Proposed Hours & Conditions

CONDITIONS

1. Substantial food and suitable beverages other than alcohol, including drinking water, shall be equally available during the whole of the permitted hours in all parts of the Premises where alcohol is sold or supplied.
2. The venue will install and maintain a comprehensive CCTV system as per the minimum requirements of the Police. All entry and exit points will be covered enabling frontal identification of every person entering in any light condition. The CCTV system shall continually record whilst the venue is open for licensable activities for a period of 31days with date and time stamping. Recordings shall be made available, immediately upon the request of Police or authorised officer throughout the preceding 31days.
3. A staff member from the Premises who is conversant with the operation of the CCTV system shall be on the Premises at all times when the Premises is open to the public. This staff member shall be able to show Police recent data or footage with the absolute minimum of delay when requested.
4. An incident log shall be kept at the premises, and made available on request to an authorised officer of the City Council or the Police, which will record the following:
 - a. all crimes reported to the venue
 - b. all ejections of patrons
 - c. any complaints received
 - d. any incidents of disorder
 - e. all seizures of drugs or offensive weapons
 - f. any faults in the CCTV system
 - g. any refusal of the sale of alcohol
 - h. any visit by a relevant authority or emergency service.
5. Clear signage is to be displayed prominently and maintained at all exits of the premises requiring patrons to leave and enter the premises and area quietly out of respect for local residents.
6. Refuse, including bottles, is to be taken and placed into receptacles outside the premises at times which will minimise the disturbance to nearby premises.

Section 182 Advice by the Home Office

Updated October 2012

Relevant, vexatious and frivolous representations

- 9.4 A representation is “relevant” if it relates to the likely effect of the grant of the licence on the promotion of at least one of the licensing objectives. For example, a representation from a local businessperson about the commercial damage caused by competition from new licensed premises would not be relevant. On the other hand, a representation by a businessperson that nuisance caused by new premises would deter customers from entering the local area, and the steps proposed by the applicant to prevent that nuisance were inadequate, would be relevant. In other words, representations should relate to the impact of licensable activities carried on from premises on the objectives. For representations in relation to variations to be relevant, they should be confined to the subject matter of the variation. There is no requirement for a responsible authority or other person to produce a recorded history of problems at premises to support their representations, and in fact this would not be possible for new premises.
- 9.5 It is for the licensing authority to determine whether a representation (other than a representation from responsible authority) is frivolous or vexatious on the basis of what might ordinarily be considered to be vexatious or frivolous. A representation may be considered to be vexatious if it appears to be intended to cause aggravation or annoyance, whether to a competitor or other person, without reasonable cause or justification. Vexatious circumstances may arise because of disputes between rival businesses and local knowledge will therefore be invaluable in considering such matters. Licensing authorities can consider the main effect of the representation, and whether any inconvenience or expense caused by it could reasonably be considered to be proportionate.
- 9.6 Frivolous representations would be essentially categorised by a lack of seriousness. Frivolous representations would concern issues which, at most, are minor and in relation to which no remedial steps would be warranted or proportionate.
- 9.7 Any person who is aggrieved by a rejection of their representations on either of these grounds may lodge a complaint through the local authority’s corporate complaints procedure. A person may also challenge the authority’s decision by way of judicial review.
- 9.8 Licensing authorities should not take decisions about whether representations are frivolous, vexatious or relevant to the licensing objectives on the basis of any political judgement. This may be difficult

for councillors who receive complaints from residents within their own wards. If consideration is not to be delegated, contrary to the recommendation in this Guidance, an assessment should be prepared by officials for consideration by the sub-committee before any decision is taken that necessitates a hearing. Any councillor who considers that their own interests are such that they are unable to consider the matter independently should disqualify themselves.

- 9.9 It is recommended that, in borderline cases, the benefit of the doubt about any aspect of a representation should be given to the person making that representation. The subsequent hearing would then provide an opportunity for the person or body making the representation to amplify and clarify it.
- 9.10 Licensing authorities should consider providing advice on their websites about how any person can make representations to them.

Andrew Heron

From: Roy Henry [REDACTED]
Sent: 12 November 2013 14:22
To: Andrew Heron
Subject: Bottle Shop & Tap Room, 251 Paradise Row

Dear Mr Heron,

Re: Bottle and Shop and Tap Room, 251 Paradise Row

Thanks for sending me further information about the above application. I wish to make a representation against this application.

