If you wish to make that type of change to the premises licence, you should make a new premises licence application under section 17 of the Licensing Act 2003.

Licensing Act 2003

New premises licence application: Pasta Evangelists, 148 Bethnal Green Road London E2 6FG

The Licensing Authority (acting a Responsible Authority) is making a representation against the above application.

Special Cumulative Impact Policy for the Bethnal Green area

This special policy creates a rebuttable presumption that applications for the grant or variation of premises licences or club premises certificates which are likely to add to the existing cumulative impact will normally be refused following the receipt of representations, unless the applicant can demonstrate in the operation schedule that there will be no negative cumulative impacts with one or more of the licensing objectives.

The Council reviewed the Special Cumulative Impact Policy in 2021 and, following consultation, decided it was still of the opinion that the concentration of licensed premises within Brick Lane area was having a cumulative impact on the licensing objectives of crime and disorder and prevention of public nuisance.

The Licensing Authority is of the view that the number, type and density of premises selling/supplying alcohol for consumption on and off the premises and/or the provision of late night refreshment in the Brick Lane is having a cumulative impact on the licensing objectives. Therefore, it is likely that granting further licences would be inconsistent with the authority's duty to promote the licensing objectives. Thus, it has declared a cumulative impact assessment within these areas.

This Policy will be strictly applied and where relevant representations are received and it is the view of the Council that the application will be refused. Applicants will need to demonstrate that there are exceptional circumstances and that granting their application will not negatively add to the cumulative effect on the Licensing Objectives within the Brick Lane CIA if they wish to rebut this presumption.

The Special Cumulative Impact policy creates a rebuttable presumption that where relevant representations are received by one or more of the responsible authorities and/or other persons against applications (Councillors, Members of the Public) within the CIA zones the application will be refused.

Where representations have been received in respect to applications within the CIA zones the onus is on the applicant to adequately rebut the presumption.

This special policy is not absolute and the Licensing Authority recognises that it has to balance the needs of businesses with local residents. The circumstances of each application will be considered on its merits and the Licensing Authority shall grant applications, when representations are not received. The applicant should demonstrate that the operation of the premises will not add to the cumulative impact on one or more of the following licensing objectives:

- Prevention of Crime and Disorder;
- Prevention of Public Nuisance.

Therefore, applicants will be expected to comprehensively demonstrate why a new or varied licence will not add to the cumulative impact. They are strongly advised to give consideration to mitigating potential cumulative impact issues when setting out steps they will take to promote the licensing objectives in their operating schedule.

Possible exceptions to the Brick Lane and Bethnal Green Cumulative Impact Assessments

- Applications for licences for small premises with a capacity of fifty persons or less who only intend to operate within framework hours, and that;
 - Only have consumption of food (late night refreshment) and drink (alcohol) on the premises only,
 - Only provide Off sales of food (late night refreshment) and drink (alcohol) for delivery (i.e. not for take away),and,
 - Have arrangements to prevent vertical drinking, for example fully seated venues;
- Applications for licences that are not alcohol led (e.g. Hairdressers wanting to provide alcohol to clients during their hair cut/treatments),
- Applications for licences where the applicant has recently surrendered a licence for another premises of a similar size and providing similar licensable activities in the same CIA Area.

Licensing Authority will **not** consider the following as possible exceptions:

- that the premises will be well managed and run,
- that the premises will be constructed to a high standard,
- that the applicant operates similar premises elsewhere without complaint.

The Home Office guidance

under Section 182 of the Licensing Act 2003 (8.42) says:

“Applicants are, in particular, expected to obtain sufficient information to enable them to demonstrate, when setting out the steps they propose to take to promote the licensing objectives, that they understand:

- the layout of the local area and physical environment including crime and disorder hotspots, proximity to residential premises and proximity to areas where children may congregate;
- any risk posed to the local area by the applicants’ proposed licensable activities; and
- any local initiatives (for example, local crime reduction initiatives or voluntary schemes including local taxi-marshalling schemes, street pastors and other schemes) which may help to mitigate potential risks.”

