Councillor Nathalie Bienfait stated that Appendix A needed to make clear what the question and response was. She said the Democratic Services team had been notified of this administrative error and would going forth ensure this was clearly shown. ## 7. ADMINISTRATION MOTION DEBATE

Councillor Ohid Ahmed moved and Councillor Bodrul Choudhury seconded the motion as printed in the agenda.

Councillor Amina Ali moved and Councillor Rebaka Sultana seconded the following proposed amendment as set out in the supplementary agenda.

Additions underlined Deletions struck through.

### This Council notes:

- ~~• The rising levels of crime in Tower Hamlets since 2015. That Community Safety remains a vital issue for residents across Tower Hamlets borough.~~
- That Tower Hamlets is ranked in the top ten of London's most dangerous Boroughs, ranking third out of a possible thirty-two.
- That, according to 2022 data, serious crimes are on the rise and are much higher than the London average, including Anti-Social Behaviour, Drugs, Robberies and Burglaries and violent crime, including periodic explosions in knife crime and murder.
- According to the latest reported statistics from the Metropolitan Police, homophobic hate crime in Tower Hamlets has increased by 39% in the last 8 months. At the Hate Crime Awareness event run in October 2022 by the Council-funded LGBTQI + forum, residents shared their concerns over safety in Tower Hamlets. This fear within the LGBTQI+ community in Tower Hamlets has increased since the horrific and tragic murder of Roy Kankanamalage last year, and further violence against our LGBTQI+ community in Mile End in July, continues to create fear and terror amongst our residents.
- That it is no coincidence that this rise in crime has coincided with the cuts to police and other key public services in London due to the decimation of neighbourhood policing by 13 years of Conservative government austerity where PCSOs have been halved since 2010, destroying the vital community link between residents and the police and the previous administration's indifference and unwillingness to invest in community safety.
- Despite Government inaction, the previous Labour administration did a lot of work with its partners in the Metropolitan Police Service and other local agencies to ensure that residents were protected from the worst effects of Conservative austerity on community safety.
- That the previous Labour administration invested in council-funded police officers, known as the Partnership Task Force (PTF), and since April 2021 the PTF undertook more than 9,000 hours of uniformed

patrols, issued nearly 200 anti-social behaviour warnings, conducted 376 stop and searches and made 53 detections for possession of drugs or possession with intent to supply.

- The Council's award-winning Violence Against Women and Girls (VAWG), funded by the previous Labour administration, offers vital support for victims of domestic abuse and looked to improve women's safety, offering training sessions to encourage male allyship and reporting of abuse, a new contract with Solace Women's Aid to support victims of domestic abuse, and continued to deliver the sanctuary scheme which allowed domestic abuse victims to stay in their own homes.
- That the previous Labour administration also invested in the Council's CCTV Transformation Programme, a £3.1million investment to upgrade the whole CCTV network to new digital technology, which will increase visibility and allow the Council to better support the police and tackle crime.
- That huge volumes of complaints and concerns have been received by the Mayor at his surgeries and to his office from residents concerned by this increase in crime.
- That crime disproportionately impacts members of the Black, Asian and Minority Ethnic (BAME) communities, ~~and~~ those on the lowest incomes- and members of the LGBTQI community.

**This Council believes:**

- That the residents of Tower Hamlets should be able to walk their streets and live in their homes in the knowledge that they are safe, secure and protected.
- That the fear of crime alone has a corrosive impact on people's day-to-day quality of life.
- That to achieve this sense of security, continued serious investment is required in the Borough's Community Safety services – from Police Officers to Tower Hamlets Enforcement Officers (THEOS) – to ensure that these numbers can be driven down.
- That investment in key services, such as Youth Services, Community Services and third sector groups formulates an equally important part of any preventative strategy to reduce crime rates in the Borough.
- That the Mayor of London has a strong record in tackling crime across London and should the Council is grateful in his continued assistance ~~assist this Council~~ in providing the resources to recruit additional Police Officers.

