Public Information

Attendance at meetings.

The public are welcome to attend meetings of the Committee. However seating is limited and offered on a first come first served basis.

Audio/Visual recording of meetings.

Should you wish to film the meeting, please contact the Committee Officer shown on the agenda front page.

Mobile telephones

Please switch your mobile telephone on to silent mode whilst in the meeting.

Access information for the Town Hall, Mulberry Place.

Bus: Routes: 15, 277, 108, D6, D7, D8 all stop near the Town Hall.

Docklands Light Railway: Nearest stations are East India: Head across the bridge and then through complex to the Town Hall, Mulberry Place Blackwall station. Across the bus station then turn right to the back of the Town Hall complex, through the gates and archway to the Town Hall.

Tube: The closest tube stations are Canning Town and Canary Wharf

Car Parking: There is limited visitor pay and display parking at the Town Hall (free from 6pm)

If you are viewing this on line: (http://www.towerhamlets.gov.uk/content_pages/contact_us.aspx)

Meeting access/special requirements.

The Town Hall is accessible to people with special needs. There are accessible toilets, lifts to venues. Disabled parking bays and an induction loop system for people with hearing difficulties are available. Documents can be made available in large print, Braille or audio version. For further information, contact the Officer shown on the front of the agenda

Fire alarm

If the fire alarm sounds please leave the building immediately by the nearest available fire exit without deviating to collect belongings. Fire wardens will direct you to the exits and to the fire assembly point. If you are unable to use the stairs, a member of staff will direct you to a safe area. The meeting will reconvene if it is safe to do so, otherwise it will stand adjourned.

Electronic agendas reports and minutes.

Copies of agendas, reports and minutes for council meetings can also be found on our website from day of publication.

To access this, click www.towerhamlets.gov.uk/committee and search for the relevant committee and meeting date.

Agendas are available at the Town Hall, Libraries, Idea Centres and One Stop Shops and on the Mod.Gov, iPad and Android apps.

QR code for smart phone users.

Best Value Programme Board

TITLE	AUTHOR	ITEM NO	Best Value Programme Board
Draft Best Value Plans 6 month update report – June 2015	Louise Russell, Service Head, Corporate Strategy and Equality	<i>(To be completed by Democratic Services)</i>	15 th July 2015

1. INTRODUCTION

- 1.1 This report provides an early draft of the six month progress update on the seven Best Value Action Plans which respond to the Secretary of State's Directions.

2. FOR BEST VALUE PROGRAMME BOARD TO CONSIDER

Best Value Programme Board is asked to:

1. Consider the draft six month progress update attached at Appendix 1;
2. Consider the proposed revisions to timescales set out in 4.27
3. Note that this report will be updated to reflect the latest position prior to consideration by Cabinet on 29th July, and by the Commissioners on 9th September, before submission to the Secretary of State.

3. BACKGROUND

- 3.1 Following a Best Value Inspection undertaken by Price Waterhouse Coopers during 2014, the Secretary of State for Communities and Local Government issued the Council with Directions on 17th December 2014 and appointed two commissioners.
- 3.2 The Directions focused on particular areas which had been the subject of the Best Value inspection – grants, procurement, property disposals and some elements of publicity spend.
- 3.3 One of the Directions required the Council to draw up and agree with the Commissioners a strategy and action plan for securing the Authority's compliance with its best value duty. In discussion with the Commissioners it was agreed that the Council's current arrangements for securing best value including our strategic and resource planning and performance management systems were robust. The requirement

was for us to develop improvement plans in the particular areas which had been the subject of the PwC inspection, plus additional plans around elections, recruitment of statutory officers and organisational culture.

- 3.4 There are seven key elements to the Plan:
1. Procurement Action Plan
 2. Grants Action Plan
 3. Property and Disposal Action Plan
 4. Communications Action Plan
 5. Organisational Culture Action Plan
 6. Recruitment of statutory officers
 7. Elections Action Plan
- 3.5 The actions plans were agreed with the Commissioners, and submitted to the Secretary of State in December 2014 as required. As part of the Directions, the Council is required to produce and submit to the Secretary of State a 6 monthly update report by mid-September. The Council's Cabinet need to review and endorse this report before submission.
- 3.6 Whilst the 6 monthly report is not required for submission to the Secretary of State until mid-September, the Council is seeking agreement of the report by Cabinet in July. This is to allow sufficient time for responding to comments and the political approval process. It is proposed that the report is updated at key points prior to submission to the Secretary of State in order to ensure that it reflects the latest position. It is proposed that any changes to reflect updates are delegated to the Head of Paid Service in discussion with the Mayor and Commissioners.

