# **Licensing Act 2003**

# Variation- Licence application for (Discount Suit Company LTD) 1A Bell Lane London E1 7TB

The Licensing Authority (acting a Responsible Authority) is making a representation against the above application on the grounds of:

### the prevention of public nuisance

### **Cumulative Impact Policy**

On 1<sup>st</sup> November 2013, Tower Hamlets Council adopted a Cumulative Impact Policy in the Brick Lane Area. The Council Cumulative Impact Zone (CIZ) was revised alongside this Statement of Licensing Policy on the 1<sup>st</sup> November 2018. Local crime mapping showed that although there had been a reduction in crime and disorder linked to licensed premises within the CIZ since January 2015, the same crime mapping showed that the area of the CIZ is still higher than average in regards to crimes and disorder linked to licensed premises compared to the rest of the borough (19.3).

The Licensing Authority is of the view that the number, type and density of premises selling alcohol for consumption on and off the premises and/or the

provision of late night refreshment in the Bethnal Green area is having a cumulative impact on the licensing objectives and has therefore declared a cumulative impact zone within the area. The Bethnal Green CIZ aims to manage the negative cumulative impact of the concentration of licensed premises in the area and the stresses that the saturation of licensed premises has had on local amenity, environmental degradation and emergency and regulatory services in managing this impact.

The effect of this Special Cumulative Impact Policy will affect applications in respect of the sale or supply of alcohol on or off the premises and/or late Night Refreshment for the following:

- New Premises Licences applications,
- New Club Premises Certificates applications
- Provisional Statements.
- Variation of Premises Licenses and Club Premises Certificate applications (where the modifications are relevant to the issue of cumulative impact for example increases in hours or capacity).

The Licensing Authority expects such applications to have regard for and make reference to the CIZ (19.5).

The Special Cumulative Impact policy creates a rebuttable presumption that where relevant representations are received by one or more of the responsible authorities and/or other persons against applications within the CIZ zones the application will be refused (19.6).

Where representations have been received in respect to applications within the CIZ zones, the onus is on applicants to adequately rebut the presumption. Applicants will need to demonstrate in their applications why the granting of their application will not negatively add to the cumulative already experience within the CIZ Zones. Applicants may wish to address the following in their applications:

- Genuinely exceptional circumstances,
- Relevant good practices they employ (for example, this could include details of membership of local Pubwatch/other trade groups,
- Accreditation of Award Schemes (as applicable), and any participation in Police/Council initiatives),
- Other good operational/practice arrangements in respect of any outside drinking and smoking to control potential impact in the area,
- Measures used to promote the licensing objectives (for example, any relevant conditions to control noise, dispersal, litter and other anti-social issues (19.7)

This Policy will be strictly applied and where relevant representations are received it is the view of the Council that the application will be refused. Applicants will need to demonstrate that there are exceptional circumstances and that granting their application will not negatively add to

## the cumulative effect on the Licensing Objectives within the Brick Lane and Bethnal Green CIZ if they wish to rebut this presumption.

Examples of factors the Licensing Authority may consider as exceptional may include, though are not limited to:

- small premises with a capacity of fifty persons or less who only intend to operate during Framework Hours,
- premises which are not alcohol led and operate only within Framework Hours, such as coffee shops,
- instances where the applicant has recently surrendered a licence for another premises of a similar size and providing similar licensable activities in the same Special Policy Area.

Examples of factors the Licensing Authority will **not** consider as exceptional include:

- that the premises will be well managed and run,
- that the premises will be constructed to a high standard,
- that the applicant operates similar premises elsewhere without complaint (19.8).

### Licensable activities and times

The applicant has applied for the following licensable activities and hours:

### **The Provision of Recorded Music**

• Thursday – Saturday from 12:00 hours to 02:00 hours

### The Provision of Late Night Refreshment

• Thursday – Saturday from 12:00 hours to 02:00 hours

### The Supply of Alcohol

• Thursday – Saturday from 12:00 hours to 01:30 hours

#### Opening Hours

Monday – Wednesday 12:00 hours to 00:00 hours (midnight)
Thursday – Saturday 12:00 hours to 02:00 hours (the following day)
Sunday from 12:00 hours to 23:00 hours

On a balance of probability, this Authority is concerned by the addition of another premise providing extended hours for "licensable activities", potentially adding to the existing anti-social issues in the area.

