Social Care

# Health & Social Care Manifesto Pledges

- Invest in provision of care
- Look after our care workers
- Ensure we are providing the best quality services
- An ambition to return to free home care
- Ensure mental health and physical health have parity of attention
- Covid-ready Public Health service with a focus on the disproportionate impact on BAME people
- Improve general health education and awareness
- Work with the NHS to expand GP practices to ensure people can access timely appointments including face to face
