AND VIA EMAIL:

Dear Sirs

Re: Late Night Refreshment Licence Variation Application - Shawarma of 84 Brick Lane, London E1 6RL ('the Premises')

I write in respect of the above, pending application, in support of the application.

Having moved to [REDACTED] from the North West of England in June 2014 and now presently living at [REDACTED] Aldgate East I have lived close by and regularly frequented the above premises since it opened in 2015. I did live in Crystal Palace for a period however I would visit the Premises if I was in the Brick Lane area visiting old friends.

The Premises serves quality, freshly prepared middle eastern food which I find very welcome in the area given my Iraqi heritage.

The premises is not your bog standard pizza / kebab / burger take away.

Upon every single occasion I have frequented the above Premises there has not been one single incident in respect of trouble or anti social behaviour.

The Premises does not sell alcohol or allow alcohol purchased from outside to be consumed in the Premises. I have witnessed the proprietor of the Premises Azzar turn customers away who appear intoxicated or are carrying open alcohol.

The Premises does not play music.

The Premises is not a place where people gather (inside or outside the Premises) late at night.

The profile of the majority of the Premises customers appear to be local residents, or tourists, who appreciate fresh middle eastern food.

I would welcome the Premises staying open later as I much prefer their food in contrast to the other late night options in the area and I would feel safe to attend later at night / in the early hours of the morning.

Yours faithfully

[Redacted Signature]

Mr Layth Hussain