4 PROGRESS WITH DELIVERY

- 4.1 Progress with delivering the plans is strong with a large proportion of items complete and all but a very small proportion on track. This has been achieved against a backdrop of significant political upheaval for the Council and a necessary hiatus in decision making following the removal and re-election of a new Mayor. Across the Plan some minor areas of slippage are in the main related to this necessary pause in decision making which has held up approval of some policies. Revised deadlines are being agreed with Commissioners (see section 4.27).

- 4.2 Progress has been regularly monitored by the Commissioners through the Best Value Board chaired by the Lead Commissioner and set up to monitor progress in delivering against the action plans. This Board has undertaken in-depth spotlight reviews of each Plan since its inception and through this process proposed outcomes have been developed for each plan. The proposed outcomes are set out in the accompanying progress report for each Action Plan. Progress against these measures will be reported in the 12 month report in March 2016.
- 4.3 Monitoring is undertaken on a monthly basis and includes the identification of actions which have been completed (highlighted in grey), those that are on-track (green) as well as any which are off-track (amber) or will not be delivered (red). In addition to this monthly monitoring, testing compliance with the Best Value Plans has been included in the council's Audit Plan for 2015/16 and will take place during the second half of 2015/16 to feed into an end year report.
- 4.4 This six monthly update report builds upon this monthly monitoring and includes a narrative summary of progress to date in relation to each action plan. This includes key achievements, planned activity, areas of risk and potential outcome measures to help track progress. The draft report provides the latest position at the current time (end-June) and will be updated as appropriate before submission at the six month point.

Overview of progress

- 4.5 Overall, there has been strong progress in delivering against the Best Value action plans. A summary in relation to each plan is set out below.

Procurement

- 4.6 Significant work has been undertaken to improvement procurement practices. This includes the development of a new central contracts register and the introduction of improved finance and procurement controls.
- 4.7 A detailed analysis of spend has been undertaken to support work to reduce costs and ensure value for money, whilst new Procurement Dashboards identify opportunities for collaboration and savings from the Council's third party expenditure.

- 4.8 A range of proposed milestones and measures have been developed to help track progress and impact, including in relation to compliance and supporting local economies.

Grants

- 4.9 There has been considerable progress in the delivery of the grants action plan. The Commissioners agreed to temporarily rollover funding to many projects with the 2012-15 MSG programme, whilst the new scheme is developed. The new MSG programme was launched in April and is on-track for implementation in September.
- 4.10 The Council has also reviewed its approach to grants and a centralised approach is being developed to support good practice. This work is being complemented by work to improve administration arrangements, including a new Grant Officers manual which has been launched.
- 4.11 Priority areas over the new few months include the development of governance arrangements to support the input of Members in the grant making process. The Council's strategic approach to the Voluntary and Community sector (VCS) will be reviewed as part of the refresh of the existing VCS Strategy.
- 4.12 Performance measures will be clearly set out for each grant scheme. For example, in relation to MSG there are clear indicators in relation to each theme. In addition, there will be a rolling, independent evaluation of grants to the third sector. This work will help identify, in a meaningful way, change that is attributable to specific grant work.

Property and Disposal

- 4.13 Progress is strong against the agreed action plan. A clear decision making process, via individual Commissioners' decision, has been established and used to sign-off a number of transactions. Disposals and lettings procedures have been amended; as part of this, financial regulations have been updated and an asset management manual has been finalised. Compliance will be tested through the council's rolling audit plan, whilst Asset Managers will also be asked explicitly to confirm that procedure has been complied with on each disposal or letting.

- 4.14 A new Asset Strategy has been developed, informed by the Commissioners, which will be considered by Cabinet shortly. A key priority over the next few months will be the development of a Community Buildings Allocation Policy – this is being undertaken in conjunction with work around grants and refresh of the third sector strategy in recognition of the cross-cutting nature of this work.
- 4.15 A range of measures to help monitor progress and impact have been developed, which include a focus on occupancy and running costs of Council buildings, as well as decision making.

Communications

- 4.16 Considerable work has been undertaken to address the issues raised in the Best Value report and in-line with the agreed action plan. A revised Communications Protocol has been established and disseminated. An independent review of East End Life, shared with the Commissioners and Group Leaders, re-confirmed that it is a best value method for promoting key council information, community cohesion and publicising statutory notices.
- 4.17 Campaign activity and planned communication work seeks to include sound monitoring processes and cost neutral activities where possible. Recent work has included includes Taste Brick Lane – a campaign to drive tourists, visitors and residents to businesses in Brick Lane during March – and the #50TH campaign celebrating the anniversary of the establishment of the London Boroughs.
- 4.18 Additional communications work planned and underway includes the moving more of our communications online following procurement of a new Content Management System and the delivery of our Digital Communications Strategy, an updated internal Communication Strategy and the development of new revenue streams to optimise income.
- 4.19 Measures to track progress include indicators which track the proportion of positive / neutral coverage, social media use and compliance with the Communications Protocol.

