<p>Social Housing Landlords Performance Report – QTR4 AND QTR1</p>	

Originating Officer(s)	Shalim Uddin Affordable Housing Coordinator
Wards affected	All wards

Executive Summary

Social Landlords in the borough produce quarterly performance data for key customer facing performance indicators so tenants and local residents can be assured they are delivering effective and customer focused services. The performance report attached at appendix 1 provides cumulative performance data ending Quarter four & quarter one for 14 of the Social Landlords with homes in the borough (including THH), who can provide performance data specifically for properties they manage in Tower Hamlets.

Recommendations:

The Housing Scrutiny Sub Committee is recommended to:

1. To review and note progress in the performance outturns achieved by individual Social Landlords and the overall performance trend.

1. REASONS FOR THE DECISIONS

- 1.1 The Chair of the Housing Scrutiny Sub Committee previously agreed that the Social Landlord Performance information will be submitted twice per annum as a standing item on the committee agenda. This provides opportunity for the committee to review and note for information the performance data that is reported to the Statutory Deputy Mayor also the Cabinet Member for Housing. Therefore, allowing two quarters to be compared against each other and after the end of quarter four the whole years' worth of data submissions.

2. ALTERNATIVE OPTIONS

- 2.1 Member review of Social Landlord performance to remain exclusively with the Cabinet Member for Housing.

3. DETAILS OF THE REPORT

- 3.1 Through the Tower Hamlets Housing Forum (THHF), the Council works with key Social Landlords who manage social rented stock in the borough. THHF through its Performance Management Framework has agreed a set of key performance indicators (KPI's); to review and assess performance and drive performance improvements through the THHF benchmarking sub-group. Quarterly performance information is presented to the Statutory Deputy Mayor also Cabinet Member for Housing and circulated to the Housing scrutiny Sub Committee for information. Good performance is an indicator of quality housing management and supports the Council in ensuring the borough is one that residents are proud of and love to live in whilst also support delivery of partnership priorities.
- 3.2 Cumulative performance information on the agreed list of measures below is attached at appendix 1.:
- % repairs completed in target
 - % respondents satisfied with last completed repair
 - % appointments kept as % of appointments made
 - % properties with a valid gas safety certificate
 - % residents satisfied with how the ASB case was handled
 - % complaints responded to in target
 - % Members Enquiries answered in target
 - Average re-let time in days (General Needs only)
 - % General Needs Income collected
 - % of tall buildings (over 18m) owned by RPs that have an up to date FRA in place
- 3.3 Appendix 1 outlines cumulative performance for two quarters for the fourteen key Social Landlords who operate in the borough, (including THH) who are able to produce borough specific data. The remaining 7 key Social Landlords can only produce regional data; therefore, performance for these is not included.
- 3.4 To note the Benchmarking group are in the process of revising a new set of qualitative and quantitative KPI data. The group will be focussing on setting measurable definitions as currently not all partners are able to do this. This is due to either using different metric systems or capturing data nationally rather than on a regional level. Revising the KPI's should provide accurate data in relation to Tower Hamlets specifically. The new KPI questions should enable and provide data for the RP's to utilise and improve their service offer as well as share best practise amongst themselves. Thus, ensuring all existing and new THHF partners are aware of the reporting parameters producing more accuracy within KPI submissions. Unfortunately, delays have occurred and are likely to occur due to Covid-19. With a reduced service offer from housing partners this aspect remains an evolving one which varies on the restrictions imposed by government and how the partners adapt to lockdown rules and regulations.

- 3.5 Some Registered Providers have made significant improvements in relation to the PI's. This includes:
- 3.6 In Quarter One EastEnd Homes managed to achieve a 100% in the field of responding to complaints. The previous quarter 4 figures indicated they achieved 94.48%. (5.51% increase) Providence Row managed a 100% in responding to members enquiries and One housing achieving 100% to ASB satisfaction levels. To emphasise these figures were achieved during a period of lockdown and Covid -19 restrictions.
- 3.7 During Quarter four Spitalfields Housing achieved good relet times by only requiring eleven days. Tower Hamlets Community Housing managed to keep a 100% of their appointments whilst THH managed to achieve above 98% in repair completion.

