Children and Young People Mental Health and Emotional Wellbeing Working Group

2018-2019

DRAFT

Children and Young People, Mental Health and Emotional Wellbeing Working Group

Use

As a member of the Born Well Growing Well Board the working group will steer the Tower Hamlets strategy for CYP Mental Health and Emotional Wellbeing and oversee the delivery of initiatives to address the needs of our local population, in line with the national strategy for CYP mental and emotional wellbeing. It will lead on inter partnership work for service redesign, transformation and innovation across health, social care and voluntary sector. Members will identify opportunities to improve outcomes and promote joint working to deliver improvements for the Tower Hamlets population.

Functions

The CYP Mental Health and Emotional Wellbeing Working Group is one of four working groups of the Born Well Growing Well Board. Its primary function is to plan and oversee the delivery of services and initiatives to improve mental and emotional wellbeing for children and parents. The group will ensure that local plans are aligned to the national strategy but modelled on the characteristics and needs of the local population. A joined up approach will underpin the design and delivery of projects and services to address gaps in provision and identify opportunities to improve performance and quality across the system.

The course of 2018/19 work will be focused on:

- Develop collaboratively the Local Transformation Plan for CYP MH and EW for 18/19 and to steer and oversee the delivery of all its elements, including perinatal mental health
- Inform the commissioning intentions for 2019/20
- Develop/ contribute to developing an integrated mental and emotional health strategy for schools and oversee its implementation
- Ensure engagement and co-production with service users inform our decisions and the delivery of initiatives

The working group will work closely with the other working groups to ensure a holistic approach to CYP mental health and to understand opportunities to deliver outcomes and manage system performance across all CYP services