Organisational Culture Action Plan

- 4.20 Work to support organisational culture has included improved engagement with staff, including the Your Workplace Your Voice

campaign and Your Choice Ambassadors. In addition, a cross-party Governance Working Party has been set up to review how governance processes can support best value and improve transparency and trust. Governance, Constitution and Code of Conduct Changes are being progressed.

- 4.21 There have been minor delays in some aspects of the plan relating to working with elected members which were temporarily put on hold given both the removal of previous Mayor and consequent election – this has been fully agreed with Commissioners at each stage and revised timetables agreed. In addition, the new Mayor, and Chief Executive once appointed, will have a key role in further shaping and promoting organisational culture and behaviours.
- 4.22 Key measures have been developed to help track progress against the desired outcomes, including those drawing upon the staff survey and Investors in People assessment.

Statutory Officer Recruitment

- 4.23 The purpose of this Action Plan was to support recruitment to the three statutory officer posts. The appointment process for the Corporate Director of Resources (S151 Officer) is complete; the new Director will start on 1st August. The appointment process for the Corporate Director of Law, Probity and Governance is also complete; the new Director will start on 17 September.
- 4.24 The recruitment process for a new Chief Executive (Head of Paid Service) is progressing in line with the Direction of 29 April. The advertisement has been published with a closing date of application of 10th July.

Elections

- 4.25 The Elections Best Value Action Plan has focussed primarily on the delivery of the elections in May and June 2015. The management and implementation of the elections incorporated a number of significant improvements over previous practice in Tower Hamlets. Strengthened arrangements were put in place for the UK Parliamentary Elections on 7th May, particularly around ensuring good order at the polling stations, integrity of the electoral process and efficiency of the count. These

arrangements were in turn maintained and further improved for the Mayoral election on 11th June.

- 4.26 At both elections positive feedback was received from candidates, agents and others on the improvements introduced and the number of complaints received by the Returning Officer and the Metropolitan Police was significantly reduced from May 2014.

Revisions

- 4.27 Throughout the process of monitoring the plan the Commissioners have been kept informed of, and approved reasons for, any areas of slippage, which largely related to the removal of the previous Mayor and the need to ensure Mayoral input to key decisions. This has been kept to a minimum and only applies to 9 actions set out below – less than 5% of the whole plan. At the Best Value Board meeting on 15th July the Commissioners will be asked formally to confirm their agreement to revised deadlines for the following reasons:

Action	Original deadline	Revised deadline	Reason
Evaluation of 2012-15 Mainstream Grants Programme	April 2015	September 2015	Resources initially targeted on developing new programme
Develop Mayor and cross-party consultation and review forum	May 2015	July 2015	Need for Mayor and Executive input
Consolidate all 3 rd Sector grant giving, monitoring and evaluation into one service	April 2015	September 2015	Resource focus on delivering new MSG programme. Requirement to consult staff
Approval of the Council's Asset Strategy	July 2015	October 2015	The Asset Strategy is being further reviewed following comments from the Commissioners and colleagues in other directorates
Review and agree disposal programme for the next three years as part of an Asset Strategy Workstream	July 2015	November 2015 - <i>tbc</i>	Need for Mayor and Executive input

New Content Management System for online communications	June 2015	October 2015	Full procurement exercise initiated to ensure meets needs and provides best value
Launch revised staff recognition scheme	June 2015	September 2015	Mayoral input required and to avoid holiday period
Develop cross party member working groups on key policy issues	May 2015	July 2015	Paused for new Mayor and Executive to be in place
External support and action plan to rebuild elected member and member/senior officer relationships	May 2015	September 2015	Need for Mayor and Executive input

