back to Business group, chaired by the Corporate Director of Place.

These risk assessments include the measures which have been taken to ensure staff are protected from Covid-19. As government policy has changed, services have refreshed and updated these risk assessments.

While many staff have been working from home to reduce risks to them and our residents those who are front line council staff have been required to complete an individual risk assessment and discuss this with their manager to ensure any individual circumstances are taken into account and acted upon.

Non-Executive Report of the: Council Wednesday, 19 May 2021	
Report of: Janet Fasan, Director of Legal and Interim Monitoring Officer	Classification: Open (Unrestricted)
PROPORTIONALITY AND ALLOCATION OF PLACES ON COMMITTEES OF THE COUNCIL 2021/22	

Originating Officer(s)	Matthew Mannion, Head of Democratic Services
Wards affected	All wards

Executive Summary

This report reviews proportionality as required by section 15 of the Local Government & Housing Act 1989 ('The 1989 Act'); recommends the establishment of committees and sub-committees as set out in the Council's Constitution; and proposes the allocation of places on those Committees between the political groups represented on the Authority.

The nominations from the groups for membership of those Committees and Sub-Committees in accordance with the allocation of places; and certain other bodies not covered by the proportionality rules, will follow at Agenda Item 8.

Part B, Section 26 of the constitution states that the Annual Council Meeting will establish an Overview & Scrutiny Committee and such other Committees/ Sub-Committees as it considers appropriate to deal with matters which are neither Executive Functions nor reserved to the Council. The Committees, Sub-Committees and other bodies appointed by the Council are listed at Part B, Sections 19-21 of the constitution.

Recommendations:

The Council is recommended to agree:

1. The review of proportionality as at Section 3 of this report and the allocation of seats on Committees and Sub-Committees for the Municipal Year 2021/22 as set out at paragraph 3.6.
2. To establish the Committees set out for the municipal year 2021/22, and for places to be allocated on those Committees, as set out at Paragraph 3.6.

1. REASONS FOR THE DECISIONS

- 1.1 This report establishes the Council's Non-Executive Committees and reviews the proportionality as required by Section 15 of the Local Government and Housing Act 1989 ('The 1989 Act').

2. ALTERNATIVE OPTIONS

- 2.1 Council could determine a different arrangement of Committees to perform the required decision making and scrutiny functions.

3. DETAILS OF THE REPORT

- 3.1 Section 15(1) of the 1989 Act requires the Council at, or as soon as practicable after, the Annual Meeting to carry out a review to determine the allocation to the political groups of seats on the Committees/ Panels of the Council. The principles which must be adopted are:
- (i) that in relation to each body covered by the Act, all seats are not allocated to the same political group;
 - (ii) that the majority of seats on each body must go to the political group with the majority on the Council (if any);
 - (iii) that subject to (i) and (ii) the number of seats on the total of all the ordinary Committees/ Panels of the authority allocated to each group bears the same proportion as that group's proportion of the seats on the full Council; and
 - (iv) that subject to the above three principles, the number of seats on each ordinary Committee of the authority allocated to each political group bears the same proportion as that group's proportion of the seats on the full Council.
- 3.2 Once the political groups have been allocated their places in accordance with the above rules, the Council may appoint ungrouped members to any remaining positions.
- 3.3 Neither the Cabinet, any executive sub-groups of the Cabinet, nor the Tower Hamlets Health and Wellbeing Board, are covered by the requirement for proportionality.

3.4 The political composition of the Council is as follows:

GROUP	SEATS (on Council)	PROPORTION ON COUNCIL	ENTITLEMENT (to seats on Committees)
Labour	41	91.11%	63.78 (64)
Conservative	2	4.44%	3.11 (3)
Ungrouped	2	0*	3 (remainder)
	45		70

* Ungrouped Councillors are not included in the proportionality calculation. As two Councillors are required to form a group the Liberal Democrat and Aspire Councillors are included in the 'ungrouped' designation above.

Allocation of Places on Committees

3.5 According to the above calculation the Labour Group would be entitled to 64 seats on these Committees, with the Conservative Group receiving 3 and a remainder of three which would be available for the ungrouped Councillors. However, as set out in Paragraph 3.1(i) above, no group can be allocated all the seats on a specific Committee. The allocations have been adjusted to meet that rule. The Labour Group has been allocated 62 seats and the two seats left over have been allocated to the Conservative Group as the other political group in the proportionality calculations.

3.6 Applying the above principles, the proposed allocation of places on the Committees established by the Council for the municipal year 2021/22 and covered by the requirement for proportionality, are listed below. The allocations for the remainder of the municipal year or until the next review of proportionality, whichever is the sooner, is as follows:

Committee	Total	Labour	Conservative	Ungrouped
Overview and Scrutiny Committee (plus 6 co-optees)	11	10	1	
Audit Committee	8	7	1	
Development Committee	7	6	0	1
Strategic Development Committee	8	7	0	1
General Purposes Committee	9	8	1	
Licensing Committee	15	14	1	
Pensions Committee	7	6	1	
Standards Advisory Committee (plus 5 Co-optees)	5	4	0	1
TOTALS	70	62	5	3

- 3.7 This will result in the allocation of all committee places amongst the political groups in accordance with the rules set out in the 1989 Act.
- 3.8 It is for the Overview and Scrutiny Committee to agree arrangements for its own sub-committees and it is due to formally set out its sub-committee arrangements at its upcoming committee meeting. However, for a sub-committee with the current 6 Members, allocation of places would be as follows:

Committee	Total	Labour	Conservative
Scrutiny Sub-Committee	6	5	1

4. EQUALITIES IMPLICATIONS

- 4.1 The purpose of the report is to ensure all political groups receive an appropriate allocation of Non-Executive Committee seats.

5. OTHER STATUTORY IMPLICATIONS

The attached appendices set out the positions that are open to nomination from the political groups for (a) members of committees and sub-committees and (b) chairs of the Council committees in accordance with the places allocated. 2. Appoint the Chairs of Committees for 2021/22 from amongst the nominations listed at Appendix 2 attached or any further nominations made at the meeting.
3. Agree that in relation to any unfilled places within the seats allocated to a particular political group, the Council note that the Director of Legal, as Interim Monitoring Officer has delegated authority subsequently to agree the appointments to those places in accordance with nominations from the relevant political group.

2. ALTERNATIVE OPTIONS

- 2.1 There are no alternative options.

3. DETAILS OF REPORT

- 3.1 Following the Council's decision to agree the establishment of committees and sub-committees of the Council as set out at Agenda Item 8; and the allocation of places on those committees and sub-committees in accordance with the proportionality rules, it is for Council to subsequently agree the appointment of Members to those Committees.
- 3.2 This report presents the proposed appointments for the political groups on the Council. Note that any appointments received after publication of the agenda will be circulated at the meeting for agreement. Each political group can also allocate up to three substitutes on each Committee where they have a place allocated.
- 3.3 Following the allocation to a political group by the Council, or a committee, of a seat or seats on a committee or sub-committee respectively, regulation 15 of the relevant Regulations provides that the political group has a period of three weeks from the date that notice is given to express its wishes in relation to the appointment to such a seat or seats. If the group fails to express its wishes within the prescribed period, the Council or committee may make such appointment to that seat or seats as they think fit. Further, the group to which a seat has been allocated is entitled to express a wish that the seat be filled by a member of a different political party or an ungrouped Councillor. However, that seat remains, in law, allocated to the first group and that group therefore retains the right to terminate the appointment.
- 3.4 Council also has the power to appoint Mayoral Advisors to give specific focus to cross-cutting themes and Mayoral priorities supporting and advising the Mayor and Cabinet on specific issues as determined by the Mayor. Mayoral Advisors are not members of the Executive.

Non-Executive Report of the: Council Wednesday, 19 May 2021	 TOWER HAMLETS
Report of: Janet Fasan, Director of Legal and Monitoring Officer	Classification: Open (Unrestricted)
COMMITTEE CALENDAR 2021-22	

Originating Officer(s)	Matthew Mannion, Head of Democratic Services,
Wards affected	(All Wards);

Executive Summary

This report proposes a calendar of Council, committee and other meetings for the forthcoming municipal year 2021/22.

The Calendar of Meetings was agreed at the Council meeting held on 17 March 2021. However, as is traditional, the report also presented at the Annual Council. Two specific changes are noted from the calendar presented at the March meeting. Overview and Scrutiny Committee’s meeting in March 2022 has been changed to 7 March to fit with the amended Cabinet date, whilst General Purposes Committee in June 2021 has changed to 24 June to avoid a meeting clash on its original date.

It is important to note that in the current pandemic situation, meeting dates and times may change and so Members should check the website for the latest information.

The calendar of meetings is presented at Appendix A to this report.

Recommendations:

The Council is recommended to:

1. Approve the proposed calendar of meetings for the municipal year 2021/22 as set out in Appendix A.
2. To delegate to the Interim Monitoring Officer authority to agree meeting dates for any new Committees or Panels that are set up subsequent to this report being presented to Council, subject to appropriate consultation with Members.
3. To note that the Constitution provides for the Monitoring Officer to agree to cancel, amend a meeting or arrange new meetings where required, subject to the requirements of the Council Procedure Rules.

4. To note that the Council procedure rules agreed in relation to the operation of 'virtual' or 'remote' committee meetings (Section 26A of the Constitution) expired on 6 May 2021 and that the Council is now operating under its original Council Meeting Procedure Rules set out in the Constitution.

1. REASONS FOR THE DECISIONS

- 1.1 The Council is required to give public notice of its meetings in order to fulfil its legal obligations under the Access to Information Rules set out in the Constitution and to meet its obligations under the Local Government Act 1972.
- 1.2 The calendar will assist the Council to meet its legal requirements by setting out in a schedule, the meetings it intends to hold which all may easily refer to. It also aids transparent governance by enabling the work at meetings to be planned in advance. Hence the practice of presenting this report has evolved and is maintained.
- 1.3 Council is also asked to delegate to the Interim Monitoring Officer the authority to agree meeting dates for any new Committees or Panels that are set up subsequent to this report being presented to Council, subject to appropriate consultation with Members to ensure that there supporting arrangements to allow the Council to continue to be able to deliver its meetings efficiently.

2. ALTERNATIVE OPTIONS

- 2.1 None are presented although it would be within the powers of Council to vary the proposed Committee meeting dates, times and frequencies as well as to change the overarching Committee structure.

3. DETAILS OF THE REPORT

- 3.1 The draft calendar is presented at Appendix 1 to the report. In general it follows the same pattern of meetings set in previous years in terms of frequency of meetings with the Annual Meeting in May 2021 and all meetings following on from that.
- 3.2 Cabinet and other Executive meetings will continue to take place on Wednesdays. The Overview and Scrutiny Committee (OSC) will therefore meet on the Monday of the same week as Cabinet. This supports the role of OSC in providing Pre-Scrutiny of Executive decisions by giving OSC Members time to review the Cabinet papers before their own meeting takes place.
- 3.3 Mirroring the arrangements in recent years, an additional Cabinet meeting is scheduled for the beginning of January 2022 to consider the draft budget proposals before submission to the special budget OSC meeting later that month.

- 3.4 The next Local Elections are scheduled for 5 May 2022. The meeting cycle for most committees has therefore been arranged to conclude a few weeks before that date to ensure all necessary work can be concluded in time. This may mean that some meetings are brought forward to the earlier part of the year, for example, the Scrutiny Sub-Committee's are scheduled with three meetings in the autumn and one after Christmas.
- 3.5 As in previous years, efforts have been made to avoid holding meetings during school holidays, with particular reference to August. However, it may be necessary for some meetings to be held especially in relation to regulatory matters. Wherever possible we have also sought to minimise the impact of meetings on Members where these clash with certain religious holidays and party conferences. In most cases, Committee meetings are listed at 5.30pm during Ramadan to allow the meetings to conclude before the breaking of the fast.
- 3.6 Major international sporting events have also been noted.
- 3.7 As Members will be aware, any subsequent requests to change dates, or add/remove meetings of Committees following approval of the Committee Calendar by Council, or to set up Special Meetings of the Committees, are subject to consultation with the Chair(s) of the Committees, relevant members and the Chief Executive/Monitoring Officer.
- 3.8 Each year changes to the Committee structure may be necessary to enable the Council to discharge its responsibilities. It is proposed to provide delegated authority to the Interim Monitoring Officer to agree any new meeting dates in such circumstances.

Virtual Meetings

- 3.9 The Local Authorities and Police and Crime Panels (Coronavirus) (Flexibility of Local Authority and Police and Crime Panel Meetings) (England and Wales) Regulations 2020 which made provision for remote attendance at, and remote access to, council meetings, expired on 6 May 2021. After this time, all meetings will have to revert to physical attendance for decision makers and other key participants. The Council is developing new hybrid solutions to allow non-decision makers to continue to attend meetings virtually where this is appropriate.
- 3.10 The Committee Calendar has been prepared on the basis that all meetings will revert to physical attendance and also to the previous start times. However, Committee Chairs may discuss with the Monitoring Officer appropriate changes to dates and times should that be useful, especially if the ability to hold virtual meetings is extended.
- 3.11 It is currently expected that social distancing regulations will be relaxed on or around 21 June. From the date of full relaxation, attendance at physical meetings by all Members, officers and the public will be possible. Any

meetings taking place before that date may need to operate on reduced or minimum physical attendance (including only partial member attendance) depending on the pandemic situation at the time.

Learning and Development and other details

- 3.12 Potential Member Learning and Development dates have also been listed in the Calendar and have been listed, where possible, when no Committee meetings are planned in order to encourage attendance.

4. EQUALITIES IMPLICATIONS

- 4.1 In collating this schedule of meetings, consideration has been given where possible to avoiding school holidays, known religious holidays and other dates which could inhibit attendance or participation by one or more section(s) of the borough's community. Certain meetings, such as the Health and Wellbeing Board will also take place at external venues where this is useful to encourage attendance and improve accessibility.

5. OTHER STATUTORY IMPLICATIONS

- 5.1 This section of the report is used to highlight further specific statutory implications that are either not covered in the main body of the report or are required to be highlighted to ensure decision makers give them proper consideration. Examples of other implications may be:

- Best Value Implications,
- Consultations,
- Environmental (including air quality),
- Risk Management,
- Crime Reduction,
- Safeguarding.
- Data Protection / Privacy Impact Assessment.

- 5.2 None specific to this report.

6. COMMENTS OF THE CHIEF FINANCE OFFICER

- 6.1 There are no direct financial implications arising from this report.

7. COMMENTS OF LEGAL SERVICES

7.1 The Recommendations of the Report seek Council's approval of the proposed calendar of meetings for the municipal year 2020/21 as set out in Appendix A, and the delegation to the Interim Monitoring Officer to agree forthcoming dates for any new Committees or Panels that are set up subsequent to this report being presented to Council.

7.2 Additionally, Council is also requested to note the requirements in the Constitution that enable the Monitoring Officer to agree to cancel, amend a

meeting or arrange new meetings where required, subject to the requirements of the Council Procedure Rules.

7.3 As advised at paragraph 1.1 of the Report the Council is required to give public notice of its meetings in accordance with the statutory requirements set out in the Access to Information Rules set out in the Constitution and the Local Government Act 1972.

7.4 As indicated in paragraph 3.9, the Local Authorities and Police and Crime Panels (Coronavirus) (Flexibility of Local Authority and Police and Crime Panel Meetings) (England and Wales) Regulations 2020 which made provision for remote attendance at, and remote access to, council meetings, expired on 6 May 2021. After this time, all meetings have to revert to physical attendance for decision makers and the Interim Monitoring Officer is providing advice on the extent to which hybrid solutions may be implemented under current legislation, to allow non-decision makers to continue to attend meetings remotely.

7.5 Council will further note paragraph 4.1 of the Report, which sets out the Council's consideration of the equalities impact of the Recommendations in satisfaction of its Public Equality Duty.

Executive Summary

The examiner’s report on the Isle of Dogs Neighbourhood Plan was received by the Council and the Isle of Dogs Neighbourhood Forum on 14 April 2020, and recommended that the neighbourhood plan be sent to referendum with a number of modifications. The Council accepted this referendum and, after a delay due to the pandemic, the referendum was held on 6 May 2021. Following the outcome of the referendum, the Council must make a decision on whether to formally ‘make’ the neighbourhood plan and adopt it as part of the development plan for the borough.

Recommendations:

The Council is recommended:

1. To note the result of the Isle of Dogs Neighbourhood Plan referendum and adopt the neighbourhood plan, in line with the Planning and Compulsory Purchase Act 2004, Section 38A.
2. To agree that plan is not implemented until 1 July 2021.

1. REASONS FOR THE DECISIONS

- 1.1 The Isle of Dogs Neighbourhood Plan was submitted to the Council, consulted on, and independently examined in line with the provisions in the Town and Country Planning Act 1990, Schedule 4B and the Neighbourhood Planning (General) Regulations 2012. The recommendation of the independent examiner was that the neighbourhood plan be sent to referendum with a number of modifications. This recommendation was accepted by the Council.

- 1.2 The Isle of Dogs Neighbourhood Plan Referendum was held on 6 May 2021. Voters were asked the question: “Do you want the London Borough of Tower Hamlets to use the neighbourhood plan for the Isle of Dogs Neighbourhood Planning Area to help it decide planning applications in the neighbourhood area?”.
- 1.3 The result of the referendum was that 7,874 people voted ‘yes’ and 1,264 voted no, with 401 rejected ballots. This means that the neighbourhood plan was supported by 86.2% of the eligible votes cast.
- 1.4 The Planning and Compulsory Purchase Act 2004, Section 38A(4) requires that a local planning authority must formally make a neighbourhood plan if more than half of those voting in a relevant referendum approve the neighbourhood plan. The neighbourhood plan must be made as soon as reasonably practicable after the referendum, and within 8 weeks of the day after the referendum.
- 1.5 The exception to the 8 week timeline for making the neighbourhood plan is where a legal challenge has been raised in relation to the conduct of the referendum.
- 1.6 By making the neighbourhood plan, it will be formally adopted as part of the development plan for the borough, and will be used in decision-making on all relevant planning applications.

2. ALTERNATIVE OPTIONS

- 2.1 Under the Planning and Compulsory Purchase Act 2004, Section 38A(6), a local planning authority can decline to make a neighbourhood plan following a successful referendum only if it considers the neighbourhood plan to breach, or be otherwise incompatible with, any EU obligations or any of the Convention rights under the Human Rights Act 1998. The reference to EU obligations can here be understood as those EU obligations that were transferred into UK law and have not been repealed since the UK left the EU.
- 2.2 The decision to send the neighbourhood plan to a referendum was taken as an Individual Mayoral Decision (due to a prescribed time period of 5 weeks between a local planning authority receiving the final examiner’s report and making a decision on its recommendations) on 12 May 2020. The report accompanying this decision assessed whether the neighbourhood plan, as modified, would meet the basic conditions and legal obligations required of neighbourhood plans under the relevant legislation – which include conformity with EU obligations and Convention rights. The report concluded that it did.
- 2.3 There have been no further modifications to the neighbourhood plan since that decision, and it is therefore considered that the assessment from the previous report still applies, and the neighbourhood plan is not incompatible with any EU obligations or Convention rights.

- 2.4 Given this situation, while deciding not to make the neighbourhood plan is a potential alternative option, it is not the recommended option. Taking this option without strong justification as to why the plan fails to comply with EU obligations and Convention rights would open the Council up to intervention by the Secretary of State to force the neighbourhood plan to be made.

3. DETAILS OF THE REPORT

- 3.1 This report provides an assessment of the referendum and adoption of the Isle of Dogs Neighbourhood Plan.

- 3.2 The content of this report is as follows:

- Section 4: provides an introduction to Neighbourhood Planning
- Section 5: outlines the relevant legislative framework and guidance
- Section 6: provides an assessment of the referendum and adoption of the Isle of Dogs Neighbourhood Plan

4. INTRODUCTION TO NEIGHBOURHOOD PLANNING: A COMMUNITY-LED PROCESS

- 4.1. The Localism Act 2011 amended the Town and Country Planning Act (TCPA) 1990 to make provision for neighbourhood planning, which gives communities direct power to develop a shared vision for their neighbourhood and shape the development and growth of their local area. Neighbourhood planning provides a powerful set of tools for local people to ensure that they get the right types of development for their community where the ambition of the neighbourhood is aligned with the strategic needs and priorities of the wider local area.
- 4.2. The legislative provisions concerning neighbourhood planning within the TCPA 1990 are supplemented by the Neighbourhood Planning (General) Regulations 2012 (as amended by the Neighbourhood Planning (General) (Amendment) Regulations 2015) and the Neighbourhood Planning (Referendum) Regulations 2012.
- 4.3. Neighbourhood planning provides communities with the ability to prepare a Neighbourhood Development Plan (NDP) and/or Neighbourhood Development Order (NDO), in areas designated by the LPA on application as a neighbourhood area. Neighbourhood planning powers may only be exercised by bodies authorised by the legislation. In a neighbourhood area where there is a parish council, only a parish council may make proposals for a NDP or NDO. In neighbourhood areas without a parish council, only a body designated by the LPA as a neighbourhood forum may bring forward proposals for that neighbourhood area.
- 4.4. NDPs set out policies in relation to the development and use of land in all or part of a defined neighbourhood area and may include site allocations, or

development principles, for allocated sites. They may also include character appraisals and seek to establish community facilities and/or identify areas for public realm improvements. NDOs allow for planning permission to be granted in the circumstances specified and exempt certain types of development, or development in certain areas, or on particular sites, from the usual requirement to apply to the LPA for a grant of planning permission.

- 4.5. Both NDPs and NDOs need to be in general conformity with the strategic policies of the Council's Development Plan: the Tower Hamlets Local Plan (2020) and the London Plan (2021).
- 4.6. An NDP that has been 'made' in accordance with the relevant legislative provisions forms part of the Council's statutory Development Plan (comprising the Local Plan and London Plan) and, as such, will be accorded full weight when determining planning applications in the neighbourhood area. NDPs will form a new spatial layer to the Council's planning policy and guidance.
- 4.7. NDP policies are developed by a neighbourhood forum through consultation with stakeholders in their relevant neighbourhood area and through engagement with Council officers. Proposed NDP policies must be supported by an up-to-date evidence base to ensure that they are reasonable, sound and justified. Before the NDP is 'made' it must be subject to pre-submission publicity and consultation, submitted to the LPA for a legal compliance check, publicised for consultation, submitted for independent examination, found by the independent examiner to meet the basic conditions specified in the legislation, and passed at a referendum. Following the Neighbourhood Planning Act 2016, an NDP must be given some weight in determining planning applications once it has passed examination – even before it has passed at a referendum.

Community Infrastructure Levy

- 4.8. The Community Infrastructure Levy Regulations 2010, as amended by the Community Infrastructure Levy (Amendment) Regulations 2013 ('the CIL Regulations') were supplemented by the Community Infrastructure Levy Guidance Note, published by DCLG on 26 April 2013. The 2013 guidance was replaced by the Government's PPG on 6 March 2014.
- 4.9. The CIL Regulations, as explained by the Planning Practice Guidance (PPG), make provision for how CIL receipts may be used in relation to neighbourhood planning in those areas which have Parish Councils and those which do not. Tower Hamlets currently does not have any Parish Councils and, as such, the Council retains the revenue generated by CIL.
- 4.10. The Community Infrastructure Levy PPG states (at paragraph 145) that in areas where there is a 'made' NDP or NDO in place, 25% of CIL collected in the neighbourhood area should be spent in that area. Where there is a parish council in place, the money should be passed to the parish council for them to spend directly. Paragraph 146 states that "if there is no parish or town council, the charging authority will retain the levy receipts but should engage with the

communities where development has taken place and agree with them how best to spend the neighbourhood funding”.

- 4.11. Therefore, where an NDP or NDO has been adopted, the Council is required to consult with the local community as to how this 25% proportion of CIL receipts will be spent. Irrespective of this regulation, the Cabinet in December 2016, agreed to undertake this for all areas of the borough whether or not an NDP or NDO has been adopted.

5. NEIGHBOURHOOD DEVELOPMENT PLANS: RELEVANT LEGISLATION AND GUIDANCE

- 5.1. This section outlines the relevant legislative framework and guidance as they relate to the making of NDPs following a referendum.
- 5.2. In accordance with Section 38A(4) of the Planning and Compulsory Purchase Act (PCPA) 2004, a local planning authority:
- (a) Must make a neighbourhood development plan [...] if in each applicable referendum under [Schedule 4B of the TCPA 1990] more than half of those voting have voted in favour of the plan, and*
 - (b) If paragraph (a) applies, must make the plan as soon as reasonably practicable after the referendum is held and, in any event, by such date as may be prescribed.*
- 5.3. Section 38A(6) of PCPA 2004 adds that:
- The authority are not to be subject to the duty under subsection (4)(a) if they consider that the making of the plan would breach, or would otherwise be incompatible with, and EU obligation or any of the Convention rights (within the meaning of the Human Rights Act 1998).*
- 5.4. The Planning Policy Guidance on Neighbourhood Planning issued by the government notes four particular EU obligations, as incorporated into UK law, that may be of particular relevance to neighbourhood planning. These are the Strategic Environmental Assessment Directive; the Environmental Impact Assessment Directive; the Habitats Directive; and the Wild Birds Directive (reference 41-078-20140306). The Environmental Impact Assessment Directive would apply to neighbourhood development orders aimed at granting planning permission on a specific site; while the Strategic Environmental Assessment Directive would apply to plans for a wider area such as the Isle of Dogs Neighbourhood Plan. Although the UK has now left the EU, the requirements of these directives are still incorporated into UK law at this time.
- 5.5. The Neighbourhood Planning (General) Regulations 2012 prescribe a time limit for making a neighbourhood plan following a referendum. Regulation 18A (as inserted by the Neighbourhood Planning (General) and Development Management Procedure (Amendment) Regulations 2016) states:

(1) The date prescribed for the purposes of Section 38A(4)(b) of the 2004 Act is the date which is the last day of the period of 8 weeks beginning with the day immediately following that on which the last applicable referendum is held.

- 5.6. This time limit does not apply if a legal challenge is brought in relation to the decision to hold a referendum or around the conduct of the referendum.
- 5.7. Following a decision to make a neighbourhood plan, the local planning authority must publish (and send to the qualifying body and any other parties who asked to be informed of the decision) a decision statement setting out the reasons for the decision. This is set out under PCPA Section 38A(9) and (10) and Regulation 19 of the Neighbourhood Planning (General) Regulations 2012.

6. NEIGHBOURHOOD DEVELOPMENT PLANS: MAKING THE ISLE OF DOGS NEIGHBOURHOOD PLAN

- 6.1. This section provides an assessment of the proposal to make the Isle of Dogs Neighbourhood Plan, in relation to the legislation outlined above.

Outcome of the Referendum

- 6.2. The referendum on the Isle of Dogs Neighbourhood Plan was held on 6 May 2021. The referendum area was the same as the Neighbourhood Planning Area, and all registered voters living within the Neighbourhood Planning Area were able to vote. The referendum asked the question: “Do you want the London Borough of Tower Hamlets to use the neighbourhood plan for the Isle of Dogs Neighbourhood Planning Area to help it decide planning applications in the neighbourhood area?”.
- 6.3. 9,539 votes were cast in the referendum, from an electorate of 25,882 people, giving a turnout of 36.99%. Of those voting, 7,874 voted ‘yes’, 1,264 voted ‘no’, and 401 had their ballot papers rejected. Of the eligible votes cast, 86.2% were in favour of using the neighbourhood plan to help decide planning applications for the neighbourhood area.

EU Obligations and Convention Rights

- 6.4. The question of whether the Isle of Dogs Neighbourhood Plan is compatible with EU obligations and other legal obligations such as Convention rights was considered in the report accompanying the Individual Mayoral Decision of 12 May 2020 that agreed to send the neighbourhood plan to referendum.
- 6.5. It was noted that the examiner’s report on the neighbourhood plan stated that “I have concluded that, subject to certain modifications, the plan would meet the legal requirements”. The IMD report agreed with the examiner’s assessment that the neighbourhood plan would meet the legal conditions for neighbourhood plans if the proposed recommendations were implemented.

These recommended changes were implemented, and the modified version of the neighbourhood plan was the one considered at the referendum.

- 6.6. Requirements related to the Strategic Environmental Assessment, Habitats, and Wild Birds Directives were covered by a Strategic Environmental Assessment and Habitats Regulation Assessment Screening Report prepared by the Council in July 2019. This report found that, given the proposals in the Isle of Dogs Neighbourhood Plan, a full Strategic Environmental Assessment or Habitats Regulation Assessment would not be required.
- 6.7. No changes of circumstance have taken place since the decision of 12 May 2020 to suggest that the neighbourhood plan no longer meets its legal obligations.

Deadline for Decision

- 6.8. The referendum on the neighbourhood plan was held on 6 May 2021. Under the requirements of the Neighbourhood Planning (General) Regulations 2012 (as amended), the decision on whether to make the neighbourhood plan should be taken by 1 July 2021.

Conclusion and Publicity

- 6.9. Due to the above assessment, it is recommended that the Isle of Dogs Neighbourhood Plan should be made, and formally adopted as part of the development plan for the borough. The neighbourhood plan was supported by more than half of those voting in the referendum, with 86.2% in favour of using the plan to help decide planning applications in the neighbourhood planning area.. The neighbourhood plan does not breach any EU or other legal obligations.
- 6.10. Following the making of the neighbourhood plan, it will be accorded full weight in planning decisions made for land within the Isle of Dogs Neighbourhood Planning Area. A copy of the neighbourhood plan and a map of the neighbourhood planning area have been attached to this report as appendices.
- 6.11. If the decision is taken to make the Isle of Dogs Neighbourhood Plan and formally adopt it as part of the development plan for the borough, a decision statement will be published on the Council's website and distributed to the Isle of Dogs Neighbourhood Forum and any other interested parties.

7. EQUALITIES IMPLICATIONS

- 7.1. Officers have used the Council's Equality Impact Assessment Screening tool to consider impacts on people with the protected characteristics outlined in the Equalities Act 2010. It is considered that the proposals in this report do not have any adverse effects on people who share the protected characteristics and no further action is required.
- 7.2. The Isle of Dogs Neighbourhood Forum prepared an equalities impact assessment of the proposals in the neighbourhood plan, and included this in the Basic Conditions Statement dated October 2019, which formed part of the neighbourhood plan submission. The Basic Conditions Statement was part of the submission package considered by Cabinet on 18 December 2019; part of the Regulation 16 consultation on the neighbourhood plan held in January and February 2020 (see paragraph 8.2 below); and was considered by the examiner as part of the examination of the neighbourhood plan held between February and April 2020. No concerns were raised about the equalities impact assessment at any of these stages.

8. OTHER STATUTORY IMPLICATIONS

- 8.1. This section of the report is used to highlight further specific statutory implications that are either not covered in the main body of the report or are required to be highlighted to ensure decision makers give them proper consideration. Examples of other implications may be:
- Best Value Implications,
 - Consultations,
 - Environmental (including air quality),
 - Risk Management,
 - Crime Reduction,
 - Safeguarding.
- 8.2. Consultations: The Isle of Dogs Neighbourhood Plan underwent two stages of formal consultation earlier in the process. The first stage (known as 'Regulation 14' consultation) was held between 3 April and 16 May 2019, and organised by the neighbourhood forum. The responses to this consultation were used by the neighbourhood forum to update the neighbourhood plan, as set out in the Consultation Statement that was submitted alongside the neighbourhood plan for examination. Following the submission of the neighbourhood plan for examination, the Council arranged a second stage of consultation between 9 January and 19 February 2020 (known as 'Regulation 16' consultation). The responses from this consultation were submitted to the independent examiner of the plan for consideration as part of the examination process.
- 8.3. Environmental Implications: There is a statutory requirement to determine whether neighbourhood plans require a Strategic Environmental Assessment (SEA) or Habitats Regulations Assessment (HRA), and for such assessments to be undertaken if necessary. The Council undertook an SEA/HRA screening of the draft neighbourhood plan before submission for examination, and concluded that a full SEA or HRA was not required. This decision was published by the Council in July 2019.

9. COMMENTS OF THE CHIEF FINANCE OFFICER

- 9.1. There are no material financial implications emanating from this report which seeks the adoption of the Isle of Dogs neighbourhood plan.
- 9.2. Any costs associated with the referendum process and adoption of the plan will be met from within existing revenue budget provision.
- 9.3. There is no Parish Council in place for the Isle of Dogs area. As a result, the CIL regulations 2010 allow the Council to retain any CIL income collected from this area but it must reinvest 25% of this income back into the local community. Should the neighbourhood plan be adopted then this will need to be considered when allocating CIL funding.

10. COMMENTS OF LEGAL SERVICES

- 10.1. Section 38A(4) of the Planning and Compulsory Purchase Act 2004('the 2004 Act') defines a 'neighbourhood development plan' as a plan which sets out policies (however expressed) in relation to the development and use of land in the whole or any part of a particular neighbourhood area specified in the plan. Section 38A(4) of the 2004 Act also states that Schedule 4B of the Town and Country Planning Act 1990 ('TCPA 1990') also applies to neighbourhood development plans.
- 10.2. The Isle of Dogs Neighbourhood Plan was submitted to the Council, consulted on, and independently examined in line with the provisions in Schedule 4B of the Town and Country Planning Act 1990, and the Neighbourhood Planning (General) Regulations 2012(as amended).
- 10.3. In accordance with the recommendations in this report and pursuant to paragraph 12(4) and (5) of Schedule 4B of the TCPA 1990, the Council must hold a referendum on the making of a neighbourhood development plan.
- 10.4. Due to the Coronavirus pandemic, all neighbourhood planning referendums scheduled to take place between 16 March 2020 and 5 May 2021 were postponed until 6 May 2021 pursuant to the Local Government and Police and Crime Commissioner (Coronavirus) (Postponement of Elections and Referendums) (England and Wales) Regulations 2020.
- 10.5. Under s38(4) of the 2004 Act, the Council must make a neighbourhood development plan if in any referendum held under Schedule 4B of the TCPA 1990, more than half of those voting have voted in favour of the plan. The Council must make any such plan as soon as reasonably practicable after the referendum is held and no later than the last day of the period of eight weeks beginning with the day immediately following that on which the referendum is

held. This means that the Council will need to formally make the neighbourhood plan by 1 July 2021.

- 10.6. Pursuant to s38(6) of the 2004 Act, if the neighbourhood plan has been approved at the referendum, it will attain the same legal status as a local plan (and other documents that form part of the statutory development plan). At this point it will come into force as part of the statutory development plan and applications for planning permission in this neighbourhood area must be determined in accordance with this development plan, unless material considerations indicate otherwise.
- 10.7. Pursuant to sections 38A(9) and (10) of the PCPA 2004 and regulation 19 of the Neighbourhood Planning (General) Regulations 2012, following a decision to make a neighbourhood plan, the local planning authority must publish (and send to the qualifying body and any other parties who asked to be informed of the decision) a decision statement setting out the reasons for the decision.
- 10.8. If the referendum supports the making of a neighbourhood plan, and following the formal adoption of such plan, the neighbourhood area can benefit from the allocation of 25% of CIL receipts relating to planning permissions granted in the area. The council will hold these funds but will consult with local people on how best to spend the money which could include supporting infrastructure development and addressing any other demands that development places on the area
- 10.9. Under s61(N) of the Town and Country Planning Act 1990, a claim for judicial review questioning anything related to the referendum must be filed before the end of 6 weeks beginning with the day after the day on which the result of the referendum is declared. Deferring the implementation of the neighbourhood plan until after the end of 6 week period for any claim to be filed will provide certainty to both officers and the development industry on the application of the adopted neighbourhood plan.
- 10.10. In terms of any implications of the proposed recommendations arising from the Equality Act 2010 paragraphs 7.1 and 7.2 of this report state that the Council has subjected the recommendations in this report to an Equalities Impact Assessment Screening Tool. It concludes that the proposals in this report do not have any adverse effects on people who share Protected Characteristics as defined in the Equality Act 2010 and no further action is required. Additionally, the Isle of Dogs Neighbourhood Forum prepared and submitted an Equalities Impact Assessment with the Basic Condition Statement dated October 2019, which formed part of the neighbourhood plan submission and which was considered both by the Council and the independent Examiner with no issues being identified. Both documents concluded that no negative equalities impacts would arise from the implementation of the Neighbourhood Plan. The assessments therefore demonstrate that the Council has complied with and discharged the Public Sector Equality Duty in s149 of the Equality Act 2010.

10.11. Paragraph 8.2 of this report sets out the extent of the consultation exercises undertaken and demonstrates a fair and legally robust process.

Context

Why we need a neighbourhood plan

- 1.1. The Isle of Dogs is the fastest growing place in the UK, with an unprecedented level of development activity underway from a diverse set of developers from across the world. Unlike some other major development areas in London, we do not have one key developer but many different ones operating independently of each other. As a result, awareness of development is less than in areas with one main developer like the Greenwich Peninsula.
- 1.2. South Quay and Millharbour will be the densest residential area in the UK, and even those parts of the island further away from the most intense development will still be affected due to the geographical constraints of the island. We will all be relying on the same Infrastructure wherever we live on the island.
- 1.3. The Isle of Dogs has made several profound transitions over the past two centuries. From being London's best pasture land for fattening cattle, to the development of the docks opening the UK up to the world, to a major centre of industrial manufacturing, to the expansion of the City of London in the 1980s, to a new financial centre at Canary Wharf.
- 1.4. Now we are undergoing another transformation with the 1980s-built offices and warehouses being replaced with the tallest residential buildings in the UK. Nowhere in the UK – or even in the whole of western Europe – will be as tall and dense as our Area.
- 1.5. There has not been a lack of planning. As Professor Matthew Carmona from the Bartlett School of Planning shows in his paper "The Isle of Dogs: Four development waves, five planning models, twelve plans, thirty-five years, and a renaissance . . . of sorts"¹ published in 2009, there has been lots of planning. But what has been missing is a plan that involves and directly relates to the community; which is ambitious for the Area; which is as focussed on execution of the plan as it is on the plan itself; and which looks at the Area as a unique system requiring unique solutions.
- 1.6. Our objective is to make the Isle of Dogs the best place to live in London for existing and future residents, making this truly Sustainable Development.
- 1.7. In the introduction to the first draft of the South Quay Masterplan, Sir Edward Lister, the then Deputy Mayor for London responsible for Planning, said in October 2014: "South Quay is enjoying unprecedented interest from developers all of whom want to bring forward their own plans. While we want to see the comprehensive regeneration of the area, what we cannot allow is a situation where planning is granted on a first-come-first-served basis with no overall strategy, as this could eat up valuable space, have a negative impact on the public realm and potentially cause other schemes to collapse."²
- 1.8. October 2014 was also when residents first decided to set up the Isle of Dogs Neighbourhood Planning Forum for much the same reasons as Sir Edward outlined.

1.9. Perhaps the best illustration of the scale of growth is to look at New Homes Bonus receipts from the Government which are granted as a reward to Councils for delivering new homes. Since its inception, Tower Hamlets has always been the largest recipient in the country, earning even more than the whole City of Birmingham between 2012 and 2019.

Financial Year	Tower Hamlets	Next largest recipient in year
2011/12	£4.3 million	£3.7 million Islington Council
2012/13	£10.1 million	£7.4 million Birmingham City Council
2013/14	£16.1 million	£10.3 million Birmingham City Council
2014/15	£19.5 million	£15.1 million Birmingham City Council
2015/16	£24.8 million	£17.8 million Birmingham City Council
2016/17	£28.6 million	£21.1 million Birmingham City Council
2017/18	£23.9 million	£17.1 million Cornwall UA
2018/19	£20.7 million	£12.9 million Wandsworth Council
2019/20	£19.2 million	£13 million Wandsworth Council
2020/21	£22 million	£15 million Newham Council
Total	£189.4 Million

1.10. This plan is uniquely focused on dealing with the scale of growth currently underway and expected to emerge over the next decade as our neighbourhood Area continues to be the most important deliverer of new homes and jobs in the country.

Strategic Planning Context

1.11. The Isle of Dogs (as a whole) is the fastest growing part of the London Borough of Tower Hamlets, which in turn is the fastest growing borough in London, and indeed probably the country (for its size). Aspirations for the growth of Isle of Dogs (as a whole) have been repeatedly revised upwards – from 3,500 homes in 2004 to 29,000 homes in 2018. Transport

for London’s high-growth assumptions for a “worst-case” scenario is 59,000 homes, and some 19,500 homes already have planning permission³.

- 1.12. The Isle of Dogs (including Canary Wharf) is important to securing a very significant contribution to London’s housing supply and achieving the raised housing targets for the Isle of Dogs. The draft London Plan housing targets for the Isle of Dogs Opportunity Area – larger than the Plan area – is now 29,000 homes, with a target of 110,000 new jobs. The GLA’s Opportunity Area Planning Framework for the Isle of Dogs and South Poplar sets out the need and timing for some £1 billion of additional Infrastructure investment to support this level of growth, the practical detail and funding for much of which has yet to be identified.

Figure 1: Isle of Dogs Neighbourhood Area, as approved by Tower Hamlets Council on 5th April 2016

Isle of Dogs Community Vision and Objectives

- 1.13. The following vision and objectives were drafted by the Isle of Dogs community before embarking on the drafting of a formal Neighbourhood Plan. They do not form part of the statutory part of this Plan, and some of the objectives may well be delivered through other means, or have been adjusted following further consideration of the policies in the Plan. It is included here solely to provide context for the policies in the Plan, and to demonstrate the wider aspirations of the community:

³ 2004 figure: London Plan 2004, Table 5C.1; 2018 figure: London Plan Intend to Publish Version, Table 2.1; TfL figure: Isle of Dogs and South Poplar OAPF Transport Strategy, p.6; Existing permissions figure: Isle of Dogs and South Poplar OAPF, p.17.

“A liveable environment in which our diverse community can work, rest and play”

- 1.14. We the people of the Isle of Dogs believe that our island is a great place to live and work, but it is undergoing enormous change. We have come together to form a Neighbourhood Planning Forum for the Isle of Dogs to work collectively to produce policies which will guide the future development of our Area.
- 1.15. The Isle of Dogs is more than just a dormitory for Canary Wharf. It should be a destination in its own right, with everything people need on a daily basis within walking distance, and where we can imagine enjoying living and working at all stages of our lives.
- 1.16. Our vision is of a relaxed, quiet, safe and secure home, that has the best of London on its doorstep, but uses its island location to create something unique and special. We want to maximise enjoyment of our very special access to the river and docks, and enhance and grow our green spaces. Our plans should work equally well for all residents regardless of age, income or other characteristics, and at any time of the day or night. We need to plan for the whole Area to work together seamlessly.
- 1.17. Given the enormous scale of development, with the Isle of Dogs delivering a very large proportion of the GLA’s overall housing target for Tower Hamlets of 3,511 new homes every year⁴, making our island the tallest and most densely packed residential area in western Europe, we need a Plan that will ensure a high quality of life for all residents and workers – both those already here and those still to come – and with any re-development plans for existing homes fully involving the communities who already live there, empowering them to make active choices about their future.
- 1.18. Core to this is the need for large proposed residential developments only to be permitted after all the infrastructure and services needed to support them and all the other developments nearby have been fully considered and allowed for. Otherwise our island will become un-liveable: contrary to the interests of existing and prospective residents, of local businesses and their workers, and of developers.
- 1.19. The Isle of Dogs is a unique place requiring unique solutions, and we have the following key objectives (but these are not Neighbourhood Plan policies):
 - Sustainable development that works for those already here, as well as for future residents and workers.
 - Infrastructure that is planned and delivered in advance of development, and is sized to cope with all future likely development, and is not delivered incrementally and in isolation.
 - Policies that address the construction process as well as afterwards.
 - A safe and secure environment which works for all age groups who live and work in our Area.
 - A cohesive community that brings people together from across the island.
 - Sufficient indoor and outdoor spaces for people to enjoy, which are open to the public to use, including space where children can play, and everyone can relax.

⁴ Reduced from 3,931 pa. London Plan, Policy H1 Increasing housing supply , Table 4.1

- An environment that works for everybody at different stages of their life; that works equally well for people with disabilities, the young and the old; and that caters to the different interests we have.
- Ensuring that everything people need is within safe walking distance.
- Quick, efficient and free-flowing transport options – whether cycling, walking, buses, DLR, boats or cars – all working together effectively.
- Affordability of homes, living, businesses and leisure should be factored in at every stage.
- A healthy, clean, and relaxed environment where it is easy and safe to exercise.
- A mixture of different types of development: not just residential, but also offices, small businesses and workshops, creative spaces and independent retailers.
- Exploit the best of new technologies to make our lives easier and safer, especially some of the new ‘Smart Cities’ technology; and ensure we have the networks to support growth.
- Our Plan should work equally well at any time of the day or night, and on any day of the week.
- When proposals come forward to replace existing residential buildings, existing residents should be fully involved in the decision-making process, with their rights protected, ensuring they have real choice and the ability to stay in their area affordably.
- Preservation of the assets we already have, including our docks, river access, historic buildings, green spaces, play areas and community facilities.
- Plan for the long-term delivery and execution of our vision once the Neighbourhood Plan has been adopted, which may include new forms of governance.
- Work closely with neighbouring forums to ensure our plans are synchronised.
- Beauty In My Backyard (BIMBY): not anti-development (NIMBY).
- Work collectively with Tower Hamlets Council, the GLA, Transport for London, developers and other stakeholders to deliver our vision for the long term. It is in all of our best long term interests that the Isle of Dogs continues not only to function, but also to flourish.

2. SUMMARY

2.1. The following sections contain the policies in the Isle of Dogs Neighbourhood Plan, as well as the context for each group of policies, the reasons for each policy, and an explanation of how each policy works. These policies will remain in force until the end of 2031 to align them with the Local Plan, unless and until replaced sooner by a successor Development Plan. The policies in this section must be taken into account in reaching development management decisions in the Area.

SUMMARY OF NEIGHBOURHOOD PLAN POLICIES

Chapter 3 – Density

D1 – Infrastructure Impact Assessments. Applications for large residential developments to be accompanied by Infrastructure Impact Assessments enabling planning officers and committees to assess Infrastructure capacity. Potential Infrastructure improvements to be proposed and assessed where the Infrastructure Impact Assessment suggests Infrastructure is insufficient. If negative impacts cannot be mitigated, applications should be considered unacceptable.

D2 – High density developments. High density developments to specify how they conform to the GLA's Housing SPG.

Chapter 4 – Empty sites

ES1 – Use of empty sites. Encourage developers to release empty land and buildings on a temporary basis for community use (e.g. as a pocket park, market, etc.) pending the start of construction.

Chapter 5 – Construction Management and Communication

CC1 – Construction coordination. Changes to construction management with impacts beyond Major or Strategic Development site boundaries to be approved in advance.

CC2 – Construction communication. Communication required with local residents and other stakeholders before changing normal working hours and methods.

CC3 – Control of dust and emissions during construction and demolition. Compliance with the GLA's Dust and Emissions SPG to be specified.

Chapter 6 – Sustainable Design

SD1 – Sustainable Design. Planning applications encouraged to demonstrate how BREEAM and Home Quality Mark standards (or any future replacement standards) can be met.

Chapter 7 – 3D Model

3D1 – 3D model for applications. 3D models to be required for large-scale planning applications.

Chapter 8 – Estate Regeneration Resident Ballots

RB1 – Resident Ballot Requirement. Relevant estate regeneration projects expected to apply for GLA grant funding, including satisfying the GLA's resident ballot requirement.

Chapter 9 – The Long Neighbourhood Plan

Intention to write an enhanced and more detailed Neighbourhood Plan to build on and replace this Basic Plan.

Chapter 10 – Parish/Town Council for the Isle of Dogs

Implications of adopting the Plan on the process towards a possible Town Council in future.

SUMMARY OF ANNEX ASPIRATIONS

A1 – Estate regeneration

ER1 – Estate small businesses, retailers, and community organisations. Commercial leaseholders to be formally consulted on estate regeneration projects, and offered appropriate premises following redevelopment.

ER2 – Public profit reinvestment. Public landowner surpluses encouraged to be spent within the Area.

A2 – Grandfathering new residents’ associations

GR1 – Helping establish new residents’ associations. Developers to facilitate residents’ associations in new large developments from the outset.

A3 – Summary of CIL Recommendations

CIL – All Community Infrastructure Levy (CIL) generated in the Area should preferably be invested in the Area, or at least be of direct benefit to the Area, and on the works and priorities identified in the OAPF’s Development Infrastructure Funding Study (DIFS).

A4 – Air Quality

AQ1 – Air Quality. Adverse air quality impact of planning and development to be minimised.

3. DENSITY AND INFRASTRUCTURE POLICIES

CONTEXT

- 3.1 The Isle of Dogs is experiencing unprecedented residential development density, with many large and closely packed residential buildings being built and proposed by multiple developers.⁵
- 3.2 Existing and consented developments are already outstripping the currently available Infrastructure, with incomplete and substantially unfunded plans for addressing this, let alone for developments yet to be approved.⁶
- 3.3 As the LBTH Mayor has said: *“The Isle of Dogs includes some of the highest residential development densities in the country. I’m a great fan of Neighbourhood Planning Forums. The question they pose to me is to make sure that we don’t solve today’s housing crisis by storing up big infrastructure shortages for the future.... Most people buy into the future, but not at any price.”*⁷
- 3.4 Numerous public authorities, utility providers and private businesses are responsible for different kinds of Infrastructure. So it is difficult for developers, planning officers and planning committees to appreciate clearly how each proposed development would affect the overall Infrastructure environment, and then make judgements accordingly.⁸
- 3.5 The official Infrastructure evidence is that supporting the Local Plan (Infrastructure Delivery Plan) and the OAPF (Development Infrastructure Funding Study). The Forum’s Evidence Base – see website – includes a summary table of recent Tower Hamlets Council Strategic Development Committee reports in the E14 post code area.⁹ These Committee reports set out for Councillors on the Committee as well as stakeholders the key issues and policies for consideration before a decision is made. As can be seen from the examples, they generally do not mention Infrastructure in any great detail, nor the Infrastructure planning documents, including the GLA’s Isle of Dogs and South Poplar Opportunity Area Planning Framework (OAPF) or the LBTH Infrastructure Delivery Plan. This is why an Infrastructure Impact Assessment as required by Policy D1 needs to be provided, so that Councillors and stakeholders have access to comprehensive, up to date, and meaningful Infrastructure information in properly assessing relevant applications.
- 3.6 The Forum’s Evidence Base includes a summary table of four developments in the Area approved by the LBTH Strategic Development Committee (or later by the Mayor of London or through a Planning Appeal) since the Forum was first set up in autumn 2014¹⁰. It details for each development the size, density, height and any Infrastructure to be provided on site, including child play space. It shows that a number of developments did not provide any Infrastructure on site, but that others – especially more recent developments – have provided some Infrastructure. It shows that wider Infrastructure considerations are not generally being

considered. In considering the table, it should be noted that the current London Plan recommended maximum density for a development in a location with transport links like the best in the Forum's Area is 1,100 habitable rooms per hectare.

3.7 Policy D2 of the draft London Plan states:

(A) *The density of development proposals should:*

(1) *Consider, and be linked to, the provision of future planned levels of infrastructure rather than existing levels*

(2) *Be proportionate to the site's connectivity and accessibility by walking, cycling and public transport to jobs and services (including both PTAL and access to local services)*

(B) *Where there is currently insufficient capacity of existing infrastructure to support proposed densities (including the impact of cumulative development), boroughs should work with applicants and infrastructure providers to ensure that sufficient capacity will exist at the appropriate time. This may mean that if the development is contingent on the provision of new infrastructure, including public transport services, it will be appropriate that the development is phased accordingly.*

(C) *When a proposed development is acceptable in terms of use, scale and massing, given the surrounding built form, uses and character, but it exceeds the capacity identified in a site allocation or the site is not allocated, and the borough considers the planned infrastructure capacity will be exceeded, additional infrastructure proportionate to the development should be delivered through the development. This will be identified through an infrastructure assessment during the planning application process, which will have regard to the local infrastructure delivery plan or programme, and the CIL contribution that the development will make. Where additional required infrastructure cannot be delivered, the scale of the development should be reconsidered to reflect the capacity of current or future planned supporting infrastructure.*

3.8 The supporting text provides: *"If development comes forward with a capacity in excess of that which could be supported by current or future planned infrastructure, a site-specific infrastructure assessment will be required. This assessment should establish what additional impact the proposed development will have on current and planned infrastructure, and how this can be appropriately mitigated either on the site, or through an off-site mechanism, having regard to the amount of CIL generated."*¹¹ It is noted that the draft London Plan does not say that the amount of CIL generated is the sole consideration in assessing the Infrastructure requirements of an application.

3.9 Tower Hamlets Council state: *"In effect the plan-led system requires planners to assess the planned housing trajectory and to plan for the required infrastructure needed to support it. The robustness of the housing trajectory assumptions and the sufficiency of the planned provision of infrastructure are tested at plan [i.e. strategic Local Plan] examination. Therefore, if any development comes forward at a level anticipated in the housing trajectory, the developer can legitimately expect that the development plan has planned for sufficient infrastructure to support its future residents. Their only requirements are to pay CIL and enter into any section 106 agreements which relate to the specific requirements of the scheme (e.g., a pedestrian crossing from the site to access a station, etc.). **It is acknowledged that in certain areas, like the Isle of***

¹¹ Draft London Plan, para 3.1.2

Dogs, where growth has come forward at higher densities than anticipated in the trajectory, further consideration of infrastructure may be required.¹²

3.10 The GLA and Tower Hamlets Council approach begs the key question of what “the sufficiency of the planned provision of infrastructure” is in the context of the uniquely dense development taking place in the Isle of Dogs when each new large residential development is considered, bearing in mind that each such development places a material additional strain on the available Infrastructure. The principal issue is that there are currently no common baselines, assumptions or methodology for comprehensively assessing the Area’s unique Infrastructure requirements.

3.11 The Tower Hamlets Council’s constitution provides a list of material planning considerations to be taken into account in determining planning applications. These include factors beyond developers’ control, such as overall physical infrastructure capacity and deficiencies in social infrastructure.¹³ These include inter alia the followings:

- (i) Highway issues: traffic generation, vehicular access, highway safety;*
- (j) Noise or disturbance resulting from use, including proposed hours of operation;*
- (k) Smells and fumes;*
- (l) Capacity of physical infrastructure, e.g. in the public drainage or water systems;*
- (m) Deficiencies in social facilities, e.g. spaces in schools;*
- (n) Storage & handling of hazardous materials and development of contaminated land;*
- (o) Loss or effect on trees;*
- (p) Adverse impact on nature conservation interests & biodiversity opportunities*

3.12 The policies in this chapter contain provisions to ensure that, in the interests of Sustainable Development, applications for large residential developments in the Area are designed and considered clearly in the context of overall Infrastructure capacity.

POLICY D1 – INFRASTRUCTURE IMPACT ASSESSMENT

- A. To support Sustainable Development and in view of the strain on Infrastructure in the Area and the shortage of publicly owned land, applicants for residential developments exceeding 1,100 habitable rooms per hectare in locations with a PTAL of 5 or less are required to complete and submit an Infrastructure Impact Assessment as part of the planning application.
- B. Where the Infrastructure Impact Assessment indicates that there is sufficient planned and delivered Infrastructure capacity to support proposed densities, the proposal will be supported.
- C. Where the Infrastructure Impact Assessment indicates that there is insufficient planned and delivered infrastructure capacity to support proposed densities then potential improvements to Infrastructure capacity should be assessed and proposed, having regard to the CIL contribution that the development will make, and the requirement for planning obligations to be necessary, directly relevant, and reasonably related in scale and kind to the development.

¹³ London Borough of Tower Hamlets Constitution, approved 22nd November 2017, V3, Appendix A, page 398.

- D. If the proposed development is contingent on the provision of new or enhanced Infrastructure (including, without limitation, public transport services), the development should be phased accordingly.
- E. Infrastructure impacts will be considered unacceptable where they result in negative impacts that cannot be adequately mitigated through CIL contributions and/or planning obligations.

