Report from the General Purposes Committee – Senior Review	

Wards affected	All Wards
-----------------------	-----------

Summary

At its meeting on 21 December 2020, the General Purposes Committee agreed a number of proposals in relation to a Senior Management Review.

One implication of this review is the proposed deletion of the posts covering the existing Statutory Officer positions of Section 151 Chief Finance Officer and Monitoring Officer with the roles taken on by other posts within the new structure.

As these are Statutory Officer Posts, Council is required to sign-off the proposals as they result in the potential dismissal through reason of redundancy the existing post holders.

The exempt/restricted report to General Purposes Committee on 21 December 2020 is attached to this cover report along with the draft exempt/restricted minutes of the meeting.

Note – the report refers to the Divisional Director, Legal Services as the Deputy Monitoring Officer, since that time she has taken on the full Monitoring Officer role.

Recommendations:

The Council is recommended to:

1. Review the attached report to General Purposes Committee including the implications in respect of existing Statutory Officer posts and indicate if Council wishes to object to the dismissal of the existing post holders through reasons of redundancy.