<u>The Home Office guidance</u> under Section 182 of the Licensing Act2003 (8.42) says:

"Applicants are, in particular, expected to obtain sufficient information to enable them to demonstrate, when setting out the steps they propose to take to promote the licensing objectives, that they understand:

- the layout of the local area and physical environment including crime and disorder hotspots, proximity to residential premises and proximity to areas where children may congregate;
- any risk posed to the local area by the applicants' proposed licensable activities; and
- any local initiatives (for example, local crime reduction initiatives or voluntary schemes including local taxi-marshalling schemes, street pastors and other schemes) which may help to mitigate potential risks."

The applicant has provided no information in the Operating Schedule to address the CIZ particularly the impact that these additional late hours will have within the CIZ.

Great consideration has been given to the fact that the premise is in the Brick Lane Cumulative Impact Zone and although the applicant has a number of conditions on the current licence and has offered further condition in the application, there is no supporting evidence as to how the licensing objectives will be upheld with regards to public nuisance.

It is important to note that when applying for a licence in a CIZ area, applicants need to demonstrate that the granting of their application will not negatively add to the cumulative effect and undermine the licensing objectives.

On considering this application as it stands, I feel it does not uphold the following licensing objective of 'prevention of public nuisance' therefore the Licensing Authority feels that the application should be rejected.

Yours faithfully.

Licensing Officer (Acting as a Responsible Authority)

Subject: 129225 - MAU REPRESENTAITON Discount Suit Company 1a Bell Lane London E1 7B

Dear Licensing,

I have reviewed the variation of premises license application for Discount Suit Company 1a Bell Lane London E1 7TB, and have considered the impact of the licensing objectives, particular for Environmental Protection the prevention of public nuisance and the prevention of noise generated from within the premises or outside to be causing disturbance to people in the vicinity. Consideration also has to be given to the fact that the premises is in Brick Lane Cumulative Impact Zone (CIZ)

#### Premises Current Licensable Activities: Sale of Alcohol, Late Night Refreshment, Recorded Music:

Thursdays until Midnight Friday and Saturdays until Midnight

### The applicant is proposing licensable activities:

#### Late Night Refreshment, Recorded Music:

Thursday until 02:00 hours (an extension of two hours)
Friday and Saturday until 02:00 hours (an extension of one hour)

#### Sale of Alcohol:

Thursday until 01:30 hours (an extension of one and a half hours) Friday and Saturday until 02:00 hours (an extension of half an hour)

The applicant has failed to provide information in their operation schedule to demonstrate how they will promote the licensing objective for the prevention of public nuisance as a result of customers from their licenced premises if they extend their hours of operation, particular when considering the premises is in Brick Lane CIZ.

Noise Sensitive premises: residential premises in close proximity to 1A Bell Lane, London E1 7TB.

In my view the application, as it stands fails, to comply with the objective of the Licensing Act 2003 relating to "public nuisance" for the following reasons:-

- Noise breakout from the venue affecting neighbouring residents,
- · Access & egress to and from the venue, of patrons, especially due to patrons likely to be in high spirits; and

The hours of operation (inclusive of proposals)

### **CONCLUSION**

Environmental Protection **does not** support the application for Discount Suit Company 1a Bell Lane London E1 7B, as there is great likelihood of disturbance to residential premises at the noise sensitive hours sought, with consideration that the premises is in Brick Lane Cumulative Impact Zone.

Kind regards

### Noise while the premise is in use

### General Advice

If they conclude this is a problem Members should consider whether it is possible to carry out suitable and proportionate noise control measures so that noise leakage is prevented. In addition Members may consider that only certain activities are suitable.

The hours of operation also need to be considered (see below). If Members believe that there is a substantial problem of noise while the premises are in use and it cannot be proportionately address by licensing conditions they should refuse the application.