The plan of the premises does not meet the requirements of the Regulations as follows:

(2) “(2) The information contained in the plan must be clear and legible in all material respects.”.

(3) The plan shall show -

(a) the extent of the boundary of the building, if relevant, and any external and internal walls of the building and, if different, the perimeter of the premises;

(b) the location of points of access to and egress from the premises;

(c) if different from sub-paragraph (3)(b), the location of escape routes from the premises;

(d) in a case where the premises is to be used for more than one licensable activity, the area within the premises used for each activity;

(e) fixed structures (including furniture) or similar objects temporarily in a fixed location (but not furniture) which may impact on the ability of individuals on the premises to use exits or escape routes without impediment;

(f) in a case where the premises includes a stage or raised area, the location and height of each stage or area relative to the floor;

(g) in a case where the premises includes any steps, stairs, elevators or lifts, the location of the steps, stairs, elevators or lifts;

(h) in the case where the premises includes any room or rooms containing public conveniences, the location of the room or rooms;

(i) the location and type of any fire safety and any other safety equipment including, if applicable, marine safety equipment; and

(j) the location of a kitchen, if any, on the premises.

(4) The plan may include a legend through which the matters mentioned or referred to in paragraph (3) are sufficiently illustrated by the use of symbols on the plan.

There is no reference in the application to the premises being within the CIA and therefore no additional provisions, on how the applicant intends to uphold the licensing objectives, to demonstrate how the premises will not have a negative effect on the already saturated area.

On a balance of probability, this Authority is concerned by the addition of another premises providing late night refreshments, potentially adding to the existing anti-social issues in the area, particularly through access and egress of the delivery drivers at noise sensitive hours.

The premises already has a licence for the following hours:

Sale of Alcohol (off sales)

Monday – Sunday 12:00 hours – 23:00 hours

The opening hours of the premises

Premises are not open to the public

Tower Hamlets have the following framework hours for licensed premises:

- Sunday – 06:00 hours to 22:30 hours
- Monday to Thursday – 06:00 hours to 23:30 hours
- Friday and Saturday – 06:00 hours to 00:00 hours (midnight)

The applicant has applied for the following hours:

- Monday to Sunday from 23:00 hours to 02:00 hours

These hours applied for are:

- 2 hours past framework hours Friday -Saturday
- 2.5 hours past framework hours Monday – Thursday
- 3.5 hours past framework hours on Sunday

I have noted in the application that, the applicant has not applied to extend alcohol off sales. I am not convinced that there will be no off sales of alcohol when orders are made for late night refreshments. The applicant has not provided any information as to how they will prevent sales of alcohol whilst orders are made for LNR.

I would also like to draw to your attention a previous warning letter sent to the premise on **30th January 2023** regarding a breach of condition. *See letter attached.*

Annex 2 - Conditions consistent with the operating Schedule

1. *The premises are not open to the public at any time.*

A complaint was received by a resident stating that the premises was operating beyond 23:00 hours and customers are also attending the premises to collect their orders.

This breach demonstrates that, potentially the applicant may not be able to uphold licensing objectives if they were to be granted later hours within a CIA and this is a concern for this authority.

If the applicant is unable to prove to the Licensing Sub-Committee, that the granting of the application will not undermine the licensing objectives; then the application should be rejected.

Yours faithfully,

Lavine Miller-Johnson

Dear Licensing,

Having considered the premises license application for Pasta Evangelists 148 Bethnal Green Road London. I have to consider the impact of the licensing objectives, particular for Environmental Protection the prevention of public nuisance and the prevention of noise generated from within the premises or outside to be causing disturbance to people in the vicinity. Consideration also has to be given to the fact that the premises is within Brick Lane Cumulative Impact Zone.

2. The proposed hours open to public is extended from 2300- 0200 hours.

3. There is insufficient information in the operating schedule of the licence application to show how the applicant will promote the licensing objective for the prevention of public nuisance, nor consideration of the impact on public nuisance when considering the premises is in Brick Lane Cumulative Impact Zone.

