Subject: SITE 5 Licence

Hello Tower Hamlets Licensing,

I am emailing you in regards to the SITE 5 licence.

It is extremely important for this licence to be approved. E1 are doing the utmost for their current employees as well as providing new jobs such as trade for additional businesses that provide food, drink suppliers and so on. As well as the many freelancers that will benefit. This is so needed in this current climate.

I believe it will boost the economy for the area without any disturbance to locals and their intention is to bring joy in a safe and socially distanced environment. I for one think this is a necessity. I urge you to please consider these points in your decision.

Thank you so much for your time.

Kind Regards,

Melissa Nettleford

Subject: E1 / Site 5 licence application

To whom it may concern,

I am writing as a resident and member of the tower hamlets community with a strong passion for supporting the hospitality sector in these times. The application for a license at Site 5 will bring a new COVID secure outdoor space to the local area alongside providing opportunity for additional independent businesses to trade. I have been to E1 a number of times and it is a community based social space where people are interested in music and socialising, I don't believe new crime or public nuisance would be an issue.

At this difficult time I believe it to be paramount to retain jobs and if possible create openings for new ones and this site has done just that for freelance workers, artists and bar staff. The licence is vital to continue this and to create a safe space where music lovers can socialise safely.

Kind regards,

Freya Jones

Subject: E1 / Site 5 - LICENSE APPLICATION

Dear Licensing

I heard a report today that they license for SITE 5 in E1 is being contested and it saddens me greatly.

My flat is in Tower Hamlets and I love the cultural diversity of the area.

I think in extraordinary times like this it is more important than ever to support local businesses and I understand the team at E1/Site 5 have worked so hard to build an outdoor COVID safe environment where social distancing can be effectively managed.

Their hard endeavour has not only provided jobs for their staff but will also give opportunities to other local tradesmen such as food traders, food and drink suppliers, and freelancers and casual staff who might otherwise struggle to get work at the moment.

Also as someone who has lived in the area for over 10 years I think it's important to support business that bring vibrance and a little cheer at a time which is hard for everyone which I think is particularly important in urban areas such as East London.

I very much hope you take above into consideration and hope you are able to help them retain their license as I think it will be a bit loss to the area if we don't support such businesses.

Yours faithfully

Annabel Marner

Subject: E1 / Site 5 licence application

Hello there,

I think it is extremely important you approve the site 5 license for E1. They are a crucial part of East London's clubbing scene, and one of the best venues across the country. I feel deeply that the approval of the new space will not bring any crime and disorder, and is essential for E1 to be able to produce enough revenue to help them stay afloat during this extremely difficult time.

The new space will be COVID secure with plenty of room to abide by social distancing measures and government guidelines, whilst being able to support a large number of local businesses such as; food stalls and drinks suppliers. With furlough coming to an end in the coming months, this makes it even important that licenses for spaces such as these are approved so that unemployment can be avoided for E1 staff. At times they have had over 100 people working at E1!

It's also a crucial venue for providing jobs to freelance workers, bar staff, and artists. Being a DJ myself, I feel strongly that E1 is an absolutely vital space for London,

Please approve the site 5 license application!

My full name: Joseph Worley

Address: [REDACTED]

Many thanks,
Joe

Subject: E1 / Site 5 licence application

Dear Sir / Madam,

I'm writing with regard to offering my full support for the SITE 5 licence to be approved.

During these incredibly difficult times for everyone, SITE 5 has provided some much-needed relief and enjoyment alongside family and friends in a fantastic and safe location and environment. I'm a regular visitor from Manchester to London and, from my experience, everything has been brilliantly and safely organised on site and it's a fantastic COVID secure outdoor space for the local area where social distancing is fully managed, as per the Government's rules and regulations.

There is absolutely ZERO chance of it bringing any new crime and disorder or public nuisance to the area - it instead brings a safe and most welcome new environment to spend time and enjoy yourself, whilst fully adhering to social distancing. I therefore absolutely feel public safety will NOT be affected.