1. Public Nuisance

The application states, 'supply of alcohol on and off the premises' when it states 'off the premises' I presume this means some sort of beer garden/smoking area on the open courtyard of the establishment? If this is the case I strongly reject this proposal as noise travels down the railway viaducts into the homes on Paradise Row currently. My bedroom is currently situated [REDACTED] meaning that the noise will be extremely unpleasant for me. Currently the construction work happening on site (and even on a Sunday) is unpleasant for me. If this noise is a nuisance at present what will it be like when you have 30-40 people smoking outside (literally meters from my bedroom window)? I **strongly** reject it being open until midnight.

I'd be more than willing to let anyone into my home to test the noise levels.

2. Crime & Disorder

I believe that Paradise Gardens is an alcohol free zone therefore the sale of alcohol near the gardens will aid disorder. At present a number of homeless/alcoholic people sleep in the park therefore opening an establishment next to it will not help reduce these numbers (homeless people begging for money, etc).

I do not wish the application to be rejected in full, however I do wish local residences to be considered within the proposal and concerns they have actioned.

Yours sincerely,

Roy Henry

Appendix 5

Anti-Social Behaviour on the Premises

Licensing Policy

The Licensing Authority expects the applicant to have addressed all crime and disorder issues relating to the premises in their operating schedule and to have sought appropriate advice. (**See Sections 5.2 of the Licensing Policy**)

The Licensing Authority will consider attaching conditions to deter crime and disorder and these may include conditions drawn from the Model Poll of Conditions relating to Crime and Disorder. (**See Appendix 2 Annex D of the Licensing Policy**). In particular Members may wish to consider (this list is not exhaustive):

- Methods of management communication
- Use of registered Door Supervisors
- Bottle Bans
- Plastic containers
- CCTV
- Restrictions on open containers for “off sales”
- Restrictions on drinking areas
- Capacity
- Proof of Age scheme
- Crime prevention notices
- Drinks promotions-aimed at stopping irresponsible promotions
- Signage
- Seating plans
- Capacity

If Members believe that there is a substantial problem of anti-social behaviour and it cannot be proportionately addressed by licensing conditions they should refuse the application.

Police Powers

The Licensing Act 2003, Part 8 gives a senior police officer the power to close a premises for up to 24 hours where the officer believes there is, or is likely to be disorder on or in the vicinity and closure is necessary in the interests of public safety.

Guidance Issued under Section 182 of the Licensing Act 2003.

The pool of conditions, adopted by the council is recommended (Annexe D).

The key role of the police and SIA is acknowledged (2.1-2.2).

Conditions attached to licences cannot seek to manage the behaviour of customers once they are beyond the direct management of the licence holder and their staff or agents, but can directly impact on the behaviour of

customers in the immediate vicinity of the premises as they seek entry or leave (1.6).

Conditions are best targeted on deterrence and preventing crime and disorder (2.3) communication, CCTV, police liaison, no glasses, capacity limits are all relevant (2.3-2.7).

Guidance Issued under Section 182 of the Licensing Act 2003

Conditions can be imposed for large capacity “vertical consumption” premises (10.23).

Guidance Issued by the Office of Fair Trading

This relates to attempts to control minimum prices

Other Legislation

The Council has a duty under Section 17 of the Crime and Disorder Act 1998 to do all it reasonably can to prevent crime and disorder.

Appendix 6

Appendix 6

Noise while the premise is in use

General Advice

If they conclude this is a problem Members should consider whether it is possible to carry out suitable and proportionate noise control measures so that noise leakage is prevented. In addition Members may consider that only certain activities are suitable.

The hours of operation also need to be considered (see below).

If Members believe that there is a substantial problem of noise while the premises are in use and it cannot be proportionately address by licensing conditions they should refuse the application.

Licensing Policy

The policy recognises that noise nuisance can be an issue, especially if a premises is open late at night. (**See Sections 8.1 of the Licensing Policy**).

The policy also recognises that staggered closing can help prevent problems at closure time (**See Section 12.1**).

However, while all applications will be considered on their merits, consideration will be given to imposing stricter conditions in respect of noise control where premises are situated close to local residents. (**See Section 12.4**).

The Licensing Authority expects the applicant to have addressed all nuisance issues relating to the premises in their operating schedule and to have sought appropriate advice from the Council's Environmental Health Officers. (**See Sections 8.2 of the Licensing Policy**).