Best Value Action Plan – 6 monthly update

Best Value Area	Procurement	Overall Delivery Status GREEN
Progress Summary		
<p>The Best Value Procurement action plan includes a range of immediate improvements as well as broader transformation of the council's procurement practices. The action plan has been developed with consideration of the wider reform of public sector procurement recently implemented through the new Public Procurement Regulations 2015, Local Government Transparency Code and the launch of National Procurement Strategy 2015.</p> <p>The Procurement Action Plan is based around five key themes and will result in transforming the way the council undertakes procurement activities and engages with its suppliers. The five key themes are:</p> <ol style="list-style-type: none"> 1. Strategy and Vision 2. Organisational Development 3. Governance, Systems and Procedures 4. Category Management 5. Commercial, Contracts and Risk Management <p><u>Key achievements</u></p> <p>Considerable work has already been completed to achieve transform our procurement activity. This includes:</p> <ul style="list-style-type: none"> • Detailed analysis of all third party expenditure for financial year 2014-15 completed to identify key categories of third spend and establish a clear category management strategy to ensure value for money (VFM) for these categories of spend, reduce costs and oversupply. • New Directorate Procurement Dashboards developed to identify opportunities for collaboration and savings from the council's third party expenditure. • New central contracts register linked to contract award implemented to capture all contracts above £25,000 including all procurement waivers. • New procurement training programme has been developed to improve procurement knowledge and skills across the organisation. • New operating model for Procurement Service has been developed - to go live from September 2015 • Improved Finance and Procurement controls introduced to increase compliance and transparency of spend across the organisation • New supplier risk management initiative introduced (pre and post appointment). <p>Of the agreed key milestones, only two are currently at risk of not meeting the agreed time scales due to awaiting appointment of a new Mayor and lead Member for Resources.</p> <p>The chart below provides a summary of the council's position on the implementation of the Procurement action plan.</p>		

Broader Procurement Transformation

The recommendations and feedback from Commissioners has been considered and work is underway to incorporate these improvements as part of the wider Procurement Transformation Programme. Additionally, work has commenced in reviewing existing E-tendering solutions to ensure further streamlining of existing procurement practices and improved compliance on all third party expenditure.

Proposed Outcome Measures

We have developed a set of outcome measures which will be used to track our progress in transforming procurement and ensuring it provides value for money. They are:

- **Savings, Compliance and Value for Money**
 - Full audit trail of all contracts **above £5k** (current £25k)
 - Category Management – embed to progress cross directorate procurement opportunities
- **Modernising Procurement**
 - New structure in place to meet planned activity
 - Central Commercial and Contract Monitoring role
 - New end to end e-sourcing solution - Linked with Pan London Programme
- **Supporting Local Economies**
 - London Living Wage – 80% -increase to all applicable contracts
 - Community Benefits – 46% - monitor delivery and implement support for bidders

New central Commercial and Contracts Monitoring role and regular reporting to SCB.	

Best Value Action Plan – 6 monthly update

Best Value Area	Grants	Overall Delivery Status: GREEN
Progress Summary		
<p>Considerable work has been undertaken to review and develop new approaches to and processes for grant giving with the Commissioners. Delivery against the Grants Action Plan has been strong.</p> <p><i>Mainstream Grants (MSG)</i> The Commissioners approved to ‘rollover’ a range of MSG Grants from the 2012-15 programme whilst new 2015-2018 scheme was developed. The new Mainstream Grants Programme structure and budget was agreed in April and work is on-track to deliver the scheme to timetable with implementation scheduled for 1st September.</p> <p><i>Grant Schemes</i> The Council is adopting a more strategic and coordinated approach to grant management more generally. A Corporate Grants Register which brings together all key schemes across the Council has been developed. Work to ensure that the Council's grant arrangements are joined-up will be supported by a new consolidated grants service. Progress to date includes publication of a TH Grants Officers Manuel, improvements to monitoring arrangements and a schedule of risk based audits.</p> <p><i>Governance</i> Under the Secretary of State’s Directions, grant making is a Commissioner function. It is also recognised that existing grant schemes are currently subject to different development arrangements. A key priority over the next few months is to develop and agree appropriate governance, including how to ensure that the priorities, knowledge and views of the Executive and non-Executive Members inform the grant making process.</p> <p><i>Transparency</i> Work to improve transparency in relation to grants is on track, including with grant decision making taking place in public. In addition, a new public Grants Information Portal which will enable access to a comprehensive range of information including at organisation and project level.</p> <p><i>Community & Voluntary Service Strategy</i> The Council's existing Third Sector Strategy is being refreshed. The review provides an opportunity to ensure that the sector’s role if aligned with, and support the delivery of, the Council, and Partnership's key priorities. As part of this work, a delivery update against the existing Strategy was considered by the Third Sector Advisory Board on 15th June 2015. The Strategy review will need to consider a range of issues including the balance between commissioning and grant allocation, transparency and the effective use of information.</p> <p><i>Potential Outcome Measures</i> Better understanding the impact of grants and the outcomes they deliver is central to delivery of the Grants Action Plan. Improved monitoring arrangements and an independent evaluation of grant making are being developed to support this.</p> <p>Performance measures will be clearly set out for each grant scheme. For example, in relation to MSG there are clear outcome measures for each MSG theme. In addition, there will be a rolling, independent evaluation of grants to the third sector. This work will help identify, in a meaningful way, change that is attributable to specific grant work and inform the Council’s strategy for working with the third sector going forward.</p>