REASONS FOR POLICY D1

- 3.13 This policy seeks to ensure development contributes to the economic, social and environmental objective of Sustainable Development, by ensuring that the Infrastructure context of the Area is taken into account in the preparation of planning applications and the consideration of those applications by LBTH.
- 3.14 It also seeks to identify those developments that are most likely to impact on the Infrastructure needs of the Area and the wellbeing of its residents, with the aim that both the existing Infrastructure provision and the likely impact of the development in question are taken into account when such applications are determined.
- 3.15 The LBTH Committee report for Westferry Printworks at the LBTH Strategic Development Committee on 14th May 2019, which considered (item 5.1) Former Westferry Print Works 235 Westferry Road E14 8NX PA/18/01877, included the following statement on page 36, section 8.29: *“Any proposed increase in residential density on this site should be supported by an assessment of its cumulative impact on social infrastructure, utilities and transport infrastructure to ensure that the intensification would represent sustainable development.”*¹⁴
- 3.16 Policy D2 *“Infrastructure requirements for sustainable densities”* in the draft London Plan provides in para 3.1.2: *“If development comes forward with a capacity in excess of that which could be supported by current or future planned infrastructure, a site-specific infrastructure assessment will be required.”*¹⁵

HOW POLICY D1 WORKS

- 3.17 Applicants proposing relevant residential developments are required to provide an Infrastructure Impact Assessment explaining and justifying the impact their proposal will have on planned and delivered Infrastructure (as defined in the draft London Plan) serving the Area, together with other relevant information – such as, without limitation, material changes in relevant regulations, available Infrastructure, and population demographics – to enable planning officers and committees fully to assess their application in context.
- 3.18 The Infrastructure Impact Assessment should identify actions by the applicant that could contribute to the positive impacts of development on Infrastructure capacity and mitigate the negative impacts. This may include, but is not limited to, contributions offered as part of a

Section 106 Agreement, or secured in other ways and/or applied to any project concerned with addressing the Infrastructure demands that development places on the Area.

POLICY D2 – HIGH DENSITY DEVELOPMENTS

Planning applications for residential developments exceeding 1,100 habitable rooms per hectare in locations with a PTAL of 5 or less shall specify how they conform to paragraphs 1.3.51 to 1.3.52 of the GLA’s Housing SPG, and not only that they are of a high design quality. Applications that do not adequately demonstrate this will be considered unacceptable.

REASONS FOR POLICY D2

3.19 Planning committees are made aware of the GLA’s requirement that applications for developments that exceed the maximum recommended densities in the London Plan should be of a high design quality. But they often fail to give sufficient weight to the GLA’s other requirements.

3.20 As a result, the Forum believes that LBTH planning committees have repeatedly approved applications for well-designed developments that exceed the maximum recommended density on the basis that, having once allowed the maximum to be exceeded, it is obliged to continue to do so for broadly similar applications on the grounds of consistency, regardless of the increasing strain on Infrastructure that such further developments would generate. It is this approach which has led to the Area’s Infrastructure capacity being strained.¹⁶

3.21 The purpose of policy D2 is therefore to incorporate the relevant part of the GLA’s supplementary guidance into policy, by emphasising and clarifying that each application for a very high density residential development in the Area should be considered against all the GLA’s Housing SPG criteria, and not be bound to repeat a judgement made in different circumstances.

3.22 In its section on developments above the recommended density ranges, the GLA’s Housing SPG states:¹⁷

“In appropriate circumstances, it may be acceptable for a particular scheme to exceed the ranges in the density matrix, providing important qualitative concerns are suitably addressed. However, to be supported, schemes which exceed the ranges in the matrix must be of a high design quality and should be tested against the following considerations:

- *the factors outlined in Policy 3.4, including local context and character, public transport capacity and the design principles set out in Chapter 7 of the London Plan;*
- *the location of a site in relation to existing and planned public transport connectivity (PTAL), social infrastructure provision and other local amenities and services;*
- *the need for development to achieve high quality design in terms of liveability, public realm, residential and environmental quality, and, in particular, accord with the housing quality standards set out in Part 2 of this SPG;*

¹⁶ See the Forum’s Development Analysis

¹⁷ GLA’s Housing SPG, Part 1, Para 1.3.51/52, at page 54.

- *a scheme's overall contribution to local 'place making', including where appropriate the need for 'place shielding';*
- *depending on their particular characteristics, the potential for large sites to define their own setting and accommodate higher densities;*
- *the residential mix and dwelling types proposed in a scheme, taking into account factors such as children's play space provision, school capacity and location;*
- *the need for the appropriate management and design of refuse/food waste/recycling and cycle parking facilities; and*
- *whether proposals are in the types of accessible locations the London Plan considers appropriate for higher density development (e.g. town centres, opportunity areas, intensification areas, surplus industrial land, and other large sites).*

Where these considerations are satisfactorily addressed, the London Plan provides sufficient flexibility for such higher density schemes to be supported. It should, however, be recognised that this is not an exhaustive list and other more local or site specific factors may also be given appropriate weight, taking into account the particular characteristics of a proposed development and its impact on the surrounding area."

HOW POLICY D2 WORKS

- 3.23 Applications for developments that exceed the density set out in policy D2 need to spell out how they comply with all the requirements of the GLA's Housing SPG as set out in paragraph 3.22 above.
- 3.24 Applications that do not adequately demonstrate this should be considered unacceptable.
- 3.25 Applications cannot rely on the supposed precedent of previously consented developments that were approved when there was less cumulative strain on the Area's Infrastructure, as changing demands on Infrastructure justify fresh consideration.

4. EMPTY SITES POLICY

CONTEXT

4.1 The Isle of Dogs and South Poplar Opportunity Area contains a number of empty or under-utilised sites. For example as at July 2019:

- The former Barclays Bank office building on West India Quay was demolished in order to allow construction of The Spire. That development is now on hold and the site has been hoarded up.
- The 30 Marsh Wall office building has been largely empty for some years now, after a planning application to build a 50+ storey building was rejected. It did contain charitable meanwhile use for a period of time. There is a similar situation at 225 Marsh Wall currently.
- The McDonalds restaurant was demolished by the Preston Road roundabout in order to allow development of the Helix. That development is now on hold and the site has been hoarded up. This has resulted in the loss of the only 24-hour restaurant locally.
- The JP Morgan office site by Westferry Circus was cleared and construction was started and then stopped once the basement was built, and has been empty for almost ten years now. The way it has been left makes it difficult to use for meanwhile use purposes.¹⁸
- The site between Manilla and Cuba Street has been left empty for years. It has been used as a construction manufacturing site, has been considered for use as a carpark or for modular temporary affordable homes, and now has a planning application submitted for a modular temporary hotel.

4.2 The above are only a few examples of empty or under-utilised sites. Other sites have historically been left empty for years before development eventually takes place. As a result of delayed construction, valuable land is being wasted and utilised neither for commercial, residential nor community use for many years, and is often unsuitable for meanwhile use as a result of being covered in construction materials or being otherwise left unsafe to use.¹⁹

4.3 Meanwhile uses have been successfully applied to some sites, for example:

- Canary Wharf Group introduced a number of meanwhile uses on Bank Street and Wood Wharf before construction of schemes on those sites, including temporary parks and a small street market.
- The office buildings between Millharbour and Pepper Street Bridge have been used by the charity One Love on a meanwhile use basis for the last few years while planning permission is sought via an appeal to the Planning Inspector.

4.4 It is therefore desirable to encourage developers to release land awaiting development for meanwhile uses by the community, and to discourage demolition of useful buildings before developers are ready to build out their approved schemes.

¹⁸ See pictures in the Forum's Evidence base, paragraph 4.9 at page 47

¹⁹ See the Forum's Evidence Base, *ibid*.

POLICY ES1 – USE OF EMPTY SITES

To support Sustainable Development in the Area and the productive use of available land:

- A. Applications for Strategic Development should submit a feasibility study for one or more potential meanwhile uses on their sites (including for existing buildings) which could be implemented – whether by the applicant or by third parties – if the development is not begun in accordance with the substantive planning application for more than twelve months after gaining final planning consent
- B. An obligation will be made part of any Section 106 agreement on Strategic Developments within the Area, stating that the length of planning permission will be extended to five years if the developer takes reasonable endeavours to make the site available for a meanwhile use within twelve months of the substantive planning application gaining consent. If such reasonable endeavours are not made, the permission will remain at three years.
- C. If a proposed meanwhile use requires planning permission, this will be the subject of a separate planning permission.
- D. Such meanwhile uses should be for one or more of the following purposes, subject to site specific constraints:
 - Temporary pocket parks
 - Affordable workspace or housing
 - Temporary farmers’ markets or commercial markets
 - Pop-up retail and/or restaurants
 - Cultural and sporting activities
 - Public art and lighting installations
 - Other purposes agreed with LBTH
- E. Such sites should be used for meanwhile uses on the basis that they can be recalled by the developer to build out the development in accordance with the substantive planning application, on reasonable notice in the context of the meanwhile use to which each site has been put.

REASONS FOR POLICY ES1

- 4.5 Given economic uncertainty, sites may lie unused for extended periods. But in view of the lack of available land in the Area, it is in the interest of the community not to let land lie fallow and unused. Developers should be encouraged to use land in a way that will benefit the community, and which is also in the interest of developers and landowners.²⁰
- 4.6 This policy ES1 will encourage developers and landowners to make good use of their land pending their building out the development in accordance with the substantive planning application.
- 4.7 An example of such a temporary and attractive use is the pocket park on the south side of Bank Street, before 1 and 10 Bank Street started construction. Other examples include

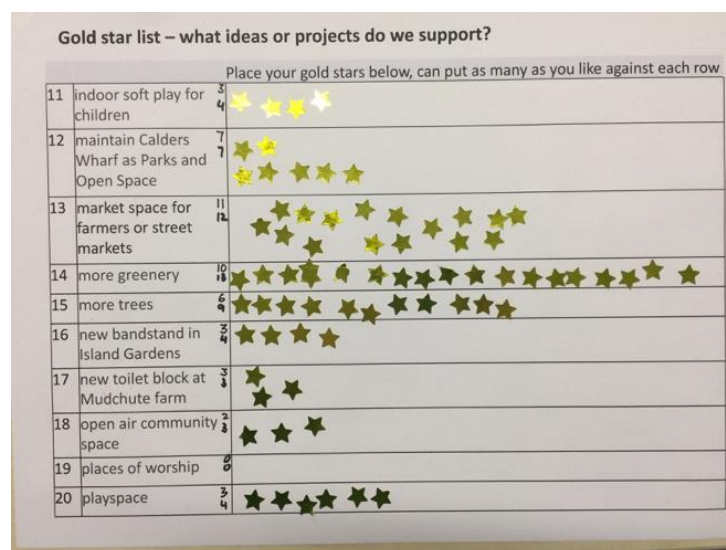

²⁰ Draft London Plan, Policies D4, H4, HC5 and G8.

Container City II at Trinity Buoy Wharf, Containerville at 35 Corbridge Crescent in Tower Hamlets, and the PLACE / Ladywell pop-up village in Lewisham.

4.8 The South Quay Masterplan Supplementary Planning Document in October 2015 provides the following suggestions:²¹

- *“Temporary uses and landscaping of decanted/vacant development sites and dock edges including:*
- *Pop-up retail*
- *Affordable workspace*
- *Cultural & sporting activities*
- *Public art and lighting installations”*

4.9 The draft London Plan Policy H3 encourages meanwhile uses for housing. The suggested meanwhile uses in the policy are based on a series of consultation events held by the Forum in March 2018 at Pepper Street where residents were asked what their priorities were. Each resident was given 10 gold stars to place on a series of boards (see one board below as an example). This informed the above priorities for empty site meanwhile uses.

HOW POLICY ES1 WORKS

4.10 The planning application should include a section detailing how and what the site could be temporarily used for if there were to be more than twelve months’ delay in building out the development in accordance with the substantive planning application. This would be subject to public consultation. Any such meanwhile use could be made a provision of a Section 106 agreement stating that the length of planning permission will be extended to five years if the developer makes reasonable endeavours to make the site available for a meanwhile use within 12 months of the substantive planning application gaining consent.

²¹ South Quay Masterplan, page 53, Table 2

- 4.11 Such reasonable endeavours may include making the site available at an appropriate cost and for an appropriate length of time, and undertaking suitable marketing activities towards or engagement with suitable organisations that may be interested in delivering a meanwhile use on the site.
- 4.12 If additional planning permissions are required for change of use for some meanwhile uses, such as without limitation for the construction of affordable workspaces, this should be identified on submission of the original substantive planning application as part of the detail of the proposed meanwhile use.

5. CONSTRUCTION MANAGEMENT AND COMMUNICATION POLICIES

CONTEXT

- 5.1 The Isle of Dogs is experiencing the construction of numerous, very large and closely-packed developments by a range of different developers, severely impacting the living environment of the whole community. Tens of thousands of new homes are being built in this relatively small and enclosed area. Such intensity of development on our existing community is unprecedented.²²
- 5.2 The different developers' activities are largely uncoordinated, and the community receives little (if any) notice of even very intrusive actions, such as roads closed for heavy equipment movements.²³
- 5.3 Pavements are blocked off for long periods; construction vehicles constantly impede normal traffic and park in narrow side roads, unable to access the relatively small sites for such large buildings; utilities repeatedly dig up the same roads within a few months; piling and other loud construction noise is endured for long periods even at weekends; and so on.²⁴
- 5.4 This situation is set to continue for decades, with a well-telegraphed pipeline of major proposed developments across and around the island adding to those already consented or under construction.²⁵
- 5.5 Management of the many different developers and their contractors, and more effective communication with the community about their construction activities, is essential in these circumstances.

POLICY CC1 – CONSTRUCTION COORDINATION

To support Sustainable Development in the Area, no construction management plan changes should be agreed unless and until the local community has been publicly notified in advance, and has had a reasonable opportunity to be consulted.

REASONS FOR POLICY CC1

- 5.6 Continuous and coordinated management of the construction management plans of the many different developers and their contractors in the Area, and full consultation on and publication of changes to them, is essential in these circumstances.

HOW POLICY CC1 WORKS

- 5.7 LBTH should include in the conditions imposed on any Major or Strategic Development a requirement that any proposed changes to construction management by an applicant or its

contractor that would be likely to have an impact outside the site boundary, including without limitation public access, pedestrian and/or vehicle movements, air quality, noise, vibration, and/or encroachment on public land, shall only be made after effective consultation with the affected local community, led by LBTH in line with the principles within LBTH's Statement of Community Involvement, and any future updates to that document.

5.8 The resubmitted plan and its approval will be formally recorded on the Planning Register.

POLICY CC2 – CONSTRUCTION COMMUNICATION

To support Sustainable Development in the Area, applicants or their relevant contractors shall notify all affected local residents as soon as reasonably practicable: whenever they propose a change to normal working hours or conditions for which they have to seek consent from LBTH; and of such consents being granted.

REASONS FOR POLICY CC2

5.9 Residents are often the last to know what is happening on their own doorstep. When they approach developers to ask why work is happening, they are often told that LBTH has authorised the work, but that information has not been communicated effectively to the affected community.

5.10 Through the local community's local knowledge, awareness of other developments and ability to communicate with the wider community, local councillors can, by working with developers, materially improve construction communication, making life easier for the developer and residents.

HOW POLICY CC2 WORKS

5.11 Developers and their construction companies are expected to notify the local community through public channels, including the use of social media, posters adjacent to the site, and advertisements in local newspapers, as well as notifying local councillors and/or their properly appointed proxies, when proposing changes to their normal working practices, especially when such changes will have an impact on the wider area.

5.12 Notification under this policy CC2 should consider the neighbour notification standards in the LBTH Statement of Community Involvement, and any future updates to that document.

5.13 Below are examples of what some developers operating in the Area currently provide in terms of construction communication. It should be possible for other developers to provide a similar level of engagement.

POLICY CC3 – CONTROL OF DUST AND EMISSIONS DURING CONSTRUCTION AND DEMOLITION

To support Sustainable Development in the Area, construction management plans shall specify how they comply with the GLA’s Dust and Emissions SPG.²⁶

REASONS FOR POLICY CC3

- 5.14 The GLA has issued planning guidance on the control of dust during construction.²⁷ The aim of making the GLA’s Dust and Emissions SPG a Neighbourhood Plan policy is to require emissions of dust, PM₁₀ and PM_{2.5}, to be reduced from construction and demolition activities in the Area. The SPG also aims to control nitrogen oxides (NOx) from these same activities by introducing an Ultra-Low Emissions Zone (ULEZ) for non-road mobile machinery.
- 5.15 The Port of London Authority’s ‘Thames Vision (2016)’ document includes a goal of getting more than 400,000 lorry trips off the roads and use the river instead in view of the impact of construction on local communities.
- 5.16 With more intense construction underway in the Area than anywhere else in the UK, and in a geographically limited space, it is essential that construction is undertaken to the highest standards.
- 5.17 The NPPF provides that: *“Planning policies and decisions should contribute to and enhance the natural and local environment by... e) preventing new and existing development from contributing to, being put at unacceptable risk from, or being adversely affected by, unacceptable levels of soil, air, water or noise pollution or land instability. Development should, wherever possible, help to improve local environmental conditions such as air and*

*water quality, taking into account relevant information such as river basin management plans”.*²⁸

HOW POLICY CC3 WORKS

- 5.18 No construction management plan shall be approved unless and until it makes clear how it complies with the GLA’s Dust and Emissions SPG during both demolition and construction.
- 5.19 LBTH and the developer should enable affected residents to have ready access to air quality data.

²⁸ NPPF, at paragraph 170.

6. SUSTAINABLE DESIGN POLICY

CONTEXT

6.1 The NPPF provides that: *“The creation of high quality buildings and places is fundamental to what the planning and development process should achieve. Good design is a key aspect of sustainable development, creates better places in which to live and work and helps make development acceptable to communities. Being clear about design expectations, and how these will be tested, is essential for achieving this. So too is effective engagement between applicants, communities, local planning authorities and other interests throughout the process.”*²⁹

6.2 The tallest and densest buildings in the United Kingdom are being built in the Isle of Dogs³⁰, and should therefore be of the highest possible standards.

POLICY SD1 – SUSTAINABLE DESIGN

To support sustainable development in the plan Area all Major and Strategic Developments are strongly encouraged to meet the highest levels of design and environmental standards, including:

- For non-residential buildings, the BREEAM Excellent standards; and
- For residential buildings, the Home Quality Mark.

REASONS FOR POLICY SD1

6.3 Policies regarding Sustainable Design and Sustainable Growth are included in the draft London Plan and the Local Plan, and LBTH has said it will strongly encourage schemes to use the Home Quality Mark.³¹

6.4 Including this policy SD1 in the Isle of Dogs Neighbourhood Plan emphasises its particular importance in this very dense and iconic Area.

6.5 It is common in other industries for purchasers / users to have access to independent information as to the quality of the product they are using or buying before they acquire those products. The same should apply to the development industry. Home owners/leaseholders/tenants need to know to what standard their home has been built, whether Home Quality Mark or another standard. The same applies to any properties which are being developed for non-residential use.

HOW POLICY SD1 WORKS

6.6 This policy does not mandate the use of these standards, but developers should set out whether and how they meet the standards in a Design & Access Statement or other suitable document as part of a planning application.

7. 3D MODEL POLICY

CONTEXT

- 7.1 It is no longer sustainable to plan an area of such complexity, density and scale as the Isle of Dogs in 2D. The GLA are themselves building a digital model of the East of the City. That model should be extended not just to approve planning applications, but as a live model to plan everything in the Area from new CCTV cameras, to new cycle parking, to the location of street bins.
- 7.2 The draft London Plan Policy D4 supports the use of 3D modelling for planning purposes. GLA's 'City in the East' document³² states:
- "The GLA digital 3D model for City in the East covers large parts of the Thames Gateway. This model coverage will be gradually increased and the model updated in partnership with public and private sector stakeholders, with the objective to eventually cover all of London. It will provide a platform to inform spatial design and planning as well as consultation processes as an interactive live 3D model. Developers of individual sites will be expected to provide 3D models of their schemes in an agreed format which will be used to populate the GLA's model as schemes come forward. Developers will also be expected to contribute to the cost of locating their schemes within the GLA's wider model."*
- 7.3 If nations like Singapore can plan their whole country in 3D, it should be possible to achieve the same in the Area.
- 7.4 Other neighbouring local authorities like the City of London and Southwark are already using 3D models in their planning processes.
- 7.5 Given the vertical scale of development in the Area (up to 241 meters above sea level), good design and good architecture in the 21st century require the use of 3D models in the planning process.
- 7.6 LBTH has acquired its own 3D model for planning purposes, which as of 2018 was a licence to the Vu.city model.³³

POLICY 3D1 – 3D MODEL FOR APPLICATIONS

All applications for Strategic Developments must be accompanied by a 3D model and in a form that is compatible with the model used for assessment as part of the development management process.

REASONS FOR POLICY 3D1

- 7.7 It is no longer sustainable to plan at this level of density and height without better tools.
- 7.8 3D models are increasingly being used in planning to solve a wide range of issues.

³² Building a digital model of the City in the East, released in 2015, on page 14.

https://www.london.gov.uk/sites/default/files/city_in_the_east-may_2016.pdf.

³³ www.vucity.co.uk

7.9 In order to keep the 3D model 'live', any applications submitted must include 3D models to allow the LBTH 3D model to be updated.

7.10 The emergency services are seeking more information about buildings, including the number of storeys, internal layouts, emergency access points, lift locations, fire hydrant locations etc., in order to be able to respond better in an emergency.

HOW POLICY 3D1 WORKS

7.11 Planning applications should include a data file that, when uploaded, will populate the current 3D model being used by LBTH (and the GLA) with the data to create an outline model with sufficient fidelity as to allow the full use of the functionality of the 3D model in use. Any changes in the outline will require a new data file to be provided.

7.12 Applications submitted to LBTH which do not include the ability to have a fly-through presentation, or views from different angles of the development in its wider context through a 3D model, should not be validated.

8. ESTATE REGENERATION RESIDENT BALLOTS POLICY

CONTEXT

8.1. For the context for this policy Chapter, see Annex A1 (Estate Regeneration), and draft London Plan Policy H8 and its supporting text.

POLICY RB1 – RESIDENT BALLOT

- A. To support Sustainable Development in the Area by ensuring positive engagement of the directly affected community and to maximise the delivery of affordable housing through maximising the funds available, any landlord or developer pursuing an estate regeneration project which involves the demolition of social homes in the Area will be expected to apply for GLA grant funding and, if successful, must comply with the GLA’s funding requirements, including without limitation the GLA’s Resident Ballot Requirement Funding Condition.
- B. Where GLA funding is not granted, estate regeneration projects that include the demolition of social homes will still be encouraged to hold a ballot of affected residents in accordance with the guidelines provided by the GLA for such ballots.

REASONS FOR POLICY RB1

8.2 A number of estate regeneration schemes in London have faced very active resistance from affected residents, as change has been imposed on them from above rather than with their active involvement. Whereas some estate regeneration schemes – such as New Union Wharf in LBTH – have involved active resident participation, including a ballot approving the demolition of the old homes and the building of new ones in their place.³⁴ The first GLA ballot has already been held in Westthorpe Gardens and Mills Grove estate where 74.5% of the residents voted for the estate regeneration.³⁵ This Policy RB1 seeks to encourage all relevant estate regeneration schemes in the Area to not only seek GLA funding to maximise affordable housing, but also achieve demonstrable community approval.

8.3 If the landlord is successful in securing GLA funding for estate regeneration, that should enable a higher percentage of affordable housing units, supporting Policy D.H2: Affordable Housing and Housing Mix in the Local Plan, which requires an increase in net affordable housing units in estate regeneration.

HOW POLICY RB1 WORKS

8.4 Any applicant proposing an estate regeneration scheme in the Area that involves the demolition of social housing must first assess whether GLA funding may be available.³⁶ If so, when an application to the GLA for such funding is made any conditions set by the GLA needs to be followed, including without limitation the GLA’s Resident Ballot Requirement Funding Condition.

END OF PLAN POLICIES

ANNEX: COMMUNITY ASPIRATIONS

Introduction

1.1 The provisions in this Annex are community aspirations which represent the wishes of the Isle of Dogs community but they do not form part of the statutory part of this Plan.

1.2 This is how they are described in planning regulations:

“Wider community aspirations than those relating to the development and use of land, if set out as part of the plan, would need to be clearly identifiable (for example, set out in a companion document or annex), and it should be made clear in the document that they will not form part of the statutory development plan.”³⁷

³⁷ Paragraph: 004 Reference ID: 41-004-20190509. <https://www.gov.uk/guidance/neighbourhood-planning--2>, revised 9th May 2019

A1 – ESTATE REGENERATION

CONTEXT

- 1.3 The Isle of Dogs includes a number of housing association managed estates, some of which were built decades ago. The question of their long-term future is therefore a live subject on the Isle of Dogs, not least the future of the four estates managed by One Housing Group: Barkantine, St Johns, Samuda and Kingsbridge. The aspirations in this Annex apply to all estates with a single landowner.
- 1.4 One option for the future of estates is complete demolition and rebuild. But estate regeneration has a very poor and negative reputation in London due to a number of issues with previous such projects. As a result, estate regeneration has attracted high levels of opposition and legal challenge.
- 1.5 The aspirations in this Annex are intended to ensure that any change to the estates has broad support in advance of any change. The more involved affected local communities are in changes to their homes, the more sustainable that development is. The aspirations in this Annex are therefore designed to promote Sustainable Development.
- 1.6 An important element of that broad support is to have quite specific provisions on issues like the voting process, as that helps build trust and support even if they do not typically fit classic land use policies.
- 1.7 Planning policy and landlords recognise the benefits of estate redevelopment having the support of the majority of residents. The Forum supports independent secret ballots as by far the most credible and fair way of assessing resident support, because the alternative ‘independent’ surveys – as samples based on one-to-one interviews – are less inclusive than ballots of the affected communities.
- 1.8 With surveys, landlords are also more likely to be able to consult at short notice of their choosing, and control information given to residents beforehand and the format of questions. Fair votes avoid the possibility or perception of the organisation carrying out the survey being influenced by the landlord, enabling more trust in the result – a crucial benefit for all parties and therefore critical to the sustainability of the proposed development.
- 1.9 A vote campaign also allows any groups opposed to proposals (who do not have the same resources as landlords) to put their case during a publicised period notified well in advance. Vote campaigns also traditionally facilitate hustings events where residents can listen to all arguments and points of view, and ask questions of all sides. These are vital elements. There is, by contrast, no record of surveys allowing such impartial, collective engagement and debate.³⁸
- 1.10 All of the principles detailed below have already been used by other estate regenerations in Tower Hamlets – most notably the New Union Wharf estate regeneration in the Area (which

³⁸ The case of Central Hill in Lambeth illustrates all these points. See Central Hill: A Case Study in Estate Regeneration, ASH, 10th April 2018.

<https://architectsforsocialhousing.wpcomstaging.com/2018/05/01/central-hill-a-case-study-in-estate-regeneration-ash-presentation-to-the-department-of-architecture-braunschweig-university-of-technology/>

voted to support estate regeneration)³⁹ – so they are known to be viable and practicable provisions already used in practice.

1.11 It also directly relevant that, when the Isle of Dogs estates were transferred from the control of Tower Hamlets Council to individual housing associations, there was a ballot of residents to approve the transfer. The principle that residents should vote on the future of their estates is therefore already established.

1.12 Estate regeneration is not specifically mentioned in the NPPF, even though it is an obvious source of new homes.

1.13 There is evidence from some existing estate regeneration schemes in London where existing communities were displaced and fragmented by the redevelopment of their homes. Most notably at Heygate in Southwark, where the most evidence has been gathered about displacement.⁴⁰ This directly contradicted various elements of the NPPF as they relate to sustainable communities. Development should not destroy a community. Rather it should provide new or refurbished homes.

1.14 In December 2016, the Department for Communities and Local Government released the Estate Regeneration National Strategy, which supports many of the provisions in this Annex.⁴¹ It includes this introduction:

- *“This section of the national strategy sets out the government’s expectations for how landlords, developers and local authorities should engage with residents throughout an estate regeneration scheme, and for how residents should be protected.*
- *Successful estate regeneration schemes need to have the support of a majority of the residents, through what can be a very uncertain time for them. Early and ongoing discussions on plans for the estate, and residents’ personal housing needs and choices, will build a relationship of trust between residents and landowners and help to develop support.”*
- It also states that *“a vote may be appropriate before complete demolition”*
 - A cross-party London Assembly Member report⁴² includes the following introduction:
 - *“The London Assembly’s Housing Committee report into estate regeneration looks at how to improve the process of regenerating housing estates – including the decision of councils or housing associations to either renovate or demolish the estate.”*

1.15 The London Assembly report is designed to provide a guide for community groups, councillors and housing professionals to some of the best ways to work together to regenerate estates. The tips include:

- *Putting energy into early and comprehensive engagement with residents, as well as the physical build and finances*
- *Holding an independent ballot on any final decision to demolish an estate*

- *Creating a steering group of residents and securing the enthusiasm of community leaders and influencers.*

1.16 The Principles and Recommendations section of the London Assembly report includes the following:⁴³

- *“An effective decision-making process would:*
 - *Be robust by being clear from the outset on the purpose of the proposed regeneration and how it fits within a broader strategy for the local area and borough, communicating this early, openly and broadly, and ensuring a systematic and objective option appraisal is undertaken and published.*
 - *Include in its option appraisal effective consideration of medium- to long-term social and environmental issues. It would incorporate an assessment of the lifecycle carbon impacts of options and feature existing residents’ needs and wishes in terms of their lived experience, in tandem with the wider strategic and financial imperatives. It would be clear how residents’ views have been taken into account.*
 - *Have fully justified any regeneration proposal for which the provider considers there to be no viable alternative. An independent ballot of estate residents would be undertaken which would inform any final proposals to demolish.*
 - *Ensure that leaseholders are treated fairly and provide for them to nominate an independent valuer so they receive fair recompense for their properties. The starting point should be that leaseholders are offered a like-for-like replacement of their property, or a similar offer, wherever possible.”*

1.17 A report produced by the Joseph Rowntree Foundation in May 2016⁴⁴ includes a number of key points, including these:

- *“Regeneration works best with the consent and involvement of residents. The panel should consider offering residents a vote on major regeneration proposals affecting their homes and estates in the same way as they are balloted on plans to transfer ownership of their homes.”*
- *“Given these wider policy considerations, all regeneration proposals should guarantee that there will be no net loss of social rented housing and a net increase in affordable housing alongside any plans for homes for sale and for market rent.”*

- 1.19 At Central Hill estate in Lambeth, a substantial survey by residents found that 78% of their neighbours opposed demolition, with 4% in favour and 18% don't know. By contrast, an independent 'opinion test' designed by Lambeth claimed majority support.⁴⁸ Many questionnaires were filled out by researchers with council officers present at consultation events. 'Turnouts' were similar: between 65% and 72% if possible responses are limited to one per household, or around 38% to 40% of all adults. Responses must have depended on who asked the questions and how.⁴⁹
- 1.20 Only ballots can avoid situations like this, because ballots are inherently more inclusive and fair, if appropriately organised. This is why neighbourhood plan referenda are based on votes and not public consultations or surveys.
- 1.21 In addition, as stated above, many of the Isle of Dogs estates had public votes to determine their transfer from LBTH to housing associations. Those decisions were not based on surveys or public consultation.
- 1.22 The Mayor of London now requires ballots for any regeneration scheme which will use public grant money for its redevelopment.⁵⁰
- 1.23 In addition to policy RB1 in this Neighbourhood Plan relating to GLA funding and resident ballots, other issues arise in the context of estate regeneration. The Forum therefore advocates that the following aspirations should also apply to estate regeneration.

ASPIRATION ER1 – Estate Small Business, Retailers, and Community Organisations

- 1.24 To support Sustainable Development in the Area by ensuring positive engagement of the directly affected community of each estate facing potential redevelopment, and subject (where relevant) to LBTH's legal obligations, the Forum advocates:
- If a landlord proposes to demolish commercial premises on an estate, affected leaseholders using them should be formally consulted by the landlord in their own distinct group from an early stage, and represented on a formal consultation body alongside tenants and resident leaseholders if they wish.
 - Subject to the provisions of the Landlord & Tenant Act, if market rents for new premises will be higher than existing rates, commercial leaseholders should be offered where appropriate sub-market rents to match their old rates per square metre, and premises of suitable size with suitable length leases.
- 1.25 This Annex aspiration ER1 is intended to ensure that the needs of small businesses and community organisations are considered in relation to estate regeneration applications in the Area, with a view to achieving Sustainable Development.

⁵⁰ <https://www.london.gov.uk/what-we-do/housing-and-land/improving-quality/estate-regeneration>

ASPIRATION ER2 – Public Reinvestment

- 1.26 To support Sustainable Development in the Area by ensuring positive engagement of the community in respect of each estate facing potential redevelopment, and subject (where relevant) to LBTH’s legal obligations, the Forum advocates that any surpluses generated by public landowners in the Area should be re-invested in the Area, for example through Infrastructure investment or maintenance.
- 1.27 Where such a surplus is generated, the Forum advocates that the public landowner indicates in advance to all directly affected parties how it intends to deal with that surplus.
- 1.28 If a local surplus is generated by public landowners as a result of a successful planning application for estate regeneration, then the Forum advocates that the S106 agreement should define the mechanism by which any such profit is either shared with LBTH, or will be invested to meet the conditions established in this Annex aspiration ER2. Should the surplus be generated through the sale of land to a third party, the Forum advocates that the public landowner makes clear in its accounts what happens to it.

A2 – HELPING ESTABLISH NEW RESIDENTS ASSOCIATIONS

CONTEXT

- 1.29 Residents of communal living developments typically discuss with each other common issues, may set up social media groups to communicate with each other, and slowly start to form residents' associations to have a formal role in the buildings they live in.
- 1.30 In large, especially high rise, residential developments, such a process can take a long time, be extremely frustrating, and lead to difficulties for landlords and their managing agents. This is because the regulatory requirement for residents' associations is that more than 50% of the service-charge-paying Leaseholders must be members before an association should be recognised.
- 1.31 If landlords formally recognise an association without a 50% mandate, they could be criticised by residents who have not mandated the association to agree to spending decisions on their behalf, and who might then refuse to pay the service charges incurred to fulfil those spending decisions.
- 1.32 It is extremely difficult for a resident group in an already populated modern high rise residential building to achieve such a threshold, especially where the majority of the flats in the building are owned by foreign investors so only a minority can be effectively petitioned. This situation is increasingly common on the Isle of Dogs.
- 1.33 Moreover, the security in modern large residential buildings is such that residents may well be unable to access the homes of residents on other floors.
- 1.34 Achieving the required 50% mandate may therefore be practically impossible after a large residential building is populated.
- 1.35 The NPPF says: *“Planning policies and decisions should aim to achieve healthy, inclusive and safe places which... a) promote social interaction, including opportunities for meetings between people who might not otherwise come into contact with each other.”*⁵¹

ASPIRATION GR1 – Helping Establish New Residents' Associations

- 1.36 To support Sustainable Development in the Area, and to facilitate the establishment of recognised residents' associations in residential Strategic Developments, the Forum advocates that, as part of any S106 agreement for relevant new developments, developers should be encouraged to ensure that:
- The principal landlord includes in all its residential unit leases automatic membership of a formally recognised residents' association, with authority for the landlord or its agent to collect appropriate funds for the association as part of the service charge; and
 - Before leasing any residential unit, such landlord establishes a model constitution for the association (in a form capable of formal recognition by the landlord) and all other necessary arrangements for it to function effectively; and

⁵¹ NPPF, paragraph 91.

- Appropriate parties independent of such landlord or developer are appointed to act as the initial association committee pending their substitution by residents of each development.

1.37 The Forum considers that if all Leaseholders are by default signed up to a recognisable and recognised association when they take their lease from the landlord, this entire problem evaporates.

1.38 Having a formally recognised residents' association from the outset will enable landlords to have a residents' organisation with which to discuss issues, and enable residents to have a formal role in the management of their buildings as soon as they each take up occupation.

A3 – COMMUNITY INFRASTRUCTURE LEVY (CIL) SPENDING PRIORITIES

- 1.39 This section comprises a set of recommendations to LBTH, as the Forum’s aspirations for the spend of CIL receipts in the plan Area.
- 1.40 This does not have the force of a Plan policy. It sets out the Isle of Dogs’ community’s wishes as to how we want LBTH to apply all the CIL generated in our Area, and therefore constitutes the community’s formal recommendation to the Council.
- 1.41 The Forum requests that LBTH should take note of this and weigh it accordingly when determining the application of CIL generated in the Area and not just of the Neighbourhood Pot, bearing in mind that not only is a disproportionate amount of the Borough’s CIL generated by development in our Area; but it is the current and future Isle of Dogs community that is bearing the brunt of such development, and whose resultant fast-growing Infrastructure needs are intended to be in part offset by the use of the CIL generated in the Area.
- 1.42 Government regulations require that a proportion of funds raised from CIL where development takes place will be allocated to spending agreed with that local community. Once a CIL charging regime is in force, the regulations stipulate that this must amount to 15% of CIL receipts. Where a Neighbourhood Plan is in force, this increases to 25%.⁵²
- 1.43 However, in view of the unprecedented scale and intensity of development taking place in the Area, and the acknowledged resultant need for Infrastructure investment vastly exceeding even 100% of the CIL generated in the Area, the Isle of Dogs community wishes all such CIL generated in the Area to be applied to works that are preferably in the Area, or are at least of direct benefit to the Area.
- 1.44 Initial priorities for such spending should be based on the DIFS produced by Peter Brett Associates as part of the OAPF⁵³ (or any successor report). The DIFS assumes that all CIL generated in the OAPF area is used for Infrastructure benefiting the OAPF area.⁵⁴
- 1.45 The order of priority for those works is as set out in the DIFS⁵⁵, and reproduced below. The same list of projects and priorities for the Neighbourhood Portion of the CIL generated in the Area will apply unless and until the ‘Long Plan’ has been adopted for the Area (as a successor to this Plan) that, and if and insofar as it, identifies different works and priorities.
- 1.46 The Isle of Dogs community also recommends that any and all S106 and ‘New Homes Bonus’ money earned in the Area is spent on the same list and priority of works, in light of the substantial Infrastructure funding gap identified in the DIFS.
- 1.47 The priorities for the application of CIL are as follows:
- Critical enabling. This category includes all Infrastructure that is critical to facilitate a development. Without these works development cannot proceed.

⁵² The Community Infrastructure Levy (Amendment) Regulations 2013, Reg 8

⁵³ <https://www.london.gov.uk/what-we-do/planning/implementing-london-plan/opportunity-areas/opportunity-areas/isle-dogs-and-south-poplar-opportunity-area>

⁵⁴ DIFS, page 51

⁵⁵ DIFS, page 17

- Essential mitigation. This category includes all Infrastructure that we believe is necessary to mitigate the impacts arising from the development. The usual examples of essential mitigation are projects which mitigate impacts from trips or population associated with a development, including school places, health requirements and public transport (service) projects.
- High priority. This category includes all Infrastructure that support wider strategic or site specific objectives which are set out in planning policy, but would not necessarily prevent development from occurring, although that would need to be considered on a case by case basis.
- Desirable. This defines all projects that are deemed to be of benefit but would not prevent, on balance, the development from occurring or from being acceptable if they were not taken forward.

A4 – AIR QUALITY

CONTEXT

- 1.48 Air Quality is a major concern of residents both within the Area and in London as a whole.⁵⁶
- 1.49 The Isle of Dogs has major sources of pollution to its north (Aspen Way and Blackwall Tunnel), nearby at London City Airport, and major construction sites generating large amounts of dust, and which also use diesel generators.⁵⁷
- 1.50 The draft London Plan and the Local Plan include policies on Air Quality and the Local Plan includes a Map identifying areas of substandard air quality in Tower Hamlets, including the Isle of Dogs.⁵⁸
- 1.51 The NPPF provides that: *“Planning policies and decisions should contribute to and enhance the natural and local environment by... e) preventing new and existing development from contributing to, being put at unacceptable risk from, or being adversely affected by, unacceptable levels of soil, air, water or noise pollution or land instability. Development should, wherever possible, help to improve local environmental conditions such as air and water quality, taking into account relevant information such as river basin management plans”*.⁵⁹

ASPIRATION AQ1 – Air Quality

- 1.52 The Forum advocates that:
- Development should not damage the health of the air by increasing emissions of harmful pollutants to it. Such pollutants include: greenhouse gases; those considered by the United Nations to cause adverse impacts to the natural environment; and particles and gases considered by the World Health Organisation (WHO) to be harmful to human health. Any proposal that results in a significant increase in air pollution should only be permitted in exceptional circumstances.
 - Development should comply at least with all minimum UK environmental requirements in relation to air pollutants.
 - All development should aim to be at least ‘air quality neutral’ and not cause or contribute to worsening air quality. On Major and Strategic Developments this should be demonstrated through an air quality assessment and, if necessary, proposed mitigation measures.
 - Major and Strategic Developments should demonstrate that they are designed to ensure that indoor air quality complies with the latest WHO guidelines for short and long term air quality including particulate matter (PM2.5 and PM10), nitrogen dioxide (NO2), carbon monoxide (CO), formaldehyde and volatile organic compounds (VOCs). Carbon dioxide (CO2) concentrations in indoor air should also be considered. Compliance with such standards is also encouraged on substantial refurbishment schemes.

⁵⁶ See the Forum’s Evidence Base, section 7.

⁵⁷ See the Forum’s Evidence Base, map at paragraph 5.2.2 on page 48

⁵⁸ See Draft Local Plan, map on page 169, figure 4.2

⁵⁹ NPPF, paragraph 170.

- Air intake points servicing internal air handling systems (including air filtration systems and heating and cooling systems) should be located away from existing and potential pollution sources e.g. busy roads and combustion flues. All flues should terminate above the roof height of the tallest part of the development in order to ensure the maximum dispersal of pollutants.

1.53 The Forum notes that these aspirations have already been adopted as policy in the Knightsbridge Neighbourhood Plan⁶⁰, and considers that there is no reason for the Isle of Dogs adopting lesser standards given its greater population density and scale of development densities. This aspiration was presented as a policy in the submission version of this Neighbourhood Plan, but has been moved to the Annex on the recommendation of the independent examiner (see examiner’s report paragraphs 9.1 to 9.5⁶¹).

1.54 Air pollution includes some greenhouse gases (such as carbon dioxide (CO₂) and ozone (O₃)) and local air pollution. The latter contains particles (such as PM₁, PM_{2.5} and PM₁₀) and gases. The most important regulated gas for legal purposes in ambient air is nitrogen dioxide (NO₂). NO₂ is an easily measured indicator of combustion emissions from road traffic and gas heating and cooking. NO₂ contributes to morbidity and mortality along with fine particles (PM_{2.5}). This means that support for Sustainable Development should include a stringent approach to development which might increase the already unlawful levels of air pollution.

1.55 It is also important to recognise that the health and societal impacts associated with poor air quality represent a significant economic cost. For example, in London only, PM_{2.5} and NO₂ in 2010 had an associated mortality burden of £1.4 billion and £2.3 billion at 2014 prices, respectively.⁶² These costs are often ignored in assessing the economic benefit of development. There are therefore potentially significant economic benefits to reducing air pollution.

1.56 Public health can be improved by requiring compliance with the best international standards for indoor air quality since people typically spend about 90% of their time indoors. In doing so it is important to understand the difference between mechanical ventilation, air conditioning and air filtration.

1.57 Appropriate standards for the selection of energy efficient air filters include BS EN 16798-3:2017 (for minimum air filtration efficiency), BS CEN ISO 16890-1:2016 (for particulate matter including PM₁) and BS CEN ISO 10121-2:2013 (for gases). These standards can be applied to reduce energy use and CO₂ emissions.

1.58 If air filtration is utilised in a development to comply with indoor air quality standards, information should be provided to the resident on the type of air filtration used, its location and how to maintain it.

1.59 Health, legal and climate imperatives and ambitions mean that development in the Area should contribute to reductions in emissions to air. No worsening of air quality should be allowed in areas where limit values are exceeded.

⁶²Source: ‘Chapter 5 (page 7) - Economics of pollution interventions’ in the ‘Annual Report of the Chief Medical Officer 2017, Health Impacts of All Pollution - what do we know?’, page 151

- 1.60 Where limit values in the locality are not exceeded, a significant worsening of air quality should only be allowed in exceptional circumstances and where such increases can be justified by the principle of Sustainable Development.
- 1.61 The Forum considers that planning applications should not be approved unless they can demonstrate that they meet development plan policy requirements relating to air quality.
- 1.62 It is noted that it is the Council's intention to work closely with the Forum to prepare an effective climate change policy for inclusion in the intended 'Long Plan'.

A5 – LONG NEIGHBOURHOOD PLAN

- 1.63 This Neighbourhood Plan – also known as the ‘Basic Plan’ – will, when made, be a Plan that will form part of the statutory development plan for the Area.
- 1.64 However, , the Isle of Dogs Neighbourhood Planning Forum has decided to take an unusual approach. It submitted this ‘Basic Plan’, while in parallel working on a more detailed Neighbourhood Plan (the ‘Long Plan’), with the intention that the Long Plan will then replace this Plan.
- 1.65 This is because many more planning applications are likely to be decided before a comprehensive Neighbourhood Plan is complete. The policies and recommendations in this Basic Plan are therefore intended to address the most urgent issues, while work on a more comprehensive Neighbourhood Plan is progressed.
- 1.66 The subject areas and ideas being worked on for the Long Plan are set out on the Forum’s website.⁶³

⁶³ <http://isleofdogsforum.org.uk/the-long-plan/>

A6 – PARISH/TOWN COUNCIL FOR THE ISLE OF DOGS

- 1.67 One of the possible methods for delivering the long-term objectives of the community is by setting up a Parish or Town Council for the Isle of Dogs using the boundaries of the Isle of Dogs Neighbourhood Planning Forum, potentially combined with adjacent areas which may wish to join the Parish Council.
- 1.68 Town and parish councils are the first level of local government. They provide communities with a democratic voice and a structure for taking community action. (Despite the name, they have nothing to do with churches, and can also be called Community Councils). More than a third of people in England currently have a town or parish council, and the Government is making it easier to set one up. But they have not existed in London since the 1963 Greater London Act which abolished them. The Local Government and Public Involvement in Health Act 2007 and the Localism Act 2011 re-introduced the ability to set up new Parish Councils. Queens Park in West London is the first one in London.
- 1.69 A Parish Council would not replace Tower Hamlets Council for the majority of its responsibilities, but would have the ability to act locally on local issues, and could have the ability to raise its own funds via a precept (an addition to the Council Tax) and run some local services.
- 1.70 There is a wider issue for Tower Hamlets Council: how to manage the enormous population growth, and the increasing disconnect between wards which are not growing and those which are. Areas in Tower Hamlets are becoming increasingly dissimilar, and it will therefore become increasingly difficult to manage the Borough centrally on a top down basis. But it would not make economic sense to break up the Borough as you lose economies of scale.
- 1.71 The solution may well be local issues managed by Parish Councils, and everything else by the Borough.
- 1.72 There are two routes to starting the process to look at setting up a new Parish Council:
- Collecting signatures on a petition; or
 - *“A neighbourhood forum that’s had a neighbourhood development plan passed at referendum can trigger a community governance review without needing a petition.”⁶⁴*
- 1.73 Approving this Neighbourhood Plan could therefore require LBTH to initiate such a community governance review to see if a local Parish Council should be created.
- 1.74 To be clear, this Plan does not commit the Isle of Dogs community to triggering such a review, nor to the actual setting up of a Parish Council. That would be subject to a separate decision-making process on whether or not to set up a Parish Council for the Isle of Dogs using the boundaries of the Forum Area. It just dispenses with the need for a specific petition to start the LBTH community governance review process.
- 1.75 Whether the communities in the adjacent areas originally included in the Forum’s recognition application submitted on the 1st December 2014 – which was larger than the Forum Area

⁶⁴ <https://www.gov.uk/government/news/making-it-easier-for-communities-to-set-up-new-town-and-parish-councils>

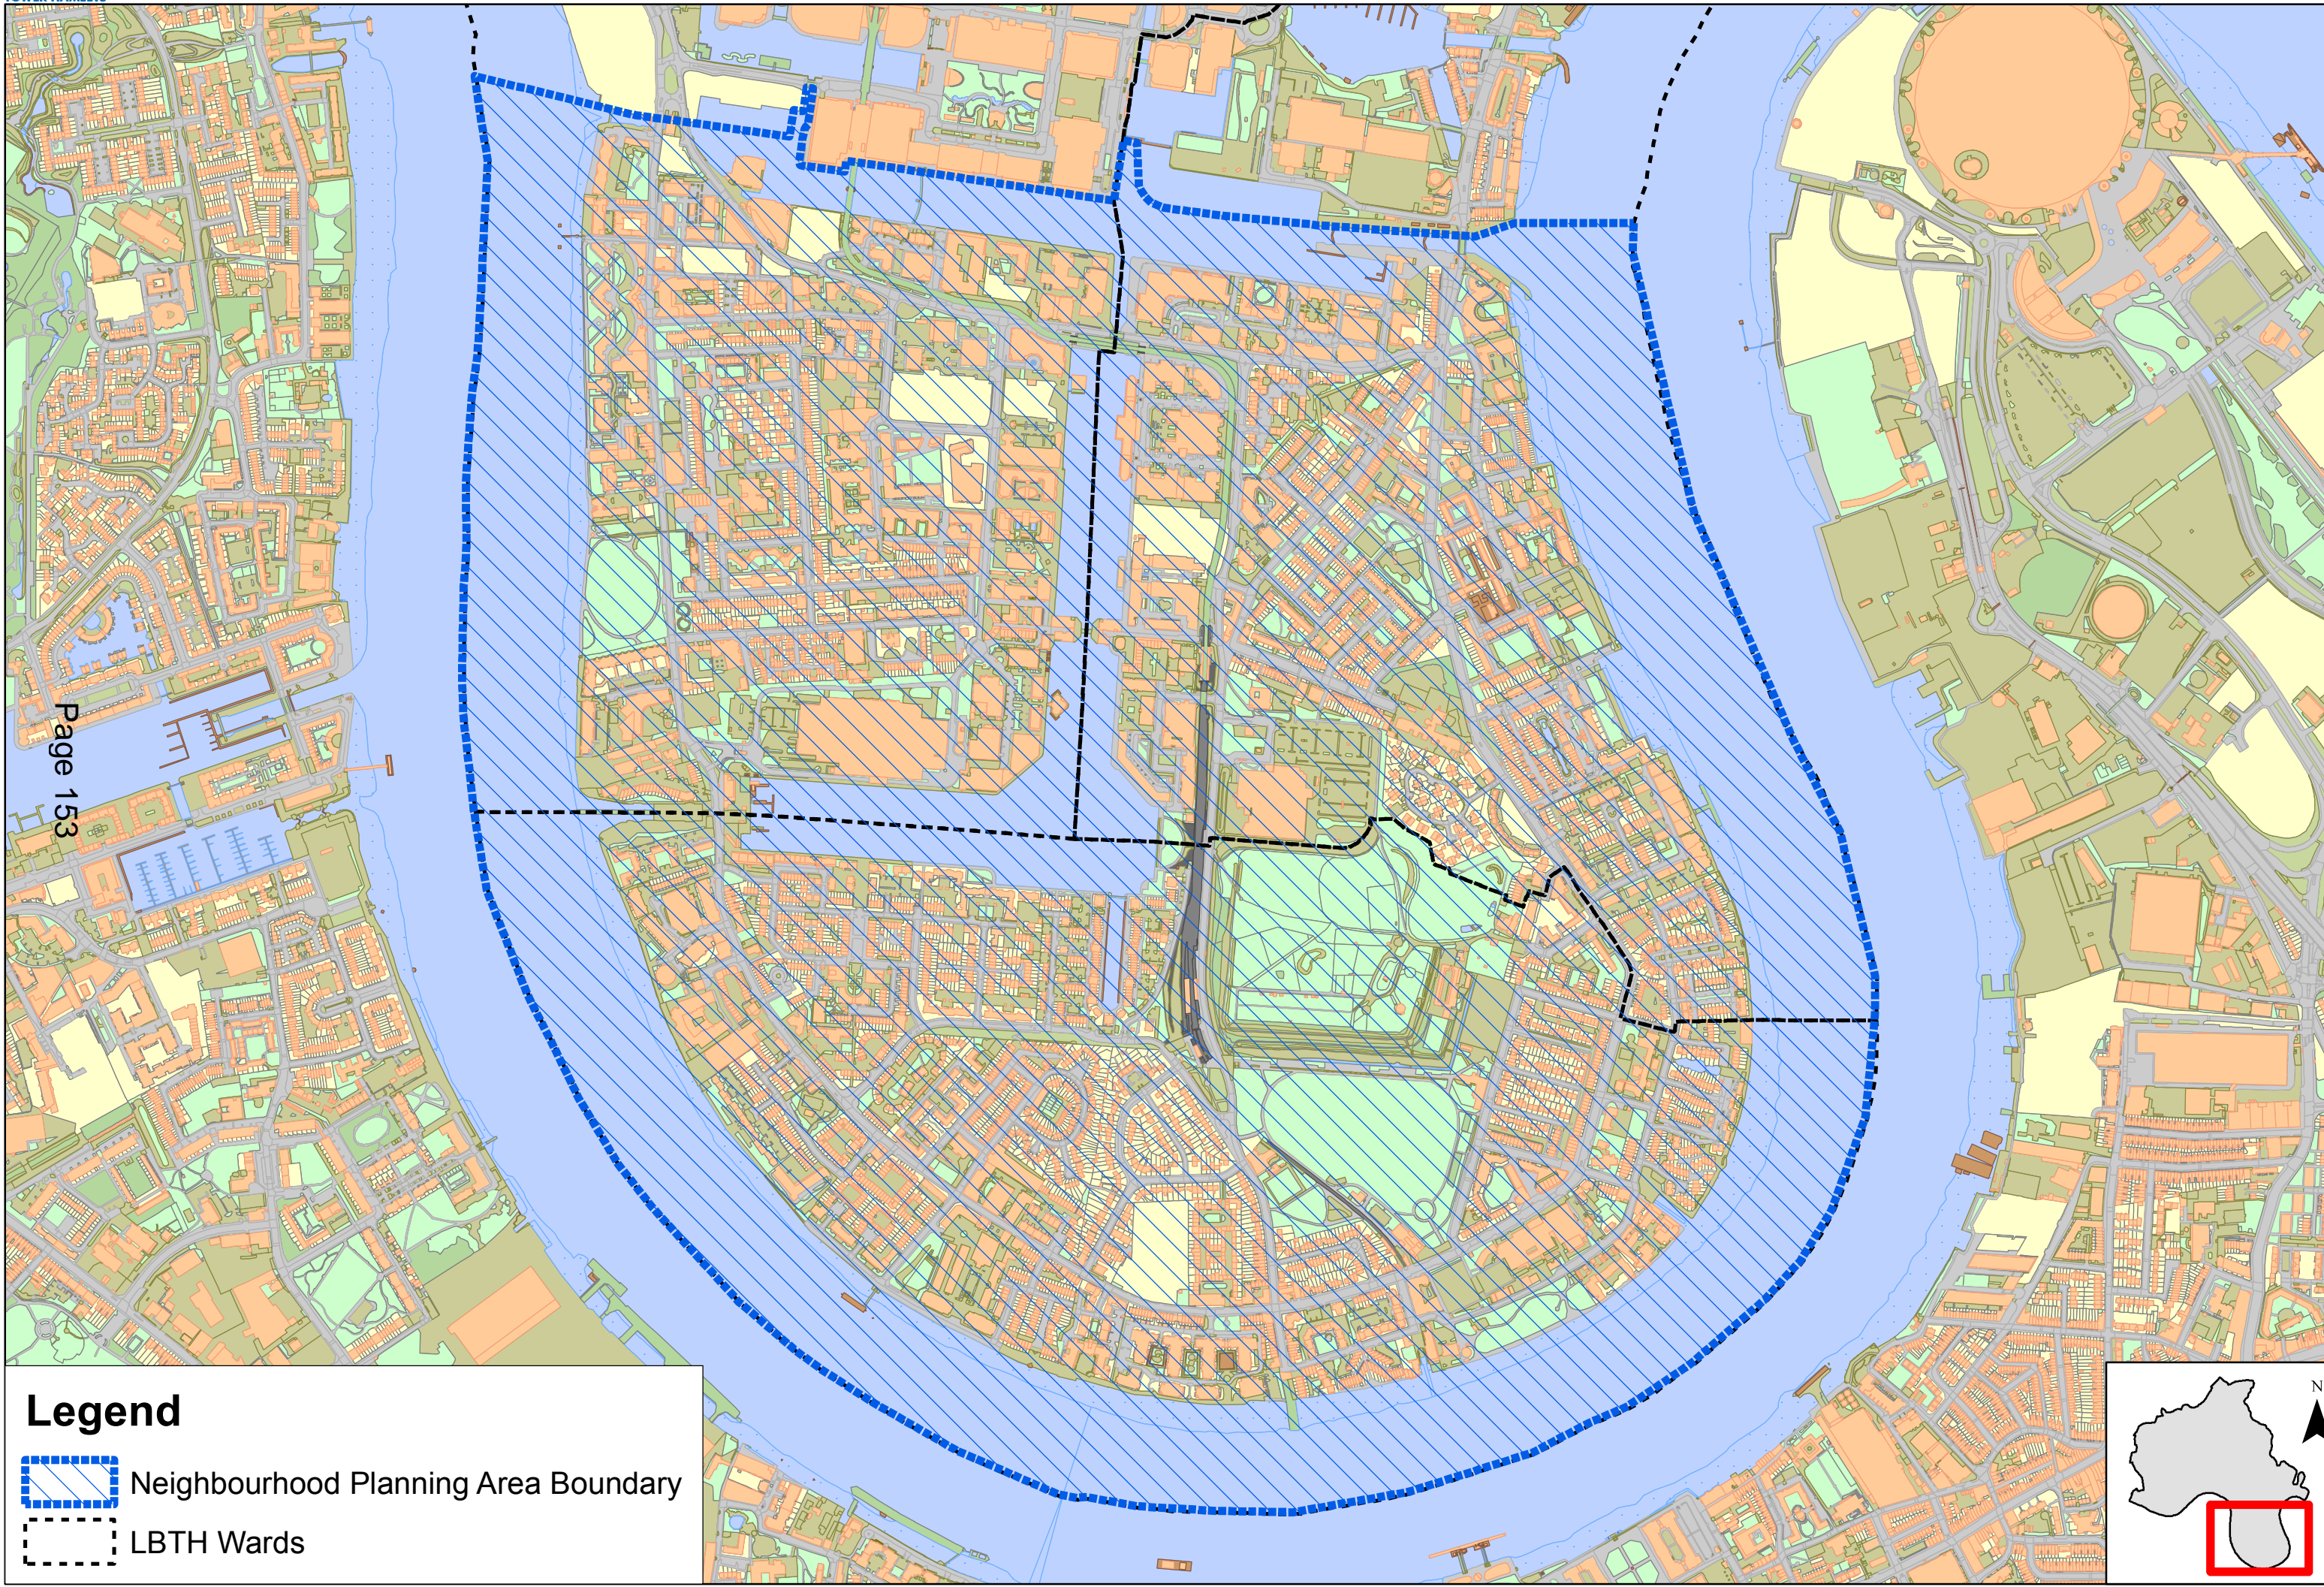

officially recognised by the Council – wish to join an Isle of Dogs Parish Council, would be the subject of a separate consultation.