4. EQUALITIES IMPLICATIONS

- 4.1 There are no direct equalities or diversity implications arising from this report.

5. OTHER STATUTORY IMPLICATIONS

- 5.1 This section of the report is used to highlight further specific statutory implications that are either not covered in the main body of the report or are required to be highlighted to ensure decision makers give them proper consideration. Examples of other implications may be:
- Best Value Implications,
 - Environmental (including air quality),
 - Risk Management,
 - Crime Reduction,
 - Safeguarding.
- 5.2 There are no direct Best Value implications arising from these reports, although if performance is further improved for performance indicators 1, 2 and 3 which relate to repairs, this may lead to improvements in working practices that will in turn improve efficiency and potentially reduce costs for Social Landlords.
- 5.3 Another indirect Best Value Implication is a landlord's ability to ensure its general needs income target (rent collection) is achieved.
- 5.4 The percentage of properties with a valid gas safety certificate directly relates to health and safety risks to residents. It is important that statutory compliance of 100% is achieved, and that landlord performance in this area shows continued improvements.
- 5.5 The percentage of tall buildings (over 18m) owned by Registered Providers that have an up to date Fire Risk Assessments (FRA) in place also has a

direct health and safety impact. It is a statutory requirement to ensure an FRA has been completed and is up to date.

- 5.6 There are no direct environmental implications arising from the report or recommendations.
- 5.7 Resident satisfaction with the handling of anti-social behaviour cases has an indirect relation to crime and disorder reduction matters.

6. COMMENTS OF THE CHIEF FINANCE OFFICER

- 6.1 This report provides an update to the Housing Scrutiny Sub-Committee on the performance of various providers of social housing (Social Landlords) that operate within the borough. This includes the comparative data for Tower Hamlets Homes which manages the Council's housing stock. There are no direct financial implications arising from this report.

7. COMMENTS OF LEGAL SERVICES

- 7.1 This report is recommending that the Housing Scrutiny Sub-Committee review the performance of individual Social Landlords during 20-21.
- 7.2 Regeneration agency Homes England and the Regulator for Social Housing (RSH), focus of their regulatory activity is on governance, financial viability and financial value for money as the basis for robust economic regulation. The objectives of the social housing regulator are set out in the Housing and Regeneration Act 2008.
- 7.3 The regulatory framework for social housing in England from the 1st April 2005 is made up of: Regulatory requirements (i.e. what Social Landlords need to comply with); Codes of practice; and Regulatory guidance. There are nine (9) categories of regulatory requirements and these are:
1. Regulatory standards – Economic (i.e. Governance and Financial Viability Standard; Value for Money Standard; and Rent Standard)
 2. Regulatory standards – Consumer (i.e. Tenant Involvement and Empowerment Standard; Home Standard; Tenancy Standard; and Neighbourhood and Community Standard)
 3. Registration requirements
 4. De-registration requirements
 5. Information submission requirements
 6. The accounting direction for social housing in England from April 2012
 7. Disposal Proceeds Fund requirements
 8. Requirement to obtain regulator's consent to disposals
 9. Requirement to obtain regulator's consent to changes to constitutions
- 7.4 In addition to RSH regulation, there is a Performance Management Framework ('PMF') agreed with the Council which also reviews the performance of the Social Landlords in key customer facing areas. These are monitored cumulatively every three months against 8 key areas that are

important to residents. This has a direct bearing on the Council's priority to ensure that Social Landlords are delivering effective services to their residents who are also, at the same time, residents in the local authority area. This provides re-assurance for the Council that the main Social Landlords in the Borough are delivering effective services to their residents.

7.5

The Council has no power to act against any Social Landlord (other than THH which it monitors already) but one of its Community Plan aspirations is for Tower Hamlets to be a place where people live in a quality affordable housing with a commitment to ensuring that more and better quality homes are provided for the community.

7.6

The review of the Social Landlords performance though not a legal requirement fits in with the above Community Plan objective and the regulatory standards as stated above. The standards require Social Landlords to co-operate with relevant partners to help promote social, environmental and economic wellbeing in the area where they own properties.

The review of housing matters affecting the area or the inhabitants in the borough fall within remit of the Housing Scrutiny Sub-Committee and accordingly authorised by the Council's Constitution
