Picture shows left to right gates to 7B, 7A (Solid Floor), Stoned and Plastered, Printers and Stationers(licensed premises) and Campania aka Jones (licensed premises) The building in the background is 7 Ezra Street which has 2 doors onto the street also already often blocked by pavement parking.

Reverse angle showing Royal Oak pub and overlooking from 'roof terrace' to working yard, also bottle neck on corner where

problems with reversing vans and cars already often occur and small parking area at 7A not easily accessed by delivery vans.

View from 7 Ezra Street showing proximity of new extension on 7A to studio windows at 7B and including 'roof terrace'.