Not only does SITE 5 provide a great place for people to enjoy themselves socially, most importantly and crucially locations like these are vital for the economy and so many individuals, as it provides an opportunity for a number of additional businesses to trade (including food stalls, drinks suppliers and others), as well as a much-needed economic boost to the whole area.

It's also important for E1 to uphold employment for current staff as furloughing comes to an end and it provides jobs for freelancers, artists and bar staff and more, who may be struggling to find employment at this tough time.

I understand that there have been around 100 people working on the site and they've all done an excellent job. They deserve full credit for their organisation of everything on site and do not deserve to lose their jobs.

I very much hope you will look favourably on all the positive aspects that SITE 5 provides to the local community and ensure the SITE 5 licence is approved.

Yours faithfully,
Gemma Thompson

Subject: E1 / Site 5 Licence Application

Dear sir or madam,

My name is Ryan Burnell. Address - [REDACTED]. I work between Cheltenham & London (East London) and commute often, always searching for quality outdoor venues to socialise in a safe space after work.

I am writing to you today to show support for the recently launched Site 5 outdoor space, located on Pennington Street, Wapping. I would like to express my belief that the venue's licence application should indeed be supported, so that local residents and those based further out can regularly enjoy a socially-distanced pub garden experience.

From what I have gathered through viewing their social media channels, I believe the pub garden setup provides local people and customers with a safe and secure drinking experience, one that enables people to enjoy themselves responsibly. I have also noticed that the site employs local food vendors to cater to customers, providing several grass-roots businesses with weekly trade. Examples of this include Story Deli, a pop-up artisan pizza company.

Should the permanent licence be granted, I believe this will have zero impact on bringing crime, disorder or public nuisance to the local area, nor do I believe it will impact public safety in a negative way. In fact, I actually feel quite the opposite, in that the venue will bring far more positive things to the wider community, including regular employment to those workers impacted by the COVID situation, as well as giving nearby residents a place to enjoy a socially-distanced pub garden experience, something that is hard to come by in the local area.

Thank you for taking the time to listen to my email. It is with the aforementioned points in mind that I believe Site 5's licence application should be supported.

*Best regards,
Ryan Burnell*

Subject: E1 / Site 5 licence application

As a resident of London I am writing to support E1's application for a licence for site 5. The venue have invested in a covid secure, outdoor space in order to secure the future income of their employees and suppliers during the new normal as well as to protect the diverse nightlife of the capital once this crisis is over.

I believe that rather than increasing any antisocial behaviour or crime, this will make the area feel safer, decreasing the number of derelict/ empty buildings and pedestrian-free streets that feel unsafe to walk down alone. The licence will bring the opportunity for further investment and income to the local area as it will attract more businesses, eg food vendors and potentially permanent restaurants.

This is not to mention the impact this will have on Tower Hamlets as a place people want to visit. Having lived in London for the last 20 years, I'm aware the borough has struggled to shake of an image of deprivation. After visiting e1 on previous occasions I was encouraged to cycle to the area recently to see what else was here, like the waterways and parks. Like Peckham, Lewisham and Shoreditch before it, a more diverse range of businesses can benefit the community as a whole and make it a place people love to explore and live.

Full support to E1/site 5!!!!

Dear Local council,

My name is Juan Murillo and I live at [REDACTED]

I want to express that E1/site5 will bring a large outdoor space to the community which will help to have a safe space to Covid-19.

This will not bring No crime or antisocial behavior or public nuisance to the area

I have been Occasional customer to E1 and always have a great experience. This new site will help also supplier such as food stalls, drink suppliers etc.

And the most important thing their employees to maintain their jobs.

Please allow then to create this space giving then the application as a **Local Neighbour** this is a good addition to the area.