### **Licensing Policy**

The policy recognises that noise nuisance can be an issue, especially if a premises is open late at night. (See Sections 9.1 of the Licensing Policy). While all applications will be considered on their merits, consideration will be given to imposing stricter conditions in respect of noise control where premises are situated close to local residents. (See Section 14.10).

The Licensing Authority expects the applicant to have addressed all nuisance issues relating to the premises in their operating schedule and to have sought appropriate advice from the Council's Environmental Health Officers. (See Section 9.2 of the Licensing Policy).

The Licensing Authority will consider attaching conditions to prevent nuisance. In particular Members may wish to consider (this list is not exhaustive):

- hours of opening (this needs to be balanced against potential disorder caused by artificially early closing times
- Whether certain parts should close earlier than the rest (for example a "beer garden", or restricted in their use
- Whether or not certain activities should have to close at an early hour, for example live music
- Conditions controlling noise or vibration (for example, noise limiters, keeping doors and windows closed).
- Prominent clear and legible notices at all exits requesting the public to respect the needs of local residents and leave the premises and area quietly
- Conditions controlling the use of explosives, pyrotechnics and fireworks
- Conditions controlling the placing of refuse
- Conditions controlling noxious smells
- Conditions controlling lighting (this needs to be balanced against potential crime prevention benefits)

### Police Powers

Part 8 of the Licensing Act 2003 enables a senior police officer to close down a premises for up to 24 hrs where public nuisance is being caused by noise coming from the premises and the closure of the premises is necessary to prevent that nuisance.

### Guidance Issued under Section 182 of the Licensing Act 2003

The prevention of public nuisance could include low-level nuisance, perhaps affecting a few people living locally as well as major disturbance affecting the whole community (2.15).

Licence conditions should not duplicate other legislation (1.16). Necessary and appropriate conditions should normally focus on the most sensitive periods (2.19) and may address disturbance as customers enter or leave the premises but it is essential that conditions are focused on measures within the direct control of the licence holder.

### Other Legislation

The Environmental Protection Act 1990, Part 111 gives Environmental Health Officers the power to deal with statutory nuisances.

The Anti-social Behaviour Act 2003, Sections 40 and 41 give Environmental Health Officers the power of closure up to 24 hours in certain circumstances.

### **Access and Egress Problems**

Such as:

Disturbance from patrons arriving/leaving the premises on foot Disturbance from patrons arriving/leaving the premises by car Lack of adequate car parking facilities

Close proximity to residential properties

### Comment

The above have been grouped together as egress problems. Of course the particular facts will be different for each alleged problem.

Egress only is referred to-if necessary access can be added or substituted in.

### General Advice

In considering concerns relating to disturbance from egress, Members need to be satisfied that the premises under consideration has been identified as the source of the actual or potential disturbance. If they are satisfied that this is a problem, then proportionate conditions should be considered.

The hours of operation also need to be considered.

If Members believe that there is a substantial problem concerning egress and it cannot be proportionately addressed by licensing conditions, they should refuse the application.

### **Licensing Policy**

The policy recognises that noise nuisance can be an issue, especially if a premises is open late at night. (See Section 10 of the Licensing Policy).

The Licensing Authority expects the applicant to have addressed all nuisance issues relating to the premises in their operating schedule and to have sought appropriate advice from the Council's Environmental Health Officers. (See Section 10.2 of the Licensing Policy).

The policy also recognises that staggered closing can help prevent problems at closure time (**See Section 15.1**).

However, while all applications will be considered on their merits, consideration will be given to imposing stricter conditions in respect of noise control where premises are situated close to local residents. (**See Section 15.5**)

The Council has adopted a set of framework hours (**See 15.8 of the licensing policy**). This relates to potential disturbance caused by late night trading.