Best Value Area	Property	Overall Delivery Status GREEN
Progress Summary		
<p>The council owns, occupies or maintains around 860 non-HRA properties, valued at £1bn, located within the borough. The council also owns around £800m of HRA properties (the housing element is managed and maintained by Tower Hamlets Homes, the council's arms-length management organisation) as well as a further £50m of community assets. Considerable progress has been made to deliver the Property Best Value Plan – the majority of actions are complete and all are on target.</p> <ol style="list-style-type: none"> 1. Working arrangements with the Commissioners have been established including regular meetings and established decision making process via individual Commissioners' decision <ul style="list-style-type: none"> ○ We have used the process to secure Commissioners' consent to sign off a number of transactions • Commissioners sighted on property tracker – setting out the property transactions that are in the pipeline/being considered 2. Disposals and lettings procedure <ul style="list-style-type: none"> • Financial regulations have been updated and reviewed by council's Asset Management Board and issued by the s151 officer. • Asset management manual – Property procedures for disposals and lettings has been finalised after agreement with Cabinet and review by O&S. • Disseminated through Asset Management team meetings. Meetings arranged with key legal and finance personnel, published on the council intranet, members' bulletin. • Compliance will be tested through the council's rolling audit plan. Asset Managers will also be asked to confirm that the procedure has been complied with on each disposal/letting. 3. Community buildings allocation policy <ul style="list-style-type: none"> • Officers from Asset Management and the Third Sector team have met with the Commissioners to discuss this, particularly the interface with grants • The policy will incorporate policy on charging and lettings/allocation process • Plans include third sector team involvement in determining and assessing community need, outputs, use of buildings, rationalisation etc. • Member and Commissioner input to be sought and to be considered by council Cabinet in September 2015 and once agreed will be disseminated through team meetings, to key staff, Members etc. 4. Asset Strategy: Scoping, Principles & Priorities Paper (+ Disposals Programme) <ul style="list-style-type: none"> • Been to and approved by CMT. Due to be considered at the next available Cabinet. • Sets out a framework for how the Council will determine its ongoing and future property needs, and move to a more fit for purpose, effective and efficient estate for the future. • Has been discussed with Commissioners and feedback incorporated into strategy. • The paper will drive a disposals programme by helping to identify surplus or inefficient property, help with the delivery of the civic centre project (which will also rely on disposals to fund the project). • As part of the above (workstreams and civic centre project) consideration will be given to introducing an asset rental account 5. Governance <ul style="list-style-type: none"> • Officers have discussed with the Commissioners what, if any, additional checks/references are needed on both elected members as well as bidders to include possible conflicts of • Terms of reference for the Asset Management Working Group and Board have been reviewed and due to be formally agreed shortly. 		

Outcome measures

Proposed outcome measures are:

- Occupancy per M2
- Quantity of shared floor space in M2
- Total floor space in M2
- Number of interests disposed of and capital receipts delivered
- Positive decisions being made to retain and invest
- Positive decision being made to secure new property/long term assets
- Running costs per M2
- Total income per M2 from income generating assets
- Development of property information will enable targets to be set for:
 - o Improvements to average running costs
 - o Annual revenue savings
 - o Capital receipts that can be generated

Baseline data for the above is being collated; once this is done, appropriate targets will be set.