Kind regards

Juan

Hi there,

I'm emailing you regarding the space (site 5) that the nightclub E1 has occupied. I live in London and have DJ'd at E1 as well attended many events there.

COVID-19 has affected us in different ways. However we cannot ignore that the events and entertainment industry has been hit particularly bad. Whilst pubs are open, nightclubs will be the last to do so. This creates a devastating impact to everyone; from DJ's like myself to the bar staff.

E1 successfully turned a derelict space into 'Site 5' which provides opportunity for a number of businesses to trade (food, drinks etc), keeps the current E1 staff's jobs safe but also helps freelance workers such as myself. All of these things help the economy massively.

It is vital that with any public area that opens, COVID safe measurements are put in place, as well as ensuring public safety is also prioritised; and I strongly believe E1 will do this.

I only had good things to say after going visiting the night club, as a punter and a DJ. The E1 family prioritise safety as well as the amazing music that so many people love, and it would have a devastating impact on the music industry and hospitality sector if they weren't able to keep afloat.

The government have opened pubs and bars, but we're seeing that music clubs will be the last to do so; which is looking earliest 2021. Therefore the music industry has to adapt and create new ways to make money in order to keep the music alive. I think if COVID has taught us anything, it's to work together as a community and help each other as much as we can.

E1 is a much loved nightclub and it would be absolutely devastating for anything to happen, just because an outdoor space is unable to open. I urge you to support E1 in occupying Site 5.

Kind regards,

Effy/ Sophie Cooper

Dear Sir/Madam,

I am writing in support of the E1 Site 5 License application.

As a regular visitor to E1, a unique business in London showcasing global DJs and fostering a community of music lovers.

The new site would allow this to continue to exist in some form safely, provide an opportunity for additional peripheral businesses to trade, and most importantly - to continue employment for staff after the furlough scheme stops.

It will also provide an opportunity for hard-hit artists to perform and generate income in-line with the government's safety guidelines.

E1 has been an incredible and unique experience, and with the bleak future for venues like this, and for the artists, staff and area, the new site gives a much needed economic boost. It has also been a real community, and absolutely does not bring crime or disorder but rather brings people together - the new site will be able to do this in a COVID-safe way.

Please allow for this completely unique experience to continue to exist, and continue to employ its staff, provide business to its suppliers, and support artists.

Kind Regards,

Bethan Davies

Subject: Site 5

To: [REDACTED]

Hi all

Saw your appeal on Facebook and thought I'd add my opinion as a Wapping resident (I have an E1W postcode, about 5 mins away in Shadwell Basin). Hope this helps.

As a supporter of the techno music scene in London I cannot overstate the cultural importance of E1. Hope you reopen soon.

Specifically regarding site 5, I think Wapping as a neighbourhood has long called for an outdoor social space that is regulated and licensed, particularly during Covid. Wapping has very few bars or restaurants compared to the number of residents in the neighbourhood

- just a small handful of tiny pubs along the river and around Wapping High Street. During the pandemic I do not feel safe in these pubs - they are all old pubs which are very cramped inside, with little outdoor space. As a local resident I'm honestly desperate

for a large outdoor social space that isn't a park.

In addition it has been clear to me that, having lived in Wapping throughout the lockdown, the amount of antisocial behaviour has increased in all of the local parks and public outdoor spaces. I live on Shadwell Basin and am well aware of the increased number

of calls made by my neighbours to the Met police regarding drinking and noise on our doorsteps (I am sure that both Tower Hamlets and the Met Police will have the statistics to back this up). We need a space in the neighbourhood that can provide safe and controlled

socialising, with security staff managing any antisocial behaviour. I firmly believe that if Site 5 is allowed to operate, the antisocial behaviour in the neighbourhood parks, and particularly in Shadwell Basin where I live, will decrease as people will have

a alternative and secure space to socialise.

I would like to stress to Tower Hamlets council that the antisocial behaviour which is sharply on the rise in Wapping needs to be resolved urgently; it can be resolved if there are safe and licensed social spaces where people can gather in the area.