<p>Non-Executive Report of the:</p> <p>Council</p> <p>Wednesday, 19 May 2021</p>	 <p>TOWER HAMLETS</p>
<p>Report of: Janet Fasan, Director of Legal and Monitoring Officer</p>	<p>Classification: Open (Unrestricted)</p>
<p>COUNCIL'S CONSTITUTION 2021-22</p>	

Originating Officer(s)	Matthew Mannion, Head of Democratic Services
Wards affected	(All Wards);

Executive Summary

The Council's Constitution sets out how the Council operates, how decisions are made and the procedures which are followed to ensure that these are efficient, transparent and accountable to local people. Some of the processes are required by law, while others are a matter for the Council to determine.

Since the last major refresh of the Constitution in 2019, the General Purposes Committee have taken day-to-day responsibility for monitoring the Constitution and considering general updates as required. On behalf of the Council, General Purposes Committee also agreed Council Procedure Rules in relation to virtual committee meetings held before 7 May 2021.

It is considered best practice for the Annual Council meeting to note the Constitution and confirm its adoption each year. This report is therefore prepared on that basis. No additional changes are proposed as part of this report.

Recommendations:

The Council is recommended to:

1. Note the work of the General Purposes Committee and confirm continued adoption of the Constitution as set out in the appendices to the report.
2. Note that the additional Council Procedure Rules agreed to support virtual committee meetings have now expired and no longer form part of the Constitution.
3. Note that the Council will be submitting a response to the Government's consultation on the future of virtual meetings and to agree that the Chair of the General Purposes Committee should be consulted before the response is submitted.
4. Agree that the General Purposes Committee should consider the potential

advantages to the Council's committees and meetings of the uses of virtual and hybrid meeting technologies.

1. REASONS FOR THE DECISIONS

- 1.1 It is considered best practice for Council to confirm adoption of the Constitution each year at its Annual Meeting.

2. ALTERNATIVE OPTIONS

- 2.1 None are presented although Council could ask General Purposes Committee to review, on its behalf, any parts of the Constitution it so wishes.

3. DETAILS OF THE REPORT

- 3.1 The Council's Constitution sets out how the Council operates, how decisions are made and the procedures which are followed to ensure that these are efficient, transparent and accountable to local people. Some of the processes are required by law, while others are a matter for the Council to determine.
- 3.2 Since the last major refresh of the Constitution in 2019, the General Purposes Committee have taken day-to-day responsibility for monitoring the Constitution and considering general updates as required. On behalf of the Council, General Purposes Committee also agreed Council Procedure Rules in relation to virtual committee meetings held before 7 May 2021.
- 3.3 It is considered best practice for the Annual Council meeting to note the Constitution and confirm its adoption each year. This report is therefore prepared on that basis. No additional amendments are proposed as part of this report.

The Constitution and Virtual Committees

- 3.4 The most significant addition to the General Purposes Committee considered over the last year concerned virtual committee meetings. Following the start of the Covid-19 pandemic which was preventing physical meetings from taking place, the government enacted a new Statutory Instrument (The Local Authorities and Police and Crime Panels (Coronavirus)(Flexibility of Local Authority and Police and Crime Panel Meetings)(England and Wales) Regulations 2020) to allow virtual meetings to take place.
- 3.5 As Council was not able to meet at that time, General Purposes Committee used its powers to agree an additional section of the Council's Procedure Rules to formally set out how the Council's virtual meetings should operate. This was then ratified by Council the first time it was able to meet.

- 3.6 The Regulations have now expired and so the Council is no longer able to hold virtual meetings. That section of the Council procedure rules has therefore also expired.

Physical Meeting arrangements and future arrangements

- 3.7 With the expiration of the virtual meeting Regulations, the Council must now move to physical meeting arrangements for the core membership of each Committee (including Members (Mayor, Councillors, Co-optees), key officers and key public participants.
- 3.8 However, the new technologies now available do provide an opportunity to enable some participants, where appropriate, to engage with meetings through hybrid arrangements. This could be useful, for example, for expert advisors or similar participants who would now no longer need to come to the Town Hall to attend the meeting. The General Purposes Committee are likely to consider appropriate use of these new opportunities at an upcoming meeting. Council are therefore asked to endorse this course of action.
- 3.9 Whilst the current regulations have expired the government has opened a consultation on the future of hybrid and virtual committee meetings and the Council will be looking to provide a response, following consultation with the Chair of the General Purposes Committee. Council are also asked to endorse the Chair of General Purposes Committee leading on this work on behalf of Members.

General reviews and updates

- 3.10 It is important that the Constitution is seen as a living document, updated as required. To that end, the General Purposes Committee has a yearly Constitution review built into its workplan to enable Members to propose areas for review. In practice though, most meetings of the Committee will include at least one report setting out proposed updates to the constitution.
- 3.11 Over the last year these have mainly involved reviews of terms of references, procedures, error corrections and some other small adjustments. The Committee agreed a new Filming Protocol and also noted various changes made by officers under delegated authorities such as around Directorate Schemes of Delegation.
- 3.12 The General Purposes Committee may determine to forward issues to Council for consideration where they consider it appropriate. For this last year though it has not considered that necessary and all proposed amendments have been passed unanimously.
- 3.13 The 'Linked Reports' section at the end of this document lists the recent Constitution reports that have been presented to the General Purposes Committee.
- 3.14 The Constitution is attached to this cover report at Appendix 1-2.

4. EQUALITIES IMPLICATIONS

- 4.1 None specific to this report, but equalities implications should be considered whenever a significant review of the constitution takes place.

5. OTHER STATUTORY IMPLICATIONS

- 5.1 This section of the report is used to highlight further specific statutory implications that are either not covered in the main body of the report or are required to be highlighted to ensure decision makers give them proper consideration. Examples of other implications may be:

- Best Value Implications,
- Consultations,
- Environmental (including air quality),
- Risk Management,
- Crime Reduction,
- Safeguarding.
- Data Protection / Privacy Impact Assessment.

- 5.2 None specific to this report but having an up to date Constitution helps ensure the Council's decision making processes are operating effectively which is important in supporting the Council's activities to tackle the above risks.

6. COMMENTS OF THE CHIEF FINANCE OFFICER

- 6.1 There are no financial implications emanating from this report.

7. COMMENTS OF LEGAL SERVICES

- 7.1 This report concerns the Council's future meeting arrangements following the end to provisions under the Local Authorities and Police and Crime Panels Regulations 2020 permitting remote access. The High Court ruling in Hertfordshire County Council and Others and the Secretary of State for Housing, Communities and Local Government on 28th April 2021 concluded that members of the public are required to physically attend meetings in line with current restrictions and public health advice. The Judgment elaborated further to permit live streaming or broadcasts to allow wider public access.

- 7.2 The proposed arrangements set out in this report would permit some participants, where appropriate, to engage in meetings through hybrid means i.e. in a physical and remote setting. The Council is advised to take its own view both on the interpretation of the Judgment and the steps it will be taking in respect of the conduct of meetings, which would include the proposed hybrid model. In view of the above, there are no immediate legal implications arising from the recommendations proposed in this report.

1 Introducing the Council's Constitution

1. This Constitution sets out how the Council operates, how decisions are made and the procedures which are followed to ensure that these are efficient, transparent and accountable to local people. Some of these processes are required by the law, while others are a matter for the Council to determine.
2. The Constitution is divided into four parts:
 - Part A – Introduction and Explanations
 - Part B – Responsibility for Functions and Decision-Making Procedures
 - Part C – Codes and Protocols
 - Part D – Supplementary Documents
3. The purpose of the Constitution is to ensure that:
 - The Mayor and Council provide clear and accountable leadership to the community in partnership with citizens, businesses and other organisations;
 - The roles and responsibilities of the executive, non-executive, scrutiny and officer functions are clearly defined and documented, with clear delegation arrangements;
 - Citizens, businesses and other organisations are actively involved in decision making;
 - Citizens are effectively represented by their Mayor and Councillors;
 - The delivery of services to the community is improved;
 - Decisions are taken efficiently, effectively and transparently;
 - Decision-makers are clearly identifiable, that they explain the reasons for their decisions and can be held to public account.
 - The highest standards of conduct of Members and officers of the authority is maintained and that no one will review or scrutinise a decision in which they were directly involved;
 - It provides a comprehensive document explaining how the Council operates, who is responsible for taking decisions and how they will be taken.
4. The Council will exercise all its powers and duties in accordance with the law and this Constitution.

2 How the Council Operates

1. The Council operates the directly elected Mayoral form of Executive. The Council is composed of a Mayor and forty-five Councillors. The Mayor is directly elected by the electors of the Borough, normally for a four-year term of office. The Mayoral election will be held on the same day as the ordinary Council elections, at which Councillors are elected to represent each of the Wards within the Borough every four years. Councillors are democratically accountable to residents of their Ward. The overriding duty of Councillors is to the whole community, but they have a special duty to their constituents, including those who did not vote for them.
2. The Council may also appoint additional 'Co-opted' Members to certain Committees and Sub-Committees. Co-optees are people who are chosen to represent a specific area of interest or issue of consideration. These representatives are not elected members of the Council and are appointed because of their level of knowledge and experience. These co-opted members make a very useful contribution to discussions and help make the correct decisions in relation to important matters.
3. The Mayor, Councillors and Co-optees are together known as 'Members' of the Authority. Members have to agree to follow a Code of Conduct to ensure high standards in the way they undertake their duties. The Council's Standards Advisory Committee is responsible for advising Members on the Code of Conduct and ensuring that they receive training on the requirements of the Code, which they are required to observe in carrying out their duties and responsibilities as Members.
4. The Mayor and all Councillors meet together at Council. Meetings of Council are normally open to the public. Here Councillors decide the Council's overall policies and set the budget each year. Council appoints annually an Overview and Scrutiny Committee, Regulatory Committees, a Standards Advisory Committee, and other statutory, advisory and consultative bodies.
5. The Mayor appoints a Deputy Mayor and (up to nine) Cabinet Members who form the Council's Executive, they are responsible for most day to day decisions. The Mayor and other Executive Members meet together as the 'Cabinet'. The Mayor is responsible for the Council's main executive decision-making powers and the overall delivery of Council services.
6. The other executive decision-making bodies are:
 - the King George's Field Charity Board to administer the affairs of the King George's Field, Mile End charity of which the Council is the sole trustee; and
 - the Grants Determination Sub-Committee.

7. The Executive Scheme of Delegation sets out more detail on the Mayor and Executive functions.
8. The Overview and Scrutiny Committee is established to review or scrutinise decisions of the Executive and conduct reviews into functions which are the responsibility of the Executive. Section 9 of the Constitution sets out an introduction to role of Overview and Scrutiny and links to more detailed sections later in the Constitution.
9. The Overview and Scrutiny procedure rules (Part B, Section 30) set out in more detail how the Committee and its sub-committees operate.

3 How Decisions are Made

Principles of Decision-Making

1. All decisions of the Council will be made in accordance with the following principles:
 - a) proportionality (i.e. the action must be proportionate to the desired outcome);
 - b) due consultation and the taking of professional advice from officers;
 - c) respect for human rights;
 - d) a presumption in favour of openness;
 - e) clarity of aims and desired outcomes;
 - f) take account of all relevant matters;
 - g) discount irrelevant matters; and
 - h) explaining what options were considered and giving the reasons for the decision.

Responsibility for Decision-Making

2. The Council will issue and keep up to date a record of what part of the Council or individual has responsibility for particular types of decisions or decisions relating to particular areas or functions. This record is set out in Part B of this Constitution.
3. The form of the Council's Executive Arrangements is a 'Mayor and Cabinet' model as defined in section 9C of the Local Government Act 2000 (as amended). Therefore, decision-making at the Council is split into the following types:
 - 'Executive'
 - Including 'Executive Key Decisions'
 - 'Non-Executive' functions.

Executive Decision Making

4. The Mayor is responsible for Executive decision-making and is therefore responsible for most day to day decisions. The Mayor can take these decisions at Cabinet, in a Cabinet Sub-Committee or the decisions can be delegated to officers.

5. These decisions must be in line with the Council’s Budget and Policy Framework. If any of these decisions change the Framework then these must be referred to Council.

Executive Key Decisions

6. A “key decision” is an executive decision which is likely to:

- A. result in the local authority incurring expenditure or the making of savings of:

Savings	Where the proposal is expected to result in savings of above £1 Million
Revenue expenditure	Where the proposal involves revenue expenditure of above £1 Million
Capital expenditure	Where the proposal involves capital expenditure of above £5 Million

OR

- B. be significant in terms of its effects on communities living or working in an area comprising two or more wards or electoral divisions.

- i. In considering whether a decision is likely to have a significant impact, the decision maker is to consider the strategic nature of the decision and whether the outcome will have a significant material impact, for better or worse, on the local amenity or wellbeing (including social and environmental impact) of the community or the quality of service provided to a significant number of people living or working in the locality affected.
- ii. When officers consider the impact on the Community they will, for example, consider the effect on specific groups within that Ward (defined by other characteristics such as ‘age’, ‘culture’ etc) where those groups make up a significant proportion of that Ward’s population.
- iii. In determining the meaning of “significant” for the purposes of these paragraphs, regard must be had to any guidance for the time being issued by the Secretary of State in accordance with section 9Q of the Local Government Act 2000.

In addition to the above, officers will also consider the following guidance when determining if an issue should be treated as a Key Decision:

7. A decision to approve, update or amend a policy, strategy, plan, scheme (or similar) will only be a key decision if criteria (A) or (B) above would apply to the implementation of the document once approved, updated or amended.
8. Documents listed in Section 7 under the Budget and Policy Framework, are non-executive decisions reserved to Full Council and therefore cannot be key decisions. However, they are required to be prepared and developed by Cabinet in accordance with the Budget and Policy Framework Procedure Rules at Part B Section 28 of the Constitution.
9. A decision or report in relation to preparation and development of an issue, for example to begin a public consultation exercise, will not normally be a key decision unless criteria (A) or (B) above would also apply to that specific action. Even if the final determination of that issue would result in a Key Decision.
10. A decision not fulfilling the criteria at (A) or (B) above may follow the same process as a key decision if, in the professional opinion of the Chief Executive or the appropriate Corporate Director, it is a matter of particular political sensitivity.
11. A decision which is the same or similar to one taken in the past (for example, the approval of a previous iteration of a plan or strategy), and does not fulfil criteria (A) or (B) above, is not a Key Decision even if the comparable previous decision was identified as a Key Decision.

Taking Key Decisions

12. A decision taker, when making a decision may only take a Key Decision in accordance with the requirements of the Executive Procedure Rules set out in Part B Section 29 of the Constitution.
13. When Key Decisions are to be made, notice of these decisions must be published in advance, in so far as they can be anticipated. If these Key Decisions are to be taken at an Executive meeting (for example Cabinet) this will generally be open for the public to attend, except for restricted agenda items which include, for example, personal, commercially sensitive or confidential matters.
14. The Health and Wellbeing Board is a statutory committee under the provisions of the Health and Social Care Act 2012 but does have certain executive functions and if this Board is making a Key decision then this will be published in advance. The meeting generally is open for the public to attend, except where restricted matters are being discussed in the same way as for other Executive meetings.

15. Part A, Section 8 provides more detail of Executive Decision Making.

Executive Decision Making by Officers

16. Part B, Section 23 contains the Corporate Scheme of Delegation which must be read in conjunction with the Council-wide Operating Procedures and Directorate Schemes of Delegation published in Part D.
17. These documents set out where Officers have delegated powers to take Executive Decisions. However, the following must always be followed in respect of officer decisions:
- Officers may not take Key Decisions unless there has been a specific delegation by the Executive.
 - Any officer decision resulting in (revenue or capital) expenditure or savings of over £250,000 must only be taken following consultation with the relevant Lead Cabinet Member and must be published on the Council's website 'as soon as practicable' (and following any guidance from the Monitoring Officer) after the decision has been taken.

Non-Executive Decision Making

19. Certain decisions, such as the overall Council Budget, Council tax and the policy framework are reserved to Council. Section 7 sets out more details of how Council operates.

- Any officer decision resulting in (revenue or capital) expenditure or savings of over £250,000 must be published on the Council's website 'as soon as practicable' (and following any guidance from the Monitoring Officer) after the decision has been taken.

Decision-Making by the Overview and Scrutiny Committee and Scrutiny Panels

24. The Council has established an Overview and Scrutiny Committee whose main responsibility is to review or scrutinise decisions made, or other action taken in connection with the discharge of any functions which are the responsibility of the Executive.
25. The Overview and Scrutiny Committee, and any Scrutiny Sub-Committees it appoints, will follow the Overview and Scrutiny Procedure Rules and relevant parts of the Council Procedure Rules set out in Part B Section 30 of this Constitution which apply to them when considering any matter.

The Council, any Members, Committee, Sub-Committee, Panel or an officer acting as a tribunal, or in a quasi-judicial manner, or determining/considering (other than for the purposes of giving advice) the civil rights and obligations or the criminal responsibility of any person, will follow a proper procedure which accords with the requirements of natural justice and the right to a fair trial contained in Article 6 of the European Convention on Human Rights.

The Mayor

6. The Mayor will exercise strategic political leadership by developing and communicating clearly to citizens, businesses and service users the authority's purpose and vision and its intended policy outcomes. In developing strategic policy the Mayor will work closely with the Chief Executive and have regard to advice tendered.

7. The Mayor will be a person elected to that position by the electors of the borough in the Mayoral election. In the event that a serving Councillor of the London Borough of Tower Hamlets is elected as Mayor, a vacancy shall be declared in that person's Council seat and a by-election shall be held (if required) in accordance with the relevant legislation.
8. The term of office of the Mayor will normally be four years. They will take office on the fourth day after their election and will continue in office until the fourth day after their successor is elected, unless they die, are disqualified or resign.

The Statutory Deputy Mayor

9. The Statutory Deputy Mayor will be a Councillor appointed to that position by the Mayor from among the Cabinet members.
10. The Mayor may replace the Statutory Deputy Mayor at any time but otherwise the Statutory Deputy Mayor shall remain in post for the duration of the Mayor's term of office, unless:

 - b) they are no longer a Councillor
11. The Statutory Deputy Mayor shall have authority to exercise the Mayor's powers only in the event that for any reason the Mayor is unable to act at any time.

Other Executive Members

12. The Mayor shall appoint between two and nine Councillors to be members of the Executive (Cabinet Members) alongside the Mayor. All of the Cabinet Members must be serving Councillors of the authority. The Mayor may allocate to each Cabinet Member a portfolio of responsibility for Council business relating to their role as an Executive Member (see 17-18 below).
13. The Mayor must appoint one of the Cabinet Members as the Statutory Deputy Mayor.
14. The Mayor may replace or remove a Cabinet Member, and/or may vary or delete their portfolio responsibilities, at any time.

15. Executive Members shall hold office until:

Cabinet Responsibilities

17. The Executive Members will have portfolios as set out in the Executive Scheme of Delegation within Section 29 of this Constitution.

18. The portfolios may be subject to change from time to time at the discretion of the Mayor and will be updated by the Monitoring Officer as soon as reasonably practicable when so advised by the Mayor.

Proceedings of the Cabinet

19. Proceedings of the Cabinet shall take place in accordance with the Executive Procedure Rules set out in Section 29 of the Constitution.

Responsibility for Functions

20. The Monitoring Officer will maintain a list as part of this Constitution, setting out which individual Cabinet Members or Committees of the Executive, officers or joint arrangements (see Section 29 – Executive Procedure Rules) are responsible for the exercise of particular executive functions.

9 Overview and Scrutiny

1. Overview and Scrutiny provide an important check and balance function to ensure that the decisions of the Executive, Mayor and Cabinet are in the best interests of residents and that the council is providing high quality services.
2. The scrutiny process provides non-executive councillors and co-opted Members with an opportunity to examine the services provided by the council and partner agencies, ask questions on how decisions are made and to consider whether service improvements can be put in place. Members of all political parties can work together in a challenging and constructive way to propose improvements not only to the way the council works, but also to other public services in the local area more generally.

Scrutiny Committees and Sub-Committees

3. Council will appoint an Overview and Scrutiny Committee to discharge the functions conferred by sections 9F to 9FI of the Local Government Act 2000; section 19 of the Police and Justice Act 2006 (local authority scrutiny of crime and disorder matters); or any functions which may be conferred on it by virtue of regulations under section 244(2ZE) of the National Health Service Act 2006 (local authority scrutiny of health matters).
4. Council will appoint a Member to serve as the Chair of the Overview and Scrutiny Committee. The Committee will appoint its own Vice-Chair.
5. The Committee will appoint a Sub-Committee to discharge the Council's functions under the National Health Service Act 2006 (including scrutiny of the local health service) to be known as the Health and Adults Scrutiny Sub-Committee and it may also appoint such other Sub-Committees as the Committee considers appropriate to carry out its work programme. The Overview and Scrutiny Committee will appoint Members as Chairs of any such sub-committees. The Sub-Committees will appoint their own Vice-Chairs.
6. The Overview and Scrutiny Committee and its Scrutiny Sub-Committees will generally meet in public and will conduct their proceedings in accordance with the Procedure Rules in Section 30 of this Constitution.

Scrutiny Leads

7. The Overview and Scrutiny Committee may appoint from amongst its Members, 'Scrutiny Lead Members' with responsibility for specific portfolios.

General Role and Responsibilities

8. Section 30 (Overview and Scrutiny Procedures Rules) sets out in more detail how the Overview and Scrutiny Committee and its Sub-Committees will operate. In summary, their roles include the following:
 - Scrutiny of decisions or actions taken by the executive.
 - Provide advice and reports to the Executive on key issues including making recommendations to Council and/or the Mayor/Executive.
 - Question Members of the Executive and/or Committees and chief officers about their views on issues and proposals affecting the area.
 - Liaise with external organisations operating in the area to ensure the interests of local people are enhanced by collaborative working including by reviewing the performance of public bodies in the area and inviting reports from them.
 - Exercise the right to 'call in' for reconsideration decisions made but not yet implemented by the Mayor/Executive.
 - Assist the Council and the Executive in the development of its budget and policy framework and in the in-depth analysis of policy issues.
 - Look to enhance community participation in the development of policy options including through petitions to Scrutiny meetings following the rules set out in the Council's Petition Scheme.
 - To consider issues raised under the 'Councillor Call for Action' procedure.

Reporting

9. The Overview and Scrutiny Committee reports annually to Council on its work.
10. The Overview and Scrutiny Committee will report to Council, Cabinet or the Mayor or appropriate Cabinet member and make recommendations, as appropriate. All reports and/or recommendations of Scrutiny Sub-Committees shall first be considered by the Overview and Scrutiny Committee before being reported to Council, Cabinet, the Mayor or Cabinet member, as appropriate.

Further Information

11. The following sections of the Constitution contain more information about the Council's Overview and Scrutiny function:
 - Section 19 – Terms of Reference for Council and Committees
 - Section 21 – Terms of Reference for Joint Committees

- Section 30 – Overview and Scrutiny Procedure Rules

10 Regulatory and Non-Executive Committees

1. Council will appoint the Committees set out in Part B to discharge the functions described in the "Responsibility for Functions" information also in Part B.
2. Council will appoint a Member to serve as Chair of each Committee that it appoints under this Section. If the Council does not, the Committee may appoint a Chair from amongst the Members appointed to the Committee by the Council.
3. Each Committee may appoint a Vice-Chair from amongst its Members.
4. Except where prevented in law, or this Constitution, any Committee may establish one or more sub-committees to undertake specific areas of decision making that would normally be the responsibility of the parent Committee.
5. Subject to Section 3, Paragraph 27, other Council Committees and Sub-Committees will follow those parts of the Council Procedure Rules set out in Section 27 of this Constitution as apply to them.

Development Control and Licensing

6. Two regulatory Committees often of general interest to the public are those that deal with Development Control and Licensing.
7. **Development Control** – Tower Hamlets Council is a local planning authority for its area (other than parts of Bromley by Bow and Fish Island which currently fall under the London Legacy Development Corporation). Local Planning Authorities must make a Local Plan for their area and make decisions on planning applications for new development that are submitted.
8. The executive Mayor, Cabinet and full Council are responsible for decisions about the Council's Local Plan. Most decisions on planning applications are made by senior planning officers under powers that are delegated to them. Applications for the largest scale developments or those which have attracted significant public interest are determined by one of the Council's two planning committees - the **Development Committee** and the **Strategic Development Committee**. They make decisions in public, in line with policies in the Council's Local Plan and other development plan documents, such as the London Plan. The Committees will hear representations from members of the public who can register to speak in support of, or in objection to, an application. The terms of reference for both committees are set out in Section 19 of the Constitution."

9. The **Licensing Committee** oversees the discharge of all licensing functions of the Council as the Licensing Authority under the Licensing Act 2003 and the Gambling Act 2005 (excluding the Council's Statement of Licensing Policy). The Licensing Committee also reviews licensing fees and charges and oversees the Licensing activities of the Environmental Health and Trading Standards Service.
10. The Licensing Committee also has a responsibility to consider and determine matters under Section 2 of the Schedule 3 to the Local Government (Miscellaneous Provisions) Act 1982 regarding the control of sex establishments within the borough. It also considers and determines matters under the London Local Authorities Act 1991 in respect of premises providing or wishing to provide special treatments within the borough where objections have been received and not withdrawn.
11. The Licensing Committee establishes **Licensing Sub-Committees** to consider Licensing matters under the Licensing Act 2003. The Sub Committees determine applications to grant, vary a license where representations have been made, or where an application to review a licence has been made. The Sub Committee is established to perform the functions of the Licensing Authority with a view to promoting the four licensing objectives:
 - The prevention of public nuisance
 - The prevention of crime and disorder
 - Public safety
 - The protection of children from harm
12. The meetings are an opportunity for councillors to make a decision based on the points of view of all relevant parties.
13. The Licensing Committee and Licensing Sub-Committee Terms of Reference are at Part B Section 19 and the Licensing Code of Conduct is at Part C Section 34.

11 The Standards Advisory Committee and the Code of Conduct for Members

Code of Conduct

12. In accordance with the requirements of the Localism Act 2011 the Council has adopted a Code of Conduct for Members together with arrangements for dealing with any complaint of a breach of the Code including the appointment of an Independent Person. Standards Advisory Committee

13. In order to promote and maintain high standards of conduct, the Council at its Annual Meeting will establish a Standards Advisory Committee using its powers under section 102(4) of the Local Government Act 1972.
14. The Standards Advisory Committee shall have the power to create sub-committees in order to discharge its advisory role.
15. The Standards Advisory Committee's composition shall be set out in its Terms of Reference. It includes Councillors and Independent Co-opted Members (but may not include the Mayor or more than one Cabinet Member).
16. The Standards Advisory Committee has a set of procedures which govern its arrangements. These are set out Part B Section 19 and Part D Section 53.

Independent Persons

17. The Council has appointed two statutory Independent Persons to assist in dealing with complaints of alleged breach of the Code of Conduct for Members under section 28(7) of the Localism Act 2011. They are not co-opted member of the Standards Advisory Committee but may attend and observe any meeting of the Committee or a sub-committee established by it.

The Council provides support for the administration of the Partnership but the Partnership is independent of the local authority.
17. The Partnership delivers its vision through The Tower Hamlets Plan 2018-23, which has the key objective - tackling inequality by building a strong, inclusive and fair borough – as well as four themes:
 - A better deal for children & young people – this is about ensuring young people are supported to build on their aspirations and achieve their full potential.

5. Inner North East London Joint Health Overview and Scrutiny Committee

Introduction: 1. Regulation 30 of the Local Authority (Public Health, Health and Wellbeing Boards and Health Scrutiny) Regulations 2013 (Reg 30) ensure that there are sufficient scrutiny procedures and policies in place to cover the cross-Borough wide NHS Sustainability and Transformation Plan (STP).

Membership: The INEL JHOSC will be a committee serviced by the participating local authorities on a two-yearly cycle – the current local authority hosting the INEL JHOSC is the London Borough of Newham in accordance with section 101(5) of the Local Government 1972;

The membership shall be made up of three members from each of the larger participating local authorities and one from the City of London Corporation; making a total of 10 members, with each council's membership being politically proportionate and with non-executive councillors making up the membership.

Substitutions will be accepted if a councillor is not able to attend a meeting of the JHOSC and that councillor has informed the Chair and Scrutiny Officer five working days in advance of the meeting.

Guidance suggests that co-opting people is one method of ensuring involvement of key stakeholders with an interest in, or knowledge of, the issue being scrutinised. This is already a power of overview and scrutiny committees by virtue of the Local Government Act 2000. However, the Guidance also recommends other ways of involving stakeholders by, for example, giving evidence or by acting as advisers to the committee.

A Chair (from the host authority) will be appointed by the JHOSC at the first meeting.

A vice-Chair (from non-host local authorities) will be appointment by the JHOSC at the first meeting. Where agreed, a second vice-Chair may also be nominated to ensure parity across the Membership.

Role: Consider and respond to any health matter which:
Impacts on two or more participating local authorities or on the sub region as a whole, and for which a response has been requested by NHS organisations under Section 244 of the NHS Act 2006; and
All participating local authorities agree to consider as an INEL JHOSC

To collectively review and scrutinise any proposals within the STP that are a substantial development / variation of the NBS or the substantial development / variation of such service where more than one local authority is consulted by the relevant NHS body pursuant to Reg 30;

To collectively consider whether a specific proposal within the STP that's is not a substantial development or variation is only relevant for one authority and therefore should be referred to that local authority's Health Scrutiny Committee for scrutiny;

In the event that a participating local authority considers that it may wish to consider a discretionary matter itself rather than have it dealt with by the joint committee it shall give notice to the other participating councils and the joint committee shall then not take any decision on the discretionary matter (other than a decision which would not affect the council giving notice) until after the next full Council meeting of the council giving notice in

order that the council giving notice may have the opportunity to withdraw delegation of powers in respect of that discretionary matter;

To require the relevant local NHS body to provide information about the proposals under consideration and where appropriate to require the attendance of a representative of the NHS body to answer such questions as appear to it to be necessary for the discharge of its function;

Make reports or recommendations to the relevant health bodies as appropriate and/or the constituent authorities' respective Overview and Scrutiny Committees (OSC) or equivalent;

Each Council to retain the power of referral to the Secretary of State of any proposed "substantial variation" of service, so this power is not solely delegated to the JHOSC.

To review the procedural outcome of consultations referred to in any substantial development / variation, particularly the rationale behind contested proposals;

To undertake in-depth thematic studies in respect of services to which the NHS Trusts contribute and where a study is done on a Trust wide and cross borough basis;

To take account of relevant information available and in particular any relevant information provided by Healthwatch under their power of referral;

To maintain effective links with Healthwatch and other patient representative groups and give consideration to their input throughout the Scrutiny process;

Quorum: The quorum for meetings will be seven members from at least two local authorities. During any meeting if the Chair counts the number of councillors present and declares there is not a quorum present, then the meeting will adjourn immediately. Remaining business will be considered at a time and date fixed by the Chair. If a date is not fixed, the remaining business will be considered at the next meeting.

Decision Making Process

Decisions will be taken by consensus. Where it is not possible to reach a consensus, a decision will be reached by a simple majority of those members present at the meeting. Where there are equal votes the Chair will have the casting vote.

Reporting Arrangements

Prior to the agenda for each meeting of the JHOSC being finalised officers will convene a planning / pre-meeting with the Chairs of the individual HOSC's or their nominee, along with key individuals presenting papers from the NHS and other informal briefings as considered appropriate;

In terms of the JHOSC's conclusions and recommendations the Guidance says that one report has to be produced on behalf of the JHOSC. The final report shall reflect the views of all local authority committees involved in the JHOSC. it will aim to be a consensual report.

In the event there is a failure to agree a consensual report the report will record any minority report recommendations. At least seven members of the JHOSC must support the inclusion of any separate minority report in the committee's final report.

Any report produced by the JHOSC will be submitted to the local authority's council

meetings for information.

The NHS body or bodies receiving the report must respond in writing to any requests for responses to the report or recommendations, within 28 days (calendar, not working) of receipt of the request.

In the event that any local authority exercises its right to refer a substantial variation to the Secretary of State, it shall notify the other local authorities of the action it has taken and any subsequent responses.

Meetings will usually be led by each authority rotating on a two-yearly basis with the Chair being a councillor from the current lead local authority;

1. providing legal advice;
2. liaising with health colleagues ahead of the meeting;
3. updating action sheets from previous meetings;
4. producing agenda papers and co-ordinating public forum;
5. creating formal minutes and actions sheets;

Any changes to the host authority must be agreed by the committee;

Agenda and supporting papers to be circulated and made publicly available at least five working days before the meeting;

Actions to be circulated to those with actions as soon as possible after the meeting – no later than 48hrs following the meeting;

Meetings to be held in public, with specific time allocated for public questions;

Petitions, Statements and Questions

Members of the public and members of council, provided they give notice in writing or by electronic mail to the proper officer of the host authority (and include their name and address and details of the wording of the petition, and in the case of a statement or question a copy of the submission), by no later than 12 noon ONE WORKING DAY

BEFORE the meeting, may present a petition, submit a statement or ask a question at meetings of the JHOSC. The petition, statement or question must relate to the terms of reference and role and responsibility of the committee;

The total time allowed for dealing with petitions, statements and questions at each meeting is thirty minutes;

Statements and written questions, provided they are of reasonable length, will be copied and circulated to all members and will be made available to the public at the meeting;

There will be no debate in relation to any petitions, statements and questions raised at the meeting but the committee will resolve;

1. “that the petition / statement be noted”; or
2. if the content relates to a matter on the agenda for the meeting: “that the contents of the petition / statement be considered when the item is debated”;

Response to Questions

Questions will be directed to the appropriate Director or organisation to provide a written response directly to the questioner. Appropriately redacted copies of responses will be published on the host authority’s website within 28 days.

Details of the questions and answers will be included on the following meeting’s agenda.

Principles of Effective Scrutiny

Scrutiny undertaken through the JHOSC will be focused on improving the health and health services for residents in areas served by the JHOSC through the provision and commissioning of NHS services for those residents;

Improving health and health services through scrutiny will be open and transparent to Members of the Local Authority, health organisations and members of the public.

All Members, officers, members of the public and patient representatives involved in improving health and health services through scrutiny will be treated with courtesy and respect at all times.

Improving health and health services through scrutiny is most likely to be achieved through co-operation and collaboration between representatives of the various Local Councils, NHS Trusts, representatives of Healthwatch and the Clinical Commissioning Groups commissioning hospital services;

Co-operation and joint working will be developed over time through mutual trust and respect with the objective of improving health and health services for local people through effective scrutiny.

All agencies will be committed to working together in mutual co-operation to share knowledge and deal with requests for information and reports for the JHOSC within the time scales set down.

The JHOSC will give reasonable notice of requests for information, reports and attendance at meetings.

The JHOSC, whilst working within a framework of collaboration, mutual trust and co-operation, will always operate independently of the NHS and have the authority to hold views independent of other Members of representative Councils and their Executives;

The independence of the JHOSC must not be compromised by its Members, by other Members of the Council or any of the Councils' Executives, or by any other organisation it works with;

Those involved in improving health and health services through scrutiny will always declare any particular interest that they may have in particular pieces of work or investigation being undertaken by the JHOSC and thus may withdraw from the meeting as they consider appropriate;

The JHOSC will not to take up and scrutinise individual concerns or individual complaints.

Where a wider principle has been highlighted through such a complaint or concern, the JHOSC should consider if further scrutiny is required. In such circumstances it is the principle and not the individual concern that will be subject to scrutiny.

Appendix to the Council Procedure Rules

LONDON BOROUGH OF TOWER HAMLETS

PETITION SCHEME

1. SUBMITTING A PETITION TO THE COUNCIL

Tower Hamlets Council welcomes petitions and recognises that petitions are one way in which people can let us know their concerns. We will treat something as a petition if it is identified as being a petition, or if it seems to us that it is intended to be a petition.

Paper petitions are those prepared in the traditional way: a petition organiser creates a paper document that includes a proposed action. Residents physically write their name, address and signature on this document to show their support of the proposed action.

To help you organise paper petition, the Council has prepared a template that is attached as Appendix 3.

Paper petitions can be sent to the Democratic Services Team on the details provided at Section 7 of this Scheme.

e-Petitions are created, signed, and submitted entirely online. The petition organiser uses a website to create their petition and residents can electronically add their name via the website to show their support of the action the petition organiser proposes.

It is recommended that e-petitions are created via the Council's e-petition facility www.towerhamlets.gov.uk/petition. e-petitions created or submitted through third party websites may be accepted if they comply with the provisions of this scheme.

2. GUIDELINES FOR SUBMITTING A PETITION

Petitions submitted to the Council must include:

- A clear and concise statement covering the subject of the petition. This should state what action the petitioners wish the Council to take.
- The names and signatures of each person supporting the petition, together with the full addresses (including postcode) at which they live, work or study in Tower Hamlets.
 - For Paper Petitions (see definition above) the original signed sheets must be submitted (scans/copies will not be accepted).
- Contact details, including an address, for the petition organiser. This is the person we will contact to explain how we will respond to the petition. The contact details of the petition organiser will not be published.
- If the petition does not identify a petition organiser, we will contact the first listed signatory to the petition to agree who should act as the petition organiser.

Scope of Petition

The Monitoring Officer will review all petitions before they are accepted / actioned. Petitions may be rejected if it:

1. is not about a matter for which the local authority has a responsibility or which affects the borough;
2. is defamatory, frivolous; offensive; vexatious, abusive or otherwise inappropriate;
3. is substantially the same as a petition which has been put at a meeting of the Council in the past 6 months;
4. requires the disclosure of confidential or exempt information; or
5. seeks to pursue or further a complaint against the Council, where other channels already exist for the determination of complaints.
6. Is otherwise unsuitable.

The Monitoring Officer will also consider any request received for the petition to be dealt with in a particular way (e.g. for submission to a particular Committee or to Council). Subject to the guidance within this Petition Scheme, the Monitoring Officer has absolute discretion on how the Council will deal with any petition received and may recommend an alternative course of action to that requested.

In addition, there are some circumstances where petitions will not be dealt with under this Scheme. These include any matters relating to planning or licensing applications; where a separate consultation process is active; or any other circumstances which, in the opinion of the Monitoring Officer would mean the petitions would be better dealt with using a different Council procedure.

The Council may seek to verify the authenticity of each entry on a petition by reference to existing information such as (where appropriate) the current electoral register or other relevant records. Entries which cannot be verified may not be counted for the purposes of determining whether a petition has exceeded a threshold set out in this scheme.

In the period immediately before an election or referendum, when certain legal restrictions apply, we may need to deal with your petition differently – if this is the case we will explain the reasons and discuss the revised timescale which will apply.

If a petition does not follow the guidelines set out above, the Council may decide not to do anything further with it. In that case, we will write to you to explain the reasons.

Signing a Petition

School Children

The Council welcomes petitions created and signed by school children and university students. It may be appropriate for young people to give the name of their school, college rather than home address when signing a petition.

Council Officers

Petitioners are asked not to ask council officers to sign their petitions in relation to their service area. It is contrary to the Member / Officer Protocol for officers to lobby Councillors in respect of their specific service.

3. ACTION BY THE COUNCIL ON RECEIPT OF A PETITION

An acknowledgement will be sent to the petition organiser within 10 working days of us receiving the petition. This will let them know what we plan to do with the petition and when they can expect to receive a formal response to it. If the petition needs more investigation, we will tell the petition organiser the steps we plan to take.

If we can do what the petition asks for, the acknowledgement may confirm that we have taken the action requested and the petition will be closed.

Petitions will receive a formal response from the relevant Corporate Director within 28 days of receipt. This will usually be the quickest way of addressing the issue.

If however, the petition meets the requirements to be presented/debated at a meeting of Councillors under the provisions of Section 4 of this scheme, the petition will receive a formal response within 28 days from the meeting. If you request this option, the relevant Corporate Director may still write to you. You may choose not to proceed with presentation at a meeting if you feel their response resolves the matter.

The acknowledgment will confirm when and how your response will be sent and tell you when and where the meeting will take place (if applicable and if known at that stage).

To ensure that people know what we are doing in response to the petitions we receive, the details of all petitions submitted to the Council will be published on our website, except in cases where this would be inappropriate. Whenever possible we will also publish all correspondence relating to the petition (all personal details will be removed).

4. PRESENTATION OF A PETITION TO ELECTED COUNCILLORS

Subject to your petition containing sufficient signatures as set out below, you may request to present the petition to a meeting of Councillors. There are several ways in which this can be done.

(a) Presentation to a meeting of the Council, Cabinet or relevant committee

If your petition includes the names, addresses and signatures of 30 persons who live, work or study in the borough it can be presented at an ordinary meeting of the Council or to a Council Committee.

The procedure for presenting a petition at full Council or Committee meetings is included in Appendix 1 of this scheme.

Separate to the above provision, the Mayor has agreed a scheme for public engagement at executive meetings (the Cabinet and Cabinet sub-committees), which provides a number of different ways that members of the public can make submissions relating to items on the agenda. The Cabinet public engagement scheme is set out at Appendix 2 of this Scheme.

(b) Debate at a Council Meeting

If your petition includes the names, addresses and signatures of 2,000 persons who live, work or study in the borough, you may request that a debate be held about the petition at a full Council meeting.

The procedure for debating a petition at full Council meetings is included in Appendix 1 of this scheme.

(c) Officer evidence to the Overview and Scrutiny Committee

If your petition includes the names, addresses and signatures of at least 1,000 persons who live, work or study in the borough, you may request that a relevant senior officer give evidence at a public meeting of the Council's Overview and Scrutiny Committee. For example, you may request that a senior officer explain progress on an issue, or the advice given to councillors to enable them to make a particular decision. The senior officers who may be called to give evidence under this procedure include the Head of the Paid Service (Chief Executive) and any of the Council's statutory or non-statutory Chief Officers (Corporate Directors).

You should be aware that the Overview and Scrutiny Committee may decide that it would be more appropriate for another officer to give evidence instead of any officer named in the

petition – for instance if the named officer has changed jobs. The Committee will also call the relevant Executive Councillor(s) to attend the meeting. Committee members will ask the questions at this meeting, but you will be able to suggest questions to the Chair of the Committee by contacting the Democratic Services team (see Section 7) up to three working days before the meeting.

General guidance on requesting your petition be presented or debated

If you would like your petition to be presented/debated at a meeting, you must submit (1) the petition; (2) a request to present or debate the petition; and (3) any request for additional assistance such as an interpreter, to the Democratic Services Team (see Section 7) by noon, 9 clear working days (not including the day notice is given or the day of the meeting) before the relevant meeting. However, please note that there is likely to be a maximum number of petitions presented at any one meeting and these slots are normally allocated in order of receipt, so early submission is advised.

When determining whether a petition has met or exceeded a threshold set out in this scheme, the Council will only count signatories for which a local connection (i.e. that the signatory either lives, works or studies in Tower Hamlets) can be evidenced from the information supplied. There is a risk that petitions created and/or submitted via third party e-petition websites may not satisfy this criterion so it is strongly recommended that e-petitions are created via the Council's own e-petition facility www.towerhamlets.gov.uk/petition

Similar petitions: In the event that 2 or more petitions which are substantially the same are received from different petition organisers, the Corporate Director, Governance may aggregate the number of valid signatures in each petition for the purpose of determining whether the threshold to trigger a Council debate of the matters raised has been reached if that is the wish of the petition organisers.

5. PETITIONS ON NON-COUNCIL FUNCTIONS

If your petition is about something over which the Council has no direct control (for example the local railway or hospital) it is unlikely you will be able to present it to a Council meeting, but we will consider making representations on behalf of the community to the relevant body. The council works with a large number of local partners and where possible may liaise with these partners to respond to your petition. If we are not able to do this for any reason (for example if what the petition calls for conflicts with Council policy), then we will set out the reasons for this to you.

If your petition is about something that a different authority is responsible for we will give consideration to what the best method is for responding to it. This might consist of simply forwarding the petition to the other authority, but could involve other steps. In any event we will notify you of the action we have taken.

You can find more information on the services for which the Council is responsible on our website. www.towerhamlets.gov.uk

In all cases we will provide the written response as set out in Section 3.

6. IF YOU ARE NOT SATISFIED WITH THE COUNCIL'S RESPONSE

If you feel that we have not dealt with your petition properly you may make a complaint under the Council's complaints procedure.

PROCEDURE FOR HEARING PETITIONS AT MEETINGS OF THE FULL COUNCIL

Agenda order: All petitions received within the deadline (see Section 4 of the Petition Scheme) will be listed on the Council agenda.

The agenda will list 4 petitions as 'to be heard', which will be listed in order of receipt, except that petitions for debate will take precedence. Any petitions listed as 'to be heard' for which the person(s) listed to present are absent, will be noted (see below).

All remaining petitions will be listed as 'to be noted'. These petitions will not be heard and the Speaker will state where they will go for a full response.

Petition presentation procedure (for petitions of between 30 and 1,999 signatures)

1. Up to 3 seats in the public gallery will be reserved for the person(s) presenting each petition. The person(s) presenting the petition must live, work or study within the borough. Unless prior agreement from the Speaker of the Council has been obtained, the person(s) presenting the petition cannot include an elected Member of the Council.
2. The person(s) presenting each petition will be invited to speak for up to 3 minutes in total in support of the petition. Additional time will be allowed if an interpreter is used. In this case the interpreter must not use the additional time to introduce new information.
3. Councillors may then ask the petitioners questions for a further 4 minutes;
4. The speaker will invite the Mayor or (at the Mayor's discretion) the relevant Lead Member or Committee Chair to respond to the matters raised for up to 2 minutes.
5. The petition will be referred to the relevant Corporate Director who will respond in writing within 28 days from the date of the meeting.

Petition debate procedure (for petitions in excess of 2,000 signatures):

1. Up to 3 seats in the public gallery will be reserved for the person(s) presenting each petition. The person(s) presenting the petition must live, work or study within the borough.

3. Councillors may then ask the petitioners questions for a further 4 minutes.

4. The petition will then be debated by Councillors for a maximum of 15 minutes. All speeches are limited to a maximum of 3 minutes. During his or her speech, any Councillor may move a motion for the Council's consideration relevant to matters in the petition (this does not require the suspension of the Council Procedure Rules).
5. Following the debate, the speaker will invite the Mayor or (at the Mayor's discretion) the relevant Lead Member or Committee Chair to respond to the matters raised, for up to 3 minutes.
6. Following the petition debate, any motions moved will be put to the vote in the order they were tabled.
7. If no motion is agreed, the petition will stand referred to the relevant Corporate Director for a written response within 28 days of the meeting.

General guidance on petition hearings at Council meetings

Executive functions: In relation to executive functions, the Council does not have powers to override any executive decision of the Mayor or substitute its own decision. The Council may however pass a motion expressing a view on the matter or referring the matter to the Mayor, calling on him/her to take some action, or consider or reconsider a decision, with recommendations to inform that consideration. Officers will advise on the constitutional validity of any motion that may be moved.

Limitation. An individual or group may not submit a petition to a meeting of the Council if that individual or group has previously submitted a petition to either of the previous 2 Council meetings.

Presentation of Petitions at Non-Executive Committee Meetings (including Overview and Scrutiny Committees)

Petitions can also be presented to any Non-Executive Committee meeting providing it is on a subject matter that is within that Committee's Terms of Reference.

Some Committees will have specific procedures for dealing with petitions and those must be followed where they exist. In any other case the petition will be dealt with at the next appropriate Committee meeting. If no other procedures are in place or agreed then the petition will be heard in the same manner as at Council (3 minute presentation, 4 minutes of questions from Members, 2 minutes for a response). The response may come from a Member or officer as appropriate. If the petition relates to an item on the agenda, it will be considered during the discussion of that particular agenda item.

Petitions presented by young people

The Council welcomes petitions presented by young people including school children. Whilst the standard meeting procedures will be followed where possible, the Chair of the meeting shall have the discretion to vary the procedures to ensure the young people are properly able to represent themselves at the meeting.

Petition Scheme Appendix 2

PROCEDURE FOR HEARING PETITIONS AT MEETINGS OF THE CABINET

The procedure for hearing petitions at meetings of the Cabinet is contained in the Executive Procedure Rules at Section 30 of the Council's Constitution. The relevant provision is replicated below:

Public Engagement at Cabinet

Whilst the main focus of Cabinet is as a decision-making body, there is an opportunity for the public to contribute through making submissions that specifically relate to the reports that are set out on the agenda. Members of the public may therefore make written submissions in any form (for example; Petitions, letters, written questions) and which are to be submitted to the Clerk to Cabinet (whose details are on the Cabinet agenda front sheet) by 5 pm the day before the meeting. The consideration of such written submissions will be at the discretion of whosoever presides at the meeting.

SUMMARY

Only Council can agree the Authority's budget for the year and the specified plans and strategies that are included in the Budget and Policy Framework. The Mayor and Executive will make proposals to Council in relation to the budget and those plans and strategies, for adoption by Council. If Council does not agree with those proposals of the Mayor/ Executive, a dispute resolution process as set out in section 2 below (but summarised here) applies:-

Where Council wishes to amend the Executive's proposals it may, by a majority vote, send the budget, plan or strategy back to the Executive, who must consider whether or not to make any amendments before re-submitting the item to Council.

When the item is re-submitted, if Council still wishes to amend the proposals, it can do so providing there are at least two-thirds of the Councillors present and voting at the meeting in favour of the amendment(s). Where a two-thirds majority in favour of Council's amendment(s) is not achieved, then the Executive's proposals stand agreed and shall be deemed to be adopted by the Authority.

1. THE FRAMEWORK FOR EXECUTIVE DECISIONS

- 1.1** Council will be responsible for the adoption of its budget and policy framework as set out in Section 28. In relation to the budget and the plans and strategies listed in Section 7:-
- (a) The adoption or approval of the plan or strategy is the responsibility of Council;
 - (b) The Mayor as the Executive has responsibility for preparing the draft plan or strategy for submission to Council; and
 - (c) If Council wishes to amend the Mayor's proposals in relation to the items included in the Budget and Policy Framework only, the Local Authorities (Standing Orders) (England) Regulations 2001 sets out the dispute resolution procedure to be followed. Council must inform the Mayor of any objections which it has to his proposals (i.e. the amendments it wishes to agree) and must give the Mayor at least five working days, starting on the day following the meeting, to reconsider his proposals and re-submit them (amended or not, with reasons) to a further Council meeting. If at this further meeting Council still wishes to amend the Mayor's revised proposals, such a decision requires a two-thirds majority of the Members present and voting. If no valid amendment at the further meeting receives two-thirds support, the Mayor's proposals are deemed adopted in accordance with the regulations.
 - (d) Once a budget or a policy framework document has been agreed, it is the responsibility of the Mayor, the Executive and officers to implement it.

2. PROCESS FOR DEVELOPING THE FRAMEWORK

- 2.1** The process by which the budget and policy framework shall be developed is:

 - (b) The Chair of Overview and Scrutiny Committee will be notified of proposals referred to in Rule 2.1.(a) and which shall be referred to Overview and Scrutiny Committee.
 - (c) For the purposes of these Procedure Rules the consultation in each instance shall be in line with the Council's normal consultation time periods except where there is an urgent need to reduce the consultation period. The period for Overview and Scrutiny Committee to respond to consultation shall be not less than ten clear working days unless the Executive considers that there are special factors that make this timescale inappropriate. If it does, it will inform the Overview and Scrutiny Committee of the time for response when the proposals are referred to it.

- (d) At the end of the consultation period, having taken account of the responses received to the consultation and the views of the Overview and Scrutiny Committee, the Executive will submit recommendations to Council.
- (e) Council will consider the proposals of the Executive and may adopt them, amend them, refer them back to the Executive for further consideration or substitute its own proposals in their place.
- (f) If Council adopts the Executive's proposals without amendment, the decision shall become effective immediately. However, if, having considered a draft plan or strategy, it has any objections to it Council must take the action set out in 2.1(g).

If the Committee does make any report or recommendation(s) to the authority or the executive on the matter referred, it shall provide the Member with a copy of that report or recommendation(s), subject to the provisions of section 21D of the Local Government Act 2000 regarding confidential or exempt information.

SPECIFIC ROLE OF THE SCRUTINY COMMITTEE AND SUB-COMMITTEES

- a) Review and scrutinise the performance of the Council in relation to its policy objectives and performance targets and/or particular service areas.
- b) Question the Mayor, members of the Executive and/or Committees and chief officers about their decisions and performance whether generally in comparison with service plans and targets over a period of time, or in relation to particular decisions, initiatives or projects.
- c) Make recommendations to the Mayor/Executive as well as appropriate Committees and/or Council arising from the outcome of the scrutiny process.
- d) Review and scrutinise the performance of other public bodies in the area and invite reports from them by requesting them to address the relevant scrutiny body and local people about their activities and performance.
- e) Question and gather evidence from any person.
- f) **Pre-Scrutiny.** The Overview and Scrutiny Committee may consider a matter prior to its consideration and make comments in connection with the issue so that such comments can be taken into account by the decision maker when making the decision on the matter.
- g) **Finance.** The Overview and Scrutiny Committee may exercise overall responsibility for the finances made available to it.
- h) **Petitions.** The Overview and Scrutiny Committee will consider requests for reviews on petitions as set out in the Council's Petitions Scheme.
- i) **Annual Report.** The Overview and Scrutiny Committee must report annually to Council on its work.

