DATE: 15 OCTOBER 2013

1.0 BACKGROUND

1.1 I am the owner of the small take-away and restaurant called Original Taste at 74 Bow Road and run it with my brother and family totalling some 4 staff.

Plan of premises attached as Enclosure 1.

1.2 My brother and his family live above the shop and we have been running this business for about 8 years since around end of 2005.

1.3 During the past years, to the best of my knowledge, we have had no complaints from the police or the council planning or environmental health officers regarding any problems of any kind.

1.4 At the moment we shut at 11pm but need to open the one extra hour per day to midnight to make our business survive.

1.5 There are many other premises that open to midnight and later next to my shop and nearby, which I will refer to later in my statement.

1.6 My shop is located on the busy Bow Road that has heavy traffic, night bus routes and trains until midnight and later every day of the week.

2.0 RELEVANT PLANNING HISTORY

2.1 Planning permission was granted to my shop for mixed use take-away and restaurant under application PA/05/01255 on 28 September 2005.

2.2 Condition 3 of that permission restricted the opening times to:

09:00 - 22:30 hours Mon.-Thur. inc.

09:00 - 23:00 hours Fri. & Sat

09:00 - 22:30 hours Sundays or Bank Holidays.

Copy consent attached as Enclosure 2.

2.3 After trading for around 12 months we found that we needed to stay open later in the evenings to be profitable and the same as nearby competitor take-aways.

2.4 Permission was granted on 8 November 2006 to change the opening hours of condition 3 to:

11am – 12 midnight Monday – Sunday inc.

Copy consent attached as Enclosure 3.

2.5 The council planning officer's report on the application is attached as Enclosure 4.

At section 5, there was no response from neighbours or from a site planning notice put on the shop

At section 6.3 he finds that:

'It is considered that, as the property fronts Bow Road, one of the main roads in and out of London, any consequent noise created within the proposed extended hours would have no detrimental impact upon the residential amenity of adjacent occupiers and is envisaged that minimal impact would be applied to the existing noise levels.'

At section 6.4 he found that:

'..Whilst there are potential increase in cars using Tomlins Grove, it is considered that the proposal will have no significant impact to existing traffic/car parking levels.'

2.6 It is clear from this that the council planning department and Environmental Health department had no concerns or worries about us opening an extra one hour each day and that there had been no complaints about us at that time.

3.0 LICENCE APPLICATION

3.1 The application is to allow the sale of refreshment such as cold drinks and hot food between 11pm to midnight each day of the week – just one hour extra each day than we are doing at the moment.

3.2 My business is not licensed for alcohol sales so there is no supply of alcoholic drinks of any type, just soft drinks & tea/coffee etc.

3.3 In the licence application I gave the below extract listing the various ways that have already been taken or will be taking to meet the licensing aims:

M

Describe the steps you intend to take to promote the four licensing objectives:

a) General- all four licensing objectives

- MAXIMUM PERSONS TO BE ALLOWED AT ANY ONE TIME INCLUDING STAFF WOULD BE 20 PEOPLE
- TO CLOSE AT 2400HRS MONDAY TO SUNDAY
- INCREASED SUPERVISION BY MANAGEMENT & STAFF INCLUDING THROUGH THE AID OF CCTV
- MAKING SURE NOISE & DISTURBANCE IS KEPT TO A MINIMUM

b) The prevention of crime and disorder

- CCTV SYSTEM IS TO BE MAINTAINED IN WORKING ORDER AND RECORDINGS KEPT FOR AT LEAST 12 MONTHS
- INCREASED SUPERVISION BY MANAGEMENT & STAFF TO PREVENT INTOXICATED PATRONS FROM ENTERING THE PREMISES
- EXTRA VIGILANCE BY MANAGEMENT & STAFF TO ASSURE PREVENTION OF VIOLENCE AND ANTI-SOCIAL BEHAVIOUR
- WARNING SIGNS INFORMING PATRONS OF CCTV SURVEILLANCE

c) Public safety

- PROVISION OF FIRE EXTINGUISHERS, FIRE BLANKETS, EXIT SIGNS, EMERGENCY LIGHTING, SMOKE DETECTORS, SURVEILLANCE AND FIRE SAFETY RISK ASSESSMENT BY MANAGEMENT
- FIRE EXIT DOORS TO BE KEPT LOCKED-OPEN DURING OPENING HOURS
- CCTV SURVEILLANCE

d) The prevention of public nuisance

- A COMPLAINTS REGISTER TO BE HELD ON THE PREMISES TO RECORD DETAILS OF ANY COMPLAINTS RECEIVED FROM NEIGHBOURS FOR INSPECTION BY THE COUNCIL OFFICERS
- SIGNS TO BE DISPLAYED INSTRUCTING PATRONS TO RESPECT THE NEIGHBOURS AND TO BEHAVE IN A COURTEOUS MANNER
- COLLECTION OF LITTER OUTSIDE OF THE PREMISES AND ANY LITTER TO BE CLEARED WHEN NECESSARY

e) The protection of children from harm

- MANAGEMENT & STAFF TO ENSURE THAT CHILDREN ARE ACCOMPANIED BY GUARDIANS/ADULTS
- MANAGEMENT & STAFF TO ENSURE THAT ANY CHILDREN ARE KEPT OUT OF HARMS WAY
- CHILDREN TO BE ALLOWED IN DINING AREA ONLY UNLESS PASSING FROM ONE PLACE TO ANOTHER

3.4 I am also prepared to become the appointed Premises Supervisor and attend the necessary licensing course to get that approved if the licence is granted.