The Licensing Authority will consider attaching conditions to prevent nuisance and these may include Conditions drawn from the Model Pool of Conditions relating to the prevention of Public Nuisance. (**See Annex G of the Licensing Policy**). In particular Members may wish to consider (this list is not exhaustive):

- hours of opening (this needs to be balanced against potential disorder caused by artificially early closing times
- Whether certain parts should close earlier than the rest (for example a "beer garden", or restricted in their use
- Whether or not certain activities should have to close at an early hour, for example live music
- Conditions controlling noise or vibration (for example, noise limiters, keeping doors and windows closed).
- Prominent clear and legible notices at all exits requesting the public to respect the needs of local residents and leave the premises and area quietly

### Guidance Issued under Section 182 of the Licensing Act 2003

The prevention of public nuisance could include low-level nuisance, perhaps affecting a few people living locally as well as major disturbance affecting the whole community. (2.15).

Licence conditions should not duplicate other legislation (1.16).

Any conditions should be tailored to the type, nature and characteristics of the specific premises. Licensing authorities should be aware of the need to avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are very expensive to purchase and install and are likely to be a considerable burden for smaller venues. (2.19)

Measures can include ensuring the safe departure of customers, these can include:

- Providing information on the premises of local taxi companies who can provide safe transportation home; and
- Ensuring adequate lighting outside the premises, particularly on paths leading to and from the premises and in car parks

Necessary and appropriate conditions should normally focus on the most sensitive periods (2.19) and may address disturbance as customers enter or leave the premises but it is essential that conditions are focused on measures within the direct control of the licence holder.

### **Planning**

An application for a Premises Licence can be made in respect of a premises even where the premises does not have relevant Planning Permission. That application has to be considered and Members can only refuse the application where the application itself does not promote one of more of the Licensing Objectives. Members cannot refuse just because there is no planning permission. Where a Premises Licence is granted and which exceeds what is allowed by the Planning Permission and that Premises then operates in breach of planning then the operator would be liable to enforcement by Planning.

### **Licensing Policy Relating to Hours of Trading**

All applications have to be considered on their own merits.

The Council has however adopted a set of framework hours as follows:

- Monday to Thursday, from 06:00 hrs to 23:30 hrs
- Friday and Saturday, from 06:00 hrs to 00:00 hrs (midnight)
- Sunday, from 06:00 hrs to 22:30 hrs

### (see 14.8 of the Licensing Policy)

In considering the applicability of frame work hours to any particular application regard should be had to the following

- Location
- Proposed hours of regulated activities, and the proposed hours the premises are open to the public
- The adequacy of the applicant's proposals to deal with issues of crime and disorder and public nuisance
- Previous history
- Access to public transport
- Proximity to other licensed premises, and their hours

### (See 14.9 of the licensing policy)

Subject to any representations to the contrary in individual cases the following premises are not generally considered to contribute to late night anti-social behaviour and will therefore generally have greater freedom

- Theatres
- Cinemas
- Premises with club premises certificates

### Special Cumulative Impact Policy for the Brick Lane and Bethnal Green Area

- 19.1 As with many other London Borough's the majority of late night licensed premises are concentrated within one area of the Borough. Following guidance issued under the Licensing Act 2003 a cumulative impact policy for the Brick Lane area was adopted on 18th September 2013 by the Council and came into effect on the 1st November 2013.
- 19.2 After consultation the Council recognised that because of the number and density of licensed premises selling alcohol, on and off the premises and the provision of late night refreshment (sale of hot food after 11pm) within the Brick Lane Area as defined in Figure One, there might be exceptional problems of nuisance, disturbance and/or disorder outside or away from those licensed premises as a result of their combined effect.
- 19.3 The Council Cumulative Impact Zone (CIZ) was reviewed alongside this Statement of Licensing Policy by the Licensing Committee on 14<sup>th</sup> December 2017. Following this review and consultation in early 2018 the Council has decided to keep the Cumulative Impact Zone (CIZ). Local crime mapping showed that although there had been a reduction in crime and disorder linked to licensed premises within the CIZ since January 2015, the same crime mapping showed that the area of the CIZ is still higher than average in regards to crimes and disorder linked to licensed premises compared to the rest of the borough.