Noise Sensitive premises: residential premises in close proximity.

4. In my view the application, as it stands fails, to comply with the objective of the Licensing Act 2003 relating to “public nuisance” for the following reasons:-

- Noise breakout from the venue affecting neighbouring residents,
- Access & egress to and from the venue including patrons and delivery riders,
- The hours of operation

CONCLUSION

5. Environmental Protection does not support the application for Pasta Evangelists, 148 Bethnal Green Road, London for the following reasons:

- There is great likelihood of disturbance to residential premise.
- The applicant has not provided sufficient information to show how they will promote the licensing objective for the prevention of public nuisance.
- The premises is in Brick Lane Cumulative Impact Zone.

6. For your info, we received a complaint against noise from the address (SR351926).

Thanks and best regards,

Appendix 8

Section 182 Advice by the Home Office Updated on December 2022

Relevant, vexatious and frivolous representations

9.4 A representation is “relevant” if it relates to the likely effect of the grant of the licence on the promotion of at least one of the licensing objectives. For example, a representation from a local businessperson about the commercial damage caused by competition from new licensed premises would not be relevant. On the other hand, a representation by a businessperson that nuisance caused by new premises would deter customers from entering the local area, and the steps proposed by the applicant to prevent that nuisance were inadequate, would be relevant. In other words, representations should relate to the impact of licensable activities carried on from premises on the objectives. For representations in relation to variations to be relevant, they should be confined to the subject matter of the variation. There is no requirement for a responsible authority or other person to produce a recorded history of problems at premises to support their representations, and in fact this would not be possible for new premises.

9.5 It is for the licensing authority to determine whether a representation (other than a representation from responsible authority) is frivolous or vexatious on the basis of what might ordinarily be considered to be vexatious or frivolous. A representation may be considered to be vexatious if it appears to be intended to cause aggravation or annoyance, whether to a competitor or other person, without reasonable cause or justification. Vexatious circumstances may arise because of disputes between rival businesses and local knowledge will therefore be invaluable in considering such matters. Licensing authorities can consider the main effect of the representation, and whether any inconvenience or expense caused by it could reasonably be considered to be proportionate.

9.6 Frivolous representations would be essentially categorised by a lack of seriousness. Frivolous representations would concern issues which, at most, are minor and in relation to which no remedial steps would be warranted or proportionate.

9.7 Any person who is aggrieved by a rejection of their representations on either of these grounds may lodge a complaint through the local authority’s corporate complaints procedure. A person may also challenge the authority’s decision by way of judicial review.

9.8 Licensing authorities should not take decisions about whether representations are frivolous, vexatious or relevant to the licensing objectives on the basis of any political judgement. This may be difficult for councillors who receive complaints from residents within their own wards. If consideration is not to be delegated, contrary to the recommendation in this

Guidance, an assessment should be prepared by officials for consideration by the sub-committee before any decision is taken that necessitates a hearing. Any councillor who considers that their own interests are such that they are unable to consider the matter independently should disqualify themselves.

9.9 It is recommended that, in borderline cases, the benefit of the doubt about any aspect of a representation should be given to the person making that representation. The subsequent hearing would then provide an opportunity for the person or body making the representation to amplify and clarify it.

9.10 Licensing authorities should consider providing advice on their websites about how any person can make representations to them.