Best Value Action Plan – 6 monthly update

Best Value Area	Communications	Overall Delivery Status GREEN
Progress Summary		
<p>There has been strong progress towards the targets in the Best Value Plan on Communications.</p> <p>The Plan responds to the issues in the PriceWaterhouseCooper inspection report in which references to communications activity were relatively limited. It also provides a positive programme of work for the Council's Communications moving forward.</p> <p>The council has taken this increased scrutiny of Communications and how we do it as opportunity to re-visit our existing processes - there is a recognition that we have needed to improve in some key areas.</p> <p>Key Achievements so far include:</p> <ul style="list-style-type: none"> • We have undertaken critical appraisal of our communications functions, resources and activities leading to a refreshed approach based on VFM principles for 2015/16; • We have updated the Communications protocol and this has been promoted widely to staff via internal communications channels; • We have commissioned an external review of East End Life which explored alternative methods and channels for communicating with residents. This review also re-tested compliance with the Code of Conduct, benchmarked with other councils and provided costed options. The review found that there is no alternative to providing key council information and statutory notices as efficiently as via East End Life. It has been shared with all group leaders; • We have rolled out a Print and Design framework which is delivering significant savings. Panacea (the design framework) has been rolled out from April 1 with training given to staff. All marketing collateral now goes through Communications Service; • We have continued to develop our social media presence, which has seen a significant increase in the numbers of residents engaging with us through Twitter (where we have 8,640 followers), Facebook and Instagram; and • We have continued to deliver popular and high profile campaigns such as Taste Brick Lane – a campaign to drive tourists, visitors and residents to businesses in Brick Lane during March - and the #50TH campaign celebrating the anniversary of the establishment of the London Boroughs/ All of our campaign activity and planned, proactive work for directorates in line with the priority activities seeks to include sound monitoring processes and cost neutral activities where possible. <p>We continue to make progress against the outstanding areas of work on our Action Plan.</p> <p>Plans:</p> <ul style="list-style-type: none"> • We will offer support to the new Mayor in line with the Publicity Code and training sessions for Mayor's office staff about their responsibilities under the Communications Protocol; • We have developed a Digital Communications Strategy to further promote our online communications; • We are currently procuring for a new Content Management System (CMS) which will enable us to improve our SOCITM rating through an improved focus on mobile technology and increasing access, load times and back end functionality. This is one of the areas of work where the original timeframe has had to move from an original target of June 2015 due to legal and procurement issues. The revised date of October 2015 has been agreed with the Commissioners; • We will be developing service communications plans during the next few months which go into more detail than the overarching Communications Strategy. These will enable us to move away 		

from reactive communications activity to more planned work with clearer links to the council's corporate priorities and community plan themes;

- We are currently producing an updated Internal Communications Strategy, taking into account a shift into more online communications and aligning with HR initiatives like Your Workplace, Your Voice. This will seek to build upon improved digital functionality arising from the new CMS;
- We will develop a robust business plan identifying new revenue streams, seeking to maximise existing income activities and provide a clear growth plan.

We will continue to report on performance measures through regular reports to DMT, CMT and the Mayor and Cabinet as appropriate.

We have identified a number of measurable outcomes to underpin the delivery of the Plan including:

- 90 per cent positive/neutral coverage of the council in the media as assessed in our quarterly performance monitoring reports;
- 100 per cent of Mayors' office staff to have received training on Communications Protocol by end of August 2015;
- Strategic Communications Plans agreed for key services by September 2015;
- Audit of compliance with Communications Protocol to provide substantial assurance;
- New CMS live by end of October 2015 and ongoing move towards becoming a digital council, with the aim of regaining 3* SOCITM rating;
- Continued increase in Twitter followers with target of 10,000 by end of 2015.

Best Value Action Plan – 6 monthly update

Best Value Area	Organisational Culture	Overall Delivery Status GREEN
Progress Summary		
<p>The aims of the Organisational Culture are:</p> <ul style="list-style-type: none"> • To ensure that the culture of the organisation continues to be one which strives for continuous improvement • To engage and invest in staff • To ensure relationships between groups of members and between members and officers are professional, respectful, open and honest • To rebuild trust in the areas where this has, or is perceived to have, broken down. <p>In agreeing the plan it was recognised that this will be a staged process – all the actions within the full best value plan are being progressed and will impact on organisational culture as they are implemented and embedded. In addition, some activities in the plan will in themselves give rise to new actions which will further support the development of an effective best value culture.</p> <p>The plan incorporates how we invest in people, how we rebuild trust and how we embed best value. Key achievements include:</p> <ul style="list-style-type: none"> • Improved internal staff communication including regular newsletters, Your Workplace Your Voice campaign, staff suggestions scheme and interactive intranet platform designed with staff input and now averaging 500 unique page views per week • Engagement of staff in theme based Continuous Improvement Groups looking at issues such as Harnessing Technology and Improved Customer Service • Creating Your Voice Ambassadors supported by development opportunities to embed the messages and seek feedback across the organisation • Refresh the Staff Recognition Scheme • Positive feedback from IIP interim inspection – already achieved Silver, aiming for Gold in year • Appointed external support to facilitate a forum to address trust issues - tbc • Increased openness and transparency through setting up HOPS and Corporate Director drop-in sessions for all elected members • Doing more to promote ward activities to elected members • Developing annual performance appraisal arrangements for HOPS/Corporate Directors • Mayoral attendance at OSC being programmed in to 15/16 programme • Ensuring all key decisions incorporate a consideration of best value implications • Instituted a Governance Working Party to consider areas of improvements to the constitution and committee working • Revised the Members' Code of Conduct to be considered by the Standards Advisory Committee <p>Next Steps</p> <p>There have been some slight delays in some aspects of the plan relating to working with elected members given the removal of previous mayor and consequent election – these delays have been fully discussed with Commissioners and revised timetables agreed. The election of a new Mayor has now provided a platform for moving forward. Key next steps are:</p> <ul style="list-style-type: none"> ▪ Increase the number of Your Voice Ambassadors through greater promotion of the personal benefits for Your Voice Ambassadors ▪ Continue to encourage interaction through the staff website and forums ▪ New Mayor now inputting into current and future plans and promoting culture of transparency and trust, eg commitment to public meetings across the borough. Programme to be developed in 		

