Section 18 of 19

LICENSING OBJECTIVES

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e)

List here steps you will take to promote all four licensing objectives together.

The premises licence holder and DPS have carried out a risk assessment with consideration of the four licensing objectives. All staff will be fully trained to understand their responsibilities with regard to the retail sale of alcohol. Records of staff training will be maintained and updated accordingly.
The sale of alcohol will be ancillary to the sale of food.

b) The prevention of crime and disorder

There is a 30 camera IP CCTV system installed on the premises which is set to record on motion based recording, with night

Continued from previous page...

vision on all outdoor cameras. Up to 1 months recordings will be stored on a 2TB server which is remotely monitored via client software.

The CCTV recordings are to be maintained for 31 days and to be provided upon request to either a Police Officer or an officer of any other Responsible Authority. A system shall be in place to maintain the quality of the recorded image and a complete audit trail maintained. The system will be maintained and fully operational throughout the hours that the premises are open for any licensable activity.

At all times the premises is open, a person who can operate the CCTV system must be present on the premises. who can download the images and present them immediately on request by a police officer or other responsible authority.

An Incident Book is to be kept and maintained. This will document all refusals of people entering the premises, refusals of the sale of alcohol, any incidents of crime and disorder, as well as all other incidents of note. This book is to be updated regularly and made available to Police or any relevant authority upon request.

c) Public safety

The premises will be maintained in a safe manner at all times.

All exits will be clear of hazards.

All staff will be fully trained in emergency procedures and training records maintained.

All repairs and maintenance will be carried out by approved contractors where so required.

d) The prevention of public nuisance

All refuse will be disposed of in an appropriate manner.

Staff will be instructed to maintain all external areas in a clean and presentable manner at all times.

Notices will be displayed prominently near the customers exit asking customers to leave the premises quietly and in a respectful manner.

There will be a customer taxi ordering service available after 22:00.

e) The protection of children from harm

The premises will promote an age verification scheme "Challenge 25" with notices displayed to such effect.

The premises will operate a "no ID, no sale" policy at all times and will only accept photographic ID such as a passport, driving licence or PASS card as acceptable forms of identification.

Staff will be trained in the understanding of this policy and training records will be maintained on site at all times. Training records will be available for inspection if requested by any responsible authority.

Subject: 079320 Bella Cosa - "Drewry House", 213 Marsh Wall, London

Please accept this email as a representation to the above application.

EH have reviewed the application and consider the hours applied for in this extremely quiet area, next to residential as excessive and would cause significant Public Nuisance.

We have experienced issues with a similar venue that included noise from patrons in the outside seating areas, noise from smokers, noise from waste disposal and noise from customer egress at such a late hour.

The applicant has made no mention of the residents, that lay within 15metres to the west of the premises, in their application.

EH would require cessation of use of the outside area at 20.00 and a designated smoking area as far away from the residential block as possible.

Appendix 4

Noise while the Premise is in Use

General Advice

If they conclude this is a problem Members should consider whether it is possible to carry out suitable and proportionate noise control measures so that noise leakage is prevented. In addition Members may consider that only certain activities are suitable.

The hours of operation also need to be considered (see below).

If Members believe that there is a substantial problem of noise while the premises are in use and it cannot be proportionately address by licensing conditions they should refuse the application.

Licensing Policy

The policy recognises that noise nuisance can be an issue, especially if a premises is open late at night. (**See Sections 10 of the Licensing Policy**).

The policy also recognises that staggered closing can help prevent problems at closure time (**See Section 15.1**).

However, while all applications will be considered on their merits, consideration will be given to imposing stricter conditions in respect of noise control where premises are situated close to local residents. (**See Section 15.5**).

The Licensing Authority expects the applicant to have addressed all nuisance issues relating to the premises in their operating schedule and to have sought appropriate advice from the Council's Environmental Health Officers. (**See Sections 10.2 of the Licensing Policy**).

The Licensing Authority will consider attaching conditions to prevent nuisance and these may include Conditions drawn from the Model Poll of Conditions relating to Public Nuisance. (**See Annex G of the Licensing Policy**). In particular Members may wish to consider (this list is not exhaustive):

- hours of opening (this needs to be balanced against potential disorder caused by artificially early closing times)
- Whether certain parts should close earlier than the rest (for example a "beer garden", or restricted in their use)
- Whether or not certain activities should have to close at an early hour, for example live music
- Conditions controlling noise or vibration (for example, noise limiters, keeping doors and windows closed).

- Prominent clear and legible notices at all exits requesting the public to respect the needs of local residents and leave the premises and area quietly
- Conditions controlling the use of explosives, pyrotechnics and fireworks
- Conditions controlling the placing of refuse
- Conditions controlling noxious smells
- Conditions controlling lighting (this needs to be balanced against potential crime prevention benefits)

Police Powers

Part 8 of the Licensing Act 2003 enables a senior police officer to close down a premises for up to 24hrs a premises causing a nuisance resulting from noise emanating from the premises.

Guidance Issued under Section 182 of the Licensing Act 2003

The prevention of public nuisance could include low-level nuisance, perhaps affecting a few people living locally as well as major disturbance affecting the whole community (2.19).