Appendix 9

Guidance Issued by the Home Office under Section 182 of the Licensing Act 2003

Updated December 2022

Crime and disorder

- 2.1 Licensing authorities should look to the police as the main source of advice on crime and disorder. They should also seek to involve the local Community Safety Partnership (CSP).
- 2.2 In the exercise of their functions, licensing authorities should seek to co-operate with the Security Industry Authority (“SIA”) as far as possible and consider adding relevant conditions to licences where appropriate. The SIA also plays an important role in preventing crime and disorder by ensuring that door supervisors are properly licensed and, in partnership with police and other agencies, that security companies are not being used as fronts for serious and organised criminal activity. This may include making specific enquiries or visiting premises through intelligence led operations in conjunction with the police, local authorities and other partner agencies. Similarly, the provision of requirements for door supervision may be appropriate to ensure that people who are drunk, drug dealers or people carrying firearms do not enter the premises and ensuring that the police are kept informed.
- 2.3 Conditions should be targeted on deterrence and preventing crime and disorder including the prevention of illegal working in licensed premises (see paragraph 10.10). For example, where there is good reason to suppose that disorder may take place, the presence of closed-circuit television (CCTV) cameras both inside and immediately outside the premises can actively deter disorder, nuisance, anti-social behaviour and crime generally. Some licence holders may wish to have cameras on their premises for the prevention of crime directed against the business itself, its staff, or its customers. But any condition may require a broader approach, and it may be appropriate to ensure that the precise location of cameras is set out on plans to ensure that certain areas are properly covered and there is no subsequent dispute over the terms of the condition.
- 2.4 The inclusion of radio links and ring-round phone systems should be considered an appropriate condition for public houses, bars and nightclubs operating in city and town centre leisure areas with a high density of licensed premises. These systems allow managers of licensed premises to communicate instantly with the police and facilitate a rapid response to any disorder which may be endangering the customers and staff on the premises.

- 2.5 Conditions relating to the management competency of designated premises supervisors should not normally be attached to premises licences. It will normally be the responsibility of the premises licence holder as an employer, and not the licensing authority, to ensure that the managers appointed at the premises are competent and appropriately trained. The designated premises supervisor is the key person who will usually be responsible for the day to day management of the premises by the premises licence holder, including the prevention of disorder. A condition of this kind may only be justified as appropriate in rare circumstances where it can be demonstrated that, in the circumstances associated with particular premises, poor management competency could give rise to issues of crime and disorder and public safety.
- 2.6 The prevention of crime includes the prevention of immigration crime including the prevention of illegal working in licensed premises. Licensing authorities should work with Home Office Immigration Enforcement, as well as the police, in respect of these matters. Licence conditions that are considered appropriate for the prevention of illegal working in licensed premises might include requiring a premises licence holder to undertake right to work checks on all staff employed at the licensed premises or requiring that evidence of a right to work check, either physical or digital (e.g. a copy of any document checked as part of a right to work check or a clear copy of the online right to work check) are retained at the licensed premises.

Appendix 10

Licensing Policy, updated November 2018

Crime and Disorder

- 7.1 Licensed premises, especially those offering late night / early morning entertainment, alcohol and refreshment for large numbers of people, can be a source of crime and disorder problems and to store prescribed information.
- 7.2 When addressing crime and disorder the applicant should initially identify any particular issues (having regard to their particular type of premises and / or activities) which are likely to adversely affect the promotion of the crime and disorder licensing objective. Such steps as are required to deal with these identified issues should be included within the applications operating schedule. Where the Metropolitan Police, acting as a responsible authority, makes recommendations in respect of an application relating to the licensing objectives the Licensing Authority would expect the applicant to incorporate these into their operating schedule.
- 7.3 Applicants are recommended to seek advice from Council Officers and the Police as well as taking into account, as appropriate, local planning and transport policies, with tourism, cultural and crime prevention strategies, when preparing their plans and Schedules.
- 7.4 In addition to the requirements for the Licensing Authority to promote the licensing objectives, it also has duties under Section 17 of the Crime and Disorder Act 1998 to do all it reasonably can to prevent crime and disorder in the Borough and to share prescribed information.
- 7.5 The Licensing Authority, if its discretion is engaged, will consider attaching Conditions to licences and permissions to deter and prevent crime and disorder both inside and immediately outside the premises and these may include Conditions drawn from the Model Pool of Conditions relating to Crime and Disorder given in the Secretary of State's Guidance.
- 7.6 **CCTV** - The Licensing Authority, if its discretion is engaged, will attach conditions to licences, as appropriate where the conditions reflect local crime prevention strategies, for example the provision of closed circuit television cameras.