Please contact me at this email if you'd like to hear more from me or other Wapping residents!

Thanks

John

Subject: E1 / Site 5 licence application

Dear Licensing Team,

I am writing to express my support for the E1/Site 5 licence application.

The Site 5 development has taken a previously derelict space and rejuvenated it into a viable enterprise. While London's night-time venues remain closed, the team at E1 have taken the initiative to secure employment for their many staff, and hopefully the longevity of the whole venue itself, enabling those who have come to see the main club as one at the forefront of showcasing both emerging and established music artists to support its continued success.

With such increasing unemployment figures, I'm disappointed that the application for a licence for the venue has been contested. I would have thought that any enterprise which takes an unsightly derelict site and improves it would be of benefit to the local area, not to mention the many jobs this will work to save. I can't begin to imagine why anyone would contest it.

The club has a reputation for the safety of its staff and customers and a duty to protect the local community, which it upholds, and with this new venture will continue to do so.

As a visitor to the area and the club for events pre-lockdown, I am saddened and disappointed that I find myself writing this email.

London's nighttime venues are going to struggle enough when the time comes to reopen. With pubs having reopened and the arts being given grants to ensure their future, London's nightlife has been dealt a poor hand. Initiatives like the E1 / Site 5 development should be welcomed, encouraged, to attract music tourism back to our capital.

Please look favourably on this and support our industry.

Thank you.

Subject: E1/ Site 5 Licence Application

To Whom It May Concern,

I am writing in regards to the E1/ Site 5 licence application.

I have been lucky enough to attend E1 on numerous occasions for a range of events, many people like myself relied on places like E1 that always provided a safe space for everyone. The Covid-19 outbreak has had a major impact on the places many of us were once able to enjoy and meet like minded individuals.

Many business have been given the opportunity to adapt to the current situation so they are able to remain open. Site 5 is an adapted situation for us, not what we're used to but a place for people to go and still enjoy themselves while feeling safe, especially during time's like this. Safe to be yourself but also safe to feel protected.

I don't feel Site 5 is going to attract any trouble or cause anymore public disturbance then what is generally normal. E1 have always had a good security team and a good team behind closed doors.

It is vital places like Site 5 remain open because the impact of these places closing affect a huge amount of people.

Thank you for taking the time to read this

Hi

I am writing this letter in reference to the E1 nightclub who have recently created a suitable outdoor area. Firstly I would like to state the E1 is a beacon of pride that London should cherish. It is possibly Londons best club and the arts and culture value it highly. The club is always professional and you always feel safe when attending. I have never seen any form of public disorder in or around this club and I have been to E1 regularly over the past 4 years. I am a Hackney resident and an aspiring performing electronic musician. E1 has gone to great efforts to ease the strain of the pandemic by creating a covid safe area to operate and function to help create some relief for the crippling financial situation we are in. This has also helped E1 keep their staff employed and also aided other business through synergy. E1 need help and support from the council to prevent the demise of Londons profound cultural artistic complex. I feel this outdoor space they have created will run efficiently in line with new social distancing standards and I believe no disruption to the local area will take place. London must protect its cultural arts otherwise I fear a great depression ahead.

To whom it may concern,

I think your plans to close Site 5 location are unjust and should not happen. With the music industry already taking a massive blow from the virus, closing this venue will effect even more jobs.

- We need to Bring a new COVID secure outdoor space to the local area, whereby distancing can be managed as advised by the Government.*
- Providing opportunity for a number of additional businesses to trade (such a food stalls, drinks suppliers & so on), as well as a much needed economic boost to the area.*
- Upholding employment for current E1 staff as Furlough comes to an end.*
- Providing jobs for freelance workers, artists and bar staff etc who may otherwise be struggling to find employment. To date we have had around one hundred people working on the site*

Kind regards,

[REDACTED]