The Licensing Authority will consider attaching conditions to prevent nuisance and these may include Conditions drawn from the Model Poll of Conditions relating to Crime and Disorder. (**See Appendix 2 Annex D of the Licensing Policy**). In particular Members may wish to consider (this list is not exhaustive):

- hours of opening (this needs to be balanced against potential disorder caused by artificially early closing times)
- Whether certain parts should close earlier than the rest (for example a "beer garden", or restricted in their use)
- Whether or not certain activities should have to close at an early hour, for example live music
- Conditions controlling noise or vibration (for example, noise limiters, keeping doors and windows closed).

- Prominent clear and legible notices at all exits requesting the public to respect the needs of local residents and leave the premises and area quietly
- Conditions controlling the use of explosives, pyrotechnics and fireworks
- Conditions controlling the placing of refuse
- Conditions controlling noxious smells
- Conditions controlling lighting (this needs to be balanced against potential crime prevention benefits)

Police Powers

Part 8 of the Licensing Act 2003 enables a senior police officer to close down a premises for up to 24 hrs. a premises causing a nuisance resulting from noise emanating from the premises.

Guidance Issued under Section 182 of the Licensing Act 2003

The prevention of public nuisance could include low-level nuisance, perhaps affecting a few people living locally as well as major disturbance affecting the whole community (2.33).

Licence conditions should not duplicate other legislation (1.19)

Any conditions should be tailored to the type, nature and characteristics of the specific premises. Licensing authorities should be aware of the need to avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are very expensive to purchase and install and are likely to be a considerable burden for smaller venues.(2.20)

Necessary and appropriate conditions should normally focus on the most sensitive periods (2.22) and may address disturbance as customers enter or leave the premises but it is essential that conditions are focused on measures within the direct control of the licence holder.

Other Legislation

The Environmental Protection Act 1990, Part 111 gives Environmental Health Officers the power to deal with statutory nuisances.

The Anti-social Behaviour Act 2003, Sections 40 and 41 give Environmental Health Officers the power of closure up to 24 hours in certain circumstances

Appendix 7

Access and Egress problems

Such as:

Disturbance from patrons arriving/leaving the premises on foot

Disturbance from patrons arriving/leaving the premises by car

Lack of adequate car parking facilities

Close proximity to residential properties

Comment

The above have been grouped together as egress problems. Of course the particular facts will be different for each alleged problem.

Egress only is referred to-if necessary access can be added or substituted in.

General Advice

In considering concerns relating to disturbance from egress, Members need to be satisfied that the premises under consideration has been identified as the source of the actual or potential disturbance. If they are satisfied that this is a problem, then proportionate conditions should be considered.

The hours of operation also need to be considered.

If Members believe that there is a substantial problem concerning egress and it cannot be proportionately addressed by licensing conditions, they should refuse the application.

Licensing Policy

The policy recognises that noise nuisance can be an issue, especially if a premises is open late at night. (**See Section 8.1 of the Licensing Policy**).

The Licensing Authority expects the applicant to have addressed all nuisance issues relating to the premises in their operating schedule and to have sought appropriate advice from the Council's Environmental Health Officers. (**See Section 8.2 of the Licensing Policy**).

The policy also recognises that staggered closing can help prevent problems at closure time (**See Section 12.10**).

However, while all applications will be considered on their merits, consideration will be given to imposing stricter conditions in respect of noise control where premises are situated close to local residents. (**See Section 12.10**)

The Council has adopted a set of framework hours (**See 12.8 of the licensing policy**). This relates to potential disturbance caused by late night trading.

The Licensing Authority will consider attaching conditions to prevent nuisance and these may include Conditions drawn from the Model Pool of Conditions relating to the prevention of Public Nuisance. (**See Appendix 2 Annex G of the Licensing Policy**). In particular Members may wish to consider (this list is not exhaustive):

- hours of opening (this needs to be balanced against potential disorder caused by artificially early closing times)
- Whether certain parts should close earlier than the rest (for example a “beer garden”, or restricted in their use)
- Whether or not certain activities should have to close at an early hour, for example live music
- Conditions controlling noise or vibration (for example, noise limiters, keeping doors and windows closed).
- Prominent clear and legible notices at all exits requesting the public to respect the needs of local residents and leave the premises and area quietly

Guidance Issued under Section 182 of the Licensing Act 2003

The prevention of public nuisance could include low-level nuisance, perhaps affecting a few people living locally as well as major disturbance affecting the whole community. (2.33).

