<p>Report of: Denise Radley, Corporate Director of Health, Adults & Community</p>	<p>Classification: Unrestricted</p>
<p>Tower Hamlets Health and Wellbeing Strategy 2017-20 Proposed actions 2018/19 for discussion</p>	

Originating Officer(s)	Somen Banerjee, Director of Public Health
Wards affected	All wards

Executive Summary

This session follows on from the previous Board session where progress on the 17/18 actions of the Tower Hamlets was discussed. The attached presentation sets out proposed actions for 18/19 against the priorities of the strategy. These actions are based on discussion at the previous meeting, progress last year and local, sub regional, London and national strategic context.

It may be useful for Board members to consider the presentation alongside the existing strategy document

https://www.towerhamlets.gov.uk/Documents/Public-Health/Health_Wellbeing_Strategy.pdf

Recommendations:

Members of the Health and Wellbeing Board are recommended to:

1. Discuss and comment on the proposed actions
2. Discuss how they and the organisations they represent would like to be involved in taking forward the actions

1. REASONS FOR THE DECISIONS

- 1.1 The purpose of this agenda item is to establish engagement and ownership of the 2018/19 actions of the strategy

2. ALTERNATIVE OPTIONS

- 2.1 To not do this would mean that the Board would not have ownership of the strategy

3. DETAILS OF THE REPORT

- 3.1 Presentation attached outlining proposed actions

4. EQUALITIES IMPLICATIONS

- 4.1 The Health and Wellbeing Strategy priorities aim to target action to improve health and reduce health inequalities where the need is greatest by using coproduction and participatory appraisal techniques to better understand and respond to the needs of the local population.

5. OTHER STATUTORY IMPLICATIONS

- 5.1 This section of the report is used to highlight further specific statutory implications that are either not covered in the main body of the report or are required to be highlighted to ensure decision makers give them proper consideration. Examples of other implications may be:
- Best Value Implications,
 - Consultations,
 - Environmental (including air quality),
 - Risk Management,
 - Crime Reduction,
 - Safeguarding.
- 5.2 Coproducing local action for better health and wellbeing, considers improving the health-related aspects of place, including access to open spaces, improving air quality and other environmental considerations.

6. COMMENTS OF THE CHIEF FINANCE OFFICER

- 6.1 Expenditure relating to the 2018/19 action plan will be contained within existing revenue budgets (including Public Health Grant funding) and capital budgets (including Community Infrastructure Levy and Section 106 funding).

7. COMMENTS OF LEGAL SERVICES

- 7.1 Section 116A of the Local Government and Public Involvement in Health Act 2007 places a duty on the Health and Wellbeing Board (HWB) to prepare and refresh a joint strategic health and wellbeing strategy in respect of the needs identified in the Joint Strategic Needs Assessment, so that future commissioning/policy decisions are based on evidence. The duty to prepare this plan falls on the Council and the Clinical Commissioning Group, but must be discharged by the HWB.
- 7.2 The JSNA must assess current and future health and social care needs within the health and wellbeing board area for the whole population, and ensure that mental health receives equal priority to physical health. The HWB will therefore need to consider wider social, environmental and economic factors that impact on health and wellbeing – such as access to green space, the impact of climate change, air quality, housing, community safety, transport, economic circumstances and employment. The priorities outlined within the presentation are therefore consistent with the HWB's duties.
- 7.3 When considering the recommendation above, and when finalising the strategy, regard must be given to the public sector equalities duty to eliminate unlawful conduct under the Equality Act 2010. The duty is set out at Section 149 of the 2010 Act. It requires the Council, when exercising its functions, to have 'due regard' to the need to eliminate discrimination (both direct and indirect discrimination), harassment and victimization and other conduct prohibited under the Act, and to advance equality of opportunity and foster good relations between those who share a 'protected characteristic' and those who do not share that protected characteristic.