**This Council resolves:**

- To support the Mayor and his administration to build on the strong record of the previous Labour administration in investing in Community Safety and procuring additional resources to drive down crime rates in the Borough.
- To continue the work of the previous Labour administration which developed a partnership Violence Reduction Plan, and request task Officers with the formulation of a Crime Reduction Plan that pulls together the relevant agencies and combines prevention, intervention and inter-agency cooperation, subject to due process. build on this plan and continue to work in partnership with the police, the voluntary community sector, probation, schools and other community safety partners.
- To continue to work and partner with the Metropolitan Police in the sharing of information and joint-tasking in tackling crime.
- To continue the strong record on tackling crime from the previous Labour administration and support this Administration to invest £2.9million in the recruitment of 40 Tower Hamlets Enforcement Officers (THEOs), £1.6million of investment in recruiting 33 new Police Officers over the next three years and £200,000 in CCTV investment.
- To further invest in the Council's Violence Against Women and Girls (VAWG) Team, to ensure that action is taken by the administration on this important issue, and look at the expansion of the previous Labour administration's Young Person and VAWG focussed enforcement officers.
- To support the LBTH LGBTQI+ forum to conduct a review of safety concerns for the community in Tower Hamlets, and to resolve to end violence against the LGBTQI+ community in Tower Hamlets to truly become a No Place for Hate borough.
- To support an additional £8.5million of investment on top of the existing £3.4million in youth services through the new Young Tower Hamlets programme, a continued significant investment in Drug Treatment Services and a redesigned and rejuvenated Community Grants programme to help strengthen community cohesion in the Borough, which will be open to all and subject to a fair and transparent allocation system, in turn reducing crime and improving standards of living.
- To work with all housing providers in the Borough to improve the safety of housing and estates in Tower Hamlets, through the assessment of existing planning design and the designing out of crime hotspots and blind spots.

Following debate, the amendment moved by Councillor Amina Ali was put to the vote and was **defeated**.

The motion as moved by Councillor Ohid Ahmed was put to the vote and was **agreed**.

## 8. OPPOSITION MOTION DEBATE

Councillor Marc Francis moved and Councillor Amina Ali seconded the motion as printed in the agenda.

Councillor Kabir Ahmed moved and Councillor Harun Miah seconded a proposed amendment to the motion as printed in the tabled papers supplement.

Additions underlined Deletions struck through.

### **This Council believes:**

- ~~Tower Hamlets Homes (THH) has on balance led to a significant improvement in the quality of housing management than was achieved when council housing was last a direct in-house service.~~
- ~~Simply bringing THH back in-house will not deliver the improvements in repairs services and value for money tenants and leaseholders consistently say they want to see.~~

- ~~• Stronger direct accountability to council tenants and leaseholders and to elected councillors is an essential component of the alternative governance arrangements.~~
- ~~• The current arrangements for the democratic oversight of THH's performance are already inadequate and will be even more so if the service is brought back in-house and councillors no longer serve on its Board.~~
- Tower Hamlets Homes (THH) was established as an Arm's Length Management Organisation (ALMO) in 2008 to assist with elevating all Tower Hamlets homes to compliance with the *Decent Homes Standard*.
- That the ALMO model has served its purpose, with Tower Hamlets comprising one of only four London Boroughs who still adhere to the ALMO model.
- That another of these Labour-run Boroughs with the ALMO model (Lewisham) have just voted to conclude their ALMO services and bring housing back in-house.
- That the building of new homes and the tackling of the overcrowding crisis in Tower Hamlets, and the maintenance and improvement of existing stock, was and remains the central pledge of Mayor Lutfur Rahman's transformative *Manifesto*.
- That this is reflected in both the Council's *Strategic* and *Delivery* plans.
- The insourcing of the ALMO would enable the council to deliver services to residents living in social and council housing that meet their needs, and assist in the delivery of this Administration's central pledges around housing.
- That this Administration is confident that the insourcing of Tower Hamlets Homes has overwhelming support from residents.
- That Officers have already begun the necessary processes to instigate a review of housing management functions, that will strengthen accountability and resident and stakeholder engagement with the service if it were to come in-house.