7.7 **Touting** – This is soliciting for custom. There has been a historic problem with Touting in the borough, mainly in relation to restaurants, and as such in 2006 the Council introduced a byelaw under Section 235 of the Local Government Act 1972 for the good rule and government of the London Borough of Tower Hamlets and for the prevention and suppression of nuisances.

As a result, in relation to premises where there is intelligence that touting is, or has been carried out, the Licensing Authority, where its discretion is engaged will insert a standard condition that prohibits 'touting' as follows:-

- 1) No person shall be employed to solicit for custom or be permitted to solicit for custom for business for the premises in any public place within a 500 meters radius of the premises as shown edged red on the attached plan.(marked as Appendix -)
- 2) Clear Signage to be placed in the restaurant windows stating that the premises supports the Council's 'No Touting' policy.

7.8 **Responsible Drinking** - The Licensing Authority expects alcohol to be promoted in a responsible way in the Borough. This should incorporate relevant industry standards, such as the Portman Group Code of Practice. Where appropriate and proportionate, if its discretion is engaged, the Licensing Authority will apply conditions to ensure responsible drinking. The Licensing Authority also recognises the positive contribution to best practice that "Pubwatch" and other similar schemes can make in promoting the licensing objectives and is committed to working with them.

Model Pool Conditions can be found in the Secretary of State's Guidance.

7.9 **Criminal Activity** - There is certain criminal activity that may arise in connection with licensed premises which the Licensing Authority will treat particularly seriously. These are the use of the licensed premises:

- for the sale and distribution of drugs controlled under the Misuse of Drugs Act 1971 and the laundering of the proceeds of drugs crime;
- for the sale and distribution of illegal firearms;
- for the evasion of copyright in respect of pirated or unlicensed films and music, which does considerable damage to the industries affected;
- for the illegal purchase and consumption of alcohol by minors which impacts on the health, educational attainment, employment prospects and propensity for crime of young people;
- for prostitution or the sale of unlawful pornography;
- by organised groups of paedophiles to groom children;

- as the base for the organisation of criminal activity, particularly by gangs;
- for the organisation of racist activity or the promotion of racist attacks;
- for employing a person who is disqualified from that work by reason of their immigration status in the UK;
- for unlawful gambling; and
- for the sale or storage of smuggled tobacco and alcohol.

The Secretary State's Guidance states that it is envisaged that licensing authorities, the police, the Home Office (Immigration Enforcement) and other law enforcement agencies, which are responsible authorities, will use the review procedures effectively to deter such activities and crime. Where reviews arise and this Licensing Authority determines that the crime prevention objective is being undermined through the premises being used to further crimes, it is expected that revocation of the licence, even in the first instance, should be seriously considered.

7.10 In particular the Licensing Authority is mindful of the Secretary of State's Guidance "Reviews arising in connection with crime".

7.11 From 1 April 2017, businesses which sell alcohol (for example, retailers of alcohol and trade buyers) will need to ensure that the UK wholesalers that they buy alcohol from have been approved by HMRC under the Alcohol Wholesaler Registration Scheme (AWRS). They will need to check their wholesalers Unique Registration Number (URN) against the HMRC online database which will be available from April 2017. This is an ongoing obligation and if a business is found to have bought alcohol from an unapproved wholesaler, they may be liable to a penalty or could even face criminal prosecution and their alcohol stock may be seized. Any trader who buys alcohol from a wholesaler for onward sale to the general public (known as a 'trade buyer') does not need to register unless they sell alcohol to other businesses. Examples of trade buyers would be pubs, clubs, restaurants, cafes, retailers and hotels. However, they will need to check that the wholesaler they purchase alcohol from is registered with HMRC. Further information may be found at: <https://www.gov.uk/guidance/the-alcohol-wholesaler-registration-scheme-awrs>.

