OUTLINE

Over the course of 2017, health and care organisations across 7 boroughs in North East London (NEL) have been working to develop a draft Sustainability and Transformation Plan (STP). The STP sets out how the NHS Five Year Forward View will be delivered across the NEL footprint and how local health and care services will need to transform in order to ensure their financial sustainability and improve their clinical effectiveness.

INEL JHOSC has requested that NHS partners provide an overview of how the draft NEL STP will be developed through consultation, engagement and scrutiny processes so that the plans are given appropriate oversight and accountability.

This report provides overview of the activity being undertaken through East London Health & Care Partnership with regards to workforce. In particular, it provides assurance around the activities being undertaken to address recruitment and retention challenges; and the progress made in transforming the out of hospital workforce.

ACTION

- The Committee is requested to give consideration to the report and discussion and provide comments.
