

Appendix I: Mapping the Tower Hamlets Together Shared Outcomes Framework

This document sets out the Tower Hamlets Together Shared Outcomes Framework and maps each statement against key partnership strategies and Boards that are in place to focus on them.

Tower Hamlets Together Shared Outcomes Framework

After using Tower Hamlets Together services we want residents to be able to say...	
Around me	I feel safe from harm in my community
	I play an active part in my community
	I am able to breathe cleaner air in the place where I live
	I am able to support myself and my family financially
	I am supported to make healthy choices
	I am satisfied with my home and where I live
	My children get the best possible start in life
My doctors, nurses, social workers and other staff	I am confident that those providing my care are competent, happy and kind
	I am able to access safe and high quality services (when I need them)
	I want to see money is being spent in the best way to deliver local services
	I feel like services work together to provide me with good care
Me	I understand the ways to live a healthy life
	I have a good level of happiness and wellbeing
	Regardless of who I am, I am able to access care services for my physical and mental health
	I have a positive experience of the services I use, overall
	I am supported to live the life I want
Tower Hamlets Together	I believe the trust, confidence and relationships are in place to work together with services to decide the right next steps for us as a whole community