Further to the CIZ in the Brick Lane Area shown in Figure One below, data from 999/101 calls to Police in 2016/17 showed a large number of incidents linked to licensed premises within the area shown in Figure Two below (Bethnal Green Area). In light of this evidence and following consultation mentioned above the Council has decided to adopt a second CIZ in the Bethnal Green Area.

- 19.4 The Licensing Authority is of the view that the number, type and density of premises selling alcohol for consumption on and off the premises and/or the provision of late night refreshment in the area highlighted in Figures One and Two is having a cumulative impact on the licensing objectives and has therefore declared a cumulative impact zone within these areas. The Brick Lane and Bethnal Green CIZ aims to manage the negative cumulative impact of the concentration of licensed premises in these areas and the stresses that the saturation of licensed premises has had on local amenity, environmental degradation and emergency and regulatory services in managing this impact.
- 19.5 The effect of this Special Cumulative Impact Policy will affect applications in respect of the sale or supply of alcohol on or off the premises and/or late Night Refreshment for the following:

- New Premises Licences applications,
- New Club Premises Certificates applications
- Provisional Statements,
- Variation of Premises Licenses and Club Premises Certificate applications (where the modifications are relevant to the issue of cumulative impact for example increases in hours or capacity).

The Licensing Authority expects such applications to have regard for and make reference to the CIZ.

- 19.6 The Special Cumulative Impact policy creates a rebuttable presumption that where relevant representations are received by one or more of the responsible authorities and/or other persons against applications within the CIZ zones the application will be refused.
- 19.7 Where representations have been received in respect to applications within the CIZ zones the onus is on applicants to adequately rebut the presumption. Applicants will need to demonstrate in their applications why the granting of their application will not negatively add to the cumulative already experience within the CIZ Zones. Applicants may wish to address the following in their applications:
  - Genuinely exceptional circumstances,
  - Relevant good practices they employ (for example, this could include details of membership of local Pubwatch/other trade groups,
  - Accreditation of Award Schemes (as applicable), and any participation in Police/Council initiatives),
  - Other good operational/practice arrangements in respect of any outside drinking and smoking to control potential impact in the area,
  - Measures used to promote the licensing objectives (for example, any relevant conditions to control noise, dispersal, litter and other anti-social issues.
- 19.8 This Policy will be strictly applied and where relevant representations are received it is the view of the Council that the application will be refused. Applicants will need to demonstrate that there are exceptional circumstances and that granting their application will not negatively add to the cumulative effect on the Licensing Objectives within the Brick Lane and Bethnal Green CIZ if they wish to rebut this presumption.

Examples of factors the Licensing Authority may consider as exceptional may include, though are not limited to:

- small premises with a capacity of fifty persons or less who only intend to operate during Framework Hours,
- premises which are not alcohol led and operate only within Framework Hours, such as coffee shops,

 instances where the applicant has recently surrendered a licence for another premises of a similar size and providing similar licensable activities in the same Special Policy Area.

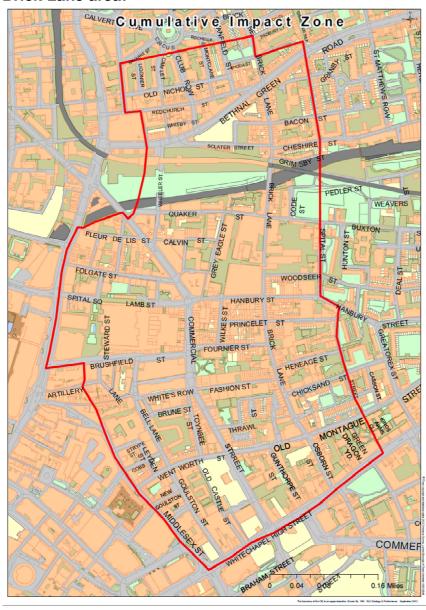

Examples of factors the Licensing Authority will **not** consider as exceptional include:

- that the premises will be well managed and run,
- that the premises will be constructed to a high standard,
- that the applicant operates similar premises elsewhere without complaint.
- 19.9 The Special Cumulative Impact policy will not be used to revoke an existing licence or certificate and will not be applicable during the review of existing licences.