Smuggled goods

7.12 The Licensing Authority will exercise its discretion to add a standard condition as follows:-

- 1) The premises licence holder and any other persons responsible for the purchase of stock shall not purchase any goods from door-to-door sellers other than from established traders who provide full receipts at the time of delivery to provide traceability.
- 2) The premises licence holder shall ensure that all receipts for goods bought include the following details:
 - i. Seller's name and address
 - ii. Seller's company details, if applicable
 - iii. Seller's VAT details, if applicable
 - iv. Vehicle registration detail, if applicable
- 3) Legible copies of the documents referred to in 2) shall be retained on the premises and made available to officers on request.
- 4) The trader shall obtain and use a UV detection device to verify that duty stamps are valid.

Appendix 11

Guidance Issued by the Home Office under Section 182 of the Licensing Act 2003

Updated December 2022

Public nuisance

- 2.15 The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter.
- 2.16 Public nuisance is given a statutory meaning in many pieces of legislation. It is however not narrowly defined in the 2003 Act and retains its broad common law meaning. It may include in appropriate circumstances the reduction of the living and working amenity and environment of other persons living and working in the area of the licensed premises. Public nuisance may also arise as a result of the adverse effects of artificial light, dust, odour and insects or where its effect is prejudicial to health.
- 2.17 Conditions relating to noise nuisance will usually concern steps appropriate to control the levels of noise emanating from premises. This might be achieved by a simple measure such as ensuring that doors and windows are kept closed after a particular time, or persons are not permitted in garden areas of the premises after a certain time. More sophisticated measures like the installation of acoustic curtains or rubber speaker mounts to mitigate sound escape from the premises may be appropriate. However, conditions in relation to live or recorded music may not be enforceable in circumstances where the entertainment activity itself is not licensable (see chapter 16). Any conditions appropriate to promote the prevention of public nuisance should be tailored to the type, nature and characteristics of the specific premises and its licensable activities. Licensing authorities should avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are expensive to purchase and install and are likely to be a considerable burden for smaller venues.
- 2.18 As with all conditions, those relating to noise nuisance may not be appropriate in certain circumstances where provisions in other legislation adequately protect those living in the area of the premises. But as stated earlier in this Guidance, the approach of licensing authorities and responsible authorities should be one of prevention and when their powers are engaged, licensing authorities should be aware of the fact that other legislation may not adequately cover concerns raised in relevant representations and additional conditions may be appropriate.

- 2.19 Where applications have given rise to representations, any appropriate conditions should normally focus on the most sensitive period for people being disturbed by unreasonably loud music is at night and into the early morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. This is why there is still a need for a licence for performances of live music between 11 pm and 8 am. In certain circumstances, conditions relating to noise emanating from the premises may also be appropriate to address any disturbance anticipated as customers enter and leave.
- 2.20 Measures to control light pollution will also require careful thought. Bright lighting outside premises which is considered appropriate to prevent crime and disorder may itself give rise to light pollution for some neighbours. Applicants, licensing authorities and responsible authorities will need to balance these issues.
- 2.21 Beyond the immediate area surrounding the premises, these are matters for the personal responsibility of individuals under the law. An individual who engages in anti-social behaviour is accountable in their own right. However, it would be perfectly reasonable for a licensing authority to impose a condition, following relevant representations, that requires the licence holder or club to place signs at the exits from the building encouraging patrons to be quiet until they leave the area, or that, if they wish to smoke, to do so at designated places on the premises instead of outside, and to respect the rights of people living nearby to a peaceful night.