POLICY REVIEW AND DEVELOPMENT

32. The role of the Overview and Scrutiny Committee in relation to the development of the Council's budget and policy framework is set out in detail in the Budget and Policy Framework Procedure Rules (see Part B Section 28 of the Constitution). A summary is set out below:
 - (i) Assist the Council and the Executive in the development of its budget and policy framework by in depth analysis of policy issues.
 - (ii) Conduct research, consultation with the community and other consultation in the analysis of policy issues and possible options.
 - (iii) Consider and implement mechanisms to encourage and enhance community participation in the development of policy options.
 - (iv) Question members of the Executive and/or Committees and chief officers about their views on issues and proposals affecting the area.
 - (v) Liaise with other external organisations operating in the area, whether national, regional or local, to ensure that the interests of local people are enhanced by collaborative working.

33. In relation to the development of the Council's approach to other matters not forming part of its policy and budget framework, the Overview and Scrutiny Committee may make proposals to the Mayor or Executive for developments in so far as they relate to matters within its terms of reference.
34. The Overview and Scrutiny Committee or any Scrutiny Sub-Committee established for this purpose may hold enquiries and investigate the available options for future direction in policy development and may appoint advisers and assessors to assist them in this process. They may go on site visits, conduct public surveys, hold public meetings, commission research and do all other things that they reasonably consider necessary to inform their deliberations. They may ask witnesses to attend to address them on any matter under consideration and may pay to any advisers, assessors and witnesses a reasonable fee and expenses for doing so.

REPORTS FROM OVERVIEW AND SCRUTINY

35. The Overview and Scrutiny Committee will report to Council, Cabinet or the Mayor or appropriate Cabinet Member and make recommendations as appropriate. All reports from Scrutiny Sub-Committees will be agreed by the relevant sub-committee and the Chair of that Committee will provide an update at the next meeting of the Overview and Scrutiny Committee. If the report cannot be agreed by the Sub-Committee, or if there are not any meetings of Sub-Committee, and in other exceptional circumstances, the report can be agreed by the Overview and Scrutiny Committee. Once it has formed recommendations on proposals for development, the Overview and Scrutiny Committee will prepare a formal report and submit it to the Executive Mayor and relevant Cabinet Member and Senior Officers for consideration and a formal response (if the proposals are consistent with the existing budgetary and policy framework) or to Council as appropriate (e.g. if the recommendation would require a departure from or a change to the agreed budget and policy framework).
36. The Executive shall consider the report of the Overview and Scrutiny Committee and/or Sub-Committee at one of its future meetings setting out its response to any recommendations. The Council will consider the report at its next ordinary meeting if appropriate.

SCRUTINY REVIEW GROUPS

37. The following rules apply to reports prepared by Scrutiny Review Groups replacing the general rules set out above. The Overview and Scrutiny Committee or its Sub-Committee may set up a 'Review Group' to examine a particular service or issue. The Review Group will comprise Scrutiny Members and internal and external experts as required. At the conclusion of its work the Review Group will report back to its parent Committee/Sub-Committee with its findings and recommendations.

38. The parent Committee/Sub-Committee will then consider those findings and recommendations. It may, should it wish then refer those recommendations to the Mayor and Executive or the Council for a response.
39. If, following consultation with the Mayor and Executive, officers are in agreement with the proposed recommendations set out, then the report shall be accepted by the relevant Corporate Director under delegated authority. This determination must take place within one month of receipt of the report.
40. If no decision under 38 is taken, there is a challenge to the recommendations, or the Mayor and Executive specifically wish to comment on the report, then the Executive shall consider the report of the Overview and Scrutiny Committee at one of its future meetings following submission of the report. The Council will consider the report at its next ordinary meeting if appropriate.

MAKING SURE THAT OVERVIEW AND SCRUTINY REPORTS ARE CONSIDERED BY THE EXECUTIVE

41. Once the Overview and Scrutiny Committee has completed its deliberations on any matter it will forward a copy of its final report to the Statutory Scrutiny Officer who will allocate it to either the Executive or the Council for consideration in accordance with the Local Authorities (Functions and Responsibilities) Regulations 2000 (as amended) and the Local Authorities (arrangements for the Discharge of Functions) Regulations 2000.
42. If the Statutory Scrutiny Officer, following consultation with the Monitoring Officer, refers the matter to Council, they may first refer it to the Mayor or Executive, who will have two weeks in which to consider the Overview and Scrutiny report and formulate any additional comments or recommendations.
43. For the avoidance of doubt, the Mayor or Executive shall not alter or amend any Overview and Scrutiny Committee report before referring it to Council, but shall only make additional comments or recommendations (including any corporate, financial or legal implications) as may be appropriate. However, if Council does not agree with the Mayor's or Executive's recommendations, the disputes resolution procedure in Rule 2 of the Budget and Policy Framework Procedure Rules (see Section 28 of the Constitution) will apply.
44. If the contents of the report would not have implications for the Council's budget and policy framework, and is thus not referred to Council by the Monitoring Officer, the Mayor or Executive will have two weeks in which to consider the matter and respond to the overview and scrutiny report.
45. Where the Overview and Scrutiny Committee makes a report or recommendations to the authority or the Mayor or Executive in accordance with section 21B of the Local Government Act 2000 as amended, the Committee shall by notice in writing require the authority or Mayor or Executive:-

(a) to consider the report or recommendations;

- (b) to respond to the Overview and Scrutiny Committee indicating what (if any) action the authority propose, or the Mayor or Executive proposes, to take;
 - (c) if the Overview and Scrutiny Committee has published the report or recommendations, to publish the response,
 - (d) if the Overview and Scrutiny Committee provided a copy of the report or recommendations to a Member of the Authority under paragraph 9.4 of these Procedure Rules then it is to provide that Member with a copy of the response, and to do so within two months beginning with the date on which the authority or Mayor or Executive received the report or recommendations or (if later) the notice.
46. It is the duty of the authority or Mayor or Executive to which a notice is given under 45 above to comply with the requirements specified in the notice.

RIGHTS OF COMMITTEE MEMBERS TO DOCUMENTS

47. In addition to their rights as Councillors, Members of the Overview and Scrutiny Committee or a Scrutiny Sub-Committee have such additional rights to documents, and to notice of meetings as may be set out in the Access to Information Procedure Rules (see Part B Section 27 of the Constitution).
48. Nothing in this paragraph prevents more detailed liaison between the Executive and the Overview and Scrutiny Committee as appropriate depending on the particular matter under consideration.

MEMBERS AND OFFICERS GIVING ACCOUNT

49. The Overview and Scrutiny Committee may scrutinise and review decisions made or actions taken in connection with the discharge of any Council function. As well as reviewing documentation, in fulfilling their role, they may require the Mayor, any other Member of the Executive, a Councillor, the Head of Paid Service and/or any senior officer to attend before it to explain in relation to matters within their remit:
- (a) any particular decision or series of decisions;
 - (b) the extent to which the actions taken implement Council policy; and/or
 - (c) their performance, within their area of responsibility; and it is the duty of those persons to attend as so required.
 - (d) any function exercisable by a Councillor in accordance with any delegation made by the Council under section 236 of the Local Government and Public Involvement in Health Act 2007.
50. Where the Mayor, any Member or officer is required to attend the Overview and Scrutiny Committee or a Scrutiny Sub-Committee under this provision, the Chair of the Committee or Sub-Committee will inform the Chief Executive. The Chief Executive shall inform the Mayor, Member or officer in writing giving

at least fifteen working days' notice of the meeting at which they are required to attend. The notice will state the nature of the item on which they are required to attend to give account and whether any papers are required to be produced for the Committee or Sub-Committee. Where the account to be given to the Committee will require the production of a report, then the Mayor, Member or officer concerned will be given sufficient notice to allow for preparation of that documentation.

51. Where, in exceptional circumstances, the Mayor, Member or officer is unable to attend on the required date, then the Committee or Sub-Committee shall in consultation with the Mayor, Member or officer arrange an alternative date for attendance, to take place within a maximum of twenty-one working days from the date of the original request.
52. Except in exceptional circumstances, any failure by the Mayor or Member to attend the Committee or Sub-Committee will be considered a breach of the Code of Conduct for Members and investigated accordingly. Any failure by an Officer to attend will be dealt with under the appropriate disciplinary procedure.

ATTENDANCE BY OTHERS

53. The Overview and Scrutiny Committee or a Scrutiny Sub-Committee may invite people other than those people referred to in 'Members and Officers Giving Account' above to address it, discuss issues of local concern and/or answer questions. It may for example wish to hear from residents, stakeholders and Members and officers in other parts of the public sector and shall invite such people to attend.

CALL-IN

54. When a decision is made by the Mayor, the Cabinet, an individual Member of the Executive, a Committee of the Executive, or a key decision is made by an officer with delegated authority or under joint arrangements, the decision shall be published on the Council's website. Members of the Overview and Scrutiny Committee will be sent an alert when all such decisions within the same timescale, by the person responsible for publishing the decision.
55. The decision publication and call-in deadlines are all published in advance on the Council's website. Decisions will come into force, and may then be implemented at 5pm on the fifth clear working day, after the publication of the decision unless, after receiving a written request to do so, the Monitoring Officer calls the decision in.
56. During that period, the Monitoring Officer shall call-in a decision for scrutiny by the Overview and Scrutiny Committee if so requested by:
 - (a) Not fewer than five Members of the Council; or

- (b) Two voting church, faith or parent governor representative in respect of any education matters only;
 - (c) The request for a call-in must give reasons in writing and outline an alternative course of action. In particular, the request must state whether or not those Members believe that the decision is outside the policy or budget framework.
57. The Monitoring Officer shall call-in a decision within twenty-four hours of receiving a written request to do so and shall place it on the agenda of the next meeting of the Overview and Scrutiny Committee on such a date as they may determine, where possible after consultation with the Chair of the Committee, and in any case within five clear working days of the decision to call-in. However, the Monitoring Officer will not call-in:
- (a) Any decision which has already been the subject of call-in;
 - (b) A decision which is urgent as defined in Rule 64 below and has to be implemented prior to the completion of any review. In such circumstances the decision-taker(s) shall give reasons to the Overview and Scrutiny Committee; and
 - (c) Decisions by regulatory and other Committees discharging non-executive functions;
 - (d) Day to day management and operational decisions taken by officers;
 - (e) A resolution which merely notes the report or the actions of officers;
 - (f) A resolution making recommendations to Council.
58. Where the matter is in dispute, both the Chief Executive and the Monitoring Officer should be satisfied that one of the above criteria applies.
59. The Monitoring Officer shall then notify the decision taker of the call-in, who shall suspend implementation of the decision.
60. If, having considered the decision, the Overview and Scrutiny Committee is still concerned about it, then it may refer it back to the Mayor or Executive for reconsideration, setting out in writing the nature of its concerns or if the matter should properly be considered by Council refer the matter to Council. If referred to the decision-maker they shall then reconsider within a further five clear working days or as soon as is reasonably practical thereafter, amending the decision or not, before adopting a final decision.
61. For the avoidance of doubt, if the Overview and Scrutiny Committee refers a matter back to the decision-making person or body, the implementation of that decision shall be suspended until such time as the decision-making person or body reconsiders and either amends or confirms that decision.
62. If following an objection to the decision, the Overview and Scrutiny Committee does not meet in the period set out above, or does meet but does not refer the

matter back to the decision-making person or body, the decision shall take effect on the date of the Overview and Scrutiny Committee meeting, or the expiry of that further five working day period, whichever is the earlier.

63. If the matter was referred to Council and Council does not object to a decision which has been made, then no further action is necessary and the decision will be effective in accordance with the provision below. However, if Council does object, then Council will refer any decision to which it objects back to the decision-making person or body together with Council's views on the decision. That decision-making person or body shall decide whether to amend the decision or not before reaching a final decision and implementing it. Where the decision was taken by the Executive as a whole or a Committee of the Executive, a meeting will be convened to reconsider within five clear working days of the request. Where the decision was made by an individual, the individual will also reconsider within five clear working days of the request.
64. If Council does not meet, or it does but does not refer the decision back to the decision-making body or person, the decision will become effective on the date of Council or expiry of the period in which the meeting should have been held, whichever is the earlier.

CALL-IN AND URGENCY

65. The call-in procedure set out above shall not apply where the decision being taken by the Mayor, the Executive or a Committee of the Executive, or the key decision being made by an officer with delegated authority from the Executive or under joint arrangements is urgent. A decision will be urgent if any delay likely to be caused by the call-in process would seriously prejudice the Council's or the public's interests.
66. The record of the decision and notice by which it is made public shall state whether in the opinion of the decision making person or body, the decision is an urgent one, and therefore not subject to call-in.
67. The Chair of the Overview and Scrutiny Committee must agree both that the decision proposed is reasonable in all the circumstances and to it being treated as a matter of urgency. In the absence of the Chair, the Speaker's consent shall be required. In the absence of both, the consent of the Deputy Speaker or the Head of Paid Service or her/his nominee shall be required.
68. Decisions taken as a matter of urgency must be reported to the next available meeting of Council, together with the reasons for urgency.
69. The operation of the provisions relating to call-in and urgency shall be monitored annually, and a report submitted to Council with proposals for review if necessary.

THE PARTY WHIP

70. The use of the party whip to influence decisions of the Overview and Scrutiny Committee or one of its Sub-Committees is inappropriate and should not be used.
71. In this rule “a party whip” means any instruction given by or on behalf of a political group to any Councillor who is a Member of that group as to how that Councillor shall speak or vote on any matter before Council or any Committee, or the application or threat to apply any sanction by the group in respect of that Councillor should they speak or vote in any particular manner.

PROCEDURE AT OVERVIEW AND SCRUTINY COMMITTEE MEETINGS

72. The Overview and Scrutiny Committee and the Scrutiny Panels shall consider the following business:
 - (a) Minutes of the last meeting;
 - (b) Declarations of interest;
 - (c) Consideration of any matter referred to the Committee for a decision in relation to call-in;
 - (d) Responses of the Executive to reports of Overview and Scrutiny;
 - (e) The business otherwise set out on the agenda for the meeting.
73. Where the Overview and Scrutiny Committee or a Scrutiny Sub-Committee conducts investigations (e.g. with a view to policy development), the body may also ask people to attend to give evidence at meetings of the body. Such meetings are to be conducted in accordance with the following principles:
 - (a) that the investigation be conducted fairly and all Members of the Committee be given the opportunity to ask questions of attendees, and to contribute and speak;
 - (b) that those assisting the Committee by giving evidence be treated with respect and courtesy; and
 - (c) that the investigation be conducted so as to maximise the efficiency of the investigation or analysis.
74. Following any investigation or review, the Committee or Sub-Committee shall prepare a report, for submission to the Mayor/Executive and/or Council as appropriate by the Overview and Scrutiny Committee, and shall make its report and findings public in so far as the report does not contain exempt or confidential information.

SUSPENSION

75. Any part of these Rules may be suspended in accordance with Council Procedure Rule 23 of Part B Section 26 of this Constitution provided such suspension is not contrary to the law.

31 Code of Conduct for Members

Application of the Code

1. The Code applies to the Mayor, councillors and co-opted members of the Council, collectively referred to as member(s) in the remainder of this document.
2. It applies in all aspects of your activities as a member, including when acting on Council business or when you are perceived by the public to be acting as a member. The Code does not seek to regulate what you do in your private and personal life.
3. The obligations set out in this Code are complementary to related Codes and Protocols which form part of the Council's governance arrangements.

Purpose of the Code

4. The Code of Conduct will assist you in the discharge of your obligations to the Council, local communities and the public at large by:
 - a) setting out the standards of conduct that are expected of you; and
 - b) providing the openness and accountability necessary to ensure public confidence in the way in which you perform your public duties.

General Expectations of Conduct

5. You are expected to observe the following general principles of conduct. These principles will be taken into consideration in determining allegations of a breach of this Code.
 - a) **Selflessness:** you should serve only the public interest and should never improperly confer an advantage or disadvantage on any person.
 - b) **Integrity:** you should not place yourself in situations where your integrity may be questioned, should not behave improperly and should on all occasions avoid the appearance of such behaviour.
 - c) **Objectivity:** you should make decisions on merit, including when making appointments, awarding contracts, or recommending individuals for rewards or benefits.
 - d) **Accountability:** you are accountable to the public for your actions and the manner in which you carry out your responsibilities and should co-operate fully and honestly with any scrutiny appropriate to your particular office.
 - e) **Openness:** you should be as open as possible about your actions and those of the council and be prepared to give reasons for those actions.

- f) **Honesty:** – you should be truthful in your council work and avoid creating situations where your honesty may be called into question.
- g) **Leadership:** you should promote and support these principles by leadership and by example and should act in a way that secures or preserves public confidence.

Rules of Conduct

- 6. You must act solely in the public interest. You should promote equality and not discriminate unlawfully against any person. You should treat all people with respect, you should not bully or harass any person and you should respect the impartiality and integrity of the Council's officers.
- 7. You should not improperly confer (or seek to confer) an advantage or disadvantage on any person. You should not act to gain financial or other benefit for yourself, your family, your friends or your business associates.
- 8. You should not place yourself under a financial or other obligation to any individual or organisation that might seek to influence the performance of your duties as a member.
- 9. You should act to ensure Council resources are used prudently. When using or authorising the use by others of Council resources, you must ensure that they are used only for legitimate Council purposes and not for any other purpose. In particular, they must not be used improperly for political purposes (including party political purposes).
- 10. You should promote and support high standards of conduct by leadership and example.
- 11. You should make decisions on merit, including when awarding contracts, making appointments, or recommending individuals for rewards or benefits.
- 12. You are accountable to the public for your actions and the manner in which you carry out your responsibilities and should co-operate fully and honestly with any scrutiny appropriate to your office.
- 13. You should be as open as possible about your decisions and actions and those of the Council. You should be prepared to give reasons for decisions and have regard to the advice of the Council's statutory officers before making any decision.
- 14. You should take account of the views of others, including your political group, but you must reach your own conclusions and act in accordance with those conclusions.

15. You must not disclose confidential information unless you are required by law to do so, or you have the consent of the person authorised to give it, or disclosure is reasonable and in the public interest and made in good faith and not for an ulterior motive.
16. You must ensure that your use of allowances, facilities and services provided at public expense is strictly in accordance with any rules or requirements set by the Council.
17. You must comply with any formal standards investigation and you should not make trivial or malicious allegations of breach of this Code.
18. You must comply with the Council's Social Media Policy.

Members' Interests

19. There are two categories of interest that you must register with the Monitoring Officer. These are:
 - Disclosable pecuniary interests (DPI's); and
 - Non-DPI interests that the Council has decided should be registered (Non-DPI's)
20. A DPI is defined by statutory regulation. You must within 28 days of taking office as a member, notify the Monitoring Officer of any DPI to be included in the Register of Members' Interests. If you fail to register a DPI it is a criminal offence.
21. DPI's also includes your partner's interests. A partner is your spouse or civil partner, a person with whom you are living as husband or wife, or a person with whom you are living as if you are civil partners. You and your partner are referred to in the statutory definition of a DPI as 'relevant person'.

22. The categories of DPI are:

(a) Employment, office, trade, profession or vocation

Any employment, office, trade, profession or vocation carried on by a relevant person for profit or gain.

(b) Sponsorship

Any payment or provision of any other financial benefit (other than from the Council) made or provided within the 12 months prior to the date of giving

notice of interest for inclusion in the register in respect of any expenses incurred by the member in carrying out duties as a member, or towards the election expenses of the member.

This includes any payment or financial benefit from a trade union within the meaning of the Trade Union and Labour Relations (Consolidation) Act 1992.

(c) Contracts

Any contract which is made between a relevant person (or a firm in which they are a partner, or a body corporate in which they are a director or in the securities of which body corporate they have a beneficial interest) and the relevant authority:-

under which goods or services are to be provided or works are to be executed and which has not been fully discharged.

(d) Land

Any beneficial interest in land which is within the Borough.

(e) Licences

Any licence (alone or jointly with others) to occupy land in the borough for a month or longer.

(f) Corporate tenancies

Any tenancy where (to the member's knowledge):-

the landlord is the Council; and

the tenant is a body in which the relevant person is a firm in which they are a partner, or a body corporate in which they are a director or in the securities of which body corporate they have a beneficial interest.

(g) Securities

Any beneficial interest in securities of a body where:-

that body (to the member's knowledge) has a place of business or land in the borough; and

either:-

the total nominal value of the securities exceeds £25,000 or one hundredth of the total issued share capital of that body; or

if the share capital of that body is of more than one class, the total nominal value of the shares of any one class in which the relevant person has a beneficial interest exceeds one hundredth of the total issued share capital of that class.

23. **Non DPI's - other interests that the Council has decided should be registered.** You must also within 28 days of taking office as a member, notify the Monitoring Officer of such Non DPI interests that the Council has decided you should be included in the register of Members' Interests. These are:

(a) Membership or position of control or management in:-

Any body to which you have been appointed or nominated by the Council;
and/or

Any body exercising functions of a public nature (described below) or directed to charitable purposes, or whose principal purposes include the influence of public opinion or policy, including any political party

There is no definitive list of bodies exercising functions of a public nature, but those bodies which:-

- carry out a public service, or
- take the place of local/central government (including through outsourcing); or
- carry out a function under legislation or in pursuit of a statutory power;
- or
- can be judicially reviewed,

are likely to be bodies carrying out functions of a public nature. They include bodies such as government agencies, other councils, health bodies, council owned companies and school governing bodies.

24. You must ensure that your entries in the Register of Members' Interests are kept up to date and must notify the Monitoring Officer of any change to your interests within 28 days of the change arising. For a DPI remember this also includes your partner's interests.

Gifts and Hospitality

25. Any gift or hospitality offered to you (even if declined) with an estimated value of £25 or more must be included in the Register of Gifts & Hospitality kept by the Monitoring Officer within 28 days of the offer being made.

Declaration of Interests – DPI's

26. If you have a DPI in an item of Council business you may not participate in any discussion of, vote on, or discharge any function relating to the matter, unless a dispensation has been granted under Section 33 Localism Act 2011.

27. If you are present at a meeting where you have a DPI in an item of business on the agenda you must:
- (a) Disclose to the meeting the existence and nature of the interest at the start of the meeting and specify the agenda item to which the interest relates. You must also leave the room (including any public viewing area) for the duration of consideration and decision on the agenda item and not seek to influence the debate or decision in respect of the item of business.
 - (b) If the DPI is not already included in your register of interests you must within 28 days of the meeting notify the Monitoring Officer of the interest for inclusion in the register.

N.B. If you fail to disclose a DPI it is a criminal offence.

Declaration of Non-DPI's

28. If you are present at a meeting and have registered a non-DPI in a matter which is to be discussed at the meeting, you must declare the nature of the interest at the earliest opportunity and before the matter is considered. You may stay in the room and participate in consideration of the matter and vote on it unless:
- (a) a reasonable person would think that your interest is so significant that it would be likely to impair your judgement of the public interest. If so, you must withdraw and take no part in consideration or discussion of the matter.

Declaration of Interests not included in the Register of Members' Interests

29. Occasions may arise where you have an interest in a matter being considered at a meeting which is not a DPI or Non-DPI that you are required to include in the Register of Members' Interests. An example would be where the decision on the agenda item would affect the wellbeing of you, your family, or a close friend or associate of yours more than it would anyone else living in the local area.
30. In this situation you should consider whether a reasonable person would think that your interest is so significant that it would be likely to impair your judgement of the public interest. If so, you must withdraw and take no part in consideration or discussion of the matter.

Note: The provisions of paragraphs 26 - 30 apply not only to meetings but to circumstances where a member makes a decision alone.

Sensitive DPI's

31. You should notify the Monitoring Officer if you feel that a DPI you are required to register should be treated as sensitive. The Monitoring Officer may agree to treat the DPI as sensitive if satisfied that registration/declaration of the DPI could lead to you, or a person connected with you, being subject to violence or intimidation. If the Monitoring Officer agrees the DPI is sensitive you will be obliged to register it but details will not be disclosed in the published version of the register and when attending a meeting you will only need to declare that a DPI exists and will not be required to give details of the interest itself.

DPI Dispensations

32. If you have a DPI in a matter coming before a meeting of the authority, you can make a written request to the Monitoring Officer beforehand for a dispensation, which may allow you to participate in the discussion and vote. A dispensation may be granted in the following circumstances:
- (a) Where members of the decision-making body have disclosable pecuniary interests in a matter that would “impede the transaction of the business”.
 - (b) That without the dispensation, the representation of different political groups on the body conducting the business would be so upset as to alter the outcome of any vote on the matter.
 - (c) That the authority considers that the dispensation is in the interest of persons living in the authority's area.
 - (d) That the authority considers that it is otherwise appropriate to grant a dispensation.
33. Any grant of dispensation must specify how long it will last, up to a maximum of 4 years. Dispensations under (a) and (b) above shall be decided by the Monitoring Officer, those in (c) and (d) shall be decided by the Monitoring Officer in consultation with the Chair of the Standards (Advisory) Committee.

Access to Information

34. You must not disclose confidential information given to you in the course of your duties without the consent of the person entitled to give it unless:-
- there is a legal requirement to disclose the information, or
 - the disclosure is to a third person for the purpose of obtaining professional advice and the third party agrees not to disclose it, or

- the disclosure is reasonable, in the public interest, made in good faith and made in accordance with any reasonable requirements specified by the Council in relation to the disclosure.

35. You must not prevent access to information to which another is entitled by law.

Protocols

36. This Code should be read in conjunction with the following additional Codes and Protocols which have been approved by the Council:

- Planning Code of Conduct
- Licensing Code of Conduct
- Member/Officer Protocol
- Employees' Code of Conduct

Complaints

37. Any alleged breach by a member of the provisions of this Code will be dealt with in accordance with the arrangements set out in Appendix A to the Code.

NB a breach of any of the statutory requirements relating to the registration and declaration of disclosable pecuniary interests may result in prosecution. If you need of advice about the application of this Code you should contact the Monitoring Officer.

LONDON BOROUGH OF TOWER HAMLETS
ARRANGEMENTS FOR DEALING WITH COMPLAINTS OF BREACH OF THE
CODE OF CONDUCT FOR MEMBERS
Arrangements agreed by Council on 5th December 2016.

Introduction

The Council has adopted a Code of Conduct for Members which is available on the Council's website and on request from the Monitoring Officer.

In accordance with section 28 of the Localism Act 2011, these arrangements set out how an allegation may be made that the Mayor, an elected Member or a Co-opted Member of the London Borough of Tower Hamlets has failed to comply with the Council's Code of Conduct for Members and how the Council will deal with such allegations.

These arrangements also require that the Monitoring Officer shall ensure that the Council appoints at least one Independent Person and at least one reserve Independent Person for the purposes of meeting the statutory requirements of the Localism Act 2011.

Any reference in these arrangements to the Monitoring Officer shall include a deputy Monitoring Officer. The timelines set out are for guidance and shall be observed where practicable but may be extended by the Monitoring Officer as necessary if they cannot be complied with by any relevant party due to sickness, holidays or other reasonable cause.

Complaints

1. Allegations concerning possible breaches of the Code of Conduct for Members should be made in writing to the Monitoring Officer.
2. On receipt of a complaint the Monitoring Officer shall within five working days acknowledge receipt to the complainant. The Monitoring Officer will also within five working days and on a confidential basis, inform the subject Member of the substance of the complaint and the identity of the complainant (unless the Monitoring Officer considers that such notification would prejudice the proper consideration and investigation of the complaint).
3. Complainants must provide their name and postal address when submitting a complaint. Anonymous complaints will not be considered unless the Monitoring Officer decides (after consultation with the Independent Person) that the complaint raises a serious issue affecting the public interest which is

capable of investigation without the need to ascertain the complainant's identity.

4. A complainant when making an allegation should specify the identity of the person(s) alleged to have breached the Code, the conduct that is alleged to give rise to the breach, the evidence that supports the allegation and the names (and contact details) for any potential witnesses able to give direct evidence of the events complained about.

Assessment of Complaints

5. The Monitoring Officer shall, after consultation with the Independent Person and within ten working days of receiving the complaint:
 - a) Decide whether or not a complaint merits formal investigation and where appropriate arrange for an investigation; OR
 - b) Decide to attempt to facilitate informal resolution of the complaint (such attempt shall be subject to a four week time limit).
6. In making this determination the Monitoring Officer may at their discretion report the matter to the Investigation & Disciplinary Sub-Committee (IDSC) of the Standards (Advisory) Committee for consideration and/or consult other persons as appropriate.
7. The Monitoring Officer may decide not to refer the matter for investigation where:
 - (a) The allegation does not demonstrate any potential breach of the Code (because for example it relates to dissatisfaction with a Council decision/service or relates to events which occurred when the person complained about was not acting in an official capacity).
 - (b) The event(s) complained about took place more than six months ago and there are no valid reasons for the delay in bringing the complaint, such as fresh evidence not available at the earlier date or only recently discovered.
 - (c) The allegation is about someone who is no longer the Mayor or a Member/Coopted Member.
 - (d) The complainant has failed to provide the information specified in paragraph 4 above or any other information reasonably requested by the Monitoring Officer.
 - (e) The same or a similar allegation has been investigated and determined.
 - (f) The Mayor, Member or Co-opted Member has already accepted they made an error in their conduct and/or has apologised for their conduct and the Monitoring Officer considers the matter would not warrant a more serious sanction.
 - (g) The allegation is politically motivated and/or 'tit for tat'.

- (h) The allegation is not considered sufficiently serious to merit the cost to the public of carrying out an investigation.
 - (i) The Monitoring Officer has facilitated an informal resolution of the complaint (see below) and the Mayor or Member/Co-opted Member complained about has offered to take remedial action that the Monitoring Officer considers appropriate in all the circumstances (for example by apologising to the complainant and/or undertaking training or issuing a statement of factual correction).
8. Where the Monitoring Officer decides to reject a complaint they shall inform the complainant in writing giving the reasons for rejection.

Investigation and Monitoring of Complaints

9. If a complaint of failure to comply with the Code is referred for investigation the Monitoring Officer shall appoint an investigator or complete the investigation him/herself. Such investigation should whenever possible be completed within two months of the decision to refer the matter for investigation. The Monitoring Officer may extend this period by up to a further two months where they feels it is necessary to ensure a proper and adequate investigation. The Monitoring officer may refer a complaint for investigation by the Monitoring Officer in a different authority where they have a conflict of interest.
10. The Monitoring Officer will keep the complainant and the subject Member informed as to progress at appropriate intervals and shall inform them of any extension to the period for the investigation.
11. The Monitoring Officer will report quarterly (or less frequently if there are no complaints to report) to the Standards (Advisory) Committee on the number and nature of complaints received and action taken as a result. This will include details of complaints that have been rejected by the Monitoring Officer and any extension made to the period for an investigation of a complaint.
12. Where any investigation into a complaint of breach of the Code finds no evidence of failure to comply with the Code of Conduct, the Monitoring Officer shall within four weeks of receipt of the investigation report, consult with the Independent Person and decide whether the matter should be closed without reference to a Hearings Sub-Committee. The Monitoring Officer shall provide a copy of the report and findings of the investigation which shall be kept confidential to the complainant and to the Member concerned and shall report the matter as part of the quarterly report to the Standards (Advisory) Committee for information. The Monitoring Officer may also seek advice from the IDSC before deciding that a matter should be closed without reference to the Hearings Sub-Committee.

13. Where an investigation finds evidence of a failure to comply with the Code of Conduct, the Monitoring Officer following consultation with the Independent Person, may seek local resolution of the complaint. If local resolution succeeds the Monitoring Officer shall report the matter as part of the quarterly report to the Standards (Advisory) Committee. If local resolution does not succeed or if following consultation with the Independent Person, the Monitoring Officer considers that it is not appropriate to seek local resolution, the Monitoring Officer shall report the investigation findings to a Hearings Sub-Committee of the Standards (Advisory) Committee for local hearing and determination. The Hearings Sub-Committee will whenever practicable be convened within one month of the Monitoring Officer receiving the investigation report.

Hearings Sub-Committee

14. The Hearings Sub-Committee will consider the investigation report and any submissions from the subject Member and determine:
- (a) If there has been a breach of the Code of Conduct having taken into account the views of the Independent Person; and if so
 - (b) Whether any sanction is appropriate having taken into account the views of the Independent Person.
15. Possible sanctions may include any of the following:-
- (a) Publication of the Sub-Committee's decision.
 - (b) Reporting the Sub-Committee's decision to Council.
 - (c) Requesting the Monitoring Officer to arrange training for the Member (subject to the Member's agreement).
 - (d) Issuing a censure or reprimand which may also be reported to Council.
 - (e) Requiring the Member to contact the Council and officers via specified point(s) of contact.
 - (f) Withdrawing facilities provided to the Member by the Council, such as a computer or internet access.
 - (g) Excluding the Member from the Council's offices or other premises, with the exception of meeting rooms as necessary for attending Council, Executive, Committee and Sub-Committee meetings (as appropriate).
 - (h) Recommending to the Member's Group Leader that they be removed from any or all Committees or Sub-Committees of the Council.
 - (i) Recommending to the Mayor that the Member be removed from the Executive, or removed from particular portfolio responsibilities.
 - (j) Recommending to Council or the Mayor as appropriate the removal from outside appointments to which the Member has been appointed or nominated.

(k) Recommending to Council that the Member be removed from any or all Council Committees or Sub-Committees.

16. In determining any recommended sanction the Hearings Sub-Committee may take into account any previous breach by the Member concerned and/or their compliance with any previous sanction applied.

LONDON BOROUGH OF TOWER HAMLETS BULLYING AND HARASSMENT POLICY

Introduction:

Everybody has a right to be treated with dignity and respect, and to live and work in an environment which is free from bullying, harassment, discrimination and victimisation.

Bullying, harassment, discrimination and victimisation (either directly or indirectly) are unacceptable behaviours and should not be tolerated. As an elected member, it is important to recognise the impact such behaviour can have on any individual experiencing it, as well as on the London Borough of Tower Hamlets as a public body, in terms of morale and operational effectiveness.

You are responsible for your own behaviour and must ensure that you are aware of and comply with the provisions concerning bullying and harassment in this Code of Conduct for Members and Member/Officer Relations Protocol of the Constitution.

Definition

Bullying includes offensive, intimidating, malicious or insulting behaviour, an abuse or misuse of power through means that undermine, humiliate, denigrate or injure the recipient.

Examples of harassment:

- Unwelcome physical contact such as touching or invading personal space;
- Inappropriate remarks about someone's appearance, lewd comments, offensive jokes (including ones of a racial or sexual nature);
- Intrusive questioning about a person's sexual practices, sexual orientation or religious beliefs; and
- Sending unwelcome emails, messages or notes.

Examples of bullying:

- Deliberately making someone's work life difficult, such as humiliating or ridiculing other members or officers about their work, constantly criticising the work of other members or spreading malicious rumours and gossip;
- Intimidating behaviour, including verbal abuse and making threats;
- Making false accusations about others;
- Physical violence; and

- Deliberately excluding someone from conversations, work or social activities, in which they have a right or legitimate expectation to participate.

Your responsibilities as a member:

- Behave in accordance with the Code of Conduct for Members in all situations where you act as a councillor, including representing London Borough of Tower Hamlets and/or your work on official business and when using social media.
- Ensure that you are familiar and comply with the terms of any policy the London Borough of Tower Hamlets has issued on bullying and harassment.
- Treat all individuals with courtesy and respect when carrying out duties as a member. Do not participate in or condone acts of harassment, discrimination, victimisation or bullying.
- Be aware of the influence the role of a member brings to ensure that you demonstrate respect for others and encourage colleagues to do the same.
- Be aware of the role officers play and ensure you are not compromising this by behaving in a manner that could make them feel threatened or intimidated, which could prevent them from undertaking duties properly and appropriately. You must not bring undue influence to bear on an officer to take certain action, particularly if it is contrary to the law or the council's policies or procedures.
- Become aware of what is meant by bullying or harassment in the event you are made aware through your position of victims to this kind of behaviour.
- Encourage complainants to seek support and assistance and make it clear you will assist in offering assistance.
- Challenge inappropriate behaviour as it happens and consider making a complaint.

Hypothetical Scenarios

These examples are a list of examples demonstrating behaviour which as a member, you should prevent either in yourself or others:

- Member A disagrees with the council procedure for enforcing parking breaches. They use disrespectful and abusive language towards THEOs in the borough and seek to use position as member improperly in relation to parking offences they commit.

- Member B makes threatening comments suggesting loss of employment or promotion and/or physical violence to officers of the council at both junior and senior grades if they do not take action on certain incidents occurring in their ward.
- Member C disagrees with a decision passed at full council and makes disrespectful comments about members involved in the motion on their personal blog and through tweets.

1. INTRODUCTION

- 1.1 Councillors and officers are indispensable to one another and mutual respect between both is essential for good local government. Together, they bring the critical skills, experience and knowledge required to manage an effective public sector organisation. Councillors provide a democratic mandate to the Council, whereas officers contribute the professional expertise needed to deliver the policy framework agreed by Councillors.
- 1.2 The protocol is part of the Council's ethical framework and should be read in conjunction with the Council's Constitution, the Code of Conduct for Members, disciplinary codes which regulate the conduct of officers and other relevant codes and guidance.
- 1.3 This Protocol seeks to define what should be considered a proper working relationship between Councillors and officers in Tower Hamlets and to provide a framework within which confidence in the machinery of local government can be maintained. It contains interpretation and guidance on some of the issues which commonly arise. It cannot cover every matter which will arise in council life but it reflects an approach and sets standards which will serve as a guide to dealing with other issues. It is intended to guide Councillors and

officers and explain what they can expect of each other. It also explains what to do when things go wrong.

- 1.4 This protocol also applies to co-opted members of committees and also to consultants and agency staff working for the Council, to whom a copy will be supplied. With regard to associates from partnership organisations, where their organisation has no code of conduct, it is expected they will abide by the principles of Tower Hamlet's code and this protocol.
- 1.5 Councillors appointed to outside bodies or partnership organisations as representatives of Tower Hamlets Council need to be aware that the Code of Conduct for Members applies to these appointments. However, Councillors are advised to be aware that other conduct arrangements of the outside body are likely to exist. In those circumstances, Councillors should comply with both sets of conduct arrangements, unless the Code of Conduct for Members conflicts with the lawful obligations of the outside body.
- 1.6 A failure to abide by this Protocol by Councillors is likely to be a breach of the Code of Conduct for Members and may result in a complaint being made to the Monitoring Officer. As to officers, a failure to abide by this Protocol may result in a disciplinary investigation.
- 1.7 Any reference to 'Councillor' or 'Councillors' in this Protocol, or any appendices or related Codes/ Protocols, means the Mayor, elected and co-opted members. This Code applies at all times when Councillors act in their capacity as Councillors (or claim to act or give the impression of acting in their capacity as a Councillor).
- 1.8 'Officers' and 'staff' mean all persons employed by the Council: whether full or part time; fixed term contract; agency; or consultant.
- 1.9 A Councillor in need of advice about the application of this Protocol should contact the Monitoring Officer, whereas an officer in need in need of advice about the application of this Protocol should contact their line manager in the first instance.

2. ROLES OF COUNCILLORS AND OFFICERS

- 2.1 Councillors and officers are indispensable to one another and mutual respect between both is essential for good local government. Together, they bring the critical skills, experience and knowledge required to manage an effective public sector organisation but their responsibilities are distinct.

Councillors

- 2.2 Councillors are democratically accountable to residents of their Wards and serve only so long as their term of office lasts. The overriding duty of Councillors is to the whole community, but they have a special duty to their constituents, including those who did not vote for them.
- 2.3 All Councillors have responsibilities to determine the policy of the Council, monitor its performance, represent the Council externally and act as advocates on behalf of their constituents.

Officers

- 2.4 Officers are employed by and are accountable to the Council as a whole. With the exception of Political Assistants and the Mayor's Assistant, officers work to the instructions of their senior officers, not individual Councillors or Political Groups.
- 2.5 Officers manage and provide the Council's services within the framework of responsibilities delegated to them. This includes the effective management of employees and operational issues.
- 2.6 Officers have a duty to keep Councillors of all political groups fully informed about developments of significance in relation to council activities.

3. THE RELATIONSHIP BETWEEN COUNCILLORS AND OFFICERS

- 3.1 Bad relations between Councillors and officers are counter-productive to good governance and therefore the conduct of Councillors and officers should be such as to instil mutual trust and respect. Councillors and officers should understand and respect each other's roles and responsibilities. These should be reflected in the behaviour and attitude of each to the other, both publicly and privately.

Obtaining or granting favours

- 3.2 The Code of Conduct for Members emphasises the need for Councillors to avoid behaviour which could be viewed as conferring an advantage or disadvantage on an officer. Councillors must not seek personal favours from officers. Officers must not be tempted to give favours to please a Councillor. An example of favour seeking would be asking whether a Councillor's parking ticket could be withdrawn or whether an application for a service could be expedited. Similarly officers must not seek to circumvent agreed staff consultative procedures by lobbying Councillors on matters which directly concern them as employees

Councillor involvement in officer issues

- 3.3 Issues relating to the appointment, management and dismissal of most officers are reserved by law to the Head of Paid Service and officers appointed by him/her. Councillor involvement in employment issues generally, including where they relate to senior officers, is set out in the Local Authorities (Standing Orders) (England) Regulations 2001.
- 3.4 Occasions may arise where officers try to involve Councillors in day-to-day staff/ management issues. Councillors should strongly discourage such approaches. Officers should be advised to pursue matters with their management through the established procedures for resolving grievances etc. Officers must not raise matters concerning their employment with individual Councillors; to do so may result in disciplinary action being taken.

Personal Familiarity

- 3.5 Personal familiarity between Councillors and officers can create the suspicion of improper conduct, however unfounded and can undermine public confidence in the Council. Whilst it is clearly important that there should be a close working relationship between when officers and Cabinet members or chairs of Committees, such relationships should never be allowed to become so close, or appear to be so close, as to bring into question, the officer's ability to deal impartially with other Councillors and other party groups.
- 3.6 Informal and collaborative two-way contact between Councillors and officers is encouraged; personal familiarity can damage the relationship, as might a family or business connection. It is accepted that some close relationships will develop, particularly when Councillors and officers work closely together but it is important that close relationships between Councillors and officers are openly declared and if any relationship might be seen as unduly influencing their work in their respective roles then they should inform the Monitoring Officer.
- 3.7 It is not enough to avoid actual impropriety, Councillors and officers should always be open about their relationships to avoid any reason for suspicion and any appearance of improper conduct. Where a personal relationship has been disclosed, those concerned should avoid a situation where conflict could be perceived. Specifically, a Councillor should not sit on a body or participate in any decision which directly affects the officer on a personal basis.

Courtesy

- 3.8 Councillors and officers should respect each other's non-working time.

- 3.9 Councillors and officers should be courteous to each other at all times even if they disagree strongly with their respective views. Councillors and officers should not shout or raise their voice in an aggressive or rude manner.

Bullying

- 3.10 Councillors and officers must not bully or harass any person. Bullying may be characterised as offensive, intimidating, malicious, insulting or humiliating behaviour. Such behaviour may happen once or be part of a pattern of behaviour directed at a weaker person or person whom the Councillor or officer has some actual or perceived influence over. This can be contrasted with the legitimate challenges which a Councillor or officer can make in challenging policy or scrutinising performance.
- 3.11 Bad relations between Councillors and officers can be destructive to good governance. Councillors may from time to time become frustrated by what they regard as unacceptable or incompetent officer behaviour. It is self-evident that sometimes these feelings may be entirely justified although occasionally there may be a legitimate reason why member expectations cannot be met, e.g. because of a council policy or a legal requirement such as confidentiality.
- 3.12 Where a Councillor has a concern about an officer or the Council services then this should be made to the Director of the service where the Councillor feels the fault lies or to the Chief Executive where it involves a Director personally. Indeed, Councillors have a duty to raise any issues where they have reason to think that fraud/ probity, corruption or malpractice of any sort is involved within the Council. Councillors should not criticise officers in public as Councillors should bear in mind that officers are instructed not to “answer back” in public. Attacking an officer’s conduct in public can constitute bullying, as will undue pressure brought by either officers or Councillors in private.

Lines of conduct between Councillors and officers

- 3.13 Councillors must remember that Officers within Directorates are accountable to their chief officer. Chief officers, through their senior management, are responsible for the allocation and prioritising of work by their staff. Councillors should not seek to influence such decisions.
- 3.14 A Councillor is free to approach any Council Department to provide them with such information, explanation and advice about the Department’s functions as they may reasonably need as a Councillor. This can range from a request for general information or documentation about some aspect of the Department’s activities, to a request for specific information on behalf of a constituent.

- 3.15 In making such an approach, the request should be made to the Chief Officer or Divisional Director for the Department concerned. If access is denied or the Chief Officer/ Divisional Director is in doubt, the matter must be referred to the Monitoring Officer for determination.
- 3.16 Councillors should raise constituents' queries or concerns through the proper channels and not go direct to junior officers. Further in seeking to deal with constituents' queries or concerns, Councillors should not seek to jump the queue, but should respect the Council's procedures. Officers have many pressures on their time and officers may very well not be able to carry out the work required by Councillors in the requested timescale. Councillors should respect this. The Council does operate a Member's Enquiries system (see section 8.1 for more details).
- 3.17 Where Councillors and officers share an office building particular care needs to be taken to maintain appropriate lines of contact. Councillors and officers are reminded that within an open plan environment office certain standards are expected to be maintained. In particular meetings should not be held at workstations, Councillors and officers should use the meeting facilities provided and sensitive or confidential issues should not be discussed in the open plan environment.
- 3.18 Officers within a Directorate are accountable to their Corporate Director and whilst officers should always seek to assist a Councillor, they must not go beyond the bounds of whatever authority they have been given by their Corporate Director.

4. COUNCILLOR TO COUNCILLOR EXPECTATIONS

- 4.1 Whilst this Protocol is primarily aimed at the interaction between Councillors and Officers, the same principles apply to interactions between Councillors. Therefore Councillors should be entitled to expect from each other:
- respect, dignity and courtesy;
 - not to be subjected to bullying or personalised attacks;
 - respect for differing political views and values;
 - maintenance of confidentiality;
 - commitment to high standards of debate; and
 - compliance with the Council's Constitution including the Code of Conduct for Members.

5. COUNCILLORS AND LEGAL ACTION BY OR AGAINST THE COUNCIL

- 5.1 There is a whole range of circumstances where the Council as a corporate body may be involved in legal proceedings. This could be against residents

or other individuals, organisations and companies, and across the whole range of service areas including housing, planning, highways, etc. Councillors have a clear role in representing residents' and general public interests. In this representative capacity, Councillors will inevitably become involved in issues where the Council is considering, or is in the process of taking legal action, or where the Council is the defendant to legal actions brought by third parties.

- 5.2 Conflicts of interest will almost certainly occur when a Councillor is enquiring on behalf of an individual or body involved in legal action by or against the Council. In such cases, Councillors will be required to balance their representative role with their wider responsibilities in representing the corporate interests of the authority. For this reason, Councillors must be circumspect in any dealing with persons taking action against the Council, or against whom any legal action is being taken. Particularly, Councillors must be extremely cautious about having any dealings with professional representatives, advisers or witnesses in the case. Not only could such intervention prejudice the Council's position but the Councillor could find himself/ herself accused of an offence of Misconduct of Public Office or, Perverting the Course of Justice or an attempt or conspiracy to do so.
- 5.3 It is therefore particularly important that Councillors should be sure not only to avoid any actual impropriety, but at all times avoid any occasion for suspicion or any appearance of improper conduct.
- 5.4 In that regard, Councillors must not:
- attempt in any way to exercise improper influence over the legal process in which the Council is involved;
 - attempt to exert improper influence on Council officers involved in the legal process or witnesses in the case;
 - attempt to engage the community to exert improper influence on Council officers involved in the legal process or witnesses in the case.
- 5.5 Whilst Councillors have every right to information on how any such matter is being dealt with and a duty to represent their constituents, Councillors must also realise that the response on behalf of the Council must be limited to comments on process, so as not to prejudice the proceedings.
- 5.6 In respect of any ongoing or contemplated proceedings, all enquiries must be addressed to either the appropriate Divisional Director or Corporate Director. On no account is the Councillor to contact any officers involved in the proceedings to discuss or make any enquiries regarding the proceedings.

5.7 If a Councillor believes that the Council's actions or intentions are wrong, they should inform the Corporate Director concerned. It must then be for the Corporate Director to determine what action to take. If the Councillor remains unhappy with the action taken, then they should refer the matter to the Council's Monitoring Officer or to the Chief Executive.

6. REPORTS

6.1 Officers' reports should contain clear, evidence-based advice as to why a course of action is being recommended. From time to time corporate advice is given to officers on report writing and they should take care to follow it. The report should lay out all relevant factors for the decision maker, and examine all alternatives in an even handed way. Officers should take care to include even unpopular options if they feel they are relevant.

6.2 The relevant Corporate Director will always be fully responsible (and retains ultimate responsibility) for the contents of any report submitted in their name. Any issues arising between a Councillor and a Corporate Director in this area should be referred to the Monitoring Officer or Chief Executive for resolution.

6.3 Councillors have the right to criticise reports or the actions taken by officers, but they should always:-

- seek to avoid personal attacks on officers; and
- ensure that criticism is constructive and well-founded.

6.4 Councillors have the ability to agree or reject proposals placed before them by officers, irrespective of the advice or recommendations made by officers so long as they generally act in good faith and exercise reasonableness in decision-making and specifically:-

- take into account relevant and dismiss irrelevant matters; and
 - do not come to a conclusion that no reasonable authority would come to.
- Officers must therefore, be able to report to Councillors as they see fit and without any political pressure.

6.5 A resolution may be passed at meetings which authorises an officer to take action between meetings after consultation with the Chair/ Lead Member/ Portfolio Member etc. It is the officer, not the Chair etc., who takes the action and is responsible for it. The Chair etc. does not himself/ herself have the power between meetings to make decisions.

7. OFFICER ADVICE TO PARTY GROUPS

- 7.1 It must be recognised by all officers and Councillors that in discharging their duties and responsibilities officers serve the Council as a whole and not exclusively any political group, combination of groups or any individual Councillor. Special rules apply to Political Group Assistants and the Mayor's Assistant and those post holders are made aware of them through separate guidance.
- 7.2 There is statutory recognition for party political groups and it is common practice for such groups to give preliminary consideration to matters of Council business in advance of such matters being considered by the relevant Council decision making body. Senior officers may properly be called upon to support and contribute to such deliberations by political groups but must at all times maintain political neutrality. All officers must, in their dealings with political groups and individual Councillors treat them in a fair and even-handed manner.
- 7.3 The support provided by officers can take many forms, ranging from a briefing meeting with the Mayor, a Cabinet Member/ Chair/ Spokesperson prior to a Council, Cabinet, Committee or Sub-Committee meeting to a presentation to a political group meeting. Whilst in practice such officer support is likely to be in most demand from whichever political group is in control of the Council at the time, such assistance is available to all political groups.
- 7.4 Certain points, however, must be clearly understood by all those participating in this process, Councillors and Officer alike. In particular:
- (i) Requests for officers to attend any political group meeting must be made only to the appropriate member of the Corporate Leadership Team. Normally only that person will attend the meeting, although in exceptional circumstances they may be accompanied by one or more Senior Officers.
 - (ii) Unless otherwise agreed in advance with the Chief Executive, officers will not attend political group meetings that include persons who are not Councillors. However, where the Chief Executive has authorised such attendance special care needs to be exercised by officers involved in providing information and advice to such political group meetings. Persons who are not elected Councillors will not be bound by the Code of Conduct for Members (in particular, the provisions concerning the declaration of interests and confidentiality) and for this and other reasons officers may not be able to provide the same level of information and advice as they would to a Councillors only meeting.
 - (iii) Officer support (whether in the form of a written report or otherwise) must not extend beyond providing information and advice in relation to matters

of Council business. Officer support will be limited to a statement of material facts and identification of options and the merits and demerits of such options for the Authority. Reports or other support will not deal with any political implications of the matter or any option, and officers will not make any recommendations to a political group. Officers (with the exception of Political Group/ Mayor's Assistants) are not expected to be present at meetings or part of meetings when matters of party business are to be discussed.

- (iv) Political group meetings, whilst they form part of the preliminaries to Council decision making are not empowered to make decisions on behalf of the Council. Conclusions reached at such meetings do not therefore rank as Council decisions and it is essential that they are not interpreted or acted upon as such.
- (v) It must not be assumed by any political group or Councillor that any Officer is supportive of any policy or strategy developed because of that officer's assistance in the formulation of that policy or strategy.
- (vi) Officers must respect the confidentiality of any political group discussions at which they are present in the sense that they should not relay the content of any such discussion to another political group or Councillor thereof. However, Councillors should be aware that this would not prevent officers from disclosing such information to other officers of the Council so far as is necessary to perform their duties.
- (vii) Where officers provide information and advice to a political group meeting in relation to a matter of Council business, it should be understood that the officers have a statutory duty to provide all necessary information and advice to the Mayor or Cabinet or relevant Committee/ Sub-Committee when the matter in question is considered.

8. MEMBERS' SERVICES AND THE USE OF COUNCIL FACILITIES

Members' Services and Members' Enquiries

- 8.1 The Council operates a Member's Enquiries system which is for the Mayor and Councillors to use for routine requests for information and advice. The maximum turn round time expected for such enquiries is 10 working days and officers will chase outstanding enquiries exceeding this period. Matters which are not routine or involve policy should be directed initially to the relevant Corporate Director or Divisional Director or any officer nominated by them.
- 8.2 Both Mayor's Office secretarial staff and the Councillors' Support Team provide assistance to Councillors in their role as Council Members. Staff in these sections may, therefore, be used, as appropriate, to help with work such as casework, meetings and correspondence to do with Council matters. Full details of the service offered are contained in the Members' Services Guide.

8.3 The Mayor's Office and Councillor Support Team staff will assist with booking venues for, and publishing details of, Councillor's surgeries. Councillors' surgeries should normally be held within a Councillor's own ward, but Councillor may arrange a surgery in premises outside their ward if this is necessary to provide suitable surgery facilities for their own constituents. Councillor must not ask Council officers to assist with any personal, business or party political matters; attend surgeries; or decide how case work will be dealt with.

Council Facilities

8.4 Councillors must use any Council facilities that are provided in their role as a Councillor strictly for that purpose and no other. For example, Councillors must not use rooms in the Town Hall or other buildings or any of the Council's paper, computers, photocopiers, or printers for any personal, business related or party political matter, nor, for example, on behalf of any community groups of which the Councillor is a member, unless formal approval has been given by the appropriate chief officer.

8.5 The use of Council facilities and services by Councillors during a pre-election period for election campaigning or political purposes is not allowed. Specific guidance will be issued at that time to both Councillors and officers.

8.6 The Council can only provide legal representation to an individual Councillor where the action is taking place in the name of the Council and the individual deserves the protection of the Council. All such matters should be raised with the Chief Executive in the first instance.

Political Party Workers

8.7 Councillors are often assisted by political party workers. There is no objection to this, but no non-elected party worker has any entitlement to:

- information to which a Councillor has access in their role as Mayor or Councillor;
- use Council facilities provided for the use of Councillors.

The principles which apply to use of facilities provided for Councillors (and the officers employed to assist them) apply equally to all Council property and facilities and all Council employees.

Use of IT

8.8 From time to time training and guidelines on the proper and effective use of Council IT resources will be issued.

9. POLITICAL ASSISTANTS

- 9.1 Section 9 of the Local Government and Housing Act, 1989 gives councils a power to appoint political assistants to qualifying political groups. Whilst the Act allows the political affiliation of an individual to be taken into account in the appointment of any Political or Mayor's Assistant, they remain officers of the Council and must therefore not undertake any activity, which may be deemed unlawful. In this context, it should be realised that officer support to the political groups is in the context of their role in the discharge of Council business and although it may require liaison with political parties, at both local and national level, should not be used in promoting the views of an individual political party or undertaking campaigning or other party political business.
- 9.2 Political assistants hold politically restricted posts and therefore also face restrictions on their personal political activity.

