

AWESOME EVENTS BEACH 2018

Admissions policy

Sept 2017

Introduction

All responsible licensed premises should create and follow a strict admission policy. The policy is designed to ensure the admission to the venue support the 4 licensing objectives.

- Prevention of crime and disorder
- Public safety
- Prevention of a public nuisance
- Protection of children from harm

Aim of our policy

Our policy is designed to ensure that we have a consistent approach to promoting and upholding the objectives through a well communicated and logical approach to admitting persons to our venue.

Objectives of our policy

The objectives of our policy are as follows:

- Manage the entry process effectively and consistently to keep order and prevent nuisance and crime
- Effectively filter groups or individuals who may with further alcohol create and increased risk to the objectives once inside the premises
- Provide guidance and acceptable boundaries for all staff working at the venue (primarily the security team)
- Filter groups or individuals who may for any other reason lead to the breach of any of our conditions or through their actions or omissions, fail to promote the licensing objectives

Method of application

Our policy is designed to be simple to apply and not complicated to understand. We will empower our staff to apply a sensible approach to restricting groups or individuals who are or could breach the aim and objectives of the policy. Our policy is non-discriminatory and is based on the behaviour of the individuals or groups.

We will therefore encourage our staff to categorise all attendees into the following categories:

Customer behaviour	Our Response	Any other actions
Compliant, well behaved, respectful with correct accreditation/ticket/admission cost and following the stated event dress code. Compliant with requests to be searched and not in possession of any prohibited items	Allow entry	None

Customer is drunk or appears to be intoxicated to the point where if they were to consume more alcohol they may require removal from the venue or could breach the spirit of the 4 objectives	Refuse entry	Customer could return at a later period for the security team to assess the level of intoxication. Entry is still subject to all other conditions.
Customer has been removed from the venue for any reason either previously or during that event	Refuse entry	If criminal activity is present or a potential public order offence is likely to occur then the Police will be informed
The person is not able to satisfy our challenge 25 policy and produce acceptable ID	Refuse entry	Enter in to our incident log book as a refusal
The individual or group arrives after the event last entry time	Refuse entry	None
The individual is not in possession of the correct accreditation or ticket for the event	Refuse entry	Consult with event organiser to ensure they are not allowed entry
The behaviour of the individual or group is indicating that the spirit of the 4 objectives could be breached and not supported	Refuse entry	None