discussion with him.

- New CE once appointed to further shape and promote organisational culture and behaviours
- Governance, constitution and Code of Conduct changes to be progressed

Proposed outcomes and measures

In delivering the plan, the key outcomes we are looking to achieve are:

- Staff engaged with and committed to delivering the Council's vision and priorities
- Effective working relationships between elected members, and between elected members and senior officers, to enable all to work together to achieve the best outcomes for Tower Hamlets and its residents
- Improved clarity and understanding of formal roles and responsibilities of the Executive, non-Executive and senior officers of the Council in a Mayoral system
- Community Plan with cross-party and cross-partner support establishing common outcomes to work towards
- A shared commitment to a set of agreed behaviours and cultural values to underpin formal roles and responsibilities
- A sustainable approach to maintaining and refreshing this shared commitment

The proposed outcomes include:

- IIP Gold
- Staff survey measures – motivation, views on leadership, values, priorities
- No Standards Committee complaints relating to member conduct
- Mayoral attendances at OSC and other public fora

Best Value Action Plan – 6 monthly update

Best Value Area	Elections	Overall Delivery Status (RAG) Green
Progress Summary		
<p>The Elections Best Value Action Plan focussed primarily on the delivery of the elections in May and June 2015. The UK Parliamentary General Election took place on 7th May 2015. In Tower Hamlets the constituencies of Bethnal Green & Bow and Poplar & Limehouse were contested. On 23rd April 2015 a judgment of the Election Court voided the Tower Hamlets Mayoral election of May 2014 and disqualified from office the former Mayor and a Councillor for Stepney Green Ward. As a result, a fresh Mayoral election and a ward by-election were held on 11th June 2015.</p> <p>The planning, management and implementation of two major elections in a five week period represented a major challenge for the Electoral Services team and all staff involved, and it is a tribute to those staff that the elections were delivered successfully and with significant improvements over the May 2014 polls in all areas.</p> <p>The Returning Officer received support in the management of the elections from the DCLG Commissioners and from their appointed representative, Barry Quirk (CE of L. B. Lewisham).</p> <p>Planning for the 7th May 2015 General Election, and contingency planning for the possibility of a re-run Mayoral election, commenced in the autumn of 2014 with the RO's consultation on the proposed arrangements for the count. This work built on learning points from the combined May 2014 polls and in particular the recommendations of the Electoral Commission which reported on delays that had occurred at the count for those elections.</p> <p>Assessment of the May/June 2015 elections</p> <p>The management and implementation of the elections incorporated a number of significant improvements over previous practice in Tower Hamlets as set out below. Strengthened arrangements were put in place for the UK Parliamentary Elections on 7th May, particularly around ensuring good order at the polling stations, integrity of the electoral process and efficiency of the count. These arrangements were in turn maintained and further improved for the Mayoral election on 11th June.</p> <p>At both elections positive feedback was received from candidates, agents and others on the improvements introduced and the number of complaints received by the Returning Officer and the Metropolitan Police was significantly reduced from May 2014. The following paragraphs summarise some of the specific actions taken in relation to areas of the electoral process.</p> <p>Joint working</p> <p>The RO worked jointly with partner agencies to deliver the successful elections. A joint project group met fortnightly from January until the Mayoral election on 11th June 2015, including attendance by the Metropolitan Police (Tower Hamlets and Scotland Yard), the Electoral Commission, DCLG Commissioners and Barry Quirk.</p>		

Risks, contingencies, milestones and key actions were updated regularly until election day. All pre-election milestones were completed and the Electoral Commission's requirements met.

Management expertise and capacity was enhanced through the procurement of experienced external resource as consultant to oversee key aspects of the plans including staff training and co-ordination of the verification/count.