10. COUNCILLORS' ACCESS TO INFORMATION

General

- 10.1 The following paragraphs identify the rights of Councillors and the procedures that they must comply with when applying for access to Cabinet/ Committee/ Sub-Committee papers and other documents/ information. These paragraphs take into account the following:
- Relevant legislation including the Local Government Act 1972; the Data Protection Act 1998; the Freedom of Information Act 2000; and the Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012 (SI 2012/2089)
 - Local Government Transparency Code 2015
 - Open and accountable local government: plain English guide
 - Access to Information Procedure Rules (Part B Section 27 of the Constitution)
 - Relevant case law
- 10.2 In principle, Councillors have the same ordinary rights of access to certain information as is enjoyed by the general public but they also have the right to access any other information (i.e. confidential or exempt) held by the Council of which they are a Councillor provided that it is reasonably necessary to enable the Councillor to properly perform their duties as a Councillor (see "Need to Know" below). This right of access of additional access may not extend to the publication of or otherwise making public such information as there may be issues of confidentiality.

Access to Committee Papers for Forthcoming Meetings

10.3 The rights of Councillors can be summarised as follows:-

- (i) Councillors enjoy the same access rights as members of the public in respect of Part I Cabinet/Committee/Sub-Committee papers.
- (ii) Councillors of the appropriate Cabinet/ Committee/ Sub-Committee will have a good reason for access to all Part II exempt information on the respective Cabinet/ Committee/ Sub-Committee agenda under the “Need to Know” principles (see below).
- (iii) Councillors of the Overview and Scrutiny Committee will have a prima facie “Need to Know” where they require access to Part II Cabinet agenda items as part of their scrutiny function provided the subject matter is within the Committee/ Sub-Committee’s terms of reference.
- (iv) All other Members who require access to confidential/ exempt Cabinet/ Committee/ Sub-Committee documentation will need to request disclosure under the Freedom of Information Act 2000 or demonstrate a “Need to Know” by complying with the principles set out below.

Access to Other Documents/Information – “The Need to Know”

- 10.4 It is important to note that in some cases access to information to which the public is not entitled only applies where Councillors are clearly carrying out their role as elected representatives. Where a Councillor has a financial or personal interest in a matter the Councillor will only be entitled to the same access as would be the case for a private individual. In these circumstances, the Councillor must make it clear that they are acting in their private capacity and not as a Councillor.
- 10.5 Under common law principles Councillors have the right to access information held by the Council where it is reasonably necessary to enable the Councillor to properly perform their duties as a Councillor. This is known as the “Need to Know”. This means that information must not be used for party political purposes.
- 10.6 The common law “Need to Know” is the prima facie right of Councillors to inspect documents of the authority which exist as Councillors are under a duty to keep themselves informed of Council business which relate to their role as elected representatives. Thus, this right applies to Councillors who do not have statutory rights to exempt or confidential information and to other documents held by the Council under local government legislation or the Freedom of Information Act 2000.
- 10.7 For example, a Councillor is likely to have a prima facie “Need to Know” where they has a legitimate Ward problem and needs access to the

documents that are relevant to that specific problem. Also, for example, a Cabinet Member whose Portfolio covers the matter in question and they need to be aware of what is occurring for the purpose of their Cabinet position.

- 10.8 Access to information on the basis of a 'Need to Know' does not exist where the Councillor is considered to be "fishing" for information or seeks access for an ulterior/improper purpose (e.g. for a private purpose). Case law has established that mere idle curiosity as to what is in the documentation will not be sufficient.
- 10.9 It should be noted that some material (for example if commercial sensitive) may be redacted from information that is disclosed, if this does not affect the ability of a Councillor to exercise their role as an elected representative.
- 10.10 There will also be a range of documents which, because of their nature are either not accessible by Councillors (such as the personal records of an individual) or are accessible only by the political group forming the administration and not by the Councillors of other political groups. An example of this latter category would be draft documents compiled in the context of emerging Council policies and draft Committee reports, the premature disclosure of which might be against the Council's and the public interest.
- 10.11 Whilst the term "Council document" is very broad and includes, for example, any document produced with Council resources, it is accepted by convention that a Councillor of one political group will not have a "Need to Know" and therefore, a right to inspect, a document which forms part of the internal workings of another political group.

Use of Council Information – Confidentiality

- 10.12 Procedural Rules and specific local procedures (e.g. on contracts) require Councillors and officers to maintain confidentiality in certain circumstances. Officers are bound by their contracts of employment and any breach of confidentiality will almost certainly lead to disciplinary action. Officers must distinguish between assisting an elected representative in the course of the Councillor's Council business and dealing with the same person as a client or customer, e.g. a Housing Benefit claimant. In the latter case, Officers will treat the Councillor with the same degree of helpfulness, courtesy and confidentiality as would be afforded to any other member of the public in the same situation, and interpret the relevant rules and procedures as they would for any other client or customer.
- 10.13 Equally, any Council information provided to a Councillor on the basis of a 'Need to Know' must only be used by the Councillor for the purpose for which it was provided, i.e. in connection with the proper performance of the

Councillor's duties as an elected representative of the Council. Confidential or exempt information provided to Councillors may be discussed in Part II Committee meetings or in private meetings of appropriate Councillors and Officers. However, it should not be discussed with, or released to, any other persons. Any information that is provided should be clearly marked as confidential before it is released to Councillors.

- 10.14 In cases where a Councillor discloses information given to him/her in confidence by anyone, or information acquired by the Councillor which they believe, or ought reasonably to be aware, is of a confidential nature then that Councillor may find themselves the subject of a complaint to the Standards Advisory Committee that they have contravened the Code of Conduct for Members.
- 10.15 Similarly, the unauthorised disclosure of confidential or exempt information is regarded by the authority as a serious disciplinary offence for Officers. This includes an unauthorised disclosure to a Councillor.
- 10.16 Any request from a Councillor for information will be treated in confidence by Officers and will not be made known to any other Councillor or political group. Officers are also under a duty not to relate any information disclosed privately by a Councillor(s) (e.g. during Part II discussions at Committee, etc., informal briefings, private conversations or Group meetings) to another Councillor, Officer or person not already privy to that information.
- 10.17 The duty of officers to observe a Councillor's confidence however will not apply if the information disclosed relates to something which could severely damage the Council or which is illegal or constitutes maladministration. In this event the matter will be referred to the appropriate Corporate Director and/or Monitoring Officer and Chief Executive for further investigation and action as appropriate.

11. WHEN THINGS GO WRONG

Procedure for officers

- 11.1 If an officer has a complaint about a Councillor it is always preferable to resolve matters informally, through an appropriate senior manager. If the matter cannot be resolved informally or it is not suitable for such then officers can make a complaint to the Monitoring Officer.

Procedure for Councillors

- 10.2 If a Councillor has a concern about the conduct or capability of an officer, they should raise the matter privately with the appropriate Divisional Director or

Corporate Director. Any concern about a Corporate Director should be raised privately with the Chief Executive. Any concern about the Chief Executive should be raised privately with the Monitoring Officer.

11. REVIEW

- 11.1 The Standards Advisory Committee and the Monitoring Officer will jointly keep this Protocol under review and make recommendations for changes as appropriate. A review will take place annually in any event.

33 Employee Code of Conduct

INTRODUCTION

1. This code aims to guide all employees on their conduct inside work and outside work where this has a bearing on their position within the Council. It is the responsibility of all Council employees to read this Code and work in accordance with it. If you are unsure about any aspect, check it with your line manager or Human Resources.
2. As an employee you should read this Code in conjunction with other relevant parts of the Constitution, Council policies and procedures relevant to your work and more detailed operational guidelines for example in areas such as computer use, The Code, in setting out our values, rules and principles, should not be interpreted as a complete list of what you can and cannot do, but rather to enable you as an employee to understand the ground-rules that all must observe, and the differences in the roles and duties of Members (the Mayor and Councillors) and employees.
3. Any breach of this Code may lead to disciplinary action and may in some instances constitute gross misconduct.

GENERAL CONDUCT

4. The public is entitled to demand the highest standards of conduct from all local government employees.
5. The Council is extremely conscious that public confidence can be damaged where the integrity of a Council employee is called into question and they are suspected of being influenced by improper motives.
6. Paragraphs 2.1 and 2.2 of the National Joint Council for Local Government Services, National Agreement on Pay and Conditions of the Service states:
 - “Employees will maintain conduct of the highest standard such that public confidence in their integrity is sustained
 - Local codes of practice will be developed to cover the official conduct and the obligations of employees and employers.”

The Council believes:

- (a) The public is entitled to demand of a Local Government Officer conduct of the highest standard and public confidence in their integrity would be shaken were the least suspicion to arise that they could in any way be influenced by improper motives.

- (b) An Officer's off-duty hours are their personal concern but they should not subordinate their duty to their private interests or put themselves in a position where their duty to their private interests conflict. The employing Authority should not attempt to preclude Officers from undertaking additional employment, but any such employment must not, in the view of the Authority conflict with or react detrimentally to the Authority's confidence in the conduct of the Authority's business.
- (c) The Officer should not be called upon to advise any political group of the employing Authority either as to the work of the group or as to the work of the Authority, neither shall they be required to attend any meeting of any political group.

WORKING RELATIONSHIPS, EQUALITIES AND THE CUSTOMER PROMISE

7. The Council expects all employees to deal with one another, the public, clients and elected Members in a courteous and civil manner. This may be in the exercise of their duties but can cover other circumstances, e.g. when in the role of Trade Union Representative. Employees should promote equality by not discriminating unlawfully against any person and by treating people with respect regardless of their race, age, religion, gender, sexual orientation or disability.
8. It is important that there is clarity about the respective roles of elected Members and employees and that the relationship between the two is clearly understood by everyone concerned. To achieve this the Council has adopted the Member/Officer Protocol which applies to all Members (the Mayor and Councillors) and employees and should be read in conjunction with this document.
9. You must always remember your responsibilities to the community that you serve and ensure courteous, efficient and impartial service delivery to all groups and individuals within that community as defined by the policies of the Council. All employees are required to be familiar with and implement the Council's policies, particularly those relating to Equalities and the Customer Promise and to ensure that the principles within those policies and other policies are followed.
10. The Council expects relationships between work colleagues (including those between managers and team members) to be supportive, co-operative and respectful. Employees should behave in a way that enhances the performance and well-being of others and the effectiveness of Council services. Employees should not have managerial responsibility for those with whom they have close private relationships (e.g. partners and family). If such

a relationship arises, during the course of your employment, it must be declared to your divisional director or chief officer.

11. Other organisations and agencies support, assist and partner the Council in the provision of services. Employees must work within the terms of the contracts/agreements made between contractors/suppliers/partners and the Authority.

DUTY TO DECLARE INTERESTS

12. You are responsible for declaring interests which conflict with the impartial performance of your duties or put you under suspicion of improper behaviour. These interests may be financial or personal/social interests (e.g. interests of family and friends, commercial or voluntary associations). The interest may be advantageous or have a detrimental effect on you (an example of a detrimental interest may be a situation where you experience threats or pressure from family or friends to act in a particular way in your official capacity).
13. You must declare in writing to your divisional director any financial or personal/ social interests that you consider could bring about conflict with the Council's business or interests. You are reminded in particular that you must comply with Section 117 of the Local Government Act 1972 regarding the disclosure of pecuniary interests in contracts relating to the Council. Orders and contracts must be awarded on merit and no special favour should be shown to businesses in which you have a financial interest or which are run by, for example, friends, partners or relatives. If you have such an interest you must not be involved in any way in the negotiation of agreements or the letting of contracts with these contractors/firms.
14. Interests, relationships and associations must also be declared when dealing with recruitment, management responsibilities, the allocation of resources and services, the provision of services and access to confidential information. Interests, friendships and associations, which could conflict with your professional roles and responsibilities, must also be declared to your divisional director.
15. Each directorate maintains a confidential register of declarations which must be in writing, giving information about the nature of the interest and the names of the parties and the functions involved. Chief officers and divisional directors are also required to complete returns to be included in a confidential register maintained by Human Resources. These records may be accessed, on application to the monitoring officer, during the process of an investigation if the conduct of an employee is brought into question.

THE COUNCIL'S BUSINESS INTERESTS

16. All employees are bound by a duty of fidelity not to breach confidence and not to participate in competing activities. The Council has the right to take necessary and reasonable steps to protect its legitimate business interests.
17. The Council can legitimately seek to restrict the work activity of certain ex-employees (for a specified period of time after the end of their employment and within a specified geographical area) where the individuals could use contacts and information derived from the Council to compete with the Council for work. These restrictions would take the form of a loyalty clause (or restrictive covenant) within the employee's contract of employment.
18. The Council retains intellectual property rights for work undertaken by employees. Research, reports, designs, drawings, software developments or similar work, when created in the course of an employee's normal duties, remain the property of the Council. These should not be removed from Council premises or passed on to a third party by any employee acting in a private capacity without the express consent of the Council.

GIFTS AND HOSPITALITY

19. The acceptance of gifts and hospitality, even on a modest scale, may arouse suspicion and must be capable of public justification. A register of gifts and hospitality is therefore kept for each of the Council's directorates containing the following information:
 - The name of the person or body making an offer of a gift or hospitality.
 - The name of the employee to whom the offer was made.
 - The gift or hospitality offered.
 - The circumstances in which the offer was made.
 - The action taken by the member of staff concerned.
 - The action taken (if any) by the divisional director or chief officer.
20. Where it is in the Council's interests to offer hospitality to organisations on Council premises such arrangements must only be made with the express permission of the divisional director or chief officer and be on a scale appropriate to the occasion.
21. You are strongly advised to refuse or return any gifts, hospitality or other favours from persons inside or outside the Council as any such acceptance

could well put you in a compromising position and could render you liable to accusations by other parties who become aware of this. You should bear in mind how the acceptance of a gift or a free meal would look to a third party and how this could appear to compromise your professional judgement even if it is accepted in all innocence. When declining a gift or hospitality you should courteously but firmly inform those making the offer of the procedures and standards operating within the Council.

22. Under no circumstances should you ask for a reward, tip, gift, "Christmas box" or any other inducement. You should also not put yourself in debt to someone where this would be likely to influence your work.
23. It is a serious criminal offence for employees of the Council to corruptly receive or give any gift, loan, fee, reward or advantage in order to influence official conduct. If an allegation is made, it is for the employee to demonstrate that any such rewards have not been corruptly obtained. It is also an offence to accept any gift or consideration in the knowledge or belief that it is intended as inducement or reward, whether the employee receiving it is influenced or not.
24. There may be occasions where refusal of personal hospitality or a small token gift (e.g. at Christmas or another notable religious occasion) would clearly cause offence or be impracticable for cost or other reasons. The dividing line between what is and what is not acceptable is not a clear one and you should always exercise extreme caution. If you are considering acceptance, you should discuss the matter with your line manager before doing so and seek approval from your divisional director or in their absence your chief officer.
25. Before accepting a gift or hospitality staff should consider:
 - The timing of decisions for letting contracts for which a provider may be bidding (under no circumstances should gifts or hospitality be accepted from a contractor during a tendering period).
 - Whether the gift or hospitality is appropriate e.g. an inexpensive promotional pen or diary may be accepted but more expensive items, such as a bottle of whisky, must be declined. Similarly, lunch at on-site cafeterias or invitations to local cultural events as a representative of the Council may be appropriate whereas invitations to prestigious sporting events, theatre tickets or personal invitations where you are not attending in an official capacity are not appropriate.
26. Where the refusal of an unsolicited gift may cause offence, the gift may be donated to the Speaker of the Council's official charity and the donor informed accordingly in writing.

27. You should exercise discretion in offering and accepting hospitality. You should bear in mind how it might affect your relations with the party offering it and how it might be viewed by elected Members, other potential suppliers/contractors, the public and other officers. The criteria which determine whether you should accept hospitality from firms or other organisations include:
- Whether the invitation comes from a firm likely to benefit from the goodwill of the Council or from a charity or other organisation which may not have the same kind of vested interest in the outcome;
 - Whether the firm is seeking a contract, or one has already been awarded;
 - Whether the visit is genuinely instructive or constitutes more of a social function;
 - The scale and location of hospitality, and whether it falls in working hours;
 - The frequency of the hospitality;
 - Whether it is directed just at you or to a group.
28. With the exception of minor gifts such as inexpensive calendars, pens or small stationery items, or hospitality such as refreshments during a site visit or an inexpensive working lunch, the acceptance of gifts and/or hospitality must be authorised in advance by a divisional director or chief officer and recorded in writing in the directorate register. Offers that are declined must also be recorded in the register. Divisional directors and chief officers are also required to complete the register although they are not required to seek prior authority for any action they decide to take.

LEGACIES

29. On occasion members of the public or clients may wish to express their appreciation of Council officers or services of a particular employee by leaving money/gifts in their will. Members of the public should be discouraged from doing this.
30. Where an employee has notice that they are to be bequeathed money/gifts from a member of the public or client they must report this to their chief officer.
31. Details of the amount involved, the reason for the legacy and the service provided must be forwarded to the chief officer before the employee accepts the legacy.

CONFIDENTIAL AND OTHER INFORMATION

32. The Council expects all employees to safeguard confidential information, including when they leave the Council's service. Information which can be classified as 'confidential' can broadly be grouped into the following areas:
- Information of a specific and personal nature about employees, potential employees, service users, customers, individuals and organisations who come into contact with the Council.
 - Sensitive organisational information.
 - Business/commercial information e.g. pricing, quotes, matters affecting negotiations with suppliers, trade unions etc.
33. Exempt committee papers (i.e. those on Part II of any Agenda) must not be released to the public or a fellow officer (unless they have a clear right of access) without the consent of the Director of Human Resources and Transformation.
34. You must not use any information obtained in the course of your employment for personal gain or benefit. You must not pass on such information to others who might use it in a similar way. All employees are under an obligation not to access or attempt to access information which they are not authorised to have.
35. Employees are bound by their contracts of employment to maintain confidentiality. Any deliberate breach of confidentiality, improper disclosure of information or misconduct in relation to official documents will be treated as a serious matter and will lead to disciplinary action.

OUTSIDE AND ADDITIONAL WORK

36. Employees must comply with Section 107 of the Local Government Act 1972 regarding the non-acceptance of any fees or rewards whatsoever other than their proper remuneration. It is a criminal offence for you corruptly to receive or give any gift, loan, fee, reward or advantage for doing or not doing anything or showing favour or disfavour to any person in your official capacity. If an allegation is made, it is for you to demonstrate that any such rewards have not been obtained corruptly. You must therefore ensure that any reward or fee that you receive from employment outside the Council has been authorised in advance in accordance with this Code.
37. Any additional work (whether paid or unpaid) you wish to undertake must not conflict with the Council's interests or in any way weaken public confidence in the Authority. Accordingly, all employees of the Authority are required to obtain consent, in writing (to be retained on their HR file), from their chief

officer in advance, and on each occasion, if they wish to engage in any other business, take up additional employment or work outside the Authority. This provision also applies to chief officers who will require the prior consent of the Chief Executive should they wish to engage in such activity.

38. Also you must not undertake any duties/work (whether for payment or otherwise) of a type that you normally undertake for the Council on behalf of:
 - Any other Council employee, without the prior written agreement of your chief officer who shall, if agreement is given, notify the Director of Human Resources and Transformation; or
 - Your chief officer, without the prior written agreement of the Chief Executive.

39. Employees do not need approval to undertake voluntary work or work for trade unions or political parties (subject to the provisions of the 1989 Local Government Housing Act as set out below), provided this work does not conflict with the Council's interests as specified in paragraph 37.

40. The Council will generally not give approval for additional or outside work if it:
 - Is for anyone who is in a supervisory or managerial relationship with an employee.
 - Places the employee in a position where their official duties and private interests may conflict.
 - Affects the employee's health or ability to maintain acceptable standards of work.
 - Might weaken public confidence in the conduct of the Council's business.
 - Involves the employee being in direct competition with the Council.

41. Where approval has been given to undertake additional or outside work, employees must not:
 - Use Council accommodation or facilities (vehicles, computing equipment, photocopiers, telephones etc.).
 - Submit applications of any description to the Council on behalf of any other person without written permission from their chief officer.
 - Use their knowledge of the Council or staff to help secure particular decisions or outcomes.
 - Undertake private work in office hours or when they are absent due to ill health.
 - Portray themselves as employees or agents of the Council when undertaking additional or outside work.

42. Outside work should not be undertaken for any person, company or contractor who is known by the employee to have a contractual relationship with the Council, or who is seeking work from the Council.

APPOINTMENTS AND RELATED EMPLOYMENT MATTERS

43. The Council recruits on merit and requires that its appointments are made without bias, on the basis of clear assessment criteria. If you are responsible for appointing employees, it is unlawful for you to make an appointment other than on the basis of merit. It would be unlawful for you to make an appointment based on anything other than the ability of the candidate to meet the present and future needs of the Council. In order to avoid any possible accusation of bias, you should not be involved in an appointment where you are related to an applicant, or have a close personal relationship outside work. You must not canvas on behalf of any applicant.
44. Similarly, you must not be involved in decisions relating to discipline, promotion or pay adjustments for another employee who is a relative, partner, close friend, or where you have some other close personal relationship.
45. As an employee/potential employee you must ensure that you:
- are open and honest at any interview;
 - are open and honest on any application form;
 - disclose all criminal convictions*;
 - disclose any pending criminal charges;
 - disclose if you are a friend or relative of (or have other links with) a Member or an employee who may influence your appointment;
 - disclose if you are the tenant or landlord of someone who may influence your appointment;
 - do nothing to seek undue favour from employees or Members in Council selection procedures.

[* Although under the terms of the Rehabilitation of Offenders Act 1978 certain offences are categorised as being “spent” for employment purposes this exemption does not apply to certain posts, for example where the individual is engaged in work that entails contact with children.]

LOCAL GOVERNMENT AND HOUSING ACT 1989

46. As a result of provisions introduced under the Local Government and Housing Act 1989 to ensure the political impartiality of local government employees, some employees’ posts are subject to political restriction. This means that the postholders are prohibited from involvement in political activities as these could conflict with the responsibilities at work.

47. The Local Government and Housing Act 1989 requires that anyone who is employed by a local authority in a politically restricted or sensitive post is disqualified from being elected as a Member in another local authority or as a Member of Parliament or as a Member of the European Parliament. Employees holding politically restricted posts are also unable to undertake certain political activities within the following broad categories:-
- Writing or speaking publicly on politically controversial issues.
 - Canvassing at any election on behalf of a political party or at elections for MPs, MEPs, Mayor or Councillors.
 - Holding office in any political party.
 - Publicly declaring themselves a candidate for Mayor, Councillor, MP or MEP.
48. The Act requires that employees holding the following posts should be politically restricted:
- Employees giving regular advice to Committees or Sub-Committees.
 - Employees who regularly speak to journalists or broadcasters on behalf of the Council.
49. A list of politically restricted posts is held by the Corporate Director, Governance. It contains the post designations and the section of the Act relating to their inclusion on the list
50. Under the Local Government (Political Restrictions) Regulations 1990, the failure of a postholder holding a politically restricted post to comply with the restriction will result in disciplinary action being taken on the grounds of misconduct.

POLITICAL NEUTRALITY AND CONTACT WITH MEMBERS

51. Employees serve the Authority as a whole. It follows that they must serve all Members (the Mayor and all Councillors, not just those of the ruling political group) and must ensure that the individual rights of all Members are respected treating political groups and individual Members in a fair and even handed manner. Insofar as employees may be required to advise political groups, they must do so in ways that do not compromise their own political neutrality. This subject is covered in detail in the Member/Officer Protocol which governs relations between elected Members and Council officers.
52. It is important that Members' enquiries should be dealt with efficiently and effectively within the established policy and procedures for the service area concerned. If employees consider that unreasonable Member pressure is

being brought to bear with a particular issue outside of established procedures and policies, the relevant details must be referred to your chief officer. It is the Chief Executive's responsibility to determine whether the incident concerned should be reported to the Group Secretaries.

53. Lines of communication between Members, employees and members of the public should accord with defined and established management practice, be readily identifiable and respected by all concerned.
54. Individual employees should not approach elected Members directly on employment matters.
55. Representations to Members should be made through chief officers or normal Trade Union/Member communication forums.
56. Employees must not disrupt official meetings of the Council or of its Cabinet, Committees, Sub-Committees, etc.

PUBLICATIONS - BROADCASTS

57. Employees who are broadcasting on a subject connected with the work of the Council are required to obtain permission from the Chief Executive and their chief officer in advance and to submit where possible a copy of the script of the broadcast or otherwise advise on general subject matter.
58. Employees should not publish, or authorise without the permission of their chief officer the publication of any book or article by them or with others which indicates that the writer is an employee of or connected with the London Borough of Tower Hamlets.
59. Similarly, employees should not, without permission from the Council, make any communication to a newspaper or other journal in which there is any indication that they are an employee or otherwise connected with the London Borough of Tower Hamlets. Employees acting in either a personal capacity or as a spokesperson for outside groups should not bring the Council into disrepute by publicising material adverse to the Council or other employees. This is not intended to preclude Trade Unions from pursuing their legitimate industrial relations activities.
60. The Council has established a Communications Section, which is responsible for all official press releases and statements. Individuals who are asked by the media to make comments should refer such requests direct to that section.
61. Employees should consider whether their public statements made about the Council (whether as a spokesperson for an organisation or as an individual)

could reflect in some unacceptable way upon the employer-employee relationship.

WHISTLEBLOWING

62. The Council expects employees who witness, or have their suspicions raised, or are approached to become party to potentially fraudulent, corrupt, dangerous or improper behaviour, to report these incidents or concerns either to their line manager or other council manager or through the agreed whistleblowing procedures. Failure to do so could implicate you in the misconduct.
63. The Council recognises that the decision to report a concern can be a difficult one to make, not least because of the fear of reprisal from those responsible for the malpractice. The Council will not tolerate harassment or victimisation and will take appropriate action to protect employees who raise a concern in good faith.
64. Employees who are subject to procedures (such as but not limited to disciplinary or redundancy) will not have those procedures halted as a result of raising concerns under this procedure.
65. Concerns should normally be raised initially with your line manager or supervisor. However, the most appropriate person to contact will depend on the seriousness and sensitivity of the issues involved and who is suspected of the misconduct/ malpractice. If for any reason you do not feel that it is appropriate to express your concerns in this way, the Council's whistleblowing policy explains the other routes available to you.
66. Malicious allegations i.e. deliberately raising false complaints with the intention of harming someone will be regarded as serious misconduct.
67. Raising concerns through the media is not an appropriate or effective channel and may result in an employee breaching obligations under this Code resulting in disciplinary action. The Council's whistleblowing policy gives details of how to raise concerns with more appropriate and independent organisations outside the Council.

COUNCIL POLICIES, PROCEDURES AND OPERATING GUIDELINES

68. In addition to this Code of Conduct, the work of Council employees is governed, in most areas, by established policies, procedures and operational guidelines which ensure:

(a) that the Council meets its statutory obligations,

- (b) that service standards are maintained,
- (c) that staff operate within their approved authority, and
- (d) that proper monitoring and auditing processes can be applied.

69. Whilst your manager will assist you, employees also have a personal responsibility to ensure that they are familiar with their responsibilities under the Council's Constitution and work within Council policies, procedures and operating guidelines.
70. Allegations of any failure to meet the requirements of this Code may be dealt with under the Council's Disciplinary Procedure.

1. INTRODUCTION

- 1.1 The Licensing Code of Conduct has been adopted by Tower Hamlets Council to regulate the performance of its licensing functions that fall within the Terms of Reference for the Licensing Committee. Its major objectives are to guide Councillors and officers of the Council in dealing with licensing related matters and to inform potential licensees and the public generally of the standards adopted by the Council in the exercise of its licensing functions. Except where otherwise stated, references in this Code are to the Licensing Committee and its Sub-Committees and the expression "Licensing Committee" should be interpreted accordingly.
- 1.2 The Licensing Code of Conduct is in addition to the Code of Conduct for Members adopted under the provisions of the Localism Act 2011. Councillors should follow the requirements of the Code of Conduct for Members and apply this Code in light of that Code. Whilst most decisions taken by Councillors are administrative in nature, the work of the Licensing Committee is different in that its proceedings are quasi-judicial and the rules of natural justice apply. This imposes a new and higher set of standards on those Councillors who are involved in the decision-making process.
- 1.3 The provisions of this Code are designed to ensure that licensing decisions are taken on proper licensing grounds, in a fair consistent and open manner and that Councillors making such decisions are, and are perceived as being, accountable for those decisions. The Code is also designed to assist Councillors in dealing with and recording approaches from applicants, licensees and objectors and is intended to ensure that the integrity of the decision-making process is preserved.
- 1.4 This Code is part of the Council's ethical framework and in addition to the Code of Conduct for Members should be read in conjunction with the Member/Officer Protocol. If a Councillor does not abide by the Code then that Councillor may put the Council at risk of proceedings on the legality or maladministration of the related decision and the Councillor may be at risk of either being named in a report to the Standards Advisory Committee or Council. A failure to abide by the Code is also likely to be a breach of the Code of Conduct for Members and which could result in a complaint being made to the Monitoring Officer.
- 1.5 **If a Councillor has any doubts about the application of this Code to their own circumstances they should seek advice early, from the Monitoring Officer and preferably well before any meeting takes place.**

2. HUMAN RIGHTS ACT

- 2.1 The Human Rights Act 1998, which came into full effect on 2nd October 2000, incorporated the key articles of the European Convention on Human Rights into domestic law. The Convention guarantees certain basic human rights.

As far as possible legislation (including the licensing laws) must be interpreted in such a way as to conform to Convention rights. Decisions on licensing issues are actions of a public authority and so must be compatible with Convention rights.

- 2.2** Councillors of the Committee need to be aware of the rights contained in the Convention when making decisions and in particular:

Article 6: Right to a fair trial

In the determination of a person's civil rights and obligations everyone is entitled to a fair and public hearing within a reasonable time by an independent and impartial tribunal established by law.

Article 8: Right to respect for family and private life

1. Everyone has a right to respect for his or her private life, and his or her home and correspondence.
2. There shall be no interference by a public authority with the exercise of this right except such as is in accordance with the law and is necessary in a democratic society in the interests of national security, public safety or the economic well-being of the country, for the prevention of disorder or crime, for the protection of health or morals, or for the protection of the rights and freedoms of others.

Article 1: of the First Protocol: Protocol of property

Every natural or legal person is entitled to the peaceful enjoyment of his possessions. No one shall be deprived of his or her possessions except in the public interest and subject to the conditions provided for by law and by the general principles of international law.

The preceding provisions shall not, however, in any way impair the right of a State to enforce such laws as it deems necessary to control the use of property in accordance with the general interest or to secure the payment of taxes or other contributions or penalties.

Article 14: Prohibition of discrimination

The enjoyment of the rights and freedoms in the Convention shall be secured without discrimination on any ground such as sex, race, colour, language, religion, political or other opinion, national or social origin, association with a national minority, property, birth or other status.

- 2.3** Article 6 is an 'absolute' right and cannot be interfered with. This means that these rights can never be detracted from because it is considered to be fundamental to the rights of people. The Licensing Committee's decisions on most licensing functions are subject to independent tribunals, usually the Magistrates' Court, so satisfying the provisions of Article 6. The Licensing

Committee must however conduct a fair hearing in accordance with the rules of natural justice.

- 2.4** Article 8 and Article 1 of the First Protocol are both qualified rights and the Council can interfere with these provided that such interference had a clear legal basis. In therefore deciding whether to interfere with this right, Councillors should consider the matter within the framework of a ‘fair balance’ test. This requires that a balance be struck between the protection of the right of property and the general interests of the community. An interference with a person’s rights must be proportionate and go no further than is necessary.
- 2.5** Specifically as to Article 1 of the First Protocol, an existing licence is a possession under this Article and therefore if a person does not currently hold a licence then it will not apply. Article 1 of the First Protocol also has relevance in respect of any third parties objecting to a licensing application, because of their right to the enjoyment of their property.
- 2.6** As to Article 14, whilst this is also an ‘absolute’ right it does not create an independent right as it only operates to prevent discrimination in the exercise of other convention rights. If there is discrimination however in respect of a particular protected right then there is no need to show a violation of the article giving such right for there to be a breach of Article 14. All it is necessary to show is that there has been discrimination. Accordingly, in exercising its Licensing Functions, the Council must not treat persons differently where such persons are placed in an analogous situation.

3. QUASI-JUDICIAL HEARINGS

- 3.1** A quasi-judicial hearing is one:
- which affects a person’s livelihood;
 - which involves disciplinary action; or
 - which affects property
- 3.2** These hearings are subject to the rules of natural justice. Properly applied, the rules of natural justice will ensure that the requirements of the Convention that a hearing is both “fair” and presided over by an “independent and impartial tribunal” are met.
- 3.3** There are two principles underlying the rules of natural justice. First, all parties must be given a chance to put their case under conditions which do not put one party at a substantial disadvantage to the other party. All parties should be given sufficient notice of the hearing and the applicant should have disclosure of the nature of the objections/ representations as well as knowing who is objecting/ making a representation so that they can prepare a response to the points raised in such objections/ representations.

- 3.4 The rules of natural justice could also include asking questions of other parties. In respect of 'Alcohol and Entertainment Licensing' however, the Licensing Act 2003 (Hearings) Regulations 2005 ('the 2005 Regulations') provide that the hearing should take the form of a discussion led by the authority and cross-examination should not be permitted unless the Licensing Committee considers that cross-examination is required for it to consider the representations, application or notice as the case may require.
- 3.5 As to sufficient notice of the hearing, in respect of 'Alcohol and Entertainment Licensing', the 2005 Regulations also address this point as they specify the **period of time within which a hearing must be commenced; the minimum time before the hearing that notice should be given; persons to whom notice of hearing is to be given; and the documents to accompany notice of hearing.** The 2005 Regulations **do provide that a failure to comply with the Regulations does not of itself render the proceedings void** but where there is such an irregularity, the authority shall, if it considers that any person may have been prejudiced as a result of the irregularity, take such steps as it thinks fit to cure the irregularity before reaching its determination.
- 3.6 The Licensing Committee should always satisfy itself that sufficient notice of the hearing has been given to all parties and if not satisfied, then the Licensing Committee should take such steps as it thinks fit to deal with that issue before reaching its determination and this could include adjourning that application to a later date.
- 3.7 Second, a person who has an interest in an application must be disqualified from considering it. The Licensing Committee must be impartial – not only must there be no actual bias but there must be no perception of bias.
- 3.8 The procedure rules which govern hearings of the Licensing Committee reflect the requirements of the Human Rights Act and the rules of natural justice. To avoid any allegations of bias or perceived bias, Councillors sitting on the Licensing Committee must strictly observe those procedure rules.
- 3.9 The use of a party political whip is inconsistent with the rules of natural justice and must be avoided by Councillors sitting on the Licensing Committee.

4. **PREDISPOSITION, PREDETERMINATION OR BIAS**

- 4.1 Section 25 of the Localism Act 2011 ('the 2011 Act') provides that a Councillor should not be regarded as having a closed mind simply because they previously did or said something that, directly or indirectly, indicated what view they might take in relation to any particular matter. This reflects the common law position that a Councillor may be predisposed on a matter before it comes to Committee, provided they remain open to listening to all the arguments and changing their mind in light of all the information presented at the meeting. Nevertheless, a Councillor in this position will always be judged against an

objective test of whether the reasonable onlooker, with knowledge of the relevant facts, would consider that the Councillor was biased.

- 4.2** As to predetermination, this is a legal concept and is used in situations where a decision maker either has, or appears to have, a closed mind. That is they have made up their mind in advance of proper consideration of an issue and the merits of an application. Section 25 of the 2011 Act does not amount to the abolition of the concept of predetermination however, as no one should decide a case where they are not impartial or seen to be impartial. Critically, Councillors need to avoid any appearance of bias or of having a predetermined view before taking a decision. Indeed, Councillors should not take a decision on a matter when they are actually biased in favour or against the application, or where it might appear to a fair and informed observer that there was a real possibility of bias, or where a Councillor has predetermined the matter by closing their mind to the merits of the decision.
- 4.3** Councillors must not make up their mind on how they will vote on any licensing matter prior to formal consideration of the matter at the meeting of the Licensing Committee and the Councillor hearing the evidence and arguments on both sides. A Councillor should not make comments on Licensing policy or procedures, or make any commitment in advance as to how they intend to vote on a matter, which might indicate that they have closed their mind.
- 4.4** **Any licensing decision made by a Councillor who can be shown to have approached the decision with a closed mind will expose the council to the risk of legal challenge.**
- 4.5** Clearly expressing an intention to vote in a particular way before a meeting (predetermination) is different from where a Councillor makes it clear they are willing to listen to all the considerations presented at the committee before deciding on how to vote (predisposition).
- 4.6** If a Councillor considers that they do have a bias or cannot be impartial then they should withdraw from being a Member of the Licensing Committee for that application.
- 4.7** Councillors should note that, unless they have a disclosable pecuniary interest or a significant personal interest (see section 5 below), they will not appear to be predetermined through-
- listening or receiving viewpoints from residents or other interested parties;
 - making comments to residents, interested parties, other Councillors or appropriate officers, provided they do not consist of or amount to prejudging the issue and the Councillor makes clear that they are keeping an open mind;
 - seeking information through appropriate channels; or

- being a vehicle for the expression of opinion or speaking at the meeting as a Ward Councillor, provided the Councillor explains their actions at the start of the meeting or item and makes it clear that, having expressed the opinion or ward/ local view, they have not committed themselves to vote in accordance with those views and will make up their own mind having heard all the facts and listened to the debate.

4.8 The following advice applies:

- Councillors must not make up their mind, or appear to have made up their mind on how they will vote on any licensing matter prior to formal consideration of the matter at the meeting of the Licensing Committee and of the Councillor hearing evidence and arguments on both sides. This includes deciding or discussing how to vote on any application at any sort of political group meeting, or lobby any other Councillor to do so. If a Councillor has an interest in a local lobby group or charity or pressure group they may appear predetermined by their actions and/ or statements made in the past. The Councillor should take advice from the Legal Adviser to the Licensing Committee on how to deal with this.
- It must be noted that if a Councillor is predetermined then taking part in the decision will put the Council at risk of a finding of maladministration and of legal proceedings on the grounds of there being a danger of bias or predetermination or, a failure to take into account all of the factors enabling the proposal to be considered on its merits.
- A Councillor may appear pre-determined where the Council is the landowner, developer or applicant and the Councillor has acted as, or could be perceived as being, a chief advocate for the proposal. This would arise where that through the Councillor's significant personal involvement in preparing or advocating the proposal the Councillor will be, or perceived by the public as being, no longer able to act impartially or to determine the proposal purely on its licensing merits.
- Councillors should recognise that in being a Councillor of a political group they are allowed to be predisposed in relation to licensing policies of the Council or to licensing policies of the Councillor's political party, providing that predisposition does not give rise to a public perception that the Councillor has, due to his/ her political membership, predetermined a particular matter.
- When considering a licensing application, Councillors must:
 - act fairly and openly;
 - approach each application with an open mind; carefully weigh up all relevant issues; and
 - determine each item on its own licensing merits
- And Councillors must not:
 - take into account irrelevant issues;

- behave in a manner that may give rise to a public perception that they may have predetermined the item; and
- behave in such a manner which may give rise to a public perception that they may have been unduly influenced in reaching a decision.

5. INTERESTS

5.1 In order to avoid allegations of bias it is important that Councillors are scrupulous in declaring interests at the hearing.

5.2 There are three (3) categories of interests, namely:

- Disclosable pecuniary interests (DPIs);
- Other registerable interests; and
- Non registerable interests.

5.3 Chapter 7 of the 2011 Act places requirements on Councillors regarding the registration and disclosure of their pecuniary interests ('DPI') and the consequences for a Councillor taking part in consideration of an issue in the light of those interests. The definitions of DPI taken from the Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012 are set out in paragraph 3.4 of the Code of Conduct for Members. A Councillor must provide the Monitoring Officer with written details of relevant interests within 28 days of their election or appointment to office. These interests can be either an interest of the Member or an interest (of which the Member is aware) of a spouse, civil partner or a person that the Member is living with as a spouse or civil partner. Any changes to those interests must similarly be notified within 28 days of the Councillor becoming aware of such changes.

5.4 A failure to register or declare a DPI or the provision of false or misleading information on registration, or participation in discussion or voting in a meeting on a matter in which a Councillor has a DPI, are criminal offences.

5.5 A DPI relating to an item under discussion requires the immediate withdrawal of the Councillor from the Licensing Committee. In certain circumstances, a dispensation can be sought from the Monitoring Officer to take part in that particular item of business and which could arise where the Councillor is the applicant or has made a representation for or against the application.

5.6 Having regard to the rules of natural justice and the requirement that a Councillor who has an interest in an application must be disqualified from considering it, then consideration must also be given to other non-DPI personal interests that are either registrable as required by the Code of Conduct for Members or are personal interests that do not require registration.

- 5.7** A personal interest in a matter arises if a Councillor anticipates that a decision on it might reasonably be regarded as affecting (to a greater extent than other council tax payers, ratepayers or residents of the Council's area) the well-being or financial position of the Councillor, a relative or a friend or
- the employment or business carried out by those persons, or in which they might be investors (above a certain level);
 - any of the bodies with which the Councillor is associated, and which the Councillor will have registered in the register of interests.
- 5.8** If a Councillor has a personal interest in any licensing application or other matter before the Licensing Committee then the Member shall, if present, disclose the existence and nature of the interest at the start of the meeting and, in any event, before the matter is discussed or as soon as it becomes apparent. The full nature of the interest must be declared. The declaration and disclosure of a personal interest does not usually debar a Councillor from participation in the discussion or voting provided that the personal interest is not so significant that there is a real possibility of bias or predetermination and which is likely to prejudice the Councillor's judgement of the public interest (see 5.9 below).
- 5.9** The position is different however where a member of the public, with knowledge of the relevant facts, would reasonably regard the personal interest as so significant that there is a real possibility of bias or predetermination and which is likely to prejudice the Councillor's judgement of the public interest. Examples of this are working closely with an applicant or a group of objectors to achieve a certain outcome; lobbying other Councillors on the Committee; acting as an agent for a person pursuing a licensing matter with the Council; or generally declaring voting intentions ahead of the meeting etc.
- 5.10** A Councillor with a personal interest which might appear to a fair and informed observer that there was a real possibility of bias must not participate in the discussion on the application and must leave the room immediately when the discussion on the item begins or as soon as the interest becomes apparent. They cannot seek to influence the decision, save that if a member of the public has the right to attend the meeting, make representations, answer questions, or give evidence, then a Councillor will have the same right. Once the Councillor has exercised that right then the Councillor must withdraw from the room for the rest of that item and play no further part in the discussion or vote.
- 5.11** Being a Councillor for the ward in which particular premises are situated is not necessarily declarable and as a general rule Councillors of the Committee may deliberate on matters affecting their wards provided they do so with an open mind. Councillors should remember, however, that their overriding duty is to the licensing objectives and not to the residents and businesses within their ward. Councillors have a duty to make decisions impartially, and should

not improperly favour, or appear to improperly favour, any person, company, group or locality. If a Member feels that they cannot do this then the Member must leave the room when the discussion on the item begins.

- 5.12** More information on what constitutes an interest as well as the obligation on Councillors to register their interests is contained in the Code of Conduct for Members set out in Part C Section 31 of the Constitution. The ultimate responsibility for fulfilling these requirements rests with individual Councillors but the Council's Monitoring Officer or the Service Head Legal Services are available to give advice if required.

6. TRAINING OF COUNCILLORS

- 6.1** As the technical and propriety issues associated with licensing are not straightforward, Councillors on the Licensing Committee must participate in a programme of training on the licensing system and related matters agreed by and organised by officers. The programme will consist of compulsory and discretionary elements. The aim of the training is to assist Members in carrying out their role properly and effectively. If a Councillor fails to participate in the compulsory elements of the training this may result in that Councillor being asked to stand down as a Councillor of the Licensing Committee.
- 6.2** Councillors should be aware that training is particularly important for Councillors who are new to the Licensing Committee and for Councillors who have not attended training in the recent past. Other Councillors are free to attend the training in order to gain an understanding of licensing issues.
- 6.3** Where a Member has a genuine difficulty in attending any particular training session officers will try when practicable to accommodate a request for an individual or repeat session.

7. APPLICATION BY A COUNCILLOR OR OFFICER

- 7.1** The Licensing Committee may need to determine an application submitted by a Councillor or an officer, or by a company or individual with which a Councillor or officer has an interest or relationship. For the avoidance of doubt, the term Councillor or an officer includes any former Councillors or officers. In such cases, it is vital to ensure that such application is handled in a way that gives no grounds for accusations or favouritism. Accordingly the matter will be dealt with as follows-
- (a) On receipt of such an application, a copy of the application will be referred to the Corporate Director.
 - (b) The Corporate Director will pass a copy of the application to the Monitoring Officer who will satisfy himself/ herself that the application can be, and is being, processed and determined without suspicion or impropriety.

- (c) If a Councillor or an officer submit their own proposal to the Council which they serve, they must take no part in its processing or the decision making process.
- (d) The Councillor making the application would almost certainly have a DPI and should not address the Committee as the applicant but should appoint an independent agent to represent their views.
- (e) Councillors of the Licensing Committee must consider whether the nature of any relationship with the person (either a Member or an officer) making the application requires that they make a declaration of interest and if necessary also withdraw from the meeting.
- (f) In respect of former Councillors or former officers the above requirements shall apply for a period of three years following their departure from the Council.

8. APPLICATION BY THE COUNCIL (OR WHERE THE COUNCIL IS THE LANDOWNER)

- 8.1** Councillors may need to determine an application submitted by the Council for the Council's own land or in respect of land where the Council is the landowner. It is perfectly legitimate for such applications to be submitted to and determined by the Licensing Authority. Applications should be treated with the same transparency and impartiality as those of other applicants so as not to give rise to suspicions of impropriety.
- 8.2** If a Councillor has been heavily committed or involved in an area of policy/issue relating to such an application (e.g. as a Cabinet Member), then that Councillor must consider whether they have an interest which should be disclosed. In such circumstances, the Councillor should seek advice from the Legal Adviser to the Licensing Committee.

9. LOBBYING

- 9.1** Councillors may be approached or lobbied by an applicant, agent or objector about a particular licensing application. This can happen prior to an application being made or at any time after the application is made. Whilst lobbying is a normal and perfectly proper part of the political process, it can cause the perception of bias or predetermination especially when a Councillor must enter the meeting with an open mind and make an impartial determination on the relative merits of all the evidence presented at the hearing.
- 9.2** To avoid such perception, if a Member is approached then they should:
 - (a) inform such applicant or agent or interested party/ objector that such approach should be made to officers or to elected Councillors who are not Councillors of the Licensing Committee;

- (b) forthwith notify in writing to the Monitoring Officer the fact that such an approach has been made, identifying the application, the nature of the approach, by whom it was made, and the action taken by the Member concerned; and
 - (c) keep an adequate written record so as to enable the Member to disclose the fact and nature of such an approach at any relevant meeting of the Licensing Committee.
- 9.3** If the Councillor does discuss the case then in no circumstances should a Councillor give an indication of voting intentions or otherwise enter into an unconditional commitment to oppose or support the application. To do so without all relevant information and views would be unfair and detrimental. As stated in 9.2(c) above, the Councillor must keep an adequate written record of the discussion so as to enable the Member to disclose the fact and nature of such an approach at any relevant meeting of the Licensing Committee.
- 9.4** If a Councillor who is not a Councillor of the Licensing Committee is contacted by an applicant, objector or interested party then that Councillor can discuss the issues raised by their constituent with the appropriate licensing officer and may forward any representations or evidence to that officer, who will, provided it is lawful, include the relevant information in the report to the Licensing Committee. If a Councillor wishes to make their own representations about a matter they should likewise make those representations to the appropriate Licensing officer.
- 9.5** When attending a public meeting at which a licensing issue is raised, a Councillor of the Licensing Committee should take great care to maintain an impartial role and not express a conclusive view on any pre-application proposals or submitted application. As stated in 9.2(c) above, the Councillor must keep an adequate written record of the discussion so as to enable the Member to disclose the fact and nature of such an approach at any relevant meeting of the Licensing Committee
- 9.6** Correspondence received by any Councillor (whether on the Licensing Committee or not), should be passed without delay to the Corporate Director so that all relevant views can be made available to those Councillors or officers responsible for determining the application. A reply by a Councillor should, as a rule, simply note the contents of the correspondence and advise that it has been passed to officers.
- 9.7** Councillors should not accept gifts or hospitality from any person involved in or affected by licensing application. If a degree of hospitality is entirely unavoidable, then the Councillor must comply with the provisions in the Code of Conduct for Members on Gifts and Hospitality.
- 9.8** Councillors should not become a member of, lead or represent a national charity or local organisation whose primary purpose is to lobby to promote or oppose licensing applications. If a Councillor does then it is likely

to appear to a fair and informed observer that there is a real possibility of bias and that Councillor will be required to withdraw from the debate and decision on that matter.

- 9.9** Councillors must also not lobby fellow Councillors regarding their concerns or views nor attempt to persuade them that they should decide how to vote in advance of the meeting at which any licensing decision is to be taken.

10. PRE HEARING DISCUSSIONS

- 10.1** Discussions between a potential applicant and representatives of the Council may be of considerable benefit to both parties. Similarly, a meeting between the Council and potential objectors may also be beneficial. However, it would be easy for such discussions to become or be seen (especially by objectors) to become part of a lobbying process. In the circumstances, pre-application discussions should be avoided by Councillors of the Licensing Committee.

- 10.2** Generally, any contact with applicants and/ or objectors should only be conducted with and through officers and should always be reported to the Licensing Committee. Requests to a Councillor for a meeting should be passed to the Corporate Director.

11. SITE VISITS

- 11.1** If a site visit takes place, its purpose is to gain information relating to the premises which are the subject of the licensing application or revocation to be considered by the Licensing Committee. A site visit may also assist Councillors in matters relating to the context of the application or revocation, the characteristics of the premises and the surrounding area. Councillors should avoid expressing opinions during site visits to any person present, including other Members. Councillors can, of course, rely upon their own local knowledge.

- 11.2** During site visits, Councillors of the Licensing Committee shall not engage individually in discussion with applicants or objectors.

- 11.3** On site visits applicants, agents, objectors or other interested parties shall only be permitted to point out to Councillors features to look at either on the premises or in the vicinity, which are relevant to the application. No discussion will take place on the merits of the application or revocation.

- 11.4** A Councillor of a Licensing Committee may request a site visit, prior to the meeting of the Committee, in which case their name shall be recorded. They shall provide and a record be kept of:

- (i) their reason for the request; and

- (ii) whether or not they have been approached concerning the application and if so, by whom

and unless the Councillor provides these at least one week prior to the relevant meeting, a site visit will not proceed.

- 11.5** If any Councillor of the Licensing Committee wishes to informally view an application's site then that viewing must only take place if it can be done from a public place. Councillors of the Licensing Committee shall not enter any premises which are the subject of a licensing application or known by them to be likely to become such in order to meet the agent, applicant, licensee or other interested party, save in the course of a formal accompanied site visit. In exceptional circumstances such as where a Councillor is unable to attend an official site visit that has been arranged, a site visit by an individual Councillor may be carried out provided that the Councillor is accompanied by a licensing officer.

12. RELATIONSHIP BETWEEN COUNCILLORS AND OFFICERS

- 12.1** Councillors of the Licensing Committee shall not attempt in any way to influence the terms of the officers' report upon any application.
- 12.2** Any criticism by Councillors of the Licensing Committee or an officer in relation to the handing of any licence application should be made in writing to the Corporate Director and/ or the Monitoring Officer and not to the Officer handling the application.
- 12.3** If any officer feels or suspects that pressure is being exerted upon him/ her by any Councillor of the Council in relation to any particular application, they shall forthwith notify the matter in writing to the Monitoring Officer.
- 12.4** If any officer of the Council who is involved in dealing with any licensing application has had any involvement with an applicant, agent or interested party, whether or not in connection with the particular application being determined, which could possibly lead an observer with knowledge of all the relevant facts to suppose that there might be any possibility that the involvement could affect the officer's judgement in any way, then that officer shall declare this interest in the public register held by the Monitoring Officer and take no part. This public register is to be available for inspection at the Licensing Committee meeting.
- 12.5** No officer of the Council shall engage in any paid work for any licensing matter for which Tower Hamlets is the Licensing Authority other than on behalf of the Council.

13. CONDUCT AT THE HEARING

- 13.1** The essence of the rules of natural justice is that Councillors not only act fairly but are also seen to act fairly. Councillors must follow agreed procedures at all times and should only ask questions at the appropriate points in the procedure. At no time should a Councillor express a view which could be seen as pre-judging the outcome. During the course of the hearing Councillors should not discuss (or appear to discuss) aspects of the case with the applicant, an objector, their respective advisers or any member of the public nor should they accept letters or documents from anyone other than an officer from Democratic Services or the Legal Advisor to the Committee.
- 13.2** Councillors of the Licensing Committee shall refrain from personal abuse and party-political considerations shall play no part in the Committee's deliberations. Councillors shall be respectful to the Chair and to each other and to officers and Members of the public including applicants, their agents and objectors and shall not bully any person.
- 13.3** When questioning witnesses at a meeting of a Licensing Committee, Councillors shall ensure that their questions relate only to licensing considerations relevant to the particular application.
- 13.4** Councillors must ensure that they hear the evidence and arguments for and against the application, in accordance with the rules of natural justice. Councillors must ensure that both the applicant and the objectors receive a fair hearing. Applicants must have the opportunity in advance of the hearing to prepare their case in answer to the objectors/ interested parties/ responsible authorities.
- 13.5** If a Councillor of the Licensing Committee arrives late for a meeting, they will not be able to participate in any item or application already under discussion. Similarly, if a Councillor has to leave the meeting for any length of time, they will not be able to participate in the deliberation or vote on the item or application under discussion at the time of their absence. If a Councillor needs to leave the room, they should ask the Chair for a short adjournment
- 13.6** It is permissible for the Chair of the meeting to curtail statements of parties or witnesses, if they are merely repeating matters which have already been given in evidence.
- 13.7** In considering objections/ representations Councillors are advised that if such are founded on a demonstrable misunderstanding of the true factual position, or otherwise indicate no more than an uninformed reaction to a proposal then they carry no weight whatever and must be ignored. Further Councillors are advised that the mere number of objections irrespective of their content can never be a good reason for refusing an application. What matters are the grounds on which such are based.

- 13.8** Also in considering the application, it may well be that hearsay evidence is presented. Councillors are advised that the strict rules of evidence do not apply in licensing applications and therefore hearsay is admissible. Indeed, hearsay might by its source, nature and inherent probability carry a greater degree of credibility than first hand evidence. What must be discounted, however, are gossip, speculation and unsubstantiated innuendo. In considering hearsay evidence, it should only be accepted where it can fairly be regarded as reliable although Councillors must give the other side a fair opportunity of commenting on it and contradicting it. Ultimately, hearsay evidence must be treated with great reservation by Councillors, who must make an assessment of its weight and credibility.
- 13.9** When new matters are raised as objections by any person at a hearing, the Licensing Committee is not obliged to hear them. However, if Councillors feel that the new matter raised by the objector should be considered, but the applicant needs further time to consider their response then the applicant should be offered an adjournment of the meeting (either for a short period during the meeting itself or if necessary to a new date). (This paragraph does not apply to 'Alcohol and Entertainment Licensing' under the Licensing Act 2003 or 'Gambling Licensing' under the Gambling Act 2005, as new objections cannot be raised at the hearing).

14. COUNCILLORS WHO ARE NOT ON THE COMMITTEE

- 14.1** A Councillor who is not a member of the Committee may speak at the meeting, with the agreement of the Chair, as an advocate for either the applicant or the objectors. A Councillor wishing to speak should submit a written statement within the relevant consultation period. The applicant has the right to see any objections in advance. They also have a right of reply.
- 14.2** Councillors addressing the Committee should disclose any interests they may have, including the fact that they have been in touch with the applicant, the objectors or their respective agents and whether they are speaking on behalf of any of those people at the meeting.
- 14.3** A Councillor who is not on the Committee but who is at one of its meetings should normally sit apart from the Committee to demonstrate that they are not taking part in the discussion, consideration or vote. They should not communicate with Councillors on the Committee or pass papers or documents to them before or during the meeting. They may not attend briefings or accompany the Committee if it retires to deliberate in private..
- 14.4** Councillors who are opposed in principle to any category of application or form of public entertainment, either in their own ward or borough-wide, should not seek nomination to the Committee.