3.5 There are several other late night uses in the immediate area to my shop which have licences to open after midnight.

Some are licensed for alcohol and entertainment and some for late night refreshment sales, such as:

a. Little Driver Public House 125 Bow Road:

supply of alcohol, facilities for dancing & recorded music
11:00 hours to 01:00 hours the next day Friday & Saturday

I note that some of the residents refer to customers of this public house in their letters.

b. The Co-op filling station and shop opposite at nos. 127-131 Bow Road:

supply of alcohol 00:00 to 00:00 (24 hours)
late night refreshment 23:00 to 5:00 Mondays to Sundays

3.6 There is also an all night 24 hour licensed taxi company adjacent to my shop.

3.7 I do not understand how the council gives licences to these other businesses to open all night, to supply alcohol, entertainment, music and dancing and then there are objections to my licence application to open one hour extra only per day.

4.0 STATUTORY CONSULTEES

4.1 As part of the licence application, the council licensing department have to contact several statutory consultees to obtain their respective views of the application.

4.2 In this case, the licence report section 5.13 copy below shows that 9 separate statutory consultees were each consulted regarding my application:

5.13 All of the responsible authorities have been consulted about this application. They are as follows:

- The Licensing Authority
- The Metropolitan Police
- The LFEPA (the London Fire and Emergency Planning Authority).
- Planning
- Health and Safety
- Noise (Environmental Health)
- Trading Standards
- Child Protection
- Primary Care Trust

4.3 I have been advised by the council Licensing Officer that none of these 9 statutory consultates objected to my application for this licence – see attached email in confirmation as Enclosure 5.

4.4 This is particularly relevant since the Metropolitan Police Licensing Officer has a direct input into such applications and if that officer had had any previous complaints on any type, it would have been his duty to object.

The lack of objection demonstrates conclusively that the past opening of my shop has not caused any problems requiring police attention and that they were not concerned about the extra one hour opening.

4.5 The same applies to the planning department.

4.6 The same comments also apply to the council Environmental Health Department (Noise) who would have been the department that would have received any complaints regarding alleged noise from my shop.

5.0 LOCAL RESIDENTS' OBJECTIONS

5.1 I attach as Enclosure 6, map of local area showing:

a. local objectors in Tomlin Grove – total 13 separate names from 9 separate addresses – shown in blue markings

b. 61 signatories to a petition in favour from local residents with actual numbers in red listed on named streets (for example 10 in Tomlin Grove). These names were collected in 2 weeks only.

c. There was also on letter in support from a resident of Tomlin Grove.

Copy of petition attached as Enclosure 7.

5.2 The map shows that our customers come from a wide local area and that we provide a popular and well supported service to the community.

5.3 The map also shows that, although residents from 9 addresses in Tomlin Grove object, the overwhelming majority of other residents in that road do not have any problem with my licence application and did not feel it necessary to object.

5.4 I have read each of the letters from the residents that have complained and I do not understand their comments or agree with them.

5.5 The area has many take-aways and some of the points made by the residents do not come from my shop – as some residents say when they refer to customers from other take-aways in the area coming to Tomlin Grove.

5.6 I do not see how they know if what they complain about is caused by my shop when there is the Little Driver pub with alcohol sales, music & dancing until 1am and the Co-op petrol station selling petrol and alcohol 24 hours per day and Refreshments until 5am each.

5.7 There is also the activity from the N205 night bus service that runs every 30 minutes throughout the night plus the Docklands Light Railway (DLR) service adjacent at Bow Church Station that runs every 10 minutes to 00:45 hours Mon.- Sat.(23:45 Sun) on Platform 1 and 00:30 hours Mon/.- Sat.(23:39 Sun) Platform 2.

5.5 I have always tried to run my business in a responsible and neighbourly way and not cause any problems to the neighbours.

5.6 It is no good to my small business if neighbours are unhappy and I am pleased to see that the majority do not feel that we cause any problems.

5.7 I would be happy to agree to the suggested conditions I list later herein to overcome the residents' concerns over alleged litter and other matters.