Licence conditions should not duplicate other legislation (1.19).

Any conditions should be tailored to the type, nature and characteristics of the specific premises. Licensing authorities should be aware of the need to avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are very expensive to purchase and install and are likely to be a considerable burden for smaller venues.(2.20)

Measures can include ensuring the safe departure of customers, these can include:

- Providing information on the premises of local taxi companies who can provide safe transportation home; and
- Ensuring adequate lighting outside the premises, particularly on paths leading to and from the premises and in car parks

Necessary and appropriate conditions should normally focus on the most sensitive periods (2.22) and may address disturbance as customers enter or leave the premises but it is essential that conditions are focused on measures within the direct control of the licence holder .

Noise Leakage from the Premises

General Advice

Extending hours may bring issues about noise leakage to the fore, as many premises are close to residential properties (or even sometimes commercial).

The obvious areas for Members to consider, if they believe there is a problem and it is proportionate to consider conditions are:

- Can internal works, actions or equipment reduce the noise leakage
- Does the problem justify curtailing the activities that are licensed. If Members are minded to do this they must ensure conditions are clear and readily enforceable. For example “Jazz Music Only” is not capable of legal definition and is unenforceable.
- Does the problem justify limiting the hours or place of particular activities. For example “no music in the beer garden at any time and no music past 22:30hrs” although the premises can stay open until 01:00hrs.

Members also need to bear in mind the statutory exemptions under the Act (see below).

Licensing Policy

The Licensing Authority expects applicants to have sought advice and to be able to explain how they will address problems. **(See Sections 8. 1-2)**, especially where a negative impact is likely on local residents or businesses **(See 12.1 for core licensing hours)**.

The Licensing Policy recognises that staggered hours can make a positive contribution to alcohol related issues but that consideration will be given to imposing stricter conditions in respect of noise control where premises are close to residents. **(See 12.4)**.

The Licensing Authority will consider attaching conditions to prevent nuisance and these may include Conditions drawn from the Model Pool of Conditions relating to public nuisance. **(See Appendix 2 Annex G of the Licensing Policy)**. In particular Members may wish to consider the following: (this list is not exhaustive):

- hours of opening (this needs to be balanced against potential disorder caused by artificially early closing times)
- Whether certain parts should be restricted in their use
- Whether or not certain activities should have to close at an early hour, for example live music
- Conditions controlling noise or vibration (for example, noise limiters, keeping doors and windows closed).

- Prominent clear and legible notices at all exits requesting the public to respect the needs of local residents and leave the premises and area quietly
- Conditions controlling the use of explosives, pyrotechnics and fireworks

Police Powers

Part 8 of the Licensing Act 2003 enables a senior police officer to close down for up to 24hrs premises causing a nuisance resulting from noise emanating from the premises.

Licensing Act 2003

Schedule 1 Part 2 states that entertainment in churches, morris dancing and accompanying music if live and unamplified and incidental music are not licensable activities-that is no conditions can be set for them.

Section 177, (1) and (2) of the Act provides that where a premises (or club) is licensed for alcohol consumption on the premises and is primarily thus used, and the permitted capacity does not exceed 200 additional conditions relating to the music should only relate to public safety or the prevention of crime (or both). That is they should not relate to any “noise nuisance.”

Section 177 (4) provides that where a premises licence (or club) has a capacity of not more than 200 and the only music is unamplified live music between 08:00hrs and midnight, no additional conditions should be set relating to the music.

Section 177 can be disapplied on a licence review if it is proportionate to do so.

Public Nuisance Guidance issued under Section 182 of the Licensing Act 2003

The Licensing Policy has adopted the recommended Pool of Conditions (13.20).

The prevention of the public nuisance could include low level nuisance, perhaps affecting a few people living locally (2.33). Licence conditions should not duplicate other legislation (1.16).

Necessary and appropriate conditions should normally focus on the most sensitive periods and may address disturbance as customers enter or leave the premises (2.36), but it is “essential that conditions are focused on measures within the direct control of the licence holder” (2.38).

It may be appropriate to require take-aways to provide litter bins. (2.40).

Other Legislation

Environmental Health Officers have extensive powers under the Environmental Protection Act 1990 to control a noise nuisance, including a power of immediate closure.
