8 The maintenance person on his
 9 rounds checked all doors found
 10 the ~~door~~ door to the car park
 of Dominion House smashed and damaged.
 11 That's around 2.00pm. But before

7.00pm the previous day I went
 11 round to check all doors including
 this damaged one, and it was ok.

12 The matter was reported to
 the police, and the following refer-
 13 ence number given:

TED 3355

14 The police called again in the
 15 evening wanting to know the
 estimated cost of the damage which
 16 of course I couldn't give. They
 were coming over to have a
 17 survey later on. Another reference

Truck with reg. fg 55 YGN1 (a DAF)
knocked down one of the ^{metal} bollards whilst negotiating
a curve near Convent House. This happened about
13:00. Other details are as follows.

Driver name: Dennis Gordon

Driver for IKEA.

- Three residents report that a group
of eight boys and girls are trying
to open the door of Hamilton and
Goldborough House in an attempt
to enter.

- Concierge attends and they say
they have come to see friends
and accuse concierge of making
something about nothing. They
eventually admit that they have
no friends here and leave.

Attempts by the Residents Association and the Management Company to reduce the Crime and Intrusion incidents

As requested by P.Sgt. Mark Jones during his site inspection we have listed the measures we have considered/implemented in an attempt to solve our ASB problems. It is worth noting the increase in the last 3 years which illustrates the growing problem we have had to contend with. This maybe is indicative that we are considered a soft option, as we are one of the very few in this area without gates.

- 1 (1999) Rising Bollards installed on site construction - Ineffective and unreliable - Not used for over 8 years
- 2 (2000) Anti climb paints, originally just signs, not effective, signs removed.
- 3 (2003) Clamping of illegal parking – effective – but likely to be banned on private property (i.e. ours) soon
- 4 (2006) Filling in the pool area or drastically reducing its size – expensive, Owners very hostile - not carried forward
- 5 (2008) Resident patrols around pool area at peak intrusion times – discouraged as dangerous, stressful and confrontational.
- 6 (2009) Stopping residents challenging noisy intruders to avoid confrontation, now only done by Concierge team
- 7 (2009) Hired dog patrols – residents not keen, sends out the wrong message – expensive - not carried forward
- 8 (2009) Gating pool and garden entrances – planning permission required, expensive, would divide estate, residents hostile – not carried forward
- 9 (2009) Mosquito devices – residents not keen, some doubts on legality - not carried forward

- 10 (2009) Extra Concierge manning at peak incursion times - quite effective, expensive
- 11 (2010) Planters between Falcon and Consort Houses – quite effective in general, but unfortunately not at all against those who wish to cause trouble
- 12 (2010) c75 bike racks installed in the garage, to keep off open areas and balconies – part successful but vulnerability of garage doors has reduced effectiveness
- 13 (2010) Partial blocking of Ferry Street entrance – marginally effective
- 14 (2011) Issuing new more secure garage entry fobs – in progress
- 15 (2011) From police visit, we are investigating speeding up garage closure times to stop pedestrian access, possibly our biggest problem – considered to be unlikely to be effective as to be fast enough to stop intrusions could be risky to vehicles using the garage.
