**Update on north east London Sustainability and
Transformation Plan**

Item No

OUTLINE

Over the course of 2016, health and care organisations across 7 boroughs in North East London (NEL) have been working to develop a draft Sustainability and Transformation Plan (STP). The STP sets out how the NHS Five Year Forward View will be delivered across the NEL footprint and how local health and care services will need to transform in order to ensure their financial sustainability and improve their clinical effectiveness.

INEL JHOSC has requested that NHS partners provide an overview of how the draft NEL STP will be developed through consultation, engagement and scrutiny processes so that the plans are given appropriate oversight and accountability.

This report and its accompanying summary include items covering:

- Overview of STP; what the current plans are and progress to date
- Timetable for implementation
- The process for consultation
- Governance for the NEL STP
- Finance considerations of the NEL STP

ACTION

- The Committee is requested to give consideration to the report and discussion and provide comments.
