EXECUTIVE SUMMARY

- 1.1 The purpose of this report is to seek a mayoral decision to approve the community Chest and Community Events grants awards in 1& 2 as recommended by the Corporate Grants Programme Board at its meeting of 11 April 2013.
- 1.2 The approval sought is not regarded as a key decision for the following reasons.
- 1.3 The amount of funds being proposed in this round of awards is insufficient compared with the overall amount of third sector grants. In the current financial year, total awards amount to £6.8m.
- 1.4 The Community Chest and community events grant awards currently proposed together total some £370, 000. This represents less than 6% of grant awards in the current year.
- 1.5 Individual projects that make up these awards are not significant in themselves given that they are not targeted at any one specific group. Furthermore, the maximum award in each individual case is: £10,000 for Community Chest projects and £5,000 for Community Events initiatives.
- 1.6 The approach for allocating the Community Chest Fund and the Community Events Fund was considered at a meeting of MABSARP on 7th July 2012. It was confirmed that the Community Chest Fund would

total £250,000 in 2012/13 and £338,000 in 2013/14 and that a one-off £100,000 had been identified for the Community Events Fund. The funds were launched in October 2012.

- 1.7 Since the launch of the two funds:
- a) 108 Community Chest Fund applications have been received and assessed, with a total value of recommended awards of £301,212, out of total amounts requested of £999,296. Were recommended awards to be approved, £286,788 would be available for additional Community Chest awards during 2013-14.
 - b) 40 Community Events applications have been received and assessed, with a total value of recommended awards of £68,150 out of total amounts requested of £175,540. £31,850 is available to be rolled over to 2013-14.

The table below summarises the current position.

	Community Chest	Community Events
Budget 2012-13	£250,000	£100,000
Budget 2013-14	£338,000	
Total 2012-14	£588,000	£100,000
Recommended Awards	£301,212	£68,150
Remaining funds available 2013-14	£286,788	£31,850

- 1.8 Details of applications received for which awards are recommended are summarised below.
- 1.9 Decisions on these applications are now required in order that the Council is able to meet its commitment to the making grants available to successful organisations, to enable all applicants to be notified of the outcome of their applications and for initial stage payments for applications that have been recommended for awards to be processed.

DECISION SOUGHT

The Mayor is recommended to:

- 2.1 Agree the recommended awards for Community Chest Funding totalling £301,212 as set out in Appendix 1.
- 2.2 Agree the recommended awards for Community Events Funding totalling £68,150 as set out in Appendix 2.

DECISION

I have considered the above information and advice on the award of the Community Chest and Community Events grants as detailed in the report.

I have considered whether or not this is a Key Decision under Article 13 of the Constitution. In making this decision I am of the view that:-

- The applications for the Community Chest are for a maximum award of £10,000 and for the Community events a maximum of £5,000.
- The funding decisions are not of such import to result in substantial public interest.
- The total funding for these awards represents less than 6% of the grant awards in the current year.

In light of the above and taking all other considerations in to account, I am content that the decision to make the awards as recommended by the Corporate Grants Board is a non key decision.

I have decided to accept the recommendation of the Corporate Grants Board and I agree that the awards as detailed in the Appendices to the report are made to the stated groups.

My decision is based on the following reasons:-

- The applications have been assessed in accordance with the processes for Corporate Grants and is recommended by the Corporate Grants Board.
- The projects represents benefits to a good cross section of the Tower Hamlets community.
