

Cabinet	 TOWER HAMLETS
1 August 2022	
Report of Kevin Bartle – Interim Corporate Director, Resources	Classification: Unrestricted
Contracts Forward Plan – Quarter One (FY2022-2023)	

Lead Member	Councillor Saied Ahmed, Cabinet Member for Resources and the Cost of Living
Originating Officer(s)	Peter Maskell – Interim Head of Procurement
Wards affected	All wards
Key Decision?	Yes
Forward Plan Notice Published	31 May 2022
Reason for Key Decision	Significant Financial Expenditure and Significant Impact on two or more wards
Strategic Plan Priority / Outcome	This decision will support one or more of the Corporate Priorities as set out in the Strategic Plan 2022-26 which is anticipated to be approved at this meeting

Executive Summary

The Council's Procurement Procedures require a quarterly report to be submitted to Cabinet, setting out a forward plan of supply and service contracts over £1m in value, or capital works contracts over £5m. This provides Cabinet with the visibility of all high value contracting activity, and the opportunity to request further information regarding any of the contracts identified. This report provides the information in quarter one of the current financial year. Only contracts which have not previously been reported are included in this report.

Recommendations:

The Mayor in Cabinet is recommended to:

1. Consider the contract summary at Appendix 1, and identify those contracts about which specific reports – relating to contract award – should be brought before Cabinet prior to contract award by the appropriate Corporate Director for the service area

2. Confirm that the remaining contracts set out in Appendix 1 can proceed to contract award after tender
3. Authorise the Director Legal Services (Monitoring Officer) to execute all necessary contract documents in respect of the awards of contracts referred to at recommendation 2 above subject to the award decision referred to in recommendations 1 and 2 above
4. Review the procurement forward plan 2022-2027 schedule detailed in Appendix 2 and identify any contracts about which further detail is required in advance of the quarterly forward plan reporting cycle

1. REASONS FOR THE DECISIONS

- 1.1 The Council's Procurement Procedures require submission of a quarterly forward plan of contracts for Cabinet consideration, and it is a requirement of the Constitution that "The contracting strategy and/or award of any contract for goods or services with an estimated value exceeding £1m, and any contract for capital works with an estimated value exceeding £5m shall be approved by the Cabinet in accordance with the Procurement Procedures" as amended by the General Purposes Committee held on 05 October 2021. This report fulfils these requirements for contracts to be let during and after quarter one of the current financial Year.

2. ALTERNATIVE OPTIONS

- 2.1 Bringing a consolidated report on contracting activity is considered the most efficient way of meeting the requirement in the Constitution, whilst providing full visibility of contracting activity; therefore no alternative proposals are being made.

3. DETAILS OF THE REPORT

- 3.1 Council's procurement procedures and processes have undergone major improvements to ensure they are clear, concise and transparent. Our systems, documentations and guidance to suppliers have been transformed to ensure they reflect best practice in Public Sector procurement. Our efforts in maintaining effective dialogue with our bidders during the procurement process has helped to minimise procurement challenges.
- 3.2 To ensure the Council continues to be recognised for its sound procurement practices and effective engagement with the supply community, it is imperative that delays in contract award are minimised and adherence to the timetable outlined within our Invitation to Tender documentations.
- 3.3 The importance of procurement as an essential tool to deliver Councils wider social, economic and environmental aims has resulted in the need to ensure

effective elected Member engagement in the pre-procurement and decision making process as identified in the recent Best Value audit.

- 3.4 This report provides the forward plan for quarter one of the current financial year in Appendix 1 and gives Cabinet Members the opportunity to select contracts about which they would wish to receive further information, through subsequent specific reports.
- 3.5 Additionally, the report also includes a Procurement Forward Plan 2022-2027 to provide Mayor and Cabinet members with high level visibility of our planned procurement activity and the opportunity to be engaged in advance of the procurement cycle.
- 3.6 Appendix 1 details the new contracts which are planned during the period quarter three of the financial year. This plan lists all of the new contracts which have been registered with the Procurement Service, and which are scheduled for action during the reporting period.
- 3.7 Contracts which have previously been reported are not included in this report. Whilst every effort has been made to include all contracts which are likely to arise, it is possible that other, urgent requirements may emerge. Such cases will need to be reported separately to Cabinet as individual contract reports.
- 3.8 Cabinet is asked to review the forward plan of contracts, confirm its agreement to the proposed programme and identify any individual contracts about which separate reports – relating either to contracting strategy or to contract award – will be required before proceeding.
- 3.9 Equalities and diversity implications – and other One Tower Hamlets issues – are addressed through the Council’s Tollgate process which provides an independent assessment of all high value contracts and ensures that contracting proposals adequately and proportionately address both social considerations and financial ones (such as savings targets). The work of the Strategic Procurement Board and Corporate Procurement Service ensures a joined-up approach to procurement.
- 3.10 The Tollgate process is a procurement project assurance methodology, which is designed to assist in achieving successful outcomes from the Council’s high value contracting activities (over £1m, for revenue contracts, and £5m, for capital works contracts which have not gone through the Asset Management Board approval system). All Tollgate reviews are presented to the D-Strategic Procurement Board as a Noting Report.
- 3.11 Appendix 1 - Q1 of the Financial Year and beyond contains Appendix 1 for contracts – 5 of these submissions are for new extended contracts for service provision within Health and Social Care where the existing contracts are soon to expire, the other submission concerns software licences within IT and Corporate Services. For Health and Social Care, it is necessary to maintain these services to vulnerable residents, with most of these services being Statutory requirements which the Council is obliged to provide. It is therefore

