A Guide to the Health and Wellbeing Board

The Health and Social Care Act 2012 created a statutory Health and Wellbeing Board (HWBB) in every Upper-Tier Local Authority in England, effective from April 2013. The HWBB is a formal committee of the local authority charged with promoting greater integration and partnership between bodies from the NHS, public health and local government.

The intention of the HWBB is to steer, advise and lead approaches that improve the health and wellbeing of the population of Tower Hamlets. It will seek to do this by encouraging joint work across different services and organisations in the Borough, and by promoting greater integration of health and social care system, as well as services that can help to address the wider determinants of health. In addition, the Board provides democratic oversight and accountability of the local Health & Care Partnership and Tower Hamlets Together (THT).

The HWBB sets out its plans for improving the health of local population through a statutory Health & Wellbeing Strategy. In the current strategy (2021-2025), the HWBB sets out its key improvement principles for the local system as well as its ambitions for local residents

The quorum of the Board in the Terms of Reference is a quarter of the membership.

Public Engagement

Meetings of the committee are open to the public to attend, and a timetable for meeting dates and deadlines can be found on the council's website.
