Participation:

Number of young people participating:	Boys	Girls
	15	15
Number of young people per session:	15	15

Level of Young people’s involvement in planning and service delivery:

The application states that activities will be planned on the basis of feedback from young people coming to our service or expressing interest in doing so, partner organisations and youth workers whose ideas, views and experiences are shared both informally, through face to face discussions and in writing.

Evaluation:

BWHAFS holiday programme seeks to support young people at risk of truancy, substance abuse, criminalisation, young parenthood and economic exclusion to achieve their full personal, physical, educational and employment potential.

BWHAFS seeks to support young people in developing skills, an awareness of their unique cultural identities and training accreditation to support them in accessing opportunities to fulfil their real educational, physical, emotional and employment potential. The application states that activities will target young people of Somali heritage, which seeks to help build upon community leadership and team-building skills of participants, whilst providing them with opportunities to achieve recognized qualifications.

The programme will operate 4 days a week. Monday, Tuesday, Thursday and Saturday for 6.5 hours a day. The programme will operate variously between 10.00 -17.00. 78 hours a week in total for 3 weeks.

Participation:

Number of young people participating:	Boys	Girls
	20	15
Number of young people per session:	15	10

Level of Young people's involvement in planning and service delivery:

The application states that young people will be involved in planning and running of the programme. The young people will be asked to make all decision with regard to the summer programme.

Evaluation:

The Summer programme will be targeting young people from the specified area. During the summer period young people will be engaging in activities which will help to prevent them to keep away from anti social behaviour and other street crimes in the area.

The project will operate on only 2 days over a two- week period, when it will organise trips for young people. The trips are to the Science Museum in Central London and Brighton. Each trip is expected to be for 20 hours. There is no indication of other planned activities.

Officers are unable to recommend funding on this occasion, as the application does not meet the criteria for funding.

Participation:

Number of young people participating:	Boys	Girls
	50	30
Number of young people per session:	20	20

Level of Young people's involvement in planning and service delivery:

The application states that the young people have been consulted throughout the planning process and identified activities they would like to participate in. Also the summer programme has been discussed at the youth forum which meets every 1st Tuesday of the month. The project will be producing publicity in order to engage with the two neighbouring secondary schools pupils.

Evaluation:

The application states that the programme has been designed to reflect all sections of the community and awareness of local issues have been taking into account through our planning process.

The summer programme will offer young people fun and educational opportunities that they would not usually have access to. It will allow young people to build new relationships and overcome local tensions through joint participation. The programme will also allow young people to learn new skills and gain an accreditation. Young people will also receive a certificate of attendance for taking part in the activities.

The project will be operating for 3 weeks Monday - Friday for 40 hours a week; a total of 120 hours.

Funding will be supplemented by in-kind support.

Participation:

Number of young people participating:	Boys	Girls
	390	345
Number of young people per session:	320	200

Level of Young people's involvement in planning and service delivery:

The application states that it has a young persons committee who are involved with most aspect of the playgrounds activities and are involved in planning our activities all year round and throughout the summer. They do this through suggestion boxes, discussion groups, verbal contact with staff and surveys. Young people sit on the management committee and interview panels.

Evaluation:

The application states that the project will be targeting young people at risk of anti-social behaviour and exclusion from school. Offering a mix of recorded and accredited outcomes and enhanced youth work curriculum. On-site activities offer a wide range such as drug and alcohol workshops, sports and arts and craft. The application states that the project aims to give young people new experiences that they would otherwise not afford. A challenging programme will bring children off the streets and into a safe and sound environment.

The project will be operating for four weeks; Monday - Friday, between 13.00 and 17.00. Over 100 hours in total.

Participation:

Number of young people participating:	Boys	Girls
	20	15
Number of young people per session:	15	30

Level of Young people's involvement in planning and service delivery:

The application states that consultation will be carried out at several phases of planning. Representatives of young people will be given responsibility to put ideas into action throughout the life cycle of the project. Young People will also be asked to work as volunteers to learn about youth work.

Evaluation:

The application states that the project will be targeting young people at risk of crime and social exclusion. This project aims to reduce crime and create team spirit through team building activities.

On-site workshops will include photography, board games and art. Off-site activities will involve sports such as football, badminton, tennis, swimming and bowling. There will be the opportunity to go on day trips in and outside London. The project will be partly funded by Swan Housing and Heritage Fund.

The project will be operating for five weeks; Monday - Wednesday, Friday and Saturday, between 11.00 and 17.00. Over 100 hours in total.

