Inside out

Phase Two Crisp Street Community Cycles

Aldgate Women's Oral  
Histories.  
HubbubUK

Details
Ran a successful holiday scheme for 130 children, enabling members of the community to interact with each other, learn how to box and gain life
Provided one to one exercise sessions for disabled people, including supported group exercise classes for people to meet others and make friends and sessions outside of the gym, at local leisure centres and other
Enabled the community radio station to keep operating for over 6 months.
Provided emergency food parcels to those in need. Supported foodbank sessions running every week at Bow and at Bethnal Green and at the same time were delivering to over 110 families and individuals every week. In January 2020, Bow Foodbank would see around 100 clients a week on a fortnightly cycle, so there were
The project is ongoing but they have achieved two new outdoor playground spaces which have been used by the school for safe pick ups and drop offs helping families of 320 children feel secure in the pandemic. They
Enabled people to have access to emergency food when they had no money to buy any for themselves. From 16-March 2020 to 14-April 2020, 607 people were helped with generous food hampers and support to
The impact so far has been for local people to reconnect with those that they have lost touch with during lockdown, while meeting new people, many of whom have only recently moved into the Poplar area. The project offered new skills, confidence in untapped abilities and a sense of well-being amongst participants.
Transformed the kitchen so that it can now hold service in the cafe and make 100 free meals every day for the community. They also transformed their Community Hub from a dilapidated space to a professional wooden-clad area with superior lighting and heating; this space welcomes grassroots community groups and individuals launching ideas that improve other people's lives. The pandemic has meant that these events
Iranian refugee and artist, together with local volunteers, created a huge mural in Hanbury Street E1. The mural was created to mark Refugee Week, with the support of the charity Help Refugees and the creative
Opening young people's eyes to the biggest environmental problems of our time, as well as providing them with the educational tools on how to address them. Leaders in Community supported young people to expand the apiary in the Brownfield Community Garden in Poplar. The project delivered courses to 54
Purchased over 50 devices for isolated elders, which were set up and organized distribution along with IT/
Supporting a space for the Numbi Arts team to work in, build their archive and create a permanent exhibition. This space aims to be a place for the community to visit and build relationships with other local
Provided training and volunteering opportunities for local young disadvantaged young people. Creating products from waste and teaching people about circular economy and circular economy business models
The Common Room is a temporary structure built in 2014 in an un-loved corner of Roman Road. This fund was used to transform the existing structure to become a community learning and cultural space in
Images of 1943 wartime disaster victims have been projected onto Bethnal Green's Stairway to Heaven memorial on anniversaries. The images were taken from snapshots in family albums belonging to relatives
Delivered refurbished IT devices from individuals and corporates to schools across Tower Hamlets. To date
Transformed the church to a more flexible space to enable community activity to take place by changing pews to chairs. Projects using the space has included a food bank, Lunchtime Recitals and Art exhibitions.
From a Tuesday to Thursday, 36 young people from 3 local schools built, painted and decorated the cave whilst also learning about healthy eating by cooking fresh meals for the whole crew and taking part in film workshops with Chocolate Films. On Thursday 26th April 2018, the cave was officially opened. In order to
Fitted out of a new community café in Shoreditch. TransformShoreditch is the first location for TransformUK. It was created in partnership with The Tab Church. The TransformShoreditch partnership is gearing up for opening the new building which will have a private garden, space for a new arts and performance centre, recording studio and creative media suite, as well as a space for a new community café
Supplied 3 defibrillators to Victoria Park - currently delayed installation because of COVID. Will provide potentially life-saving automatic defibrillation

Make earth: recruit family, close friends and willing neighbours to contribute their food left-overs to urban  
 Developing a new Fashion and Creative Centre which will provide training, support and network opportunities.

4 free tea dances for older residents living with various disabilities including dementia

Turned an empty basement in a tower block into a creative recycle workshop

The narratives of women from Aldgate will be collated through a series of community workshops. This will culminate in an outdoor performance which will coincide with the June opening of Aldgate Square

Recently supported this project will provide free winter cycle skills and confidence programme of activities, for all abilities, opportunities for 6 volunteers, a women only cycle club and a Build a Bike workshop bikes