15. MAKING THE DECISION

- 15.1** The decision whether or not to grant a licensing application is a decision for the Councillors of the Licensing Committee only. The assessment of the weight and credibility of evidence is also for Councillors alone to decide.
- 15.2** Councillors shall retire to decide the matter in closed session. The Legal Officer and Democratic Services Officer present at the meeting will retire with them. During such closed session, the Legal Officer will only provide advice on legal issues relating to the application and will assist in the drafting of any proposed conditions to ensure that they are legally enforceable.
- 15.3** In accordance with regulations, Councillors considering applications relating to 'Alcohol and Entertainment Licensing' under the Licensing Act 2003 or 'Gambling Licensing' under the Gambling Act 2005 should disregard any information provided by any party which is not relevant to;
- a) their application, representations or notice (as applicable); and
 - b) the promotion of the licensing objectives or the crime prevention objective where notice has been given by the Police.
- 15.4** Councillors will normally return to open session to announce its decision and give reasons for the same but in cases where the prescribed time limit allows for a later determination and it is appropriate to determine the matter within that time then the Chair will advise the parties present that the decision will not be announced then but that the determination will take place within the prescribed time limit and that written notification will be dispatched to all parties advising them of the determination.
- 15.5** Written notice of the decision together with Councillors' reasons will always be given and such notice will set out any rights of appeal against the decision.
- 15.6** Councillors own knowledge of the circumstances surrounding an application is valid provided that they are put to the applicant for a response. In reaching their decision Councillors must have regard to the evidence presented at the hearing, both the documents circulated in advance and the oral evidence. The decision must be based on the evidence alone and Councillors have a duty to ensure that they have regard to all the relevant matters before them and only those matters.
- 15.7** Councillors considering an application have a duty to determine it only on the facts before them relating to that individual case and not decide it as a matter of general policy. Councillors must not make unreasonable decisions that no other reasonable licensing authority would arrive at, having regard to the legal principle of "Wednesbury reasonableness".

15.8 In considering applications, Councillors must also have due regard to any Council Policy (e.g. the Council's Statement of Licensing Policy) and any statutory guidance (e.g. Licensing Guidance issued under section 182 of the Licensing Act 2003). Any departure from such should be justified and based on the facts before them.

15.9 Councillors should be aware that an unreasonable decision taking into account the above criteria is unlikely to be sustained on appeal. In this instance, the authority foregoes the opportunity to attach terms and conditions to a licence and will likely have to pay costs. The role of officers is to point this out and advise Councillors as to the potential risk of losing an appeal and being required to pay the other parties costs as a consequence. This needs to be balanced with the Council's fiduciary duty towards the local taxpayer in terms of the Council being a public body spending public money.

16. APPEALS

16.1 The Licensing Committee's decision is not a final one and applicants (and in certain cases interested parties and responsible authorities) have the right to appeal to the Magistrates Court and beyond in certain cases.

16.2 An appeal must be lodged within a prescribed time of receiving written notification of the decision.

16.3 On such appeals the hearing takes on an increasingly formalised nature, based solely on the evidence given. The Council will only be able to sustain its defence if it can substantiate its grant or refusal of a licence by relevant admissible evidence. Councillors who consider basing the grant or refusal of a licence on their personal knowledge should be prepared to testify to the relevant facts in any appeal proceedings.

16.4 Taking this factor into account along with the real risk of costs against the Council, Councillors must be wary of relying on any matters which could not readily be proved in evidence. Essentially, for Committee decisions to "stand up" on appeal and to avoid costs being awarded against the Authority, decisions to grant or refuse licences or impose conditions must be justified.

17. RECORD KEEPING

17.1 In order that licensing procedures are undertaken properly and that any complaints can be fully investigated, record keeping will be complete and accurate. Every licensing application file will contain an accurate account of events throughout its life, particularly the outcomes of meetings, significant telephone conversations and any declarations of interests by Councillors. Records will be kept in accordance with the Council's Information Governance Framework and, specifically, the Council's Records Management Policy.

1. INTRODUCTION

- 1.1 The Planning Code of Conduct has been adopted by Tower Hamlets Council to regulate the performance of its planning functions. Its major objectives are to guide Councillors and officers of the Council in dealing with planning related matters and to inform potential developers and the public generally of the standards adopted by the Council in the exercise of its planning powers.
- 1.2 The Planning Code of Conduct is in addition to the Code of Conduct for Members adopted under the provisions of the Localism Act 2011. Councillors should follow the requirements of the Code of Conduct for Members and apply this Code in light of that Code. The purpose of this Code is to provide more detailed guidance on the standards to be applied specifically in relation to planning matters.
- 1.3 Planning decisions involve balancing many competing interests and making an informed judgement against a local and national policy framework. In doing this, Councillors need to make decisions having regard to the wider public interest on what can sometimes be controversial proposals. The provisions of this Code are designed to ensure that planning decisions are taken with sound judgement and for justifiable reasons, in a fair consistent and open manner and that Councillors making such decisions are perceived as being accountable for those decisions. The Code is also designed to assist Councillors in dealing with and recording approaches from developers and objectors and is intended to ensure that the integrity of the decision-making process is preserved.
- 1.4 This Code applies to Councillors at all times that they are involved in the planning process. This would include, where applicable, when part of decision making meetings of the Council in exercising the functions of the Planning Authority or when involved on less formal occasions, such as meetings with officers or the public and consultative meetings. It applies as equally to planning enforcement matters or site specific policy issues as it does to planning applications.
- 1.5 This Code is part of the Council's ethical framework and in addition to the Code of Conduct for Members should be read in conjunction with the Member/Officer Protocol. If a Councillor does not abide by the Code then that Councillor may put the Council at risk of proceedings on the legality or maladministration of the related decision and the Councillor may be at risk of either being named in a report to the Standards Advisory Committee or Council. A failure to abide by the Code is also likely to be a breach of the Code of Conduct for Members and which could result in a complaint being made to the Monitoring Officer.
- 1.6 **If a Councillor has any doubts about the application of this Code to their own circumstances they should seek advice early, from the Monitoring Officer and preferably well before any meeting takes place.**

2. PREDISPOSITION, PREDETERMINATION OR BIAS

- 2.1 Section 25 of the Localism Act 2011 ('the 2011 Act') provides that a Councillor should not be regarded as having a closed mind simply because they previously did or said something that, directly or indirectly, indicated what view they might take in relation to any particular matter. This reflects the common law position that a Councillor may be predisposed on a matter before it comes to Committee, provided they remain open to listening to all the arguments and changing their mind in light of all the information presented at the meeting. Nevertheless, a Councillor in this position will always be judged against an objective test of whether the reasonable onlooker, with knowledge of the relevant facts, would consider that the Councillor was biased.
- 2.2 As to predetermination, this is a legal concept and is used in situations where a decision maker either has, or appears to have, a closed mind. That is they have made up their mind in advance of proper consideration of an issue and the merits of an application. Section 25 of the 2011 Act does not amount to the abolition of the concept of predetermination however, as no one should decide a case where they are not impartial or seen to be impartial. Critically, Councillors need to avoid any appearance of bias or of having a predetermined view before taking a decision. Indeed, Councillors should not take a decision on a matter when they are actually biased in favour or against the application, or where it might appear to a fair and informed observer that there was a real possibility of bias, or where a Councillor has predetermined the matter by closing their mind to the merits of the decision.
- 2.3 Any planning decision made by a Councillor who can be shown to have approached the decision with a closed mind will expose the Council to the risk of legal challenge.
- 2.4 Clearly expressing an intention to vote in a particular way before a meeting (predetermination) is different from where a Councillor makes it clear they are willing to listen to all the considerations presented at the committee before deciding on how to vote (predisposition).
- 2.5 If a Councillor considers that they do have a bias or cannot be impartial then they **must** withdraw from considering that application.
- 2.6 Councillors should note that, unless they have a disclosable pecuniary interest or a significant personal interest (see section 3 below), they will not appear to be predetermined through-
- listening or receiving viewpoints from residents or other interested parties;

- making comments to residents, interested parties, other Councillors or appropriate officers, provided they do not consist of or amount to prejudging the issue and the Councillor makes clear that they are keeping an open mind;
- seeking information through appropriate channels; or
- being a vehicle for the expression of opinion or speaking at the meeting as a Ward Councillor, provided the Councillor explains their actions at the start of the meeting or item and makes it clear that, having expressed the opinion or ward/local view, they have not committed themselves to vote in accordance with those views and will make up their own mind having heard all the facts and listened to the debate.

2.7 The following advice applies:

- Councillors must not make up their mind, or appear to have made up their mind on how they will vote on any planning matter prior to formal consideration of the matter at the meeting of the Committee and of the Councillor hearing the officer's presentation and evidence and arguments on both sides. This includes deciding or discussing how to vote on any application at any sort of political group meeting, or lobby any other Councillor to do so. If a Councillor has an interest in a local lobby group or charity or pressure group they may appear predetermined by their actions and/ or statements made in the past. The Councillor should take advice from the Legal Adviser to the Committee on how to deal with this.
- It must be noted that if a Councillor is predetermined then taking part in the decision will put the Council at risk of a finding of maladministration and of legal proceedings on the grounds of there being a danger of bias or predetermination or, a failure to take into account all of the factors enabling the proposal to be considered on its merits.
- A Councillor may appear pre-determined where the Council is the landowner, developer or applicant and the Councillor has acted as, or could be perceived as being, a chief advocate for the proposal. This would amount to more than a matter of membership of both the Cabinet and Development Committee, but that through the Councillor's significant personal involvement in preparing or advocating the proposal the Councillor will be, or perceived by the public as being, no longer able to act impartially or to determine the proposal purely on its planning merits. (See Section 6 below for guidance on applications submitted by the Council).
- Councillors should recognise that in being a Councillor of a political group they are allowed to be predisposed in relation to planning policies of the Council or to planning policies of the Councillor's political party, providing that predisposition does not give rise to a public perception that the Councillor has due to his/ her political membership

predetermined a particular matter. (See Section 7 below relating to Lobbying).

- When considering a planning application or any other planning matter Councillors must:
 - act fairly and openly;
 - approach each planning issue with an open mind; carefully weigh up all relevant issues; and
 - determine each item on its own planning merits
- And Councillors must not:
 - take into account irrelevant issues;
 - behave in a manner that may give rise to a public perception that they may have predetermined the item; and
 - behave in such a manner which may give rise to a public perception that they may have been unduly influenced in reaching a decision.

3. INTERESTS

- 3.1 In order to avoid allegations of bias it is important that Councillors are scrupulous in declaring interests at the meeting.
- 3.2 Chapter 7 of the 2011 Act places requirements on councillors regarding the registration and disclosure of their pecuniary interests ('DPI') and the consequences for a councillor taking part in consideration of an issue in the light of those interests. The definitions of DPI taken from the Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012 are set out in paragraph 5.1 of the Members' Code of Conduct. A Councillor must provide the Monitoring Officer with written details of relevant interests within 28 days of their election or appointment to office. Any changes to those interests must similarly be notified within 28 days of the Councillor becoming aware of such changes. A failure to register or declare a DPI or the provision of false or misleading information on registration, or participation in discussion or voting in a meeting on a matter in which a Councillor has a DPI, are criminal offences.
- 3.3 A DPI relating to an item under discussion requires the immediate withdrawal of the Councillor from the Committee. In certain circumstances, a dispensation can be sought from the Monitoring Officer to take part in that particular item of business and which could arise where the Councillor is the applicant or has made a representation for or against the application.
- 3.4 Having regard to the requirement that a Councillor who has an interest in an application must be disqualified from considering it, then consideration must also be given to personal interests. A personal interest in a matter arises if a

Councillor anticipates that a decision on it might reasonably be regarded as affecting (to a greater extent than other council tax payers, ratepayers or residents of the Tower Hamlets) the well-being or financial position of the Councillor, a relative or a friend or

- the employment or business carried out by those persons, or in which they might be investors (above a certain level)
- any of the bodies with which the Councillor is associated, and which the Councillor will have registered in the register of interests.

3.5 If a Councillor has a personal interest in any planning then the Councillor shall, if present, disclose the existence and nature of the interest at the start of the meeting and, in any event, before the matter is discussed or as soon as it becomes apparent. The full nature of the interest must be declared. If, in accordance with the Members' Code of Conduct, the interest is 'sensitive', the Councillor must disclose to the meeting that they have an interest that is sensitive but need not disclose the nature of the interest or any other sensitive information. The declaration and disclosure of a personal interest does not usually debar a Councillor from participation in the discussion provided that the personal interest is not so significant that there is a real possibility of bias or predetermination and which is likely to prejudice the Councillor's judgement of the public interest (see 3.6 below).

3.6 The position is different however where a member of the public, with knowledge of the relevant facts, would reasonably regard the personal interest as so significant that there is a real possibility of bias or predetermination and which is likely to prejudice the Councillor's judgement of the public interest. Examples of this are the Councillor is working closely with a developer or a group of objectors to achieve a certain outcome; lobbying other Councillors on the Committee; acting as an agent for a person pursuing a planning matter with the Council; or generally declaring voting intentions ahead of the meeting etc.

3.7 A Councillor with a personal interest which might appear to a fair and informed observer that there was a real possibility of bias must not participate in the discussion on the application and must leave the room immediately when the discussion on the item begins or as soon as the interest becomes apparent. They cannot seek to influence the decision, save that if a member of the public has the right to attend the meeting, make representations, answer questions etc., then a Councillor will have the same right. Once the Councillor has exercised that right then the Councillor must withdraw from the room for the rest of that item and play no further part in the discussion or vote.

3.8 Being a Councillor for the ward in which particular premises is situated is not necessarily declarable and as a general rule Councillors of the Committee may deliberate on matters affecting their wards provided they do so with an open mind. Councillors should remember, however, that their overriding duty is to the whole community not just to the residents and businesses within their

ward. Councillors have a duty to make decisions impartially, and should not improperly favour, or appear to improperly favour, any person, company, group or locality. If a Councillor considers that it is appropriate to make representations for their ward then the Councillor can declare this and make representations and must not participate in the debate and vote. It may be that by remaining in the Committee room during the debate and vote that a reasonable person could perceive that the Councillor was seeking to influence the decision by their continued presence. In deciding therefore whether to remain, Councillors, especially Executive Members or the Mayor, should consider the perception that their continued presence could cause.

- 3.9 More information on what constitutes an interest as well as the obligation on Councillors to register their interests is contained in the Code of Conduct for Members set out in Part B Section 31 of the Constitution. The ultimate responsibility for fulfilling these requirements rests with individual Councillors but the Council's Monitoring Officer or the Divisional Director Legal are available to give advice if required.
- 3.10 Further, at Appendix C, there are a series of What Ifs and which will assist in Councillors determining whether they have a personal interest which they should declare and whether it could give rise to a reasonable observer in possession of the facts considering that the Councillor would be biased or would be unable to be impartial.

4. TRAINING OF COUNCILLORS

- 4.1 As the technical and propriety issues associated with planning are not straightforward, Councillors who sit on either the Development Committee or the Strategic Development Committee must participate in a programme of training on the planning system and related matters agreed by and organised by officers. The programme will consist of compulsory and discretionary elements. If a Councillor fails to participate in the compulsory elements of the training this may result in that Councillor being asked to stand down as a Councillor of relevant Committee.
- 4.2 Councillors should be aware that training is particularly important for those who are new to the Development Committee and for Councillors who have not attended training in the recent past. Other Councillors are free to attend the training in order to gain an understanding of planning issues.
- 4.3 The compulsory training programme will cover issues relating to probity in planning, principles in planning to reflect government guidance and case law. Discretionary training will seek to extend Councillors' knowledge of planning law, regulations, procedures, Codes of Practice, Development Plans and best practice. The aim of the training is to assist Councillors in carrying out their role properly and effectively.

- 4.4 Where a Councillor has a genuine difficulty in attending any particular training session officers will try, when practicable, to accommodate a request for an individual or repeat session.

5. APPLICATION BY A COUNCILLOR OR OFFICER

- 5.1 Councillors may need to determine an application submitted by or made on behalf of a Councillor or an officer, or by a company or individual with which a Councillor or officer has an interest or relationship. For the avoidance of doubt, the term Councillor or an officer includes any former Councillors or officers. In such cases, it is vital to ensure that such application is handled in a way that gives no grounds for accusations or favouritism. Accordingly the matter will be dealt with as follows-

- (a) The matter will be referred to the Corporate Director, Place, who shall decide whether or not the application should be referred to the relevant Committee, or determined under delegated powers, if the application is in accordance with development plans and all other material planning considerations.
- (b) On receipt of such an application, the Corporate Director, Place will pass a copy of the application to the Monitoring Officer who will satisfy himself/herself that the application can be, and is being, processed and determined without suspicion or impropriety.
- (c) If a Councillor or an officer submit their own proposal to the Council which they serve, they must take no part in its processing or the decision making process.
- (d) The Councillor making the application would almost certainly have a DPI and should not address the Committee as the applicant but should appoint an independent agent to represent their views.
- (e) Councillors of the Committee must consider whether the nature of any relationship with the person (either a Councillor or an officer) applying for planning permission requires that they make a declaration of interest and if necessary also withdraw from the meeting.
- (f) In respect of former Councillors or former officers the above requirements shall apply for a period of three (3) years following their departure from the Council.

- 5.2 The onus is on the Councillor or Officer to bring to the attention of the Corporate Director, Place that they are personally involved in an application as well as the nature of that involvement.

6. APPLICATION BY THE COUNCIL

- 6.1** Councillors may need to determine an application submitted by or on behalf of the Council for the Council's own development. It is perfectly legitimate for such proposals to be submitted to and determined by the Local Planning Authority. Proposals for such development should be treated with the same transparency and impartiality as those of private developers so as not to give rise to suspicions of impropriety. In the interests of transparency, the Committee Report will clearly state that the application is made by or on behalf of the Council.
- 6.2** If a Councillor has been heavily committed or involved in an area of policy/issue relating to such an application (e.g. as a Cabinet Member), then that Councillor must consider whether they have an interest which should be disclosed. In such circumstances, the Councillor should seek advice from the Legal Adviser to the Committee

7. LOBBYING

- 7.1** Lobbying is the process by which applicants and their agents, objectors, non-Committee Councillors and other interested parties seek to persuade Councillors who sit on the Committee to come to a particular decision. It is a legitimate part of the planning process for them to approach Councillors who sit on Committee as these discussions can help Members to understand the issues and concerns. This can happen prior to an application being made or at any time after the application is made.
- 7.2** Whilst lobbying is a normal and perfectly proper part of the political process, it can cause the perception of bias or predetermination especially when a Councillor must enter the meeting with an open mind and make an impartial determination on the relative merits based on all the evidence presented at the meeting. To avoid such perception if a Councillor is approached they should following the principles set out in section 2.6 of this Code and also:
- (a) explain the potentially conflicting position they are in if they express a final opinion on a proposal before consideration at the Committee;
 - (b) explain the procedures by which representations can be made;
 - (c) explain the kinds of planning issues that the Council can take into account;
 - (d) inform the person making the approach that such approach should be made to officers within the Place Directorate or to elected Councillors who are not Councillors of the either the Development Committee or Strategic Development Committee;
 - (e) forthwith notify in writing to the Monitoring Officer the fact that such an approach has been made, identifying the application, the nature of the approach, by whom it was made, and the action taken by the Councillor concerned. This should include any offers made of planning gain or

constraint of development, through a proposed section 106 Planning Obligation or otherwise; and

- (f) keep an adequate written record so as to enable the Councillor to disclose the fact and nature of such an approach at any relevant meeting of the Committee.

7.3 If the Councillor does discuss the case then in no circumstances should a Councillor give an indication of voting intentions or otherwise enter into an unconditional commitment to oppose or support the application. To do so without all relevant information and views would be unfair and detrimental. As stated in 7.2(c) above, the Councillor must keep an adequate written record of the discussion so as to enable the Councillor to disclose the fact and nature of such an approach at any relevant meeting of the Development Committee.

7.4 Councillors should not accept gifts or hospitality from any person involved in or affected by a planning proposal. If a degree of hospitality is entirely unavoidable, then the Councillor must comply with the provisions in the Code of Conduct for Members on Gifts and Hospitality.

7.5 Councillors should not become a member of, lead or represent a national charity or local organisation whose primary purpose is to lobby to promote or oppose planning proposals. If a Councillor does then it is likely to appear to a fair and informed observer that there is a real possibility of bias and that Councillor will be required to withdraw from the debate and decision on that matter.

7.6 Where Councillors contact fellow Councillors regarding their concerns or views they must not seek to attempt to persuade or put pressure on the Councillor that they should vote in a particular way.

7.7 In no circumstances should a Councillor give an indication of voting intentions or otherwise enter into an unconditional commitment to oppose or support the application. To do so without all relevant information and views would be unfair and detrimental.

7.8 Where a Committee member feels that they have been unreasonably or excessively lobbied on a particular proposal they must make a declaration at the Committee on that application that they have been lobbied. Provided that member has followed the principles in this Code then they will still be able to speak and vote on the application.

8. PRE-MEETINGS, PRESENTATIONS AND BRIEFING SESSIONS

- 8.1** Councillors should avoid agreeing to any formal meeting with applicants, developers or groups of objectors. If a Councillor considers that a formal meeting would be useful in clarifying the issues, then the Councillor should not seek to personally arrange such a meeting but should request the Divisional Director Planning and Building Control to organise it and a planning officer will attend any such meeting. This ensures that if such a meeting takes place then it will be properly recorded on the application file and a record of the meeting will be disclosed when the application is considered by the Committee. The Councillor should take no other person to the meeting unless that person is that Councillor's carer.
- 8.2** If a Councillor does arrange a private meeting with an applicant, developer, agent or objector then this must be declared at the Development Committee meeting by the Councillor. The Councillor should also arrange to be accompanied by a planning officer and they should take no other person to the meeting unless that person is that Councillor's carer. As in Section 7.2(c) above, the Councillor should keep an adequate written record of the meeting. This record should then be referred to the Divisional Director Planning and Building Control to organise it so that it will be properly recorded on the application file and a record of the meeting will be disclosed when the application is considered by the Committee.
- 8.3** Where there is to be a presentation by applicants/ developers, Councillors should not attend unless it has been organised by an officer. If a Councillor does attend a presentation not organised by officers then the Councillor must inform the Divisional Director Planning and Building Control that they have done so. The Councillor should keep an adequate written record of the presentation. This record should then be referred to the Divisional Director Planning and Building Control to organise it so that it will be properly recorded on the application file and a record of the meeting will be disclosed when the application is considered by the Committee.
- 8.4** When Councillors attend presentations, they should ask relevant questions to clarify their understanding of the proposal. Councillors should be mindful, however, that the presentation is not part of the formal process of debate and determination of any subsequent application and that this will be carried out by the appropriate Development Committee.
- 8.5** Councillors should bear in mind that a presentation is a form of lobbying and they must not express any strong view or state how they or other Councillors might vote. Further Councillors are reminded that if they do attend a presentation then any hospitality or gifts received over the value of £25.00 must be disclosed and registered in the normal way.

- 8.6** Public meetings are sometimes organised as part of the Council's pre-application process (contained in the Council's Planning tool kit). All Councillors are encouraged to participate in such pre-application discussions.
- 8.7** Further where briefing sessions (generally for major applications) have been arranged (by officers) for Councillors following submission of an application then Councillors should attend these sessions as it will give them an opportunity to better understand the Council's planning policies and its economic objectives.
- 8.8** Councillors should note that the Code of Conduct of Member and this Code apply to any of the above meetings, presentations or briefing sessions and that at any subsequent Committee considering the application that Councillors must disclose attendance at any such meetings and/ or presentations.

9. SITE VISITS

- 9.1** Site visits by Councillors determining schemes are an essential part of determining a planning application. It is good practice for Councillors to visit an application site before a meeting, so that they can familiarise with the site or surrounding area and Councillors should try to attend the pre-Committee site visits organised by officers. A site visit may also assist Councillors in matters relating to the context of the application and the characteristics of surrounding area. Whilst Councillors can make comments and ask appropriate questions during the site visit they should avoid expressing opinions which can cause the perception of bias or predetermination. Further Councillors shall not make a decision whilst on site. Councillors can, of course, rely upon their own local knowledge.
- 9.2** During site visits, Councillors of the Planning Committees shall not engage individually in discussion with applicants or objectors.
- 9.3** On site visits applicants, developers, objectors or other interested parties who attend shall only be permitted to point out to Councillors features to look at either on the site or in the vicinity, which are relevant to the application. No discussion will take place on the merits of the application.
- 9.4** Should it is not possible for a Councillor to attend an organised site visit and a Councillor then carries out a site visit on their own, the guidelines below apply-
- The Councillor must notify the Divisional Director Planning and Building Control of the intention to visit (which will be recorded on the file).
 - The Councillor must carry out the visit discreetly and the Councillor must not make himself/ herself known to the applicants or neighbours.

- The Councillor must treat the site visit as an opportunity to seek information and to observe the site only. The Councillor must not use the site visit as or allow it to become an impromptu lobbying opportunity for the applicant or objectors.
- Councillors should not hear representations from the applicant or any other party and the Councillor shall have regard to the provisions on Lobbying in Section 7 above, and advise them that they may make representations in writing to the Council and direct them to relevant officers.
- Councillors must not express opinions or views on the application to anyone as this may lead to an allegation of apparent bias or pre-determination.
- Councillors should note that the Code of Conduct for Members and this Code apply to any such visit.

9.5 As in Section 7.2(c) above, the Councillor should keep an adequate written record of the site visit, including any new information gained from such visit. This record should then be referred to the Divisional Director Planning and Building Control to organise it so that it will be properly recorded on the application file and a record of the meeting will be disclosed when the application is considered by the Committee.

9.6 Once the application has reached the determination stage, Councillors should not request a site visit unless the Councillor considers that it is really necessary, and the Committee may decide to revisit the site where particular site factors are significant in terms of the weight attached and it would be difficult in the absence of a site visit to assess the application or there are significant policy or precedent implications and specific site factors need to be carefully addressed.

10. THE ROLE OF THE EXECUTIVE

10.1 The Executive consists of 10 people, namely the Mayor and 9 Councillors. Each of the 9 Councillors has a specific Portfolio and one of those Portfolios is Strategic Development. The Mayor is responsible for most decisions about day-to-day Council services but this excludes the regulatory council functions such as planning.

10.2 Councillors on the Planning Committees have specific responsibility for planning. However, planning is important to all Councillors and can help deliver other local objectives. Further, planning takes account of wider, long-term public interests including the environment, economic growth and prosperity, a cohesive and empowered society, good health and wellbeing, enhancement of heritage, conservation, local culture and community identity.

- 10.3 The Executive therefore has an interest in Strategic Planning: hence the Member of the Executive with the Strategic Development portfolio. As such, the Mayor, the lead Member and other Members of the Executive may be approached regarding or become involved in planning applications. This is perfectly acceptable but where the Mayor, the lead Member or other Members of the Executive are approached or become involved then this Code of Conduct also applies to them, particularly paragraphs 6, 7, 8 and 10. Further, they should not attend the pre-Committee site visits organised by officers unless they sit on the Planning Committee.
- 10.4 Additionally, Councillors of the Executive should not meet to discuss how to vote on any application at any sort of political group meeting, or lobby any other Councillor to do so.

11. RELATIONSHIP BETWEEN COUNCILLORS AND OFFICERS

- 11.1 Councillors shall not attempt in any way to influence the terms of the officers' reports upon any application including a particular recommendation. Officers are advising Councillors. They must give impartial policy advice on planning considerations and the recommendations as set out in the report without seeking to persuade Councillors. (This does not prevent a Councillor from asking questions or submitting views to the Divisional Director Planning and Building Control, which may be incorporated into any Committee report).
- 11.2 Any criticism by Councillors of an officer in relation to the handling of any application should be made in writing to the Corporate Director, Place and/ or the Monitoring Officer rather than to the Officer handling the application.
- 11.3 If any officer feels or suspects that pressure is being exerted upon him/her by any Councillor in relation to any particular application, they shall forthwith notify the matter in writing to the Monitoring Officer.
- 11.4 If any officer of the Council who is involved in dealing with any application has had any involvement with an applicant, developer or objector, whether or not in connection with the particular application being determined, which could possibly lead an observer with knowledge of all the relevant facts to suppose that there might be any possibility that the involvement could affect the officer's judgement in any way, then that officer shall declare this interest in the public register held by the Monitoring Officer and take no part. This public register is to be available for inspection at the Development Committee meeting.
- 11.5 No officer of the Council shall engage in any paid work for any planning matter for which Tower Hamlets is the Planning Authority other than on behalf of the Council.

12. CONDUCT AT THE COMMITTEE

- 12.1** Councillors must not only act fairly but must also be seen to act fairly. Councillors must follow agreed procedures (at all times and should only ask questions at the appropriate points in the procedure. At no time should a Councillor express a view which could be seen as pre-judging the outcome. During the course of the meeting Councillors should not discuss (or appear to discuss) aspects of the case with the applicant, a developer, an objector, their respective advisers or any member of the public nor should they accept letters or documents from anyone other than an officer from Democratic Services or the Legal Advisor to the Committee.
- 12.2** Councillors of the Committee shall refrain from personal abuse and party-political considerations shall play no part in the Committee's deliberations. Councillors shall be respectful to the Chair and to each other and to officers and members of the public including applicants, developers, objectors and their representatives and shall not bully any person.
- 12.3** When asking questions at a meeting, Councillors shall ensure that their questions relate only to planning considerations relevant to the particular application.
- 12.4** The Committee must ensure that they hear the evidence and arguments for and against the application and approach each planning issue with an open mind.
- 12.5** If a Councillor arrives late for a meeting, they will not be able to participate in any item or application already under discussion. Similarly, if a Councillor has to leave the meeting for any length of time, they will not be able to participate in the deliberation or vote on the item or application under discussion at the time of their absence. If a Councillor needs to leave the room, they should ask the Chair for a short adjournment
- 12.6** It is permissible for the Chair of the meeting to curtail statements of parties if they are merely repeating matters which have already been said.
- 12.7** In considering the application, Councillors are advised that if objections are founded on a demonstrable misunderstanding of the true factual position, or otherwise indicate no more than an uninformed reaction to a proposal then such carry no weight whatever and must be ignored. Further Councillors are advised that the mere number of objections irrespective of their content can never be a good reason for refusing an application. What matters are the grounds on which such are based.

13. DECISION MAKING

- 13.1** When a report goes before the Committee rather than being determined through officer delegation, the reasons why will be set out in the report to the Committee.

- 13.2** Councillors must come to meetings with an open mind and in accordance with section 38(6) of the Planning and Compulsory Purchase Act 2007 and section 70(2) of the Town and Country Planning Act 1990, Councillors must make decisions in accordance with the Development plan unless material considerations indicate otherwise.
- 13.3** Councillors should only come to their decision after due consideration of all of the relevant information reasonably required upon which to base a decision. If it is considered that there is insufficient time to digest new information or that there is simply insufficient information before Councillors then Councillors can request that further information be provided and, if necessary, defer or refuse the application.
- 13.4** Councillors must not take part in the meeting's discussion on a proposal unless they have been present to hear the entire debate, including the officers' introduction to the matter. If an application has previously been deferred then the same Councillors will be asked to reconsider the application when it is returned to Committee.
- 13.5** Where Councillors take a decision to defer any proposal then the reasons for Committee's decision must be given and recorded.
- 13.6** When a Councillor is proposing, seconding or supporting a decision contrary to officer recommendations or the Development Plan then they must clearly identify and understand the planning reasons leading to this conclusion/ decision. These reasons must be given prior to the vote and be recorded. The Councillor must be aware that they may have to justify the resulting decision by giving evidence in Court or at Enquiry in the event of any challenge. Further advice on this is set out in the Development Procedure Rules at Appendix B.
- 13.7** Prior to deciding the matter before the Committee, Councillors must consider the advice that planning, legal or other officers give to the Committee with respect to the recommendation or any proposed amendment to it.
- 13.8** **At the end of the day, Councillors must bear in mind that they are involved in planning matters to represent the interests of the whole community and must maintain an open mind when considering planning applications. When Councillors take decisions on planning applications they must do so in accordance with the development plan unless material considerations indicate otherwise. Councillors must only take into account material planning considerations, which can include public views where they relate to relevant planning matters. Local opposition or support for a proposal is not in itself a ground for refusing or granting planning permission, unless it is founded upon valid material planning reasons.**

14. RECORD KEEPING

14.1 In order that planning applications are processed properly and that any complaints can be fully investigated, record keeping will be complete and accurate. Every planning application file will contain an accurate account of events throughout its life, particularly the outcomes of meetings, significant telephone conversations and any declarations of interests by Councillors. Records will be kept in accordance with the Council's Information Governance Framework and, specifically, the Council's Records Management Policy.

15. DOS AND DO NOT'S

15.1 Councillors must:

- (a) Attend compulsory training sessions;
- (b) Be open minded and impartial;
- (c) Declare any actual interest;
- (d) Act solely in the public interest;
- (e) Listen to the arguments for and against;
- (f) Carefully weigh up all relevant issues;
- (g) Ask questions that relate only to planning considerations relevant to the particular application;
- (h) Make decisions on merit and on material planning considerations only;
- (i) Respect the impartiality and integrity of the Council's officers;
- (j) Report any lobbying from applicants, agents, objectors or any other Councillor;
- (k) Promote and support the highest standards of conduct; and
- (l) Promote equality and not discriminate unlawfully against any person, and treat all people with respect.

15.2 Councillors must not:

- (a) Be biased or give the impression of being biased;

- (c) Act to gain financial or other benefit for themselves, their family, friends or close associates;
- (d) Place themselves under a financial or other obligation to any individual or organisation that might seek to influence the performance of their duties as a Councillor (e.g. by accepting gifts or hospitality from any person involved in or affected by a planning proposal);

- (e) Place themselves in a position where their integrity might reasonably be questioned;
- (f) Participate in a meeting where they have a DPI;
- (g) Participate in a meeting where they have an interest which does or could be reasonably considered as giving rise to bias; and
- (h) Express opinions during site visits to any person present, including other Councillors.

16 WHAT IF?

16.1 Examples

1. What if you have a good friend who lives next door to the premises in respect of which there is an application and the friend has objected?
Would be considered predetermined – do not participate
2. Now what if your spouse/ significant other is a good friend of that person?
Would be considered predetermined – do not participate
3. Now what if you know the person casually but they are not a good friend?
Could be considered predisposed – could still determine with open mind – declare interest but can still participate
4. Now what if person works in the same organisation as you and you may say hi occasionally but there is no other interaction?
Could not be considered predisposed – can determine with open mind – nothing to declare
5. What if you are a member of the Board of THH and the application is by or on behalf of THH?
Firstly, not a DPI as membership of the Board does not amount to an office carried on for profit or gain – Could be considered predisposed or predetermined due to membership of Board however – This is dependent on nature of the application and is a matter of whether the application can be determined with an open mind – If the application has not been discussed at the Board or is not relevant to Board projects then likely to be considered predisposed and therefore declare the interest but you can still participate in the meeting – If however application was discussed at the Board or is relevant to projects discussed at the Board then likely to be considered predetermined and therefore declare an interest and do not participate

Section 1 – Introduction

The purpose of these Financial Regulations (Regulations) is to provide the governance framework for managing the Council's financial affairs.

To conduct its activities efficiently, a local authority needs to ensure it has sound financial management policies in place and which are strictly adhered to. Part of this process is to establish Financial Regulations that set out the financial policies of the authority. The Financial Regulations are underpinned by detailed financial procedures.

Financial Regulations provide clarity about the financial responsibilities of individuals within the organisation. All individuals engaged on Council activities are responsible for ensuring that their actions comply with the objectives specified in the financial and procurement procedures.

In compiling these regulations and procedures the objective has been:

- To provide advice on how to undertake the financial aspects of your duties;
- To disseminate best practice throughout the Council;
- To ensure consistency; and
- To ensure legal requirements are adhered to.

To do this, the regulations set out the Council's requirements in respect of:

- financial management roles and responsibilities
- financial planning and budgeting
- financial monitoring and control
- internal control and audit
- financial systems and procedures
- external arrangements

The procedures have been developed by the council's Finance Department and have been the subject of extensive consultation. However, it is impossible for the procedures to cover every eventuality and an element of interpretation may be necessary. If further advice is required, please contact your Directorate Finance Business Partner. The business partnering model and the term Finance Business partner (FBP) describes a broad range of skills exhibited by individuals at different levels depending on customer requirements; in Tower Hamlets these people may be described variously as Strategic Heads of Finance, Finance Managers, Senior Accountants etc.

The Corporate Director, Resources is responsible for the administration of the Council's financial affairs. As part of her/his duties, s/he will, when s/he considers it

appropriate, issue Financial Regulations/ Procedures which are the rules governing the management of the Council's financial resources. S/he will ensure that the Regulations/ Procedures and any updated or amended versions are made available to all chief officers, the Mayor and Members of the Council. These Regulations/ Procedures and any updated or amended versions will then be placed in Appendix A of these Rules.

It is the responsibility of all Chief Officers to comply personally with Financial Regulations/ Procedures and to ensure that all officers within their Directorate with financial responsibilities also comply with them. Failure to comply with Financial Regulations/ Procedures is likely to constitute a disciplinary offence and be investigated under the appropriate disciplinary procedure.

Compliance CIPFA Guidance for Local Government

Local government finance in the UK is governed by primary legislation, regulation and professional standards set by CIPFA. As a matter of principal, the Council will conduct its financial affairs in accordance with accepted standard practice embodied by CIPFA's Code of Practice framework. This includes:

- CIPFA Treasury Management in the Public Services Code of Practice
- CIPFA Code of Practice on Local Authority Accounting
- CIPFA/SOLACE guidance 'Delivering Good Governance in Local Government'
- CIPFA's Audit Committees – Practical Guidance for Local Authorities
- CIPFA's Code of Practice for Internal Audit in Local Government

To date, the general financial management of a local authority, has not been supported by a professional code. CIPFA is now proposing that a Financial Management Code (CIPFA FM Code) should be designed and developed to support good practice in financial management and to assist local authorities in demonstrating their financial sustainability. The CIPFA FM Code would therefore for the first time set standards of financial management for local authorities in the UK. The Council is committed to developing financial management arrangements that align to the proposed CIPFA FM Code.

-----------	---

4. Senior Managers will ensure the proper administration of the Revenue Budgets and the Capital Programme allocated to them. They will also ensure compliance with guidance and instructions issued by the Corporate Director, Resources.

Revenue Budget

The current elements which comprise the budget setting process are as set out below:

1. The Government publishes its spending plans, indicating the aggregate resources to be allocated to Local Authorities in the medium term.
2. This is followed by final announcement and more information each year of the resources to be allocated by Central Government to Local Authorities.
3. The Council has to calculate its tax base, which is formally approved by the Executive in January.
4. The Greater London Authority will notify the Council of the amount it requires to be collected from the residents and this is incorporated into the Council Tax calculation.
5. The Executive must propose its budget to Council in accordance with the Budget and Policy Framework Procedure Rule.
6. The Council has to agree the level of Council Tax before 11th March each year and at the same time Full Council will also formally agree a legal balanced budget.

Capital Programme

The Council produces a three-year capital programme to ensure resources are maximised, and potential resource gaps identified. This avoids abortive costs being incurred.

Objectives

1. A Capital Programme is to be prepared annually projecting capital expenditure and associated resources for the next 3 years.
2. All capital receipts are to accrue to the Corporate budget in the first instance and are to be allocated on the basis of criteria corresponding to the capital strategy document.
3. Central Government resources, which are not specific to a project or programme area, also accrue to the Corporate pot and are allocated based on criteria corresponding to the capital strategy document.
4. All Directorates are entitled to bid for resources within the Corporate budget.
5. All capital programme expenditure must satisfy the statutory definitions of capital.
6. The contents and format of the Capital Programme is to be specified by

	<p>the Corporate Director, Resources.</p> <p>The detailed responsibilities of the Corporate Director, Resources and the Senior Managers can be found in the separate Financial Procedures Manual.</p>
C2	<p>Maintenance of Reserves</p> <p>The Authority must decide the level of General Reserves it wishes to maintain as part of its financial planning before it can set the annual Council Tax. Reserves are maintained as a matter of prudence. They enable the authority to provide for unexpected events and thereby protect it from overspending, should such events occur.</p> <p>Reserves for specific purposes may also be maintained, such as the purchase or renewal of capital items. Accounting policies require these to be differentiated from Provisions, the latter being maintained to meet future expenditure arising from a past event the timing of which is uncertain and cannot therefore be contained in the annual budget.</p> <p>Objectives</p> <ol style="list-style-type: none"> 1. To maintain Reserves in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom: A Statement of Recommended Practice, LAAP Bulletin 55 and other agreed accounting policies. 2. For each Reserve established, the purpose, usage, procedures for the management and control of reserves, and basis of transactions should be clearly identified. 3. Authorisation of expenditure from Reserves is agreed by the Corporate Director, Resources. <p>It is the responsibility of the Corporate Director, Resources to advise the Executive on prudent levels of reserves for the Council. Further details on the detailed responsibilities of the Corporate Director, Resources and the Senior Managers can be found in the separate Financial Procedures Manual.</p>

APPENDIX 1: TOLLGATE PROCESS

PART 1 – INTRODUCTION

1. Introduction

- 1.1 The purpose of these Procedures is to lay down a set of rules which provide a framework for representatives procuring supplies, works and services on behalf of the Council. For ease of use, the specific rules are set out in shaded boxes throughout the Procedures. The Procedures are supplemented by an RFQ (Request for Quotation) toolkit for expenditure with a total value up to £100,000 and a more detailed contracting Tender Toolkit for expenditure above £100,000. These toolkits provide guidance on techniques to achieve best value for money, and a series of templates to be used throughout the procurement process.
- 1.2 Where a corporate contract is in place it **must** be used unless otherwise agreed by Corporate Procurement.
- 1.3 All Council representatives are warned that it is a **disciplinary offence** to fail to comply with these Procurement Procedures when letting contracts. All Council representatives have a duty to report breaches of the Procedures to the relevant Corporate Director and the Head of Corporate Procurement. The Procedures apply to all expenditure by the Council on supplies, services and works, provided by external organisations.
- 1.4 The Procedures include mandatory requirements, which are normally identified by the word “**must**” in bold letters. These requirements **must** always be followed. The words “**should**” and “**should not**” relate to good practice advice. Whilst not mandatory, you must have a good reason for not following the good practice advice and this must be recorded on your tender or quotation file. If in doubt, you must contact Corporate Procurement and/or Legal Services for advice, and where appropriate, Internal Audit.
- 1.5 The generic term **Bid** covers both tenders and quotations. A bid process below a total value of £100,000 will be classed as a quotation. A bid process at or above a total value of £100,001 will be classed as a tender.
- 1.6 All representatives who commission contracts for supplies, works or services are required to follow these Procedures. This requirement also covers all persons who commission contracts on behalf of the Council, such as external consultants. The person who commissioned the consultant **must** ensure that consultants are given copies of the Procedures and that they comply with them.
- 1.7 The Head of Corporate Procurement will be responsible for updating the Procurement Procedures, and shall make the latest version available to every

Corporate Director and Member of the Council as well as posting a copy in the Corporate Procurement area on the Council intranet.

- 1.8 All representatives of the Council must comply with all aspects of legislative requirements relating to purchases made by a public authority.

PART 2 - APPLICABLE TO ALL CONTRACTS

2. Hierarchy of Rules

- 2.1. These Procedures attempt to summarise in a single place all of the Council's Procurement Procedures. The Procedures are derived from provisions contained in the Council's Constitution and Financial Regulations. Every effort has been made to ensure a consistency between the documents, but in the event of any conflict, the Constitution takes precedence, followed by Financial Regulations, followed by these Procedures. These Procedures and Financial Regulations can be amended by the Corporate Director, Resources, whilst changes to the Constitution must be approved by the full Council.
- 2.2. The Procedures refer to European and UK legislation as well as Council policy. Where there is a conflict between European law, English law and Council policy, the requirements of European law take precedence over English law, and the requirements of English law take precedence over Council policy. The Procedures **must not** be waived if failing to comply with these procedures would contravene either UK or European legislation.

3. Procurement Objectives and Imperatives

- 3.1 The purpose of procurement activity is to achieve best value for local people in accordance with the Council's statutory or approved objectives and the Corporate Procurement Strategy. This should include an innovative approach to relationships with the private and not-for-profit sectors within a robust contractual framework. Officers with responsibility for procurement must ensure that they are able to demonstrate achievement of best value by having regard to a combination of economy, efficiency and effectiveness.

4. Procurement Strategy

- 4.1. The Procurement Strategy sets out key policy priorities and an operating framework that **must** be taken into account when procuring supplies, services and works on behalf of the Council. These priorities are:
 - Integration - full integration of commissioning, procurement and contract management activity and commercial principles into our core business

- Governance - governance, transparency, accountability and probity with proportionality in our operational processes
- Approach – a unified approach to managing the activities in the commercial cycle and in our engagement with markets and suppliers
- Partnership - working with our partners
- Technology - effective use of digital technology
- People - making the most of our people, increasing capacity and skills and building an in-house strategic commissioning and procurement capability.

4.2. Every contract or official order for works, supplies or services made by the Council **must** be for the purpose of achieving the Council's statutory or approved objectives and must conform to all relevant domestic and European Union legislation.

5. Responsibilities of Corporate Directors

- 5.1. Corporate Directors have responsibility for all contracts tendered, let and managed by their departments. They are accountable to the Chief Executive and the Executive Mayor for the performance of their duties in relation to contract letting and management. These duties include:
- a. Ensuring compliance with English and EU legislation and Council Policy;
 - b. Ensuring value for money in all procurement activities;
 - c. Ensuring compliance with these Procurement Procedures;
 - d. Ensuring that all relevant staff are familiar with the provisions of these Procedures and that they receive adequate training;
 - e. Ensuring compliance with any guidelines issued in respect of these Procurement Procedures;
 - f. Taking immediate action in the event of a breach of Procurement Procedures within their department;
 - g. Ensuring that IR35 regulations requirements are complied with when engaging suppliers;
 - h. Keeping records of waivers of any provisions within these Procurement Procedures;
 - i. Ensuring appropriate contract management takes place of all contracts;
 - j. Ensuring that all contracts to be tendered are entered onto the Forward Plan of contracts (administered by Corporate Procurement) at the earliest opportunity, and no later than the point at which the procurement exercise commences;
 - k. Ensuring high value and/or high risk contracts are recorded in the corporate risk register;
 - l. Ensuring that their staff act ethically in all their procurement activities;

m. Ensuring that a quarterly report of variations exceeding 10% of the contract value, where the total contract value exceeds the EU threshold, is presented to their own Directorate Management Team.

5.2. Corporate Directors **must** comply with these rules and have a responsibility to ensure that their staff and any consultants or agency staff also comply with them. Corporate Directors **must** put mechanisms in place to ensure that staff who carry out any procurement exercise receive appropriate induction, information and training. Corporate Procurement will provide support for this.

Rule 1

- Where a Corporate Contract is already in place it must be used unless agreed otherwise by the Head of Corporate Procurement.
- Corporate Directors have responsibility for all contracts let by their Departments. Authority to make decisions under the Procurement Procedures may be delegated. Those who have delegated authority to make decisions in the name of the Corporate Director will be set out in the Scheme of Delegation in the Constitution for the relevant department (or a specific delegation in writing).

6. Financial Thresholds and Procedure for Contract Letting

6.1 The following financial thresholds shall apply to all contract award processes.

To clarify the table below, the following points should be noted:

- a) Total Value refers to the full remuneration to be paid to the supplier or contractor over the life of the contract, including any extensions; (N.B. a 3 year contract with an extension of 1 year at £20,000 per annum has a total value £80,000. A contract to purchase supplies, works or services may also include the purchase of additional supplies and services such as, but not limited to, maintenance, consumables, upgrades, training and documentation. The total value includes these elements even if they come from separate budgets, and separate orders are placed.) The life of the contract includes any actual or potential extension to the contract period that is included in the contract
- b) Where there are a number of linked contracts – e.g. those using the same suppliers, or for similar supplies, services or works – the option for joining them up should be explored;

6.2 Table of Threshold Values

Table 1 below summarises the different procurement thresholds, the procedures to be followed and the officers who are authorised to undertake an RFQ or procurement at each level. The authority to award contracts, following a RFQ or procurement process, is set out at paragraph 10.2 of Part 3 of the Constitution.

7. Specifications

- 7.1. An appropriate specification must be prepared which sets out a clear and comprehensive description of the Council's requirements with regard to the works, goods or services to be supplied.
- 7.2. All works, goods and services must be specified by reference to European standards, or national standards if no European standards are set. Named products or manufacturers should not be specified.
- 7.3. The specification should incorporate measurable and, so far as is possible, objective quality and performance criteria to enable the service director to see whether the Council's requirements are being met by the supplier. All necessary professional and technical advice and assistance must be obtained in preparing the specification, to ensure a comprehensive document that expresses the Council's requirements and protects its interests.
- 7.4. Officers must take careful consideration of the requirements; in doing so they may undertake research, discussions or briefings with several suppliers before the quotation or tender is issued. Any engagement with supplier must be undertaken in a manner that does not restrict competition or prejudice a fair and transparent procurement process.
- 7.5. In the interests of fairness, non-discrimination and equality of treatment, under no circumstances should an incumbent supplier or contractor be involved in the preparation of a specification for the future procurement of the same or similar contract which they are delivering, or which they would reasonably have an interest in bidding for.

8. E-Procurement

- 8.1. The Council uses secure e-procurement systems and, unless exceptional circumstances apply and a Waiver is granted, all quotations and tenders must be managed electronically through this system.
- 8.2. The Head of Corporate Procurement must make arrangements for the receipt, custody, opening and witnessing of all tenders over £100,000, and must ensure that these arrangements are fully auditable.
- 8.3. The administration and development of the e-procurement system is the responsibility of Corporate Procurement including any enhancements to reflect legislative and policy changes within public procurement.

Rule 2

- All quotation and tenders must be managed electronically through the e-procurement system(s) whose administration and development is the responsibility of Procurement.
- Once a contract has been awarded a purchase order must be raised in R2P unless supplies, services or works fall within the approved exceptions list.

9. Late Bids

- 9.1. Late quotations through the RFQ system are not be accepted by the system.
- 9.2. Electronic tenders are automatically marked as “Late” by the e-tender system. In any event they must not be considered if they arrive after all the other bids have been opened, unless exceptional circumstances apply and the Head of Corporate Procurement (following consultation with the Divisional Director of Legal Services) agrees to accept the late tender. Any unacceptable late bid must not be opened unless it is purely to determine the sender’s details so that the bidder can be advised of the reason for rejection by the Corporate Director or the Head of Corporate Procurement.

10. Conflict of Interest

- 10.1. All members of staff must avoid any conflict between their own interests and the interests of the Council. This is a requirement of the Council's Employee Code of Conduct, which all employees of the Council are bound by.
- 10.2. All consultants engaged to act on behalf of the Council must sign a Consultant’s Undertaking and declare that:
- a. There is no conflict between their own interests or those of any of their other clients and the interests of the Council; and
 - b. There is no conflict between their own interests or any links with (e.g. a family member or close friend works for) an organisation or supplier who is tendering or quoting for a contract with the Council or already has a contract with the Council.
 - c. They will notify the appropriate director and Corporate Procurement if any conflict of interest arises within the bidding process.

Rule 3

- Conflict of interest in a procurement exercise and subsequent contractual arrangement must be promptly disclosed through the HR Self Service system or, in the case of external consultants, through the completion of a Declaration of Interest document from corporate procurement.

11. Supplier registration and approval

11.1. New supplier registration and approval is managed through the council's procurement system. Supplier approval process is carried out in two stages:

- a) Stage one - registration: suppliers wanting to trade with council are required to complete the basic online supplier registration.
- b) Stage two – approval: To receive Purchase Orders and payments, a supplier will need to be fully adopted, that is, registered in the Finance system (Agresso) and made visible in the requisition to pay system (R2P). Procurement will issue the supplier adoption form through the electronic procurement portal and verify key registration information provided before the supplier can be approved.

11.2. Officers engaging with any organisation where the contract of engagement may fall within the scope of IR35 regulations, that is, individual(s) that will be providing the services under the contract could be considered 'disguised employees' must undertake the HMRC employee's status assessment (IR35 assessment) before engaging in or awarding a contract. Guidance and process map on how to undertake the assessment will be on the Council's intranet. Failure to undertake the assessment and follow the agreed process may lead to disciplinary procedure.

12. Official Purchase Orders

12.1. Once a contract has been awarded an official purchase order must be placed through the Purchase to Pay (R2P) system quoting the contract reference.

12.2. Contracts should only commence once an official purchase order has been issued. Purchase orders can only be issued to suppliers that have gone through the supplier adoption process.

12.3. There are exceptional exclusions to this process and information on these will be available within the Corporate Procurement area of the Council's intranet. The exclusions list is a live document and it will be reviewed by Financial Compliance and Procurement when required. Cases which do not fall within the exclusions listed will be rejected.

13. ICT related supplies, services and works

13.1 In the case of procurement of ICT related supplies and services, the Corporate ICT partner may need to be engaged and officers must consult with the ICT Client Team and/or their ICT Business Partner.

14. Consortia and collaborative Framework Agreements

14.1. Recognised consortium or collaborative procurement arrangements which have been properly tendered may be used, provided that the relevant Corporate Director:

- is satisfied that such an approach represents best value;
- is satisfied – having due regard to advice from Corporate Procurement and Legal Services as appropriate – that use of the arrangements are consistent with all UK and European legislation;
- is satisfied that the terms and conditions of the arrangement do not place undue restrictions or liabilities upon the Council;
- is satisfied that the parties to the arrangement are recognised public bodies or providers from the private sector operating appropriate procurement arrangements on behalf of the public sector;
- ensures that a full, open and proper competition in respect of the creation of the contract has taken place or will take place in accordance with the Relevant UK and European legislation and these Procurement Procedures.

14.2. A list of approved Frameworks Agreements will be managed by Corporate Procurement and published on the Council's intranet.

14.3. Where the relevant Corporate Director so decides, the Central Government Catalogues operated by the Crown Commercial Services at <http://ccs.cabinetoffice.gov.uk/> or any other appropriate framework may be used on the condition that the process set out in these Procedures are followed.

14.4. The award of call off contracts must comply with the procedure set out within the Framework Agreement. This can be either by Direct Award or Mini-competition. Where there is a choice of options, preference should be given to carrying out a mini-competition in order to demonstrate value for money.

Where price is not set out in the framework agreement, a mini-competition must always be undertaken.

- 14.5. Legal Services and Corporate Procurement must be involved before joining or buying from a framework agreement not let by the Council where the value of the contract will exceed the £100,000 procurement threshold. The process in Part 4 of these Procedures will be applicable to the procurement exercise.

- E1, E2, E3 and E14

Certain postcodes in E15, E16 and EC are also part of the geographical limits of Tower Hamlets.

18. Supply Chain Ethical Code of Conduct

- 18.1. The Council has adopted a Supply Chain Ethical Code of Conduct which must be included in all quotation and tender documentation, and with which all suppliers must comply. - Common courtesy at all times.
- Incorporating sustainable procurement aspects into procurement processes including human and employee rights and the environment.

18.2. Whilst it will not be possible to check that every single supplier to the Council complies with the Code, officers should draw suppliers' attention to the Code. Subscription to the code will be mandatory for those suppliers participating in a quotation or tender process.

Rule 5

- The Council is committed to maintaining the highest standards of ethical conduct. The Supply Chain Ethical Code of Conduct is essential to the operation and reputation of the Council. Suppliers are required to sign acceptance of the code when dealing with the Council.
- Quotations and tenders must be undertaken using approved procurement templates which will be updated by Procurement.

18.3. Corporate Directors must report to Corporate Procurement any issues or breaches arising under the Supply Chain Ethical Code of Conduct. Corporate Procurement may refer the report to Strategic Competition Board, if considered necessary.