Participation:

Number of young people participating:	Boys	Girls
	60	40
Number of young people per session:	35	25

Level of Young people's involvement in planning and service delivery:

The application states that a planning session will be arranged with the young people who were involved in 2010, parents and the activities provider. Parents and young people will also be involved in selecting the activities provider.

Evaluation:

The application states that Swan Housing wishes outsource its summer project to a third party organisation. The organisation has previously not been funded by summer grants.

The planned projects include arts and crafts, indoor games, visits to Canary Wharf and local parks and cinemas, day trips to the seaside, farms, museums, and zoo. The project is intended for young people in Laps 3, 6 and 7.

The application states that the project will be operating for four weeks: Monday - Friday. Details of CRB checks, insurance, first aid, staff training and start and finishing times will be confirmed once a provider is selected.

Officers are unable to recommend funding on this occasion as we would want to ensure that all providers meet the requirements of the Youth Service.

Level of Young people's involvement in planning and service delivery:

The application states that there will be an opportunity to become volunteers and represent the young people through the youth forum. The children will respond imaginatively, to the various challenges that they encounter in the out door activity.

Evaluation:

The project will offer a variety of on and off site activities to young people. The proposed programmes are designed to raise young people awareness on healthy living, stretch their body through activities; make more of leisure and enhance their ability for building for the future. The application states that young people will be off the street, deterring them from getting involved with substance misuse, anti-social behaviour and crime.

This project will run for four weeks, Monday to Friday between the hours 10:00 - 1600. 90 hours in total.

Funding will be made up from LBTH Summer Fun Grant and Charitable Trusts.

Number of young people participating:	Boys	Girls
	0	25
Number of young people per session:	0	40

Level of Young people's involvement in planning and service delivery:

The application states that the programme will enable girls and young women to fully take part and gain a sense of productiveness and happiness over summer. The girls and young women will obtain certificates, find recognition and excel themselves by receiving new skills and ideas. The programme will make a difference in their lives as they will be able to take part and take up opportunities.

Evaluation:

This project is looking to target young women living in Lap 4 who do not attend any other youth provision. Young women will be given the opportunity to learn new skills, achieve and have fun in a safe environment. Through providing a welcoming and safe environment, young people will have the chance to talk to youth workers about feelings and concerns to get advice.

On site activities include Glass and Canvass Painting, Taal Design, Board Games, Workshops, and Indoor Sports, Day Trips in and out of the borough.

This project will run for four weeks, Monday to Friday between the hours 11:00 - 1300. and 14.00 - 16.00 . 80 hours in total.

Day Trips:	Educational Learning Outcomes:

Participation:

Number of young people participating:	Boys	Girls
	60	20
Number of young people per session:	25	12

Level of Young people's involvement in planning and service delivery:

The application states that meetings have been held with young people to discuss activities they want to include and how they would like the programme to be run. This includes working together on risk assessments, programme design, delivery and evaluation of the project.

Evaluation:

The application states that the project will be targeted at young people who are 'at risk' of crime, as well as a weekly 'girls only' session. Young people will be engaged in positive activities that promote building self-confidence and self worth, as well as developing team work skills that can be used to add support to CV's, training applications, and national records of achievements. They will have somewhere to go, and something to do that will improve their abilities and skills to move forward with their lives as positive individuals and deter them from being 'at risk' and being socially excluded.

The project will operate for 4 weeks, 3 days each week from Tuesday to Thursday from 14.00 to 20.00, a total of 72 hours.

Participation:

Number of young people participating:	Boys	Girls
	50	0
Number of young people per session:	25	0

Level of Young people's involvement in planning and service delivery:

The application states that feedback from consultations and evaluation sessions held with young people at the end of 2010 summer programme has helped to inform the application; incorporating suggestions and recommendations to reflect the needs of the target group.

Further consultation sessions will be held prior to the start of the summer programme in order to finalise the programme.

Evaluation:

The application states that the project will be targeted at young people at risk and with a variety of needs, including those engaged or at risk of engaging in anti-social behaviour, criminality and substance misuse. Some of them have anti-social behaviour orders against them. In addition, some will have issues relating to truancy, have left education early or have been permanently excluded from full time education. Some of the participants will also be in social services care, engaged in YOT and referred from YIP, Connexions and local schools.

The project will be operating for five weeks; Monday, Wednesday and Friday between 14.00-17.00 and 18.00-21.00. 90 hours in total.