Appendix 12

Prevention of Public Nuisance

- 9.1 Licensed premises, especially those operating late at night and in the early hours of the morning, can cause a range of nuisances impacting on people living, working or sleeping in the vicinity of the premises.
- 9.2 The concerns mainly relate to noise nuisance both from the premises and customer egress, light pollution, noxious smells and disruption from parked vehicles and due regard will be taken of the impact these may have in considering a licence. The Licensing Authority will expect Operating Schedules to satisfactorily address these issues. Applicants are advised to seek advice from the Council's Environmental Health Officers before preparing their plans and Schedules.
- 9.3 The Licensing Authority, where its discretion is engaged, will consider, where appropriate, attaching conditions to licences and permissions to prevent the problems identified in Section 18 of this Policy (Special Cumulative Impact Policy for the Brick Lane and Bethnal Green Area), and these may include conditions drawn from the Model Pool of Conditions found in the Secretary of States Guidance.
- 9.4 **Street Furniture** – placing of street furniture, which includes advertising boards, on the highway can cause a public nuisance by way of obstruction, or encourage consumption of alcohol on an unlicensed area. The Licensing Authority expects applicants to have ensured that they fully comply with the Council's rules relating to authorisation of obstructions on the highway, and that the required authorisations are obtained prior to submitting a licence application. Where proportionate and appropriate, and its discretion is engaged, the Licensing Authority will impose conditions in relation to street furniture, including on private land.
- 9.5 **Fly Posting** – The Council has experienced problems with "fly posting" in relation to venues that offer entertainment. Fly posting is the unauthorised posting of posters / advertisements etc. Where it considers it proportionate and appropriate, and its discretion is engaged, the Licensing Authority will attach conditions relating to the control of fly posting to ensure that venues clearly prohibit all fly posting in their contract terms with others and they effectively enforce this control.

Appendix 13

Licensing Policy - Appendix 5

Special Cumulative Impact Policy for the Brick Lane and Bethnal Green Area

1. The Licensing Authority has adopted a special policy relating to cumulative impact in areas of:
 - Brick Lane
 - Bethnal Green

This special policy creates a rebuttable presumption that applications for the grant or variation of premises licences or club premises certificates which are likely to add to the existing cumulative impact will normally be refused following the receipt of representations, unless the applicant can demonstrate in the operation schedule that there will be no negative cumulative impacts with one or more of the licensing objectives.

2. The Council reviewed the Special Cumulative Impact Policy in 2021 and, following consultation, decided it was still of the opinion that the concentration of licensed premises within Brick Lane area was having a cumulative impact on the licensing objectives of crime and disorder and prevention of public nuisance. As part of the review in 2021, the Council also decided that the concentration of licensed premises within the Bethnal Green area was also having a cumulative impact on the licensing objectives of crime and disorder and prevention of public nuisance.

Review of Cumulative Impact Assessment - Supporting Evidence

3. In determining the Councils CIAs for the area of Brick Lane and Bethnal Green (Figures One and Two Below) the Council considered the following evidence:
 - Hot spot maps of incidents of crime and disorder and ASB linked to Licence premises in the defined areas for 2017 to 2020.
 - Complaint data from Environmental Health and Trading Standards relating to Noise and Licensing.
 - Licence Application data for the defined areas for 2017 to 2020
 - Results of the Consultation, that included Survey data and comments and written responses.

This evidence is published on our website:

Cumulative Impact Assessments (Brick Lane and Bethnal Green)

4. The Licensing Authority is of the view that the number, type and density of premises selling/supplying alcohol for consumption on and off the premises and/or the provision of late night refreshment in the Brick Lane and Bethnal Green Areas (highlighted in Figures One and Two below) is having a cumulative impact on the licensing objectives. Therefore, it is likely that granting further licences would be inconsistent with the authority's duty to promote the licensing objectives. Thus, it has declared a cumulative impact assessment within these areas.
 5. The Brick Lane and Bethnal Green CIAs aim to manage the negative cumulative impact of the concentration of licensed premises in these areas and the stresses that the saturation of licensed premises has had on the local amenity, environmental degradation and emergency and regulatory services in managing this impact.
 6. The effect of this Special Cumulative Assessment Policy will apply to the following types of applications:
 - New Premises Licences applications,
 - New Club Premises Certificates applications
 - Provisional Statements,
 - Variation of Premises Licences and Club Premises Certificate applications (where the modifications are relevant to the issue of cumulative impact for example increases in hours or capacity).
- However, it will only apply where the application seeks to permit the Licensable activities of:
- the sale or supply of alcohol for consumption on or off the premises, and/or,
 - the provision of late night refreshment.
7. **This Policy will be strictly applied and where relevant representations are received and it is the view of the Council that the application will be refused. Applicants will need to demonstrate that there are exceptional circumstances and that granting their application will not negatively add to the cumulative effect on the Licensing Objectives within the Brick Lane and Bethnal Green CIAs if they wish to rebut this presumption.**
 8. The Special Cumulative Impact policy creates a rebuttable presumption that where relevant representations are received by one or more of the responsible authorities and/or other persons against applications (Councillors, Members of the Public) within the CIA zones the application will be refused.
 9. Where representations have been received in respect to applications within the CIA zones the onus is on the applicant to adequately rebut the presumption.