19. The Bribery Act

19.1 This Act deals only with bribery – no other forms of white collar crime. The Council may be liable for failing to prevent a person from bribing on its behalf. The Council's policy regarding the Bribery Act is set out on its website at www.towerhamlets.gov.uk and must be adhered to in the contracting process.

20. Sustainable Procurement

20.1. The Council is committed to sustainable economic business development which minimises any adverse impact on the environment and supports social cohesion.

- a) Environmental sustainability - purchasing supplies, works and services in a way that minimises, where practically possible, the carbon footprint and encourage a positive impact on the local environment and utilises whole-life analysis.
 - b) Economic sustainability – recognises the importance of Small and Medium Enterprises (SME) to the local community and ensures every opportunity is made not to discriminate against SME's during the tender process.
 - c) Social Sustainability – ensures that community well-being is considered and that supply chain partners operate under ethical working practices.

21. Freedom of Information Act

- 21.1 The council has an obligation to publish specific information in the public domain. However, the Freedom of Information Act enables certain confidential information and commercially sensitive material to be withheld. Officers must therefore ensure that bid information is kept confidential at all stages, especially during the bid evaluation process and after the contract is awarded. Suppliers must also be given the opportunity to highlight in their bid any information that they would not wish disclosed under freedom of information request.

22. Contract Register

- 22.1 Contracts let through a quotation process, that is, with a value at or below £100,000, will be published on the Councils website. Contracts let through a tender process, that is with a value in excess of £100,000 will be published through the London Contract Register website:
<http://www.londoncontractsregister.co.uk/>
- 22.2 Corporate Directors must ensure that all contracts over £100,000 are registered with Corporate Procurement and tendered through Corporate Procurement.

23. Contract Management

- 23.1. All contracts must be monitored to ensure they achieve the objectives and outcomes set out in the specifications. The Contract Management Framework sets out the principles and general guidance for the management of contracts.

The Service, under its Director's supervision, will be responsible for the day-to-day operational delivery of contract management.

- 23.2. Corporate Procurement shall agree with Strategic Competition Board critical contracts (based upon value, business and reputation risk) that will be subject to performance monitoring and scrutiny by the Strategic Competition Board.
- 23.3. Corporate Procurement and Legal Services will provide second line support where performance failure is demonstrated.

Rule 6

24.2. Extensions

- (i) Extension(s) for a particular period provided for within the terms of the original contract (but subject to satisfactory outcomes of contract monitoring);
- (ii) Extension(s) beyond the original contract are considered a new contract and therefore subject to Procurement Procedures and, where applicable, EU Regulations.

Any extensions that fall outside the original terms of the contract must be justified on the grounds provided by the waiver of the procurement procedures outlined in section 50.1.

A copy of the extension documentation must be provided to Corporate Procurement in order to update the Contract file and Contract Register accordingly.

24.3. Variations

The following variations/modifications to a contract are permitted with Corporate Director approval (following advice from Corporate Procurement and Legal Services):

- (i) Variations provided for in the original contract in 'clear, precise and unequivocal' terms; or
- (ii) Variations outside the original contract terms that fall within any of the following **four situations**:
 - a. where the change in value is relatively small - under 10% (services & supplies) or under 15% (works) and where the revised total contract value is under the applicable EU financial threshold (this is cumulative where there is a series of changes); or
 - b. where there are unforeseen circumstances, provided that change does not alter the overall nature of contract and the price increase is not greater than 50%; or
 - c. Where additional works, services or supplies necessary and a change in contractor cannot be made for economic or technical reasons e.g.: interoperability with existing kit; or
 - d. Where to change suppliers would cause significant inconvenience or duplication of costs. In any case, the price increase must not exceed 50% of the value of the original contract.

- (iii) There has been a replacement of the supplier following a corporate restructuring, insolvency or merger, and the new supplier still meets the original selection criteria.

24.4. In any case, a substantial modification not originally provided for in the contract will trigger a new procurement process. This will arise where the modification materially changes the nature of the contract.

24.5. Any Variations that fall outside the original terms of the contract and do not fall under the exceptions listed in section 49.1 must be justified on the grounds provided by the Waiver of the Procurement Procedures outlined in section 50.1.

24.6. A copy of the variation documentation must be provided to Corporate Procurement in order to update the Contract file and Contract Register accordingly.

Rule 7

- (a) Subject to compliance with UK and EU law, a Corporate Director may authorise an extension to a Contract which was provided for in the original contract terms.
- (b) A Corporate Director may authorise variations, including price variations, determined in accordance with the original contract terms, or other variations which do not materially change the contract, and which fall within the scenarios listed in 50.1.
- (c) All extensions and variations outside of the term of the contract that amount to a contract value in excess of £250,000 (for services or supplies) or £5m (for works) must be referred to Cabinet for approval.

- 25.3. The Procurement Threshold table in section 6.2 of the Procedures sets out the required number of quotations for each level and the process to be followed.

26. Evaluation and contact award

- 26.1. Evaluation criteria for level one and two quotations **CAN** be based on cost only or cost and quality.
- 26.2. Evaluation criteria for level three quotations (£50,001 – £100,000) **MUST** be based on cost and quality.
- 26.3. In the case of nil response to a quotation exercise, the project manager should investigate the reasons for the lack of responses prior to commencing a new RFQ.
- 26.4. In the event only one quotation is received for level two and three quotation exercises, the evaluation must still be undertaken in accordance with the evaluation criteria. Upon completion, the project manager will need to assess whether the submission received satisfies the requirements and is acceptable to proceed to award or if required commence a new RFQ.
- 26.5. All contracts up to £100,000 **must** be awarded through the RFQ system.

27. Clarification and additional information

- 27.1 All bidder queries relating to RFQ should be in writing and managed through the RFQ system. In circumstances where a clarification response is assessed not be commercially restricted to a single bidder then the question and response should be released to all bidders without disclosing the identity of the originating bidder.

27.2 Further clarifications regarding quotation(s) received before contract award may be necessary. This might include areas of ambiguity, assumptions or possible errors. In such circumstances, all clarifications must be treated as commercial in confidence and managed through the RFQ system.

28. Timescales for Quotations

28.1. All requests for quotation include a default minimum of seven working days for the return of responses. This time period can be amended to allow a longer period where it is deemed necessary.

29. Terms and Conditions

29.1 All Requests for Quotation are invited with the Council's standard terms and conditions, which must be issued to suppliers with each RFQ. In the event that the standard terms and conditions are unsuitable, any alternative terms must be agreed with Legal Services.

30. Use of Purchasing Cards

30.1. Purchase Cards are to be used to order low value supplies and services (e.g. hotels, business travel and tickets) that do not require the additional risk management of terms and conditions encompassing orders or contracts, and only where there is no existing contract or suitable supplier available on the e-procurement system.

30.2. Purchasing Cards are to be used in accordance with the Visa Card User guide and associated documents available through the Corporate Procurement area on the Council intranet. The transactions **must** be reviewed and authorised in the Purchasing Card monitoring system. Any misuse may result in the Purchasing Card being withdrawn and lead to disciplinary action.

PART 4 - APPLICABLE TO CONTRACTS IN EXCESS OF £100,000

31. Competition

31.1. All contracts with a value in excess of £100,000 must be procured through Corporate Procurement to ensure compliance with the requirements of the Public Contracts Regulations 2015.

31.2. The Public Contracts Regulations set out detailed procedures for the award of contracts over specific thresholds. Details of the current thresholds are given below and are net of VAT.

	SUPPLIES	SERVICES	WORKS	LIGHT TOUCH REGIME	CONCESSION
Local Government	£164,176	£164,176	£4,104,394	£589,148	£4,104,394

32. Forward Plan

32.1. Corporate Directors must ensure that all contracts to be tendered are entered onto the forward plan of contracts, administered by Corporate Procurement at the earliest opportunity but with a minimum of six months before commencement of the procurement unless circumstances of urgency apply.

33. Project Initiation Form

33.1. In preparation for the Tendering exercise the Procurement Initiation Form (PIF) must be completed. The PIF will include:

- a) Identification and definition of needs;
- b) Options appraisal and business case development;
- c) A review of market conditions;
- d) Assessment of scope for collaboration; internally, externally with other organisations or the voluntary sector;
- e) Review of the implications for HR issues, sustainability, equalities, local businesses, etc;
- f) An analysis of the potential for achieving financial savings;
- g) Project planning, including definition of roles and responsibilities throughout the process;
- h) Risk analysis and recording on risk registers as appropriate
- i) Determining the process for contract management, including the arrangements for collating on a routine basis the financial and performance information needed to evaluate the effectiveness of the procurement exercise;

- j) Where an external agent is to be involved in the preparation of specifications, tender documentation, tender evaluation or any other procurement activity in relation to a contract, a declaration of interest and a confidentiality agreement must be completed;
- k) Service Heads or officers with delegated power must assess any potential conflict of interest and seek advice from Legal Services. The procurement should not proceed until such time as the assessment is made;
- l) Any disclosure of conflict of interest in a procurement process will be assessed by the Corporate Procurement and Legal Services on a case-by-case basis. Individuals will be excluded on a case-by-case basis from the procurement process where the identified conflict is material and/or cannot be mitigated.

33.2. Corporate Procurement **must** be contacted as early as possible and full support given to enable the Procurement Instruction Form (PIF) to be fully completed.

33.3. No commitment can be made, and the procurement process **must not** commence, before this has taken place, and procurement advice on how to proceed has been received.

33.4. Corporate Procurement in liaison with the project manager and Legal Services will assess the procurement strategy, specification requirements and market conditions to determine the most suitable procurement procedure to employ and what internal governance measures are required.

33.5. For tenders above the EU threshold, and as part of the PIF process, Corporate Procurement will advise on current EU Law. EU Law is frequently evolving, so you should not assume guidance previously given will be unchanged in the future.

34. Cabinet Approval – Automatic Referral

34.1. Nothing in these rules obviates the requirement within the Constitution that “The contracting strategy and/or award of any contract for goods (supplies) or services with an estimated value exceeding £250,000, and any contract for capital works with an estimated value exceeding £5,000,000, shall be approved by the Cabinet in accordance with the Procurement Procedures.”

34.2. In order to comply with this requirement, the Head of Corporate Procurement will submit a quarterly report to Cabinet, laying down a forward plan of contracting exercises across the Council for the forthcoming 12 months. This report will identify all contracts with a value exceeding £250,000 (for services and supplies) and £5m (for works) during the period in question, and will seek Cabinet’s approval to the outline contracting strategies.

34.3. Cabinet will be invited to identify those contracts they consider to be key decisions, and about which they wish to receive further reports on prior to contract award. The Corporate Director must ensure that the Head of Corporate Procurement is notified in good time in order to ensure that contracts are included in this report.

34.4. Prior to review by Cabinet, the Strategic Competition Board must have reviewed the strategy and/or award proposal.

35. Cabinet Approval – Referral by Head of Corporate Procurement

35.1. If in the view of the Head of Corporate Procurement, either a contract strategy or contract award needs to be approved by Cabinet, the project lead must submit the relevant report to the next available Cabinet meeting, after it has been presented to the Strategic Competition Board, and must not proceed with either the contracting process or the contract award until Cabinet approval has been obtained.

36. Tollgate Process

36.1. Contracts for supplies and services in excess of £250,000 in value, or for capital works in excess of £5,000,000 in value, will be subject to the Council's Tollgate Review Process. This is a procurement project appraisal methodology which assesses the health of the project, makes recommendations for improved outcomes and, where appropriate, provides a post-contract peer review. The Tollgate process is administered by Corporate Procurement on behalf of the Strategic Competition Board. Contracting officers must respond appropriately to recommendations in tollgate reports. In respect of contracts in excess of £250,000 (supplies & services) or £5,000,000 (capital works), you must obtain the approval of the Strategic Competition Board at two key points in the contracting cycle:

- a. To obtain agreement to the contracting strategy, prior to inviting tenders; and
- b. To obtain agreement to award contract, prior to issuing any award notification

36.2. The Procurement Cycle, including the Tollgate procedure, is set out in Appendix 1.

Rule 8

- Where the Contract is subject to the tendering rules of the EU Public Procurement Regulations, then those rules shall apply to the letting of the

Contract.

- The contracting strategy for contracts for supplies and services in excess of £250,000 in value, or for capital works in excess of £5,000,000 in value, will be subject to Cabinet approval.

37. Engagement with the Strategic Competition Board

37.1. The approval of the Strategic Competition Board will normally be through the internal Tollgate process. In the case of urgency, approval may be granted to the Contracting Strategy (but not the contract award) by the Head of Corporate Procurement and the Divisional Director of Legal Services with a subsequent report to the Strategic Competition Board.

38. Timescales

38.1. The Public Contract Regulations set out specific timescales for the letting of contracts for supplies, services and works above the EU threshold. It also sets out specific procedures and timescales to be followed. An appropriate timetable must be drawn up in liaison with Corporate Procurement and Legal Services.

39. Tender Documentation

39.1. In inviting Tenders from suppliers, the Tender packs which are issued to suppliers must as a minimum include: Form of Tender, Valuing Diversity, Supply chain Ethical Code of Conduct, Confidentiality Agreement, Bona Fide and Anti-Collusion Certificate, Freedom of Information Disclosure, Conflict of Interest Declaration, Subcontractor or Consortium Member, Specifications, Quality Statements, Cost Schedule and Terms and Conditions

39.2. Local Employment and Community Benefits are intended to improve the economic, social or environmental wellbeing of the Council's area in addition to the main purpose of the contract. The Local Employment and Community Benefit must be considered in all relevant contracts above £100,000 and considered on appropriate contracts below £100,000.

40. Terms and conditions

40.1. The Terms and Conditions of a contract will be drafted by Legal Services and incorporated as part of the Tender pack. Where a bidder rejects acceptance of the Terms and Conditions (expressly, or by qualifying, caveating or supplying their own terms and conditions), the bid should be rejected as non-compliant.

- 40.2. Variations to the Terms and Conditions proposed by a bidder **must** only be accepted with the approval of Legal Services.

41. Tender Clarification and Additional Information

Pre-tender clarification

- 41.1. All queries from the bidders relating to the invitation to tender should be in writing through the e-procurement system. Where questions are considered of relevance to the subject matter of the contract and likely to affect some or all bidders' response to the tender, the clarification from the Council must be released to all bidders with the questioner's identity kept confidential.
- 41.2. Where the question is specific to one of the bidders (and therefore irrelevant to the submissions of the other bidders), it may be kept confidential between the Council and that bidder.

Post-tender clarification and request for additional information

- 41.3. Tender clarifications may be necessary in order to clarify areas of ambiguity, assumptions or possible errors in the cost and delivery of specifications. Clarifications must be fairly undertaken against the requirements specification released to all suppliers. In certain circumstances, it may be necessary to issue a response to a clarification to all bidders. Equally, competition must not be distorted by allowing any bidders to improve their offer without giving the same opportunity to all other bidders.

42. Negotiations

- 42.1. Tender negotiations refer to the discussions that take place between a Council's officers and the bidders. Unless expressly allowed for within the procedure, tender negotiations must not be conducted as they distort competition and adversely affect trust in the competitive bidding process and contravene procurement regulations. Under no circumstances is it permissible to use the lowest bid to seek a reduction in costs from the other bidders.
- 42.2. Only under specific circumstances laid down in the PCR 2015, and with the agreement of the Head of Corporate Procurement and Head of Legal Services will it be acceptable to negotiate as part of a procurement process. Prior to entering into negotiations, agreement and advice must be obtained from Legal Services and Corporate Procurement, and the process must be

conducted in a fair manner that does not disadvantage or show undue favour to any tenderers. All negotiations must be fully documented.

43. Tender Evaluation

- 43.1. Evaluation criteria must be decided in advance of the advert and clearly stated in the tender documentation. All contracts must be awarded on the basis of most economically advantageous tender. For contracts over £100,000 a minimum of three officers must be involved in the evaluation of tender responses.

44. Supplier Selection Criteria

- 44.1. Selection Criteria (through the Standard Questionnaire – the SQ) are used to assess a bidder's ability to perform the proposed contract. Selection Criteria can apply at pre-tender stage in order to short-list bidders or, as part of the Open Procedure, to determine which bidders' tender submissions can be considered. Where a SQ evaluation is required, the statutory Selection Questionnaire published by Crown Commercial Services must be used.
- 44.2. There is statutory guidance on the use of the SQ and Corporate Procurement and Legal advice must be sought before the SQ is used. There are very limited criteria under which potential suppliers may be ruled out at the SQ stage.
- 44.3. Where a SQ evaluation is required, the SQ will be issued and returned electronically via the Council's e-procurement systems with appropriate access given to officers to evaluate online. The tender documentation must clearly state the minimum requirements and how they will be assessed.

45. Supplier Award Criteria

- 45.1. Award Criteria are used to identify the tender that is the most economically advantageous to the Council. This will be the optimum combination of cost and quality benefits. Requirements must be related and proportionate to the subject-matter of the contract, and be clearly set out in the Contract Notice together with the means of proof, where appropriate.
- 45.2. Where Local Employment and Community Benefits are included as part of the award criteria, its weighting must not be more than 5% of the overall quality assessment.

46. Tender Report

46.1 A full tender report should be prepared by the Project Manager and kept on file. The report should include a complete review of the bidding strategy, methods used, details of bids received, and any justification for the opening of any late bids, the actual written approval for opening late bids, detailed bid evaluation and recommendations for award.

47 Debriefing

47.1 For EU tenders supplier debriefs are a statutory requirement and must be completed within 15 days of the date of the receipt of a written request from the tenderer. Legislation requires a comparison between the bid of the person being debriefed with the winning bid. This must be done in such a way as to comply with the regulations without breaching the FOIA. If you have any doubt as to how to proceed, guidance should be sought from Corporate Procurement and Legal Services.

48 Contract Award

48.1 Corporate Directors or Divisional Directors are responsible for signing contract award letters in respect of all contracts with a value between £100,000 and £250,000 for supplies, services; and works below £5,000,000.

48.2 Corporate Directors are responsible for signing contracts award letters in respect of all contracts with a value equal or above £250,000 for supplies, services; and works above £5,000,000.

48.3 When no bids are received in response to a tender undertaken in accordance with these procurement procedures, the project manager should investigate the reasons for the lack of responses.

48.4 Where only one bid is received, the evaluation may still be undertaken in accordance with the tender evaluation criteria. Once this is concluded, the Project Manager will need to assess whether the submission received is sufficient (such assessment to include consideration of best value and value for money) for the Council to proceed to award or whether it would be in the Council's best interest to re-tender.

48.5 Alternatively, but only on the advice of Corporate Procurement and Legal Services, it may be appropriate to invoke a negotiated process with the single supplier.

48.6 When a procurement exercise is to be abandoned, the Divisional Directors or Corporate Directors must authorise the decision. The Head of Procurement may request that the tender report for the procurement exercise is presented to Strategic Competition Board for approval.

PART 5 – EXCEPTIONS TO THE PROCUREMENT PROCEDURES

49 Valid Exceptions to the Procurement Procedures

- 49.1 All contracts must follow a quotation or tender process in accordance with this procedures unless, either:
- a. A waiver via the completion of a Record of Directors Action (RCDA) is obtained from the relevant Corporate Director, in accordance with the RCDA Guidance; or
 - b. An existing, recognised consortium contract or framework, which has gone through an appropriate competitive tendering process, is being used in line with section 15. The Framework requirements to award a Call-off contract must be followed, either through a mini-competition or a direct call off process; or
 - c. An existing term contract, Framework or appropriate arrangement let by the Council, which complies with these rules, is being used (see section 13) ; or
 - d. The contract is to be funded in full by another public or voluntary organisation that has requested in writing that its own procedures are followed, subject to compliance with European law.

Corporate Procurement and Legal services must be involved in the award of such contracts where the value exceeds £100,000 the completion of a PIF and a Contract Award Report may be required.

50 Record of Corporate Director's Actions (RCDA) - Waiving of Procurement Procedures

- 50.1 Procurement Procedures may be waived by a Corporate Director in liaison with the Head of Corporate Procurement and the Head of Legal Services, where the total value of the contract does not exceed the value of £164,176 (this is cumulative where there are a series of RCDAs in a period of 12 months), after considering a written report (RCDA) by the appropriate officer, that the waiver is justified because:
- a. The nature of the market for the works to be carried out or the supplies or services to be provided has been investigated and has demonstrated that only a single source of supply is available, or
 - b. On balancing the risk and circumstances, it is clearly in the Council's interest to do so; or
 - c. The contract is for works, supplies or services that are required in circumstances of extreme urgency that could not reasonably have been

- foreseen – e.g. to protect life or property when no existing contractual arrangement is in place, or if the purchase is needed to urgently comply with an order of Civil or Criminal Court; or
- d. The purchase is from a supplier where there is an existing obligation to the Council (e.g. under a warranty to contribute to the cost).
 - e. Variations of contracts that do not fall within the exceptions listed in section 24.3
- 50.2 Corporate Director's Actions must be used only in the circumstances listed above, and not to compensate for poor planning or a desire to retain incumbent suppliers through avoidance of competition.
- 50.3 A record of the decision approving a waiver and the reasons for it must be published on the Council's website once the decision has been taken and kept in a departmental Register of Corporate Directors' Actions.
- 50.4 Corporate Director's Actions in respect of contracts over £100,000 must be reported to Corporate Finance for submission to the next available meeting of the Cabinet.
- 50.5 Corporate Directors' Actions must be completed on the appropriate form.
- 50.6 Waivers of the Procurement Procedures relating to contracts in excess of the OJEU threshold can only be made by a decision of the Mayor, either in Cabinet or through an Individual Mayoral Decision. In such circumstances, consideration must be given to the requirements set out within the Public Contracts Regulations 2015.

Rule 10

- Where the Procurement Procedures apply to a Contract a Corporate Director's Action may be taken to waive any provision, so long as it is justified in accordance with section 50 and this will not lead to a breach of UK or EU legislation.
- Waivers granted by the relevant Corporate Director must be agreed by the Head of Corporate Procurement and the Legal Monitoring Officer.
- Waivers are an exception and must not be sought unless absolutely necessary.
- Corporate Director Waivers in respect of contracts over £100,000 must be reported to the next available meeting of the Cabinet.
- Where there is any doubt about an action breaching UK or EU Legislation advice from Legal Services must be sought.

- A record of the decision approving a waiver and the reasons for it must be kept in a Departmental Register of Corporate Directors' Actions.

8. For the avoidance of doubt anything which is not covered by these procedures or the Council's constitution, including the appointment of a proper officer for the purpose of any statutory function, will (subject to any statutory prohibition) be determined by the Chief Executive in consultation with the Monitoring Officer.

47 Corporate Scheme of Financial Delegations

Introduction

The purpose of the Financial Regulations is to set out the Council's financial policies and the framework for managing the Council's financial affairs. The Regulations aim to ensure that the Council conducts its affairs in a way that complies with specific statutory provisions and best professional practice. All financial and accounting procedures and delegations must therefore be carried out in accordance with the Financial Regulations and all other relevant guidelines.

The purpose of the Scheme of Financial Delegation is to set out the powers, duties and responsibilities delegated to each role level. This schedule sets out the approved financial limits within which the Council's business may be conducted. Changes to limits within this Scheme may only be made with the approval of the Corporate Director of Resources.

Roles and Responsibilities

The Council operates a system of devolved financial management which, in practice, means certain responsibilities are devolved to services, as follows:

- Ensuring that there is proper stewardship of public resources;
- Ensuring that statutory and regulatory standards are met;
- Ensuring value for money;
- Identifying, evaluating and managing risk;
- Supporting good decision making through the provision of financial information and advice to decision makers;
- Analysis of service activity costs and trends to feed into performance information;
- Aligning resource allocations with business objectives;
- Maximising income sources without being diverted from business priorities.

It is therefore important that there is clarity over roles and responsibilities within these areas of activity.

Budget Holders

The default Budget Holder is deemed to be the Corporate Director in the absence of another specific budget holder being formally identified and nominated by the service. Corporate Directors are required to maintain a definitive schedule of all current employees in the directorate with delegated financial powers, which must be reviewed and updated at least quarterly (this may be in the form of a download from

the Agresso finance system). Delegated financial authority at all levels is limited to the specific cost centres allocated to each staff member and recorded on the Agresso finance system (and supporting feeder systems).

Approval Limits

In order to facilitate compliance with the Financial Regulations and Scheme of Financial Delegation, the Council has an authorised signatory process, primarily managed through the Agresso system workflows. All staff within posts deemed to have delegated financial authority are required to complete an authorised signatory form. This sets out the extent of the individual's authority, requires them to confirm the cost centres they have authority against. By signing this form, managers are confirming that they will abide by the rules and regulations set out both within the Financial Regulations and the Scheme of Financial Delegation. The details are held within the Agresso Financial Ledger system and are used to notify the relevant authorised signatories that transactions need to be approved.

Each role has a limit to the amount they can authorise, with anything above £5m always requiring Chef Executive approval. The designated approval level for each establishment role is by determined by Budget Holder (by default the service director or alternatively a senior manager with appropriate delegated authority in the management hierarchy). All designated approvals for Service Manager and Service head are designated by the Budget Holder in partnership with the Finance Manager/Business Partner for the service. All individual employees with delegated financial powers are subject to the systems administration process for new starters, leavers and role changes.

The table below sets out the current approval limits that are recorded on the Agresso Financial Ledger system, alongside the role/grade definitions:

48 Children and Culture Directorate Scheme of Delegation

The Council's legal powers are granted by law either to the Mayor or full Council, allowing the authority to carry out its functions for the benefit of the residents, workers and businesses in the borough of Tower Hamlets.

The Mayor and full Council both have power to delegate the exercise of these duties to members and officers. These delegations are set out in the Constitution. In addition, each Corporate Director also has the power to further delegate powers to individual officers and these are set out for the Governance Directorate in this scheme of delegation.

Note that - under the Local Government Act 2000, all of the Council's functions, its legal powers and duties, are the responsibility of the Mayor and are known as "executive functions", except where they are expressly specified under sch.1, sch.3 or sch.4 of the Local Authorities (Functions and Responsibilities) (England) Regulations 2000 to not be the responsibility or sole responsibility of an authority's executive.

The Council's legal powers are granted by law either to the Mayor or full Council, allowing the authority to carry out its functions for the benefit of the residents, workers and businesses in the borough of Tower Hamlets.

Note that - under the Local Government Act 2000, all of the Council's functions, its legal powers and duties, are the responsibility of the Mayor and are known as "executive functions", except where they are expressly specified under sch.1, sch.3 or sch.4 of the Local Authorities (Functions and Responsibilities) (England) Regulations 2000 to not be the responsibility or sole responsibility of an authority's executive.

The Director of Place authorises:

52 Resources Directorate Scheme of Delegation

The Council's legal powers are granted by law either to the Mayor or full Council, allowing the authority to carry out its functions for the benefit of the residents, workers and businesses in the borough of Tower Hamlets.

The Mayor and full Council both have power to delegate the exercise of these duties to members and officers. These delegations are set out in the Constitution. In addition, each Corporate Director also has the power to further delegate powers to individual officers and these are set out for the Health, Adults and Community Directorate in this scheme of delegation.

Note that - under the Local Government Act 2000, all of the Council's functions, its legal powers and duties, are the responsibility of the Mayor and are known as "executive functions", except where they are expressly specified under sch.1, sch.3 or sch.4 of the Local Authorities (Functions and Responsibilities) (England) Regulations 2000 to not be the responsibility or sole responsibility of an authority's executive.

Licensing Committee – Rules of Procedure governing applications for premises licenses and other permissions under the Licensing Act 2003

1. Interpretation

- 1.1 These Procedures describe the way in which hearings will be conducted under the Licensing Act 2003, as set out in the Licensing Act 2003 (Hearings) Regulations 2005 (as amended) ('the Hearings Regulations'). The Procedures take into account the Licensing Act (Premises Licences and Club Premises Certificates) Regulations 2005.
- 1.2 Except where otherwise stated, references in this Code are to the Licensing Committee and its Sub-committees and the expression 'Licensing Committee' should be interpreted accordingly.
- 1.3 The Hearings Regulations provide (Regulation 21) that a Licensing Authority shall, subject to the provisions of those Regulations, determine for itself the procedure to be followed at a hearing.
- 1.4 These Procedures, therefore, set out the way in which Licensing Committee Meetings will be conducted under the Licensing Act 2003, following the requirements of the Hearings Regulations.
- 1.5 Proceedings will not be rendered void only as the result of failure to comply with any provision of the Hearings Regulations (Regulation 31) save that in any case of such an irregularity, the Licensing Committee shall, if it considers that any person may have been prejudiced as a result of the irregularity, take such steps as it thinks fit to cure the irregularity before reaching its determination (Regulation 32).

2. Composition of Sub-Committee

- 2.1 The Sub-Committee will consist of three (3) members and no business shall be transacted unless three (3) members of the Licensing Committee are present and able to form a properly constituted Licensing Sub-Committee. In such cases the Chair shall have a second or casting vote.

3. Procedure

- 3.1 The hearing shall take place in public save that the Licensing Committee may exclude the public from all or part of a hearing where it considers that, on balance, it is in the public interest to do so. The parties and any person representing them may be excluded in the same way as another member of the public. Any person so excluded may, before the end of the hearing, submit to the Licensing Committee in writing, any information which, they would have been entitled to give orally had they not been required to leave. Where there are a number of items on the agenda, the adjournment of that item for a short

period, whilst another item is heard, may allow this process to be carried out effectively.

- 3.2 The Chair will begin by asking the parties to identify themselves and confirm whether or not they are represented.
- 3.3 The Licensing Committee should always satisfy itself that sufficient notice of the hearing has been given to all parties and if not satisfied, then the Licensing Committee should take such steps as it thinks fit to deal with that issue before reaching its determination and this could include adjourning that application to a later date.
- 3.4 The Licensing Committee will then consider any requests by a party for any other person to be heard at the hearing in accordance with the Regulations. Permission will not be unreasonably withheld provided proper notice has been given.
- 3.5 The Chair will then explain how the proceedings will be conducted, and indicate any time limits that may apply to the parties to the application. In setting time limits, the Licensing Committee will take into account the importance of ensuring that all parties receive a fair hearing, and the importance of ensuring that all applications are determined expeditiously and without undue delay. Further the Licensing Committee must have regard to the requirement to allow each party an equal amount of time.
- 3.6 If a party considers that any time limit is not sufficient then they should address the Licensing Committee and which will determine accordingly.
- 3.7 If any party has informed the Authority that they will not be attending or be represented at the hearing or any party does not give notice that they will not be attending but fails to attend and is not represented, the Licensing Committee may proceed in their absence or adjourn the hearing if it considers it to be necessary in the public interest. An adjournment will not be considered where due to the operation of the Hearing Regulations it would not be possible to adjourn.
- 3.8 If the Licensing Committee adjourns the hearing to a specified date it must specify the date, time and place to which the hearing has been adjourned and why it is considered necessary in the public interest.
- 3.9 If the Licensing Committee holds the hearing in the absence of a party, it will consider at the hearing the application, representation or notice given by that party.
- 3.10 The Chair will invite an Officer of the Licensing Section to present the report by briefly summarising the application and the number and type of the

representations as set out in the papers circulated. The Officer will also advise of any discussions held with the parties; any amendments made to the application; any representations withdrawn; and any agreed conditions that the Licensing Committee is being asked to consider. The Officer shall not give any opinion on the application or ask the Committee to make an inference based on such an opinion.

3.11 Members of the Licensing Committee can then ask questions of clarification of the Licensing Officer or seek legal advice from the Legal Adviser to the Licensing Committee if they require in respect of matters raised during the presentation by the Licensing Officer.

3.12 The Legal Adviser to the Licensing Committee will then give any relevant legal advice that the Licensing Committee need to take into consideration.

3.13 The Chair will then ask the applicant or their representative, if present, to present a summary of the nature and extent of the application. This should be brief, avoid repetition of material already available to the Licensing Committee in the Officer's report or otherwise, and include any reasons why an exception should be made to the Council's Licensing Policy, where appropriate, and respond to the written representations received. The submission may be followed by the evidence of any person who has been given permission by the Committee to give supporting evidence on behalf of the applicant or who has made a representation in favour of the application.

3.14 The application is to be presented within the time limit that has been set.

3.15 Where an applicant is unrepresented and having difficulty in presenting their application then the Legal Adviser to the Licensing Committee may ask questions of the applicant so that the relevant points are addressed and clarified for the Licensing Committee.

3.16 Members of the Licensing Committee may ask questions of the person presenting the case after their address as well as any other person who has spoken in support of the application. Members can also ask questions of the applicant as well as any other person present for the applicant who they consider can assist.

3.17 The Legal Adviser to the Licensing Committee may ask questions for the purpose of clarifying points for the Licensing Committee.

- 3.18 The Chair will then ask the persons who have made representations against the application to address the Licensing Committee within the time limit that has been set. They should not repeat what is already set out in their representations or notice or raise new matters. In their address they should provide clarification on any points previously requested by the Council. The submission may be followed by the evidence of any person who has been given permission by the Committee to give supporting evidence.
- 3.19 Members of the Licensing Committee may then ask questions of the persons making representations against the application and any other person who has spoken in support of such representation. Members can also ask questions of any other person present who they consider can assist.
- 3.20 The Legal Adviser to the Licensing Committee may ask questions for the purpose of clarifying points for the Licensing Committee.
- 3.21 Petitions will be treated as representations provided they meet the requirements for relevant representations set out in the Licensing Act 2003. Members should proceed with caution when relying upon petitions used as evidence due to the structure and wording used.
- 3.22 The Licensing Committee will disregard any information given by a party, or any other person appearing at the hearing, which is not relevant to:
- a) their application, representation or notice; and
 - b) the promotion of the licensing objectives or the crime prevention objective where notice has been given by the police.
- 3.23 The Chair will intervene at any stage of the hearing to prevent repetitious or irrelevant points being raised.
- 3.24 Cross examination of any party or any other person allowed to appear will not be allowed unless specifically permitted by the Chair.
- 3.25 There is no right for any party to sum up but they may be permitted to do at the discretion of the Chair and within time limits prescribed by the Chair.
- 3.26 The Licensing Committee will consider its decision in private save that the Legal Adviser and Democratic Services Officer will remain with them.
- 3.27 The Licensing Committee will normally return to open session to announce its decision but in cases where the prescribed time limit allows for a later determination and it is appropriate to determine the matter within that time then the Chair will advise the parties present that the decision will not be announced

then but that the determination will take place within the prescribed time limit and that written notification will be dispatched to all parties advising them of the determination.

4. Exclusions

- 4.1 In addition to any exclusion under paragraph 3.1 above, The Licensing Committee may require any person attending the hearing who in their opinion is behaving in a disruptive manner to leave the hearing and may refuse to permit the person to return; or allow them to return only on such conditions as Licensing Committee may specify.
- 4.2 Any person so excluded may, before the end of the hearing, submit to the Authority in writing, any information which, they would have been entitled to give orally had they not been required to leave.

3. Procedure

- 3.1 The hearing shall take place in public save that the Licensing Committee may exclude the public from all or part of a hearing where it considers that, on balance, it is in the public interest to do so. The parties and any person representing them may be excluded in the same way as another member of the public. Any person so excluded may, before the end of the hearing, submit to the Licensing Committee in writing, any information which, they would have been entitled to give orally had they not been required to leave. Where there are a number of items on the agenda, the adjournment of that item for a short period, whilst another item is heard, may allow this process to be carried out effectively.
- 3.2 The Chair will begin by asking the parties to identify themselves and confirm whether or not they are represented.
- 3.3 The Licensing Committee should always satisfy itself that sufficient notice of the hearing has been given to all parties and if not satisfied, then the Licensing Committee should take such steps as it thinks fit to deal with that issue before reaching its determination and this could include adjourning that application to a later date.
- 3.4 The Chair will explain how the proceedings will be conducted, and indicate any time limits that will be imposed on the parties. In setting time limits, the Licensing Committee will take into account the importance of ensuring that all parties receive a fair hearing, and the importance of ensuring that all applications are determined expeditiously and without undue delay. Further the Licensing Committee should allow each party an equal amount of time.
- 3.5 If a party considers that any time limit is not sufficient then they should address the Licensing Committee and which will determine accordingly.

- 3.6 If any party has informed the Authority that they will not be attending or be represented at the hearing or any party does not give notice that they will not be attending but fails to attend and is not represented, the Licensing Committee may proceed in their absence or adjourn the hearing.
- 3.7 If the Licensing Committee adjourns the hearing it should specify the date, time and place to which the hearing has been adjourned.
- 3.8 If the Licensing Committee holds the hearing in the absence of a party, it will consider at the hearing the application or objection given by that party.
- 3.9 The Chair will invite an Officer of the Licensing Section to present the report by briefly summarising the application and the number and type of the representations as set out in the papers circulated. The Officer will also advise of any discussions held with the parties; any amendments made to the application; any objections withdrawn; and any agreed conditions that the Licensing Committee is being asked to consider. The Officer shall not give any opinion on the application or ask the Committee to make an inference based on such an opinion.
- 3.10 Members of the Licensing Committee can then ask questions of clarification of the Licensing Officer or seek legal advice from the Legal Adviser to the Licensing Committee if they require in respect of matters raised during the presentation by the Licensing Officer.
- 3.11 The Legal Adviser to the Licensing Committee will then give any relevant legal advice that the Licensing Committee need to take into consideration.
- 3.12 The Chair will then ask the applicant or their representative, if present, to state their case. This should avoid repetition of material already available to the Licensing Committee in the Officer's report or otherwise, and include any reasons why an exception should be made to the Sex Establishment Licensing Policy, where appropriate; address, where appropriate, the matters stated in the Sex Establishment Licensing Policy that the Licensing Committee will take into account when considering applications; and respond to the written objections received. The submission may be followed by the evidence of any person who is giving supporting evidence on behalf of the applicant or who has made a representation in favour of the application.
- 3.13 The application is to be presented within any time limit that has been set.

- 3.14 Where an applicant is unrepresented and having difficulty in presenting their application then the Legal Adviser to the Licensing Committee may ask questions of the applicant so that the relevant points are addressed and clarified for the Licensing Committee.
- 3.15 The objectors (or their representative) will be invited to question the applicant.
- 3.16 Members of the Licensing Committee may ask questions of the applicant and/or their representative as well as any other person who has spoken in support of the application. Members can also ask questions of any other person present for the applicant who they consider can assist.
- 3.17 The Legal Adviser to the Licensing Committee may ask questions for the purpose of clarifying points for the Licensing Committee.
- 3.18 The Chair will then ask objectors against the application to state their case within any time limit that has been set. The objectors should not repeat what is already set out in their objections. In stating their case, the objectors should provide clarification on any points previously requested by the Council. The submission may be followed by the evidence of any person who is giving supporting evidence.
- 3.19 The applicant (or their representative) will be invited to question the objectors.
- 3.20 Members of the Licensing Committee may then ask questions of the objectors and any other person who has spoken given evidence in support. Members can also ask questions of any other person present who they consider can assist.
- 3.21 The Legal Adviser to the Licensing Committee may ask questions for the purpose of clarifying points for the Licensing Committee.
- 3.22 Petitions will be considered but Members should proceed with caution when relying upon petitions used as evidence due to the structure and wording used.
- 3.23 The Chair will intervene at any stage of the hearing to prevent repetitious or irrelevant points being raised.
- 3.24 The objectors (or their representative) will then be permitted to “Sum Up”.
- 3.25 The applicant (or their representative) will then be permitted to “Sum Up”.

- 3.26 The Licensing Committee will consider its decision in private save that the Legal Adviser and Democratic Services Officer will remain with them.
- 3.27 The Licensing Committee will normally return to open session to announce its decision but where they consider it appropriate for the determination to be given at a later time then the Chair will advise the parties present that the decision will not be announced then but that the determination will take place later and that written notification will be dispatched to all parties advising them of the determination.

4. Exclusions

- 4.1 In addition to any exclusion under paragraph 3.1 above, The Licensing Committee may require any person attending the hearing who in their opinion is behaving in a disruptive manner to leave the hearing and may refuse to permit the person to return; or allow them to return only on such conditions as Licensing Committee may specify.
- 4.2 Any person so excluded may, before the end of the hearing, submit to the Authority in writing, any information which, they would have been entitled to give orally had they not been required to leave.

Overview and Scrutiny Committee – Councillor Call for Action Procedure

Tower Hamlets Councillor Call for Action (CCfA) Guide

November 2020

Introduction

Councillor Call for Action (CCfA) powers were first introduced in the Local Government and Public Involvement in Health Act (2007) to provide a formal mechanism that allows councillors (in England) to refer an issue of local concern e.g. related to local government matter and affecting their ward for consideration by the Overview and Scrutiny Committee (OSC). The Localism Act (2011) further clarifies that councillors can refer matters which are not restricted to local government that are relevant to the functions of the committee. The Police and Criminal Justice Act (2006) also provides a 'Call for Action' in relation to crime and disorder issues.

A CCfA can be used to tackle problems on a neighbourhood or ward specific level which has been unable to resolve through normal channels e.g. corporate complaints, petitions, Member's Enquiries, Freedom of Information (FOI) requests and mediation. It is at the discretion of each councillor as to what issues they wish to raise for a potential review through the CCfA. However, councillors must demonstrate that other methods of resolution have been exhausted first. A CCfA request should not be considered as merely 'scrutiny process' it should be viewed as a whole council approach, that can assist councillors to resolve issues on behalf of their constituents.

Principles

The CCfA process works on the basis of some broad principles:

- Transparency in the decision-making process, and the involvement of scrutiny in the decision-making process;
- Willingness to identify mistakes and shortcomings, and a recognition of the need to resolve problems through discussions;
- A good level of understanding (amongst Mayor, Cabinet and senior officers) of the role that scrutiny can play to help the Council to improve its services; and
- An understanding and a wish to strengthen and support the role of councillors as champions and leaders of their communities.

Prior to undertaking a CCfA

Have existing complaints procedures and other solution options been exhausted?

Councillors should consider the following to resolve local issues:

- Member's Enquiries and FOI
- Mediation
- Advising a resident to make an individual complaint.
- Supporting residents to submit a petition.
- Seeking an apology from the council/local service involved
- Collecting evidence from their ward to support the issue.

- Request to discuss the issue with relevant agencies.
- Signpost to relevant council committee, if appropriate.

When a referral should be made

Under the CCfA, councillors are able to refer issues to OSC where it can demonstrate the following:

- the issue is of genuine and persistent local concern;
- the issue is not subject to ongoing legal processes; and
- other courses of action have failed to resolve the matter.

Importantly, undertaking a CCfA will be a means of 'last resort' with issues being raised at OSC **only after other methods of resolution have been exhausted**. Furthermore, undertaking a CCfA does not guarantee to resolve an issue but it offers the chance to bring a pressing matter to a wider audience with an opportunity to discuss the item.

Benefits of a CCfA

The CCfA process provides an opportunity:

- for recognition that an issue is significant enough for time, attention and resources to be allocated to the issue in an attempt to resolve it;
- for a public forum for discussion of the issues;
- to discuss the issues in a neutral environment;
- to discuss an issue with others with the sole aim of resolving it; and
- A high-profile process owned by the councillor.

Limitations of a CCfA

There are some issues that are excluded from referral as a CCfA:

- Planning and licensing decisions or pending applications;
- Any matter where a person or entity has a statutory right of review or appeal (not including the right to complain to the Ombudsman) e.g. issues relating to a welfare benefit appeal;
- Any issues that is vexatious, discriminatory or not reasonable; and
- Any matter already on the work programme for OSC or its subcommittees.
- A CCFA would not be accepted if the matter had already been considered by Overview and Scrutiny (including through the Call-in process) unless there has been a material change to the issue.
- Any matter that is not relevant to the functions of the OSC.

How will Overview and Scrutiny Committee deal with a CCfA Request?

A CCfA referral to OSC will place an issue on the OSC's agenda. It is up to the Committee to decide whether or not to take the issue further. To determine if the CCfA needs to be looked at in detail, the OSC will be able to use the following criteria:

- Is the OSC satisfied that appropriate attempts at resolving the issue have been made by the ward councillor before initiating the CCfA?
- Is this a case that is being, or should be pursued, via the council's corporate complaints system?
- Has the OSC considered any similar issue recently - if so, have the circumstances or evidence changed to warrant re-consideration?
- Has the relevant service or partner agency been informed and provided enough time to resolve the issue? What response has the councillor received?
- Is this issue already featured in the OSC's and or subcommittees work programme?

If the OSC decides to take any action, then it will inform the councillor that raised the CCfA and provide that councillor with a copy of any report or recommendations that are made in relation to the CCfA. Where relevant the councillor will also be provided with any response received from the Cabinet or a partner organisation in relation to the CCfA.

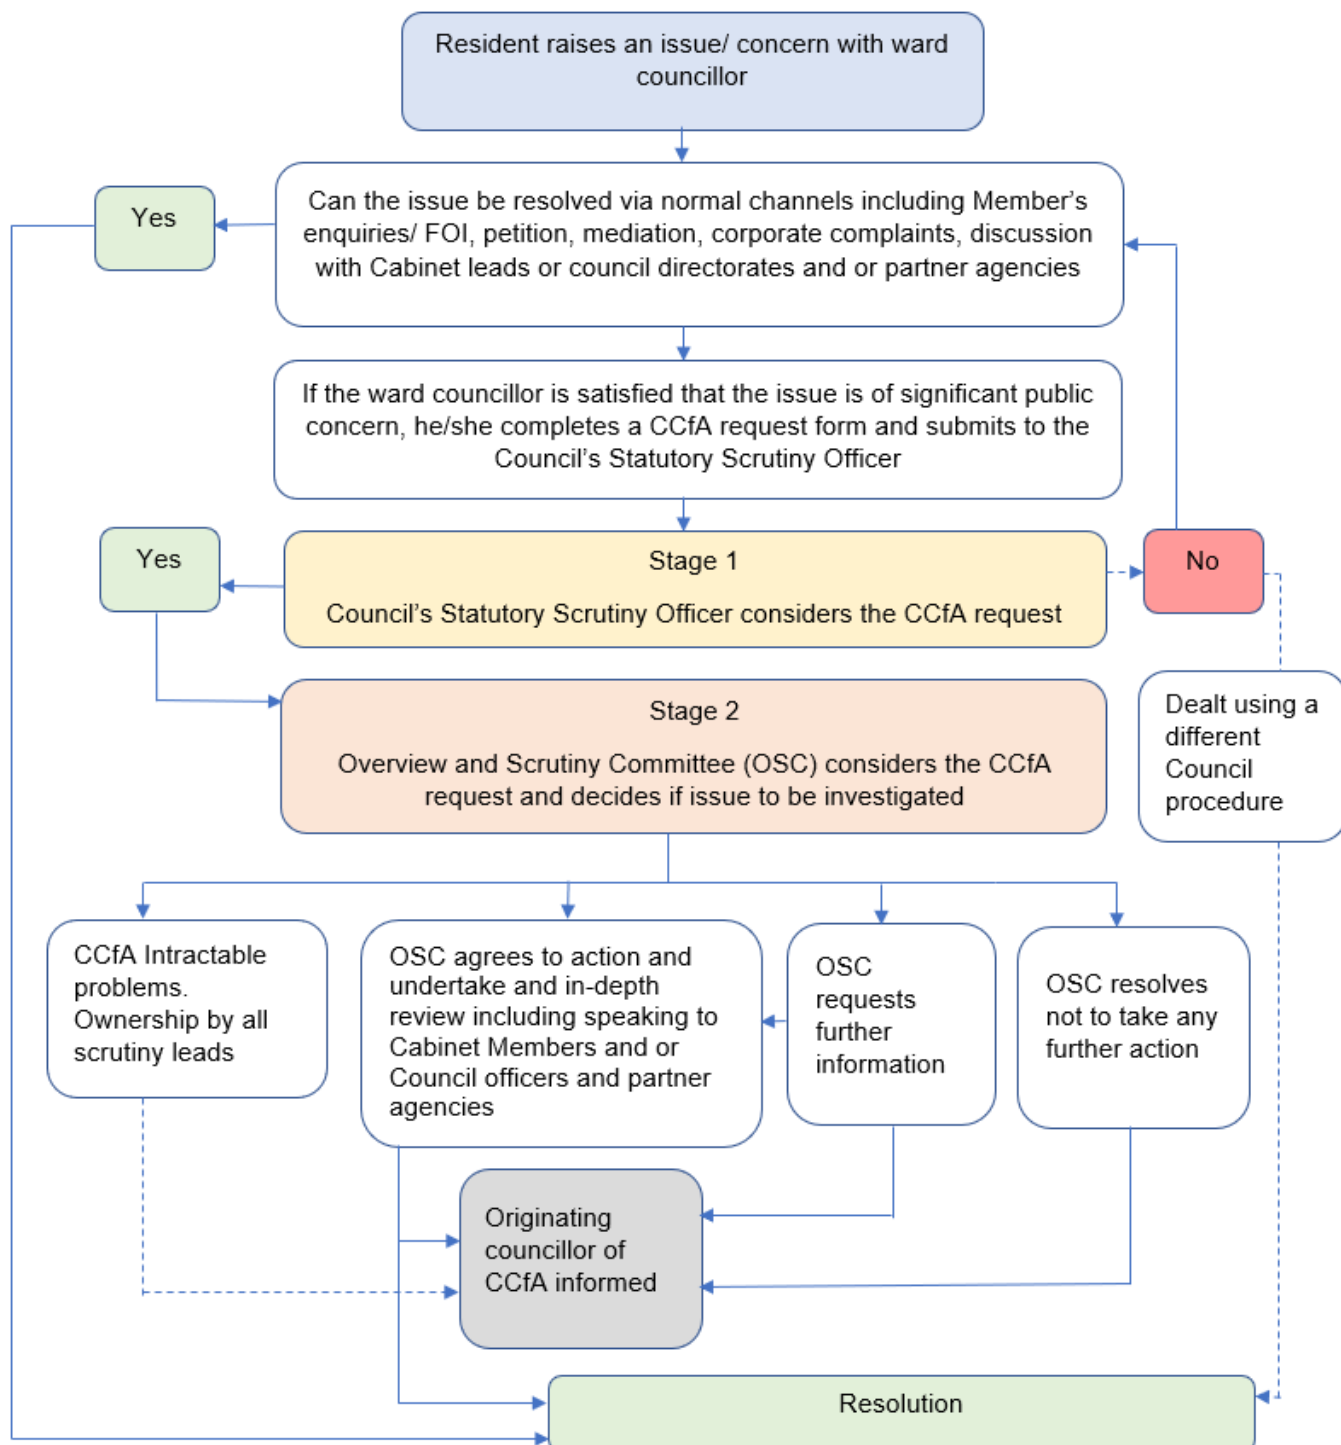

Statutory Scrutiny Officer

There are some circumstance where a CCfA will not be dealt with under this scheme as specified by the limitations of a CCfA; or any other circumstances which, in the opinion of the Statutory Scrutiny Officer would mean the CCfA would be better dealt with using a different Council procedure.

Timeframe or a CCfA Requisition

For a CCfA to be considered, it must be submitted at least 10 working days in advance of the OSC meeting. If a CCfA submission request falls within 10 working days, it will need to be scheduled for the next OSC meeting.

Pensions Committee Procedures

Membership of the Pensions Committee

The Council decides the composition and makes appointments to the Pensions Committee. Currently the membership of the Pensions Committee is a minimum of 7 elected Members from Tower Hamlets Council on a politically proportionate basis and the Pensions Committee will elect a Chair and Vice Chair. All Tower Hamlets Council elected Members have voting rights on the Committee and three voting members of the Committee are required to be able to deem the meeting quorate.

In addition there are two co-opted non-voting members representing employer and Scheme member interests. Although the co-opted representatives do not have voting rights they are treated as equal members of the Committee, they have access to all Committee Advisers, officers, meetings and training as if they were Council Members and have the opportunity to contribute to the decision making process.

Voting rights are restricted to elected Members as they are deemed to be fulfilling the role of Trustees as the Pension Fund with all the legal responsibilities that this entails, it was not felt appropriate to apply the same legal definition to the lay members of the Committee and hence their role as non-voting members.

Members of the Pensions Committee, including co-opted members, are required to declare any interests that they have in relation to the Pension Fund or items on the agenda at the commencement of the meeting.

The Constitution allows for the appointment of a Pensions Committee which has responsibility for the discharge of all non-executive functions assigned to it.

The following are the terms of reference for the Pensions Committee:

- 1) To act as Trustees of the Council's Pension Fund, consider pension matters and meet the obligations and duties of the Council under the Superannuation Act 1972, the Public Service Pensions Act 2013, and the various pensions' legislation.
- 2) To make arrangements for the appointment of and to appoint suitably qualified pension fund administrators, actuaries, advisers, investment managers and custodians and periodically to review those arrangements.
- 3) To formulate and publish an Investment Strategy Statement.
- 4) To set the overall strategic objectives for the Pension Fund, having taken appropriate expert advice, and to develop a medium term plan to deliver the objectives.
- 5) To determine the strategic asset allocation policy, the mandates to be given to the investment managers and the performance measures to be set for them.
- 6) To make arrangements for the triennial actuarial valuation, to monitor liabilities and to undertake any asset/liability and other relevant studies as required.

- 7) To monitor the performance and effectiveness of the investment managers and their compliance with the Statement of Investment Principles.
- 8) To set an annual budget for the operation of the Pension Fund and to monitor income and expenditure against budget.
- 9) To receive and approve an Annual Report on the activities of the Fund prior to publication.
- 10) To make arrangements to keep members of the Pension Fund informed of performance and developments relating to the Pension Fund on an annual basis.
- 11) To keep the terms of reference under review.
- 12) To determine all matters relating to admission body issues.
- 13) To focus on strategic and investment related matters at two Pensions Committee meetings.
- 14) To review the Pension Fund's policy and strategy documents on a regular basis and review performance against the Fund's objectives within the business plan
- 15) To maintain an overview of pensions training for Members.

Meetings

The Pensions Committee shall meet at least four times a year in the ordinary course of business and additional meetings may be arranged as required to facilitate its work. Work for the year will be agreed with the Committee to include dedicated training sessions for Committee members.

Agendas for meetings will be agreed with the Chair and will be circulated with supporting papers to all members of the Committee, Officers of the Council as appropriate and the Fund's Investment Advisor.

The Council will give at least five clear working days' notice of any meeting by posting details of the meeting at the Tower Hamlets Town Hall and on the Council's website. The Council will make copies of the agenda and reports open to the public available for inspection at least five clear working days before the meeting. If an item is added to the agenda later, the revised agenda will be open to inspection from the time the item was added to the agenda. The reason for lateness will be specified in the report.

There may on occasions be items which may be exempt from the agenda, reports and minutes of the meetings when it is likely in view of the nature of the business to be transacted or the nature of the proceedings that confidential information would be disclosed. Items which are most likely to be excluded are issues where to disclose information would contravene an individual's privacy or where there are financial interests which may be compromised as a result of disclosure for example discussions surrounding contracts.

The Council will make available copies of the minutes of the meeting and records of decisions taken for six years after a meeting. Minutes of meetings and records of decisions are available for inspection on the Council's website:

Guidance note on the dual role of the Pensions CIV Sectoral Committee

1. Overview

The Pensions CIV Joint Committee will in practice be fulfilling two roles:

- a) To consider and provide guidance on the direction and performance of the CIV (“Joint Committee Meetings”). Decisions can be taken at the committee relating to the operation and business of the ACS Operator but they will not be formal decisions of the ACS Operator unless either a general meeting of the ACS Operator (and not the committee) has been formally convened or a Board meeting of the ACS operator adopts the recommendations of the Joint Committee.

- b) The formal shareholder meetings of the ACS Operator to take decisions on behalf of the participating London local authorities in their capacity as shareholders exercising the shareholder rights in relation to the ACS Operator (“Shareholder Meetings”).

There are various differences between the Committee meetings and the Shareholder Meetings, both in terms of how they are convened and who can attend. These differences are summarised below. In practice, the best way to conduct business is for a meeting of shareholders to be convened at the rising of the Joint Committee so that shareholders business can be transacted including any necessary formalising of any business of the joint committee:

2. Committee Meetings

The conduct of London Councils committee meetings are governed by London Councils’ Standing Orders which are contained in Schedule 6 of the Leaders’ Committee Governing Agreement.