**This Council therefore resolves:**

- ~~• To call on the Executive Mayor to commit to instruct THH/LBTH to proactively organise a minimum of four Tenants & Residents Association meetings on each estate/neighbourhood.~~

- ~~• To call on the Executive Mayor to instruct officers to begin an open and transparent consultation with stakeholders on the level of performance an in-house service would be expected to achieve over the next three years.~~
- ~~• To call on the Executive Mayor to establish and resource either a new Housing Committee of elected councillors to oversee the performance of THH increase the number of meetings of the existing Housing & Regeneration Scrutiny Sub-committee to ten each year, with an expanded membership.~~
- To support officers in the process of insourcing Tower Hamlets Homes, should residents vote to return to the Council.
- To regularly update residents and all related stakeholders on the progress of this process.
- To provide reassurances and updates to all Tower Hamlets Homes staff, to ensure that they are aware that their jobs are safe if the service comes in-house.
- To call on the Executive Mayor to re-establish the Borough wide Tenants Federation with resources.

Following debate, the amendment moved by Councillor Kabir Ahmed was put to the vote and was **agreed**.

The motion as amended by Councillor Kabir Ahmed was put to the vote and was **agreed**.

(**Action by:** Matthew Mannion, Head of Democratic Services to arrange written response)

## **12. TO CONSIDER MOTIONS SUBMITTED BY MEMBERS OF THE COUNCIL**

The Speaker of the Council agreed a request to bring forward Agenda Item 12.4 'Motion on Greenwich Foot Tunnel'

### **12.1 Motion Regarding Greenwich Foot Tunnel**

Councillor Peter Golds **moved** the motion as printed on the agenda. Councillor Maium Talukdar **seconded** the motion. Councillors agreed to hear this motion.

## **DECISION**

**This Council notes** that the Royal Borough of Greenwich voted to approve changes to the Bye Laws relating to the Greenwich and Woolwich Foot Tunnels which it has administered since 1986. However these have never been implemented as no agreement was reached between the council's of Newham, Tower Hamlets and the Secretary of State.

### **The Council further notes:**

Much of the controversy has arisen because of an attempt to permit cycling in the tunnel, despite being prohibited for over eighty years.

The report to Greenwich council stated

“No consultation on the proposals has been undertaken, or considered necessary.

The Friends of Greenwich and Woolwich Tunnels are aware of the proposals.”

It continued,

That with regard to Community Safety there are no significant implications arising from this Report.” and:-

“That with regard to Health and Safety there are no significant implications arising from this report.” Concluding:-

“That with regard to Health and Wellbeing there are no significant implications arising from this Report.”

However, the Department of Transport guidance on shared facilities states:

“Converting a footway or footpath to allow use by cyclists should only be done after a rigorous assessment has been carried out. It is vital to ascertain whether it is the best option or not. This can only be done after all on-road solutions have been fully considered and rejected as unsuitable. If so, the conversion must be carefully designed to meet the needs, as far as is practicable, of all its intended users.”

That it is obvious that no assessment, let alone a rigorous assessment, has been undertaken by the Royal Borough of Greenwich.

That the tunnel is designated as a foot tunnel.

That residents of Tower Hamlets are concerned about the safety implications of cyclists riding through the tunnel, which is extremely narrow in places and

completely unsuited to joint usage by cyclists and pedestrians.

Over the rent holiday period pedestrians were assaulted by a cyclist speeding in the tunnel, oblivious to families and children.

**The Council under this administration, resolves** to undertake a rigorous and impartial assessment as to Health and Safety before approving any changes to the byelaws relating to cycling in the foot tunnel.

The meeting ended at 10.03 p.m.