10. It must be stressed that the presumption created by this special policy does not relieve responsible authorities or other persons of the need to make a representation. If there are no representations, the licensing authority must grant the application in terms that are consistent with the operating schedule submitted in line with their delegated authority.

11. This special policy is not absolute and the Licensing Authority recognises that it has to balance the needs of businesses with local residents. The circumstances of each application will be considered on its merits and the Licensing Authority shall grant applications, when representations are not received. The applicant should demonstrate that the operation of the premises will not add to the cumulative impact on one or more of the following licensing objectives:
 - Prevention of Crime and Disorder;
 - Prevention of Public Nuisance.

Therefore, applicants will be expected to comprehensively demonstrate why a new or varied licence will not add to the cumulative impact. They are strongly advised to give consideration to mitigating potential cumulative impact issues when setting out steps they will take to promote the licensing objectives in their operating schedule.

12. The Special Cumulative Impact policy will not be used to revoke an existing licence or certificate and will not be applicable during the review of existing licences.

Possible exceptions to the Brick Lane and Bethnal Green Cumulative Impact Assessments

- Applications for licences for small premises with a capacity of fifty persons or less who only intend to operate within framework hours, and that;
 - Only have consumption of food (late night refreshment) and drink (alcohol) on the premises only,
 - Only provide Off sales of food (late night refreshment) and drink (alcohol) for delivery (i.e. not for take away),and,
 - Have arrangements to prevent vertical drinking, for example fully seated venues;

- Applications for licences that are not alcohol led (e.g. Hairdressers wanting to provide alcohol to clients during their hair cut/treatments), .

- Applications for licences where the applicant has recently surrendered a licence for another premises of a similar size and providing similar licensable activities in the same CIA Area.

Licensing Authority will **not** consider the following as possible exceptions:

- that the premises will be well managed and run,
- that the premises will be constructed to a high standard,
- that the applicant operates similar premises elsewhere without complaint.

Licensing Policy Relating to Hours of Trading

All applications have to be considered on their own merits.

The Council has however adopted a set of framework hours as follows:

- Monday to Thursday, from 06:00 hrs to 23:30 hrs
- Friday and Saturday, from 06:00 hrs to 00:00 hrs (midnight)
- Sunday, from 06:00 hrs to 22:30 hrs

(see 14.8 of the Licensing Policy)

In considering the applicability of framework hours to any particular application regard should be had to the following

- Location
- Proposed hours of regulated activities, and the proposed hours the premises are open to the public
- The adequacy of the applicant's proposals to deal with issues of crime and disorder and public nuisance
- Previous history
- Access to public transport
- Proximity to other licensed premises, and their hours

(See 14.9 of the licensing policy)

Subject to any representations to the contrary in individual cases the following premises are not generally considered to contribute to late night anti-social behaviour and will therefore generally have greater freedom

- Theatres
- Cinemas
- Premises with club premises certificates

Appendix 15

Planning

An application for a Premises Licence can be made in respect of a premises even where the premises does not have relevant Planning Permission. That application has to be considered and Members can only refuse the application where the application itself does not promote one of more of the Licensing Objectives. Members cannot refuse just because there is no planning permission. Where a Premises Licence is granted and which exceeds what is allowed by the Planning Permission and that Premises then operates in breach of planning then the operator would be liable to enforcement by Planning.