Registration

As is usual in the run up to an election, the Electoral Services Team were very busy in the weeks prior to 11th June. Over 10,000 updates (deletions, additions and amendments) were made to the register in the two months prior to the deadline. In addition thousands of telephone queries were received and responded to, and all late applications were checked for additional ID information.

Postal votes

Over 26,500 postal votes were issued for the Parliamentary election, of which approximately 70% were returned. The figures for the Mayoral election, for which the franchise is wider, were c. 29,500 and 60% respectively. Discussions were held with the Royal Mail regarding measures to ensure security of delivery. All postal vote statements were scanned and verified at Postal Vote Opening Sessions run by a dedicated DARO. All staff involved in adjudication of personal identifiers were trained on EC forensic handwriting guidance. Procedures and staff instructions were reviewed and agents advised that no 'tallying' was permitted. The rejection rate for personal identifiers at the Mayoral election was c. 7%, slightly lower than at previous elections in Tower Hamlets.

Polling Stations

111 polling stations were used, in a total of 76 polling places. Double polling stations utilised a single ballot box to simplify the delivery and verification processes. Polling stations were all visited and surveyed in advance of polling day by RO staff and police officers and plans made for access and egress routes, layout and areas to be kept clear at the entrances, which were then marked out by hazard tape on the day.

Presiding Officers and police on duty were trained jointly in advance to ensure better communication and a common understanding of the rules, roles and responsibilities. Tower Hamlets Police provided cover for all polling stations throughout the day with locally based officers (2 x police officers on 'Red' assessed stations, including body-cam equipped officer). A joint RO/Police bid to Cabinet Office funds available to 17 high risk authorities to address integrity resulted in funds for enhanced electoral registration activity and extended police hours on polling day.

All staff were required to confirm that they are not affiliated to any political party or candidate and all staff where possible were appointed to work at a different polling station, outside their home constituency. The RO again instructed that staff speak only English in the polling station and count. This provision is included in staff instructions and training. There was overwhelmingly positive feedback from the public, candidates and agents on both the organisation of the polling stations and the policing operation.

Verification and Count

The verification and count for both elections took place at the ExCel Centre, E16. The venue was chosen due to its capacity/size and facilities to ensure security and crowd management as well as a more efficient count. A range of improvements were introduced to the layout and count procedures including double-width counting tables; Tensa barriers to mark out areas reserved for authorised agents and candidates; external security staff on the reception desk; security wristbands for all attendees; and a requirement for photographic proof of ID. All attendees were required to sign a code of conduct as a condition of entry. CCTV was operational in the venue

As proposed by the RO in September 2014, a dedicated Facilities Management officer was appointed as Event Manager/ Logistics lead, providing dedicated facilities support to the count planning work and venue/police liaison for the Mayoral election.

A full review of count procedures and paperwork was conducted and instructions to count staff redrafted. Count training was enhanced including a 'dress rehearsal' in situ approx. 3 hours before the start, and a higher ratio of count supervisors to assistants ensured more efficient management of the process.

Integrity measures

The Tower Hamlets Local Protocol was updated in consultation with partners and interested parties and re-launched on 30th March 2015. This set out enhanced integrity measures around registration and the election, and clear standards of conduct required, to complement the Electoral Commission's own revised Code for 2015. Once again the RO provided a dedicated e-mail account and phone hotline for any complaints of possible fraudulent activity. To ensure full understanding of the process and rules, a total of four Candidates and Agents meetings were held.

A Communications Plan was agreed with the Council's media team to ensure effective communication of key messages regarding the election and in particular security/integrity of the vote. Publicity was co-ordinated with partner agencies. In addition reactive work and social media monitoring continued through to election day and beyond.

Ongoing Challenges

Notwithstanding the achievements listed, the RO and the Elections team have identified a series of ongoing challenges and further improvements that can be made in preparation for future elections. In particular the following actions are ongoing:

- Full review of the elections 2015 including consultation with interested parties to identify issues and areas of success and/or learning points for improvement.
- Review of procedures for each element of the election and peer challenge via the AEA where appropriate to secure continuous improvement
- Finalisation of the Electoral Services Team reorganisation (currently subject to consultation with trade unions) to secure permanent enhancement to the resources available including a more defined split between the registration and elections functions
- Further discussions with the Contact Centre regarding an increased role for the CC in

handling routine queries.

In addition work is underway to follow up all complaints received in May/June 2015 in liaison with the Metropolitan Police where necessary.

Best Value: Elections Action Plan						
Planning and management capacity
