Subject: Objection - Genesis New World London Ltd

Dear Lekan,

I am writing to register my strong objection to the application for Special Treatment Licence for the company Genesis New World London Ltd proposing to trade at 87 Whitechapel High Street, 2nd Floor, E1 7QX for the following reasons:

- (1) Potential nuisance will be caused by premises, targeting footfall on Gunthorpe Street, which is residential.
- (2) The Notice of Application has been placed on Gunthorpe Street (not suitable as a business entrance) on a fire escape, which is commonly littered with rubbish (itself a potential contravention of health and safety regulations).
- (3) Potential nuisance being caused by premises neighbouring Healthy Paradise Ltd. (Nagpal House, 1 Gunthorpe St E1 7RG). Last week, police attended this business following a fracas on the streets involving its workers. It has remained shut since.
- (4) Grave detriment to residents of Tower Hamlets with special treatments licences as cover for brothels as has been confirmed with The Relax Studio at Councillor Bobby Nagpal's premises (Nagpal House, 1 Gunthorpe Street, London, E1 7RG), a property let by Reality Properties Ltd .

Yours sincerely,

Nando Messias, PhD