6.0 SUGGESTED CONDITIONS

6.1 I would agree to the below conditions, if the licence is granted, to deal with the residents' concerns:

- a. CCTV (already in place)
- b. signage inside shops asking customers to leave quietly, make no noise outside the shop and not to drop any litter
- c. litter patrol of 50m radius of shop every 30 minutes after 9pm and at closing time.
- d. all staff to have vacated premises 15 minutes after closing time

e. no deposit of waste in rear yard after closing time.

7.0 CONCLUSIONS

7.1 My shop is in a busy inner London area with many other late night uses nearby, train and night bus services in the area.

7.2 I don't think the minority of residents of Tomlin Grove that complained can tell if the general level of activity in the area at that time between 11pm and midnight is caused by those other sources or my shop.

7.3 Persons in this area at those hours could be from other take-aways in the area (such as 'Hot Spice' mentioned in the residents' letters), the public house, the petrol station and shop, the buses and night buses and the railway or general traffic.

7.4 I would respectfully ask that my licence is granted with any suggested conditions that the panel see fit.

7.5 I am aware that if I fail to comply with any conditions of the licence, then the licence can be revoked.

7.6 I am also aware that if there are any serious complaints from any third party regarding my shop causing harm to any of the licensing objectives, then my licence can be revoked at any time.

7.7 I will therefore ensure that, if granted, any conditions of the licence will be complied with and that my modest business will not cause any harm to the amenities of local residents.

Town and Country Planning Act 1990 (as amended)
Town and Country Planning (General Development Procedure Order) 1995
Dear Sir/Madam,

CONDITIONAL PERMISSION FOR DEVELOPMENT

In accordance with the Act and Order mentioned above, Tower Hamlets Council as Local Planning Authority hereby gives notice of its decision to grant permission for the development referred to in the schedule to this notice and as shown on the submitted plans and particulars subject to the conditions set out in the schedule.

You are advised that this permission does not modify or extinguish any covenants, easements or other restrictions applying to or affecting the land, or the rights affecting the land, or the rights of any other person entitled to the benefits thereof. You are also advised that this permission does not relieve you of the need to obtain any approval necessary under the Building Act 1984, Building Regulations 2003, or other related legislation. In this connection you should contact the Head of Building Control, 41-47 Bow Road, E3 2BS (020 7364 5241) for advice or guidance on the necessity for obtaining building regulation approval in this particular case.

Applicants are reminded of the need to comply with the provisions of Part II of the London Building Acts (Amendment) Act 1939 in order to obtain official postal addresses. This should be carried out at least one month prior to the completion of the exterior works. Details of the development, including site and block plans should be sent to the Assistant Director (Street Services), Southern Grove, London, E3 4PN.

Your attention is drawn to the following statement of applicants' rights -

1) Appeals to the Secretary of State

If you are aggrieved by this decision you may appeal to the Secretary of State for the Environment in accordance with Section 75 of the Town and Country Planning Act 1990. If you want to appeal then you must do so within six months of the date of this notice, using a form which you can get from the Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN (Tel 0117 372 6372). The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions given under the order. In practice the Secretary of State does not refuse to consider appeals solely because the local planning authority based its decision on a direction given by him.

2) Purchase Notice

If either the local planning authority or the Secretary of State for the Environment refuses permission to develop land or grants it subject to conditions, the owner may claim that they can neither put the land to a reasonably beneficial use in its existing state nor can they render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase their interest in the land in accordance with the provisions of Part V of the Town and Country Act 1990.

3) Compensation

In certain circumstances compensation may be claimed from the local planning authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference of the application to him. These circumstances are set out in Section 114 and related provisions of the Town and Country Planning Act 1990.

Yours faithfully,

6.3 Council UDP policies DEV2 and DEV50 seek to protect the amenity of existing residents from unacceptable development. Policies DEV1 and DEV10 of the DPD continues this approach which seek to ensure that new development do not impact adversely on the amenity of adjoining residential properties. It is considered that, as the property fronts Bow Road, one of the main roads in and out of London, any consequent noise created within the proposed extended hours would have no detrimental impact upon the residential amenity of adjacent occupiers and is envisaged that minimal impact would be applied to the existing noise levels. ✓

Highways

6.4 In view of the sites close proximity (three minutes walk) to both Bow Church DLR station and Bow Road underground station, plus being on the 25 Bus route it is considered that the proposal in highways terms is acceptable. Whilst there are potential increase in cars using Tomlins Grove, it is considered that the proposal will have no significant impact to existing traffic/ car parking levels. ✓

7. **SUMMARY**

7.1 Given the history of the application site over the years, it is considered that this application (PA/06/01517) for would not adversely contribute to the future pattern of development in the area or amenity of the surrounding residential properties.

Subject: 74 bow road

Licensing officer is not willing to confirm in writing that the other departments raised no objections as the committee statement clearly lists the only objectors on the main page are local residents and therefore highways, police, enviro health etc have raised no objections.

He is not willing to add the petition to the statement but has said it can be copied and brought forward on the day.