Licence conditions should not duplicate other legislation (1.16)

Any conditions should be tailored to the type, nature and characteristics of the specific premises. Licensing authorities should be aware of the need to avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are very expensive to purchase and install and are likely to be a considerable burden for smaller venues. (2.20)

Necessary and appropriate conditions should normally focus on the most sensitive periods (2.22) and may address disturbance as customers enter or leave the premises but it is essential that conditions are focused on measures within the direct control of the licence holder.

Other Legislation

The Environmental Protection Act 1990, Part 111 gives Environmental Health Officers the power to deal with statutory nuisances.

The Anti-social Behaviour Act 2003, Sections 40 and 41 give Environmental Health Officers the power of closure up to 24 hours in certain circumstances

Appendix 5

Access and Egress Problems

Such as:

Disturbance from patrons arriving/leaving the premises on foot

Disturbance from patrons arriving/leaving the premises by car

Lack of adequate car parking facilities

Close proximity to residential properties

Comment

The above have been grouped together as egress problems. Of course the particular facts will be different for each alleged problem.

Egress only is referred to-if necessary access can be added or substituted in.

General Advice

In considering concerns relating to disturbance from egress, Members need to be satisfied that the premises under consideration has been identified as the source of the actual or potential disturbance. If they are satisfied that this is a problem, then proportionate conditions should be considered.

The hours of operation also need to be considered.

If Members believe that there is a substantial problem concerning egress and it cannot be proportionately addressed by licensing conditions, they should refuse the application.

Licensing Policy

The policy recognises that noise nuisance can be an issue, especially if a premises is open late at night. (**See Section 10 of the Licensing Policy**).

The Licensing Authority expects the applicant to have addressed all nuisance issues relating to the premises in their operating schedule and to have sought appropriate advice from the Council's Environmental Health Officers. (**See Section 10.2 of the Licensing Policy**).

The policy also recognises that staggered closing can help prevent problems at closure time (**See Section 15.1**).

However, while all applications will be considered on their merits, consideration will be given to imposing stricter conditions in respect of noise control where premises are situated close to local residents. (**See Section 15.5**)

The Council has adopted a set of framework hours (**See 15.8 of the licensing policy**). This relates to potential disturbance caused by late night trading.

The Licensing Authority will consider attaching conditions to prevent nuisance and these may include Conditions drawn from the Model Pool of Conditions relating to the prevention of Public Nuisance. (**See Annex G of the Licensing Policy**). In particular Members may wish to consider (this list is not exhaustive):

- hours of opening (this needs to be balanced against potential disorder caused by artificially early closing times)
- Whether certain parts should close earlier than the rest (for example a “beer garden”, or restricted in their use)
- Whether or not certain activities should have to close at an early hour, for example live music
- Conditions controlling noise or vibration (for example, noise limiters, keeping doors and windows closed).
- Prominent clear and legible notices at all exits requesting the public to respect the needs of local residents and leave the premises and area quietly

Guidance Issued under Section 182 of the Licensing Act 2003

The prevention of public nuisance could include low-level nuisance, perhaps affecting a few people living locally as well as major disturbance affecting the whole community. (2.19).

Licence conditions should not duplicate other legislation (1.16).

Any conditions should be tailored to the type, nature and characteristics of the specific premises. Noise limiters, for example, are very expensive to purchase and install and are likely to be a considerable burden for smaller venues. (2.20)

Measures can include ensuring the safe departure of customers, these can include:

- Providing information on the premises of local taxi companies who can provide safe transportation home; and
- Ensuring adequate lighting outside the premises, particularly on paths leading to and from the premises and in car parks

Necessary and appropriate conditions should normally focus on the most sensitive periods (2.22) and may address disturbance as customers enter or leave the premises but it is essential that conditions are focused on measures within the direct control of the licence holder.

Appendix 6

Planning

An application for a Premises Licence can be made in respect of a premises even where the premises does not have relevant Planning Permission. That application has to be considered and Members can only refuse the application where the application itself does not promote one of more of the Licensing Objectives. Members cannot refuse just because there is no planning permission. Where a Premises Licence is granted and which exceeds what is allowed by the Planning Permission and that Premises then operates in breach of planning then the operator would be liable to enforcement by Planning.

Appendix 7

Licensing Policy Relating to Hours of Trading

All applications have to be considered on their own merits.

The Council has however adopted a set of framework hours as follows:

Monday to Thursday	06:00hrs to 23:30hrs
Friday and Saturday	06:00hrs to 00:00hrs (midnight)
Sunday	06:00hrs to 22:30hrs

(see 15.8 of the licensing policy)

In considering the applicability of frame work hours to any particular application regard should be had to the following

- Location
- Proposed hours of regulated activities, and the proposed hours the premises are open to the public
- The adequacy of the applicants proposals to deal with issues of crime and disorder and public nuisance
- Previous history
- Access to public transport
- Proximity to other licensed premises, and their hours

(See 15.8 of the licensing policy)

Subject to any representations to the contrary in individual cases the following premises are not generally considered to contribute to late night anti-social behaviour and will therefore generally have greater freedom

- Theatres
- Cinemas
- Premises with club premises certificates
- Premises licensed for off sales only
