<b>Agenda Item number:</b>	6.1
<b>Reference number:</b>	PA/10/2510
<b>Location:</b>	Land adjacent to Bridge Wharf, Old Ford Road.
<b>Proposal:</b>	Erection of 2no. three storey, four bed houses.

## **1. ADDITIONAL REPRESENTATIONS**

1.1 An additional letter has been received from Councillor Whitelock who raises a number of concerns. These are outlined as follows:

- The impact upon the trees and loss of wildlife has not been mentioned in the officer's draft refusal reasons.
- The erection of two four bedroom houses will not have an insignificant impact upon the number of pedestrians using the footway on Old Ford Road and despite the information provided on accidents there is still significant concern that these dwellings will cause harm to highway and pedestrian safety.

## **2. RECOMMENDATION**

2.1 The recommendation remains unchanged.

<b>Agenda Item number:</b>	7.1

## 1. ADDITIONAL REPRESENTATIONS

- 1.1 Two additional letters have been received from local residents who are objecting to the demolition of St Anthony's House.

*(Officer response: This issue has been thoroughly addressed in the committee report at section 8.9 – 8.19).*

- 1.2 An objection has been received by the Ancient Monuments Society in relation to the demolition of the Locally listed building and stating that "The new school building planned for the site is shockingly un-neighbourly. It almost appears to collide with the listed Edwardian Baroque building next door whilst the largely blank expanse of bright white fights with the established character of the Conservation Area."

*(Officer response: This objection is based on the application as initially submitted. The plans have been revised since this time to provide a more sympathetic design which complements the listed Edwardian building).*

## 2. POTENTIAL LISTING OF T BLOCK

An application has been made to English Heritage to list T block. No decision has yet been made on this and members should note that this does not affect the application as it stands. If the building is listed in the future then further consents would be required for the works.

## 3. REVISED CONDITION 4

- 3.1 It is recommended that condition 4 be amended to:

Hours of construction 8am – 6pm Monday to Friday and 8am -1pm on Saturdays.

## 4. COMMITTEE MAP

- 4.1 It has been noted that a map showing the location of the site and the consultation area was not attached to the reports pack. A copy has been attached to the update report.