essential to extend these current service arrangements whilst the service commissioning process is completed to allow arrangements to be reviewed and for the procurement process to take place for the new Service Providers to be commissioned and mobilised. For Corporate and IT, the request concerns an extension for software licences to allow sufficient time to complete pre-sourcing activities and investigations to develop a sourcing strategy for a future procurement.

4. EQUALITIES IMPLICATIONS

- 4.1 Equalities and diversity implications – and other One Tower Hamlets issues – are addressed through the tollgate process, and all contracting proposals are required to demonstrate that both financial and social considerations are adequately and proportionately addressed. The work of the Strategic Procurement Board and Corporate Procurement Service ensures a joined-up approach to council's procurement activities.

5. OTHER STATUTORY IMPLICATIONS

- 5.1 This section of the report is used to highlight further specific statutory implications that are either not covered in the main body of the report or are required to be highlighted to ensure decision makers give them proper consideration. Examples of other implications may be:

- Best Value Implications,
- Consultations,
- Environmental (including air quality),
- Risk Management,
- Crime Reduction,
- Safeguarding,

Best Value Implications

- 5.2 The Council is required to consider the value for money implications of its decisions and to secure best value in the provision of all its services. The Council procures annually circa £350m of supplies and services with a current supplier base of approximately 3,500 suppliers. The governance arrangements undertaking such buying decisions are set out in the Council's Procurement Procedures, which form part of the Financial Regulations.

- 5.3 Contracts listed in Appendix 1 are all subject to the Council's Tollgate process which involves a detailed assessment by Procurement Review Panel and Strategic Procurement Board of the procurement strategy to ensure compliance with existing policies, procedures and best value duties prior to publication of the contract notice

Sustainable Action for Greener Environment

- 5.4 Contracts are required to address sustainability issues in their planning, letting and management. This is assured through the Tollgate process.

Risk Management

- 5.5 Risk management is addressed in each individual contracting project and assessed through the tollgate process.

Efficiency Statement

- 5.6 Contract owners are required to demonstrate how they will achieve cashable savings and other efficiencies through individual contracting proposals. These are then monitored throughout implementation.

6. COMMENTS OF THE CHIEF FINANCE OFFICER

- 6.1 This report details the contract forward plan for quarter one of 2022-23 which includes adult social care domiciliary care contracts funded by general fund (c£13m extensions for five months), licencing for Microsoft applications funded by general fund (c£9m over 5 years), and further contracts funded by general fund totalling c£6m for extra care sheltered housing, hostel services and children and young people domiciliary and personal care.
- 6.2 All contract spend should be carried out within resources identified and savings should be identified where possible to improve value for money and contribute to MTFS savings.

7. COMMENTS OF LEGAL SERVICES

- 7.1 The Council has adopted financial procedures for the proper administration of its financial affairs pursuant to section 151 of the Local Government Act 1972. These generally require Cabinet approval for expenditure over £1m for revenue contracts and £5m for capital works contracts as Key Decisions.
- 7.2 Cabinet has approved procurement procedures, which are designed to help the Council discharge its duty as a best value authority under the Local Government Act 1999 and comply with the requirements of the Public Contract Regulations 2015. The procurement procedures contain the arrangements specified in the report under which Cabinet is presented with forward plans of proposed contracts that exceed specified thresholds. The arrangements are consistent with the proper administration of the Council's financial affairs.
- 7.3 Pursuant to the Council's duty under the Public Services (Social Values) Act 2012, as part of the tender process and where appropriate, bidders will be evaluated on the community benefits they offer to enhance the economic social or environmental well-being of the borough. The exact nature of those benefits will vary with each contract and will be reported at the contract award stage. All contracts delivered in London and which use staff who are ordinarily resident in London will require contractors to pay those staff the London Living Wage. Where workers are based outside London an assessment will be carried out to determine if the same requirement is appropriate.
- 7.4 When considering its approach to contracting, the Council must have due regard to the need to eliminate unlawful conduct under the Equality Act 2010,

the need to advance equality of opportunity and the need to foster good relations between persons who share a protected characteristic and those who do not (the public sector equality duty). Officers are expected to continuously consider, at every stage, the way in which procurements conducted and contracts awarded satisfy the requirements of the public sector equality duty. This includes, where appropriate, completing an equality impact assessment as part of the procurement strategy, which is then considered as part of the tollgate process
