

Hi Simmi

Thank you for this.

Could you please also forward this comment from myself to the Sub Committee, in response to the document, which you have sent to me. Thank you.

I would like to point out that the photos were taken in Feb 2019 and therefore had nothing to do with my application for a license.

The people sat on the pavement drink coffee and eat bagels and not necessarily drink alcohol bought locally.

Kristin Peres lives in Hackney and Suffolk. She uses the Columbia Rd property as hired out Workshop Space and a photographic Studio - which hopefully she has a business permit for.

Best wishes, Michelle

Michelle Mason