3. Shareholder Meetings

The Shareholder Meetings are private meetings of the shareholders of the ACS Operator and only shareholders or their appointed representative may attend.

The conduct of the shareholder meetings will also be governed by London Councils’ Standing Orders as far as these are compatible with company law, or by company law where the requirements are different e.g. notice periods are longer under company law and there are rules around proxies which must be followed.

**Strategic Development Committee / Development Committee – Council
Guidelines for Determining Planning Applications under the Town and Country
Planning Act 1990**

- (i) The emphasis in determining applications is upon a plan led system. Section 38(6) of the Planning and Compulsory Purchase Act 2004 and section 70(2) of the Town and Country Planning Act 1990 requires all planning applications to be determined in accordance with the Development Plan (comprised of the London Plan (produced by the Mayor of London), Local Plan and Neighbourhood Plans (should any be adopted)) and any other material considerations. If the Development Plan is material to the application then the statutory position is that the application **must** be determined in accordance with the Development Plan unless material considerations indicate otherwise.
- (ii) The term “other material considerations” has a wide connotation as expressed by the following judicial comment:-
“.....I find it impossible, however, to accept the view that such considerations are limited to matters relating to amenity.....it seems to me that any consideration which relates to the use and development of land is capable of being a planning consideration”.
- (iii) Material considerations include national planning guidance in the form of Government Circulars, Planning Policy Guidance Notes, Non-Statutory Development Control Guidelines and case law. A ministerial statement may be a material consideration.
- (iv) Material considerations can include (but are not limited to):-
- (a) Local, strategic, national planning policies and policies in the Development Plan;
 - (b) Emerging new plans which have already been through at least one stage of public consultation;
 - (c) Government and Planning Inspectorate requirements - circulars, orders, statutory instruments, guidance and advice;
 - (d) Previous appeal decisions and planning Inquiry reports;
 - (e) Principles of Case Law held through the Courts;
 - (f) Loss of sunlight (based on Building Research Establishment guidance);
 - (g) Overshadowing/loss of outlook to the detriment of residential amenity (though not loss of view as such);
 - (h) Overlooking and loss of privacy;
 - (i) Highway issues: traffic generation, vehicular access, highway safety;
 - (j) Noise or disturbance resulting from use, including proposed hours of operation;
 - (k) Smells and fumes;
 - (l) Capacity of physical infrastructure, e.g. in the public drainage or water systems;
 - (m) Deficiencies in social facilities, e.g. spaces in schools;
 - (n) Storage & handling of hazardous materials and development of contaminated land;

- (o) Loss or effect on trees;
 - (p) Adverse impact on nature conservation interests & biodiversity opportunities;
 - (q) Effect on listed buildings and conservation areas;
 - (r) Incompatible or unacceptable uses;
 - (s) Local financial considerations offered as a contribution or grant;
 - (t) Layout and density of building design, visual appearance and finishing materials;
 - (u) Inadequate or inappropriate landscaping or means of enclosure; and
 - (v) Disabled persons access.
- (v) Matters which are not material considerations again can include (but are not limited to):-
- (a) Matters controlled under building regulations or other non-planning legislation e.g. structural stability, drainage details, fire precautions, matters covered by licences etc.;
 - (b) Private issues between neighbours e.g. land/boundary disputes, damage to property, private rights of access, covenants, ancient and other rights to light etc.;
 - (c) Problems arising from the construction period of any works, e.g. noise, dust, construction vehicles, hours of working (covered by Control of Pollution Acts);
 - (d) Opposition to the principle of development when this has been settled by an outline planning permission or appeal;
 - (e) Applicant's personal circumstances (unless exceptionally and clearly relevant, e.g. provision of facilities for someone with a physical disability – see (vi) below);
 - (f) Previously made objections/representations regarding another site or application;
 - (g) Factual misrepresentation of the proposal;
 - (h) Opposition to business competition;
 - (i) Loss of property value;
 - (j) Loss of view; and
 - (k) Personal remarks (e.g. the applicant's motives).
- (vi) The personal circumstances of an applicant for planning permission are not generally a material consideration because they do not relate to the character or use of the land. However, in exceptional circumstances they may outweigh other material planning considerations. Where this is the case, specific and valid reasons must be given to justify the exception.
- (vii) What constitutes a material consideration is a matter of law. The weight to be attached to the consideration is a matter of planning judgement for the decision-maker having regard to the planning evidence.
- (viii) It is essential to consider thoroughly any advice given by a statutory consultee or relevant Government Department, including views expressed by English Heritage or the Environment Agency.

- (ix) The view of local residents are relevant when determining a planning application, but it must be recognised that such opposition cannot be a reason in itself for refusing or granting planning permission unless founded on valid planning reasons, which are supported by substantial evidence.
- (x) Account should be taken of previous Council decisions, appeal decisions in relation to the site, or other related appeal decisions.
- (xi) It is not permissible to prevent, inhibit or delay development which could reasonably be permitted.
- (xii) Planning Conditions should only be imposed for a planning purpose and not for any ulterior one. They must fairly and reasonably relate to the development. Thus it is essential to avoid conditions which are unnecessary, unreasonable, unenforceable, imprecise or irrelevant.

1. SCOPE

- 1.1** These rules apply to all meetings of the Development Committee, Strategic Development Committee and Council in relation to the determination of planning applications.
- 1.2** As the determination of planning applications is a quasi-judicial function these rules provide processes and procedures which fulfil legal requirements of impartiality and natural justice.

2. REPORTS

- 2.1** All applications are the subject of written reports with officer recommendations. Reports will be produced in a standard form approved by the Corporate Director, Place, and will identify and analyse major material considerations of which the Committee need to take account when exercising its planning judgment.
- 2.2** In addition to the written report, illustrative material is usually available at least thirty minutes before the meeting at the meeting to explain the scheme and the planning files will also be available for inspection.

3. ADDENDUM UPDATE REPORTS

- 3.1** It is common for material (such as late representations) to be received after the close of the agenda. This needs to be brought to the attention of the Committee so that it can be taken into account. Such material will be presented to Committee in written form at least 30 minutes before the beginning of the meeting in the Addendum Update Report which will comprise a summary of whatever has been raised, in the same way as representations are summarised in the main Committee report.
- 3.2** When such material is made available to members it will also be placed on the public planning file along with all the other papers for the application, subject only to any public exclusion restrictions.
- 3.3** The practicality of producing such a report means there has to be a cut-off point for receipt of late material which is no later than noon on the working day before the day of the meeting. Generally material received after this time will not be reported to the Committee though the Corporate Director, Place, has an absolute discretion in this regard.
- 3.4** Material must not be distributed to Committee members by members of the public (including public speakers) or other Members of the Council during the course of the meeting.

4. REPRESENTATIONS AND PETITIONS

- 4.1 All representations and petitions upon a particular application which are received prior to the cut-off point are summarised either in the main Committee report or in the addendum update report. Copies of these representations and petitions are available for inspection at the meeting.

5. ORDER OF PROCEEDINGS

- 5.1 Except as otherwise stated on the agenda, generally meetings take place at Tower Hamlets Town Hall, Mulberry Place, 5 Clove Crescent, London E14 2BG commencing at 7.00 pm

- 5.2 At the discretion of the Chair the agenda may be re-ordered at the meeting.

- 5.3 The procedure for considering each application shall be as follows:

- (a) The item will be introduced by the Corporate Director, Place, or their representative
- (b) The Corporate Director, Place, or their representative, will present the report and introduce the main issues
- (c) An objector who has registered to speak in accordance with the procedure in Rule 6 will address the Committee
- (d) The applicant/agent or supporter (if registered to speak in accordance with the procedure in Rule 6) will address the Committee
- (e) Committee and non-committee Member(s) may address the Committee for up to three minutes
- (f) Through the Chair, Committee members may ask questions of clarification
- (g) The Committee will consider the item and reach a decision.

- 5.4 The Chair shall have discretion to vary the procedure for hearing an application, following consultation with officers, should that be necessary in specific circumstances.

In order to be able to vote upon an item, a Councillor must be present throughout the whole of the Committee's consideration including the officer introduction to the matter.

- 5.5 In the event that any contributor addresses the Committee through an interpreter, additional time may be allowed but the interpreter must not use the additional time to introduce new material.

5.6 The minutes of the meeting will record the members and officers present at the meeting and record any declarations of interest made by members or officers.

6. PUBLIC SPEAKING

6.1 Where a planning application is reported on the “Planning Applications for Decision” part of the agenda, individuals and organisations which have expressed views on the application will be sent a letter that notifies them that the application will be considered by Committee. The letter will explain the provisions regarding public speaking. The letter will be posted by 1st class post at least five clear working days prior to the meeting.

6.2 When a planning application is reported to Committee for determination the provision for the applicant/ supporters of the application and objectors to address the Committee on any planning issues raised by the application, will be in accordance with the public speaking procedure adopted by the relevant Committee from time to time.

6.3 All requests from members of the public to address a Committee in support of, or objection to, a particular application must be made to the Committee Clerk by 4.00pm one clear working day prior to the day of the meeting. It is recommended that email or telephone is used for this purpose. This communication must provide the name and contact details of the intended speaker and whether they wish to speak in support of or in objection to the application. Requests to address a Committee will not be accepted prior to the publication of the agenda.

6.4 Any Committee or non-Committee member who wishes to address the Committee on an item on the agenda shall also give notice of their intention to speak in support of or in objection to the application, to the Committee Clerk by no later than 4:00pm one clear working day prior to the day of the meeting.

6.5 For objectors, the allocation of slots will be on a first come, first served basis.

6.6 For supporters, the allocation of slots will be at the discretion of the applicant.

6.7 After 4pm one clear working day prior to the day of the meeting the Committee Clerk will advise the applicant of the number of objectors wishing to speak and the length of their speaking slot. This slot can be used for supporters or other persons that the applicant wishes to present the application to the Committee.

6.8 Where a planning application has been recommended for approval by officers and the applicant or their supporter has requested to speak but there are no objectors or Members registered to speak, then the applicant or their supporter(s) will not be expected to address the Committee.

- 6.9** Where a planning application has been recommended for refusal by officers and the applicant or their supporter has requested to speak but there are no objectors or Members registered to speak, then the applicant and their supporter(s) can address the Committee for up to three minutes.
- 6.10** The order of public speaking shall be as stated in Rule 5.3.
- 6.11** Public speaking shall comprise verbal presentation only. The distribution of additional material or information to Members of the Committee is not permitted.
- 6.12** Following the completion of a speaker's address to the Committee, that speaker shall take no further part in the proceedings of the meeting unless directed by the Chair of the Committee.
- 6.13** Following the completion of all the speakers' addresses to the Committee, at the discretion of and through the Chair, Committee members may ask questions of a speaker on points of clarification only.
- 6.14** In the interests of natural justice or in exceptional circumstances, at the discretion of the Chair, the procedures in Rule 5.3 and in this Rule may be varied. The reasons for any such variation shall be recorded in the minutes.
- 6.15** Speakers and other members of the public may leave the meeting after the item in which they are interested has been determined.

7. COUNCILLORS EXERCISING THEIR PUBLIC SPEAKING RIGHTS

- 7.1** A Councillor who is a member of the determining Committee and who wishes to address the meeting but has a prejudicial interest is permitted to speak in accordance with Rule 6 above and must immediately leave the room once he/she has finished addressing the meeting. The Councillor cannot remain in the public gallery to observe proceedings on the matter.

8. COUNCILLORS WHO ARE NOT MEMBERS OF THE COMMITTEE

- 8.1** Councillors who are not members of the determining Committee may make written representations to the Council about a planning application in the same way as can any other interested person.
- 8.2** A Councillor who is not a member of the determining Committee but who attends a meeting must declare any personal or prejudicial interest. The declaration of a prejudicial interest will preclude the member from remaining in attendance during consideration of the relevant item but not during the stages set out at Rules 5.3(a) to 5.3(d) above. The Councillor may address the meeting as set out in Rule 5.3(d).
- 8.3** In the event that three or more Councillors register to speak on an application, the Chair may exercise their discretion to limit either the number of

Councillors entitled to speak or the time each Councillor has to speak in order to enable the business of the meeting to be disposed of in the time available. Preference may be given to Ward Councillors who have registered to speak.

- 8.4** A Councillor who is not a member of the determining Committee who speaks at a meeting must include within the speech details of any contact with the applicant, agent, adviser or other interested party and whether or not the speech is made on behalf of such person(s) or any other particular interest.
- 8.5** A Councillor who is not a member of the determining Committee but who is present at a meeting should sit separately from the Committee members, so as to demonstrate clearly that he/she is not taking part in the discussion, consideration or vote.
- 8.6** A Councillor who is not a member of the determining Committee must not communicate in any way with members of the Committee or pass papers or documents to them before or during the meeting.

9. DECISIONS CONTRARY TO OFFICER RECOMMENDATIONS

- 9.1** Where a Committee proposes to make a decision contrary to the officer recommendation (whether for approval or refusal) and that decision would not necessarily be contrary to the provisions of the Development Plan, in order to ensure that members are clear of the basis upon which they are proposing to vote advice from officers should be sought. That advice will be based upon the material considerations that have been heard by the Committee and whether there are grounds that could be defended in the event of an appeal or legal challenge.
- 9.2** Where a vote on the officer recommendation is lost, it is necessary for a new motion to either grant or refuse the application to be proposed. The Committee should receive advice from officers as to the appropriate form that the new motion should take.

10. DECISIONS CONTRARY TO THE DEVELOPMENT PLAN

- 10.1** The law requires that where the Development Plan is relevant, decisions must be taken in accordance with it unless material considerations indicate otherwise. If a Committee intends to approve an application which is contrary to the Development Plan, the material considerations must be clearly identified and the justification for overriding the Development Plan clearly demonstrated. The application will have to be advertised in accordance with Article 8 of the Planning (General Development Procedure) Order 1985 and, depending upon the type and scale of development proposed, may also have to be referred to the Department for Communities and Local Government. If the officer report recommends approval of a departure, the justification should be included, in full, in that report.

- 10.2** If a Committee is minded to make a decision contrary to the officer recommendation (whether for approval or refusal) and that decision would be contrary to the provisions of the Development Plan, such motion may only contain the Committee's initial view and must be subject to a further report detailing the planning issues raised by such a decision. Further consideration of the matter must be adjourned to a future meeting of the Committee when officers will present a supplemental report setting out the proposed new position and explaining the implications of the decision.
- 10.3** If, having considered a supplemental report, the Committee decides to determine the application contrary to the Development Plan, a detailed minute of the Committee's reasons, which as a matter of law must be clear and convincing, shall be made and a copy placed on the application file.

11. DEFERRALS

- 11.1** Where it is necessary to defer the determination of an application, the matter will be placed on the list of "Deferred, Adjourned and Outstanding Items" in the agenda to enable further consideration as soon as possible. Generally where the reason for deferral does not involve any substantive new information being brought before the Committee (for example, following deferral for a site meeting or clarification of an issue) the Committee will be updated by means of the addendum update report and can usually proceed to determine the application at the next meeting. In such circumstances at the re-convened consideration there will be no further public speaking pursuant to Rule 6.
- 11.2** Where deferral is for a more substantive reason (such as renegotiating part of the proposal) then it would generally be appropriate for a fresh report to be presented to the Committee in the "Planning Applications for Decision" part of the agenda in order to ensure that that the Committee is apprised of all material considerations. Where a new full report is presented to Committee, public speaking pursuant to Rule 6 is permitted.
- 11.3** Such applications will be placed on the list of deferred items at the beginning of the agenda so that the Committee has a record of all applications that stand deferred.
- 11.4** Where an application is deferred and its consideration recommences at a subsequent meeting only Members who were present at the previous meeting will be able to vote. If this renders the Committee inquorate then the item will have to be reconsidered afresh. This would include public speaking rights being triggered again.

12. SITE VISITS BEFORE A COMMITTEE MEETING

- 12.1** It is advisable that members are familiar with the sites of the applications on the agenda to enable them to make informed decisions on the planning

applications before them and to avoid deferring those decisions pending site visits.

- 12.2** Where members visit the site themselves before the meeting, care must be taken to ensure that they comply with the Planning Code of Conduct at Part 5 of this Constitution. Such visits should be carried out discreetly and members should not make themselves known to the applicant or to neighbours. Accordingly members should avoid going onto the actual application site or a neighbouring property. The reason for this is that contact between a member of the Committee and the applicant or a local resident could be misinterpreted as lobbying. If such contact is made this should be declared in Committee, but this should not in itself prevent that member from taking part in the consideration of that application, provided that the member has followed the advice in the Planning Code of Conduct.

13. FORMAL SITE VISITS BY THE COMMITTEE

- 13.1** A formal site visit will be arranged where the Committee have resolved on a majority vote to visit the site or if in the opinion of the Corporate Director, Place a site visit is recommended. Site visits should only be selected where there is a clear and substantial benefit to be gained.

- 13.2** The procedure for formal site visits by the Committee shall be as follows:

- (a) Arrangements for visits will not normally be publicised or made known to applicants, agents or third parties.
- (b) Where permission is needed to go on land, contact will be made with the owner by officers, but the owner cannot take any part in the visit, other than to effect access onto the site.
- (c) The purpose of a site visit is to enable Members to inspect the site and to better understand the impact of the development. The Committee must not receive representations or debate issues during a site visit.
- (d) An application cannot be determined at a formal site visit by a Committee and must be considered at the next appropriate meeting of the Committee.
- (e) The Committee Clerk will make a note of the meeting and include it in the Update Report.
- (f) Failure to attend a Formal Site Visit shall not bar a Member from voting on an item at the meeting that considers the item provided the Member is satisfied that he/she is sufficiently familiar with the site.

14. DELEGATED POWERS

- 14.1** The recommendations in the reports to Committees do not set out the full wording of planning conditions or reasons for refusal, but are a summary of them. This communicates the details of the recommended decision more clearly than many pages of detailed conditions or grounds. It is for the

Corporate Director, Place, to communicate the detailed wording to applicants pursuant to delegated powers. Where a particular concern about the precise wording of a condition or ground has been expressed at a meeting the Corporate Director will make the final wording available for inspection.

- 14.2** At the beginning of the agenda there is a general resolution to give delegated powers to the Corporate Director, Place, to vary or add conditions or reasons for refusal. The reason for this is that there can sometimes be a delay before a decision is issued (such as waiting for the signing of a legal agreement or views from the Mayor of London) and something may arise which necessitates a minor amendment or an addition. Power is delegated to the Corporate Director to obviate the need for further reference to Committee and delay to the process. The exercise of the power by the Corporate Director must not exceed the substantive nature of the Committee's determination and any amendment or addition which would do so shall be referred back to the Committee.

15. REFERRAL TO COMMITTEE OF A PLANNING APPLICATION DELEGATED TO THE CORPORATE DIRECTOR, PLACE

- 15.1** Any planning application which would be determined under delegated powers may be referred to the Development Committee pursuant to the following procedure.
- 15.2** Within four weeks of the date of a planning application first being publicised any four Members of the relevant Committee may request that the application be referred to the Committee for determination by completing and signing a Planning Application Referral Request which shall be delivered to the Service Head, Development Decisions.

- (a) To consider each application of adopters for approval and to recommend whether or not a person is suitable to act as an adoptive parent. (Where it recommends the approval of an application **it can advise** on the terms on which the approval is given). The panel has the added responsibility of being able to **recommend the termination** of the approval status of a prospective adopter.
- (b) To make recommendations in relation to a 'match' of an adopter with a child. The adoption panel makes a considered recommendation, taking in to account all of the relevant information sent through to them. The relevant documentation is sent out to the panel members at least ten working days in advance of the actual panel date.

- (a) A quality assurance function reporting back to the agency every six months in relation to the assessment process and the quality of reports being presented to the panel, including checking whether the requirements of the Restrictions on the Preparation of Adoption Reports Regulations 2005 are being met. In particular, monitoring and review of the work carried out by assessors: to provide feedback; to identify problems; and to ensure there is a consistency of approach in assessment across the service, and that

assessment is fair to all applicants and has been completed in a thorough and rigorous way.

- (b) Monitoring the range and type of adopters available to Tower Hamlets in comparison with the needs of children requiring adoptive placements and monitoring time scales according to set standards. Where these timescales have not been met, recording accurately the reason for delay.
- (c) Ensuring the written minutes of panel meetings are accurate and informative, and clearly cover the key issues and views expressed by panel members. The minutes should record the panel's recommendation, the reasons for its recommendation and its advice. The panel chair is responsible for checking the accuracy of the minutes, ensuring they are sufficiently full, and give the actual recommendations from the panel meeting.
- (d) Exploring the support offered to adopters and post- and pre-placement children and making recommendations accordingly

Time Scales

Tower Hamlets is committed to minimising delay in all aspects of its adoption service. We are committed to meeting the following time scales:

All necessary information is provided to panel members at least five working days in advance of panel meeting to enable full and proper consideration.

Minutes must be produced promptly, agreed by the panel members and sent to the agency decision maker (ADM) to allow the decision to be made within seven working days of the receipt of the panel's recommendation and final set of panel minutes.

The Prospective Adopters:

- (a) Within two working days written information sent in response to their enquiry. (NMS allows five working days)
- (b) Within two months, a home-visit is undertaken / a follow up interview with a social worker takes place and/or an invitation to an information meeting is offered.
- (c) Within six weeks from the completion of their assessment report, the adoption panel should receive all necessary information from the agency.
- (d) Within eight months of the receipt of their formal application the panel should make a considered recommendation on the suitability of a prospective adopter to adopt. A determination about their suitability to adopt should be made by the agency, following the adoption panel's considerations and recommendation.

Matching and Placement:

The following time-scales should be adhered to, taking into account the individual child's needs:

- (a) Within *six months* of the Agency Decision Maker deciding that the child should be placed for adoption, a match with suitable adoptive parents should be identified and recommended by the panel.
- (b) Within *three months* of the agency deciding that the child should be placed for adoption, where a parent has requested that a child aged less than six months be placed for adoption, a match with suitable adoptive parents should be identified and approved by the panel

Where Tower Hamlets fails to meet these time scales the panel can explore the reasons with the presenting social workers and record the reasons in the written minutes of the panel.

If Tower Hamlets considers that any member of the adoption panel is unsuitable or unable to remain in office we will terminate their period of office in writing. This can only be done with agreement from Divisional Director Children’s Social Care.

The panel’s professional adviser is responsible for maintaining records and checks of all panel members. Prior to appointment, each prospective member should be inducted and formally interviewed to ensure they understand their role, task and responsibilities. If required the panel adviser should advertise for appropriate members.

Guidance requires each panel member’s performance to be reviewed annually, by way of an appraisal. This will be conducted by the Agency Adviser to the panel and the Panel Chair

All those on the central list need to be given the opportunity to attend a training day with agency’s adoption staff annually. The expectation of attending this should be included in their written undertaking.

Reaching a Recommendation

The Adoption Panel cannot sit unless they are quorate. To be quorate the following must meet as a panel:-

- (a) The Chair or Vice Chair.
- (b) The panel must also have a social worker, (with three years post-qualification experience),
- (c) Three other members. If the chair is not present and the Vice Chair who is chairing the meeting is not independent of the agency, at least one of these members must be an independent person.

During meetings the Chair should ensure that each panel member has an opportunity to raise any appropriate matter, comment and to participate fully. Following discussion each member should be asked in turn whether or not he/she supports a proposed recommendation. An attempt should be made by the chairperson to facilitate the panel reaching a consensus. This will not always be possible.

It is the Panel Chair's role to ensure that panel members take a consistent approach. Often, an evenly divided panel will suggest that there is sufficient doubt to prevent the panel making a confident recommendation. In a matching recommendation the balance of the panel's recommendation should always favour the best interest of the child. If the panel cannot reach a consensus the panel chair has a casting vote.

Where there is a serious difference of opinion amongst members, the chairperson may ask for more information to be made available to the panel before a recommendation is made. The panel chair should ensure a record of significant reservations expressed by individual panel members is made within the minutes.

In the event of the majority of the panel not supporting a recommendation then the recommendation should not be made and the reasons clearly recorded.

The Agency Decision-Maker (*For further reference see SG3 67-69*)

No panel member may take part in the agency decision.

In Tower Hamlets the agency decision-maker is the Divisional Director Children's Social Care. In the absence of the Divisional Director Children's Social Care the Service Manager, Child Protection & Reviewing will act as their deputy.

The Divisional Director Children's Social Care (the Agency Decision Maker) should receive the panel papers prior to the panel considering them. In the case of CPR's these should be provided by the panel clerk with the Medical and Legal

reports, plus other documentation as agreed by the Panel Adviser within the same timetable for other panel papers. The agency's decision maker must make the decision within seven working days of receipt of the panel's recommendation and final set of panel minutes. (The same time frame exists for decisions relating to CPR's.) These must have been produced promptly and a hard copy be given to the ADM by the panel clerk. Prior to making a decision the agency decision-maker may meet/ seek clarification on any of the panel processes or recommendations from either the Panel Chair or Adviser.

The agency decision must be communicated to the birth family member and prospective adopters orally within two working days of the agency decision and in writing within five working days. The oral notification should be given to the birth family by the child's social worker and by a PAST social worker in the case of prospective adopters.

If the agency decision-maker considers that a person is not suitable to act as an adopter they shall:

- (a) Write to them giving notice that they propose not to approve him/her, together with full and detailed reasons for the determination.
- (b) Invite him/her to make any written representations within forty working days of the decision.

In the event of receiving no written representations then the decision will be confirmed.

In the event of written representations being made, the ADM may invite the prospective adopter to meet to discuss their case.

The ADM may instead refer the case to the next possible Adoption Panel for consideration with the original panel papers. The prospective adopter must be invited to this panel. The panel should then make a further recommendation to the agency decision-maker. The agency decision-maker will then write to the adopter either a) giving approval or b) giving written reasons for the decision not to approve.

In the event of a decision not to approve then the person it concerns should be further advised of the Complaints procedure and given information about the Independent Review Mechanism

The panel cannot make any in principle recommendations.

Panel Minutes

These must be taken by the Panel Clerk and meet the following stipulations:

- (a) Be a full and accurate summary of any discussion within the panel.
- (b) Be agreed and signed off by the Panel Chair as accurate.
- (c) Clearly record any differences of opinion in relation to a panel

recommendation.
(d) Record recommendations and advice accurately as dictated by the Panel Chair.

Training should be available to the panel clerk to assist them in taking accurate minutes. In their absence another suitable experienced administrator will be required to cover.

Expenses

Those independent members who are not employed by a partner organisation should receive an expense payment of £100 plus travel per panel. This is paid by the London Borough of Tower Hamlets payroll.

Frequency and Venue

The Adoption Panel will meet twelve times a year usually for a period of not more than four hours. It will be held at a suitable venue with an appropriate waiting area for Social Workers and applicants.

Emergency Panels

An emergency Permanency Panel can be set up at any time providing it is quorate and is chaired by either the Panel Chair or the Vice Chair.

Feedback on Quality

Any member of the panel has two ways in which they can give feedback on the quality of assessments and work.

- (a) Informally: Before, during or after panel the professional advisor who will take back the panel members' feedback and use it to inform management practice.
- (b) Formally: This can be put in writing to the Service Manager Children's Resources via the panel chair or to the Divisional Director Children's Social Care.

Social Workers and Adopters Attending Panel

The Social Worker that has completed the assessment and/or their line manager must attend Panel. Adopters have the opportunity to attend Panel when their assessment is considered. The purpose of this is to:

- (a) Demystify the Panel process and membership.
- (b) Provide an opportunity for carers to make representations and ask questions.
- (c) Questions should come only from the Panel Chair and should be designed only to seek clarification in areas not clear. They should not replace the

written assessment as a way of gathering information.
(d) Their strengths should be highlighted where possible.

Adopters may also attend Panel if they are being recommended for a match with a particular child or children. Carers who wish to be matched to a child but have been turned down by Tower Hamlets may not attend

The Social Worker who has completed the assessment should answer questions that relate to the assessment. They should consequently come prepared to verbally support their assessment. A leaflet explaining the process to the carers attending the panel is available from PAST.

Training

Training for Panel members should come in three forms:

- (1) A briefing/training session prior to starting as a panel representative.
- (2) Attendance at an annual training day. When appropriate additional training days should be provided to panel members.
- (3) Regular facilitated sessions/presentations or discussions at panel on subjects designed to ensure that the panel maintains the level of knowledge required to be effective.

The content of training should be defined by the panel itself and facilitated by the Panel Adviser.

Appeals

If the Applicants are not satisfied by the recommendation or are not in agreement, in addition to the information in the letter from the agency (SG3.65) they should be given a full explanation by their social worker and given information on what action they can take

- (a) Follow the Tower Hamlets Complaints Procedure.
- (b) Make representations to the agency in writing within forty working days of the receipt of the letter outlining the qualifying determination.
- (c) Make an application to the Independent Review Mechanism (see link in letter from ADM and IRM leaflet). The applicant's link worker may provide this leaflet.

Referral to the Adoption Register

The primary objective of PAST is to provide a service to the children who need permanent families within the borough. In accordance with the adoption standards we aim to reduce the delay in matching children with the adoptive families approved by the team.

After a family has been approved at the panel the assessing social worker will actively search for a suitable match. The assessing social worker must advise the adopters about the National Adoption Register and refer the adopters to the register if no match is found within three months of the adopters' approval

The referral form must be completed and sent to the National Adoption Register.

The adopters can now make a referral to the register and must be advised to do so.

Referral to the Consortium

The principle of no delay for children can only be achieved when resources are shared. This is the aim of the North East London Adoption Group. The PAST administration should send out a list of all adopters who have been approved to the consortium members on a monthly basis. It is the responsibility of the supporting social worker to ensure that the family's details are given to the administration team to be made a part of the circulation as soon as they have been approved.

The Fostering Panel Procedures

Legislation: Children Act 1989 and Arrangements for Placement of children (General) Regulations 1991

National Minimum Fostering Standards and Fostering Services Regulations 2002, amended in 2009

Applies to: Fostering Panel members, social workers and managers

Applies from: April 2011

As a registered fostering agency, Tower Hamlets is required to run a fostering panel.

1. This Guidance and Procedure should be used by:

- The panel chair person, panel members and panel advisers to guide their practice and decision-making
- Social workers presenting reports to panel
- Managers within the fostering service
- The agency decision-maker

2. Relevant Fostering Standards and Regulations

Of particular relevance to this guidance are:

- Standard 14: Fostering Panels and the fostering service's decision-maker
- Regulation 23: Constitution and membership of fostering panel
- Regulation 24: Meetings of a fostering Panel
- Regulation 26: Assessment of prospective foster parents
- Regulation 27: Approval of foster parents
- Regulation 28: Reviews and terminations of approvals

3. Membership

There is no requirement for the panel to have a fixed membership, although the ability of the panel to function cohesively and with a level of consistency must be taken into account. There is no limit on the number of people who may be included on the list. Membership should include:

Member 1: Panel Chair

This will be a person who is independent of the direct line management of Tower Hamlets' fostering service. The chair should hold a recognised social work qualification and be experienced in chairing complex meetings involving the rights

and needs of looked after children. The Chair will sign a contract for each term of office and receive a fee on receipt of an invoice. See attached document.

Many of the following tasks and responsibilities are carried out in conjunction with the panel adviser.

- Attending pre-panel meetings in order to ensure the quality and relevance of reports submitted to panel
- Deciding who will attend panel, including observers and others involved in presenting cases
- Ensuring that all panel members participate fully and where possible a consensus is reached. Where there are serious reservations, the chair should ensure these are recorded in the minutes and attached to the panel's recommendations.
- Considering the continued membership of panel members who appear to be unfit, unwilling or unable to continue
- Managing the process when a panel member declares an interest in a case
- Being involved in deciding when an extra panel may need to be convened to consider an urgent matter
- Being involved in the appointment, induction and appraisal of panel members
- Taking responsibility to ensure that the panel is clear about the reasons for its recommendations and that these and the minutes are accurately recorded
- Monitoring the attendance of panel members to ensure that they all maintain an attendance level of at least 75%
- Being involved in the preparation of an annual report summarising the work of the panel and fostering team
- Attending a quarterly meeting with the agency decision-maker to discuss any issues arising from panel and the cases presented to it. One of these meetings will constitute the annual appraisal which will review the chair's strengths and areas of development and any suggested improvements in the department's practice
- Ensuring that the panel works within Tower Hamlets' guidance and policy and that the child's needs always remain paramount

Member 2: Vice Chair

This will normally be the Service Manager for Children's Resources. In the event that there is no-one in this post then another Service Manager with suitable experience should take this role until such a time as the post is filled. The role of the vice chair is to deputise for the panel chair in their absence.

Members 3 & 4: Team Managers or Practice Managers

Of the two social work representatives, one should have expertise in the provision of children's social care and the other in the provision of a fostering service.

Member 5: Elected Member

This is a person elected to Tower Hamlets council.

Member 6: Medical Adviser

The medical adviser should have experience in child health. The agency medical adviser may delegate the panel role to an appropriate person, for instance a CLA nurse.

Member 7: Foster Carer

This is an independent member, who should have experience of being a foster carer for another provider within the last two years.

Member 8: Looked After Child or Parent of Looked After Child

This member is independent and should have previously been a looked after child or have had a child who was placed in public care. He/she must be over 24 or their child should have left public care a minimum of 5 years prior to appointment to the panel. The service should have been provided by a borough other than Tower Hamlets.

Independent members will receive a fee.

Member 9: Disabled Person or Parent of Disabled Child Who Has Received a Short Break Service

If this post is filled by a disabled person, he/she can be independent or a Tower Hamlets' employee; however, if they are in receipt of a short break service, this should be provided by another borough.

Member 10:

This should be a person with expertise in education and can be an independent member or employee of Tower Hamlets.

At least four panel members should be independent. Independent members will receive a fee on receipt of an invoice. See attached document.

Advisers

Adviser 1: Professional Adviser

This should be the team manager of one of the fostering teams or a discrete role within the Family Placement Service. The adviser's role includes:

- Advising the panel on issues of practice and regulation

- With the chair ensuring that reports presented to the panel are of a consistent standard
- Supporting the chair with their role as described above
- Producing the annual report
- Providing management information to enable the panel to monitor the range of carers available in comparison with the children looked after population and trends in recruitment and retention
- Providing updates on cases presented to panel
- Ensuring that the panel clerk carries out their role efficiently
- Arranging panel training
- Drafting decision letters to foster carers and applicants
- Keeping personnel records for all panel members
- With the chair raising issues of behaviour or attitude with panel members as they arise.

The panel adviser is not a voting member.

Adviser 2: Legal Adviser

The purpose of this role is to provide legal advice to the panel as requested. This adviser is not required to attend every panel, but should receive the papers and forward comments to the panel adviser.

Adviser 3: Medical Adviser

The panel should have access to medical advice, either by the medical adviser being a panel member or by providing written advice on the health of applicants and foster carers. The medical adviser will also be able to offer information about the health of children being matched with long term foster carers.

4. Appointment of Members

When appointing new members, consideration should be given to maintaining the diversity of the panel in terms of ethnicity, gender and knowledge and experience.

New members are appointed by the Head of Children's Social Care. All members should receive a letter of appointment. All members should supply two references and photographic ID, such as a passport or driving licence. They are also required to have a Criminal Records Bureau check on a three yearly basis. In the case of elected members, they can opt for the Head of Children's Social Care to carry out this procedure.

Independent members should complete an application form and be interviewed by the chair or vice-chair and the panel adviser.

All members should receive detailed guidance and an information pack about the role. They should be invited to observe a panel before becoming a full member.

Panel Membership Agreement

On appointment, panel members should sign an agreement which will include the following in their agreement:

- Attend at least 75% of panels per year
- Participate in induction and training
- Safeguard the confidentiality of written and verbal information
- Declare an interest if they have either a personal or professional knowledge of the case under consideration
- Adhere to anti-discriminatory practice and Tower Hamlets Equal Opportunities policy
- Read papers carefully and be prepared to contribute to panel discussion
- Undertake CRB checks on a three yearly basis and inform Tower Hamlets immediately if they have been charged, convicted or cautioned for any criminal offence or if any criminal proceedings are pending
- Give one month's notice of their intention to resign
- Participate in the annual appraisal process for panel members

Appraisal of panel members

Fostering panel members should have a yearly appraisal conducted by the chair and the panel adviser. The ADM (Agency Decision Maker) will carry out the chair's appraisal. The process will consider strengths, developmental areas and review the members' suggestions for improvements by the agency. It should also address, where appropriate, renewing membership at the expiry of the term of office and deal with any issues of practice.

Any concerns about performance, behaviour or attitude should be discussed and recorded in the appraisal.

Tenure of Office

There is no prescribed maximum or minimum tenure, although the fostering service should plan and manage turnover in such a way that it avoids the need to replace a large proportion of the members in any one year. Members should give one month's notice of their intention to resign.

Where there is concern that any member of the fostering panel is unsuitable to remain in office, this should be discussed with them, usually by the chair and panel adviser. If there are concerns about the performance of the chair, these should be discussed with them by the ADM and panel adviser. If the concerns continue, the member can be given notice in writing by the ADM.

5. Work of the Fostering Panel

The Fostering Panel meets monthly for up to 6 hours. There is an option for an overspill panel to be held on the second Tuesday of each month if there is too much work to be dealt with in one panel.

The Fostering Panel undertakes the following work generated by the Recruitment and Assessment Team, the Fostering Development Team, the Permanency and Adoption Support Team and the Kinship Care Team:

- Approvals of new short term, long term, short break, remand, teenage and when needed of connected persons;
- Annual foster home reviews;
- Specific Issue reports with regard to existing foster carers, including termination of approvals;
- Matches between long term foster carers and children looked after;
- A connected person who is approved as a foster carer is often referred to as a family and friends carer. Subject to the successful completion of the assessment or checks set out in regulation 24(2), the connected person may be approved as a local authority foster carer for a period not exceeding 16 weeks. Regulation 25 of the 2010 regulations sets out the circumstances in which, exceptionally, the period of temporary approval may be extended for a further 8 weeks. This period has been set to allow a sufficient time for the full approval process to be undertaken, including any criminal record checks required;
- Variations and exemptions with regard to foster carers' approval criteria.

The panel has the following areas of responsibility:

- To consider each application for approval and recommend whether or not the person is suitable to act as a foster carer and the terms of approval.
- To recommend whether a foster carer's terms of approval remain appropriate. Annual foster home reviews and specific issues reports following allegations can be signed off by the chair but need to be presented to the panel in the following circumstances:
 - First review and every following third review
 - Following allegations or child protection concerns, whether this is proven or unsubstantiated
 - If a significant change of approval or termination of approval is requested
 - On any other occasion if requested by the panel or the fostering service
- To consider matches between long term foster carers and looked after children
- To give advice at an early stage of the fostering assessment, if there are questions with regard to whether the applicant would ultimately be approved
- To hear appeals from applicants whom the fostering team has turned down
- To make a recommendation in relation to the deregistration of any foster carer and hear representations made by the carer, which are received within 28 days

- To monitor the range and type of foster carers available to Tower Hamlets in relation to the profile of children needing foster carers (Standard 13.6)
- To consider management information about the outcome of foster home reviews (Standard 30)
- To oversee the conduct of assessments and monitor the quality of reports (Standard 13)
- To give advice and make recommendations on any other matter or case that the fostering service feels is appropriate to refer to the panel

Quoracy

The fostering panel cannot make recommendations unless it is quorate. To be quorate, there must be at least 5 members present, including either the chair or vice-chair. At least one Tower Hamlets social worker and at least two independent members must be present.

To ensure that the panel is quorate the panel clerk will check availability of members prior to each panel and inform the panel adviser if any difficulty is anticipated.

Panel Process

Before any case is discussed, panel members should declare any conflict of interest that may arise and a decision should be made by the chair in consultation with the panel adviser as to whether the panel member should withdraw.

Having read the papers, panel members will attend the meeting with comments and questions they would like to raise. There will be a preliminary discussion on each case, whereby the chair will ascertain the views of panel members and any questions or points of clarification required. Questions should seek clarification in areas which are not clear and should not replace the written reports as a way of gathering information.

The chair will go to the waiting room to introduce themselves and welcome the applicant or foster carer to the Panel. The social workers and their line managers will be asked into the room first, if it is felt that there are questions which would be better posed without foster carers or applicants being present. Afterwards applicants or foster carers will be invited into the room and will be asked questions about any further points of clarification. It is important to highlight strengths wherever possible.

The professionals and foster carers or applicants will be asked to leave while the panel considers its recommendation, after which the chair will inform them of the outcome.

Making a Recommendation

The panel can make a positive or negative recommendation or recommend a deferment.

During meetings the chair should ensure that each panel member has an opportunity to put forward comments and questions. Following discussion each panel member should be asked whether he/she supports a proposed recommendation. The chair should attempt to facilitate the panel to reach a consensus, although this might not always be possible.

An evenly divided panel may suggest that there is sufficient doubt to prevent the panel making a confident recommendation. At such times, the balance of the panel's recommendation should always favour the best interests of children.

Where there is a difference of opinion, the chair may request additional information before a recommendation is made. The panel clerk should record the views of individual panel members.

In the event of the majority of panel members not supporting a recommendation, it should be rejected and the reasons for this clearly recorded.

Termination of Approval

Resignation: The case should be referred to the panel for information with a brief Specific Issue report and a copy of the letter of resignation.

Termination: A full report should be presented to panel detailing the issues and mitigating factors with a clear recommendation. Foster carers should be asked to provide their own written comments and to attend panel.

Where termination of approval is recommended due to serious misconduct or child abuse, the panel should consider whether the foster carer's name should be referred to the Secretary of State for inclusion in the Protection of Children List. This should form part of the recommendation to the ADM.

Exemptions and Variations

Exemptions: The usual fostering limit is three children unless they are part of the same sibling group. Only the local authority in which the carers live can grant an exemption. However, Tower Hamlets Fostering Panel should also be informed at its next meeting and should raise its concerns if it feels that the exemption should not continue.

Variations: If it is decided to place children outside the foster carers' current approval criteria, the panel should be informed at its next meeting. If the arrangement lasts for more than 6 weeks, a full report should be presented to panel.

When considering variations the panel should be mindful that:

- The needs of other children in the placement will continue to be met
- The accommodation is suitable for an additional child
- The foster carer has sufficient support
- The foster carer has the necessary skills to meet the needs of the child

6. The Role of the Agency Decision Maker

In Tower Hamlets, the ADM is the Head of Children's Social Care. No panel member may take part in the agency decision.

The ADM should receive the panel papers prior to the panel. Following the panel, the ADM should receive the minutes and recommendation sheets, signed by the chair within 5 days. Prior to making a decision, the ADM may seek clarification from the panel adviser or the chair.

Following the ADM's decision, the panel adviser will draft letters to foster carers and applicants with regard to the outcome, the reasons for the decision and the details and current status of their approval. These should be signed by the ADM.

If the ADM considers that a person is not suitable to act as a foster carer or that there needs to be a change to the approval, the letter should inform the applicant/foster carer of the decision and the reasons and inform him/her of their right either:

1. To make written representations to the ADM within 28 days of the date of the letter, setting out why he/she does not agree with the decision.

Or

2. To apply to the Independent Review Mechanism (IRM) for a review of the decision.

Option 1

If written representations are received, the case should be referred back to the earliest possible fostering panel. The applicant/foster carer should be encouraged to attend to present their case. The panel should make a further recommendation to the ADM, taking into account the content of the representations. Once the ADM has made their decision, the panel adviser will draft a letter with the decision and the reasons to inform the foster carer/applicant of the outcome. This decision is final. A copy of the letter should be sent to the local authority in which the carer lives, if this is outside Tower Hamlets.

Option 2

If the person requests a review by the IRM, their recommendation will be considered by the ADM, who can either uphold or reject it. A letter will be sent to the foster carer or applicant outlining the reasons for the decision.

In the event of a decision not to approve, the person concerned should be informed about the Complaints Procedure, which will be able to consider whether the process was fairly carried out, although the decision itself cannot be changed.

If the ADM does not receive any representations and the IRM is not requested to carry out a review, the ADM decision will stand.

7. The Role of the Panel Clerk

The role includes the following tasks:

- Produce an annual schedule of panel meetings, pre-panel meetings and submission dates
- Pre-book the venue and waiting room for the pre-panel and panel for the year ahead
- Maintain a panel booking system, including a process for urgent cases
- Contact panel members to ensure that the panel will be quorate
- Attend the pre-panel meeting and prepare, print and send out the agenda to panel members
- Notify social workers, supervising social workers, applicants and foster carers of the time at which their cases will be heard
- Order lunch for panel members and refreshments for attendees
- Ensure panel members sign the confidentiality statement, which also acts as a register of attendance
- Take minutes of discussion at panel and record recommendations as dictated by the chair
- Record any amendments to panel minutes and bring the amended copy of minutes from last but one panel for the chair to sign
- Collect papers from panel members and dispose of these in a way that maintains confidentiality
- Submit draft minutes to panel adviser and make corrections as required
- Ensure that agency decision-maker receives minutes and recommendation sheets in order that he/she can ratify or reject the panel's recommendations
- Print and send out letters, written by panel adviser, to applicants and foster carers about the decisions
- Provide supervising social workers with copies of decision sheet, minute and letter with regard to the case with which they are concerned

- Send out questionnaires to social workers and foster carers who have attended panel to elicit their views about the process and any improvements that could be made
- Maintain the archive of panel papers and separate files of decision sheets and letters
- Send out agendas to panel members ten days in advance of the panel using security bags and a recorded delivery service

Administrative workers in the Recruitment and Assessment Team, Fostering Development and Kinship Care Team should be familiar with the panel process and able to cover for the panel clerk in their absence.

Panel Minutes

These will be taken by the panel clerk and should:

- Record the key issues and views of panel members
- Clearly record differences of opinion in relation to a panel recommendation
- Record recommendations with regard to approval criteria and the reasons
- Be written up in draft form within 3 days of the panel
- Be checked by the panel adviser prior to inclusion in the next panel agenda
- Be agreed as an accurate record at the next panel meeting and a corrected copy signed by the panel chair

8. Emergency Panels

An emergency fostering panel can be set up at any time providing it is quorate and is chaired by either the chair or vice-chair.

9. Pre-panel Meeting

The pre-panel meeting will be held approximately two weeks prior to each panel. Its role is to consider the reports submitted and to flag up omissions and inaccuracies, thus ensuring more efficient use of panel time.

- Two copies of panel papers should be submitted approximately three weeks before the panel date according to the schedule, maintained by the panel clerk
- The panel clerk will send one copy of the papers to the chair and give one copy to the panel adviser
- The pre-panel should be attended by the chair, panel adviser, manager or practice manager of the Fostering Development Team and manager or practice manager from the Permanent Placements Team (if relevant) and the panel clerk
- A decision will be reached with regard to which reviews can be signed off by the chair and which should be presented to panel
- Additional information or corrections to reports will be requested
- An agenda for the forthcoming panel will be drawn up

10. Observers

One observer may attend panel with the agreement of the chair, provided they have a professional reason for attending and sign and adhere to the confidentiality agreement.

11. Training

Training for panel members should come in three forms:

- A briefing prior to starting as a panel member
- Attendance at an annual training day. When considered appropriate additional training days should be provided to panel members
- Regular presentations or discussions at panel on subjects designed to ensure that the panel maintains the level of knowledge required to be effective. Panel members can also attend training from the Foster Carers' Training Manual.

The content of the training should be defined by the panel itself and facilitated by the fostering service.

Pensions Board Procedures

Introduction

1. This document sets out the terms of reference of the Local Pension Board of the London Borough of Tower Hamlets (the 'Administering Authority') a scheme manager as defined under Section 4 of the Public Service Pensions Act 2013. The Local Pension Board (hereafter referred to as 'the Board') is established in accordance with Section 5 of that Act and under regulation 106 of the Local Government Pension Scheme Regulations 2013 (as amended).
2. The Board is established by the Administering Authority and operates independently of the Committee. Relevant information about its creation and operation are contained in these Terms of Reference.
3. The Board is not a committee constituted under Section 101 of the Local Government Act 1972 and therefore no general duties, responsibilities or powers assigned to such committees or to any sub-committees or officers under the constitution, standing orders or scheme of delegation of the Administering Authority apply to the Board unless expressly included in this document.
4. Except where approval has been granted under regulation 106(2) of the Regulations the Board shall be constituted separately from any committee or sub-committee constituted under Section 101 of the Local Government Act 1972 with delegated authority to execute the function of the Administering Authority.

Interpretation

5. The following terms have the meanings as outlined below:

'the Act' The Public Service Pensions Act 2013.

'the Code' means the Pension Regulator's Code of Practice No 14 governance and administration of public service pension schemes.

'the Committee' means the committee who has delegated decision making powers for the Fund in accordance with Section 101 of the Local Government Act 1972 (i.e. the Pensions Committee at LBTH).

Panel membership will be reviewed on an ongoing basis to reflect governmental policies, initiatives and the needs of the community. A private fostering panel member shall hold office for a term not exceeding three years, and will be reviewed by the panel chair after two consecutive terms to ensure their continued suitability to fulfil their panel membership role.

7. Checks for panel members

All panel members must have a completed Enhanced Criminal Records Bureau check and, where they are not employed by a partnership agency, they should also provide photographic identification in the form of a passport or driver's licence.

8. Reaching a recommendation

The private fostering panel cannot sit unless it is quorate. To be quorate, there must be at least three voting members including a panel member not employed by the Children's Directorate and also including either the chair or vice chair.

During meetings, the panel chair should ensure that each panel member has an opportunity to raise any appropriate matter, comment and to participate fully. Following discussion, each panel member should be asked in turn whether or not he/she is satisfied as to agreeing the suitability of the private fostering arrangement. An attempt should be made by the chairperson to facilitate the panel reaching a consensus. This will not always be possible.

An evenly divided panel will suggest that there is sufficient doubt about the suitability of a private fostering arrangement and at such times the panel's decision will always favour the best interests of the child.

Where there is a serious difference of opinion amongst members, the chairperson may ask for more information to be made available to the panel before a decision can be made. The chairperson should ensure that a record is made in the panel minutes of any significant reservations expressed by individual panel members about a particular decision.

In the event of the majority of the panel not supporting a decision then the decision should not be made and the reasons for this clearly recorded.

9. The Agency Decision Maker

The panel chairperson will act as Agency Decision Maker and has the ultimate decision as to whether a private fostering arrangement is agreed as suitable or not. To facilitate this, the Agency Decision Maker may meet or seek clarification on any issue or process from any panel member or adviser.

The Agency Decision Maker will write to the private foster carer concerned within ten working days of the panel sitting detailing their decision.

If the Agency Decision Maker considers that a person is not suitable at that time to act as a private foster carer, he/she shall:

Write to them to let them know the reasons for this decision and detailing any actions(Requirements) they need to take before the arrangement can be agreed;

Invite them to make any written representations within twenty-eight (28) days of the decision.

In the event of written representations being made, then these should be referred to the next possible private fostering panel for consideration with the original panel papers. The panel will then make a further decision. The agency decision maker will then write to the private foster carer either a) giving agreement to the arrangement or b) giving reasons for the decision not to agree.

In the event of a decision not to agree, then the person concerned should be further advised of the complaints procedure and their right to appeal to the Family Proceedings Court.

10. Panel minutes

These must be taken by the panel administrator and meet the following stipulations:

- (a) Be a concise and accurate summary of any discussion within the panel;
- (b) Be agreed and signed off by the panel chair as accurate;
- (c) Clearly record any differences of opinion in relation to a panel recommendation;
- (d) Record recommendations accurately as dictated by the panel chair.

The panel clerk will be based in the Private Fostering Service.

Training should be available to the panel clerk to assist them in taking accurate minutes (if appropriate).

11. Expenses

Those independent members who are not employed by a partner organisation should receive an expenses payment.

12. Frequency and venue

The private fostering panel will meet monthly.

13. Emergency panels

An emergency private fostering panel can be set up at any time providing it is quorate and is chaired by either the panel chairperson or the vice chair. Where this is not possible, the Agency Decision Maker can make an emergency decision on any matter within the remit of the Private Fostering panel.

14. Training

Training for panel members should come in two forms:

1. A briefing/ training session prior to starting as a panel representative.
2. Regular facilitated sessions/presentations or discussions at panel on subjects designed to ensure that the panel maintains the level of knowledge required to be effective as the legislation and guidance changes.

15. Confidentiality

A confidentiality agreement is signed by all panel members.

Safeguarding Adults Board Procedures

1. Introduction

1.1 The Care Act 2014 states that the Local Authority must take the leading role in establishing a Safeguarding Adults Board (SAB). Each local authority must set up a Safeguarding Adults Board (SAB). - (c) It must conduct any Safeguarding Adults Review in accordance with Section 44 of the Act.

4. Membership and Administration
- 4.1 To comply with The Care Act 2014, there must be representation from the following:

55 Council Meeting Filming Protocol

Protocol for Reporting and Filming Council, Cabinet and Committee meetings

Introduction

As set out in the Council Procedure Rules (Constitution, Section 26, Paragraph 22), members of the press and public are welcome to film, audio record, take photographs, use social media or otherwise record or report on (collectively referred to as film/record in this protocol) meetings of the Council, Cabinet and Committees. This facility is important in ensuring the transparency and openness of the Council's decision making.

It is equally important that this filming/recording is done in a way which does not:

- Cause a disturbance at the meeting
- Cause health and safety issues
- Unnecessarily impact on the privacy of members of the public

It should be noted that, unless previously agreed for accessibility reasons, the Council would not normally allow oral reporting/commentary on a meeting as it takes place by someone present at the meeting.

The Speaker/Chair of the meeting will in all cases make the final decision on all matters of dispute in regard to filming/recording meetings.

Webcasting Meetings

The Council webcasts many of its meetings and members of the public may find it easier to link to sections of those webcasts rather than make their own recordings.

Attendance at Meetings

Whilst the Chair of the meeting will look to ensure those present are aware of all filming/recording taking place and request that members of the public gallery are not filmed no guarantee can be given.

Attendees should also be aware that they may be shown in the background of any Council webcast of the meeting they are attending this includes automated and manually controlled webcasts.

Recommended actions for those wishing to film/record meetings by attending physical meetings

It is recommended that all those who wish to film/record meetings follow these guidelines to ensure their approach meets with the smooth running of meetings:

- Read any specific guidance in the meeting agenda.
- Notify the clerk to the meeting at least 24 hours in advance (contact details are printed on the agenda front sheet).
 - In particular, it is important to highlight if you wish to bring larger hardware/equipment as facilities arrangements may have to be made.

- Members of the Press should also notify the Communications team (communications@towerhamlets.gov.uk).

When recording the meeting:

- Do not approach the committee Members or tables, remain at the front of the public gallery or any other location directed by staff and generally follow any instructions given by staff present at the meeting.
- Ensure all equipment is set up in advance of the meeting starting to avoid disruption.
- Avoid the use of flashes, bright lights, noisy equipment or anything which could be distracting.
- Only record those who are actively participating in the meeting.
- Do not film the public gallery.
- Obey any instructions of the Chair of the meeting including on who can/cannot be filmed/recorded.
 - Note that Councillors and officers are excluded from this provision in accordance with the Openness of Local Government Bodies Regulations 2014.

The Role of the Chair of the meeting

Should the Chair determine at any time that the recording or filming the meeting is causing a disturbance or is otherwise inappropriate then they have the authority to request the activity cease.

Should anyone refuse a request to cease or adjust their filming/recording, the Chair will ask the person to leave the meeting. If the person refuses to leave then the Chair may adjourn the meeting or make other appropriate arrangements for the meeting to continue without disruption. This is in line with the meeting conduct procedures set out in the Council Procedure Rules.

Restrictions

You may not film/record:

- Any person(s) who the meeting is informed must not be filmed.
- Any portion of a meeting where a motion has been passed to exclude the press and public.

Whilst officers and others taking part in a Council or Committee meeting can normally be filmed, the Chair may prevent filming of specific individuals where this is necessary. Examples could include cases such as where the individual is a child, or where revealing their identity would impact on their job or could lead to threats or abuse of such an individual.

Publishing content

The Council would expect that those publishing films or recordings made at meetings or from webcast footage would be clear as to the context the recording was made and would not edit the footage in such a way as could lead to misinterpretation or misrepresentation of the proceedings or comments made by attendees.
